## PRESIDENT'S MESSAGE

WHO  
ARE  
"WE"?

By Dr. John Dahlem, President  
CIF-SS Executive Committee

The CIF Southern Section is the largest of ten sections in the state of California, which range in size from six member schools in the Oakland Section to 553 schools in the CIF-SS. We are also the largest athletic organization in the United States that operates under the governance of the National Federation of State High School Associations (NFHS). We all can be proud of our size and organization that serves close to 300,000 student-athletes. We have 83 leagues in locations from Lee Vining in the North, Avalon to the South, Morro Bay to the West and Twentynine Palms in the East. There are 10 counties in the CIF-SS, 171,200 square miles and 230 cities. Our schools range in size from almost 5,000 to under 15 students. Some of our schools are located within a few street blocks of each other while some have to travel over 360 miles for a league game. The favorite school colors are blue and gold and the most popular mascot...the Eagles. We have a school with an Earwig as a mascot and one with colors of salmon and teal. The CIF-SS membership also includes special education schools, a school for the deaf, schools for the arts, American Indian schools, and schools with incarcerated students. Sixty percent of the schools are public and forty percent are private or parochial. There are 20 all boys schools and 25 all girls schools along with 19 boarding schools. We have 8,000 coaches and 6,000 officials to cover 23 sports for boys and girls with an estimated half million athletic contests. The CIF office awards over 95,000 certificates, trophies, patches and medals for championship events.

All of this is done with the main CIF-SS mission in mind of preparing student-athletes to practice ethical behavior including fair play, integrity and obedience to rules.

**THE CIF-SS IS "YOU", THE DEDICATED STUDENT-ATHLETE, COACH, VOLUNTEER, OFFICIAL, PARENT, ADMINISTRATOR, COMMUNITY MEMBER AND DEDICATED OFFICE STAFF THAT MAKE ATHLETIC COMPETITION POSSIBLE.**

## SOUTHERN SECTION MARKETING UPDATE

## REMEMBER TO DO YOUR PART: SUPPORT BUSINESS PARTNERSHIPS PROGRAM

As we begin another year of strong support from our Business Partners, we'd like to remind our athletic director's and event manager's of the important methods our schools can use to support the nearly \$500,000 in revenue producing relationships.

Here are a few ways you can support our efforts:

- 1. TOYOTA Championship Banner:** *Required at all post-season football and basketball games hosted by your school, you are asked to display the banner the entire football season and then throughout the rest of the school year in your gymnasium. Many of you have multiple banners from the first three years of our partnership with Toyota and an additional banner will be distributed on Football Pairings Day in November.*
- 2. Sponsor logo slick:** *Once again provided on the forms disk in your fall package, please include this one page "thank you" to our sponsors in your football, basketball and other programs.*
- 3. Playoff PA Announcements:** *Required at ALL post-season events hosted by your school, this is a very valuable tool that helps justify our sponsorships. Please ensure they are read in entirety at each playoff event.*
- 4. Gatorade jugs at post-season games:** *Only Gatorade jugs or jugs with no advertising may be utilized at CIF Southern Section playoff events. Your assistance with compliance to this requirement is appreciated and needed.*
- 5. Business Opportunities:** *When you are seeking quotes or new relationships, please keep our business partners – Sport Chalet/Bassco Team Sales, Gatorade beverages, Neff Patches and Banners – in mind and give them a shot to earn your business. And remember to say why you thought to give them a call!*

Thanks once again for your assistance. This year we once again have twelve returning business partners, including five renewals to previous agreements. Your support works as we continue to generate revenues three-times greater than the annual school dues raise.

### BASSCO becomes division of SPORT CHALET

Sport Chalet, the official sporting good dealer of the Southern Section, announced on August 2<sup>nd</sup> that they had acquired long-time regional team sporting goods provider Bassco. The Van Nuys based team dealer will allow Sport Chalet to greatly enhance their team sales service by adding Bassco's one-location production and distribution strength to their efforts. Sport Chalet's regional team sales force will continue to service the Southern Section team needs but with a greatly enhance service ability.

Welcome aboard to Bassco, the teams sales division of Sport Chalet.

