

C. I. F., SOUTHERN SECTION MONTHLY BULLETIN

Volume 35

FEBRUARY 1972

No. 6

CHANGE IN CAGE PLAYOFF DATES

The attention of all schools is called to a change in dates for the upcoming CIF, SS, basketball playoffs.

The AAA, AA and A playoffs will commence on Tuesday, Feb. 22, rather than Wednesday, Feb. 23 as originally announced. This is because Feb. 21 is being celebrated as the Washington's Birthday holiday and most schools will resume sessions on Feb. 22. AAA playoffs will still begin on Feb. 25.

Also, leagues in the AA division have been informed of an alteration in format for that division's playoffs. Because of the added number of leagues in the division this season, the bracket will be increased in size to accommodate qualified entries from the 10 leagues.

As few games as possible will be played on the new starting date of Feb. 22, in order to pare the bracket down to 16 teams for the second round, Friday, Feb. 25.

Two other sports have playoffs beginning within a month. Most league qualifying meets and the CIF free-throw qualifying meet at Agoura, are scheduled for Saturday, Feb. 19. The preliminary meets at Fontana, Royal Oaks, West Torrance and Westminster follow on Feb. 26 and the finals are slated March 4 at Arcadia High School.

Soccer playoffs begin March 1, and continue on the 3rd, with championship slated March 10.

ROUTING GUIDE

This guide is designed to help assure complete distribution of the monthly bulletin. Coaches should check or initial appropriate box(es) before passing the copy on.

Photo by Don Chadez

REDLANDS, CORONA DEL MAR GIRLS NET CHAMPS

Dana Lee of Redlands and Lilly Valdes and Holly Blare of Corona del Mar are the first-ever official CIF, SS girls division champions.

The three girls captured titles in the first individual girls division tennis championships held over two weekends at several Orange County sites. The quarterfinal, semifinal and championship rounds were held at UC Irvine, with the preliminary contests at Costa Mesa HS, Estancia and Orange Coast College.

Managing the meet was Nancy Grant of Villa Park High School.

Miss Lee defeated Renata Cioth in the singles championship match 6-1, 6-4. Misses Valdes and Blare were victorious in the doubles over Susan Almassy and Ann Feely of La Canada, 6-2, 7-5.

Entries from more than 60 high schools were received. The girls played "pro" sets until reaching the semifinals.

Results:

Singles

Preliminary Qualifying matches

Karla Bell (Western) def. Cindy Marowitz (Corona del Mar) 8-2
Pam Newsome (Alhambra) def. Barbara Francis (Mayfair) 8-1
Renata Cioth (Rolling Hills) def. Daggie Kresse (Ontario) 8-4
Dana Lee (Redlands) def. Meg Siegler (Agoura) 8-3
Sandy Kriecel (Claremont) def. Lynndee Moore (Hawthorne) 8-6
Robin Kuhn (Los Alamitos) def. Sherry Benson (Elsinore) 8-2
Janelle Price (Foothill) def. Pat Wargg (San Marino) 9-7

**PROBLEMS WITH COACHING
BEHAVIOR CONTINUE IN
SPITE OF CONSEQUENCES**

Despite an active and vigorous program connected with general crowd management, despite continuing clarification and definition of rules, and despite the threat of removal from coaching positions, which has occurred in the past, problems continue regarding coaches who refuse to follow a code of conduct during contests.

Coaches have already been removed from positions this season for such serious breeches of sportsmanship as removing a team from the game before it (the contest) is completed, and treating game officials in a manner which has caused forfeiture of a game in one case.

"It seems to happen every year," says commissioner Ken Fagans, "A coach will ignore his basic responsibilities in the heat of anger. And it not only will cost him, but affect his players, his school and those officials and fans at the game. One gets the feeling that they'll never learn. And administrators in our schools won't condone this type of action."

Incidents have been reported about the use of profanity, coaches being removed as a result of technical fouls and coaches and others following officials into dressing rooms following games; in addition to pulling teams off the floor.

All these actions are contrary to the spirit and direction not only of good

**MINUTES OF CIF, SS, COUNCIL MEETING
January 29, 1972**

The Winter meeting of the CIF, Southern Section, Council was held on Saturday, January 29, 1972, at Gahr High School.

The meeting was called to order at 9:30 a.m. by Executive Committee Chairman Mr. Steve Miletich, Vice-Principal, Beverly Hills High School, who was presiding in place of Council President Rev. Lawrence Dunphy.

Representatives from all but the following leagues were in attendance: CONDOR, HI-LO, and PINON LEAGUES.

Dr. Hanford Rants, Principal, Gahr High School, welcomed the Council to his school for the meeting.

The following guests were introduced: Mr. Dean Crowley, Vice-Principal, Gahr High School; Mr. Gene Knott, Vice Principal, Ramona High School; Mr. Tip Lefebvre, Athletic Director, Pius X High School; Mr. George Scott, Pasadena City Schools; Mr. John Myers, Athletic Director, Edison High School; Dr. William Ullom, Superintendent, Laguna Beach Unified School District; Dr. Paul E. Bolie, Superintendent, Brea-Olinda Unified High School District; Dr. R. Kenneth Wines, Superintendent, Anaheim Unified High School District; Mr. Dick Salter, football coach, Arcadia High School; Mr. Clare VanHoorebeke, football coach, Anaheim High School; Mr. Paul Womack, football coach, Redlands High School; Mr. John Ford, football coach, Lakewood High School.

1. APPROVAL OF MINUTES.

a. It was moved, seconded, and passed to approve the minutes of the Council meeting of September 25, 1971, as published in the October, 1971, Monthly Bulletin.

b. It was moved, seconded, and

sportsmanship and education ethic, but to the important crowd management program, just recently presented throughout the state by the CIF, SS.

Coaches, athletic staffs and administrators should refer to Section VII (white sheet) of the crowd management book, "Coaches Responsibilities."

It outlines in clear and distinct terms the things coaches must do and keep in mind during the completion of his coaching duties. When a coach loses control, the ideals the coach and athletics strive to teach, are lost. That's the measure of influence a coach has on an entire athletic system.

