PRESIDENT'S MESSAGE

**No
Child
Left
Behind**

**By Paul Breit, President
CIF-SS Executive Committee**

I would like to welcome everyone back. I hope you had an enjoyable summer. I had the pleasure of attending the NFHS Summer meeting. There were a myriad of topics discussed; however, No Child Left Behind (NCLB) dominated the meeting both formally and informally.

Some cities and states with large Title I populations are already familiar with the legislation. However, many states are just becoming acquainted with the impact of "highly qualified teachers", "under performing schools", "API", "AYP", etc. on their identified under-achieving students. Students identified as under performing are required to take intervention classes in-lieu of electives, Physical Education, and before or after school tutorial classes. One of the effects of NCLB is that students are being allowed to transfer from high schools identified as under performing to other high schools that are not identified as under performing. This procedure is beginning to have a significant impact on athletic programs and will continue to expand. Last spring the CIF amended its by-laws to restrict eligibility for student-athletes transferring under NCLB. I would encourage all athletic administrators and principals to be fully aware of this provision of NCLB. It is vital that both the sending and receiving schools counsel parents on athletic eligibility who are requesting a transfer under NCLB for their child. It is imperative that parents have all of the facts BEFORE finalizing a transfer.

As many years as I have been affiliated with athletics, I still continue to review our by-laws and still call the office for clarification. I would encourage every athletic administrator and/or principal, to review the CIF-SS Blue Book especially in the areas of eligibility, transfer, season of sport, association rule, and the specific sports. In addition, I also encourage schools to review their League Constitution with their coaches. I would extend an invitation by the CIF office or your Executive Committee area representative. See **PRESIDENT** page 23.

SOUTHERN SECTION SCHOOLS SUPPORT BUSINESS PARTNERSHIPS PROGRAM

As your school's administrator assigned to CIF duties, the last thing you want to hear is that you need to do one more thing. Well, yes there is something and it does effect your school.

The Southern Section Business Partner (sponsor) agreements generate 3 times the revenue each year that school dues provide. Simple math would thus figure that without our business partners each school could expect to see their annual dues triple.

Here are four fairly simple and painless ways you can directly add to our sponsor efforts:

1. **Sponsor Logo Slick:** Provided in the Fall Packet and on the new forms CD, please include this one page thank you to our sponsors in your football, basketball and other sport programs. And, be sure to send us a copy so we can forward to our partners.
2. **Toyota Championships Banner:** By displaying this banner – provided each of the last two years – at your football games and then in your gymnasium the rest of the year, you enable us to continue our relationship with the State's single largest supporter of high school sports.
3. **Playoff PA Announcements:** Please reinforce the need to read the required announcements at each home playoff game your school hosts. We get several calls a year from sponsors who go to games at some schools and never hear their announcements.
4. **Business Opportunity:** With partners like Sport Chalet, Pepsi, Herff Jones and Gatorade, we ask that you give them a chance to compete for your business each year.

That's it. Four simple steps that will continue to help avoid the first dues increase in 17 years!

Thanks for your assistance.

OFFICIAL BALLS FOR 2004

As we begin a new year, you are reminded that the Southern Section mandatory ball policy continues again this year.

The new program implemented last year experienced a good deal of success with less than a dozen teams failing to provide the correct ball during all of the winter and spring sport playoffs in 2003.

You are reminded that failure to use the correct ball in playoff games will result in your team having their next home game opportunity removed. In the event that a home game penalty cannot be assessed, due to elimination prior to their next home opportunity, the penalty does carry over to the next season.

COMMISSIONER'S CORNER

Releaguings & Hazing

By James Staunton, Ed.D.
CIF-SS Commissioner of Athletics

Re-leaguings is a daunting job; thank heavens it happens on a four-year cycle. It is a process guaranteed to make a lot of schools upset, in some cases understandably so. Since our last cycle that concluded in 2002 we've seen a number of schools shift leagues. That is permissible by Blue Book. It requires the unanimous agreement of all schools in the league to be released. In order to join a new league, schools must unanimously agree to accept the new member.

