COUNCIL MEETING

The first Council meeting of this school year has been called for Saturday, February 7, at 9:30 A. M. at the C.I.F. Office in the South Pasadena High School.

Members of the Council will receive a reminder of the meeting with an agenda for the day, about February 4. If leagues or Council members have items for the agenda, they should reach the C.I.F. Office by Saturday, January 30.

Meetings of the Council are always open to our coaches and Principals, and to any other high school men of Southern California, interested in the work of the C.I.F., Southern Section.

ENCLOSURES

Copies of the minutes of the State Council of the C.I.F. for its meeting on December 6, 1941 are enclosed, as well as copies of the minutes of the meeting of the Board of Directors of the C.I.F. Athletic Protection Fund of the same date.

A copy of a specimen transfer blank to be on file for athletes, who enter any of our schools by transfer, before such athletes are allowed to compete in our games (See item 7 in the Executive Committee minutes.)

A copy of a mimeographed sheet on **Keeping Time at a Basketball Game** compiled by John Buehler, Secretary of the Southern California Basketball Association, is also enclosed. It is suggested that this sheet be retained by the basketball coach and put in the hands of the head timer at all basketball games. If this is done more accurate timing of our basketball games is sure to result.

MINUTES OF EXECUTIVE COMMITTEE MEETING

The Executive Committee met in the C.I.F. Office, Wednesday, December 17, at 3:00 P. M. Those present were:

Mr. Kinter Hamilton, Harvard, President
Mr. B. L. Bergstrom, El Monte
Mr. Ernest Fischer, Chaffey
Mr. Earl Thompson, Claremont
Mr. Seth F. Van Patten, C.I.F. Office, Secretary
Mr. Verne Ross, Vice-Principal, Covina High School, and Mr. Arthur Nunn, Head, Physical Education Dept., Fullerton, were also present part of the time.

(1) Eligibility Cases

(a) Keith Reese, a letter man from an Iowa

high school, enrolled in Sweetwater High School this semester. His parents did not move from their Iowa home. The boy came here for his health and lives with a brother. The boy was ruled ineligible for one year, as he has changed schools without his parents having changed residence.

(b) Richard Nelson, of the Riverside High School, was taken to Salt Lake City by his parent and enrolled in a high school there at the start of this semester. The father was sent to Salt Lake City as Superintendent of a United States Government ordnance plant. A suitable course of study could not be arranged for the boy. On October 13, the boy returned to Riverside and enrolled in his former school and is now living with relatives.

The boy was ruled ineligible, because he had changed schools without his parents changing residence. It was agreed however, since the father's move to Salt Lake City was an emergency defense measure, to recommend to the Council at its meeting on February 7, that the Council rule the boy eligible.

(c) Marvin Fluegge transferred from Anaheim High School to the Garden Grove High School. He still lives with his parents in the Anaheim District. The parents did not change residence. He changed from Anaheim to Garden Grove in order to take a course in riveting, no such course being given in Anaheim.

It was ruled that a written opinion on the case should be gotten from the Orange League and from the Principals of the two schools concerned for further consideration of the case at the next meeting of the executive Committee, which will occur on Wednesday, January 28.

(d) Raymond Petitfils, of the Covina High School, was ruled ineligible for a year by the Executive Committee at its October meeting. He attended Harvard School the second semester of last year, living at the Harvard School. He was given a letter in athletics by the Harvard School. This year he returned to the Covina High School where he had formerly attended. He had always attended the public schools in Covina before going to the Harvard School, though his parents lived in the Puente District near the border line of the two districts.

The ruling of the Executive Committee in October was to the effect that the boy on leaving the Harvard School had not enrolled in the district in which his parents reside and was therefore ineligible, according to rule 4, page 17, of

**CALIFORNIA INTERSCHOLASTIC
FEDERATION, SOUTHERN SECTION**

SOUTH PASADENA HIGH SCHOOL
South Pasadena, California PYramid 1-1707

Le Roy Allison, Principal Vista High School,
President of the Council

Executive Committee

Kinter Hamilton, Principal Harvard School
President.

B. L. Bergstrom, Principal El Monte High School

Ernest W. Fischer, Principal Chaffey High School

Normal C. Hayhurst, Principal Hervert Hoover
High School (Glendale)

Earl Thompson, Principal Claremont High School

Seth F. Van Patten, Commissioner of Athletics

our 1940 Blue Book.