And because of that the CIF, SS, will continue to strongly urge prevention of and punishment for this type of lack of control and disregard for the elements of athletics.

passed to approve the minutes of the Executive Committee meetings of October 16, 1971, as published in the November, 1971, Monthly Bulletin, and November 30, 1971, as published in the December, 1971, Monthly Bulletin.

c. It was moved, seconded, and passed to approve the minutes of the Executive Committee meeting of January 22, 1972, as presented in writing to the Council, with the following clarification: The rule stated in paragraph 10, page 4 (Time Limit For Baseball Games Other Than Varsity) was amended to read "In all CIF, SS, baseball games other than varsity, no inning shall begin after two hours have elapsed from the start of the contest. This rule would apply to those games which are scheduled as individual or separate contests; for games which are being played at the same site as other baseball games or tennis matches, and teams are utilizing a common source of transportation, this time limit may be adjusted to coincide with the completion of other activities by mutual agreement of the coaches involved prior to the start of the game."

2. COMMITTEE REPORTS.

a. **Academic Eligibility**—The Academic Eligibility Committee recommended to the Council that, because of new curriculum patterns being developed, Article X (Scholastic Requirements) of the Blue Book be amended in order to 1) eliminate the requirement for a boy to pass in at least four subjects, and reduce the basis for academic eligibility to just numbers of units passed rather than a combination of units and subjects as presently required, and 2) to provide for the academic eligibility certification of students in those schools operating on other than the traditional program, since many of these innovative types of programs have not been able to be easily applied to the eligibility requirements as they are defined under present rules. Following discussion, it was moved, seconded, and passed to adopt the recommendations of the committee and to change Section 3 of Article X to read as follows:

1) To be eligible a boy must have passed in the equivalent of 20 semester units (any combination of numbers of subjects) of new work the previous semester. One of the subjects may be physical education. By new work is

(Continued on Page 3)

COUNCIL MINUTES

(Continued from Page 2)

meant subjects in which passing grades have not previously been earned.

2) In schools operating on other than the traditional program (i.e., schools with modular or of flexible scheduling or continuous progress programs), the principal shall certify as to the academic eligibility of each student based upon satisfactory progress in accordance with the standards defined in paragraph (1) above.

Corresponding changes in other by-laws relating to academic eligibility will be made to conform with the above new rules.

b. **Classification**—Mr. Don Cogswell (Vice-Principal, Mira Costa High School), Chairman, Classification Committee, reviewed with the Council the recommendations of the committee for the classification of CIF, SS, athletic teams in all sports for the 1972-73 school year. These recommendations were developed after studying the results of a survey of member schools from this past football season when all schools were required to field teams classified by grade level rather than exponents on a one-year experimental basis. Following discussion, a motion was introduced to have the CIF, SS, eliminate exponents as the criterion for classifying any athletic teams, and that all activities be conducted on a grade level basis beginning next year. The Council, however, moved, seconded, and passed to table this motion, and then after additional discussion, moved, seconded, and passed to accept the following recommendations of the Classification Committee for the 1972-73 school year:

1) Each league shall have authority to determine and establish the type of competition (i.e. grade level of exponent) to be conducted at the league level for each sport. When made, such determinations shall be placed on file with the CIF, SS, Office.

2) When schools utilizing the same classification system schedule a non-league contest in a sport, the system, whether it be grade level or exponent, shall be used for the conduct of such competition.

3) When schools utilizing different classification systems schedule a non-league contest in a sport, the grade level system of classification shall be used for the conduct of such competition.

c. **Swim Regulations**—Mr. Larry Rossi (Director of Health, Physical Education, and Recreation, Long

**SWIMMING DATES
FOR 1973 SEASON**

Note — A two-week overlap between the girls and boys seasons exist, however, the problem should be minimal in that league meets will have been completed and a relatively small number of boys will be training for the CIF, SS, prelims and championship meet.

First day of official practice	Jan. 2
First date inter-school competition may be held	Jan. 22
CIF, SS Swim Relays Preliminaries	Jan. 23-24
CIF, SS Swim Relays Finals	Jan. 26
Freelance qualifying meet	March 29
Swim Championship Pre'lms	April 7
Swim Championship final meet	April 13
Beginning of Girls season	April 2
End of Girl's season	June 8

Beach Unified School District), representing the Swim Regulations Committee, presented to the Council the proposed dates for boys' and girls' swimming seasons during the 1972-73 school year. Mr. Rossi explained that with the advent of the organization of girls' interscholastic athletics competition under the administration of the CIF, SS, it has now become necessary to establish definite, non-conflicting seasons of sports for boys' and girls' swimming in order to attempt to alleviate problems which have developed over the use of swimming pool facilities at member schools. Following discussion, it was moved, seconded, and passed to adopt the dates for swimming as recommended by the committee.

(NOTE: THE APPROVED DATES FOR BOYS' AND GIRLS' SWIMMING SEASONS FOR 1972-73 MAY BE FOUND ON PAGE 3 OF THIS MONTHLY BULLETIN.)

d. **Nominating Committee** — Mr. Truck Lindsey (Athletic Director, Chaffey High School), Chairman, Nominating Committee, presented the following nominations to the Council for elective positions to be filled for the 1972-73 school year:

1) **Executive Committee** (Metropolitan Los Angeles County district, 4-year term) — Mr. Don Cogswell, Vice-Principal, Mira Costa High School; Mr. Ted Gosard, Principal, Aviation High School.

2) **Executive Committee** (Eastern district, 4-year term) — Mr. Tony Balsamo, Principal, Apple Valley High School (Incumbent); Mr. Keith Lee, Principal, Yucca Valley High School.

3) **State Federated Council** (4-year term) — Mr. Steve Miletich, Vice-Principal, Beverly Hills High School (Incumbent).

4) **Treasurer of CIF, SS, Council** (3-year term) — Mr. Russell Ball, Principal, Paramount High School; Dr. Hanford Rants, Principal, Gahr High School.

There were no additional nominations from the floor. The Council moved, seconded, and passed to accept the report of the Nominating Committee. Elections will be held at the May meeting of the Council.

