T. E. BYRNES

"IT'S A
GAME—
NOT
A WAR"

Recently it has been most popular in the world of radio, television and the press to refer to athletic contests as a war between two teams, and in the same context to refer to one's opponents as enemies. It is the opinion of this Office such language used in this context is most unfortunate in that it has a negative effect on our young people and even perhaps some of our inexperienced coaches.

This negative concept is so inconsistent with the purposes of interscholastic athletics, as viewed by this Section, that it is the strong feeling of this Office that something has to be said about it.

The games that we play are designed to provide a rich educational experience for our young people so that they might have a successful adult life. They are designed to be played intensely with great vigor and desire, and they should be engaged in with the entire mind and heart of the participants.

However, to regard such activities as a war and one's opponents as enemies, is destructive to our purposes in education.

In contrast to telling students one's opponent is an enemy, our young people should respect same and hold them in high regard. After all, your opponent has paid the same price in hard work, discipline and team work that you have done. The same people that these students are playing against today will probably be sharing leadership roles in this country within the near future.

If there is such a thing as an enemy in interscholastic athletics, it is not our opponents on the field (who you need in order to accomplish your educational objective of desirable competition), but perhaps one should look elsewhere; either outside the stadium or on the top row of the bleachers where the Monday morning quarterbacks are criticizing both you and your opponent.

MINUTES OF THE CIF-SS EXECUTIVE COMMITTEE MEETING

February 9, 1978

The Executive Committee meeting of the Southern Section of the California Interscholastic Federation was called to order by Chairman, Dr. Lou Joseph at 1:30 p.m., Thursday, February 9, 1978 in the conference room of the CIF-SS Office. All members were present with the exceptions of Ted Gossard, Gene Hartley, Dr. Lowell Jackson and Bruce Keuning.

1. **APPROVAL OF MINUTES:** It was moved, seconded and passed to approve the minutes of the Executive Committee meeting of January 14, 1978 as published in the February issue of the "Monthly Bulletin."

2. **BOYS' ATHLETIC DIRECTOR REPORT:** Mr. Clyde Francisco, representative to the Committee, highlighted areas of concern in Boys' athletics, noting the continuing rise of walk-on coaches, early retirement of coaches and a shortage in basketball and baseball officials.

3. **GIRLS' ATHLETIC DIRECTOR REPORT:** Mrs. Barbara Wilson, representative to the Committee, highlighted areas of concern in Girls' athletics, noting the concern with shortage of officials in Girls' gymnastics and field hockey.

3. **TREASURER'S REPORT:** Dr. Hanford Rants, treasurer, submitted a brief report of the current 1977-78 budget and preparations that are currently going on so as to present an overview to the Council, at its March meeting, for the 1978-79 fiscal budget.

4. **ASSIGNMENT COMMISSIONERS:** Mr. Darol Roundy, representative from the CIF-SS Office in the area of officials, gave a brief report relative to assignment and rating procedures for Boys' officials. Following discussion a committee was appointed to survey the methods being utilized in all assignment areas for Boys' and Girls' sports and to bring back a recommendation in said areas. Mrs. Barbara Wilson was appointed chairman, with Margaret Davis, Ted Gossard, Darol Roundy and Clyde Francisco also serving on the committee.

6. **LA REINA REQUEST:** It was moved, seconded and passed to honor the request of La Reina High School for a change from the Private School alignment to the Northern area.

7. **GYMNASTICS PLACEMENT:** It was moved, seconded and passed to place the Moore and Mission Valleys leagues in the 3A Division for Girls' gymnastics on the 1977-78 season.

8. **CHAPARRAL LEAGUE PLACEMENT:** It was moved, seconded and passed to place the Chaparral league in the 1A division for Girls' basketball on the 1977-78 season.

9. **BLUE BOOK MODIFICATION:** Following discussion, a proposal for modification of Article VII, Section 6 of the CIF-SS Blue Book was referred to the Blue Book Committee for further study.

10. **ASSOCIATE MEMBERSHIP:** It was moved, seconded and passed to grant associate memberships to John Kennedy Junior High School, Hinkley Elementary School and Daggett Elementary School and that the three schools in the Barstow district be permitted to operate as a multi-campus facility. It was further moved, seconded and passed to submit same to the State Federated Council for approval on the multi-campus aspect of the request.

