(A) Theory of Divisional and Final Track Meets—to pick the five best boys in Southern California in each track and field event.

(B) Principles which should guide in arranging for eliminations by Divisional Meets.

(1) Geographical set-up and travelling expenses for schools.

(2) Competitive strength of league.

(3) School enrollment.

(4) Distribution of competitors.

With the above ideas in mind the following recommendations were made:

H. Hoover High School (SD)

Southern League San Diego High School

At Riverside

Citrus League Desert League

Pomona Valley League

Riverside League Tri-County League

At Oxnard

(B) Each league be allowed to qualify not more than three boys for any event. The Coast League to qualify three boys and the qualifiers to be distributed by schools to the three Divisional Meets as indicated by above listing.

(C) That in track events the winner in each Divisional Meet be qualified for the Southern California Finals, and that not over three others be qualified on the basis of time.

In all field events all qualifiers be picked on the basis of performance in the Divisional Meets and the quiliifiers be limited to eight in each event.

(D) At the Divisional Meets to resolve all ties.

(E) In Divisional Meets to direct that the field be kept absolutely free of everyone but boys in actual competition and necessary officials.

(F) That all races of 440 yards and over be run around the oval, the first 440 yards to be in lanes, if possible.

(G) In Divisional Meets start B and C field events by 12:30 P. M. so as to finish all events at a reasonable time.

(H) In the Southern California Meet to finish B and C field events in the morning.

(I) All athletes be required to wear a full, neat, and clean suit consisting of shirt and shorts.

(J) Public address system to give results only after decision has been rendered by judges.

14. Moved by Mr. Main, seconded by Mr. Thompson that a committee of three be appointed to consider the matter of proselyting athletes and report to the May Meeting of the Council. Carried.

15. Moved by Mr. Fischer, seconded by Mr. Main that a committee of three be appointed to study the question of play-offs and report to the Council at the May meeting. Carried.

The Chair appointed Mr. Hayhurst, Mr. Perry and Mr. Crossley.

16. Moved by Mr. Hamilton, seconded by Mr. Perry that the Commissioner of Athletics be directed to see that the Pomona Baseball Tournament be set up so that no team be required to play more than four games in three days. Carried.

17. Mr. Hayhurst reported for the Committee on Releaguings appointed at the May 21, 1938, meeting of the Council. The report indicated that the Committee had done a large amount of work by correspondence, and by personal contact.

On November 2 the Committee met in extended session in the C. I. F. Office. On November 16 a meeting was held in Long Beach at the request of the Committee in which thir-

teen schools were represented. Changes were suggested in the makeup of the following leagues:

Bay, Coast, Foothill, San Gabriel, Sunset.

All changes were discussed at length. An attempt was made to analyze the effects of each change as to general results and as to probable permanence. Several minor modifications of the report were informally agreed upon.

The Final changes as accepted were:

Woodrow Wilson to the Foothill League

Alhambra to the Foothill League

Mark Kepple (when opened) to the Foothill League

Fullerton to the Sunset League

South Pasadena to the San Gabriel League

Elsinore Naval and Military to Free Lance.

The Riverside League to be made into two Leagues as follows:

East Riverside

Banning
Coachella

Beaumont
Palm Springs

Riverside

Elsinore
Perris

Hemet
San Jacinto

Since the Coast League has only three schools the following provisions were proposed for their schedule of games in football, basketball, and baseball:

Bay League and Foothill League will be required to furnish three games to each member of the Coast League in football, basketball, and baseball, and these games are to count as league games for the schools of the Coast League. The Commissioner of Athletics and two members of the Executive Committee, not connected with any of the three leagues, are to be empowered to schedule the three inter-league games for each school in the Coast League in football, basketball and baseball, to be played with schools of the Bay League and Foothill League; and that in the above inter-league games the officials be paid from the gate receipts and the rest of the gate be split 50-50 between the two schools playing.

Students from schools using student tickets for admission are to be allowed to use their student body tickets for admission to these inter-league games.

Schools not having student body tickets are to be allowed to have a pre-sale of student tickets for the games; the pre-sale to close at 12:00 noon Friday when the game is played Friday or Saturday, and at 12:00 noon the day of the game if the game is on any other day than Friday or Saturday.

It was recommended that the Metropolitan League be directed to provide Class "B" and "C" competition for Herbert Hoover (SD) and San Diego.