3. STATE CIF LEGISLATION.

The Council considered the following matters of State CIF legislation, adopted by the State CIF Federated Council at its meeting of October 23, 1971, to determine whether or not Southern Section rules should be modified in order to comply with these new state regulations, or whether more restrictive section rules should be recommended for any of the items:

a) **300-Mile Travel Rule**—It was moved, seconded, and passed by the Council to adopt all provisions, as stated below, of the new State CIF rule pertaining to travel regulations for inter-school dual and triangular competition, effective with the 1972-73 school year.

1) A CIF, SS, member school may schedule dual or triangular competition in any sport with any other member of the CIF in the state of California without the approval of the State CIF or Southern Section. (Leagues may, if they desire, require approval.)

(Note: State CIF approval is still required for sanctioned event activities which involve schools from more than one section.)

2) Any dual or triangular competition involving a CIF, SS, member school with a school from another state when the distance is less than 500 miles will require approval of the Southern Section, State CIF and National Federation. (Southern Section schools may continue to engage in dual or triangular competition with Associate Member schools from Arizona or Nevada, as listed in the CIF, SS, Directory, without approval).

3) Any dual or triangular competition with an out of state school located over 500 miles will need approval from (a) the local school board; (b) league; (c) Southern Section; (d) State CIF, and (e) National Federation.

(a) Two or more teams could travel together at one time. (For example, a cross country team (Continued on Page 4)

COUNCIL MINUTES

(Continued from Page 3)
and a football team.)

(b) Such competition may be scheduled only once every five years.

b) **State Wrestling Tournament** — It was moved, seconded, and passed to authorize participation by representatives from the Southern Section in a State CIF Wrestling Tournament to be held at the conclusion of the 1973 wrestling season. A special committee composed of CIF Section Commissioners will convene in the near future for the purpose of determining entries, location of the meet, distribution of revenue, and other details connected with the staging of this state championship activity.

c) **Triple Jump in State Track Meet** — Discussion was held concerning the fact that the triple jump has now been designated as an official event in the 1973 State CIF Track Meet. A motion was made to have the triple jump conducted as a regular varsity event in all Southern Section dual meet and championship competition, but it was moved, seconded, and passed to defeat this motion when a majority of Council members expressed concern that the addition of the event would substantially prolong the length of track meets and compound an already critical problem of obtaining sufficient qualified judges and officials for meets. It was then moved, seconded, and passed to direct the Commissioner of Athletics to conduct a special qualifying meet, similar to the one which is presently held for the determining Southern Section entries in the triple jump event for the State CIF Track Meet beginning with the 1973 season.

4. **CROWD MANAGEMENT ENFORCEMENT CODE.** Mr. James Faul (Principal, Workman High School), representing the Crowd Management Committee, discussed with the Council proposed recommendations for an "enforcement code" which could be used as a guide in assessing penalties against schools and/or individuals responsible for crowd control incidents occurring at CIF, SS, athletic contests. In addition, it was suggested that a special committee be formed to review in detail all incident reports which are submitted requesting further action, and to recommend to the Executive Committee appropriate disposition of those cases involving serious or repeated incidents. Additional information concerning these proposals will be prepared and distributed to league rep-

resentatives for discussion at the league level and final action at the May meeting of the Council.

5. **LIFE PASS AWARD.** The CIF, Southern Section, presented a gold Life Pass award to Mr. Marion Hays of Harvard School, former chairman and member of the Executive Committee and Olympic League representative for 18 years, in recognition of his outstanding dedication and many contributions to the CIF, SS, and interscholastic athletics during his distinguished career.

6. **FOOTBALL REGULATIONS.** The Council discussed and acted upon the following proposals for changes in current CIF, SS, regulations governing the sport of football:

a. **Summer School Classes** — The present rule pertaining to football activity held during a school's regular summer school program, as contained in Section 16(A) of Article XXXXIII (Football Regulations) of the Blue Book, was considered for the purpose of possible revision. A motion was made to revert to the CIF, SS, rule which had been in effect prior to the summer of 1971, preventing a school from offering any summer school class in which the skills or techniques of the sport of football were taught. However, following discussion, it was moved, seconded, and passed by a vote of 26-20 to defeat this motion, thereby leaving the current rule in force which permits football activity to be conducted during summer school physical education classes, subject to the restrictions outlined in Section 16(A) of Article XXXXIII.

b) **Summer Flag Football Leagues** — Discussion was held concerning proposed changes in the rules pertaining to the makeup of teams in summer flag football leagues and participation by members of high school football coaching staffs in coaching, managing, or directing such teams. A motion was made to adopt the proposed changes, but the Council moved, seconded, and passed to defeat this motion and retain the current CIF, SS, regulations for summer flag football leagues as specified in Section 16(D) of Article XXXXIII of the Blue Book.

c) **Spring Practice in Full Gear** — The Council considered at length the recommendation of the Board of Directors of the Southern California Football Coaches' Association to permit all schools participating in the "AAAA" football playoffs to conduct spring football practice in full gear on a one-year experimental basis at the varsity level only. Following a presentation by Mr. Paul Womack, President of the Coaches' Associa-

tion, and further discussion, a motion was made to adopt the proposal as specified, but the Council moved, seconded, and passed to defeat this motion and retain the current CIF, SS, regulations governing the conduct of spring football practice as contained in Section 15 of Article XXXXIII of the Blue Book. Thus, the use of protective equipment other than that provided for in Section 15 would be prohibited.

7. **SUPERINTENDENTS' PROPOSAL.** Dr. William Ullom, Superintendent, Laguna Beach Unified School District, appeared before the Council to present a proposal to have superintendents of member school districts included in the organizational and legislative structure of the CIF, SS, in order that they might be able to participate in the important policy decisions which affect their schools. This proposal was made by Dr. Ullom on behalf of the 12 superintendents in Orange County. Following discussion, it was moved, seconded, and passed that a special ad-hoc committee, composed of representatives of the Council and selected superintendents, be appointed to study the organizational pattern of the CIF, SS, to determine whether or not there are recommendations which need to be made with regard to the inclusion of superintendents in matters of policy decisions.

This special committee will be composed of Dr. Ullom; Dr. Earl W. Denton, Superintendent, Lucia Mar USD; Dr. Charles Terrell, Jr., Superintendent, Corona-Norco USD; Dr. Walter Dingus, Superintendent, San Marino USD; Dr. Donald R. Wheeler, Superintendent, Redlands USD; Mr. Steve Miletich, Vice-Principal, Beverly Hills High School; Mr. Ferren Christensen, Principal, Westminster High School; Dr. Richard Cordano, Principal, Arcadia High School; and Dr. Hanford Rants, Principal, Gahr High School. The committee is scheduled to meet on February 29, 1972, and will prepare a recommendation for presentation to the Council at its May meeting.