11. **CLUB VOLLEYBALL AND GYMNASTICS COACHES:** Following discussion, it was moved, seconded and passed to enable college coaches the opportunity to work with high school youngsters in the sports of volleyball and gymnastics (as currently allowed for in swimming) if said coaches are employed by a private club and workouts do not take place on a college campus or facility, effective the 1978-79 years.

12. **METRIC CONVERSION:** In the area of metric distances for track and field, it was moved, seconded and passed that invitationals may be run in equivalent metric distances if so requested (as approved by the National Federation Rules); in the area of non-league and league meets, the home school's track markings would take

precedence; while the CIF-SS prelims, finals and State qualifying meets will be run in yards.

13. **WATTS SUMMER GAMES:** It was moved, seconded and passed to approve the annual request for CIF-SS schools to take part in the 1978 Watts Summer Games.

14. **SERVITE HIGH SCHOOL SWIMMING REQUEST:** It was moved, seconded and passed to place Servite High School in the Del Rey league for swimming and diving for the 1978-79 season.

15. **OFFICIALS ASSIGNMENTS:** Following discussion, the CIF-SS Office was directed to draw a proposal relative to alleviating a shortage in Boys and Girls basketball officials with respect to the days of the week said teams would compete. The staff was further instructed to poll member leagues and to provide for as a discussion item at the March meeting of the CIF-SS Council.

16. **CORONA HIGH SCHOOL APPEAL:** Mr. Wm. J. McNarie, principal of Corona High School appeared before the committee relative to an appeal of a Citrus Belt League decision on a multi-campus request. Following discussion, the committee directed a letter be forwarded to the league recommending that the multi-campus request be reconsidered. No further action was taken in that the rule comes under the State Federated Council.

There being no further business to come before the Executive Committee, the meeting was adjourned at 5:00 p.m.

Respectfully,
Ray Plutko
Administrative Assistant

APPROVED BY:
Thomas E. Byrnes
Commissioner of Athletics

COMMISSIONER'S CORNER

(Continued from Page Two)

It behooves us then to clearly get our educational objectives in hand.

The games that we play are more important than the team that we play for, and the purposes for which we play these games are more important than the games.

With the ever increasing pressure of a modern society upon the educational establishment to produce the quality student, it is this Office's opinion the public will not tolerate, over a sustained period of time, institutions that would negatively color the attitudes of our young people for selfish or narrow purposes.

MINUTES OF THE CIF-SS COUNCIL MEETING

MARCH 16, 1978

The March Council meeting of the Southern Section of the California Interscholastic Federation was called to order by Chairman Dr. Lou Joseph at 9:30 a.m. Thursday, March 16, 1978 at the Saddleback Inn, Norwalk. All leagues were represented with exceptions of the Channel, Liberty and Westside.

1. **APPROVAL OF MINUTES:** It was moved, seconded and passed to approve the minutes of the Council meeting of January 19, 1978 as published in the February-March issue of the Monthly Bulletin; and the Executive Committee meeting of February 9, 1978 as distributed to the Council.

2. **TREASURER'S REPORT:** Dr. Hanford Rants, treasurer, presented an overview of the preliminary budget report for the 1978-79 school year and extended his services to any league desiring his attendance for further details. The budget will be re-submitted at the May meeting of the Council for formal approval.

3. **RE-LEAGUING COMMITTEE REPORT:** Mr. Ted Tiffany, chairman of the Re-Leaguings Committee, presented an overview of the Re-leaguings procedures for the 1979-80 school year, with the appeals meeting scheduled for May 2, 1978 and formal approval by the Council at its September 1978 meeting.

4. **BADMINTON PROPOSAL:** Mr. Roger Braasch, representative from the Garden Grove League, presented an informational item relative to the sanctioning of co-ed badminton for the 1978-79 school year. This to be an action item at the May meeting of the CIF-SS Council.

5. **ATHLETIC INJURIES COMMITTEE:** Mr. Ferren Christensen, chairman of the Athletic Injuries Committee, presented an updated overview of his committee's work and encouraged schools to develop an on-campus safety committee geared for athletics; recommended that districts develop a model for safety as it relates to staff emergency procedures; and encouraged leagues to review their Constitutions as they relate to the required presence of a physician and/or medical representative being present at all contests.

