

2013-14

WRESTLING

WEIGHT MANAGEMENT PROGRAM

CIF COACHES MANUAL

10-01-13

TO: ATHLETIC DIRECTORS
HEAD WRESTLING COACHES

FROM: GLENN MARTINEZ, ASSISTANT COMMISSIONER

**SUBJECT: WEIGHT MANAGEMENT PROGRAM FOR THE 2013-14
WRESTLING SEASON**

DATE: OCTOBER 6, 2013

Here is some information on the process involved with the Wrestling Weight Management Program for the 2013-14 wrestling season. For more detailed information, please review the 310 Series, the Wrestling section of the 2013-2014 C.I.F. Southern Section Blue Book, pages 233-241.

NFHS Rules require that each state adopt a Weight Management Program for all wrestlers in that state. Therefore, it will be mandatory that all wrestlers in California participate in the National Wrestling Coaches Association Weight Management Program, which includes:

- Hydration testing
- Body composition assessment
- Establishment of a lowest allowable weight class for each wrestler
- Establishment of a safe weight loss program to arrive at the lowest allowable weight class
- Nutritional education

This program is mandatory under NFHS Rules. Wrestlers must get assessed using this program, and must follow the recommendations of their assessment, or they will not be allowed to compete during the regular season, or in the C.I.F. Southern Section Championships, Masters Meet or State Championships.

- 1) All wrestlers in California must be assessed using this program.
- 2) Each wrestler must abide by the recommendations of their assessment for their lowest allowable wrestling weight and the timeline to arrive at that weight.
- 3) Each wrestling coach must present proof of each wrestler's assessment, on what is called the NWCA Pre-Match Weigh-In Form, prior to that wrestler competing in any dual meet, tournament or League Finals during the 2013-14 wrestling season.
- 4) Each wrestler must present, at weigh-in, their NWCA Pre-Match Weigh-In Form, which details the lowest allowable weight a wrestler can compete in at that particular event, prior to that wrestler competing in any dual meet, tournament or League Finals during the 2013-14 wrestling season.

If a wrestler competes without being assessed, showing proof of that assessment, or not following the recommendations on their NWCA Pre-Match Weigh-In Form, that wrestler is ineligible.

- 1) The cost for each school to join the NWCA Program is \$30.00 annually and includes membership in that organization. This allows coaches and wrestlers to be included in the NWCA database. (www.nwcaonline.com). **Your school has been sent a notice regarding the \$30.00 payment, along with your NWCA Membership Form, with your C.I.F. Annual Dues Statement. Please make sure to remit payment and the NWCA Membership Form to this office as soon as possible.**
- 2) Here is a summary of the Weight Management Program and the assessment process...
 - A) The wrestler is to provide a urine sample to have their hydration level tested. A drop of their urine will be examined on a refractometer, by a trained assessor, to determine hydration level. If a wrestler is not properly hydrated, they will not be allowed to proceed further. (Wrestlers must wait a minimum of 24 hours after a failed hydration test before they can be tested again.)
 - B) After a wrestler passes the hydration test, their height will be measured and they will proceed to the bio-impedance scale to be weighed, under the supervision of a certified assessor.
 - C) Within 72 hours, their weight will immediately be entered into a computer and the wrestler will be assigned a number and a password to enter the NWCA database. This database will contain information on the lowest allowable weight class for that wrestler, along with a safe weight loss program to get to the lowest allowable weight and a nutrition plan for that weight loss.
 - D) After all of their wrestlers have been certified, each wrestling coach will be able to access on the NWCA database, the NWCA Pre-Match Weigh-In Form for all of their wrestlers, with information on each wrestler regarding lowest allowable weight, a timeline for safe weight loss and nutrition information. Throughout the 2013-14 wrestling season, coaches will be required to bring the NWCA Pre-Match Weigh-In Form, for each of their wrestlers, with them to every competition their team enters.

Reminders

- E) 1% Variance – The assessment program will automatically include a 1% variance of the wrestler's body weight at the certified minimum weight. (See 3103 A.2).
- F) Appeals – Wrestlers who wish to appeal their assessment may do so utilizing an air displacement machine, known as a Bod Pod. (See 3103 G).
- G) Wrestlers who are assessed and have a body fat percentage below 7% for males and 12% for females – Males who have a body fat percentage below 7%, and females who have a body fat percentage below 12%, must get a physician's clearance prior to competing. (See 3103 D).

If you have any questions, please do not hesitate to contact me.

CIF WRESTLING WEIGHT CERTIFICATION

OVERVIEW

The California Interscholastic Federation believes that one of the primary factors in promoting proper weight maintenance among high school wrestlers is the development of a weight control program that encourages safe weight loss. As required by the NFHS (Rule 1, Sec. 3, Art. 1-2), the CIF has instituted body composition testing programs in the past several years. The primary purpose of a body composition-testing program is to determine the lowest certifiable, safe and healthy weight for each wrestler in order to provide a safe wrestling experience for all high school wrestlers. The wrestler's lowest certifiable weight may not be his or her optimal competitive weight; it is simply the lowest, safe weight at which a wrestler may compete.

In addition to this Weight Certification Program, it is imperative that the school's wrestling coach monitors each athlete throughout the entire season to ensure they are maintaining or losing weight properly and in a healthy and safe manner. This program has been developed in response to the need for guidance of young wrestlers as they make decisions about diet, nutrition, and weight control. It has been documented that wrestlers often attempt to lose weight rapidly, often in an unhealthy and unsafe manner, to gain a perceived advantage over their opponent. This Weight Certification Program is designed to assist wrestlers and coaches in avoiding potentially harmful, rapid weight reduction practices utilized to achieve specific weight class participation. Our CIF Assessors are a critical component of this program.

CIF member-schools sponsoring the sport of wrestling are required to participate in the assessment portion of the weight certification program established by the California Interscholastic Federation for all competing wrestlers, regardless of the level of competition. Any wrestler who has not completed the assessment process is ineligible for competition.

(NFHS Rule 1-3 & CIF Bylaws 3102 & 3103)

Approved by CIF Federated Council starting in 2013-14 season:

Bylaws 3103.A, 3103.D and 3103.F.

PENALTY: Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/competition for that team or individual.

THE PROGRAM

Components

The program consists of three components:

1. CIF Assessors
2. The Body Composition Testing Program
3. The Nutrition Education Program

CIF Master Assessors and CIF Assessors

1. In-service Instruction for CIF Assessors
 - a. The State CIF will conduct the in-service education program for at least one Head Master Assessor for each CIF section.
 - b. The Head Master Assessor(s) in each CIF Section will then certify individuals as Master Assessors who will in turn subsequently train, certify and register additional CIF Master Assessors in the procedures of the CIF Weight Certification Program and specifically the body composition testing.
 - c. The CIF and Section Assessor's program is designed to identify, select, train, certify and register individuals capable of training the CIF Assessors for the administering of the hydration testing and bioelectrical impedance aspect of the program.
 - d. Both CIF Master Assessors and CIF Assessors will be registered with the State CIF and will be the only individuals qualified to conduct assessments for CIF-member schools.
 - e. All CIF Certified Assessors are required to attend an annual in-service education class.
2. Professionalism/Privacy
 - a. When an individual is certified and registered with the CIF as a CIF Assessor, it is his/her professional responsibility to protect the integrity of the testing program, and ultimately, our student-athletes. There is an expectation of the highest professional and ethical conduct relative to performing assessments on our high school wrestlers in California. These student-athletes should be treated with the highest regard for their "right to privacy" and for the confidentiality of all data collected about them for this program.
 - b. CIF Assessors are expected to conduct themselves in a manner above reproach in regards to the professional standards of those working with athletes. There will be times when professional judgment will be necessary to clarify and validate the assessment process. The greater the depth of the CIF Assessor's understanding of body composition testing, the more competent he/she will be in representing the CIF, serving our student-athletes and administering the program in a professional and consistent manner.
3. Assessor's Responsibility: Assessors shall:
 - a. Annually be trained by CIF to be a CIF Certified Assessor.
 - b. Make themselves available to provide the assessment process for schools in their area in a reasonable time frame for the conduct of school academic and wrestling programs.

