Fullerton Swimmers Win Fourth Straight CIF Team Title; Corona del Mar 2nd

Fullerton High School won its fourth straight CIF Varsity swimming championship on Friday night, May 6, when the Indians held off a stubborn challenge from Corona del Mar and captured the team title by a mere two point margin before a standing room only crowd at Beverly Hills High School.

Lynwood, getting a record time from Paul Cohee in the B 400 freestyle and winning the 400 freestyle relay crown, won the Class B title with 39 points. Runner-up Glendora had 31.

Downey needed a win in the final event, the Class C 200 freestyle relay, and a fifth place finish for Anaheim in the same event to win the C championship over the Colonists, 29-28.

Corona del Mar established a national interscholastic record in winning the varsity 400 freestyle relay in 3:18.4 to highlight the meet and 10 other CIF records were also bettered in the spectacular finals.

Varsity records in addition to the 400 free relay came in the following events: 200 individual medley—Phil Houser of Chadwick in 2:01.8; 100 butterfly—Roger Lyon of Harvard in 2:23; 400 freestyle—Greg Charlton of Arcadia in 3:45.7.

Class B records were set in the 50 free by Dan Frawley of Servite in 22.4; Bob Johnson of Warren covered the 100 individual medley in 57.4; Cohee of Lynwood swam the 400 free in 3:58.5 and Jeff Nock of Western went 1:03.3 in the 100 yard breaststroke.

Class C marks came in the 200 free and 100 free by Curt Ando of Santa Monica in 1:53.3 and 51.5, respectively and Bob Shupp of Downey in the 50 free in 22.9.

Scoring in the championship meet for Fullerton were Dan Stunkard and Spike Burnett who finished second and third, respectively, in the 200 individual medley; Andy Strenk, third in the 400 freestyle; Stunkard, second in the 100 breaststroke and the relay teams' fourth in the 200 medley relay and second in the 400 free relay.

The championship meet was managed by Walt Puffer of Beverly Hills.

GOLD LIFE PASS—Dr. H. Fred Heisner, right, superintendent of the Redlands High School District, congratulates Charles Ronin and presents him with giant card during surprise retirement dinner given Ronin recently. Ronin also received a Gold Life Pass from the CIF, SS, for his many contributions to CIF.

Baldwin Park Wins Sixth Straight CIF Gym Crown

Craig Dickson scored points in three events, including two first places, to lead Baldwin Park to its sixth CIF gymnastics championships on Friday, May 13. The finals were held at Cal State—Los Angeles and managed by Gordon Maddux of the college with an estimated 1000 persons in attendance.

Dickson won titles in the long horse and free exercise events and finished in a tie for fifth in tumbling for a total of 10½ points and high individual point honors.

Baldwin Park totaled 40 points to 27½ for runner-up Lakewood and 13½ for third place Muir.

Bob Teel of Baldwin scored 8½ points for his team winning the rings with 19.0 points and finishing in a tie for second in the rope climb in 3.3. The other Baldwin Park win was scored by Steven Wright in the rope climb (3.2).

Winners of other events were Gene Cataldo of Millikan in tumbling, Ed Metters of Lakewood in the horizontal bar, John Nelson of Muir in the side horse and John Sevoid of Westminster in the parallel bars.

Ronin Receives Life Pass From CIF for Contributions

Popular Redlands High vice-principal Charlie Ronin, who announced this Spring that he will retire when school closes this semester, is the most recent recipient of a CIF Gold Life Pass.

The presentation was made to Charlie on behalf of the CIF, Southern Section, by Harry Bigger, Executive Committee member from Fillmore at the May 7 Council meeting.

Ronin has been at Redlands High for 24 years mostly in the capacity of vice-principal and director of athletics. He has been on the Citrus Belt League governing board for 20 years and has been the CBL representative to the CIF Council for the past six. In addition, Charlie has been on the Executive Committee for the past four years and has been frequently called upon to serve on various committees.

He is the thirty-third person to be saluted by the CIF, SS, with a gold life pass.

Ronin's career in education began in Nebraska where he taught at Southern Nebraska High. One of his early contributions to athletics came in 1934 when he coached the first high school team to play six-man football Charlie was one of the co-originators of the of the co-originators of the game.

His plans for retirement are uncertain. For one, the Ronins plan extended tour of Europe to start late this summer. He'll probably spend time brushing upon his favorite hobby—magic, too.

Games Wanted

Whittier High School will host a Class B basketball tournament on December 13, 14 and 15, 1966. At this time the field is not completed and interested athletic directors or coaches are asked to contact Whittier High if you wish to have your team participate.

Morningside High of Inglewood is looking for track opponents on March 7 and 10, 1967.

COMMISSIONER'S CORNER

Smoking and Sports

Comment by the National Federation of State High School Athletic Associations and the Committee on the Medical Aspects of Sports of the American Medical Association.