6. **ASSIGNMENT COMMISSIONER:** Mr. Thomas E. Byrnes, Commissioner, reviewed with the Council the findings of the recent assignment official's evaluation forms, which will be utilized as a constructive vehicle to upgrade future services.

7. **SUMMER ACTIVITIES:** The Commissioner reviewed with the Council

the on-going question of the schools' involvement with summer activities and asked leagues to discuss same as to the future involvement of the CIF-SS with relation to said summer programs.

8. **WORKMAN'S COMPENSATION:** The Commissioner reviewed with the Council the recent opinion by the State Attorney General's Office as it relates to workman's compensation and the status of an official at a high school athletic event.

9. **NOMINATING COMMITTEE REPORT:** Dr. Lou Joseph reviewed the list of the nominees for the upcoming election to the CIF-SS Executive Committee. Nominations from the Citrus Belt area are Mr. Gene Knott (vice principal at Ramona High School) and Dr. Russ Reynolds (assistant superintendent — Bear Valley District); for the Private/Parochial Area Bruce Keuning (principal at Valley Christian High School) and Bro. Hilary Deering (principal at Pater Noster High School); for Treasurer Mr. James Faul (principal at Hacienda Heights Wilson High School) and Mr. Moe Chavez (principal at Downey High School); for President-Elect Dr. Hanford Rants (principal at Gahr High School) and Mr. Robert Packer (principal at Costa Mesa High School). There were no nominations from the floor.

10. **ORANGE LEAGUE REQUEST:** Mr. Dave Andrews, representative from the Orange League, presented an informational item recommending removal of the limitation of one physical education class being counted toward the scholastic requirement of 20 semester or 12 quarter units as noted under Article X, Section 3 of the CIF-SS Blue Book. It was further recommended that Article X, Section 2 of the State CIF Constitution be reworded to conform with the recent passage by the State legislature with reference to the number of units a student must be enrolled.

11. **APPEALS PROCEDURE:** It was moved, seconded and passed to modify Article XX of the CIF-SS By-Laws as it relates to appeals procedure. The re-wording phase to be as follows:

It would be expected, in order to promote an environment conducive to resolving serious matters, that the petitioner as well as other parties to the appeal would restrict all comment on the question to the appropriate deliberating bodies until the appeals procedure within those governing bodies, within the league and

4A Division Champion — West Torrance Coach: Mike Eaton

WEST TORRANCE AND CALEXICO CAPTURE SOCCER TITLES

Before a record 4,200 fans, West Torrance High School waltzed off with the 4A Soccer Championship defeating highly rated South Torrance 3-1 at Torrance High School.

Although the game was rated a tossup by most soccer experts, the Warriors of Coach Mike Eaton overwhelmed South much of the night, in the first-ever all-South Bay final.

For a short while it looked like South would win its third CIF title. The Spartans scored first midway through the first half on a breakaway, but from then on it was all West.

The win gave West its second CIF title (the first in 1973) and a final season record of 21-2-2.

Calexico High School won their first ever CIF crown in Soccer dropping Pacifica 2-1 in the 3A title game played at Indio High School. Alfredo Beltran took nine shots at the Pacifica goal and scored both goals for the Desert Valleys League's Bulldogs.

Calexico, an at-large team in the 3A division, had wins over second seeded Valley Christian, Harvard, Artesia and Palm Springs in reaching the finals.

3A Division Champion — Calexico Coach: Rene Flores

MISSION VIEJO AND SAN MARINO REPEAT AS CIF-SS SWIM CHAMPIONS

Mission Viejo (4A) and San Marino (3A) were overwhelming winners in the CIF-Southern Section Swimming and Diving Championships held at East Los Angeles Community College. It was the fourth straight team title for both schools. The only other schools to ever win four straight titles were Fullerton (1963-66) and Foothill (1971-74).

Junior Craig Winchell of Long Beach Wilson set a national high school and CIF-SS record in the 100-yard breaststroke with a time of 56.39. Winchell broke his won record of 57.

68 set in last year's CIF-SS championships.

San Marino also set a national and CIF-SS 4A record in the 400-yard free-style relay with a time of 3:07.87, breaking the old mark of 3:08.20 set by Foothill last year.