- c. Coordinate and schedule dates, times and appropriate locations for assessments of CIF-member schools.
- d. Conduct the assessments in a professional manner, treating each participant with respect, dignity and honesty.
- e. Insure the availability of the proper equipment in good working order prior to any scheduled assessment.
- f. Input, or cause to be inputted by someone not associated with the school being assessed, the measurements for each student-athlete within **72 hours** of the completion of the assessment.
- g. Collect and account for the assessment fees collected, distributing the breakdown of the fee as required.
- h. The following is a recommended list of supplies for the Assessor to have:

_____ Tanita TBF Model 300WA scale*	_____ Masking tape
_____ Refractometer*	_____ Clipboards or a suitable hard surface on which athletes can complete their forms
_____ Latex or Rubber Gloves *	_____ Extra rolls of thermal tape for readout unit*
_____ (do not have to be changed after every hydration test)	_____ Extra Individual Profile Forms*
_____ Paper cups (used for collection of urine samples)*	_____ Black pen, pencil, and black marker*
_____ Stir straws or pipettes (for obtaining drops of urine for hydration test)*	_____ Stapler--staples
_____ Towel(s) (to clean feet)	_____ Hand sanitizer
_____ Tissues (for wiping clean the refractometer after each individual reading)*	_____ Disinfectant cleaning spray(for cleaning scale)*
_____ Tape measure (for measuring height)*	_____ Eye shields/face shields (optional)
_____ Right angle square* (used for accuracy in measuring height) *	_____ Food Coloring or tidy bowl or dry urinals (to protect the integrity of the sample)

*Note: Each CIF Assessor and school should discuss what supplies the school must provide (e.g. if on-school site, computer hookup, tables etc.) CIF Assessors are expected in most cases to supply the basics needed for assessment.(items identified with a *) Some of the non-* items may be available at the school site. It is the Assessor's responsibility to make sure all equipment and supplies needed are on-hand and available for use.*

4. Set-Up for Assessment

- a. School shall provide volunteers to help with the assessment process, (school nurses, biology or health teachers, athletic trainers or persons with similar training are excellent assistants). At no time should the wrestling coach be allowed to assist in the assessment except as to control of wrestlers.
- b. Prior to the assessment of the wrestlers the assessor should set-up and/or inspect the area where testing will occur.
- c. It is critical that the Assessor insure the security of the facility and quickly evaluate the best way to protect the integrity of the assessment process.
- d. During the testing, wrestlers should move in an assembly style fashion through the testing process if their numbers dictate.
- e. Wrestlers should enter a secured restroom supervised by school personnel without being out of the sight of any monitors or being in a position to pass urine samples among other wrestlers. The wrestler shall then proceed to the CIF Assessor who will determine, with a refractometer, if the wrestler is properly hydrated.

5. Meeting with All School-Provided Personnel

It is suggested that after the set-up is completed, the Assessor shall meet with all personnel who will be involved with the assessment process and review their location and responsibilities during the assessment process.

6. Meeting with Wrestlers Prior to Testing

Once the set-up is completed and the Assessor has met with each of the school personnel who will be involved with the assessment process, it is suggested that the Assessor meet with the wrestlers and review with the wrestlers the entire process. A recommended sample agenda is:

1. Welcome
2. Assessor's Role
3. Authority of School Personnel and Assessor
4. Individual Profile Form
5. Testing Process
 - a. Collection of Urine Sample
 - b. Record Height
 - c. Bio-impedance Assessment

Body Composition Testing

1. National Wrestling Coaches Association

- a. Prior to any wrestlers being presented for assessment, it is mandatory that each school register with the National Wrestling Coaches Association. Upon successful registration with the NWCA, each school will be issued its User ID and Password by its CIF Section for the use of the AD and Coach. This registration requires an annual fee of \$30 per school.
- b. The CIF will utilize the NWCA Optimal Performance Calculator on their web page (www.nwcaonline.com) as the mechanism to calculate the certified minimum weight and Individual Weight Loss Plan for each wrestler as well as the alpha-master report for each school.
- c. The \$30 registration fee allows each coach or AD to access all of their individual wrestler's information. In addition, following the assessment and entry of their data into the computer by the CIF Assessor, each wrestler will have access, via their own password, to their individual information and the nutritional information available on the NWCA site.

2. Time Period for Assessments

- a. Assessments may begin on October 15th.
- b. Wrestlers may be measured on or following that date.
- c. All wrestlers, including those coming out late, must be assessed and have their minimum weight established before competing.
- d. The deadline for assessment is January 15th. Assessors shall not conduct assessments after January 15th unless a hardship waiver has been granted by the CIF Section. (CIF Bylaw 3103.B.(3).a)
- e. Wrestlers requesting an appeal of the assessment results, must do so within 14 days of the assessment they are appealing (CIF Bylaw 3103.G.)

3. School's Responsibilities for the Assessment Process

- a. Register with your CIF Section to receive your User ID and password. The wrestling coach or other school personnel should bring this school ID# to any and all assessments.
- b. Each CIF Section Office will outline the procedures for assessment of wrestlers.
- c. The school administration or their designee must take reasonable precautions to insure the accuracy and validity of the entire assessment process (see procedures below). If the assessments are to be conducted on school grounds, the school will need to provide a facility that is adequate and has immediate access to bathroom facilities. That would include, but not be limited to the following:
 1. A school official(s) (e.g. A.D., non-wrestling coach, teacher, VP, Dean, etc.) who will help with the assessment. Urine sample collection MUST be supervised by school personnel.
 2. Schools having female wrestlers are responsible for providing a female school official to assist in securing the urine sample.
- d. Each CIF Section Office will provide a packet of information to each school.
- e. Prior to the assessment the school administration, or their designee, shall inform each wrestler of the importance of hydration for the assessment process.
- f. Each Wrestler shall be provided with an Individual Profile Form that will be used for the assessment (ATTACHED).
- g. Schools should confirm that they have a Parental Permission Form for each wrestler (ATTACHED). The completed Parental Permission Form should be kept on file at the school for one year.
- h. Wrestlers should have their Individual Profile Form completed with all their personal information prior to arriving at the scheduled assessment.
- i. Assessments should not be performed after practice or after a workout.
- j. Each school is responsible for ensuring that ALL WRESTLERS have completed the assessment process and have their own Individual Weight Loss Plan prior to competition. They are considered an ineligible athlete until this aspect of their eligibility is confirmed by the school.
- k. It is mandatory that coaches carry their school's current NWCA Pre-Match Weigh-In Form Report to every competition. (CIF Bylaw 3102.C.)
- l. It is mandatory that each wrestler present their NWCA Pre-Match Weigh-In Form at weigh-in for all competitions. (CIF Bylaw 3102. D.)
- m. Appeal Process—CIF Bylaw 3103.G.

Hydration

Testing to determine a wrestler's hydration status as part of a minimum competitive weight assessment process has been embraced in recent years by the sports medicine community, as well as sport governing bodies (NFHS, NCAA), coaches and other various athletic associations. In part due to the physical developmental stage of adolescent wrestlers, along with both the immediate and lifelong benefits of healthful nutrition habits, hydration testing is a key component in helping wrestlers, parents, coaches and administrators determine a safe and healthy minimum weight for high school wrestlers. Therefore:

- a. Each wrestler must pass a test to substantiate that they are at an acceptable level of hydration before they can proceed further with the CIF Weight Management Assessment process.
- b. Refractometers will be used to measure the hydration level of each wrestler through the testing of a urine sample prior to the assessment process continuing.
- c. Only a CIF Assessor, who has successfully completed the CIF in-service education program, may conduct body composition assessments for CIF wrestlers.
- d. Wrestlers who fail the hydration test will be instructed that they will need to reschedule their assessment no sooner than 24 hours following the time of test failure and will be responsible for the payment of another assessment fee.

Hydration testing **MUST** be done immediately prior to and at the same site where the body composition testing (using the Tanita scale) occurs.

Dehydration will concentrate urine and thereby increase the urine's specific gravity. Accurate determination of minimum wrestling weight from assessments requires the wrestler to be properly hydrated. The specific gravity of a hydrated individual will be 1.025 or lower. If the wrestler is dehydrated (i.e. specific gravity of the urine is 1.026 or higher) assessments are **NOT** to be taken. Re-testing may occur **NO SOONER THAN 24 HOURS AFTER THE FAILED HYDRATION TEST.**

1. Obtaining a Urine Sample

To assure an appropriate urine sample has been collected for testing the following procedures are required

- a. AREA: A bathroom with toilet(s) or urinal(s) can be used by the wrestler to provide a urine sample. The determination of specific gravity can be completed in another area, but a means of appropriately disposing of the urine must be available as well.
- b. SAFETY: Use gloves when measuring the urine and appropriately dispose of the urine.
- c. COLLECTION CONTAINERS: Disposable cups of sufficient size to provide a 20-30 ml (1-2 oz) urine sample can be used by the wrestler to collect the sample.
- d. COLLECTING THE SAMPLE: Wrestlers should report to the assessment in weigh-in attire only (singlet or t-shirt and shorts).

2. School Personnel

Personnel must insure that the wrestler has provided a sample of their own urine. Reasonable supervision is the key.

