

**HISTORY OF THE CALIFORNIA
INTERSCHOLASTIC FEDERATION
SOUTHERN SECTION
(CIFSS)**

38th historical “tidbit.”

**CIF-SS Original Film Library
and
Three Promotional CIF-SS DVD's**

The CIFSS had a large library in the 1960's of over 40 films covering rules, actual game footage and information on the section. These films were available to all member schools and were checked out from the CIFSS office on a regular basis. All of these films have been lost with the exception of few that resided with the Amateur Athletic Foundation. These films (16mm) were donated to the CIF-SS and were transferred to DVD's and are now housed in the CIFSS office (the list of these films is contained in the Historical Holdings list on the www.CIFSS.org web page).

The CIF-SS office created three (3) promotional films (transferred to DVD's) telling the “CIF-SS Story.”

- 1969 - 25 minute documentary explores the history of the CIF-SS, the rapid growth and services provided. Ken Fagans, Commissioner.
- 1982 - 14 minute documentary showing CIF-SS sports, the brief history and how the CIF-SS organization works. Commissioner Ray Plutko.
- 1995 - 5 minute documentary showing sports, Gahr office and personnel. The CIF-SS organization is explained along with goals and funding. Commissioner Dean Crowley.

Information - 1969

1968 information on CIF-SS film library:

Changes Due in Film Library System

Due to the overwhelming demand placed on films in the CIF, SS, film library, a new system of booking and accounting is being initiated by the CIF office.

In the past, several complaints have been received because films scheduled for showing have been held by the school which had booked the film just prior to its scheduled showing, and the film has not arrived.

To eliminate unnecessary delay in film transit, a new system will be initiated immediately and future use of any CIF, SS, film will be limited to three days.

When a film is scheduled, a post card will be sent to the school requesting the film, confirming the booking date and listing the school from which the film will be sent.

Another post card will be sent to the school currently using the film, listing the next school scheduled for use of the film and the date the film is scheduled.

Any school which unnecessarily delays a film and causes scheduling difficulties because of a lack of cooperation will be denied the use of further films from the CIF, SS, library until the film requested has been used by all interested member schools during the season of the sport in question.

Therefore, if a school cannot cooperate and make certain the film is kept for no longer than three days after receipt, no films will be sent until every other member school in the Southern Section has had an opportunity to use them.

Booking information on any of the more than 40 films in the CIF, SS, library may be obtained from Jim Wolcott, Director of Public Information, at the CIF Office, (213) 860-2414.

1960's film library:

CIF, SS, FILM LIBRARY

The following films are now available for use by CIF, SS, member schools from the CIF Film Library. There is no cost for use of any of the films listed below.

For booking dates please contact Director of Public Information, P.O. Box 488, Artesia, California 90701 or call (213) 860-2414.

FOOTBALL

FEBRUARY 1935 BULLETIN

Moving Picture Films—Two 16 millimeter moving picture films of C.I.F. Championships are available for the use of any school wishing them. We have 250 feet of film of the Southern California Track Meet held at the Coliseum May 19, 1934. We have 350 feet of film showing the Chaffey vs. Long Beach Championship football game played in the Coliseum December 22, 1934.

These films are now ready for booking and will be sent to High Schools applying, on the following conditions:

If shown to students where no charge is made the only expense to the school will be for postage.

If used for a pay assembly we will ask the school to remit 10% of the gate. The two films take about 25 minutes to run and we think will make an entirely worthwhile 5c entertainment.

CHAFFEY vs. LONG BEACH

NEW WRESTLING FILM IS AVAILABLE, BUT "KNOW YOUR BASKETBALL" MISSING

"Know Your Basketball," an informative 25-minute, 16mm black and white film that probes questions relative to officiating, is outstanding.

Unfortunately, no one will be able to see it unless the two films that are missing—and have been for one year—are located and returned to CIF, SS,

Athletic directors and coaches are asked to make a thorough search at their respective schools for the film. As long as these films are floating around loose, valuable training aids are going to waste.

It is urgent that these films be located since similar ones will not be available for distribution prior to Sept. 1970.

A new Wrestling Film on Officiating has been received from the National Federation Film Service Bureau.

This film is excellent for instructional purposes, and coaches are encouraged to show it to their wrestling teams.

In order to schedule this outstanding teaching aid, coaches should contact the CIF office.

New Baseball Film Added to CIF Library

"Know Your Baseball", a film which demonstrates fundamental rules of the game using play-action situations, has been secured by the CIF, SS, office and is now available for use by member schools.

The new film, released by Official Sports Films, Inc., in Chicago, covers such areas as charged conferences, balks, runner interference and other rules which are fundamental to a complete understanding of the game.

Using such techniques as stop-action, instant replay and split-screen, the film covers play situations involving two prep teams and points out those areas which have caused some confusion among players, coaches and fans in the past.

Sponsored by the Wheaties Sports Federation and Wilson Sporting Goods, the film is approximately 30 minutes in length. The CIF, SS, Office secured four copies, one in full color and the other three in black and white. All four are in sound.

Booking information on this and other films in the CIF, SS, library may be obtained by contacting Jim Wolcott at the CIF office (213) 860-2414.

OLYMPIC FILM AVAILABLE FOR SCHOOL ASSEMBLIES

A 65-minute color-and-sound highlight film of the 1968 Olympic Games in Mexico City is now available for showing by schools and civic organizations.

Produced by Lee Hansen, the film includes highlights of many phases of the Olympic Games, and devotes more than 30 minutes to coverage of the track and field events.

Narrated by radio sportscaster Fred Hessler, the film features a slow motion series of Bob Beamon's world record long jump and slow motion footage of Dick Fosbury's unique high jump style.

This film is available, for \$50.00 per day, from Lee Hansen Travel Service, 712 Foothill Blvd., La Canada, Calif. 91011. Further information may be obtained by calling (213) MU 1-4881.

"Football By The Rules" Newest Addition To CIF, SS Film Library

"Football by the Rules", an outstanding production involving football rules interpretations and basic fundamentals of the game depicted through actual game conditions, has been added to the growing CIF, SS, film library for use, at no charge, by member schools.

Covering game-type situations such as the neutral zone, "first touching" of a kick, a fair catch, pass interference, snap infractions and penalty enforcement, among other aspects of the game, "Football by the Rules" is an outstanding film for both player and spectator alike.

The film, which runs 28 minutes and is available in both color and black-and-white, may be obtained from the CIF, SS, office, P.O. Box 488, Artesia, Ca. 90701 or by telephoning (213) 860-2414 for booking information.

1969 color film - 25 minutes telling the complete story of the CIF-SS:

Film Depicting CIF's Present, Past Available

Don H. Andersen

**ANDERSEN JOINS CIF, SS, STAFF
IN PUBLIC RELATIONS POSITION**

An interesting, informative, attention-holding color film revealing the complete story of CIF, SS, from its birth to the present is now available.

The 25-minute documentary is narrated by Don Andersen, former director of public information for the CIF, SS.

In addition to exploring the history of the CIF, the rapid growth of the organization, and the valuable and varied services it now provides, the film presents action-packed pictures of the many play-off events conducted each year under the watchful eye of CIF, SS.

The film is especially recommended for student body assemblies, service club presentations and other such functions. It is an excellent method of informing students, parents and community groups as to what CIF is, and also how and why it functions.

To schedule this outstanding film, contact should be made with Mrs. Lawrence at the CIF, SS, office.