New divisional records were established by LB Wilson (4A) in the 100-yard backstroke with a time of 52.39, El Segundo's Doug Voight (3A) with a 51.82 in the 100-yard butterfly, and Bruce Kelley of Canyon of Anaheim (3A) in the 100-yard breaststroke with a clocking of 59.80.

3A Champion — Coach Burt Kanner and San Marino team

TWO STRAIGHT CIF-SS BASKETBALL CROWNS FOR PASADENA AND CHANNEL ISLANDS

Pasadena High School on the verge of being blown out twice in the first half, came back in the third quarter to upset Verbum Dei 70-68 and win the CIF Southern Section 4A basketball crown before 8,762 fans at the Long Beach Arena.

The Bulldogs had to hang on to win a game it appeared to have wrapped up. Leading 69-62 with 41 seconds left, Pasadena almost lost the lead and Verbum Dei had the ball with three seconds left and trailing by two but couldn't get off a good shot.

Pasadena, which had never before won a CIF-SS basketball title until last year, now has won two straight. The Bulldogs finished their season at 26-2. Verbum Dei, nationally ranked, finished 27-2. In their only previous meeting this season Verbum Dei won, 74-63.

In the 3A title game, Ganesha defeated North of Riverside, 71-68 to capture the coveted crown. It was the Giants first basketball title as they finished the season with a 27-3 record. North also playing in its first championship game, ended the season 27-2.

The game featured North's 6-5 forward Richard Box, and Ganesha's 6-10 center George Hawthorne. But the man responsible for Ganesha's win in the final minutes of the game was Floyd Williams.

A year ago, in the 2A division Channel Islands beat Victor Valley, 70-67 in the title game. With four starters back, Channel Islands figured to make it a rout this time and the game started that way.

Channel Islands built a 33-12 lead early in the second quarter largely by beating Victor Valley on the boards and fast breaking.

But Victor Valley started playing more aggressively and shooting better and outscored the Raiders 21-6, in the third quarter to make it a game. With six minutes left, Victor Valley cut the lead to 49-46.

Then Channel Islands started playing its style of game again and pulled away to win their second consecutive title 69-58, finishing the season with a 24-3 record.

The 1A final between Cathedral and St. Monica the Santa Fe League Co-champions turned into a shootout between St. Monica's Leon Wood and Cathedral's Eric Bailey.

Wood, a junior, outscored Bailey, 37-35, but Cathedral prevailed with a 84-73 victory over the Mariners to win the crown. Cathedral finished the year with a 25-5 record.

In the Small School Division, Pasadena Poly (22-4) put it altogether with a 69-59 win over Lutheran of Orange.

Leading 42-25 at half time, Poly saw their lead vanish, as they were outscored 13-4 in the opening minutes of the second half, and had to hang on in the final minutes to preserve the win and the title.

* * * * *

Winning coaches of the 1978 championship teams were George Terzian — Pasadena, Gary Fulkerson — Ganesha, Don Salado — Channel Islands, John Nuccio — Cathedral, and Tom Bradbury — Pasadena Poly. . .

Congratulations to you, your team and school from the CIF-SS. . .

SONORA GIRLS BRAVE RAIN TO WIN CIF-SS FIELD HOCKEY TITLE

The Sonora High School Girls' Field Hockey team splashed their way to a 1-0 win over University High on their way to their second CIF-Southern Section field hockey title in three years.

The title game played at Lowell High School, on a wet soggy field, saw the Raiders dominate the game from the beginning, holding a five to one time advantage in the first half and nearly 20 shots on goal in the contest.

Victorious Coach Ginny Dottl's squad were champions of the Orange League and seed number one in the championship tournament.

Tustin defeated Newport Harbor in a game played almost entirely in a heavy rain storm to capture the third place trophy. Neither team was able to score, but the Tillers were victorious on penetration time (time the ball is held inside the opponent's 25 yard line).

COUNCIL MINUTES

(Continued from Page Three)
the section, had been completed. An appeal properly submitted shall be reviewed by the committee. If in the committee's judgment conditions warrant it the petitioner may be granted a hearing.
Upon granting such a hearing, . . . If because of pressing circumstances the tasks as delineated in part B or C cannot be accomplished at a regularly scheduled meeting of the Executive Committee, the President may appoint a panel of not less than three available Executive Committee members to act on behalf of the Committee.