8. **CHANGE IN METHOD OF ELECTING COUNCIL OFFICERS.** Mr. Alex Alexander (Principal, Desert Sands High School) reviewed with the Council the proposed constitutional change in the method of electing the President and Vice-President of the Council, as recommended by the Executive Committee. Mr. Alexander explained that the current system of election calls for the President and Vice-President to be representatives from the various member leagues, rotated in their order of alphabetical arrange-

(Continued on Page 5)

COUNCIL MINUTES

(Continued from Page 4)

However, the complexities of the present organization of the CIF, SS, require that the President assume an active leadership role, and as such should always be a person qualified in the administration of athletics and experienced in CIF matters. In order to accomplish this objective, the Executive Committee recommended that the presidency and vice-presidency be election offices beginning with the 1972-73 school year. Following discussion of this proposal, the Council moved, seconded, and passed to approve the following amendments to the CIF, SS, Constitution:

Section 2, Article V — The President shall be elected by the Council for a two-year term. He may not succeed himself. To qualify as a candidate for President, a person must have been a league representative for at least two years and/or have served on the Executive Committee for at least one year. He would not have to be a member of the Council or the Executive Committee at the time of his election. The duties of the President shall be such as usually appertain to the office, and he shall also serve as Chairman of the Executive Committee.

The Vice-President shall be elected by the Council for a two-year term. He may not succeed himself. To qualify as a candidate for Vice-President, a person must have been a league representative for at least two years and/or have served on the Executive Committee for at least one year. He would not have to be a member of the Council or the Executive Committee at the time of his election. The duties of the Vice-President shall be such as usually appertain to the office, and he shall serve as a member of the Executive Committee.

Section 3, Article VIII — to provide that the Nominating Committee shall nominate at least two candidates for President and at least two candidates for Vice-President of the Council.

In accordance with this Constitutional change, the Nominating Committee has presented the following nominations for President and Vice-President of the Council:

a) President of the Council (2-year term) — Mr. James Faul, Principal, Workman High School; Mr. Steve Miletich, Vice-Principal, Beverly Hills High School.

b) Vice-President of the Council (2-year term) — Dr. Richard Cordano, Principal, Arcadia High

BASEBALL TIME LIMIT RULE CLARIFIED BY COUNCIL

The CIF, SS, Council and Executive Committee have each held discussions during recent meetings concerning a time limit for baseball games other than varsity, so in order to clarify this issue for all member schools, following is the final interpretation of this rule as it will be applied for the upcoming 1972 baseball season:

"In all CIF, SS, baseball games other than varsity, no inning shall begin after two hours elapsed from the start of the contest. This rule would apply to those games which are scheduled as individual or separate contests; for games which are played at the same site as other baseball games or tennis, and teams are utilizing a common source of transportation, this time limit may be adjusted to coincide with the completion of other activities by mutual agreement of the coaches involved prior to the start of the game."

The new interpretation is intended to provide flexibility so that certain games need not be unnecessarily penalized when other activities at the same site may last longer than two hours.

This ruling supersedes all previous announcements explaining the time limit, including the bulletin distributed to baseball coaches with their rules books on January 25, 1972.

School; Rev. Alexander Manville, Principal, Bishop Diego High School.

Elections for these offices will be held at the May meeting of the Council, to become effective for the 1972-73 school year.

9. **RELEAGUING APPEAL, NORTE VISTA HIGH SCHOOL.** Mr. Richard Marr, Principal, Norte Vista High School, appealed to the Council the decision of the Releaguings Committee to have Norte Vista remain in the Ivy League for the 1972-73 school year. Because of decreased enrollment projected for next year, Mr. Marr requested permission to effect a change in leagues with one of the present member schools of the San Andreas League, if a change could be arranged. In accordance with established CIF, SS, policy, he was informed that a mutually agreeable change such as this would receive the approval of the Council. If he is not able to make the adjustment, Mr. Marr wished to go on record as strongly requesting consideration from the Releaguings Committee for a league realignment with schools more equitable in enrollment with Norte Vista for the 1973-74 school year.

10. **SIZE OF PEP BANDS AT BASKETBALL PLAYOFF GAMES.** The Freeway League sponsored a proposal to increase the number of allowable pep band members from 12 to 18 for all CIF, SS, basketball playoff games. Following discussion, the Council expressed the opinion that the present rule appeared to be adequate, and moved, seconded, and passed to defeat this proposal and retain the limitation of 12 members for all such pep bands.

11. **APPEAL OF UNDUE INFLUENCE CHARGE, SERVITE HIGH SCHOOL.** Rev. Charles Motsko, Principal, and other representatives of Servite High School appeared before

the Council to appeal the decision of the Executive Committee of January 22, 1972, which had declared that, in the judgment of the committee, Servite had been in violation of Article XVIII (Undue Influence-Recruiting) of the CIF, SS, by-laws in a case involving student-athlete Dennis Smith. The Council heard statements from and asked questions of the representatives from Servite and Bolsa Grande High School, the school which had filed the original complaint against Servite on November 8, 1971. After completion of the open hearing, the Council adjourned to executive session to further review the appeal. Following a lengthy discussion, it was moved, seconded, and passed by a vote of 23-11 to set aside the recommendation of the Executive Committee and to declare Dennis Smith eligible for participation in interscholastic athletics at Servite High School, and further to direct the Executive Committee to take the necessary steps with legal counsel to ensure that the rules under which the CIF, SS, is currently operating are changed in order to be more legally substantial for similar cases in the future. The Council also wished to express its concern to Servite High School for its questionable handling of Dennis Smith's enrollment, and it was moved, seconded, and passed to reprove the Servite High School administration in the Dennis Smith incident for a series of events that appear contrary to the best interests of the athletic program promoted by the CIF, SS, and inimical to the cooperative spirit and goodwill desirable between and among member schools, namely, 1) That an alleged booster club member transported Dennis Smith to the Servite High School campus for a tour of facilities; 2) That while on the tour, Dennis Smith was introduced and spoke to no other mem-

(Continued on page 9)

MINUTES OF MEETING OF CIF, SS, EXECUTIVE COMMITTEE January 22, 1972

The January meeting of the CIF, Southern Section, Executive Committee was called to order by Chairman Steve Miletich at 9:00 a.m. on Saturday, January 22, 1972, at Ben Brown's Motor Hotel in South Laguna Beach, California.