- a. Wrestlers should not have access to sinks where water can be added to their samples.

- b. Colored dye, tidy-bowl or other agents to color the toilet water may be added to the toilet so that wrestlers will not be tempted to dip their cup in the toilet water.
- c. School personnel must:
 - i. supervise the process of urine sample collection. However, this does not mean witnessing the sample going from the body into the cup.
 - ii. insure that conditions do not exist that could compromise the integrity of the urine sample collection (bulky clothes, other containers, dipping the cup into the toilet water, horseplay, etc).
 - iii. be in all traffic areas between the collection area and the testing area if they are in different places.
- d. Any problems in the urine collection of a wrestler necessitates voiding their sample and the collection of another sample under closer supervision.
- e. Normally one to three wrestlers can be supervised at one time by school personnel.

3. Recommended Procedures

The following procedures have been developed in order to minimize dishonest techniques to bypass the urine test and maximize the wrestler's right to privacy.

- a. Mark each urine collection cup to identify each wrestler.
- b. Instruct each wrestler to enter the toilet or urinal one at a time with nothing but the urine collection cup.
- c. Instruct the wrestler to begin urinating; first allowing a small amount to fall into the toilet bowl (this clears the urethra contaminants). Then, in the urine collection cup, catch approximately 1 to 2 ounces of urine and remove the collection cup from the urine stream.
- d. After collection of the urine by the wrestler, appropriate personnel should insure that the urine is warm by feel on the outside of the collection cup.
- e. If the urine is cold or suspect, reject that sample and require the wrestler to provide another sample under closer supervision.
- f. Once completed, the wrestler will give their sample to the proper authority and move along through the assessment process.
- g. When directed, wrestlers shall dispose of their own urine sample.

4. Testing the Sample

Only urine specific gravity refractometers will be used to measure hydration levels.

- a. CHECK CALIBRATION of the refractometer prior to the first test of any assessment day.
 - i. Open the daylight plate and place a few drops of distilled or tap water on the face of the prism. Close the daylight plate gently.
 - ii. Adjust the scale into focus by turning the eyepiece.
 - iii. If the boundary line does not coincide with the 1.000 line, make an adjustment by turning the scale adjusting screw.
 - iv. DO NOT turn the scale adjustment screw unreasonably. If it is excessively turned, it may cause breakdown of the refractometer!
- b. The Assessor shall mix the urine well by swirling the collection container
- c. The Assessor shall place a drop or two of urine on the lens of the refractometer and read the specific gravity for that sample.
- d. The following scale will be used by the Assessor to mark the specific gravity measurement:

Specific Gravity	PASS						FAIL
	1.000	1.005	1.010	1.015	1.020	1.025	1.026

- e. The Assessor will then record the reading on the wrestler's Individual Profile Form by checking Pass or Fail.
- f. Measurements greater than 1.025 will disqualify the athlete from continuing with the rest of the assessment. Any wrestler not properly hydrated may not be assessed further and must wait a minimum of **24 hours** before being assessed again. They will not be refunded their assessment fee and must pay another assessment fee the next time they appear for assessment.
- g. Wrestlers who pass the hydration test, will move on to the next step in the assessment process.
- h. CLEAN AFTER EACH USE
 - i. Wipe clean after each sample using a tissue
 - ii. If the surface is smeared with oil or similar liquids it will repel the sample. Wipe off such an oil smear with warm water.
 - iii. Do NOT run the refractometer under the faucet to clean—you should never splash water on the unit.

Measurement of Height

The next step in the process is to accurately measure the height of the wrestler. Assessors or their assistants shall measure the wrestler's height to the nearest 1/4" and record that height on the wrestler's Individual Profile Form; 1/4" and below round down; above 1/4" and below 3/4" should be entered as 1/2"; 3/4" and over should be rounded up to the next inch. Wrestlers should be measured in their bare feet.

<u>EXAMPLES</u>	
From 6' < 6" 1/4" = 6'0"	Entered as 6.00
Between 6' 1/4" and < 6' 3/4" = 6'1/2"	Entered as 6.05
From 6' 3/4" to 6' 1" = 6'1"	Entered as 6.10

Body Composition Measurement

1. Tanita Scale Set-up

Prior to the first assessment on any day or after the scale has been turned off for more than 30 minutes or so, you must follow steps a-c below.

- a. SETTING THE NUMBER OF PRINTOUTS AND LANGUAGE (pg. 25 Tanita Instruction Manual). This should be defaulted and already set for two printouts. It is a requirement that assessors print a minimum of one tape printout for each wrestler per assessment and one printout for the assessor's records. You may be asked to printout directions on page 25. Otherwise skip to (b) below.
- b. SET TO WRESTLER'S MODE (pg. 21 Tanita Instruction Manual).
 - i. While holding down the 9 key, push the on/off button to turn the control box on.
 - ii. The screen should show "rse" on the screen. This is your confirmation that you are in wrestler's mode.
 - iii. "rse" will flash off and you should see the arrow pointing to "clothes" flashing and a 0.0 next to lb/st.lb.

- iv. If the 0.0 is next to kg, push the blue kg/lb button immediately below the screen. This should move that 0.0 to lbs/st.lb on the screen
- c. SET TO THE “GOAL” MODE-7% (pg 22 Tanita Instruction Manual)
 - i. Turn the control box off by pushing the on/off button.
 - ii. Hold down the 7 key while pushing the on/off button.
 - iii. The screen should now display “rse goal 07” This shows that you are in the high school mode for the lowest % of body fat (7%).
 - iv. “rse goal 07” will flash off and you should see the arrow pointing to “clothes” flashing and a 0.0 next to lb/st.lb
- d. ENTER “0.0” for WEIGHT OF CLOTHING
- e. After setting up the scale per instructions in a-e, the remaining instructions will be followed for every assessment:

2. Tanita Scale Assessments

- a. The control panel will be flashing arrows next to male female and standard. Push the appropriate blue “**standard male**” or pink “**standard female**” button below the screen.
- b. Wrestler’s age arrow will flash—enter the two digit age of the wrestler
- c. Wrestler’s height arrow will flash next to ft.in (if flashing next to cm push blue kg/lb button below screen)--enter the height to the ½”. The scale will wait for you to enter the height to the ½”. If the student is exactly six feet tall you must enter “6.00” (6 point 00); ¼” and below round down; above ¼” and below ¾” should be entered as ½”; ¾” and over should be rounded up to the next inch.

EXAMPLES

From 6’ to < 6” ¼” = 6’0”	Entered as 6.00
Between 6’ ¼” and < 6’ ¾” = 6’1/2”	Entered as 6.05
From 6’ ¾” to 6’ 1” = 6’1”	Entered as 6.10

- d. The screen will now flash “Goal”. This is in no way related to the wrestling mode and by entering 0.0 you can bypass this.
- e. The screen will now flash “Step On”. The athlete should be dressed properly and be barefoot.
- f. Have the athlete wipe their feet on a towel prior to stepping on the scale.
- g. The wrestler remains on the scale until you hear a “beep”, after which the wrestler steps off of the scale.
- h. The scale will automatically provide both tape printout profile of the wrestler.
- i. After testing each wrestler wipe the scale surface with cleaning solution.
- j. Record Tanita FAT % and weight on the Individual Profile Form. An additional person can be used to record measurements on the Individual Profile Form.
- k. Staple the thermal paper assessment printout to the Individual Profile Form.
- l. Sign and Date the Individual Profile Form.

2012-13 Optimal Performance Calculator Instructions for Coaches in State Mandated Programs

HOW TO LOG INTO THE PROGRAM	2
HOW TO UPDATE YOUR ROSTER PRIOR TO THE OFFICIAL ASSESSMENT	2
HOW TO ADD NEW WRESTLERS TO THE ROSTER	2

How to log into the program

1. Go to the NWCA home page at www.nwcaonline.com
2. On NWCA home page, go to top menu bar under Weight Certification click on the Optimal Performance Calculator.
3. You will now be directed to the Optimal Performance Calculator Program (www.nwcaonline.com/nwcaonline/default.aspx).
4. Once at the OPC home page click on the Login tab on the menu bar.
5. On the login page, the coach will enter his/her NWCA Login ID and Password. (The password is the coach's assigned password for the initial login; the coach will be prompted to update contact information and change his/her password only to a permanent password) Please keep the original Login ID and the New Password you chose on file for future reference.
6. You will now be logged into the program at the scholastic homepage of the Optimal Performance Calculator
7. Program (www.nwcaonline.com/nwcaonline/performance/scholastic/default.aspx)
8. To view the Coaches Dashboard, click on 'Coaches' from the menu bar.