12. BASKETBALL SCHEDULING: It was moved, seconded and passed that member leagues maintain the option of scheduling as it relates to days of the week for Boys' and Girls' basketball effective the 1978-79 season.

13. SOFTBALL PROPOSAL: It was moved, seconded and passed to adopt Rule 4-2-2 of the National Federation Softball Rules which gives leagues the option, effective the current 1977-78 school year, as it relates to the

"Ten Run Rule" for varsity competition and the "Two Hour Time Limit" for JV competition.

14. OUTSIDE COMPETITION RULE: The Commissioner addressed the Council relative to an upcoming vote at the State Federated Council Meeting relative to the outside competition rule during the season of sport for team competition. Leagues were instructed to discuss same and be prepared to vote at the May meeting of the CIF-SS Council on pending State proposal.

15. FIELD HOCKEY REQUEST: Mr. Bob Packer, representative for the new Sea View League, addressed the Council relative to the length of season for Girls' field hockey on the 1978-79 calendar year. Following discussion, the question was referred to the Executive Committee for study and action if required.

16. PUBLIC RELATIONS: Dr. Russ Reynolds, representative from the De Anza League, addressed the membership relative to a public relations booth for the CIF and in particular, the Southern Section at the upcoming School Board Association and

168 POUNDS — Scott Seeley (La Canada), Dave Manzani (West Covina), Bill Miller (Artesia), Dan Anderson (Hemet), Mike Ochoa (Mission Viejo).

178 POUNDS — Louie Garcia (Corona), Dave Meier (Notre Dame), David Castillo (Norwalk), Larry Budgen (Fountain Valley), John Kreilick (San Marino).

194 POUNDS — Jim Filarsky (Cabrillo), Jim Batson (San Luis Obispo), David Deal (Artesia), Chris Roll (Corona del Mar), Carl Hulick (San Marino).

HWT CLASS — Jeff Golz (Royal), Terry Slatic (Troy), Mitch Finklea (Fountain Valley), Dan Barrios (San Luis Obispo), Blake Wingle (Rio Mesa).

TEAM SCORES: Notre Dame 82, San Luis Obispo 79, Fountain Valley 66½, Channel Islands 43, Lakewood 39, Santa Fe 38½, Huntington Beach-Chaffey-Royal 36½, Artesia 34½.

AD'S AND WRESTLING COACHES NOTE . . .

Please be advised, that under the recently adopted amendment to State Rule 1600f (February-March Bulletin and Special Bulletin to Principals, Athletic Directors and Wrestling Coaches dated February 9, 1978) that Takedown Tournaments will now be charged as TWO of the allowable 16 competitions a school is allowed to schedule.

Coach Jim Rodriguez (holding trophy) and the Notre Dame (Riv.) wrestling team pose with Bob Packer (second row — right) of the CIF-SS Executive Committee after winning title at Westminster High School.

NOTRE DAME-RIVERSIDE WINS 1978 WRESTLING TITLE

Notre Dame High School of Riverside, with less than 700 students, captured the CIF-Southern Section wrestling title scoring 82 points. San Luis Obispo finished second with 79 points followed by defending champion Fountain Valley with 66½ points.

The Titans were led by the Kister brothers to their first ever CIF wrestling crown. Martin (198), Lindley (106) and Harlan (115) finished first, second and third respectively.

Gary Bohay of Fountain Valley, the 106 pound champion a year ago, repeated at 123 this year.

Alhambra's Karl Glover, with a season record of 28-0, won his first three matches of the tournament by a combined score of 51-17 and for his efforts was named the meet's low-weight outstanding wrestler.

The heavyweight title went to Royal's Jeff Golz, who eked out a tough 3-2 decision. Golz recorded falls in his first two matches then outscored his next two opponents 13-6 to win the outstanding Wrestler trophy in the up-pear-weight division.

1978 CIF-SS wrestling champions: Front row, left Martin Kistler (98, Notre Dame Riv.), Fernando Venegas (106, Baldwin Park), Karl Glover (115, Alhambra), Gary Bohay (123, Fountain Valley), Jamie Roberson (130, Huntington Beach), Jeff Barksdale (136, Chaffey). Back row, left, Bill Weiskopf (141, El Dorado), Louie Montano (148, Calexico), Terry Hitchcock (157, San Luis Obispo), Scott Seeley (168, La Canada), Louie Garcia (178, Corona), Jim Filarsky (194, Cabrillo), Jeff Golz (Hwt, Royal).