It was agreed to recommend to the Council, when it meets February 7, that the boy be ruled eligible as he has complied with the spirit and intent of the rule though not with the strict letter of the rule.

It was agreed to recommend to the Council also the addition at the end of rule 4, page 17, the clause: "or the school which he formerly attended".

(e) An Anaheim (name not given) High School boy had attended the Anaheim High School for three years. In September he enrolled at Fullerton High School. December 9, he returned to Anaheim. His parents have lived in the Anaheim District all the time.

He was ruled ineligible for one full semester as he had changed schools without his parents changing residence.

(2) The resolution given below had been received from the Ventura Major League.

Resolution:

If a boy transfers from a private school to a public school, or vice-versa, he will be eligible to compete in athletics if:

(a) The transfer is made at the beginning of a semester.

(b) He fulfills all scholastic regulations.

(c) His parents reside in the community where the schools are located, even though no change of residence has been made.

(d) No effort has been made, on the part of either school, to induce the boy to change schools.

We of the Ventura Major League have voted upon and accepted the above resolution and wish the resolution be given favorable consideration at the next council meeting.

Signed, President, F. M. Eakin

Signed, Secretary, E. V. Kennedy

It was agreed that the Ventura Major League

Representative to the Council be requested to present the resolution to the Council, February 7, if he so wishes. If he does not care to present it, then the Secretary shall do so without recommendations.

(3) Mr. A. L. Nunn, Head, Physical Education Department, Fullerton High School, demonstrated to the Executive Committee a calculator for determining Three Point exponents. The device is operated much like the dialing of an automatic phone. After a few minutes' practice, Mr. Nunn assured the Executive Committee, "two persons, one to read age, weight, and height, and the other to dial the numbers, can determine exponents at the rate of 300 per hour".

In addition to the speed, the machine being mechanically perfect, always gives correct results if dialed correctly.

The device will retail at \$15.00.

The Executive Committee, by unanimous vote, recommended the machine to the favorable consideration of our member schools.

(4) The question of a schedule of games in basketball for the five free lance schools—Hoover San Diego, Long Beach, Pasadena, San Diego, and Santa Barbara, to qualify one of the five for the Western Group of Leagues' play-off, was left to the President and Secretary of the Executive Committee with power to act.

(5) Mr. Van Patten reported that the Bay League had instructed its Representative on the Council to propose at the February meeting of the Council, the organization of an officials association, sponsored by the C.I.F., Southern Section, to train and certify officials for all of our games.

It was moved by Mr. Fischer, seconded by Mr. Bergstrom, that the Executive Committee recommend to the Council, the appointment of a committee to make a survey of the situation and submit a plan for final action at the May meeting of the Council. Carried.

(6) Mr. Van Patten was instructed to cooperate with Mr. Lopez, of the Los Angeles City School System, and bring into the Council at the meeting on February 7 definite recommendations regarding football rules for next year.

(7) Mr. Van Patten presented a specimen athletic information blank for use with all boys who come to any of our schools by transfer. He recommended the adoption of this blank and an addition to our rules forbidding our member schools to use any boy in athletic contests who has been admitted by transfer from some other high school until this blank, properly filled out, is on file.

Mr. Van Patten was instructed to have a supply of the blanks printed and send samples to all schools for inspection and consideration.

(8) Mr. Van Patten reported that the Comp-

ton High School and Junior College would stage the Invitational Swimming Meet, which for several years has been put on by Los Angeles High School, if cost of the medals could be assured.

It was pointed out that the entry fee of 25c per boy, per event, had in past years more than paid for medals.

Mr. Van Patten was directed to notify Compton that the cost of the medals would be assured.

(9) A letter was presented from the Glendale High School recommending that the question of Three Point exponents for Classes B and C be made the subject of an investigation to determine whether a better distribution of boys among the different classes would not result if Class C were raised to 83 and Class B to 89.

Mr. Van Patten was instructed to ask Glendale High School to make an analysis of its own record and one of the four-year high schools in its league and present its findings to the Executive Committee or to the Council.

THE WAR AND THE C. I. F. PROGRAM

We have conferred with members of the Defense Council for Los Angeles County, regarding any possible modification of the program of interscholastic athletics at the present time. The Los Angeles County Defense Council has been in touch with other like groups in other Southern California counties and with the State authorities as well.

