4. NON-ACTION SESSION

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

1. Proposal from CIF State Executive Committee Regarding Bylaw 305 Home Study, Home Schooling And Bylaw 306 Independent Study Programs/Schools – Discuss - This is an attempt to define independent study programs and the parameters that would make them more clearly identifiable.

B. SOUTHERN SECTION NON-ACTION ITEMS

1. Proposal from Baseball Advisory Committee regarding Rule 1507 End of Competition to be presented by Matt La Belle – Discuss - In playoff rounds, this proposal would create a multi-round elimination series similar to the baseball models outside of high school. This is a hybrid of the other sections within the state and other states in the nation. This proposal would make the semi finals and finals a "two out of three" structure. Since it is proposed as a "pilot" program, only divisions 1-4 are included in the initial implementation. The advisory groups from the smaller divisions would like to observe the pilot and become included if this is adopted permanently. The 2-3 series will take place at a single site with the first game on Friday, games 2 and 3 (if necessary) on Saturday. The calendar has already been adjusted one week (in an earlier proposal) which allows time for this series to take place. Total number of games to win a championship would be at the least 6 and at most 12. Concern was raised for exposing pitchers to "more innings pitched".

2. Proposal from Camino Del Rey Association regarding Rules 1647 (Basketball) and 2417 (Soccer) Coach Ejection to be presented by Dr. Merritt Hemenway – Discuss - The Camino Del Rey Association didn't feel a coach, who may coach the same sport in a season but different genders (such as both boys' and girls' basketball), should be subject to the sanctions when receiving a red card that would then preclude them from coaching the other gender. For example, if a

soccer coach, who coaches both the boys' and girls' varsity teams, is red carded in the first game of a boys' and girls' varsity doubled header, the coach would not be able to coach the second game in that series until the subsequent game suspension was served at the level it was earned. The Camino Del Rey Association feels the coach should be able to coach the second game of that double header.

There was major concern for a referee, who may have just ejected a coach in an early game, having to see that same coach later. There was a feeling referees shouldn't have to endure that. In addition, manipulation of the subsequent suspension could mean that a coach would never have to sit the level he/she was ejected in.

5. NEW BUSINESS

A. Governance Task Force Report - Gary Smidderks - Governance Task Force is on hiatus. They are working on obtaining reauthorization of CIF (PriceAB407). It is thought there will be a reconfiguration of the Southern Section. In the mid 90s there was a movement to "break up" the Southern Section. Today's financial sovereignty, the size of the section, and the section's operations in general are far more viable than they were back then. Southern Section is viewed by other sections as being too large in voice and power. It is suggested that we think about making concessions such that we do not once again call attention to ourselves in our opposition.

6. OLD BUSINESS

A. Eligibility of Boarding School Students - Over the course of time, the boarding school student issue and foreign student issue has become intertwined. At the state level, new language is a work in progress. More dialogue will be taking place to further clarify this rule.

B. Bylaw 207 Transfer Eligibility - This item was removed from the agenda.

7. REPORT SESSION

A. President's Report - Bill Dabbs - We have been going through the process of hiring a new commissioner; this is Commissioner Staunton's last council meeting.

B. Commissioner's Report - Jim Staunton - Issues with regards to our government, monies, and practices are always in the forefront of the organization's concern. Commissioner Staunton commended the Southern Section for their work and thanked each individual staff member for their contribution. He also thanked the representatives of the council that support their student-athletes and serve the organization. He has confidence that the next person will be equally supported by the council.

C. Treasurer's Report - Reggie Thompkins - All member sports fees have been collected. T-Shirt sales are up 13% from last year's winter numbers. \$60k was donated by friends of golf with 129 checks being distributed to boys' and girls' golf programs. Fall books have been closed with the Southern Section's net income up 0.6% from the fall of 2010. Over \$610k went back to schools in revenue sharing from football and volleyball. Basketball revenue was up 1% from winter of 2010; very impressive considering the new venue. Rainer Wulf encourages any suggestions from coaches as there is a plan to return to the Anaheim Convention Center for next year. Girls' water polo was up 27% from the winter of 2010. Wrestling, soccer and basketball preliminary rounds are still incomplete. Winter totals overall are down 2% from winter of 2010 however, that is with outstanding reports still pending. Fall and winter combined was down 0.3% from the 2009-2010 school year. Total revenue sharing there; over \$825k.

COMMISSIONER'S CORNER

Two
Phone
Calls

By Rob Wigod
CIF-SS Commissioner of Athletics

In my first column as the Commissioner of Athletics for the C.I.F. Southern Section, I would like to share a story of how two phone calls have resulted in giving me the incredible opportunity to lead this wonderful organization. Here is the true story about those two phone calls.

