chased twenty-five, fifteen jeweled Elgin Stop-watches. These watches were a surplus war commodity. These watches were a continuous movement variety such as the International Olympic organization requires in its contests. Before closing the deal for the watches, one was taken to a very competent jeweler. He pronounced the watch a fine specimen of the Elgin Watch Company high grade merchandise. When told the purchase price, the jeweler said, "You are not buying watches, you are stealing them."

These watches will be used frequently in our track and swimming programs, and especially in the swimming preliminaries and in the divisional meets in track.

WRESTLING COACHES MEET

The wrestling coaches of C. I. F., Southern Section schools were called together at Whittier High School on Sunday, October 26 at 12:30 P. M. Those present were:

Frank Crosby, San Diego High School
Algy L. Lambert, Kearny High School
Ivan O. Olsen, San Diego Vocational High School

G. E. Spencer, El Centro High School
Walter R. Wegner, Whittier High School
Seth F. Van Patten, C. I. F. Office

Mr. Wegner acted as chairman of the meeting and Mr. Van Patten as secretary.

The question of how to cut down the time it takes to run off the final meet was discussed at great length.

It was moved by Mr. Olson and seconded by Mr. Spencer that four divisional meets be held one week prior to the final meet; one in San Diego, one in Imperial Valley, and two in Los Angeles County. The motion was unanimously carried.

It was moved by Mr. Spencer and seconded by Mr. Olson that the winner only from each divisional meet be allowed to enter the final meet. The vote was four to one. Mr. Crosby voted in the negative.

It was pointed out by Mr. Crosby that any school might have the two best wrestlers in any weight yet, by the method proposed, the second man could not enter the final meet.

It was agreed without motion to recommend to the Executive Committee that the final meets follow the given rotation for the next four years:

1947 at Whittier
1948 at San Diego
1949 at Imperial Valley
1950 at Los Angeles County

It was agreed that for 1947 the four divisional meets be held on March 15 and the final meet be held March 22.

The formal meeting adjourned at 1:45 P. M.

The eighth place bracket was set for Santa Barbara if they qualified, or any minor league winner approved by the Executive Committee. Santa Barbara failed to qualify. Mr. Bergstrom made a motion that Santa Paula, the winner of the Ventura League, be placed in the schedule to meet the winner of the Foothill League. Mr. Hayhurst seconded the motion and a roll call vote was taken. Mr. Bergstrom voted yes; Mr. Kenold, no; Mr. Fischer declined to vote; Mr. Hayhurst, yes; Mr. Hamilton, yes. The motion being carried, Santa Paula will meet the Foothill League champion in the first play-off game.

PREVIOUS SEMESTER RULE

Rule (e), page 14 of the 1945 Blue Book reads that in order to compete in intercollegiate athletics a pupil must have: "Passed in four subjects the previous semester, one of which may be physical education."

It was brought to the attention of the Committee that there have been cases where a boy was not enrolled in school the previous semester for various justifiable reasons. NEWSPAPER RELEASE

During the present football season a news release was sent out from this office each week to 130 newspapers of Southern California. The news release was distributed for us by the California Newspaper Publishers Association. This news release is to continue to be sent to the newspapers, and in addition two copies will be sent to each of our 150 members schools. The remaining two copies will be placed on bulletin boards of the school, one in the boys' gymnasium and one on the general bulletin board of the school.

The C.I.F., Southern Section office is assuming the responsibility of distributing these news releases. If any school wishes these news releases sent to some particular person, it will be done on request.

CLASS A LOW HURDLE RACE

The Council at its May meeting decided to shorten the low hurdle race to 200 yards, but did not decide whether there should be nine or ten hurdles used. This question will be decided at the Council meeting on December 14. Council members should discuss this question with the track coaches in their leagues before December 14.

BASKETBALL SCHEDULES

We want for our files a copy of the basketball schedule of all schools of the C.I.F., Southern Section. We will use these schedules in preparing our weekly news release. The schedule should contain both practice games and league games. The correct date and the hour are of paramount importance. We urge that the forms accompanying the December Bulletin be filled out and returned to the C.I.F. Office at once.

TIMING BASKETBALL GAMES

By C. Merrill Green

South Pasadena High School

With the coming of the changes in the high school basketball rules this season we are seeing the need of a faculty representative on the timing clock. Time is to be taken out each time the ball is dead during the last four minutes of the high school games. It is reasonable to expect that faculty representative will be more responsible than a student in handling this important assignment. Many schools have some member of their faculty in addition to the coach to be in attendance at all athletic contests and this added duty should place no hardship on him. This is not a uniform requirement in all leagues but it seems that most coaches would welcome this additional supervision.

Since the war period is over many of the men of our high school faculties have returned to their posts and this should permit administrators to assign capable representatives to handle this timing job.

This inference is not made to point out any lack of proper handling of games in the past but it is felt that any regulation that will aid in the promotion of good relationships between schools and keep our athletic contests free from the supervision and control of our school men is a step in the right direction.

Not only is the timing during the last four minutes of a high school basketball game an important responsibility but there are many other instances during the progress of this game that require trained timers. Checking the time in and out, officials time out, substitutions and proper attention to scoring are some of the other duties that require efficiency in this work.

DOUBLE TROUBLE

The Commissioner of Athletics of the C.I.F., Southern Section, has always been a consistent supporter of all western teams in the Rose Bowl and the games since that time have been played in 1902. This year with U. C. L. A. with its C.I.F. trained boys and his Alma Mater (Illinois, 1900) furnishing the thrills, he will have to cheer for both sides. He hopes his blood pressure doesn’t go up too much!
