Poly Wins CIF Cage Crown, 90-48, over North Torrance; Records Shattered

TOURNAMENT CHAMPIONS—Jeff Lemon, Poly High guard, (upper left) gets a boost to the rim from team-mate and cuts down the net symbolizing Poly High's 1965 CIF basketball championship. Center: Commissioner Ken Fagans presents perpetual CIF trophy to Poly coach Will Foerster and team captain Gene Washington. Right: Washington accepts congratulations from Executive Committee member Harry Bigger of Fillmore. Lower left: Coach Jack Walvoord's Valley Christian Crusaders pose for team picture after capturing the "A" division basketball title with a 68-50 win over Hemet. Lower right: Servite High's Friars pause for team photo after winning "AA" title in cliff-hanger from Torrance, 62-60.

Jackrabbits Capture Ninth CIF Title Before Record 12,532 Fans in L.B. Arena

Long Beach Poly's lightning-like fast break and some phenomenal shooting by Player-of-the-Tournament Trent Gaines propelled the Jackrabbits to their ninth CIF basketball crown, 90-48, over North Torrance in the "AAA" finals before a record crowd of 12,532 at the Long Beach Arena on March 13.

It was the second straight title for

Poly and the first under head coach Willard Foerster.

Gaines, who ran away with Player-of-the-Tournament honors, hit 10 field goals in 13 tries in the championship game and nine of 11 from the floor in Poly's 74-57 win over Oxnard in the semi-finals. For the two nights he was 19 for 24 — 79 per cent.

Poly's 90 point performance in the championship game, as well as the 138 total points between the two schools, established new championship game records. The winning margin of 42

points was also a new record breaking the 21 point margin set by Whittier (40) and Citrus (19) in 1916.

The total attendance on Saturday night — 12,532 — was not only a record for the CIF finals but also an all-time basketball attendance mark for the Long Beach Arena. A crowd of 8,305 witnessed the semi-finals on Friday, March 12.

In the championship game, Poly jumped off to a quick 11-0 lead and by the end of the first period had ex-

Los Angeles Rams Volunteer Speaker, Film for Assemblies

Eddie Meador, six year veteran of the National Football League and defensive captain of the Los Angeles Rams for the past three years, is the featured speaker in the Rams' offer to provide assembly programs to high schools in Los Angeles, Orange and Ventura counties.

"In addition to his talk, which centers on the values of good grades, higher education, sensible living habits and good physical training, Meador will show the new color-film presentation — "Rams Highlights," according to Chuck Benedick of the Rams Public Relations Department.

Meador was an honor student at Arkansas Tech. He was a high-ranking officer in the college ROTC program and is now successful in the business community of Los Angeles as well as on the football field.

The 32-minute film, which Meador presents with his talk, is 16mm sound containing action from the Rams' 1964 season. Bob Kelley narrates.

Schools wishing to avail themselves of the program offered by the Rams should contact Chuck Benedick at WEBster 3-8291 or write in care of the Rams, 7813 Beverly Blvd., Los Angeles 90036. It will be necessary for the school to furnish only a 16mm sound projector, screen and ten-inch take-up reel, as well as such microphone and amplifier as may be required.

Basketball Officials Rate Coaches Conduct at Games

Sportsmanship among Southland basketball coaches, as rated by basketball officials, was generally poorer than the 1963-64 season but by the same token more schools received excellent ratings this year as compared to last.

These facts came to light in a summary of the officials' rating of the coaches' conduct at games during the past season as prepared by John Morrow of the Southern California Basketball Officials Assn.

Says Morrow: "More unfavorable reports were received than a year ago. I was somewhat surprised about this, since the L. A. City Schools report showed a trend toward better sportsmanship being exhibited by the coaches."

On the other hand, last year only 18 schools received all reports excellent, while this year the list jumped to 31.

"The following schools," according to Morrow, "should be congratulated for having received only excellent reports: Alemany, Azusa, Bellflower, Black-Foxe, Burbank, Burroughs, California, Centennial, Gladstone, Compton, Culter Academy, El Rancho, Excelsior and Flintridge.

"Also Glendora, Keppel, La Mirada, Millikan, Mira Costa, Monrovia, Muir, North Torrance, Pasadena, Pasadena Academy, Rosemead, St. John Bosco, St. Monica, San Marino, Santa Monica, Temple City and Long Beach Wilson.

"Nine hundred seventy-four returns were made for the CIF. Sixty-two poor conduct ratings were received, or about double the percentage for the city."