We recently dealt with several schools that agreed to form a new league that wasn't in existence at the end of the last cycle.

The request for new league status came because of confusion over the Q&A in Article 3 that states, "Mid-cycle changes must have unanimous approval of all affected schools."

The intent of that language is to provide relief to any school that wishes, by unanimous consent of the members of their league, to either join another league or to go to freelance status.

In order to avoid confusion in the future we have included new language in the 2003-2004 Blue Book. We want all member schools to know that the formation of new leagues mid-cycle is not the intent of our rules. Please have a look at page 44 of this year's edition for the clarification.

Hazing - It is that time of year on our campuses that athletes begin the process of making friends, bonding and becoming part of a team. Unfortunately for some students, gaining acceptance to the squad means humiliation and degradation. Commonly called hazing, this process consists of rites, rituals or off-the-cuff exercises in which students are embarrassed, physically humiliated, verbally assaulted or made to act as servants to one or more members of the team.

See COMMISSIONER page 23.

FISCHER, McCOLL SELECTED CIF SCHOLAR-ATHLETES OF THE YEAR

Barry Fischer of Campolindo High School and Meridith McColl from Capistrano Valley High School have been selected as the 2003 CIF Scholar-Athletes of the Year.

The scholarship award, established in 1982, recognizes athletes who excel in the classroom, in athletics and are strong contributors to their schools and communities.

Both students were honored at the State Capitol in Sacramento on Thursday, June 19. In addition, they will receive a \$2000 scholarship to the college/university of their choice. Nominations for the prestigious award are received from the 1323 high schools that make up CIF membership.

"I am constantly encouraged by the young people in our schools and our two scholar-athletes are another reaffirmation of the great potential the future holds," said CIF

Executive Director Marie Ishida. "I wish to personally congratulate all the nominees. We, once again, had an excellent group of scholar-athletes."

Fischer competes in cross country and track and field at Campolindo High School. He placed second individually this fall in the CIF State Cross Country Championships with a time of 15:32 in division III. He is team captain in cross country and track and field, Fischer is also a member of Campolindo's Symphonic Band and Pep Band. He works with Bay Area refugees (adult and youth) as an English as a Second Language (ESL)/life skills tutor and is an eighth grade drug/alcohol youth counselor. Additionally, he coaches boys' basketball at a middle school.

Fischer is a National Merit Commended Scholar, a Golden State Scholar, and the pending Valedictorian for the class of 2003 at Campolindo. He scored 1470 on the SAT

and has an overall grade point average of 4.31.

McColl has competed in water polo, swimming and volleyball at Capistrano Valley High School. In addition, she competes in club volleyball, water polo and swimming. A U.S. Water Polo Junior Olympics All-American, McColl was her team Most Valuable Player as a junior and currently serves as team captain.

She co-founded the Capistrano Valley High School Yellow Ribbon Club, which promotes prevention and awareness of adolescent suicide. In addition, McColl has worked with the Mission Integrale/Floresta project in Oaxaca, Mexico and has volunteered for Special Education dances and Special Olympics. A National Merit Scholar Commandant and a Golden State Scholar in algebra, biology, English and written composition, McColl has a 4.6 grade point average and a 1490 score on the SAT.

NFHS, GATORADE ENTER PARTNERSHIP

The National Federation of State High School Associations (NFHS) and Gatorade, the nation's leading sports drink, have announced a three-year partnership to support the NFHS Coaches Education Program, and to develop and distribute educational materials on health and nutrition.

As a part of the partnership, Gatorade will provide support to NFHS member state associations for instructor training and coaching scholarships. The NFHS Coaches Education Program, which is the largest coaching education program in the United States, is currently implemented in 35 states. The goal is to reach all 50 states plus the District of Columbia through this assistance from Gatorade.