Moved by Mr. Hayhurst, seconded by Mr. Fischer that the report be approved. Carried.

18. Mr. Van Patten recommended the follow-

ing dates and places for championships for the rest of this school year.

Tennis

C—Montebello—April 1

Moved by Mr. Flynn, seconded by Mr. Waller that the recommendation be approved. Carried.

19. Mr. Van Patten recommended that the basketball play-off be set up similar to that of one year ago.

There being no objections the Chair ruled the recommendation approved.

20. Mr. Van Patten recommended the two following amendments to our By-Laws:

Add an article XXXV at the end of the By-Laws on page 39 entitled: Amendment of By-Laws, and to read:

These By-Laws may be amended at any regular or special meeting of the Council by a majority vote of the Council providing the proposed amendment is submitted in writing to all members of the Council at least four weeks prior to the date of the Council Meeting at which the vote is taken.

These By-Laws may be amended at any regular or special meeting of the Council by a two-thirds vote of the Council.

Add a paragraph marked (4) to section VIII page 17 of our By-Laws to read:

A boy who for any reason has been living away from the home of his parents or legal guardian, becomes eligible for competition at once if he returns to the home of his parents or legal guardian and enrolls in the high school in the district in which his parents or legal guardian lives.

There being no objections the Chair ruled that the proposals be printed in the minutes and submitted to the Council at the May meeting.

21. Moved by Mr. Taylor, seconded by several Councilmen that a vote of appreciation be extended to Mr. Alman and the South Pasadena Hight School for acting as hosts for the day and especially for the steak luncheon served. Carried with applause.

Lunch Hour

Luncheon was served in the South Pasadena High School Cafeteria promptly at 12:00 o'clock noon.

Billie Krause of the Alhambra High School enlivened the first twenty minutes of the period with a number of snappy selections on the piana accordion. Billie has lots of ability. Mr. Van Patten was directed to send a letter of appreciation to the young man.

During the lunch hour Dr. A. W. P. Theil, Dr. A. C. Brix, and Mr. N. T. Christenson, all of the Southern California Amateur Soccer League, spoke to the Council on the possibilities of soccer as a high school athletic sport.

These gentlemen called attention to three important features of the soccer game, that is, its lack of injury to players, its carry over value after school days are ended, and its international aspects.

The speakers were well received and as all were men many years past high school and college ages and still playing soccer it was evident that their enthusiasm for their favorite sport was well justified.

During the lunch period Mr. H. J. Moore presented C. I. F. Key Emblems to Council Members who have served two full years on the Council.

Mr. Elmer H. Crook, of the South Pasadena High School was present with a camera and took a picture of the Council and visitors at the lunch table. This is the first time a picture has ever been taken of the C. I. F., Southern Section Council. The picture will no doubt be of interest twenty-five years from now even if no one is interested in it at the present time.

At 3:45 P. M. the Council adjourned to meet May 20, the day of the Southern California Track Meet.

TRACK AND FIELD MEET RECORD CARDS

As in past years the C. I. F. Office has provided a supply of Track and Field Record Cards. These cards are designed for use in staging track and field meets, and as a permanent card file record of the accomplishments of track and field athletes.

These cards will be furnished to any school upon request to the C. I. F. Office.

These cards cost about one-half cent each when delivered in large quantities to the C. I. F. Office. We do not believe they should be sent out except when school authorities are certain they wish to use the cards.

A sample of the cards is included with this bulletin.

C. I. F. MANUAL USED IN ORIENTATION COURSE

The Cocina High School gives a course to all puupils in Orientation. A copy of the Constitution and Rulings of the C. I. F., Southern Section, is placed in the hands of every teacher in order that all pupils may be properly oriented in interscholastic relations.

A DIFFERENT BOOK

Think and Grow Rich is the title of a recent book by Napoleon Hill. According to Mr. Hill to attain any purpose we must have a desire, have faith in our ability, have a plan, and have persistance.

Were some of our track coaches to read Mr. Hill's book and then pass on his precepts to members of the track team who knows but we might have a 9.5 sprinter, a 4.20 miler or a 14 foot vaulter in the Southern Caliofrnia Meet this year.

Anyway you take it Mr. Hill has written an unusual book which anyone interested in the latest psychological theories will enjoy.