The following members were in attendance: Chairman Miletich, Vice-Principal, Beverly Hills High School; Rev. Lawrence Dunphy, President of the Southern Section Council, Principal, St. Bernard High School; Keith Lee, Treasurer of the Southern Section Council, Principal, Yucca Valley High School; Alex Alexander, Principal, Desert Sands High School; Tony Balsamo, Principal, Apple Valley High School; Ferren Christensen, Principal, Westminster High School; Richard Cordano, Principal, Arcadia High School; James Faul, Principal, Workman High School; Msgr. Thomas Kiefer, Principal, St. Genevieve High School; Rev. Alexander Manville, Principal, Bishop Diego High School; J. Kenneth Fagans, Commissioner of Athletics, and Thomas Morgan, Administrative Assistant, CIF, Southern Section, Office.

1. APPROVAL OF MINUTES. It was moved, seconded, and passed to approve the minutes of the meeting of the Executive Committee of November 30, 1971, as published in the December, 1971, Monthly Bulletin.

2. APPLICATION FOR MEMBERSHIP. It was moved, seconded, and passed to approve the application for membership in the CIF, Southern Section, for Arlington High School of Riverside, a new public school scheduled to open in September, 1973.

3. ELIGIBILITY CASES.

a. After careful consideration of each case, it was moved, seconded, and passed to waive the Residence Rule to permit the following students to be eligible to participate in interscholastic athletics:

Donald Haddock, Buena Park High School
Steve Gomez, Buena Park High School
Kee Nez Thinn, Santa Ana High School
Paul Sharkey, Sonora High School
Roger Horsen, Villa Park High School
Lester Littleman, Villa Park High School
Mario Mendoza, San Gabriel High School
Sam Trout, Rim of the World High School
Adolfo Dominguez, Norwalk High School (Wrestling only)
Terrence Peede, Norwalk High

School (Wrestling only)
Juan Penilla, Norwalk High School (Wrestling only)
Phillip Johnson, Paso Robles High School
Jim Galindo, Alpaugh High School
Michael Forton, Mission Viejo High School

Lonnie Arn, Santiago High School
b. It was moved, seconded, and passed to DENY the request to waive the Residence Rule or Eight-Semester Rule for the following students:

Gerald Osterberg, Westminster High School
Mike Chapman, Santa Ana High School
Robert Schmelter, St. Genevieve High School
Carl Berardini, Glenn High School
Richard Hernandez, Victor Valley High School
Don Nunez, Hart High School
Rick Ralph, Santa Paula High School
Francis Mitko, Long Beach Wilson High School

c. **El Monte Union High School District**—The Executive Committee received information from Arroyo High School concerning recent action taken by the El Monte Union High School District Board of Education which declared a boundary change to equalize the ethnic balance within the district. This change will involve students, both athletes and non-athletes, moving from El Monte to Arroyo High School, and will become effective at the beginning of the second semester of the current school year. A request was made by the principal on behalf of eight student-athletes involved to waive the Transfer Rule in order to permit them to be eligible for interscholastic athletics at Arroyo High School. The committee moved, seconded, and passed to approve the eligibility of these transfer students, in accordance with previously established CIF, SS, policy governing such boundary changes ordered by Board action and approved by the superintendent and both schools involved.

d. **San Bernardino City Unified School District**—The Executive Committee received a request for an eligibility ruling from Mr. Robert Young, Principal of Special School TMR, a public school for children classified as being trainable mentally retarded in the San Bernardino City Unified District. This special school is located on the campus of Cajon

High School, and the request was to permit a student who is currently enrolled at the special school to be able to participate in interscholastic athletics at his regular senior high school of residence, which is Cajon High School. The committee discussed the matter, and after carefully reviewing all of the information submitted, it was moved, seconded, and passed that an exception could not be made to State CIF and Southern Section rules to permit a student to be eligible at a high school other than the one in which he is regularly enrolled. Since Special School TMR is a separate school with a separate administration which happens to be housed on the campus of Cajon High School, the committee felt that it could be equated to the status of a continuation school as it would apply to basic CIF eligibility regulations, and as such, students would not be eligible to represent a regular member school.

4. SPECIAL TRACK MEET, BELL GARDENS HIGH SCHOOL. The Executive Committee received a request for permission for a team representing the Los Angeles County Sheriff's Department to compete against Bell Gardens High School in a track and field meet scheduled for March 16, 1972. This request was once again based on a cooperative effort by the school with the sheriff's department, which is attempting to develop a public relations program which will allow its officers to come in closer contact with youths of high school age through these activities. It was moved, seconded, and passed to waive the CIF, SS, rule which prohibits member high school teams from competing against other teams not representing a member school, and to approve this special competition with the provision that the meet shall be counted against the allowable number of track meets for Bell Gardens High School.

5. COMPETITION AGAINST NON-MEMBER SCHOOLS. It was moved, seconded, and passed to approve the following special requests from CIF, SS, member schools for sanction to schedule athletic competition against non-member, out-of-state schools:

a. Sherman Indian High School, cross country meet (at Phoenix, Arizona) and football game (at Riverside, California) with Phoenix Indian High School on September 22, 1972.

b. Imperial High School, football game with CETYS of Mexicali, Mexico at Calexico, California on October 28, 1972.

(Continued on Page 7)

COMMITTEE MINUTES

(Continued from page 6)

6. EVALUATION OF SCHEDULES FOR PLAYOFFS.

a. **San Fernando Valley Christian High School (Basketball)**—The 1971-72 basketball schedule of San Fernando Valley Christian High School was evaluated for possible entry into the CIF, SS, post-season championship playoffs. It was moved, seconded, and passed that the team must win at least 7 of its final 10 scheduled games in order to qualify for free lance entry into the playoffs.

b. **Los Angeles Baptist High School (Baseball)**—The 1972 baseball schedule of Los Angeles Baptist High School was evaluated for possible entry into the CIF, SS, post-season championship playoffs. It was moved, seconded, and passed that the team must win at least 8 of its last 11 scheduled games in order to qualify for free lance entry into the playoffs.