"We are extremely excited about this relationship as both organizations are educational in nature," said Robert F. Kanaby, NFHS executive director. "Gatorade has a long history in working with high

schools, and it has many nutrition and hydration experts in its Gatorade Sports Science Institute (GSSI). This relationship will give us access to their resources and improve the level of coaching education nationally."

"This partnership makes so much sense for Gatorade and the NFHS because our organizations share similar goals when it comes to high school athletics," said Tom Fox, senior vice president of Gatorade sports and event marketing. "We have the utmost respect for the NFHS and its role in helping minimizing risk for student-athletes on the field of play. By joining forces, we can assist the NFHS in achieving its goal of educating a greater number of coaches on critical nutrition and health issues."

Gatorade Thirst Quencher is the official sports beverage of many national athletic organizations, including the National Football See **NFHS, GATORADE** page 23.

SYNOPSIS OF CHANGES TO 2003-2004 BLUE BOOK

The following is designed for the benefit and convenience of athletic administrators and coaches in an effort to provide a capsule summary of the changes in the State CIF and Southern Section Constitution and Bylaws. These changes have been enacted by the State CIF Federated Council and the Southern Section Council throughout the course of the 2002-2003 school year.

STATE REVISIONS

Rule 22: Added requirements to conditions of membership.

Rule 44: State CIF and Section appeals hearings involving student eligibility and playoffs are not subject to the Brown Act.

Rule 100: New amendments to the bylaws must be approved by a majority of Federated Council votes and must have the support of more than sixty percent (60%) of the CIF Sections.

Rule 101: Added a timeline for Federated Council reconsideration of a new bylaw amendment.

Rule 104: Weighted Voting; Total number for Federated Council votes increased from 123 to 126. The number of votes for each section will be determined every year in the spring and any adjustments will take effect in the first regular meeting of the following year.

Rule 105: State CIF and Section appeal hearings involving student eligibility and playoffs are not subject to the Brown Act.

Rule 204: Added failure to pass the California High School Exit Exam shall not be considered a hardship.

Rule 2007: Requires leagues, through their bylaws, to develop procedures for entering their golfers into Section Divisionals.

Rule 3015: Changes maximum of two contests in one day to three contests in one day.

RULE REVIEW

**Physicals,
Association,
Bats,
Eligibility**

**By Karen Hellyer
CIF-SS Assistant Commissioner**

As we begin a new school year it is important to note a few Blue Book and NFHS rule changes for the 2003-04 sports year. The following is a quick synopsis of a few of those changes. Changes are in italics:

Blue Book Rule 307 (formerly rule 306) deals with physical examinations. The new rule states:

As a condition of membership, schools will require that an annual physical examination on a school board approved form which includes a health history or a statement by a medical practitioner on a school board approved form certifying that the student is physically fit to participate in athletics is required before a student may try out, practice or participate in interscholastic athletic competition. A student will be excused from this physical examination provided there is compliance with the Education Code provisions concerning Parents' Refusal to Consent. The CIF Health and Safety Committee strongly recommends that districts use the Pre-Participation Physical Examination form that has been endorsed by five major medical societies: American Academy of Family Physicians; American Academy of Pediatrics; American Medical Society for Sports Medicine; American Orthopedic Sports Medicine; and the American Osteopathic Academy of Sports Medicine. All CIF schools must use Board Approved forms by the 2004-05 school year (A copy of these approved forms may be found in our office).

Volleyball Rally Scoring effective 2003-04 season: Rally scoring has been adopted by the State CIF for all varsity games to be played to 25 points with the fifth and deciding game to be played to 15.

This includes :

- A. All State Volleyball playoffs.
- B. All Southern Section, non league, tournament & league and playoff games.
- C. All lower levels (sub varsity) i.e., JV/ frosh-soph will play 2 of 3 to 25 points with the third game to 15 points for all non league, tournament & league.

