COMMISSIONER'S CORNER

The Value of High School Athletics

By Rob Wigod
Commissioner of Athletics

In these difficult economic times, it becomes even more challenging for our member schools to continue to provide quality athletic programs. School board members, school district administrators, principals, athletic directors, coaches, parents and community members are all faced with the same issue. How can we keep our athletic programs functioning at their highest levels while the resources to do so are shrinking? In trying to solve that problem, I would like to offer you some questions that can be asked of those in positions that control funding for athletic programs, in the hope that they might see the incredible value that high school sports programs deliver to our schools. Here are some of those questions...

1) Do you want a group of students who will consistently score higher than the average on State Tests? Find your student-athletes.

2) Do you want a group of students who will contribute to the health of your student body? Find your student-athletes.

3) Do you want a group of students who are less likely to abuse drugs and alcohol? Find your student-athletes.

4) Do you want to see our young people learn about proper nutrition, while also understanding the benefits of exercise and how that helps them mature into fit adults? Find your student-athletes.

5) Do you want your campuses to express pride in their community? Give your student-athletes the chance to promote community pride and awareness.

6) Do you want a group of graduates who will contribute to fund raising events, and will contribute time and money to your programs? Find a group of your former student-athletes.

7) Do you want leaders who will affirm the values of a high school education and extracurricular participation? Find a group of your former student-athletes.

8) Do you want parents who are willing to contribute to fund raisers, who will volunteer at your schools and add to your curricular efforts? Find your athletic boosters and parents.

4. NON-ACTION SESSION

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

1. Revision of Bylaw 206: Transfer Eligibility-Discuss-Commissioner Wigod stated that the revisions contained within the 200 series was a year's worth of collaboration among the 10 section commissioners. While not all items are perfect, this is a starting point in adapting some of current rules to changing times. Increasing litigation, and costs resulting from that, is leading us toward looking at some of our rules more closely.

Rule 206- There are three options to choose from. 206-1 would allow a student who moves to have athletic eligibility at the school of enrollment. Currently, if a student athlete moves, they are eligible in the specific high school that their new

address belongs to. Many districts have open enrollment. If students choose a high school within that district that isn't their school of residence, they are subject to limited eligibility. Choosing this option would equalize the public and private school choice. When students have a valid move, they may choose any private school. This would give a student that same dispensation if enrolling in a public school; any public school that would allow them to attend.

206-2- Concerns were brought about in limiting the choice of private school. If the home is geographically closest to a Catholic school and a student's faith is not Catholic, they wouldn't have varsity eligibility at another private school. This choice would add boundaries to private schools similar to what public schools have now.

206-3- This is our existing rule. Choosing this option would keep the current practice in place.

2. Reformatting/Revision of Bylaws 200-209-Discuss-Some of the changes within this series is clean up language and not changes in the rules or their interpretations; merely a reorganization of material.

3. Revision of Bylaw 207: Transfer Eligibility-Discuss-This change reflects a "sit out period" for students who transfer without a valid change of residence. There are specific dates that a student seeking varsity eligibility would be able to participate when seeking varsity eligibility. If a student only wants limited eligibility, there would be no sit out period, simply the paperwork process in place currently. Students seeking eligibility at any level still have to be cleared through the section office regardless of the level. A caveat to the lower level choice, if a student chooses to play immediately upon transfer (at the JV level or lower), he/she may not move up to the varsity level AT ALL during that season of sport. In other words if you want to play varsity this season, you must complete the "sit-out" period and not play at any level until the sit-out period is over. Keep in mind that a student cannot play the same sport at two different schools (within the same season). Example: If I play football at School "A" and transfer (without a valid change of residence) to School "B" mid season, the football season is over. The only exception to this would be in the case of a valid change of residence.

4. Revision of Bylaw 303.D: Small Learning Communities, Small Schools, Alternative Schools and Charter Schools Housed on a Member School Campus-Discuss-There are high schools that house small learning communities, small schools, alternative schools and charter schools on their campuses. Our current bylaw states that students wishing to participate in athletics must do so at the school whose attendance boundary he/she resides in (with the implementation of a multi-campus agreement). In some areas, students travel from far away to attend these types of schools. Their ability to return to their school of residence is difficult. This would allow students to play for the school that their educational program takes place at.

5. CIF State 2012-13 Projected Budget-Discuss

6. CIF State 2012-13 Executive Committee Nominations-Discuss

7. Rescinding of Bylaw 1104-Discuss-There is a concern that the existence of this bylaw makes the section susceptible to litigation without

an appellate process for various decisions made by the commissioner. It is suggested that this rule be eliminated such that there is an appellate process available through the state executive director when decisions are rendered within a section.

8. Open Division Basketball Proposal-Discuss-This will create a new, "open" division in basketball (within the state tournament). This would be a 6th division. No section would be able to nominate more than 4 entries in the state "open" division. The Southern Section would maintain the 8 entries currently given in the other 5 divisions of state basketball. The entries for the "open division" would be evaluated based on specific criteria determined by the state basketball advisory committee.

9. NorCal Boys Volleyball Championship Proposal-Discuss-The North would like to have their championship tournaments the same time that the South has theirs. This item doesn't affect the Southern Section at all.