The ability to produce maximum effort and to build endurance for sports is related to the capacity of the athlete to take in and utilize oxygen. This raises a serious question as to the effects of tobacco smoking on pulmonary function and, consequently, on athletic performance.

Obviously, performance in any athletic event that demands a maximum effort, for even a brief period, would be adversely affected by impairment of ventilatory capacity. After reviewing clinical and experimental evidence on this question, the Committee on the Medical Aspects of Sports of the American Medical Association recommends that athletes should be strongly advised against smoking.

Ten inhalations of cigarette smoke have been shown to materially reduce airway conductance to the lungs. The decrease amounted to as much as 50 per cent and lasted for as long as an hour. The reductions were attributed by the investigators to obstruction of the air ducts resulting from muscle contraction, edema, and nervous reflex. The changes occurred in smokers as well as non-smokers and were reproducible.

In another study of pulmonary function and capacity, it was shown that the expiratory capacity, total lung capacity, and maximum breathing capacity were all significantly decreased in heavy smokers. Conversely, the ratio of residual volume (unexpired air) to total lung volume was increased in smokers. Decrease in maximum breathing capacity and increase in residual volume are particularly important to athletes since both changes impair capacity to take in oxygen and make it readily available to the body.

Other studies indicated a lower vital capacity in smokers and less efficient pulmonary function in even moderate exercise. Although athletes generally were found to have an increased vital capacity as compared with non-athletes, this was not as pronounced among athletes who smoked as it was for non-smoking athletes. Another significant finding is that the pulmonary diffusing capacity (ability to interchange oxygen and carbon monoxide in the body) of smokers is markedly reduced.

In summary, acute impairment of pulmonary function in young smokers as compared to non-smokers has been demonstrated. Significant decreases in maximum breathing capacity, which is most important to athletes, have also been disclosed probably due largely to obstruction of respiratory inflow. Efficient utilization of oxygen in the body is greatly hampered by decreases in its diffusibility in smokers. There is no longer any room for doubt that athletes should not smoke.

MINUTES OF CIF, SOUTHERN SECTION, COUNCIL MEETING—MAY 7, 1966

The spring meeting of the CIF, SS, Council was held on Saturday, May 7, 1966, in the Little Theater at San Marino High School. The meeting was called to order at 9:30 a.m., by Council President Roger Weeks, principal, of Sierra High School.

The following guests were in attendance: Jess Cone, president, Southern California Interscholastic Football Coaches Assn.; C. A. Van Hoorebeke, athletic director, Anaheim High School; Brother Lawrence of Rancho San Antonio and league representative of the Delphic League which begins operation next fall; and Hal Butler, league representative of the new Garden Grove City League which begins operation in the fall; Robert Jacob, Mt. Baldy League representative.

1. APPROVE MINUTES—It was moved, seconded and carried to approve the minutes of the Council meeting of January 15, as published in the February Monthly Bulletin.

It was moved, seconded and carried to approve the minutes of the Executive Committee meeting of April 25, as published in the May Monthly Bulletin.

2. FOOTBALL PROPOSALS

a. Play-off Groupings for 1966—It was moved, seconded and carried to approve the following play-off groupings for the 1966 season:

AAAA — Angelus, Bay, Catholic, Channel, Citrus Belt, Coast, Foothill, Moore, Pacific, Santa Fe, and Sunset.
AAA — Camino Real, Crestview, Freeway, Garden Grove, Irvine, Montview, Rio Hondo, San Antonio, San Gabriel Valley, Santa Barbara County, Sierra, Sky, and Suburban.

AA — Frontier, Golden, Imperial Valley, Ivy, Pioneer, San Luis.

A—De Anza, Desert-Valley, Hacienda, Inland, Orange, Tri-Valley.

Small Schools—Arrowhead, Desert-Inyo (major and minor), Mountain-Desert, Olympic and Needles (if it qualifies).

b. Selection of Teams for Play-offs—Dick Ryan, representative of the Crestview League, suggested that there was a need for revision of CIF policy regarding co-champions and tri-champions entering the football play-offs. It was the suggestion of the Crestview League that after each league had been allotted one entry all other teams which may have shared a championship have their names drawn for the open berths. Since the matter was presented as a suggestion rather than a motion no action was taken at this time but the matter will be discussed

by the Executive Committee and the Football Play-off Committee prior to next fall's play-offs.

c. Football play-off film rule—Truck Lindsey, representative of the Citrus Belt League, presented a proposed revision of the current film rule for football play-offs. In effect, the new proposal makes it mandatory that competing schools exchange two films prior to each play-off game. In addition, a coach is free to obtain films from other sources. The Council was basically in agreement with the proposal but suggested that certain rewording be incorporated. It was moved, seconded and carried to table the motion until the September Council meeting with the understanding that the revisions be made in the meantime.

d. Report of summer football activity committee—Keith Lee, representative of the Coast League, reported that the summer football activity committee was making several recommendations for changes in blue book regulations regarding summertime football activity. Basically the proposals prohibit high school boys from practicing football under the supervision of any adult during the summer months. It was moved, seconded and carried to approve the committee's report as revised by the committee. A full report will be sent to all coaches within the next few weeks.