COACHES

GROUND BREAKING FOR FEDERATION'S NEW HEADQUARTERS

A Ground breaking ceremony for the new headquarters building of the National Federation of State High School Associations at Kansas City, Missouri, will be held in April.

A 1.39 million facility will be erected on four acres of land adjacent to Kansas City International Airport. The 33,000 square foot building will house the Federation's administrative offices, meeting rooms and printing equipment. Construction is scheduled to be completed in ten to twelve months.

The National Federation Executive Committee authorized relocation of the Federation's headquarters from its six-year-old facility in Elgin, Ill. to a new facility at Kansas City, Missouri when it was found that a significant savings could be realized by re-building at Kansas City, rather than doubling the present 11,000 square foot headquarters in the Suburban Chicago area where construction costs are much higher. The new Kansas City facility will be three times the size of the Elgin facility, but will be constructed for not even twice the cost of the sale price of the Elgin Building.

Significant savings in operational costs are expected after the move to Kansas City. The result will mean less expensive services and therefore the possibility of more services to state high school associations and individual schools.

The national federation now sub-contracts the major portion of its printing, including the more than 2½ million rule related publications it distributes each year. All of these publications will be printed within the new headquarters building.

More than 25 major meetings are held each year at the Federation's headquarters. This includes meetings of the committees which prepare the playing rules for 13 interscholastic sports, as well as national rule interpretation meetings.

FIELD HOCKEY — MAJOR RULE CHANGES FOR 1978

Two significant rule changes in high school field hockey were made during the National Federation Field Hockey Rules Committee meeting held at National Federation headquarters in Elgin, Illinois.

Unlimited substitution will be in effect for the first time during the 1978-79 field hockey season. No restrictions will be placed on the number of times a player may leave or enter a game.

Determining a winner of a tie game by using penetration time has been eliminated for next season. The tie-breaking procedures to be employed for high school field hockey are a ten minute over-time period and, if a tie still exists at the end of the overtime period, alternating penalty strokes.

1-3-3 Eliminates the flexible marker at the center line.

3-3-2 Specifies either team may substitute prior to a defensive hit, free-hit or push-in.

3-3-4 Specifies a player may reenter the game any number of times.

4-3-Penalties #1 Indicates a free-hit is awarded for violation of a push-in or flick-in.

5-1-3 By state association adoption, tie games may be broken during the regular season, using the tie-breaking method for tournament play.

5-2-3 4, Eliminates penetration time as a part of the tie-breaking procedures.

5-2-5 Specifies tournament games suspended because of weather shall be continued from the point of interruption.

8-1-2-g Specifies coaches and team personnel may not meet with players during an injury time-out.

8-1-2-d Penalties For a single flagrant offense, a penalty stroke shall be awarded without prior warning.

8-2-2 Permits the officials to have the home management remove spectators which are interfering with the progress of the game.

9-1-3 Timer to follow the official up and down the field in the final thirty seconds.

9-2-2 Visiting school shall be responsible to provide timer with clock.

9-2-4 It is recommended that the timer sound an audible device (horn or pistol) at the end of each half.

NATIONAL ADVISORY COMMITTEE BACKS NATIONAL CHAMPIONSHIP

National High School Championships conducted under the auspices of the National Federation of State High School Associations was endorsed by the National Athletic Directors Advisory Committee at its recent meeting in Elgin, Illinois.

Brice B. Durbin, National Federation Executive Director, met with the eight-member committee to explain the national championship format which the National Federation Executive Committee is recommending.

The Advisory Committee voted its endorsement of the Executive Committee's proposal to conduct national high school championships in golf, tennis and track and field no later than the third week in June, beginning in 1979.

Initial opposition of the Advisory Committee changed to support when it was learned that the proposed format would not cause extended seasons within the school year or loss of school time by participants.

The Directors expressed the hope that National Federation sponsorship of national high school events would help individual schools resist efforts by non-school groups to use high school students in large scale competitions at times of the year which conflict with the academic and athletic programs of schools.

In other action, the Advisory Committee recommended that Dallas, Texas be the site of 1979 National Conference of High School Directors of Athletics which is sponsored and conducted by the National Federation with the Advisory Committee's input.