B. SOUTHERN SECTION NON-ACTION ITEMS

1. 2012-13 Nominees to CIF Southern Section Executive Committee-Discuss-See your council packet for information regarding the current nominees.

2. 2012-13 CIF Southern Section Proposed Budget-Discuss-The budget included in this packet is "proposed" to be approved at the next meeting. Historically the sport fees were included within the sports income accounts. They are now separated for a more true sense of where we stand within each sport. Each sport listed only includes playoff revenue. "Apparel" is merchandise sales from memorabilia available at championship events. "Publications" are rule books sold in the office. Schools do not pay for rule books. Rule books are now inventoried. The "Publications Expense" column represents the cost to provide publications to schools. By inventorying our publications, we can decrease the "Publications Waste" and get closer to exact numbers when we order and print materials. Building maintenance was increased due to an aging building where the standard "wear and tear" affects exist. Our investment interest is somewhat stagnant because of the section's conservative investment strategy. There is a 0% COLA to salaries. There is a 5% anticipated increase in medical premiums which is an estimate based on trend. The expense item "website technology" was significantly increased due to the development of a Southern Section based hub for athletic directors to use for all CIF business. This endeavor is at a zero cost to schools.

5. OLD BUSINESS

A. CIF Southern Section Centennial Celebration Update-Susie Arce-The centennial theme and logo have been chosen with Ford as the sponsor. Promotional materials have been sent out with questionnaires to the schools requesting history and ideas for the greatest athletes of all time. There will be a yearbook associated with this event to document that history. Fox Sports will be involved in the unveiling of the 100 greatest athletes.

6. REPORT SESSION

A. President's Report-Bill Dabbs-The

CIF-SS realized a fantastic fall sport season. The section is financially sound. There was a change in the next Council Meeting date, which is now April 25th, please mark your calendars accordingly. May 17th will be the last meeting of the Executive Committee for the 2011-2012 school-year.

B. Commissioner's Report-Rob Wigod-Commissioner Wigod recognized the staff for their dedication and the Executive Committee for their continued guidance and support. Playoff grouping information will be out for preliminary review mid-March. Those will be the suggested alignments which will be voted on at the next council meeting. Winter playoffs are on the horizon. Remember the importance of our sponsorship obligations. Those dollars are helping with the rising expenses in offering what we do. The revenue streams help us tremendously and are necessary in supporting the organization. Thank you in advance for following the guidelines and supporting our sponsors as they support us. The web-based system being rolled out by our office is forthcoming. This is an exciting system that will streamline the various tasks ADs are required to do daily. "Coffee with the Commissioners" is going to be a training opportunity for this system unveiling all its features. If you attend the CSADA conference in San Diego, make sure to attend that session. The "Hall of Fame" recognition process that usually takes place at our first council meeting of the year (in October) will now be a separate celebration. Please take time to nominate deserving individuals.

C. Treasurer's Report-Reggie Thompkins-Audit was presented and approved. We are 99.8% collected on sports fees. Only one school not paid. Fall shirt sales are down 11%. Fall sports are complete. Football is up, volleyball was up, cross country was down a bit, and water polo was up, girls' golf was up, tennis was down a little. Total we are up for the fall by 1.79%. Revenue sharing was over \$600k.

4. NON-ACTION ITEMS

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

Rob Wigod created a Synopsis of Major Changes for items 1, 2 and 3 and gave an overview of the changes involved. These items will be voted on by Federated Council in May.

Rule 206, Valid Change of Address - CIF State will ask us to vote for one of the three proposals. Of the three, Proposal 1 creates more equity.

Rule 207, Transfer Eligibility - The State is proposing Sit Out Periods (SOP). If a child plays three sports, they would sit out for all three seasons for a specific length of time. Fall will be until Monday of NFHS Week 14; Winter would be until Monday of NFHS Week 27 and Springs would be until Monday of NFHS Week 40. The one year ineligibility rule would be eliminated. Non-varsity would be eligible immediately but may

not move up to varsity. Example: You may play a junior varsity fall sport, then sit out 30 days to play varsity in winter. These dates go by competition (games) start date not school start date. This will also eliminate the first time transfer. There will be a limit to this proposal. If you move once, then the SOP will be in effect. Second time transfer penalties are still being created.

Rule 208, Hardship Waiver - Specific Hardship Waivers categories will be limited to three.

1. Court ordered transfers

2. Children of divorced parents

3. Individual student safety incidents.

Rule 209, Foreign Students - Foreign students existing rule will be unchanged but will be moved under Rule 207. Non-approved foreign exchange students will be considered the same as all other 207 Transfer Eligibility students.

Rule 510.B, Undue Influence - Athletic motivation will be narrowed to one category: If a student/parent/caregiver/guardian has a verbal, written or physical altercation with the coach of the student's former school prior to transferring. Athletic motivation deals with intent and this revision tries to clarify. "Altercation" needs further clarification and is still being reviewed for a possible amendment or elimination.