How to Update your Roster Prior to the Official Assessment

1. On the Scholastic OPC home page, a new dashboard will appear, click on Wrestlers and then Show Entire Roster to update your roster.
2. A grid will appear with a list of all wrestlers who were on your institutional roster last year.
3. If a wrestler was on the squad list last year and is no longer enrolled at the school or is not on the team, click Remove from the drop down menu under the column heading Edit Grade or Remove next to the wrestler's name. This will remove the wrestler off your roster once you click Save Roster Information.
4. For returning wrestlers, simply update their information including Year in School, Prior Year Weight....etc to reflect the current 2012-13 year.
5. After updating all information for each wrestler, click the Save Roster Information button to save the changes/updates made to the entire roster.

How to Add New Wrestlers to the Roster

1. Click on the Add New Wrestler link from the dashboard and complete all of the text fields located under the General Info tab.
2. After completing all field boxes click on the Save Wrestler Information button to add the wrestler to your roster.
3. Click on the Past Achievements tab if your state association requires the entry of this information regarding Prior Year Wt Class, Placement, Career Record (optional by state). To save click on the General Info tab and click Save Wrestler Information
4. Repeat this process until your entire roster is entered into the system.
5. You may edit any of this information at any time during the season by clicking on the (+) plus sign beside Rostered Wrestlers to expand your list of wrestlers. Then simply click on the wrestler's name and the General Info tab will appear and you may edit the wrestler's information and click Save Wrestler Information to save the changes.

How to Reinstate a wrestler that was removed from your Roster:

1. On the Scholastic OPC home page, click on Wrestlers and then Reinstate Removed Wrestlers to reinstate a previously removed wrestler.
2. Then select the wrestler's current Grade using the drop down menu under the column heading Select Grade to Reinstate and click Save Roster Information to reinstate the wrestlers. The reinstated wrestlers will now appear on the Show Entire Roster page.

How to Add Your Institution's Competition/Team Schedule

1. On the OPC home page dashboard, you will see My Schedule/Results
2. Click the link reading "Click Here to Enter Schedule/Results"
3. This will take you to the Trackwrestling.com portal. All schedule/result data will be entered here.
4. All Schedule/Results data will also appear on the NWCA OPC side for you to print Season Record Forms and other important information, but all data entry is done on the Trackwrestling.com portal

Adding Dual Meets

1. Once you get to the Trackwrestling.com portal, click on "Add Event"
2. Select the type of event "Dual Meet"
3. Select the date using the CAL button
4. Select whether or not it is a conference meet
5. Select the level of competition
6. Click Continue
7. Select the parent event if the dual meet falls under a dual meet event such as a dual tournament, tri, quad, etc.
8. Select the Home/Away location
9. Type the Opponent Team Name and Opponent State and click ADD

Adding Multiple Duals Events

1. Once you get to the Trackwrestling.com portal, click on "Add Event"
2. Select the type of event "Multi Dual"
3. Select the date using the CAL button
4. Select whether or not it is a conference meet
5. Select the level of competition
6. Click Continue
7. Select a Trackwrestling Event if the event is run by Trackwrestling. This will allow you to import results, submit rosters, among other things.
8. Select Multi Dual as the Event Type
9. Enter the Event Name
10. Select Start Date and End Date using the CAL buttons
11. Enter an Event URL if there is one, and any Event Comments if you wish (OPTIONAL)
12. Click ADD button

Adding Individual Tournaments

1. Once you get to the Trackwrestling.com portal, click on "Add Event"
2. Select the type of event "Tournament"
3. Select the date using the CAL button
4. Select whether or not it is a conference meet
5. Select the level of competition
6. Click Continue
7. Select a Trackwrestling Event if the event is run by Trackwrestling. This will allow you to import results, submit rosters, among other things.
8. Select Individual Tournament as the Tournament Type
9. Enter the Event Name (Tournament Name)
10. Select Start Date and End Date using the CAL buttons
11. Enter an Event URL if there is one, and any Event Comments if you wish (OPTIONAL)
12. Click ADD button

Edit Competitions

1. Once you get to the Trackwrestling.com portal, click on the event name you wish to edit
2. You will now see a list of matches. Click on the weight class to edit the match
3. Make any necessary changes and click Save

Delete Competitions

1. Once you get to the Trackwrestling.com portal, find the event you wish to delete and click the red "x" to the right of the event name.
2. A window will appear. Type "delete" and click OK to remove the competition

How to Perform an Unofficial Preseason Weight Evaluation

This form may be printed but NOT saved. (State Exception: Not available to all states)

1. On the Scholastic OPC home page dashboard, click Wrestlers to expand and then click the link Unofficial Test Assessment Form.
2. A blank unofficial preseason evaluation form will appear.
3. Enter the "Name of Student-Athlete" for which you are conducting an unofficial test assessment.
4. Enter all requested preseason evaluation data into the assessment form and click Show Final Calcs button.
5. When you have successfully calculated the unofficial lowest allowable weight class and the unofficial first date the wrestler may compete at that weight class on the Preseason Weight Evaluation Form, click on the Print button.
6. This is NOT an Official Weight Assessment. The Official Weight Assessment must be conducted by an assessor
7. After printing the form, repeat the process to perform a new preseason assessment for another wrestler.
8. Make sure your margins are set to: .5 on top and bottom and .25 for the right and left side.
9. To repeat the process for an additional wrestler, please use the same form and enter new test assessment data.

How to view and print the Alpha Master Report (optional by state)

1. On the Scholastic OPC homepage, click on "Team Reports" and then click on the submenu item "Alpha Master Report" to view the Alpha Master Report using the dashboard menu. (optional by state)
2. The "Alpha Master Report" is a summary of your team's assessment data
3. Print this form by scrolling to the bottom of the page and clicking the "Print Form" button. The report will open up in a new window. Print and then close that window to return to the dashboard.

How to View a Wrestler's Official Assessment

1. On the Scholastic OPC home page dashboard, click on Wrestlers, then click the (+) plus sign beside Rostered Wrestlers to expand the view to see all your wrestler's names.
2. Wrestlers with "official" confirmed assessments will display their minimum weight class beside their name
3. To view a wrestler's official assessment, click the (+) plus sign beside their name. Then click on the Assessment Form selection under the wrestler's name to view his/her assessment.
4. The page will populate with the individual wrestler's assessment. To print the assessment form, scroll to the bottom and click on the Print button.
5. To view another wrestler's assessment, simply repeat the process by clicking on the (+) plus sign beside their name under Rostered Wrestlers and select Assessment Form.

How to view an Individual Weight Loss Plan

1. On the Scholastic OPC homepage, select “Wrestlers” from the dashboard menu to expand. Then click the plus sign (+) beside submenu item “Rostered Wrestlers” to view wrestlers.
2. Then click on the plus sign (+) beside wrestler's name to view that wrestler's individual weight loss plan by selecting the “Wt. Loss Plan” link under his/her name.
3. Print the Weight Loss Plan by scrolling to the bottom of the page and clicking the “Print Form” button. The report will open up in a new window. Print and then close that window to return to the dashboard.

How to view the Team Weight Loss Plan (optional by state)

1. On the Scholastic OPC homepage, click on “Team Reports” and then click on the submenu item “Team Weight Loss Plan” to view the Team Weight Loss Plan using the dashboard menu. (optional by state)
2. This will provide you a team weight loss plan showing what your wrestler is allowed to weigh each week.
3. Print the Team Weight Loss Plan by scrolling to the bottom of the page and clicking the “Print Form” button. The report will open up in a new window. Print and then close that window to return to the dashboard

How to retrieve login and password information for student-athletes

So they can view their individual assessment data as well as access the integrated nutrition program (please note, the wrestlers can design their own customized diet that honors their weight loss/gain plan by using these codes)

1. On the Scholastic OPC homepage, click on “Team Reports” and then click on the submenu item “Wrestlers on File” using the dashboard menu.
2. The program will automatically assign each wrestler a unique Login ID and Password.
3. At the top of the page, click on the “Export Wrestlers Username and Passwords to Excel.” This will export the names of the wrestlers and their codes only to an excel document which you may save to your computer and then print.
4. By clicking the “Export Wrestler's on File to Excel” all the data you see on the Wrestlers on File page will export to an excel document which you may save to your computer.
5. The assessor and/or coach should give each individual wrestler their unique Login ID and Password. The wrestler and his/her parents will have access to their individual assessment data and the nutrition program.