Job Opportunities

Rosemead High School has nine coaching assignments open. The openings are as follows:

- 4 football—Classes B, C head and assistant for each
- 2 basketball—junior varsity and Class C

- 1 track assistant
- 1 head wrestling coach
- 1 swimming

Men interested in applying for any of the positions should be aware that these assignments are strictly after school openings. The school does not have plans at this time to hire inside teachers or coaches.

A credential is necessary for the head coaching spots, according to Athletic Director Aubrey Tapp. Interested parties may contact Tapp at Atlantic 6-3141.

"AAA" DIVISION CHAMPIONS—Long Beach Poly High copped its second straight "AAA" title with a 90-48 win over North Torrance before a record turnout of 12,532 in the Long Beach Arena. Chuck Moore and Gene Washington hold the perpetual trophy while center Phil Muckelroy has the CIF team trophy. Principal Neil Philips and Coach Will Foerster are standing at the left.

POLY WINS CIF CAGE TITLE

(Continued from page 1)

tended the margin to a comfortable 23-6. By halftime it was 44-20 and as good as over.

Poly concluded the season with a 21 game winning streak after three early season losses — two to Glendale and one to St. Anthony. The "Rabbits" two-year record is 61-4 (32-1 in 1964 and 29-3 this year).

Joining Gaines, who scored 21 and 22 points in the two games, on the All-Tournament team were two other Poly stars. Mack Calvin (17 and 14 points), who spearheads the fast break, and Chuck Moore 20 and 18 points). Both Moore and Gaines are juniors and will return to haunt Southland coaches for another season. They both started on last year's CIF title-winning team, too.

While the Poly vs. North Torrance battle in the finals was strictly no contest, it should be remembered that North played most of the championship game without 6-11½ center Ron Taylor. Taylor suffered a severely sprained ankle in the Saxons' "upset of the year" win over Redondo on Friday night. The ankle held up through-

out the Redondo game but swelled overnight and rendered the giant center almost helpless Saturday.

On Friday, however, Taylor was the spark (21 points) behind North's spectacular 54-49 win over previously unbeaten Redondo. The Seahawks went into the semi-finals unbeaten in 26 starts and were rated heavy favorites to meet Poly for the championship.

While North Torrance had an average shooting night (36 per cent), Redondo couldn't buy a basket. The 'Hawks shot a mere 29 per cent from the field and just 61 per cent from the foul line.

Poly started its sharp-shooting weekend with a 50 per cent shooting mark against Oxnard in their semi-final tilt. As in the championship game, Gaines, Moore, and Calvin paced the balanced scoring while center Phil Muckelroy handled the rebounding department (32 in the two games) and Gene Washington played tough defense on the opposition's leading scorers.

En route to the semi-finals Poly downed Compton, South Torrance and Rancho Alamitos by margins of 10, 10 and 20 points, respectively. North

Torrance ousted Glendale by two, Ventura by four and Western of Anaheim by three in overtime.

Valley Christian Drops Hemet, 68-50, for "A" Championship

Valley Christian's basketball team took up right where its football team left off in the thick of a CIF title chase, and like the gridders, advanced to the finals to the "A" basketball play-offs.

Unlike the footballers, who lost to Rim of the World in the "A" finals, Valley Christian's cagers used superior height and rebounding to full advantage and slapped Hemet, 68-50, to win the "A" championship at the Long Beach Arena on March 13.

After losing five of their first six games during the season, the Crusaders went on a rampage and captured 16 of their last 17 games and ran away with the "A" title. Coach Jack Walvoord's quintet left little doubt as to the best club in the "A" division as VC jumped off to a 20-8 first period lead over Hemet in the finals and coasted on to the win.

Dean Duistermars led the Crusader attack with 24 points and 14 rebounds in the championship game. The former All-State star from Michigan, whose minister-father was transferred to Southern California, hit on 11 of 26 shots from the field and two of four free throw attempts to lead all scorers. He was followed by teammate Tony Smits with 18. Greg Smith of Hemet had 16 in a losing effort.

Both Duistermars and Smith were named to the All-Tournament ten.

The difference in the championship game can be told from the statistics which show that Valley Christian out-rebounded Hemet 47 to 29.

Hemet carried a 23-2 record into the finals while Valley Christian was 16-6. The Crusaders lost early season games to Bishop Montgomery, Chadwick, Dominguez, Glenn and Mayfair before a 12 game winning streak got them back on the right track.