On April 15, 2011, I received a phone call informing me I had been selected as the next Commissioner of Athletics for the C.I.F. Southern Section, the 9th person to serve in this position in the almost 100 years since this organization was founded. That day also happened to be my birthday. Needless to say, it was quite a birthday present and one I will never forget. I say that because that phone call reaffirmed for me how high school athletics have changed my life and have been my life.

I entered a C.I.F. Southern Section high school as a good student and I definitely had aspirations to go on to college after I finished my studies there. I also knew that I wanted to participate in athletics for my school and was excited to begin that aspect of my high school experience. During my high school years, I played for some truly outstanding coaches, who served as tremendous role models for me. They were people I admired and wanted to emulate for their hard work, dedication and professionalism. I have many memories of those years that are still with me today: the teammates I played with, the friendships I made, the exciting victories and the crushing defeats, none more devastating than the last game of my high school career when I knew that I was not a good enough athlete to continue to participate in athletics in college.

It was as a second year college student that I got another phone call that changed my life. My former high school football coach asked me if I was interested in returning to my alma mater and becoming an assistant football coach on his staff. I jumped at the opportunity and the next week I was on the field for the first day of Spring Practice as an

CIFSS/DODGERS CELEBRATE 29th ANNUAL KENNETH FAGANS FORD "SHAKE FOR SPORTSMANSHIP" AWARDS PROGRAM

The CIF Southern Section and Los Angeles City Section, once again, teamed up with the Los Angeles Dodgers to present the 29th Annual Kenneth Fagans "Shake for Sportsmanship" Awards. The awards ceremonies took place on the Dodger Stadium field prior to the Dodgers-Chicago Cubs game on Monday, May 2.

Award recipients are determined by the members of their respective leagues. Although participating leagues may establish their own criteria, the CIF-SS offers the following guidelines for the selection process: participation, enthusiasm, behavior at home and away games, treatment of opponents and treatment of the contest officials. Judging is based not only on the student-athletes' conduct, but also on the conduct of the school band members, drill teams, pep squads,

cheerleaders and student-rooting sections. The awards program also includes the Los Angeles City Section, which announced 15 conference winners. In all, the program will encompass nearly 700 CIF-member high schools in southern and central California.

"We are very proud of this most important program," said Dr. Jim Staunton, CIF-SS Commissioner of Athletics. "Schools receiving this award are to be commended for the direction provided by their administrative and coaching staffs, and especially for the positive action of their student body memberships. Shake for Sportsmanship goes hand-in-hand with our Victory with Honor and Character Counts programs and we are extremely proud to be a part of it."

Each of the honored schools were presented with an attractive commemorative plaque, supplied by the CIF Southern Section, for permanent display on campus as well as 3 tickets to the Dodger game.

"Speaking on behalf of both the Southern and L.A. City Sections, we wish to thank the Dodgers for their continued efforts in promoting the spirit of good sportsmanship in high school athletics," added Staunton.

The award is also named for former CIF-SS Commissioner, the late Kenny Fagans, who served as Commissioner from 1954 to 1975.

The list of the 2010-2011 CIF Southern Section/Los Angeles City Section-Kenneth Fagans "Shake for Sportsmanship" award winners follows.

COMMISSIONER

assistant coach. I remember how fast the time went by on the field that day and at the end of practice I could not believe that three hours had passed. This was the first job I ever had that I didn't watch the clock to see when my workday would be over. It was on that day, when I realized this is what I wanted to do as a career. I continued to coach while I earned my Bachelor's Degree in History, got my teaching credential in Social Studies, and after completing those requirements, set out to become a high school teacher and coach. For 31 straight years, since I received that phone call as a second year college student, I have been involved in high school education and athletics as a Social Studies teacher, an assistant coach, a head coach, an athletic director and an Assistant Commissioner for the C.I.F. Southern Section.

What I have learned and experienced, after I entered high school myself as a student-athlete, have served as a foundation for me to build upon as your Commissioner of Athletics. The years since that time have helped me develop a strong and unwavering belief in what we do and who we do it for. I am totally committed to joining with you in continuing to do our very best to provide outstanding educational opportunities, through participation in high school athletics, for the young people we are so fortunate to work with. We need to promote and protect the important values that are learned by student-athletes through school-based athletic programs and we must dedicate ourselves to that task now, more than ever before, in these difficult economic times.

In so many ways, those two phone calls have led me down the path that brings us together at this time. As I begin this journey with you as your Commissioner of Athletics, I want you to know that I look forward to serving you, and supporting you, to the best of my ability today, tomorrow and always.