Optimal Performance Calculator Instructions for creating a pre-match weigh-in form & Recording actual weigh in weights Creating a Pre-Match Weigh-In Form:

1. On the OPC home page dashboard, you will see My Schedule/Results
2. Click the link reading “Click Here to Enter Schedule/Results”. This will take you to the Trackwrestling.com portal. All schedule/result data will be entered here.
3. To the right of the events you created, you will see a small scale icon
4. Click the scale icon to open the NWCA Weigh In Form
5. Click the Next button if everything is correct on the first step of the “Weigh In” tab. The Date and Opponent/Event Name fields are pre populated based on the competition details you entered.
6. After clicking Next, the team's entire roster will appear. All wrestlers will appear in their eligible weight class for that date of competition.
7. On the far right hand side, uncheck the names of any wrestlers you do not want to appear on the weighin form
8. After unchecking the names any wrestlers you do not want to appear, click on the Next button at the top of the page

9. You will now be taken to a grid page with all of your wrestlers' names who will be weighing –in.
10. Click on the Print Weigh-in Form button at the bottom of the page
11. Your page will be created into a PDF document which allow you to print in the proper format.
12. Take this form(s) with you to weigh-ins to ensure all wrestlers are at their eligible weight class and to record the actual weight of all your student-athletes on the form(s).

Instructions for Viewing Weigh-in Reports

1. Log into the OPC and click on the Coaches menu to proceed to the Coaches Dashboard
2. Click on Team Reports and click on State Results
3. In the text boxes, select the name or school you want to view and then click on the button Filter Wrestlers
4. A list of your selected wrestlers will appear
5. To view the weigh-in report, click on the Select icon under the heading Weigh in Report

How to enter dual meet results

1. On the OPC home page dashboard, you will see My Schedule/Results
2. Click the link reading "Click Here to Enter Schedule/Results". This will take you to the Trackwrestling.com portal. All schedule/result data will be entered here.
3. Click on the Dual meet name you want to enter results for (if it's a multi dual, you must first add a new dual meet under your parent event)
4. A window will appear with the weight classes. Click a weight class to enter a result.
5. Select your wrestler from the drop down list.
6. Select from the drop down box your opponent's name. If your opponent's name does not appear, manually type the wrestler's name.
7. Select the winner
8. Select a win type (Dec, SV, Fall, DQ, DE, etc.).
9. You will now enter the score or time of the match - see below for description.

How to enter a DEC, SV, TB

1. In the first score box, enter your wrestler's score.
2. In the opponent's score column, enter the opponent's score.
3. After the score is entered into both score boxes, click Save

How to enter a DQ, DE or Pin

1. Do not enter any score information in the score boxes.
2. Make sure DQ, DE or Fall was selected in the win/loss type.
3. Enter the time of the DQ, DE or Fall in the time box.
4. After the time is entered into the time field, click Save.

How to enter a TF (TF4 and TF 5 are for colleges only)

1. Enter any score information in the score boxes.
2. Make sure Technical Fall was selected in the win/loss type.
3. Enter the time of the tech fall in the time box.
4. After the time is entered into the time field, click Save.

How to enter a forfeit

1. Select Forfeit as the win type.
2. After the above steps are performed, click Save.

How to enter tournament results:

1. On the OPC home page dashboard, you will see My Schedule/Results
2. Click the link reading "Click Here to Enter Schedule/Results". This will take you to the
3. Trackwrestling.com portal. All schedule/result data will be entered here.
4. Click on the tournament name you want to enter results for
5. A window will appear. Click on Add Match.
6. Select your wrestler and weight class from the drop down lists.
7. Select won or lost
8. Select Opponent Type: Fetch From High School Season
9. Enter the first few letters of the team name and select the state. Click Search.
10. Click on the team you want. Then select the wrestler from the list shown.
11. Select the win type
12. Enter the score and time if applicable
13. Click Add

How to enter a DEC, SV, TB

1. In the first score box, enter your wrestler's score.
2. In the opponent's score column, enter the opponent's score.
3. After the score is entered into both score boxes, click Save

How to enter a DQ, DE or Pin

1. Do not enter any score information in the score boxes.
2. Make sure DQ, DE or Fall was selected in the win/loss type.
3. Enter the time of the DQ, DE or Fall in the time box.
4. After the time is entered into the time field, click Save.

How to enter a TF (TF4 and TF 5 are for colleges only)

1. Enter any score information in the score boxes.
2. Make sure Technical Fall was selected in the win/loss type.
3. Enter the time of the tech fall in the time box.
4. After the time is entered into the time field, click Save.

How to enter a forfeit

1. Select Forfeit as the win type.
2. After the above steps are performed, click Save.

Manage and Email Results to Newspapers:

1. On the OPC home page dashboard, you will see My Schedule/Results
2. Click the link reading "Click Here to Enter Schedule/Results". This will take you to the Trackwrestling.com portal. All schedule/result data will be entered here.
3. Click on Media Contacts at the top
4. Click the Add Media Contact button to add a new media contact.
5. The system will automatically submit the results to the media contacts.

How to access the Individual Season Wrestling Record Form

1. Once logged into the OPC Coaches Dashboard, click on "My Schedule/Results"
2. Select the link inside this menu reading "Team Season Record Forms"
3. A list of wrestlers for your institution will appear.
4. Click select next to the wrestler's season record form you would like to view.
5. After clicking on the wrestler, you will be taken to a grid page of all the wrestler's matches entered for the year.
6. You can view the data and ensure what should appear on the season record form and be submitted to your qualifying tournaments.
7. Unclick any match that does not meet the criteria to appear on your state's season record form.
8. Click "Save Match Selections" to keep the matches selected, saved for future use.
9. After unclicking all wrestler's that should not appear on the season record form, click on the "show me season record form" button.
10. All matches that should not appear on the season record are filtered out.
11. You can keep all boxes clicked and click on "show me season record form" if you want a comprehensive report of all your wrestler's matches.

Contact to the NWCA

For more information, please visit the NWCA Optimal Performance Website at www.nwcaonline.com. For problems or questions please contact the NWCA office at 717-653-8009 or email at jgriifith@nwca.cc.
Trackwrestling.com: www.trackwrestling.com/tickets

During the Season

1. Individual Weight Loss Plan
 - a. A weight loss limit of 1.5 percent of their alpha weight per week has been established.
 - b. A wrestler will not be allowed to wrestle at any time in a weight class that would require them to lose more than 1.5 percent of their alpha weight per week from the original date of assessment.
 - c. Each wrestler is required to weigh-in with his/her NWCA Pre-Match Weigh-In form at all competitions up to and including the competition that begins the CIF State Championship series.
 - d. Protests will be handled according to CIF Section guidelines.

2. Requirements at weigh-ins:
 - a. Per NFHS Rule 4-4-2 a contestant shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh in, qualifies the competitor.
 - b. If the wrestler weighs in one weight class below their lowest allowable weight class per their Pre-Match Weigh-In Form, they are eligible per NFHS Rule 4-4-2 to only wrestle at the lower of the two weight classes listed for that week on their Pre-Match Weigh-In Form.
 - c. If the wrestler weighs in two or more weight classes below their lowest allowable weight class per their Pre-Match Weigh-In Form, they are ineligible to wrestle in any weight class at that competition.
 - d. If the wrestler weighs in at a weight class higher than their allowable weight classes per their Pre-Match Weigh-In Form, they may wrestle in compliance with NFHS Rule 4-4-2; a contestant shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh in, qualifies the competitor
 - e. Each wrestler is required to weigh in with his/her NWCA Pre-Match Weigh-In Form at all competitions up to and including the competition that begins the CIF State Championship series. Wrestlers who do not have their Individual Weight Loss Plan are not eligible for that competition.

3. Alpha Master Report
 - a. Each coach is required to bring his/her team's NWCA Pre-Match Weigh-In Form to all competitions, including the CIF State Wrestling Championships.
 - b. PENALTLY: The entire team is ineligible to compete and charged with a forfeit of that competition.
 - c. Wrestlers not appearing on the NWCA Pre-Match Weigh-In Form will NOT be permitted to wrestle.

4. Growth Allowance (CIF bylaw 3103 E)
 - a. Growth allowance will be two pounds per weight class after January 15th.

5. Appeal Process (CIF bylaw 3103 G.)

All athletes will be able to appeal his or her body composition measurements one time by reassessment.

a. Appeal Process #1 - Repeat Initial Assessment. This must be done in accordance with CIF Bylaw 3103 G. Appeal Process #1 may be bypassed and only Appeal Process #2 completed. The steps of the Appeal Process #1 are as follows:

1. The wrestler repeats the initial assessment process.
2. The same CIF Assessor may conduct the reassessment or the school may contact another CIF Assessor to do the reassessment.
3. The fee for this reassessment is the responsibility of the athlete and/or school.
4. Provide wrestler ID# from the NWCA Pre-Match Weigh-In Form.
5. Reassessment includes hydration assessment, Tanita measurement, and the same body composition method as previously utilized.
6. Failure to adhere to these regulations will result in a denial of the appeal.

b. Appeal Process #2 - Air Displacement Body Composition.