LOYOLA AND SANTA MARGARITA CLAIM TITLES IN TWELVETH ANNUAL COMMISSIONER'S CUP

The CIF Southern Section is pleased to announce the top ten girls and boys athletic programs in the Second Annual Commissioner's Cup in the 11th year of honoring the top boys and girls programs (the program used to be called Cavalcade of Champions).

On the girl's side, Santa Margarita took top honors scoring 17 points on the strength of five finals appearances. The Eagles made the title game in the sports of volleyball, cross-country, basketball, water polo and track and field. Santa Margarita also claimed a third place finish in swimming and diving. Oaks Christian was second tallying up 16 points, with championships in basketball, soccer and softball. Rounding out the top three was Corona del Mar. The Sea Queens scored 13 points based on a championship in water polo and a runner-up finish in swimming and diving.

Loyola claimed an incredible four titles on their way to taking the boy's title. The Cubs scored 22 points, winning CIF-SS titles in cross-country, basketball, volleyball and track and field. Loyola was also a semifinalist in football. Second place went to Los Alamitos with 15 points. They edged out Los Altos (also with 15 points) due to a tiebreaker formula. The Griffins won a championship in football. Additionally, Los Alamitos was a runner-up in water polo and track and field. The No. 3 spot goes to Los Altos. The Conquerors won CIF-SS crowns in football and swimming and diving. Los Altos' water polo team finished second and its basketball team took third.

The CIF-SS developed this recognition program based upon comprehensive excellence in interscholastic competition. The purpose of this program is to enhance the spirit of competition, sportsmanship,

and goodwill among the student athletes and member schools.

The winners are determined by a point system that provides: five points for a divisional championship; three points for a divisional runner-up finish; two points for advancing to the semifinal round or a third place finish in a team place-finish sport (i.e. cross country, golf, swimming and diving, and track and field); and one point for a fourth place finish in a team place-finish sport. In cases where a tie occurs for 10th place, total team-sport playoff appearances will be used to determine the top ten schools.

"The CIF-SS would like to congratulate these outstanding programs for their championship performances," said Dr. Jim Staunton, CIF-SS Commissioner of Athletics. "They all have a lot to be proud of through their accomplishments and those of their entire athletic programs."

NFHS TEAMS UP WITH SPECIAL OLYMPICS

On October 25, 2003, millions of high school students across the nation will have the opportunity to participate in Make the Point! Special Olympics, a basketball fundraiser to benefit participating schools and Special Olympics.

The alliance between the National Federation of State High School Associations (NFHS) and Special Olympics brings together two organizations dedicated to empowering individuals to be respected, contributing members of society through their involvement in sports.

The Make the Point! event on October 25 will conclude the 24th annual celebration of National High School Activities Week (October 19-25), which was created by the NFHS in 1980 to increase the public's

awareness of the values of and need for interscholastic activity programs. Special Olympics and the NFHS are challenging students across America to solicit donations from friends and family, based on the number of free throws they believe they can attempt in a given time period. On event day, participating students will gather in their school gymnasiums, turn in the money they raised, and shoot their promised free throws.

As an added bonus, each participating school will receive 10 percent of the revenue it raises through Make the Point!

"By partnering with Special Olympics, we believe we have the unprecedented opportunity to further infuse two of our core values – respect for self and respect for others – to

high school students," said NFHS Executive Director Robert F. Kanaby. "Make the Point! for Special Olympics gives our youth a tangible way to promote good citizenship in their schools, and, most importantly, it awards students on a personal level, knowing they will truly inspire greatness in Special Olympics athletes."

"We are grateful for NFHS' commitment," said Timothy P. Shriver, President and CEO of Special Olympics, "and encourage America's youth to lead our nation and its future generations in the pursuit of empowerment, acceptance and inclusion for all individuals. Together, we all can Make the Point! for Special Olympics."

LONG BEACH POLY CLAIMS TITLE AT 2003 CIF STATE TRACK AND FIELD CHAMPIONSHIPS

Long Beach Poly took their seventh title in 11 years at the 2003 Girls CIF State Track and Field Championships, held on June 6 and 7 at Falcon Stadium on the campus of Cerritos College. The Jackrabbits edged perennial CIF-SS power, Long Beach Wilson, to claim the crown, 62-42.