### OFFICIAL BALLS FOR 2005

## COMMISSIONER'S CORNER

Champions  
for  
Character

By James Staunton, Ed.D.  
CIF-SS Commissioner of Athletics

Just four short years ago Southern Section joined the State Office and the Josephson Institute to create Pursuing Victory with Honor. Since it was introduced, school Boards have adopted its principles, leagues have recognized athletes who are exemplary in their sportsmanship, officials have embraced it and we have seen fewer ejection reports in the office. Most importantly, principles of sportsmanship, ethical behavior and honesty are back where they belong in high school athletics.

We still have a long way to go. Making cultural change is difficult and takes time. The market forces at work in the athletic world still seduce parents and athletes into questionable behavior. While referee reports are down, we still have work to do in teaching athletes how to behave on our fields and in our gyms.

Your Ethics in Sports Committee realized that talking about sportsmanship was only half of the process. The Section needed to recognize those athletes who, day in and day out did their best to play within the rules and treat each other with respect. As a result of considerable work, more than a few donations and more time than we could log, we proudly announce "Champions for Character" a celebration of what is best in high school sport. On the occasion of our first Council meeting this October, we will host a luncheon celebration honoring people we admire for their commitment to Pursuing Victory with Honor. Eighteen athletes, 10 officials, 9 administrators and a member of the media will be recognized in front of their friends, peers and school leaders. We plan to move into the Presidential room after Council to enjoy entertainment and camaraderie as we hear about what constitutes the best in sport.

My profound thanks to our Executive Committee for its commitment to Pursuing Victory with Honor; to the Ethics in Sports

## JOHNSON AND BEAL SELECTED CIF SCHOLAR-ATHLETES OF THE YEAR

Whitney Johnson from South Bakersfield High School and Danny Beal of Dos Pueblos (Goleta) High School have been selected as the 2004 CIF Scholar-Athletes of the Year. The scholarship award, established in 1982, recognizes student-athletes who excel in the classroom, in athletics and are strong contributors to their schools and communities.

Both students will be honored at the State Capitol in Sacramento on Thursday, June 24. In addition, they will receive a \$2,000 scholarship to the college/university of their choice. Nominations for the prestigious award are received from the 1,350+ high schools that make up the CIF membership.

"I am constantly encouraged by the young people in our schools and our two scholar-athletes are another reaffirmation of the great potential the future holds," said CIF Executive Director Marie Ishida. "I wish to personally congratulate all the nominees. We, once again, had an excellent group of scholar-athletes."

Beal has been a member of the varsity swim team for four years at Dos Pueblos High School in Goleta. This year he qualified for the U.S. Nationals in five events and was a finalist in the 200 Fly. He also is a captain of the U.S. Junior National Team and has been named a NISCA All-American in numerous events throughout his high school career.

He is a National Merit finalist, and has been a four-year member of the National Honor Society and the California Scholarship Federation. In the GSE's, he received High Honors in Geometry and Honors in Algebra, Biology and Physics. He has volunteered for Habitat for Humanity, at Goleta Presbyterian Church and for the Beautify Dos Pueblos campaign.

Beal has been in the Governor's Scholarship Program for two years and ranks 17th in his class of 503 students. He scored 1520 on the SAT and has an overall grade-point average of 4.65.

Johnson competed in track & field, basketball and volleyball at South Bakersfield High School. She has been captain and earned All-League honors in each sport and is a state qualifier in track and field. The Senior Class Vice President, Johnson also served as President of the Leo's Club, Varsity Athletes Club and the Bicentennial Club. She is listed in Who's Who Among American High School Students.

She is involved in a number of academically driven organizations on campus including AP Club; Teen City Government; Math, Engineering, Science Achievement Program and the National Honor Society. She has been named by the school as a Scholar-Athlete during every sport season throughout her high school career.

Johnson, a USAA National Leadership Merit Award winner who ranks third in her class of 562 students, has a 4.35 grade-point average and 1170 score on the SAT. She will attend UC San Diego in the fall

## NFHS DEFINES A BALK FOR HIGH SCHOOL BASEBALL

At its annual meeting in Indianapolis, Indiana, on June 18-19, the National Federation of High School Association (NFHS) Baseball Rules Committee defined what is a balk and what is not for high school baseball pitcher.