3. BASEBALL PROPOSALS

a. Increase permitted number of games—Frank Ferguson, representative of the Pioneer League, presented a request from his league that the permitted number of baseball games be increased from 20 to 22. It was moved and seconded to approve the proposal but the motion was defeated.

b. Increase in fee for baseball umpires—Dave Capeluto, speaking for the Southern California Baseball Officials Assn., presented a request from his group seeking a \$2 increase in all fees for men working high school games. It was moved and seconded to approve the proposal but the motion was defeated.

c. Determine rule book to be followed in CIF baseball games—A discussion was held regarding the rule books to be used for interscholastic baseball in the Southern Section. Presently we use the Professional Rules while the State CIF Constitution, which comes up for adoption in June, calls for all sections to use the National Federation rules.

It was moved, seconded and carried

that the Southern Section representatives to the State CIF Council be instructed to propose that each section be permitted to select which set of rules it wishes to follow.

4. ELECTION OF OFFICERS—Rev. Alexander Manville, chairman of the Nominations Committee, conducted the elections and the following men were elected:

State CIF Representative (two year term)—Keith Gunn, principal, Victor Valley High

State CIF Representative (two year term)—Harry Bigger, principal, Fillmore High

Treasurer (three year term)—Keith Lee, principal, Dominguez High

Executive Committee member representing Los Angeles County (four year term)—Alex Alexander, principal, Indio High.

Executive Committee member representing Los Angeles County (four year term)—Art Hobson, principal, California High

5. WATER POLO REGULATION

—The commissioner reported that he had been working with the Southern California water polo coaches in an effort to modify existing rules to permit outstanding high school players to compete on AAU teams after the conclusion of the CIF water polo season and prior to the close of the school year.

It was moved, seconded and carried that Article XXXIX, Section 3, be modified to read:

"No organized high school water polo team practice involving the association of a coach with potential team members shall be conducted after the conclusion of the CIF, SS, play-offs until on or after June 1. This shall not apply to participation of high school boys with organized water polo clubs, registered and sanctioned by the AAU".

6. RIO HONDO LEAGUE RELEAGUING COMMITTEE PROPOSAL—Vern Law, representative of the Rio Hondo League, presented a proposal at the January meeting calling for a new format for the selection and make-up of the releguing committee. Some discussion was held on the matter but no action for or against adoption of the Rio Hondo League recommendations was taken. It was moved, seconded and carried that the matter be referred to the leagues for further study and that it be placed on the agenda of the January, 1967, Council Meeting.

7. RELEAGUING REPORT—Robert D. Ashton, chairman of the Releaguings Committee, informed the (Continued on next page)

Council that a report would be sent to all schools within the next week or so with the committee's recommendations for the 1967-68 school year. The matter of final releguing approval will be on the September agenda of the Council.

8. ELIGIBILITY COMMITTEE REPORT—Walt Newland, representative of the Moore League, reported to the Council that the committee appointed last fall to reorganize the eligibility rules of the CIF, SS, into a more understandable format for the Blue Book has completed its work. It was moved, seconded and carried to adopt the Eligibility Committee's recommendations which were sent to all leagues.

9. FINANCIAL REPORT—Treasurer Winston Nelson reported that total income in football was up \$2000 over the budgeted figure and that basketball was up \$1000. He noted that the financial position of the CIF, SS, was sound and indicated that a final report would be issued to all Council members at the close of the fiscal year. It was moved, seconded and carried to accept his report.

10. ST. JOHN BOSCO REQUEST—Council President Weeks informed the group that St. John Bosco high of Bellflower had submitted a letter to the Executive Committee seeking removal from its probationary status. The President referred Council members to the minutes of the April 25 Executive Committee meeting which stated St. John Bosco's position and the committee's recommendations.

It was moved, seconded and carried that St. John Bosco be removed from probation to a position of member in good standing as of Sept. 1, 1966 provided that the current school year is completed without incident.

11. UNDUE INFLUENCE REVISION—Commissioner Fagans presented a proposed revision of the undue influence regulations and suggested that the item become a separate section in the Blue Book.

It was moved, seconded and carried that the following be incorporated into the 1966-67 Blue Book.