1. Revision of Bylaws 206: Residential Eligibility-Discuss

2. Reforming/Revision of Bylaws 200-209-Discuss

3. Revision of Bylaw 207: Transfer Eligibility-Discuss

4. Revision of Bylaw 303.D: Small Learning Communities, Small Schools, Alternative Schools and Charter Schools Housed on a Member School Campus-Discuss

Discussion: The bylaw currently states that if a student attends school on another school's campus, they would have to go back to their home school to participate in athletics. The change is they will now have a choice to stay on the campus where they attend or return to their home school of attendance.

5. CIF State 2012-13 Projected Budget-Discuss

Discussion: The State budget was reviewed.

6. CIF State 2012-13 Executive Committee Nominations-Discuss-

Discussion: The nominees to State Executive Committee were reviewed.

7. Rescinding of Bylaw 1104-Discuss

Discussion: General Counsel to State CIF feels a panel should be formed to review the decisions under this rule that are sent to the State Executive Director and determine if a Section appeal panel should address them at the local level.

8. CIF State Marketing Plan Revision-Discuss

Discussion: The State wishes to revise the 1994 marketing plan. There were meetings held to review the plan and changes to the plan are underlined. The State is asking to have title sponsors and will share some of the proceeds with the Sections. Page 7 contains an error, it should read Title Sponsor-State (not and Section). This may go forward as action in February.

9. Open Division Basketball Proposal-Discuss

Discussion: This open division is similar

to the football open division. It allows the State to place schools according to Section requests. This revision caps our teams at four in the open division.

10. NorCal Boys Volleyball Championship Proposal-Discuss

Discussion: The next event on the State championships is a northern California volleyball regional. This proposal mirrors the Southern California regional and will not change any dates.

B. SOUTHERN SECTION NON-ACTION ITEMS

1. 2012-2013 Nominees to CIF Southern Section Executive Committee (Information will be distributed at the meeting.)-Discuss

2. 2012-2013 CIF Southern Section Proposed Budget-Discuss

Discussion: Mitch Carty presented the budget and explained the factors in creating it. There will be a 0% COLA for employees this year. Our return on investment was 0.3%. We've had an increase in building maintenance and possible repairs needed. The new web program being developed by Wes Carty will save money in office expenses. Points from all administrator credit cards will be used for office supplies and travel. The mortgage on our building was paid off last year.

WINNERS OF THE 2011-12 CIF SOUTHERN SECTION ACADEMIC AWARDS

LOS ALAMITOS—The winners of the annual CIF Southern Section-Ford Academic Awards program were announced at CIF-SS headquarters April 4, 2012.

The team awards, based on a cumulative grade point average, are awarded in 22 sports.

To be considered, teams must have a minimum 3.0 GPA average (4.0 scale) in college-prep courses in the first semester of the 2011-2012 school year. The highest team GPA in each sport determines the winner. Schools are divided into two enrollment categories, 1500 and above and 1499 and below. The team with the highest GPA in each enrollment category

for each sport receives the award. The first place teams receive a banner to commemorate their achievement. All teams who participate receive Academic Award certificates to their student athletes. Each CIF-SS member school is entitled to name a male and a female "Student-Athlete-of-the-Year" as well. Recipients of the individual awards must be seniors that have maintained a minimum of a 3.5 GPA (4.0 scale) in college-prep courses over the past three years, in addition to earning a letter in at least one varsity sport and participating in extracurricular activities (music, drama, service groups, etc.)

CALVARY CHAPEL FINISHES 7th AT STATE WRESTLING

A run at an eighth state championship was uncharacteristically cut short for the dominant Calvary Chapel wrestling team this season. A school that has left its mark for having one of the most successful wrestling teams in recent years failed to produce an individual medalist in this year's tournament. Out of the five wrestlers Calvary Chapel sent to the championships only one managed to make it to the second day of the tournament (heavyweight Elliot Taylor). Coach Jacob Harman called the end result "frustrating", as he thought his wrestlers had a definite chance to represent Calvary Chapel on the podium yet again. Harman admitted that his players "... weren't McIntosh or Knowles type of guys",

but he thought that his individuals possessed the talent to get to the podium nevertheless. A year ago McIntosh became one of 16 wrestlers in the state to win events and Knowles joined a field of 64 that won two titles. Both graduated Chapel in 2011. After this season's tournament performance, Coach Harman is ready to get the Calvary Chapel dynasty back on track. The school has three key returning individuals that could represent Calvary Chapel on the podium in the upcoming year. Christian Claudio (113), Adam Alvarado (120), and Aaron Negrette (145) are ranked nationally at their respective weight classes.

COMMISSIONER

(Continued from page 2)

From Robert Kanaby, formerly the Executive Director of the National Federation of High School Sports Associations:

"One of the best opportunities to build students' character and teach them ethics, morality and citizenship can be through high school athletic programs."

"The two most basic principles of citizenship are respect for oneself and respect for others. Sports and other co-curricular activities present a wealth of teachable moments to impart these principles."

"Sports is all about finding an inner core of commitment, determination and resiliency. Students

discover they can do more than they think they can do. They learn discipline, something sorely

lacking today. We must preserve and protect those opportunities to promote and protect the

opportunities to teach character development and personal growth."