Rule 6-1-1 was revised to specify when a baseball pitcher can turn his shoulders toward base runners while on the mound. It is now legal for a pitcher to turn his shoulders to check a runner if he is in the set position and in contact with the pitcher's plate. However, if the pitcher turns his shoulders in the windup position to check a runner, it is a balk. Turning the shoulders after bringing the hands together during or after the stretch is also a balk.

"The use of the shoulder turn while in the set position does not afford the pitcher an advantage," said B. Elliot Hopkins, NFHS assistant director and liaison to the NFHS Baseball Rules Committee. "The prohibition of such actually creates a disadvantage."

In other changes, Rule 1-4-6 states that players now have the option of wearing batting helmets equipped with attached facemasks or guards. Regardless of whether the mask is produced with the helmet or attached after the helmet is manufactured, all attached facemasks or guards must meet NOCSAE standards at the time of the mask's attachment.

"NOCSAE recently developed a standard for facemasks and guards, and the committee felt it would be prudent to incorporate that new standard into our existing rule," said NFHS Baseball Rules Committee Chairman Greg Brewer.

The committee also modified rules pertaining to coaches uniforms. Rule 3-2-1 was changed to state that a coach who is not in his or her team's uniform shall be restricted to the bench or dugout and cannot enter the field unless one of his or her players is ill or injured. Along the same lines, any coach occupying the coach's box must be dressed in his or her team's uniform.

# SYNOPSIS OF CHANGES TO 2004-2005 BLUE BOOK

The following is designed for the benefit and convenience of athletic administrators and coaches in an effort to provide a capsule summary of the changes in the State CIF and Southern Section Constitution and Bylaws. These changes have been enacted by the State CIF Federated Council and the Southern Section Council throughout the course of the 2003-2004 school year.

## STATE REVISIONS

Rule 104D: Changes in weighted voting numbers.

Rule 204: Waiver of the Charge of a Semester of Attendance -- Revised the language, specifically relating to students who are in school beyond 8 semesters.

Rule 212: Updated the list of Approved Foreign Exchange Programs.

Rule 214C: Transfer Eligibility - Reformatted existing language.

Rule 223: Intra-District and Interdistrict Transfers -- Editorial Change.

Rule 302 B and C: Multi-School Team - Editorial Change.

Rule 305: Independent Study Programs -- Clarifies eligibility requirements for those programs.

Rule 307: Physical Examination -- Editorial Change.

Rule 309 B and C: Penalty/Sanctions for violations -- Added penalties for violations of Rule 309.

Rule 401: Violations in CIF Sponsored Competition -- Clarifies what constitute violations of the existing rule.

Rule 600: The entire 600 series has been revised. See below.

Rule 600F: Formerly Rule 602 (Spontaneous Recreational Activity).

Rule 600G: Formerly Rules 606-609 (Unattached Competition).

Rule 601: Formerly Rule 603 (Pan-American or Olympic Competition).

Rule 602: Formerly Rule 604 (Special Programs/Olympic Development Programs).

Rule 603: Formerly Rule 605 (International Competition).

Rule 604: Formerly Rule 610 (Intercollegiate Participation).

Rule 605: Formerly Rule 601 (Penalty for Violating Bylaw 600).

Rule 802: Student Award Limitations

Rule 1101.D(4): Dates, Deadlines for State CIF Student Eligibility Appeals -- Editorial Change.

Rule 1607: Basketball Mercy Rule.

Rule 1900: Football Age Requirement -- Clarifies the approval process for 14 year-olds to participate in varsity football.

## SECTION REVISIONS

Rule 23.2: Allows for a deadling of May 1, of the year preceding entry into the CIF Southern Section, for prospective new schools to submit their membership applications.

Criteria for Area Placement: Adds, "The school requesting placement in a different area must provide rationale based on the three criteria of enrollment, geography and competitive equity."

Rule 54.8: Provides for the Commissioner, with approval of the Administrative Committee of the Executive Committee, to act for the Southern Section Council during times of emergency.

Rule 70.51: Added School Board Representative to 70.51 exceptions to Bylaw 70.5.

Rule 150: Adds, "Schools should anticipate religious holidays, mandated testing schedules and finals schedules when constructing schedules and entering into athletic contracts."