The recommendation that was given to us was that present conditions do not warrant any change except the elimination of night events where crowds of any size are likely to assemble.

The possibility of substituting training in home defense for physical education and interscholastic athletics is a measure that we believe worthy of serious consideration and study.

In Southern California, including Los Angeles City, there are over 80,000 boys in our high schools. This young army properly organized and trained would form a home defense force that would be second to none. School administrators, coaches, and physical education teachers can do a masterful job of organizing, training and disciplining such a force.

We never expected the C. I. F. to become a war organization, but who knows.

THE SANTA ANA NOVICE TENNIS TOURNAMENT

The Third Annual Novice Tennis Tournament will be held at the Santa Ana High School on January 10 and 17, 1942.

The past two years this novice tournament has been an outstanding success. Last season rain

caused a postponement of the final day of play, four different times, yet the play was completed in splendid shape.

In 1940 there were entered 100 boys and 53 girls from 20 schools. In 1941 there were 154 boys and 74 girls from 21 schools entered in the play.

There are 12 fine courts at the Santa Ana High School and six at the junior high schools besides some privately owned courts that are available.

Mr. Clyde O. Patton, of the Santa Ana High School, will be in charge of the tournament. An enjoyable day is assured to any player who takes part in the event.

CROSSCOUNTRY CHAMPIONSHIP

The Crosscountry Championship was run at Recreation Park in Long Beach, December 13, starting at 10:30 A. M.

The championship was run in three classes according to the enrollment of schools taking part.

For schools of less than 1000 enrollment the schools taking part scored as follows:

	Score
1st Paso Robles	30
2nd Redlands	77
3rd Oxnard	104
4th Colton	119
5th Moorpark	127
6th Covina	136
7th Downey	165

Capistrano—not full team
La Jolla—not full team
Santa Maria—not full team

The first five to finish in this race were:

1st Moe, B—Paso Robles
2nd Schraeder—Paso Robles
3rd Gamble—Santa Maria
4th Duarte—Moorpark
5th Moe, D—Paso Robles

The time for the 1.8 miles was 9:23.5.

For schools with an enrollment of 1000 to 2000 the results were as follows:

	Score
1st Compton	17
2nd Montebello	47
Beverly Hills—not full team	

The first five to finish in this division were:

1st Ketchum—Compton
2nd Ames—Compton
3rd Lopez—Compton
4th Jones—Compton
5th Tennant—Beverly Hills

Time of race, 9:22.6.

In the Unlimited Class only Long Beach and San Diego competed. San Diego won with a score of 23½ to 31½ for Long Beach.

The first five boys to finish were:

1st Salmon—San Diego
2nd Casselberry—Long Beach
3rd Emerson, E—San Diego
4th Emerson, B—San Diego
5th Hindley—Long Beach
Time 9:40.3

FOOTBALL OFFICIATING

Mr. John Buehler, Secretary of the Southern California Basketball Association, offers the following review of the debits and credits of a season of football officiating.

THE EXPERIENCE OF AN AVERAGE FOOTBALL OFFICIAL FOR ONE SEASON

EXPENDITURES:

1. Membership fee in South. Cal. football Ass'n.....	\$2.50
2. Laundry expense for season.....	4.50
3. Cost of Uniform, per year	3.00
4. Attendance to meetings	9 evenings
5. Time spent in transit to and from meetings	9 hours
6. Time spent in transit to and from games.....	13 hours
7. Number of miles to and from games . . .	204
8. Number of miles to and from meetings....	108
9. Hours spent working games ..	20
10. Number of hours spent in study at home.....	30
11. Number of hours spent at study at meetings.....	8
12. Total mileage covered.....	312 miles
13. Total hours of study.....	38 hours
14. Total hours in transit	22 hours
15. Value of time working game at \$3.00 per hours	\$ 60.00
16. Value of time studying at \$1.00 per hour.....	38.00
17. Value of time in transit
18. Cost of operating car at .05 per mile..	15.60
19. Nervous strain and physical abuse.....	.
20. Verbal abuse from coaches and spectators.....	.
21. Hazards that occur in transit
22. Subject to injury in games
TOTAL	\$123.60

RECEIPTS:

1. Receipts from working 9 games	\$66.00
2. Goodwill and goodfellowship
3. Professional pride and interest
4. Personal pleasure and satisfaction
5. Physical exercise and bath
TOTAL	\$66.00