"Undue Influence—Recruiting—

"There shall be no recruiting of athletes for high school competition. The use of undue influence by any person or persons to secure or retain a boy or to secure or retain one or both parents or guardians of a boy as residents will cause the boy to be ineligible for high school athletics for a period of a year and shall jeopardize the standing of the high school in the CIF, Southern Section.

"Note—This rule has been a part

of the CIF, SS, By-Laws for many years and is interpreted to mean that no representative (official or unofficial) of a member school shall exert any influence to secure a potential athlete for a particular school. This includes telephone calls, home visitations or personal contact with either the boy or any member of his family. Contacts with prospective athletes made by members of a school's booster or quarterback club would be in violation of the undue influence rule."

12. PRIVATE SCHOOL ELIGIBILITY RULES—

a. Districting of Catholic Schools—Rev. John Hughes, president of the Catholic Athletic Association, informed the Council that the CAA's rule regarding limiting the number of high schools from which a boy may choose to attend and retain immediate athletic eligibility will go into effect for the next school year. A boy will be limited to a choice of no more than four high schools when graduating from a parish grammar school. Rev. Hughes noted that this rule would not be a CIF, SS, regulations but rather a CAA rule, similar to a league rule, which would be more strict than the CIF rules.

b. Eligibility of transfers from private schools and eligibility of junior high graduates in Catholic schools—These two items were presented by Steve Miletich and Leon Meeks, respectively, and following their reports it was moved, seconded and carried

that both items be referred to a committee (to be appointed by the President) for further study and presented to the Council in September.

13. SUBURBAN LEAGUE BASEBALL PROTEST—President Weeks outlined the details of a baseball protest involving two Suburban League teams noting that the outcome may have some bearing on the league's championship or representatives to the CIF play-offs. Following discussion of the matter it was moved, seconded and carried that the protest be upheld and that the game be replayed from the point of protest. The protest was upheld on the grounds that the umpire in chief could not overrule or reverse a judgment call by the other official.

14. SUMMER BASKETBALL REQUEST—Dave Capeluto, representative of the Bay League, requested that the Council approve the participation of high school boys in summer basketball leagues which open on June 1 instead of at the close of school as the rule now reads.

It was moved, seconded and carried to approve the request.

15. APPLICATION FOR MEMBERSHIP—It was moved, seconded and carried to approve the application for membership of the Dominguez Seminary of Compton.

16. INTRODUCTION OF NEW COUNCIL PRESIDENT—President Weeks turned the president's gavel over to Chester R. Shirk, representative (Continued on page 8)

FULLERTON HIGH'S CIF SWIMMING CHAMPIONS—Coach Lee Arth, left, and Fullerton members receive championship trophy after winning CIF swim crown at Beverly Hills High.

Montebello Wins Golf Title In Record 367; Wilson Second

Montebello High, playing on its home course at Montebello Municipal GC, parlayed Steve Bogan's two-under-par 69 into a one-stroke win over Long Beach Wilson and the CIF Team Golf Championship for 1966 on May 23.

Montebello's score was 367, one stroke better than the previous CIF record, 368, recorded by Long Beach Millikan in 1963.

Besides Bogan, Oiler scores were: 73 for Greg Castleman, 74 for Rich Ziegler, 75 for Tony Ferrara and 76 for Dan Middlebrooks.

Wilson got a 70 from number one man, Steve Cook, and fifth place Claremont was paced by Steve Weakley's 71. Only three of the 155 golfers representing 31 schools shot par or better.

Muir Captures CIF Track Title; Records Fall in Shot, 2-Mile

Varsity records were established in the two mile run and the shot put and Muir High of Pasadena waltzed to the team title on May 27 in the 1966 CIF, SS, Track and Field finals at Cerritos College in Norwalk.

John Hubbell of Long Beach Poly put the 12 lb. shot 67-9¼ for the all time CIF mark and Mike Sellers of West Torrance zipped to a 9:12.0 clocking in the two mile.

Muir's points came from Jerry Proctor, Dennis McFadden, Paul Heglar, Ed Howard, Russell Coe and the relay team. Heglar won the pole vault at 15-0; Howard was fifth in the shot at 59-7½; McFadden fifth in the 100 and Coe third in the 440. Proctor was a near one-man show placing first in the long jump at 24-4¼, fourth in both hurdles and ran a leg of the relay.

Bolsa Grande of Garden Grove was second in the varsity division with points coming from the one-two finish of Randy Julian and Neal Caterson in the 440, a third in the relay and Julian's fourth in the 220.

Compton was third with 13 and Oxnard fourth with 12.

Other CIF records came in the B 660 relay where Compton's foursome breezed home in 1:05.1 and in the C pole vault where Bob Quigley of Santa Fe cleared 13-6.

Centennial, getting a double win from hurdler John Veal, scored 22 points to Compton's 11 in the Class B division and Long Beach Poly won the C crown 19-13 over Compton.