Rule 201.3: Provides criteria to waive the 19 year-old rule.

Rule 1212.5 Officials' Fees: Replace current travel fee for officials with the zone mileage allowance currently used during the playoffs.

All Sports Sections: Deleted "For special circumstances or programs" from the Special Note in Summertime Rules.

Rule 1914.2: Allows the use of blocking dummies, bags and arm shields during the off-season physical education period.

Rule 2405.3: Allows for three soccer contests to be played in one day, provided the total minutes played does not exceed 150 minutes for that day.

# WHAT WE PERMIT WE PROMOTE

Last year we made passing mention of the problem of hazing in our schools and advised that school leaders attend to potential problems. After attending the National Federation meetings this summer, it is clear that, nation-wide, the problem is still a cause for concern. CIF Southern Section is concerned about hazing in athletic programs, but hazing can be found in all corners of our schools; from the band room to the weight room.

Hazing has been variously defined as any activity that requires new members (regardless of group) to "show subservience to older members of the group, lowering the self-esteem of newcomers". One high school defined hazing as "any action or situation which recklessly and intentionally endangers the mental or physical health of a student enrolled in a public school". This definition includes mention of hazing that is not overtly physical, but still damaging to the students mental well-being.

Hazing can include physical brutality, sleep deprivation, exposure to weather, and confinement in a restricted area or activities that subject student(s) to an unreasonable risk of harm. Some activities are clearly illegal and involve use of alcohol, drugs, noxious liquids or vile concoctions. Sometimes, in extreme instances, unsafe or illegal sexual practices are involved.

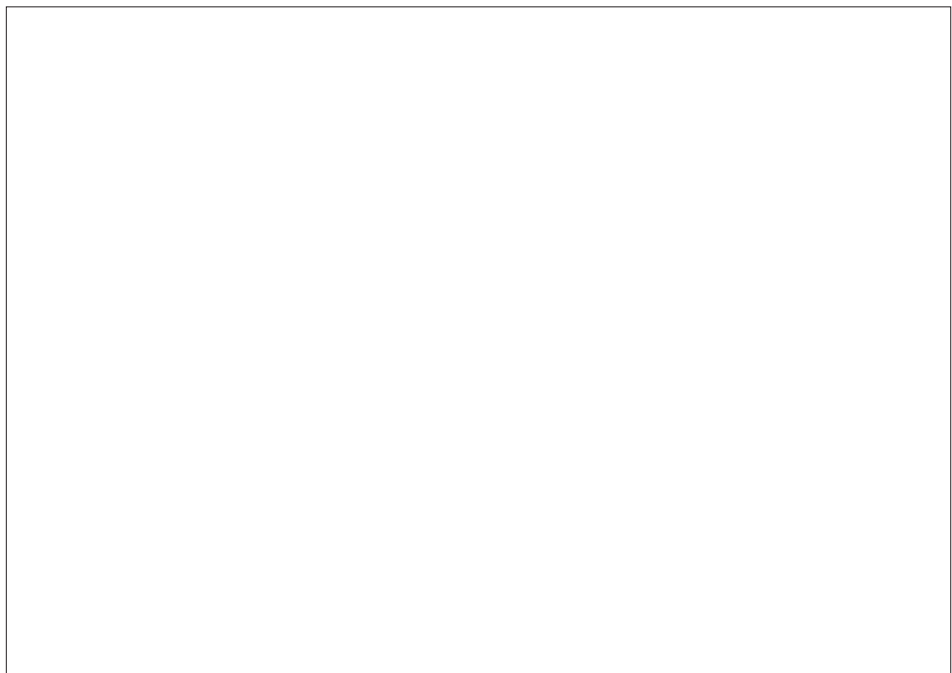

The inherent problem with hazing is that many of the practices appear harmless. Some coaches see them as "team

building" or good for morale. Many of us have participated in club initiations. We remember the feeling of acceptance after it is over. But let just one prank or activity go wrong and all the fun evaporates. School administrators are usually left with the aftermath.

