ASSIGNMENT OF FOOTBALL OFICIALS AN IMPORTANT AND TIME CONSUMING TASK

With the assignment of the officials for the Championship Football games in December, the Commissioner’s Office has completed its task of appointing officials for football for some ten leagues, whose schools together with some free lance schools, total some 65 in number. This task is one which requires the full-time attention of one person, with clerical assistance from time to time. Now that the season is over, we haste to compile a few statistics and take stock of the job which has been a tiring one.

The C.I.F. Office appointed 1570 officials to work 533 football games. Of the 533 games, 297 were varsity and 236 were Class B or C games. Our schools required 980 men for the varsity games, and 590 for the B or C games. An average of 3.3 officials were used on a varsity game; the B and C games averaged 2.67 officials; and the overall average was just under 3 men per game.

The heaviest weekend of the season was the 27th and 28th of October, when the office made 314 assignments for 73 games.

The detail work which goes into the appointment of officials is time consuming. First of all, the schedules must be secured from the schools; and if changes are made after receipt of the schedule, they must be posted in the master assignment book. Then the coaches’ preferred lists must be secured and the data recorded on personnel cards for each of the 300 officials qualified in the metropolitan Los Angeles area. As the assignments are made, based on the coaches’ preference lists, written invitations are mailed to each official, and he returns the coupon which is used as proof that he accepts or rejects the invitation. This data is recorded on the master assignment sheet for each game.

Cate must be made in the selection of officials so that a good working man of men is secured. Some of the officials are well qualified to officiate at any of the four positions; some are qualified for only one or two of the four positions; we must hire four men who are qualified to do the job to which they are assigned.

After the crew is secured, notices and rating sheets must be mailed to the schools that checks may be prepared for the official, and so that the coaches may rate the officials on their work performance, giving constructive criticism which will aid in improving the educational program undertaken by the officials association.

The C.I.F. Office works on its assignments about a month in advance of the games date, so that the invitations may be handled economically by penny postcard, rather than by the more expensive telephone call. During the football season completed, we mailed out or phoned at the last minute, invitations numbering 2319 in order to get acceptance from the 1570 men. We mailed out 1086 going cards to the schools, listing the officials appointed for their games. The service performed for these schools is a most valuable one for the schools, and we believe that the appointments are made by a person highly interested in the athletic program, by an office which represents four schools, and by an agency which has an opportunity to assist in the educational and training program for the officials. This service is performed at no cost to the schools. If the demand for the service increases another ten percent next year, as it did at 1951 when compared with 1950, additional clerical help will be required to complete the task.

COMPTON HIGH SCHOOL AGAIN WINS COUNTRY CROSSMANSHIP CHAMPIONSHIP

Coach Ernst Hartmann’s Compton High School Crossmen country successfully defended its C. I. F. Southern Section Championship title when it edged the strong Grossmont High School runners-up 51-34 at the Compton Park Course in Long Beach, on Friday, December 7.

The winning time of 9:12.9 turned in by Charles Strong, of Compton, and Lawrence S. Harper, of Compton, marked the country crossman’s fastest time of 9:13.6 by David Rodriguez of Downey, both bettered the winning time last year, of 9:20.8 by Lawrence LaJolla. In 1949, 12 years ago, Compton ran the course in not less than 10 minutes. This year 17 boys beat the 10-minute hand.

The course measures 1.8 miles.

The C.I.F. Office is indebted to Mr. Roland H. Davis of Woodrow Wilson High School in Long Beach for his assistance in arranging the details of the meet, and to Mr. Ernst Hartmann and Mr. Raymond D. Reardon, both of Compton High School, who acted as Meet manager and starter. Championship plaques were presented to each school winning one of the group races, as well as to Compton High School for winning the cross-country duplicated. Medals were presented to each of the boys placing first through fifth in each of the races.
POMONA WINS CENTRAL GROUP FOOTBALL TITLES

A team that improved with each game during the season, Pomona High School, led by Marty Krouk, won the 1951 Central Group Football Championship by downing a fine Monrovia-Duarte High School team 26-17 before a standing-room-only crowd of approximately 16,500 high school partisan followers in the Mt. San Antonio College Stadium.

The game was exciting right from the opening whistle. Monrovia took the kickoff, and went right on down the field to score, featuring a 55 yard dash to the touchdown. The conversion was wide, leaving the score 6-0 with but two minutes played. Pomona elected to receive the kickoff, and marched all the way to score without losing the ball; then converted to lead 7-0. Pomona scored twice again in the first half, with their third tally of the evening coming on a sensational pass play which occurred just after the gun sounded to end the half.

Monrovia, featuring a strong running attack, was a constant threat, and it was not until the final minutes of play that most of the Pomona runners felt they could relax a bit. The game was exceptionally well played, with but few fouls and only a small number of violations. The officials who worked the game reported to the Commissioner that it was the best played and cleanest game they had worked on that season.

The game was played in a stadium near the two communities, in the city of the Los Angeles Coliseum, where the Championship game has been played for several years, on Saturday afternoon. The Friday night game time made it possible for the two communities to witness the game, so the monitory was contributed to the largest crowd in four years. Tickets to some 13,000 people were sold; an additional 3,500 viewed the game from the hills surrounding the stadium.

The game just about puts an end to the myth that a team has to be unbeaten in the first round of playoffs if it is to win the title. Pomona and La Jolla were the only teams to play a first round game in the Central Group Playoffs, and Pomona was the only team to play four games in the eliminations. Yet Pomona won the title fairly securely, by a 26-17 score over the Monrovia playoff game, while holding the opposition to three or less. All too often in the past, the C.I.F. Office has heard protests about the unfairness of scoring for byes.

We agree that it would be better if all teams had to play the same number of games in order to win, but we maintain, and Pomona High School proved, that the team which has the ability to win, and the desire to win, will overcome what obstacles may be in front of it and go on to become the C.I.F. champions.

Congratulations to the new Football Champion, Pomona High School!

Plans for Basketball Playoffs Reahid
Since the 1951-52 Basketball Playoffs were far

C.I.F., Southern Section
Monthly Bulletin
Vol. 15
January, 1952
No. 4

plans for basketball playoffs which will be held in a similar manner to last year.

In the Southern and Northern Groupings of Leagues, state champions will qualify for entrance into the first round of competition which will probably start on Tuesday, Feb-

minal and Final games will be played February 29 and March 7, under tentative plans.

Both the first and second place teams in the Leagues in the Central Group Tournament may enter, with an entry list of some 20 teams ex-
pected. First round games will be required to reduce the entries to 16; first round games will be held February 26. Second and third round games will be held Friday and Sat-

day, February 29 and March 1, with the Semi-

minals and Finals set for March 7 and 8. Games will be held in suitable gymnasiums to be de-

termined by the Commissioner, with the sites selected to be close to the communities involved, if possible.

Increased interest is expected in League com-
petition in the Central Group of Leagues, since the second place team will win the right to enter the Championship Tournament. Last year, Long Beach Peninsula finished second to Com-

minals will be played February 29 and March 7, under tentative plans.