The Poly girl's team swept the relays with wins in the 4x100 (45.04) and 4x400 (3:35.78). The Jackrabbit's lone individual winner was Jasmine Lee in the 400-meter dash (53.17). Wilson had two individual winners in the 800-meter dash with Ashley Freeman (2:08.86) and MacKenzie Hill in the 300-meter hurdles (41.31).

On the boy's side, Helix of San Diego claimed its first state championship by a score of 23.5-18 over Long Beach Poly. High-

lighting the action for Poly was the Jackrabbits 4x400 meter relay team, which claimed the race title in a time of 3:14.35.

Other Southern Section highlights were titles in the girls 100 (11.29) and 200 (22.52) meter by Allyson Felix of L.A. Baptist. A 100 meter hurdles victory by Ashlee Brown of J.W. North (13.58); a victory in girls high jump by Sharon Day of Costa Mesa (5-10); and a title in the discus by Billie Jo Grant of Arroyo Grande (174-04).

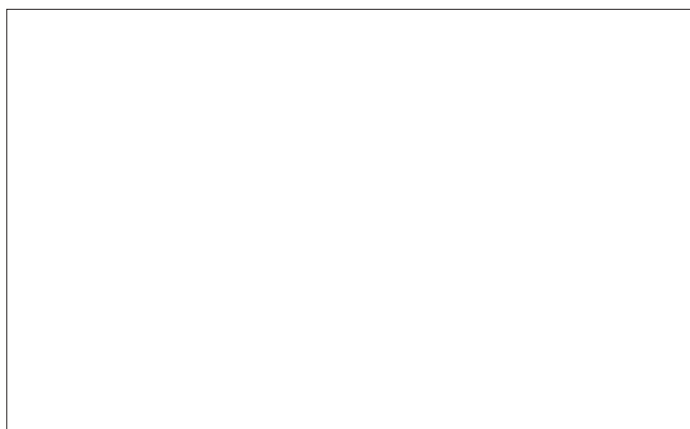

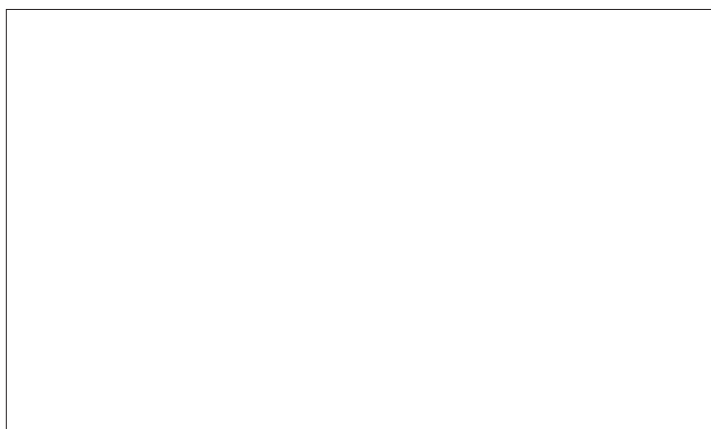

On the boys side, outstanding efforts were turned in by Lionel Larry of Dominguez in the 200m (20.97); Duane Solomon of Cabrillo in the 800m (1:49.79); Phillip Reid of Rio Mesa in the 1,600m (4:08.49); and Rudy Burgess of Desert in the triple jump (50-04.25).

CIF-SS, DODGERS AND TOYOTA "SHAKE FOR SPORTSMANSHIP" PROGRAM IN ITS 21ST YEAR

Recognized as perhaps the most positive of all CIF Southern Section, the 21st annual "Kenny Fagans Shake for Sportsmanship" Awards were presented to representatives of selected member schools at Dodger Stadium on April 16. The award has been renamed in honor of Kenny Fagans, former Southern Section Commissioner. Once again, the program was able to take place due to the generous co-sponsorship of the Los Angeles Dodgers and Toyota.