What can we do? After all, kids are very inventive and each succeeding team that engages in hazing passes on the legacy to the next. Schools have to let students know that hazing is no longer permissible. We need to tell our communities that we can no longer accept humiliation as a right of passage or a passport into society. As our title suggests; what we permit, we promote. Michael Josephson uses this little phrase to remind us that we can't be passive in the face of an act that is unacceptable. This is especially true with adolescents. If we are inactive or inattentive, hazing will continue.

As we start the new school year, we must pay attention to the activities on campus. Adopt a policy on hazing and make sure that every coach and advisor is aware. Set consequences for students who haze or humiliate. Make it known that every student is valued and that participation on a team or in a club is not dependent on whether he/she has a high threshold of pain.

Setting up policies to address this issue will surely avoid problems later. If hazing is no longer permitted, it will no longer be promoted.

# OFFICIALS' WHISTLE

**Officials Preparedness**

**By Bill Agopian  
CIF-SS Officials Liaison**

As our fall sports teams get set to begin play, it becomes necessary to review the concepts of preparation, readiness, and teamwork. Just as teams prepare themselves for pre-season, league play and championship playoff rounds, sports officials who serve the CIF Southern Section similarly are working hard in anticipation of the kickoff, tip-off, liftoff, or whatever the field of endeavor may be.

Study group sessions, Unit planning meetings, rules tests and physical conditioning are all a part of the process officials use to be ready for play. Assignment coordinators and Area Liaisons have gathered schedules and maintained communication of game assignments with Athletic Directors and school personnel. Formal evaluation systems are in place to recognize and reward top level officials.

While there is no perfectly officiated or played game, it is the goal of the CIF Southern Section to provide high caliber officiating at all athletic contests.

While success on the field is measured by the final score, officials also have goals. Quality officials focus on providing fair play and equal balance between the offense and the defense. Officials are competitive but are trained to be the person in the middle, the one who cannot insert emotion into their decisions.

Whatever your sport is, starting the season off right is a priority. Officials want to do the same thing. Basic working relationships between officials and schools that foster positive communication and mutual respect make a better playing arena for coaches, athletes, and officials.

In recognizing the value of those officiating your games, keep in mind the things they have done to ready themselves for the season- your season!

# RULE REVIEW

## NEW WAYS TO COMMUNICATE

By Karen Hellyer  
CIF-SS Assistant Commissioner

Another summer has come and gone and it's time to get back to the task of preparing for another school year and sports season. With a new school year brings new ways of doing business. With that in mind here are some things to consider:

Technology - As you can see we've been very busy working with this voracious medium we call the Internet. I say voracious as the more we do something new to the site the more folks tell us we need to expand. So, to meet those needs and to cut down on ever increasing mailing costs, the web site is going to become a more primary tool of communication between the office and schools. We are modernizing the look and feel of the site so that more information is available at your finger tips. Some of the changes include:

1. Making sanctioned events, games wanted and coaches wanted easier to use, and...
  2. Addition of a list-serve program on the site so that anybody and everybody that would like to can receive the latest information on the happenings at the section without even asking, and...
  3. The new ability to utilize e-commerce on the site allowing individuals to order anything from rule books to t-shirts on the site, and...
  4. The inclusion of the record book and the Bluebook on the site. It will be provided as a pay service to all but our member schools and the media, and...
  5. The addition of a CD-Rom of the Bluebook, with the hard copy of the book itself for easy computer use, and...
  6. Every form required by the section on the site, and...
- Much, much more to come.

Rule Changes – There are a few rule changes for 2004-05 that you need to be aware of. The following is a brief synopsis of those rules:

1914.2 – Between the last interscholastic contest of a school and May 16, coaches See **RULE REVIEW** page 23.

## LOYOLA AND SANTA MARGARITA CLAIM TITLES IN THIRTEENTH ANNUAL COMMISSIONER'S CUP

The CIF Southern Section is pleased to announce the top ten girls and boys athletic programs in the Thirteenth Annual Commissioner's Cup (formerly known as the Cavalcade of Champions).

On the girls side, Corona del Mar took top honors scoring 20 points on the strength of four finals appearances. The Sea Queens made the finals in the sports of water polo, swimming and diving, volleyball and Cross Country. Corona del Mar also advanced to the semifinals in tennis and track and field. Ten of the Sea Queens points came from two titles. CDM claimed one title in water polo and the other in swimming and diving. Last season's champion took second in 2004. The Santa Margarita Eagles scored 14 points with titles in volleyball and cross country. Rounding out the top three was Mater Dei (by way of tie-breaker). The Monarchs added to their total with a championship in volleyball.