1. If dissatisfied with the results, the wrestler may choose air displacement measurement (BodPod) to assess body fat percentage from a list of approved facilities (attached).
2. Results of this step shall be final and no further appeal will be allowed.
3. The school should file an "Air Displacement Body Composition Report Form" prior to BodPod assessment.
4. Air displacement may be performed within the 14 days of initial assessment at any time prior to the wrestler's first competition but must be reported to and approved by the Section Office 72 hours prior to competition. A wrestler may not wrestle until the appropriate Section Office has updated the team's Alpha Master List.
5. It will be the responsibility of the appellant to contact a facility that has a Bod Pod to perform the test and will be required to pay the fee for the assessment.
6. Weight loss during the 14-day appeal period is governed by CIF Bylaw 3103.G.

6. Clearance for Student Under Minimum % Body Fat

Any wrestler whose body fat percentage at the time of assessment (Alpha Date) is below 7% for boys or 12% for girls, must obtain in writing a licensed physician's (M.D. or D.O.) clearance also signed by the school principal, parent and wrestling coach stating that the athlete can compete at this sub-7% body fat for boys or sub-12% body fat for girls. Until such form is completed and received by the CIF Section Office, the wrestler remains ineligible.

Nutrition Education Program

While not mandatory, it is highly recommended that each school participate in the nutrition education aspect of the program. The NWCA in conjunction with the NCAA and the NFHS have developed the interactive on-line program to allow parents and students to work together to build an appropriate nutritional plan. This component is part of the NWCA Optimal Performance Calculator and is available to every wrestler that participates in the CIF Weight Management Program and is therefore, eligible to participate in wrestling.

After assessment data is entered at the NWCA web site the NWCA Optimal Performance Calculator automatically issues every wrestler a code and password that allows access into the nutrition program. Coaches have the ability to print and distribute these codes to each wrestler after their initial assessment has been completed and their data is entered into the program.

WRESTLING WEIGHT MANAGEMENT PROGRAM

WRESTLING WEIGHT MANAGEMENT PROGRAM

Terms-Definitions-Contacts

PASSWORDS—USER ID'S ETC.

ASSESSOR ID Each CIF Assessor has an assigned User ID, received directly from CIF upon completion of training. This should not be used by anyone other than the Assessor him/herself. This # along with the password below allows for input of data into NWCA web page. Obviously, compromise of privacy and accuracy would be jeopardized if anyone other than a trained CIF Assessor had such access.

ASSESSOR PASSWORD Each CIF Assessor has an assigned password, received directly from CIF upon completion of training. This password should not be used by anyone other than the Assessor him/herself.

SCHOOL ASSESSOR PASSWORD (SAP)—Each CIF member school is assigned such a number by NWCA upon completion of the registration of their school. The Section will provide Assessors with the SAP for each school in the area they will be serving. These **SHOULD NOT BE SHARED WITH SCHOOLS/COACHES/PARENTS** or anyone else other than the CIF Assessor to whom they have been given—again this provides access to input and view data on the NWCA site. Schools have no reason to have access to anything on the site other than their own school information, which is protected by the School User ID# and Coach password described below. No Assessor should need to get this from another as all have been provided with a complete list and they are available from the Section staff if needed.

SCHOOL USER ID # —These are issued to our CIF member schools by the Section Office. They are issued by NWCA upon satisfactory registration by a school (including payment of the \$30 registration fee) with NWCA. STUDENTS, PARENTS, NO ONE ELSE should ever have access to this School User ID #. This ID number and password below provides access, on the NWCA web site, to all that school's wrestler's individual information. We suggest that the Principal, AD and Coach are the only ones with access to this number. (This number is sometimes referred to as the NWCA Card #)

COACH PASSWORD— These are issued to our CIF member schools by the Section Office. They are issued by NWCA upon satisfactory registration by a school (including payment of the \$30 registration fee) with NWCA. This along with the School User ID # immediately above, provides access, on the NWCA web site, to all of that school's wrestler's individual information. We suggest that the Principal, AD and Coach are the only ones with access to this number. (This number is also sometimes referred to as the NWCA Card password). This password can be changed once on the site. AGAIN, we recommend that the password be shared with the Principal, Athletic Director and Coach ONLY. STUDENTS, PARENTS, ASSESSORS, NO ONE ELSE should ever have access to this password.

WRESTLER INDIVIDUAL PASSWORD—These will be assigned to each individual wrestler once they access the NWCA web site AFTER the Assessor has entered their data on the web site.

www.cifstate.org

TO: All parents/guardians of CIF student-athletes involved in the sport of wrestling
FROM: Marie Ishida, CIF Executive Director
SUBJECT: CIF WRESTLING WEIGHT CERTIFICATION PROGRAM
* Required procedure for 2013-2014 Wrestling Season.

The CIF is committed to the safety of our student-athletes as one of our highest priorities. After careful and thorough discussion and analysis, we have adopted the CIF Weight Certification program that is required by NFHS Wrestling Rules. This program follows guidelines embraced in recent years by the sports medicine community, as well as sport governing bodies (NFHS, NCAA), coaches and other various athletic associations.

CIF believes this weight certification program will provide a healthy weight management regiment for your son or daughter. This nationally-recognized program has been adopted and is required for All CIF wrestlers, with the hope that it will decrease the probability of health risks to any CIF wrestler who might be instructed or choose to utilize unhealthy practices in order to “make weight.”

This letter is to inform you of the basic components of the program and also obtain your permission as parents for your son or daughter to participate in the CIF Weight Management Certification process, as a requirement to participate in wrestling competition in the CIF at any level for this coming season. After you read through this material, if you have additional questions, please contact your school’s Athletic Director or Principal. They should be able to provide you with additional details as requested.

The CIF Weight Certification program has two basic components:

- 1) Nutrition Education and
- 2) Establishment of a healthy minimum weight for each wrestler

The CIF Weight Certification program does not allow the body fat percentage of student-athletes to fall below a certain level:

- Male wrestlers must maintain a minimum of 7% body fat
- Female wrestlers must maintain a minimum of 12% body fat

The CIF Weight Certification Program sets a healthy limit for how much and how quickly they are allowed to safely reduce their weight. The CIF Weight Certification Program controls the rate of weight loss and also establishes an acceptable, healthy minimum weight for each wrestler through the use of a bioelectrical impedance measurement (Tanita scale).

The first step in the CIF Weight Certification Program is to test the hydration level of each wrestler. Wrestlers who are not properly hydrated will not be able to participate in the assessment, as the assessment equipment will not measure the correct percentage of body fat if a wrestler is dehydrated. The initial step in this weight certification program, therefore, requires that a sample of urine from every wrestler be tested to confirm that each wrestler is properly hydrated and can proceed with the measurement of that wrestler’s current percentage of body fat. If the wrestler is not sufficiently hydrated (i.e. specific gravity of the urine is over 1.025) the assessment for percentage of body fat will not be conducted, and will require a re-assessment at a later date (no sooner than 24 hours after the first hydration assessment).

The second step is to measure the current percentage of body fat of the wrestlers. This will be measured when the wrestler steps on the Tanita scale. This scale uses bioelectrical impedance analysis techniques. A low level electrical signal is sent through the lower extremities and the body's electrical resistance is recorded. Using this information, the body fat of the individual is determined.

It is recommended by the National Institute of Health that individuals who have implanted defibrillators should not participate in this test. In addition, there is no scientific evidence that bioelectrical impedance is safe on the fetus during pregnancy

If your son or daughter is planning to participate in wrestling this school year in any CIF-member school program at any level, you must read, sign and return, to your son or daughter's school, the attached Parental Permission Form before an assessment can be performed.

These minimum weight assessments must take place between October 15 and January 15. Each school's wrestling coach and athletic director will be scheduling these assessments on behalf of all the wrestlers at your school. EARLY assessment is better as no student-athlete will be allowed to compete in any wrestling competition for their school until the assessment is completed and entered into the NWCA (National Wrestling Coaches Association) data base. Each wrestler will only have access to their own information posted on the web site and related, individual nutritional information through a personal password. Each school's coach or athletic director will have access to all of their wrestler's information protected by a password. While we are recommending to you as parents that wrestlers follow the program for healthy weight loss this school year, we are mandating that every wrestler be assessed prior to ANY competition. If a wrestler is not assessed they will not be able to compete in any CIF wrestling competition for this school year.

Wrestling is a great CIF sport and we continue to work together with wrestling experts across the country and locally to provide your son or daughter with information on how to manage their wrestling weight goals in a safe and healthy manner.