CORNER

N.O.C.S.A.E. PROGRAM IMPROVES FOOTBALL SAFETY

Eight years ago, a sophisticated study of football helmets was undertaken by the National Operating Committee on Standards for Athletic Equipment, an organization of athletic organizations. The program has led to significant improvement in safety for the nearly two million boys playing interscholastic and intercollegiate football.

In 1973, using the facilities of the Gurdjian-Lissner Biomechanics Laboratory in the Department of Neurosurgery at Wayne State University in Detroit, under the direction of Dr. V. R. Hodgson, N.O.C.S.A.E. developed a performance standard for football helmets and established procedures for certifying new helmets which met the standard. Immediately, inferior helmets were improved or forced out of the market place.

In 1975, the major football rule-making organizations — the National Collegiate Athletic Association and the National Federation of State High Schools Associations — adopted rules which require only N.O.C.S.A.E. certified helmets be worn in games, beginning in 1978 for colleges and in 1980 for high schools.

In 1976, N.O.C.S.A.E. began authorizing qualified reconditioning firms — those equipped with or having access to the N.O.C.S.A.E. testing equipment — to recertify previously N.O.C.S.A.E. certified helmets when they were able to pass the performance standard after reconditioning. Twenty-four reconditioning firms across the country now have N.O.C.S.A.E. approval to extend the certification program to used helmets.

The fatality rate in high school football has always been low, running at an average of 1.56 deaths for 100,000 participants since 1931 — a fatality rate 47% lower than that experience from accidents of all kinds by males in that age bracket on a man-hour exposure basis.

Nevertheless, a 55% reduction in the fatality rate has been experienced in the first six years after N.O.C.S.A.E. has been influential on helmet safety. Compared to the preceding six year period, fatalities among high school football players have declined from 1.92 to 0.87 per 100,000 during 1971 — 1976. Inasmuch as N.O.C.S.A.E. certified helmets are not required for high school competition until 1980, all informed parties are encouraged that the fatality rate should drop even lower: from a figure which is statistically negligible to one which is practicably negligible.

This optimistic outlook is further encouraged by the preliminary report on fatalities in high school football in 1977. The incidence of fatalities was .60 per 100,000 participants — second lowest in the 32 year period during which the National Federation has made an annual study and report on fatalities. Only in 1973, when there were .50 fatalities per 100,000 participants in high school football, was the incidence lower.

On a man hour exposure basis, the 1977 fatality rate translates to one death for every 21,666,667 hour of exposure.

NEW TRACK AND FIELD BOOK AVAILABLE

"Track and Field, An Administrative Approach to the Science of Coaching" is a textbook approach to a comprehensive plan for organizing and administering a track and field program. It also includes chapters on cross country, athletic injury, the female track and field athlete, as well as chapters on coaching each event.

The book stresses teaching points in a progression of technique development tips in identifying and correcting faults and includes sample weekly training programs for the off season, early season, and late season competi-

tion. The book is extremely well illustrated with line drawings and sequence photos of world class athletes.

Training and conditioning sessions stress specific, yet diverse, benefits depending upon application. What to teach the beginner, when and how are incorporated in the sessions on administration and the discussion of the various events.

In addition to the drills and training programs, many of the technique areas are amplified through an explanation of the biomechanics involved. The text also addresses itself to the sociological, physiologic and psychological considerations in training and motivating the track and field athlete.

This detailed and in-depth book would be appropriate for the serious track and field enthusiast and the track coach who is looking for a meaningful and concise program on track and field.

The title of the book is "Track and Field, An Administrative Approach to the Science of Coaching," published by John Wiley and Sons, New York, 1978 and is 327 pages in length. (National Federation Press Service)

CIF CHAMPS ALSO GET HIGH GRADES

Most people are aware that Los Altos High School became the CIF Football Big Five Champions this year; but, what you do not know is that these boys also earn high grades in their academic classes.

A study was made of the senior boys who have participated in the football program for four years, and it was found that the grade point average for these boys, for all the subjects they have taken up to now was 3.1 = B. The lowest grade-point average was 2.3 = C+ and the highest was 3.95 = A. The trend indicated that the boys received higher grades on their last report cards than on the report cards they received as freshmen. Consequently, growth must be taking place.

When students involve themselves in student activities of any nature, grades usually increase and social maturity improves. At least, that has been the experience at Los Altos.