VC was defeated by Lutheran 57-49 in the final league game of the season but earned a title tie with Lutheran (11-1) in the Olympic League. In the play-offs Valley Christian trounced Avalon 77-45, beat Webb 61-48 and manhandled Carpinteria 81-62 to advance to the finals.

Hemet, meanwhile, topped Ontario Christian 89-51, downed South Hills 56-41 and edged Perris 62-58 to make the championship game.

CIFPF Covers New CIF, SS, Football Conditioning Program

The CIF Protection Fund will extend its football coverage to include the physical conditioning program authorized by the CIF, SS, on five week days prior to the official opening day of football practice. The extension of coverage will be made without any increase in cost for CIFPF membership.

No special procedures are required in order to take advantage of the extended coverage. If injuries should occur during the physical conditioning program on the five week days prior to the opening day of football practice, claims should be submitted in the normal manner.

William W. Russell, State CIF Commissioner, and Executive Secretary of the CIF Protection Fund, urges schools and football coaches to continue to emphasize to prospective football squad members that conditioning takes longer than five days of work. Schools previously have laid out a football conditioning program for their football squad candidates to follow during 6 to 8 weeks of the summer, on an individual and voluntary basis. Schools are urged to continue with this program during the summer.

CIFPF football membership fees will remain at \$8.50 for the "A" benefit program, and \$12.50 for the "AA" benefit program. Catastrophic coverage benefits are again provided at no additional membership fee. For further information contact the CIFPF office, 525 E. Hyde Park Place, Inglewood, telephone OR 8-3811.

Servite Wins "AA" Title in 62-60 Thriller; Friars Tabbed Cinderella Team in Tourney

Every tournament has to have a Cinderella team and the 1965 CIF basketball play-offs were no exception as unheralded Servite High of Anaheim scored five clutch play-off wins and copped the "AA" title with a 62-60 win over Torrance in the finals at Long Beach.

From the very first weekend of play when Servite upset Victor Valley, 60-59, at Victorville the Friars were tabbed the "Cinderella" team. Each ensuing game was supposed to be "midnight" but somebody forgot to tell 23-year old Coach Remi Tremblay and his team.

After that one point win over Victor Valley, Servite went to Fontana and kayoed a strong Fontana five, 67-58, coming from behind in the last period to win going away.

A 29-point win over second seeded Pomona in the quarter-finals and an 11 point win over Colton in the semis took the Friars to the Long Beach Arena for their championship tilt with Torrance, a team with a 24-3 record and losses only to North Torrance and Ventura.

Incidentally, Servite finished second in the Angelus League with an 8-4 record suffering three losses to title-winning Mater Dei.

In the championship game, Servite's All-Tournament forward, Bill Halligan, and Torrance's All Tourney selection, Walt Hale, had their own personal battle royal. Halligan scored 22 points and pulled down 20 rebounds while Hale had 25 points and 15 rebounds.

But, in the long run, it was the Friars' clutch shooting (44 per cent from the floor) that told the story.

Servite took a 48-44 lead into the final period after it was tied 29 all at halftime. Although Torrance never took the lead in the final stanza the Tartars did knot the count on a couple of occasions.

Dennis Ricketts broke a 58 all tie with 35 seconds to play when he hit from the inside and put the Friars on top, 60-58. Torrance's Dick Davies' two pointer with 20 seconds left tied the score at 60 all.

That set the stage for Charlie Day's game-winning basket, a jumper from the top of the key, with nine seconds left. Torrance was unable to get a

shot in the remaining time and Cinderella Servite won its first-ever basketball championship.

An elated Tremblay, who concluded his first year of coaching with a CIF title, was free with his praise of both teams. "This has to be the most exciting night of my life," he said after the game. "I have dreamed about this ever since I decided I wanted to become a coach.

"Make no mistake about it," said Tremblay, "no one wins the Kentucky Derby riding a mule. You gotta have the horses, and man, I did. Halligan was outstanding and Bob Pinger was great, but the way this team fought after Pinger fouled out proves it is just not a two-man team. Ricketts played a tremendous game and so did Day and Ken Rathbone . . ."

And Remi Tremblay went on praising everybody on the club.

Not only was the "AA" championship game the closest of the three title games, but play in the early rounds of the division was also close. Thirteen games of the 29 played were decided by five points or less.

Runner-up Torrance was involved in four of them as was Buena High of Ventura.