"I want to commend the Dodgers and Toyota for their outstanding efforts in the 'Shake for Sportsmanship' Awards Program," said Dr. Jim Staunton, CIF-SS Commissioner of Athletics. "Sportsmanship is one of the most important aspects of interscholastic athletics and something our member schools are continuously striving for."

The Kenny Fagans/Toyota Shake for Sportsmanship program provides recognition for schools singled out by a vote of their peers — the members of their respective leagues — for outstanding sportsmanlike conduct throughout the school year.

Each of the winning schools was presented with plaques provided by Toyota in a ceremony prior to the Dodgers-San Diego Padres game.

Although each league is free to establish its own criteria for the determination of the winning school, the CIF Southern Section has provided the following suggestions: student body participation; enthusiasm; behavior at home and away games; treatment of opponents; and treatment of officials. Recommendations also call for judg-

ing to be based on the actions of band members, drill teams, pep squads, cheerleaders, and student rooting sections, in addition to the competing athletes.

The awards program also includes the CIF Los Angeles City Section, which singled out representative schools of 10 conferences to receive the award. All told, the program encompasses the athletic programs of over 550 Central and Southern California high schools.

"The CIF Southern Section appreciates being associated with this most outstanding program," added Staunton. "The award-winning schools are to be commended for the direction provided by their administrative and coaching staffs and especially for the positive actions of their student body memberships."

NFHS REITERATES WARNING ABOUT SUPPLEMENT USE

In light of the recent death of Baltimore Orioles pitching prospect Steve Bechler, the National Federation of State High School Associations (NFHS) once again urges high school athletes and their parents to consult with their physicians before using any supplement, particularly any containing the potentially harmful ingredient ephedrine, which has been linked to heatstroke and heart trouble and was in a dietary supplement that Bechler was taking.

"While all the details on Bechler's death are not complete at this time, it is a fact that he was taking a supplement with ephedrine, and we know that ephedrine has been linked to heatstroke," said Robert F. Kanaby, NFHS executive director. "There is no possible positive reason for taking supplements that would justify their use when weighed against this tragedy."

Last November, in response to an increasing concern about the use of supplements by student-athletes at the high school level, the NFHS re-emphasized its original 1998 position against improper use of supplements that are unregulated by the Food and Drug Administration and which contain harmful ingredients such as creatine, ephedrine or excessive amounts of caffeine.

In 1998, the NFHS issued a position statement on the use of drugs, medications and supplements by participants in interscholastic sports. In light of Bechler's death and with current empirical data indicating continued widespread use of such products by persons of high school age, the NFHS, through its Sports Medicine Advisory Committee, reminds leaders in the nation's 18,000 high schools of the key points of that statement:

"All student-athletes and their parents/guardians should consult with their physicians before taking any supplement product. In addition, coaches and school staff should not recommend or supply any supplement product to student-athletes."

The statement was issued at the request of the NFHS Sports Medicine Advisory Committee and was intended to serve as a strongly worded warning to student-athletes, parents and school officials. The warning reminded all interested parties that medications, supplements and consumables purporting to enhance strength and/or endurance should be ingested, if at all, only in accordance with applicable laws, manufacturer's dosage limits and the advice of one's own health-care provider.

In the earlier statement, Jerry Diehl, NFHS assistant director and staff liaison to the Sports Medicine Advisory Committee, said, "Because of the reported high level of supplement usage by teenagers, the NFHS is asking that its warning be given increased emphasis by all interested parties."

"Certainly, if we were concerned about the use of supplements by high school student-athletes last November, we are very concerned now as a result of Bechler's tragic death," Kanaby said. "I would urge the nation's high school athletic directors and coaches to make sure that none of their student-athletes are using these potentially harmful supplements."