PARENTAL PERMISSION FORM ATTACHED

NWCA (www.nwcaonline.com)

10932 Pine Street, Los Alamitos, CA 90720-2428
(562) 493-9500 Fax (562) 493-6266

PARENTAL PERMISSION FORM

I hereby grant _____ high school permission to allow a hydration assessment to be performed by a CIF Certified Assessor on a urine sample provided by my son/daughter for the purpose of determining if the appropriate hydration level has been met under the CIF Wrestling Weight Certification Program. I understand that the CIF requires this assessment to be completed in order for my son/daughter to be eligible to compete in wrestling in any CIF competition for the 2013-2014 school year.

By my signature below I understand that my son/daughter agree to the following:

- A 20-30ml (1-2 oz) urine sample will be provided by my /son/daughter in a restroom facility for the sole purpose of being analyzed for the hydration (specific gravity) to be measured and recorded by a CIF Assessor.
- My son/daughter's sample will remain in their possession and under their direct supervision throughout the assessment. They will dispose of their own sample upon completion of the assessment.

I further understand the following:

- The location where the sample is being provided will be supervised by school personnel to ensure that the wrestler has provided a sample of his/her own urine without any contamination (females will supervise locations used by female wrestlers; males will supervise locations used by male wrestlers).
- Every reasonable measure will be taken to ensure privacy for the wrestler when he/she is submitting a urine sample.
- Other than for the hydration testing, the urine sample provided will not be used for any other type of analysis or testing.
- The National Institute of Health recommends that individuals who have implanted defibrillators should not participate in this test. There is no scientific evidence that bioelectrical impedance is safe on the fetus during pregnancy.

I hereby agree to release, discharge and forever hold harmless the CIF, the school and CIF Certified Assessors from any and all claims, which I might now, or hereby have with respect to the urine testing I am consenting to herein. I am free to deny any consent for my son/daughter both now and at any point during the testing.

I acknowledge that I have read this form in its entirety or it has been read to me, and I understand the hydration testing procedure in which my son/daughter will be engaged. I consent and give permission for my son/daughter to participate in this hydration testing.

PARA: Todos los padres/tutores de los estudiantes atletas de CIF que participan en el deporte de la lucha
DE: Marie Ishida, Directora Ejecutiva de CIF
ASUNTO: PROGRAMA DE CERTIFICACIÓN DE PESO PARA LUCHA DE CIF—Procedimiento requerido para la Temporada de Lucha de 2013-2014

La CIF está comprometida con la seguridad de nuestros estudiantes atletas como una de sus prioridades más importantes. Después de un debate y análisis cuidadoso, hemos adoptado el programa de Certificación de Peso de CIF que es requerido por el reglamento de lucha NFHS. Este programa sigue los lineamientos adoptados en años recientes por la comunidad de medicina deportiva, así como las entidades dirigentes de deportes (NFHS, NCAA), entrenadores y otras varias asociaciones atléticas.

CIF está convencida de que su programa de certificación de peso proporcionará un plan de control de peso sano para su hija o hijo. Este programa reconocido nacionalmente ha sido adoptado y se les requiere a TODOS nuestros luchadores de CIF, con la esperanza de que disminuirá la probabilidad de riesgos a la salud de cualquier luchador o luchadora de CIF quien podría ser instruido(a) o elija utilizar prácticas no saludables con el propósito de "ganar peso."

Esta carta tiene el objetivo de informarles los componentes básicos del programa y también obtener su permiso como padres para que su hijo o hija pueda participar en el proceso de Certificación de Control de Peso de la CIF como un requisito para participar en competencias deportivas de lucha en la CIF en cualquier nivel para la próxima temporada. Después de que lean este material informativo, si tienen preguntas adicionales, por favor comuníquense con el Director Atlético o con la Directora o Director de su escuela. Ellos podrán proporcionarles detalles adicionales a sus preguntas específicas.

El programa de Certificación de Peso de la CIF tiene dos componentes básicos:

- 1) Educación de nutrición y
- 2) Establecimiento de un peso mínimo saludable para cada luchador/luchadora.

El programa de Certificación de Peso de la CIF no permite que el porcentaje de grasa corporal de los estudiantes atletas sea menor de un cierto nivel:

- los luchadores varones deben mantener un mínimo del 7% de grasa corporal.
- las luchadoras deben mantener un mínimo del 12% de grasa corporal.

El Programa de Certificación de Peso de la CIF establece un límite saludable en relación a cuánto y qué tan rápido se les permite a ellos reducir de manera segura su peso. El Programa de Certificación de Peso de la CIF controla la tasa de pérdida de peso y también establece un peso mínimo aceptable y saludable para cada luchador/luchadora a través del uso de un análisis de impedancia bioeléctrica (báscula Tanita). El primer paso en el Programa de Certificación de Peso de la CIF es examinar el nivel de hidratación de cada luchador/luchadora. Los luchadores que no estén adecuadamente hidratados, no podrán participar en la evaluación, ya que el equipo de evaluación no medirá el porcentaje correcto de grasa corporal si un luchador/luchadora está deshidratado. Por lo tanto, el paso inicial en este programa de Certificación de Peso de la CIF, requiere que a cada luchador/luchadora se le haga un examen de orina para confirmar que esté adecuadamente hidratado(a) y pueda proseguir con la medida de su porcentaje de grasa

corporal actual. Si el luchador/luchadora no está suficientemente hidratado(a) (por ej.: la densidad específica de la orina es más alta de 1.025) no se llevará a cabo la evaluación del porcentaje de la grasa corporal, y se requerirá una reevaluación en una fecha posterior (no antes de 24 horas después de la primera evaluación de hidratación).

El segundo paso es medir el porcentaje actual de la grasa corporal de los luchadores. Éste se medirá cuando el luchador/luchadora se suba a la báscula Tanita. Esta báscula usa técnicas de análisis de impedancia bioeléctricas. Una señal eléctrica de bajo nivel es enviada a través de las extremidades inferiores y de esa manera se registra la resistencia eléctrica del cuerpo. Usando esa información, se determina la grasa corporal del individuo.

El Instituto Nacional de la Salud recomienda que los individuos que tengan desfibriladores implantados no deberán participar en este examen. No existe evidencia científica de que la impedancia bioeléctrica sea segura para el feto durante el embarazo.

Si su hijo o hija está planeando participar en el deporte de lucha este año escolar en cualquier programa de escuela miembro de la CIF, a cualquier nivel, usted debe leer con atención, firmar y devolver a la escuela de su estudiante el Formulario de Permiso de los Padres aquí incluido antes de que se pueda realizar una evaluación.

Estas evaluaciones de peso mínimo deben llevarse a cabo entre el 15 de octubre y el 15 de enero. El entrenador del deporte de lucha de cada escuela y el director atlético programarán estas evaluaciones para todos los luchadores en su escuela. La evaluación TEMPRANA es mucho más recomendable ya que a ningún estudiante atleta se le permitirá participar en ninguna competencia de lucha para su escuela hasta que se haya completado su evaluación y los resultados se hayan registrado en el banco de datos de la NWCA (Asociación Nacional de Entrenadores de Lucha). Cada luchador o luchadora tendrá acceso únicamente a su propia información publicada en la página de Internet y a la información relacionada con su nutrición individual por medio de una contraseña (password) personal. Cada entrenador o director atlético tendrá acceso a toda la información de los luchadores de su escuela la cual estará protegida por una contraseña. Mientras que nosotros les recomendamos a ustedes como padres que los luchadores sigan el programa para una pérdida de peso saludable este año escolar, solicitamos como requisito obligatorio que cada luchador/luchadora sea evaluado(a) antes de que se lleve a cabo CUALQUIER competencia. Si un luchador o luchadora no es evaluado(a) definitivamente no podrá participar en ninguna competencia de lucha de la CIF durante este año escolar.

La lucha es un magnífico deporte de la CIF y continuamos trabajando en colaboración con expertos en el deporte de lucha de todo el país y localmente con el fin de proporcionarle a su hijo o hija la información adecuada para controlar sus metas de peso en dicho deporte de una manera segura y saludable.

FORMULARIO DE PERMISO DE LOS PADRES INCLUIDO

NWCA (www.nwcaonline.com)

FORMULARIO DE PERMISO DE LOS PADRES

Por medio de la presente otorgo a la escuela preparatoria _____ mi permiso para que un Asesor Certificado por la CIF lleve a cabo una evaluación de hidratación en una muestra de orina que proporcione mi hijo/hija con el propósito de determinar si se ha cumplido el nivel de hidratación apropiado bajo el Programa de Certificación de Peso para el deporte de Lucha de la CIF. Yo entiendo que la CIF requiere que se lleve a cabo esta evaluación con el fin de que mi hijo/hija sea elegible para competir en el deporte de lucha en cualquier competencia de la CIF durante el año escolar 2013-2014.