7. EARLY FOOTBALL PRACTICE, HI-LO LEAGUE. The Commissioner presented a request from the Hi-Lo League for permission to begin football practice in full gear for the 1972 season on September 1, one week earlier than the normal starting date of the Southern Section schools. This request was made because of the fact that league schools play eight-man football, and must coordinate their schedules with schools from neighboring Nevada leagues for non-league games because of the lack of available opponents in their geographical area. In addition, weather becomes a factor for these schools if their football schedules must extend into the snow season. The committee moved, seconded, and passed to grant permission for the Hi-Lo League to begin official football practice on September 1, 1972.

8. MEMBERSHIP STATUS OF RANCHO SAN ANTONIO AND DELPHIC LEAGUE. The Executive Committee continued the discussion from its meeting of November 30, 1971, concerning the status of Rancho San Antonio with regard to regular membership in the CIF, Southern Section. It was the opinion of the committee that Rancho San Antonio would no longer qualify for membership as an educational institution, according to requirements of the State CIF Constitution, and Article II of the CIF Constitution, since it is basically a residential center and its students attend classes at either the William Agnew Junior and Senior High School, or Chatsworth High School, a public high school in the Los Angeles

ONE-AND-ONE INDICATOR AUTHORIZED FOR PLAYOFFS

Two members of the Basketball Officials Association have produced an electric "one-and-one" indicator, which will be available for use at basketball playoff contests.

The officials, Wally Pounds, and Bill Morris of Los Angeles, displayed the device to CIF, SS officials recently and gained authorization for use. The two-foot box employs lighted arrows pointing either direction to indicate when a one-and-one free throw situation is in effect for a team. A switch allows the arrows to show steady red, or to blink, as an indicator throughout the period that the one-and-one is in effect. It is set up to enable connecting directly to scoreboard equipment in most gyms.

Those interested in using the device, or checking it out may call Pounds at 756-2547 or 747-2488; or Morris at 481-4480 or 755-3363.

City School District. After some discussion, it was moved, seconded and passed to officially terminate Rancho San Antonio's membership in the CIF, Southern Section, as of the close of the 1971-72 school year, because the organization no longer meets the requirements of membership.

In addition, the committee was advised that the constitution and by-laws of the Delphic League, of which Rancho San Antonio is presently a member, are in violation of CIF regulations by permitting transfer students to be eligible upon enrollment and allowing member schools to impose their own restrictions, whatever they deem appropriate, for academic failures. The committee expressed deep concern at this outright violation of CIF regulations, and directed the Commissioner to meet with Delphic League representatives at their next scheduled meeting to inform them that the by-laws must be changed immediately to be in complete conformance with the basic rules of the CIF, or it will be recommended that the league be suspended from regular membership in the CIF, SS.

9. LOS ANGELES CITY VS. SOUTHERN SECTION GYMNASICS MEET. Information was presented concerning plans for a proposed gymnastics meet involving representatives from the Los Angeles City and Southern Sections of the CIF. This meet would be scheduled at the conclusion of the regular gymnastics season, and as tentatively structured, would involve the team champion and the top three individuals in each event (plus one all-around event performer)

from each section. The suggested dates for the two-year agreement would be Friday, May 26, 1972, and Friday, June 1, 1973. The Executive Committee moved, seconded, and passed to approve this proposal, and directed the Commissioner to request the necessary State CIF sanction for the event and to arrange for a joint committee of coaches from the two sections to be appointed for the purpose of recommending procedures for the conduct of the meet.

10. TIME LIMIT FOR BASEBALL GAMES OTHER THAN VARSITY.

Discussion was held concerning the rule adopted by the CIF, SS, Council at its meeting of September 25, 1971, which restricted the length of baseball games other than varsity (i.e., JV, Frosh-Soph) to two hours, or when the game was being played at the same site as the varsity game, stated that no inning could start after the completion of the varsity game. Several leagues have expressed concern over the fact that this new rule might unnecessarily penalize a JV or frosh-soph game when the varsity game being played at the same site happens to end in a period of time less than two hours. The committee agreed that the intent of the rule was to limit these games from becoming one-sided or excessively lengthy, and that this intent could still be adequately served by modifying the requirement to a straight two-hour time limit and eliminating the statement regarding the completion of the varsity game. It was moved, seconded, and passed to amend the rule to read as follows: "In all CIF, SS, baseball games other than varsity, no inning shall begin after two hours have elapsed from the start of the contest." This policy will be in effect for the upcoming 1972 season, and schools are reminded that games which end in a tie score when the two-hour time limit is invoked must be counted as ½ game won and ½ game lost for each team in accordance with paragraph 8 of Article XXXX (Baseball Regulations) of the Blue Book.

11. FOOTBALL PLAYOFF FINANCIAL REPORT. The Commissioner reported to the Executive Committee that the recent CIF, SS, football playoffs had been very unsuccessful from a financial standpoint, and that the net income to the CIF, SS, Office was approximately \$30,000.00 less than had been budgeted and approximately \$38,000.00 less than was received for the 1970 playoffs. He indicated that he felt several factors had contributed to this deficit, among them the later dates for the playoffs which placed first round games during Thanksgiving Day (Continued on Page 8)

COMMITTEE MINUTES

(Continued from Page 7)

weekend, unfavorable weather conditions during the second week, and the absence of a great number of teams with established followings. The committee discussed the matter, and after thoroughly reviewing the playoff report, reaffirmed that a cash reserve fund had been instituted to provide necessary capital during a fiscal year such as the current one when actual playoff receipts are less than estimated. It was further concluded that a determination as to whether this could be considered a trend for future years should not be attempted until a comparison can be made with next year's playoff report, and that any recommendations for budgeting adjustments involving income or expenditures be withheld until that time.