The NFHS, which is the national administrative and service organization for high school sports and fine arts programs in speech, debate, music and theatre, last year published the second of edition of the NFHS Sports Medicine Handbook, a 96-page publication that contains information on supplements, as well as many other medical, equipment and administrative issues. The Sports Medicine Handbook, which sells for \$14.95, plus shipping and handling, can be purchased by contacting NFHS customer service at 800-776-3462.

sentative to attend league meetings to review the rules and answer any questions that may arise. Too many times problems have arisen because a coach or school was not aware of a particular rule. One of the goals of the CIF office is to prevent rule violations by properly informing the schools and coaches. The vast majority of rule infractions could probably be eliminated by high schools if coaches and athletic administrators would be certain that they understand and apply the CIF rules correctly. If you have a question or need clarification, the Commissioner and Assistant Commissioners are more than willing to provide you with an appropriate interpretation. Please contact the office if you would like to have someone attend one of your league meetings. We want to continue to be of assistance to you.

The State CIF, as well as the Southern Section, will continue to diligently enforce "Pursuing Victory With Honor. Sportsmanship, on and off the field, is essential for interscholastic athletics to continue to enjoy its success. We have an obligation to our student-athletes to require and exhibit appropriate behavior. I am optimistic that we will have another great year, but more important, is the impact that each of you has on your students, can have a life long effect on them. You are one of their role models and heroes. Have a great year and continue doing your excellent work.

EXECUTIVE MINUTES

On its surface, many rituals appear harmless: in its more benign state, even funny. How many times have we seen our cheerleaders wearing their pajamas to school or wear gaudy make-up?

The problem is that some hazing rituals are taken too far and students suffer physical or psychological harm. Witness the "powder puff" football game at Glenbrook North High School in Illinois. Young women were covered in paint and excrement. They were humiliated publicly and several were injured. As you might guess, alcohol was involved. When the whole incident came to light the only defense the students could offer was that it was a tradition at the school. Several expulsions and lawsuits later the school is still reeling from the incident.

Alfred University in New York has extensively studied hazing and found that at the college level 79% of athletes nationally are hazed. Using Alfred University's definition 60% of the hazing rites were classified as questionable, alcohol-related or unacceptable. The definitions included practices such as being yelled at, or sworn at, wearing embarrassing clothing, consuming disgusting concoctions; sleep deprivation and body piercing, tattooing or head shaving. In the more extreme hazing included, kidnapping or abandonment, harassment, destroying or stealing property, being tied up, taped, whipped, kicked or beaten. In some cases it included engaging in or simulating sexual acts. I don't believe that it is too much of a stretch to think that our high school students are mimicking their older counterparts. If they do, they pose a liability to your school.

School administrators need to be aware of what is happening on their campuses and determine if there are any practices among teams that could be considered harmful. Make it clear that hazing is unacceptable.

RULE REVIEW

(Continued from page 8)

A new definition of banned Softball bats has been added. A banned bat is now defined as, "a bat that no longer meets the ASA specifications and has been placed on the banned bat list (www.asasoftball.com). A banned bat may be used in the game if it is returned to the manufacturer and subsequently bears the recertification mark."

Also, a couple of rules have not changed, but should be reiterated to both veteran coaches and walk-on coaches as well. First, the Association Rule states that, "No member of the school athletic staff shall organize, sponsor or coach a team outside the season of sport, during the school year, in which students with remaining eligibility at that school are participating."

Finally, as you begin the season do not forget about the ball rule for playoffs. Each CIF-SS Championship Playoff has a required ball that must be used for that particular playoff season. For a complete list of required balls for the 2003-04 playoff year in each sport, please see the marketing column in this edition of the *CIF-SS Bulletin* on page 3.

Don't forget that eligibility workshops will be available in the fall. Stay tuned for exact dates, places and times. Another great year has come upon us and I know I speak on behalf of the entire CIF-SS Office when I wish you and your school the best year possible and, as always, should you have any questions please do not hesitate to call the office.