Mi firma al calce de este documento indica que yo entiendo que mi hijo/hija está de acuerdo con lo siguiente:

- Mi hijo/hija proporcionará un muestra de orina de 20-30 ml (1-2 oz) en una instalación sanitaria o baño con el único propósito de hacer que una gota de dicha muestra de orina sea analizada para constatar su hidratación (densidad específica) con el fin de que un Asesor Certificado por la CIF la mida y registre los resultados.
- La muestra de mi hijo/hija permanecerá en su posesión y bajo su supervisión directa a lo largo de toda la evaluación. Ellos desecharán su propia muestra cuando se complete y finalice la evaluación.

Además entiendo lo siguiente:

- El lugar donde se proporcione la muestra de orina será supervisado por personal de la escuela con el fin de asegurar que el luchador/luchadora ha proporcionado una muestra de su propia orina sin ninguna contaminación (personas adultas del sexo femenino supervisarán los lugares que usen las luchadoras; adultos varones supervisarán los lugares que usen los luchadores varones).
- Se tomarán todas las medidas razonables para asegurar la privacidad del luchador/luchadora cuando él o ella entregue su muestra de orina.
- Aparte de el examen de hidratación, la muestra de orina proporcionada no se usará para ningún otro tipo de análisis o examinación.
- El Instituto Nacional de la Salud recomienda que los individuos que tengan desfibriladores implantados no deberán participar en este examen. No existe evidencia científica de que la impedancia bioeléctrica sea segura para el feto durante el embarazo.

Por medio de la presente estoy de acuerdo con librar y para siempre eximir de cualquier responsabilidad a la CIF, a la escuela y a los Asesores Certificados de la CIF de cualesquiera y todos las reclamaciones, que pudiera yo tener ahora, o después, con respecto al análisis de orina que estoy autorizando y para el cual estoy dando mi consentimiento como lo indica mi firma al calce de este documento. Soy libre de negar cualquier consentimiento, permiso o autorización para mi hijo/hija tanto ahora mismo como en cualquier punto o momento durante la examinación.

Reconozco que he leído este formulario completamente o que alguien me lo ha leído, y entiendo el proceso de análisis de hidratación en el cual participará mi hijo/hija. Doy mi consentimiento y permiso para que mi hijo o hija participe en este análisis de hidratación.

STAYING HYDRATED FOR TOP PERFORMANCE *(And Passing the Hydration Test for Body Composition Assessment)*

The purpose of the hydration test is to help assure that each wrestler's weight taken at the time of measurements is an accurate weight from which a minimum weight can be established. Below are some guidelines that can help you prepare for the hydration test. But staying hydrated means more than passing the hydration test. It is an important step in making sure you perform your best in your sport.

Water is second only to air in its importance to our survival. Our bodies are 60 to 65% water by weight. Much of this fluid weight comes from the muscles (70% water) and the blood – both of which are critical to optimal athletic and wrestling performance. *Dehydration compromises muscular endurance and strength.* Dehydration also decreases blood volume, which can decrease athletic performance and increase the risk for heat illness (heat cramps, heat exhaustion, or heat stroke).

The key to staying well hydrated is to drink plenty of non-caffeinated beverages throughout the day, and to replace fluid loss incurred while working out. On a daily basis, this will help you feel stronger and last longer at practice and matches. It will help you pass the hydration test before your measurements are taken.

Below are some guidelines:

- * Two hours prior to hydration test have wrestler drink 24 ounces of water (three cups).
Drink 8 to 10 (8 ounces) glasses of water, milk, juice, or non-caffeinated beverages daily.
- * **Drink another 4 cups for every hour you workout. If you have a 2-hour football practice, that means an additional 8 cups of fluids. Individuals who sweat heavily or are in a hot environment may need to drink 6 to 8 cups of non-caffeinated beverage for each hour they workout.**
- * 2 hours before the game, match or hydration test, drink 16 to 24 ounces of water or non-caffeinated beverage. The 2-hour time frame will allow the body to clear excess fluid from the body. Being dehydrated, then drinking immediately prior to an athletic contest or the hydration test will do little to help improve performance or pass the hydration test.
- * **These tips stress avoiding caffeine, because caffeine is a diuretic. That means it increases urine production. Increased urine production means you are losing extra fluids, essential for top performance and will likely become dehydrated. Caffeine is a common ingredient in some sodas, coffee beverages and some teas. Chocolate and some pain relievers may also contain caffeine. Additionally, carbonated beverages will also contribute to the sensation of “feeling full” or bloated. This sensation may be counter-productive, as it will likely diminish the thirst drive.**

Carefully following these guidelines, along with the recommendations in *The Wrestler's Diet* will increase your chances for a healthy, safe and successful high school wrestling season.

APPEAL FORM

AIR DISPLACEMENT BODY COMPOSITION REPORT FORM

STEP 1

A wrestler may choose, at his/her own cost, to appeal the Tanita scale body composition test. The appeal may only utilize air displacement measurements to determine body fat percentage. Results obtained at this step are automatically accepted; the athlete, family, school, or coach may not appeal further. The _____ Section Office must be notified that the wrestler had chosen to appeal the Tanita scale body composition test.

A. Student to be weighed: _____ Grade: _____

School: _____

B. AIR DISPLACEMENT WEIGHING FACILITY: _____

Technician CONDUCTING THE WEIGHING: _____

Home Phone: _____

Work Phone: _____

C. We understand that the results of the air displacement weighing will replace all previous Tanita results, cannot be appealed, cannot be modified by the Physician's Clearance form, or any other action, and will remain the reference for this student during this school year.

Parent Signature: _____

Date ____/____/____

Print Name: _____

D. Results of the air displacement weighing measurement

% Body fat: _____

Signature of Person Conducting Test

Physician Clearance
For
WRESTLER BODY FAT ALLOWANCE

**This form shall be completed and filed with CIF Southern Section, prior to the athlete competing.
Fax – 562-493-6266**

TO THE PHYSICIAN:

The CALIFORNIA INTERSCHOLASTIC FEDERATION (CIF) has instituted the California Weight Monitoring Program to encourage healthy weight management by interscholastic wrestlers. As part of this program, a minimum weight is established for each wrestler prior to their competitive season. Each wrestler's body fat and lean body mass is measured by a CIF Certified Assessor through BIA measurements. The standard error for this method is $\pm 4\%$ for higher weights. A minimum weight is then calculated as 7% body fat for males and 12% for females.

Your patient was assessed during the pre-season as less than 7% body fat (or 12% for females). The athlete is requesting that he or she be allowed to wrestle at his or her present weight – (alpha weight). Because this weight is less than 7% (for males) and 12% (for females) body fat, CIF guidelines require permission from the athlete's personal physician. Most adolescents require 5-7% body fat (males) or 10-12% body fat (females) to achieve optimal growth and development. However, there are some adolescents who are naturally lean and develop normally at a lower percent body fat.

Please evaluate your patient for normal growth and development, paying particular attention to weight fluctuations and his or her growth curve. Based on the patient's history and your examination, determine if his/her present weight is compatible with normal growth, development, and good health.

Thank you, North Coast Section, CIF

Wrestler's name: _____ **School:** _____ **Grade:** _____

DATA REVIEW

Alpha Date: ____/____/____ **Alpha Weight:** _____ lbs. **Body fat:** _____ %

Weight class that immediately exceeds the Alpha Weight: _____ lbs.

I have examined the above named student-athlete and believe that based on the patient's history, and this examination, that his/her present weight is compatible with normal growth, development, and good health. I therefore approve of this student-athlete's participation at the weight class at or above the Alpha Weight listed above.

PHYSICIAN'S SIGNATURE: _____ **DATE:** _____

Print Name: _____

Address: _____ **City:** _____ **Zip:** _____

As the parent or guardian of the above named student-athlete I support our doctor's decision regarding our son's/daughter's participation at the weight class at or above the Alpha Weight listed above.

Parent signature: _____ **Date:** _____

Print Name: _____

As the coach for this athlete I support the doctor's and parent's decision regarding their patient's/son/daughter's participation at the weight class at or above the Alpha Weight listed above.

Coach's Signature: _____ **Date:** _____

Print Name: _____

As the principal of the above named student-athlete's high school I affirm that the process of Physician Clearance has been completed properly.

Principal Signature: _____ **Date:** _____

Print Name: _____

High School: _____

Note: This form is the only document accepted as a "Physician Clearance". Mail or fax a copy of this form to CIF Southern Section. Each coach should carry a copy of this Physician's Clearance to EVERY competition.