12. APPEAL OF ELIGIBILITY RULING, BELLFLOWER HIGH SCHOOL.

Mr. John Killeen, Vice-Principal, Bellflower High School, appeared before the Executive Committee, along with Mr. Jim Greenfield, basketball coach, and Steve Langford, member of the varsity basketball team, to appeal a ruling which had declared the latter ineligible for further participation in the sport of basketball at Bellflower because he had competed on an "outside" team. It had been reported to the Commissioner of Athletics that Steve participated on an outside team on December 21, 1971, in a game played in the Paramount Recreation Department City Basketball League, and following a complete investigation it was determined that this participation was in violation of Section 1 of Article XV (Outside Individual Competition) of the Blue Book. Bellflower High School was therefore ordered to forfeit three games in which Steve had played subsequent to December 21, and the boy was withheld from further participation in interscholastic competition as of January 3, 1972. The appeal by Bellflower was based on the fact that Steve had played in only the one outside game, and he had done so because he was under the impression that the game had been forfeited and would not be considered an official contest, and as such, he had felt that his participation would not jeopardize his high school eligibility. The committee members asked additional questions of the Bellflower representatives, and then further discussed the matter in executive session. It was the opinion of the committee that although there was a technical violation involved with this case, the actual intent of the rule had not been circumvented by any predetermined course of action on the part of the boy involved.

The investigation had revealed that the game might have been considered a spontaneous recreational activity, since Steve had not gone to the gymnasium with the idea of playing basketball as evidenced by the borrowed shoes and full-length pants he was wearing, and that there indeed had been some question about the game being forfeited as reported in the statement by the recreation leader in charge of the league and the conversation of the game officials immediately prior to the start of the contest in question. In view of these facts, the committee felt that the school had been sufficiently penalized by forfeiting three games which it had previously won, and that the boy had been properly reprimanded by being withheld from competition for three weeks, and it was moved, seconded, and passed to restore the eligibility of Steve Langford for participation in the sport of basketball at Bellflower High School, effective January 24, 1972.

13. SANCTIONED EVENT VIOLATIONS.

a. **Glenn High School**—The Executive Committee was informed that Glenn High School had been found in violation of two CIF, SS, regulations governing sanctioned events during the conduct of a junior varsity basketball tournament held during December, 1971. The tournament had not been sanctioned by the CIF, SS, Office, as required by Section 1 of Article XXII (Invitational Tournaments and Sanctioned Events) of the Blue Book, and an official who was not an approved member of the Southern California Basketball Officials' Association had been assigned to officiate during the tournament (Ref.: Section 4, Article XXXIII of the Blue Book). Glenn High School reported in writing to the committee that there was no explanation for these violations "other than lack of organization and unawareness of the rules on the part of the gentlemen running the tournament." Following discussion, the committee emphasized that it is considered the responsibility of every school and person involved in the conduct of a sanctioned event to be familiar with all rules governing these types of activities, and it was moved, seconded, and passed that Glenn High School not be permitted to conduct any CIF, SS, sanctioned event in any sport for the balance of the current school year and during the entire 1972-73 school year.

b. **Mt. Carmel High School**—It was also reported that Mt. Carmel High School had employed uncertified officials in violation of Section 4, Article XXXIII of the Blue Book,

for a freshman basketball tournament conducted during December, 1971. Additionally, one of these uncertified officials was assigned to work eight games in one day during the tournament. The principal of Mt. Carmel verified that this report was correct, and indicated that he would submit complete written information concerning the matter. In accordance with the penalty invoked for a similar occurrence in paragraph (a.) above, it was moved, seconded, and passed that Mt. Carmel High School not be permitted to conduct any CIF, SS, sanctioned event in any sport for the balance of the current school year and during the entire 1972-73 school year.

14. ASSIGNMENT OF OFFICIALS FOR SANCTIONED EVENTS.

Because of the problems being created by schools assigning their own officials for sanctioned event activities (Ref. paragraph 13 above), the Executive Committee discussed the feasibility of adopting a regulation which would make it mandatory for officials for all sanctioned events, regardless of the sport, to be appointed by the responsible assigning agency for that school, whether it be the CIF, SS, Office or the Area Commissioner of Officials. CIF, SS, by-laws presently require the Area Commissioners to assign for these tournaments, but a similar rule is not in effect for those schools served by the CIF, SS, Office. Following discussion, it was moved, seconded, and passed to amend Article XXXIII (CIF, Southern Section, Office Assigning Policies) of the by-laws to require that the Southern Section Office assign officials for all sanctioned tournaments in all sports for schools in Los Angeles County, effective with the 1972-73 school year. This new policy would include officials for tournaments other than varsity (i.e., JV, Frosh-Soph, B. C), and would also include starters and referees for invitational swimming or track meets.

15. **UNSPORTSMANLIKE CONDUCT, LYNWOOD HIGH SCHOOL JUNIOR VARSITY BASKETBALL COACH.** The Commissioner reported to the Executive Committee that the Lynwood High School junior varsity basketball coach, apparently upset over the officiating, had removed his team from the floor during a game played in a junior varsity tournament at Glenn High School on December 29, 1971. After a preliminary investigation to substantiate the facts surrounding the incident, this unsportsmanlike act was reported to the principal of Lynwood High School, who in turn immediately

(Continued on page 9)

COMMITTEE MEETING

(Continued from Page 8)

suspended the coach involved from further coaching responsibilities. The committee reemphasized its concern when actions such as this occur on the part of a coach at a member school, and indicated that the matter would require no further action since it had been properly handled by the principal.

16. UNDUE INFLUENCE CHARGE, SERVITE HIGH SCHOOL.

Information was presented to the Executive Committee concerning charges from Bolsa Grande High School that representatives, official or unofficial, from Servite High School had influenced student-athlete Dennis Smith to attend Servite High School.

Upon receipt of the protest last November, the Commissioner of Athletics initiated an investigation to determine whether or not these allegations could be substantiated. The Commissioner visited the home of Dennis Smith for the purpose of questioning his mother concerning the charges, and to further resolve the case, an open hearing involving persons representing both schools was held at the CIF, SS, Office on Wednesday, December 15, 1971.

After completing his preliminary investigation, the Commissioner reported that in his judgment there was a possible violation of Article XVIII (Undue Influence-Recruiting) and the matter would therefore be referred to the Executive Committee.