On the boy's side, Loyola followed up last years four titles with three more in 2004 on their way to a second consecutive cup title. The Cubs scored 23 points (one more than last season), winning CIF-SS titles in football, track and field and volleyball. Loyola also finished second in soccer and tennis. Loyola also claimed a third place finish in cross country. Perennial Cup favorite, Long Beach Poly, holds second place with championships in basketball and

track and field. The No. 3 spot goes to Esperanza. The Aztecs won two titles in 2004. Esperanza took home trophies in water polo and soccer.

The CIF-SS developed this recognition program based upon comprehensive excellence in interscholastic competition. The purpose of this program is to enhance the spirit of competition, sportsmanship, and goodwill among the student athletes and member schools.

The winners are determined by a point system that provides: five points for a divisional championship; three points for a divisional runner-up finish; two points for advancing to the semifinal round or a third place finish in a team-place finish sport (i.e. cross country, golf, swimming and diving, track and field); and one point for a fourth place finish in a team-place finish sport. In cases where a tie occurs for 10th place, total team-sport playoff appearances will be used to determine the top ten schools.

"The CIF-SS would like to congratulate these outstanding programs for their championship performances," said Dr. Jim Staunton, Commissioner of Athletics. "They all have a lot to be proud of through their accomplishments and those of their entire athletic programs."

# CIFSS/DODGERS CELEBRATE 22ND ANNUAL KENNETH FAGANS-TOYOTA "SHAKE FOR SPORTSMANSHIP" AWARDS PROGRAM

LOS ALAMITOS — The CIF Southern Section and Los Angeles City Section, once again, team up with the Los Angeles Dodgers and Toyota to present the 22nd Annual Kenneth Fagans-Toyota "Shake for Sportsmanship" Awards.

The awards ceremonies took place prior to the Dodgers-New York Mets game on Tuesday, April 27.

Award recipients are determined by the members of their respective leagues. Although participating leagues may establish their own criteria, the CIF offers the following guidelines for the selection process: participation, enthusiasm, behavior at home and away games, treatment of opponents and treatment of the contest officials. Judging is based not only on the student-athletes' conduct, but

also on the conduct of the school band members, drill teams, pep squads, cheerleaders and student-rooting sections.

The awards program also includes the Los Angeles City Section, which announced 10 conference winners. In all, the program will encompass nearly 610 CIF-member high schools in southern and central California.

"We are very proud of this most important program," said Dr. Jim Staunton, CIF-SS Commissioner of Athletics. "Schools receiving this award are to be commended for the direction provided by their administrative and coaching staffs, and especially for the positive action of their student body memberships. Shake for Sportsmanship goes hand-in-hand with

our Victory with Honor and Character Counts programs and we are extremely proud to be a part of it."

Each of the honored schools was presented with an attractive commemorative plaque, supplied by Toyota, for permanent display on campus.

"Speaking on behalf of both the Southern and L.A. City Sections, we wish to thank the Dodgers and Toyota for their continued efforts in promoting the spirit of good sportsmanship in high school athletics," added Staunton.

The award is also named for former CIF-SS Commissioner, the late Kenny Fagans, who served as Commissioner from 1954 to 1975.

## NEW FACE MASK STANDARD FOR SOFTBALL

The National Federation of State High School Associations (NFHS) Softball Rules Committee approved a facemask/guard standard at its annual meeting June 6-7 in Indianapolis, Indiana. The rule subsequently was approved by the NFHS Board of Directors earlier this month at its meeting in San Diego.

Rule 1-6-6 will require all high school fast pitch softball players to wear batting helmets equipped with NOCSAE-approved facemasks/guards. The new standard will take effect on January 1, 2006, providing all state association-member schools with adequate time to budget and purchase new helmets that include guards, or to obtain facemasks to attach to current helmets. All masks must have the phrase "Meets NOCSAE standards" printed directly on them. Many manufacturers are already producing these facemasks.