RECORD HOLDERS—Paul Wilson, right, who has vaulted 16-6 $\frac{3}{4}$, chats with Iolanda Balas, holder of the world's indoor and outdoor high jump record. Miss Balas, who captured the Olympic high jump title for her native Rumania, visited Warren High in Downey while in Los Angeles for the Times Indoor Games.

Pater Noster Wins Soccer Title; Eagles Top St. John Bosco, 2-1

Pater Noster High of Los Angeles capped the second season of competition in the free lance CIF, SS, soccer league when the Golden Eagles topped St. John Bosco, 2-1, for the league title in the championship game played on February 27 at Belvedere Park.

Pater Noster went into the title game representing the Western Division of the eight team league while St. John Bosco had captured the crown in the Eastern Division.

A goal with eight minutes to play by Pater Noster center forward Joe Hamori broke a 1-1 tie and proved to be the decider. The winners' first goal came on a shot by Bob Martinez. Goalie Chuck Medrano starred for the Eagles as he saved a number of "sure" St. John Bosco shots throughout.

Joining St. John Bosco in the Eastern Division were Bosco Tech, Pomona Catholic and non-CIF member Citrus Laboratory. In the Western Division were Salesian, San Gabriel Mission and St. Bernard in addition to Pater Noster.

SURVEY SHOWS INTEREST DEVELOPING IN GIRLS TRACK AND FIELD PROGRAM

The success of the United States Women's Track and Field Team in the 1964 Olympic Games and meets leading up to the Tokyo competition seems to have spurred new interest in interscholastic athletics for girls. The CIF, SS, office has received a number of calls from school officials and other parties in recent weeks regarding girls participation in organized meets and exhibition events.

Several schools in the Southern Section have had organized teams for some time now and last year 25 different schools competed with teams or individuals in meets at Santa Ynez and Montclair.

Bob Pitman, girls track and field coach at Simi Valley High, asked permission from the CIF, SS, Executive Committee to send a questionnaire to each of the schools in the Southern Section, asking for the administrators' feelings on girls track and field competition.

One hundred and twenty-five schools responded to the questionnaire and returned it to Pitman. He has compiled the results and forwarded them to the CIF, SS, office. The questions and responses follow:

QUESTIONNAIRE GIRLS TRACK INFORMATION SHEET

1. Do you presently have girls track as part of your physical education program? How much time is devoted to it?

Yes: 67 No: 58

Time ranged from 2 weeks (1 school) to a full quarter (12 schools). Average was 6 weeks (22 schools). 12 schools qualified number of weeks to include just during Freshman or Sophomore year. Number of weeks: 2 (1), 3 (9), 4 (13), 5 (5), 6 (22), quarter (12) No response on length from 5 schools.

2. Do you have a girls team that competes with other schools in track? Is this part of your regular GAA program, or is it a separate team?

No: 86 Yes: 39

5 schools answering no to number 1 said yes to number 2. 17 schools have a very limited program such as a play day, a district meet, a few girls in a relay meet etc., strictly under GAA. 19 schools have a definite interscholastic schedule under GAA. 4 schools have a definite interscholastic schedule, not under GAA, similar to boy's program on lesser scale.

There is one definite league where each school meets every other school

at least once and a champion is decided (San Gabriel Valley). There are three leagues which are within district or boy's league boundaries, and a champion is decided by a single league meet.

3. Is there a member of your staff who handles girls track? What special training has this person had for coaching girls track?

With three exceptions girls track is coached by women P.E. teachers. A very few (3) have had any special training other than normal P.E. work that qualifies them to coach a girls track team. The three exceptions (Santa Ynez, Simi, Victorville) have been coaches for boys' track teams.

4. Would your school be interested in having girls track (on an interscholastic basis) if suitable leadership—both within your school and from outside the school—were available?

Yes: 61 No: 31 Qualified Yes: 14 Qualified No: 10 Question Mark: 6 No Answer: 3

Major comments: Must be handled by women, within GAA, etc.: 5, no interest, not ready, etc.: 5, not possible because of board attitude: 3, transportation, budget, etc.: 5. Those that have separate teams (39): 29 yes, 2 no, 3 qualified yes, 2 qualified no, 2 question mark, 1, no answer.

Those that don't have separate teams (86): 32 yes, 29 no, 11 qualified yes, 8 qualified no, 2 question mark, 4 no answer.

5. What is the general attitude of your administration toward girls interscholastic athletics?

Strongly favorable16
Favorable51
Neutral, questionable

passive21
Negative28
Strongly negative9