Rev. Charles Motoko, principal of Servite High School, appeared at the Executive Committee meeting for the purpose of defending his school against the charge of undue influence. In addition, the following persons were present on behalf of Servite High School: Dennis Smith and his mother, Mrs. Smith, Mr. Larry Walker, head basketball coach, Mr. Leroy Schonert, and Mr. Richard Maher, an attorney representing the school. There were no representatives from Bolsa Grande High School in attendance. The Executive Committee deliberated the matter and, following a lengthy discussion, it was moved, seconded, and passed by a vote of 8-2 that in the judgment of the committee Servite High School was in violation of Article XVIII of the CIF, SS, by-laws. In accordance with established policy, this decision will be referred to the CIF, SS, Council for final action.

There being no further business to come before the Executive Committee, the meeting was adjourned at 5:30 p.m.

Respectfully submitted,
Thomas A. Morgan
Administrative Assistant

Approved:
Kenneth Fagans
Commissioner of Athletics

WATER POLO FILM AVAILABLE

The thrilling double overtime water polo championship game of 1971, in which Sunny Hills topped Newport Harbor 8-7, has been preserved on film and the 30-minute recreation of the game is available through the CIF, SS film library.

Narrated by Bob Goughran, aquatics coach at Santa Ana College, the film is in color, taken at the Belmont Plaza pool in Long Beach. Member schools wishing to reserve the film for viewing should call Letty Wunderley at the CIF, SS office.

The film was produced with the cooperation of Kalos Kagathos Foundation, and was recently a part of a clinic for the sport in Hawaii.

SEEK TRACK SITE

(Continued from Page 1)

for one of the four prelim meets, in a move to cut down lengthy travel by many schools in the northern part of the section. However, a renovating program approved by the school district, will still be in progress at the time, and the San Marcos facility will not be ready for the meet. Schools interested in hosting the prelim meet for the northern area should contact the CIF, SS office.

COUNCIL MINUTES

(Continued from Page 5)

ber of the administration or instructional staff except the athletic director; and 3) That normal enrollment procedures were set aside permitting Dennis Smith the privilege of admission not accorded to approximately 204 other members of the freshman class.

12. **SUNSET LEAGUE PROPOSALS.** The Sunset League introduced the following two proposals to the Council, with additional information to be distributed to all league representatives for further consideration and action at the May meeting:

a) A change in CIF, SS, by-laws to permit schools to schedule an additional varsity football game on a voluntary basis, instead of a scrimmage, each season;

b) A change in CIF, SS, policy to allow "classified" personnel from member schools to be admitted free of charge to playoff contests, in addition to faculty members as now provided for in playoff regulations.

There being no further business to come before the Council, the meeting was adjourned at 5:00 p.m.

Respectfully submitted,
Thomas A. Morgan
Administrative Assistant

Approved:
J. Kenneth Fagans
Commissioner of Athletics

SANCTIONED EVENT GUIDES FOR SCHOOLS' PROTECTION, BUT VIOLATIONS CONTINUE

Just last issue of the Monthly Bulletin, a number of new guidelines were published, in hopes that further uniformity could be gained for the conducting of sanctioned events in the Southern Section.

However, two cases recently came to the attention of the CIF, SS office, in which schools conducting events, in these cases basketball tournaments, were guilty of ignoring basic rules in conducting of such events.

Glenn High School of Norwalk may not sponsor a sanctioned event until September, 1973, as a result of that school's conducting a junior varsity basketball tournament WITHOUT gaining a sanction from the Southern Section.

When the problem came to this office's attention, it seemed to snowball into a series of illegal practices. A coach was reported to have removed his team from the floor in this tournament. Investigation of this action uncovered the fact that the tournament was not sanctioned. This prompted a check on officials for the tournament and it was learned that the officials were not certified members of the Southern California Basketball Officials Association.

The only answer to this situation from Glenn officials was that the person placed in charge of the tournament had little or no knowledge of CIF, SS, rules and procedures in this area. On top of that, the coach who removed his team from the floor in this tournament was found to not be certificated, nor legally in a position to handle a team.

The same penalty — no sanctioned events until September, 1973 — was handed Mt. Carmel High School when it was learned that their Class C basketball tournament had been conducted using non-certified officials, including one man who called seven consecutive games, all in the same day.

The reason for sanctioning events involving more than two schools in different leagues is to protect the schools and their athletes, and allow them to enjoy competition under the auspices of the Southern Section and its regulations. It is hoped that when a member school takes on the responsibility of conducting a tournament or invitational, that officials make certain all sanction regulations are clear and are followed with regard to the event and its management.

SLIGHT DIP IN FOOTBALL ATTENDANCE FOR '71

For the first time in the nine-year history of the CIF, SS, football attendance survey, a slight dip in high school football attendance in Southern California was noted.

Slightly more than 200,000 fewer persons watched high school football, Southern Section style, than did last season, when an all-time high 4,175,202 looked on.

The overall figure for 1971 was 3,973,973, still a healthy chunk of the Southland's sports-viewing populace. Playoff figure was down from 395,000 to 292,183. The drop from 31,012 to 15,335 for the AAAA finals is an indicator of the trend.

Almost half the total drop came during the CIF, SS, playoffs in late November and December. Several factors were cited as possible reasons for the decline—the holiday weekend on the opening round, poor weather for the second round, the fact that final round games were on the last weekend before Christmas, and, of course, the general economic condition.

All but 11 of the 4A through Small Schools division teams reported figures to the CIF, SS, office. Attendance at those teams' home games was estimated, based on last year's report and on an average for this year of teams in a school's league. Responses totaled 289.

Just over 1 million attended AAAA games, with the Moore League topping the attendance race at 214,774 for the six teams. El Rancho replaced Bishop Amat as the year's attendance champ, drawing 44,500 for five regular season home games and another 20,000 to two playoff contests.

Top individual regular season draw was the Bishop Amat-Mater Dei game at Anaheim Stadium, which attracted 15,063. Bolstered by that crowd, Mater Dei drew a total of 44,388 for its five home games. AAA division attendance was near the million mark, too.

Attendance figures, 1963-71:

1963	2,819,228	1968	3,610,485
1964	3,035,949	1969	4,095,000
1965	3,075,257	1970	4,175,202
1966	3,312,894	1971	3,973,973
1967	3,538,139