"We encourage anyone purchasing these masks now to ensure they are NOCSAE-approved," said Mary Struckhoff, NFHS

assistant director and liaison to the NFHA Softball Rules Committee.

In other actions, the committee modified Rules 2-25-1g and 2-25-2 to eliminate the wording "not higher than the batter's head" in both the definition of a foul ball and the definition of a foul tip.

"When determining a foul ball or foul tip, the height of the batted ball as it relates to the batter's head is irrelevant," Struckhoff said. "The ball is already described as moving directly to the catcher's equipment or glove."

Rule 2-36, which pertains to the definition of obstruction, was also changed. The rule previously stated that a defensive team member could impede the progress of a runner or batter-runner who is legally running the bases if the defender was about to receive a thrown ball. The rule has now been relieved of that wording, and will only allow a defensive team member to impede a runner if she has the ball in her possession.

"Current language leaves considerable discretion to the umpire to interpret the rule," said NFHS Softball Rules Committee

Chairman Ralph Swearngin. "Too many defensive players are blocking the bases, especially first and home, without the ball."

The change to the obstruction rule is also designed to help reduce the number of unnecessary collisions between players. Swearngin said that enforcement of the rule should be more consistent, and coaches should realize they will be penalized if they teach their players to block bases without the ball.

Also, the appeal procedure for Rule 8-6 PEN 3 was altered so that the coach or any defensive player is allowed to make a defensive dead-ball appeal. Because the ball is already dead, the committee concurred that it is irrelevant whether the appeal comes from dugout personnel or a player on the field.

Softball is the fourth-most popular sport for girls at the high school level with 357,912 participants during the 2002-03 season, according to the High School Athletics Participation Survey conducted by the NFHS. It also ranks fourth in school sponsorship for girls, with 14,007 schools offering the sport.

## COMMISSIONER

(Continued from page 3)

Committee for their time and help; and to all of our athletic directors and administrators who believe in our mission.

I urge all of our administrators to attend (we do have limited seating) to support our honorees. The Section will host each honoree along with two guests of their choosing. Additional seats at the tables can be reserved for at a small cost. I am excited and energized by this celebration. We will send a message to our schools that sportsmanship matters; that we are prepared to reward our quiet heroes who will graduate, succeed and make a difference.

## NFHS BASEBALL

(Continued from page 5)

Also, Rule 3-1-1 was clarified so that if an illegal player on either offense or defense is discovered by an umpire, that player shall be restricted to the bench or dugout for the rest of the game. If an illegal offensive player re-enters the game, he will be called out immediately and ejected; an illegal defensive player will simply be ejected.

Baseball is the fourth-most popular sport among boys at the high school level with 453,792 participants during the 2002-03 season, according to the High School Athletics Participation Survey conducted by the NFHS. It also ranks third in school sponsorship with 14,988 schools offering the sport.

## RULE REVIEW

(Continued from page 8)

*may associate with potential team members for the purpose of learning or practicing skills of football only during one regular physical education period. Students may wear football shoes but no other protective equipment. **The use of blocking dummies/bags and arm shields may be permitted in the physical education period.***

2405.3 – *Tournament managers are responsible for notifying participating schools of the number of games and/or team participating in the tournament. NOTE: Two contests could be played in the SAME TOURNAMENT only, but not two games in two different tournaments (see Bylaw 2414). **EXCEPTION: Maximum of three soccer contests can be played in the same tournament on a non-school day as long as the total minutes played does not exceed 150 minutes for that day.***

1212.5 – *Authorize payment of fees.*

A. *A flat fee will be used to compensate officials for travel based on the following scale:*

- 51-75 miles = \$5.00
- 76-100 miles = \$10.00
- 101-125 miles = \$15.00
- 126-175 miles = \$25.00
- 176-250 miles = \$35.00
- 251-450 miles = \$40.00
- 451 miles and above = \$50.00

B. *The point of origination for mileage will be determined by the location of the meeting place for that officials association.*

**These fees will be mandatory for both regular season and post-season play as well. Officials fees themselves will remain the same for 2004-05.**

This is just some of the changes and new wrinkles in the mix for the upcoming school year. As always, should you have any questions, please do not hesitate to call the office. Welcome back.
