POSTSCRIPTS ON ATHLETICS

Dear Coach,

The basketball season is over and my son Bill has hung up his "togs" and will soon report for baseball practice. Our school didn't win the district championship, but we won our share of games played and above all our team won the respect of our opponents and our community by their fine sportsmanship and hard play. It was a very successful year for all and especially for my son.

As a parent, Coach, I am eternally thankful that my boy had the opportunity to play under your supervision and leadership. Each day during the basketball season my boy learned through example those fine moral and ethical character traits which we all want our boys to know and to follow. I recall the night Bill told me how he nearly lost his temper in practice, but thought just in time that "Coach" never loses his temper, and neither will I. Thanks, Coach for setting an example in proper conduct on and off the playing field. Bill tells me that Coach can be firm without being loud, mean and boisterous, that Coach knows when to sympathize, when to pat you on the shoulder, and how to correct you. These are leadership traits I want my son to acquire and he can best learn these on the field of competition under proper leadership.

For three months, Coach, my boy has really been under your complete control. He has adjusted his life to your suggested plan. Meals, hours of sleep, social activity, etc. have all been adjusted to your schedule and through these he has learned voluntary obedience to rules; in his practice and games he has further learned obedience to constituted authority. How much this obedience to rules and authority is needed in today's society! I believe Bill has learned this lesson. Coach, Bill imitates your every action; you are his

ideal. How proud I am that your personal life and conduct are on such a high level! My boy dresses better, speaks better English, and believes better because Coach sets the example. I wonder if all coaches realize how important a place they have in the school and community, and how many boys are initiating them.

Especially, Coach, I want to thank you for insisting that athletes study diligently, and stressing constantly the fact that scholastic work is so important. Bill told me that you had impressed on all of them that athletes are superior intellectually to the average student and that they should make good grades because they have the ability to do so. This teaches the boys not to try and "ride by" because they are involved in sports. I had told Bill several times that studies on gifted children had found that children with superior physical physiques have superior mental abilities. Hearing this same principal from his coach, however, made an impression which is lasting.

Your emphasis on teamwork, cooperation, fair play, sportsmanship, honesty, integrity, obedience to authority, control of emotions, proper health habits, and proper conduct has earned for you a place of honor in the hearts of all the parents, the students, the faculty and the community.

The impact of your leadership is just as obvious in the community as in the school. Your active participation in civic, church and youth organizations proves that you are really concerned about all youth, and that you want to make our community a better place for everyone to live in.

In conclusion, Coach, thanks again for all you have done for Bill and the youth of this community. We appreciate you and want you to know that this is a better community because you chose the profession of coaching and the leadership of youth.

Your friend,
Bill's Dad

Pasadena High School won their first ever CIF Southern Section basketball championship as they defeated defending 4A champion Long Beach Poly 56-49 before 8,207 fans at the Long Beach Arena.

The Bulldogs, which led at the half 24-19, trailed only once in the second half in capturing the crown. Pasadena finished the season with an overall record of 28-3.

Corona del Mar outscored Ramona 6-0 in overtime to win the 3A basketball title 56-50. The Sea Kings had to battle back as they were outscored 17-9 in the third quarter by a scrappy Ramona club.

The victory left Corona del Mar, the South Coast League champions, with a 25-5 record under first-year coach Jack Errion, who had come to CDM after 22 years at St. Anthony.

Channel Islands held off a Victor Valley rally to record a 71-68 triumph and the 2A championship. The Islanders finished the season with a 26-3 record.

The defeat snapped Victor Valley's 25 game winning streak.

Perris (23-5) had to hang on to beat Saugus 60-54 in the 1A title match. Saugus staged a fourth quarter rally that just fell short.

Victory in the Small School Division went to Montclair Prep, which led for all but twice in the second quarter, as the Mounties dropped Huntington Valley Christian 47-43. Montclair finished the campaign with a 20-5 record.

3A CHAMPION — CORONA DEL MAR — Stellar campaign for Coach Jack Errion and his Corona Del Mar Seakings in overtime win.

CIF-SS ANNOUNCES 77 ATHLON PRIZE

The CIF Southern Section is pleased to cooperate with the Kalos Kagathos Foundation in awarding the Athlon Prize to outstanding students and other individuals for their contributions to aquatic sports.

The tradition of this award has established it as one of the highlights of our interscholastic athletics program, and we hope that each coach give serious consideration to nominating student-athletes from your school for this honor.

Nominees may be from the sports of swimming, diving, and/or water polo and coaches are encouraged to submit recommendations for every student who would be deserving of this type of recognition. Nominations must be received in the CIF-SS Office by Wednesday, May 11, 1977.

It is emphasized that the Athlon Prize is not just a reward for excellent athletic ability or achievement, but rather is intended to acknowledge a combination of qualities in an individual. Social, psychological and moral factors are considered in addition to physical accomplishments.

Special ceremonies to present the Athlon Prizes have been scheduled for Wednesday, June 8, 1977, at the Academy of Motion Picture Arts and Sciences.

The opening is being created by the retirement of Roy Melvin, who has served as an Area Commissioner of Officials for Boys in the Inland Area for many years.

Those interested are asked to submit a resume to Commissioner Thomas E. Byrnes at the CIF-SS Office as soon as possible. The position will become effective the 1977-78 school year.

NATIONAL FEDERATION LISTS 12 GRID CHANGES

MAJOR FOOTBALL RULES REVISIONS FOR 1977 SEASON

Twelve rule changes were made by the Football Rules Committee of the National Federation of State High School Associations for the 1977 season.

The only major change involves blocking with hands and arms by players on offense. Effective with the 1977 high school season, players on offense will be permitted to contact opponents with their hands or arms, provided the elbows are entirely outside the shoulders and the palms are toward the ground with the forearms approximately parallel to the ground and extended no more than 45 degrees from the body.

The following are the rule changes as listed for next season:

1. Restricts the use of advertising and/or commercial markings on the field. (1-2-3)
2. Requires players to wear thigh guards. (1-5-1g)
3. Defines encroachment as a term to

indicate a player is illegally in the neutral zone. (2-7)

4. Clarifies batting as intentionally slapping or striking a loose ball with the arm or hand or, in other than a legal kick, with the leg or knee. (2-10-3)
5. Provides an offensive player is on his line of scrimmage when he faces his opponents goal line with the line of his shoulders approximately parallel thereto with his head breaking the plane of an imaginary line drawn through the waistline of the snapper and parallel to the line of scrimmage. An offensive back is in the backfield provided his head does not break the plane of an imaginary line drawn through the waistline of the nearest teammate who is legally on the line of scrimmage. (2-17-2).
6. Provides the neutral zone may be expanded following the snap, up to a maximum of two yards behind the defensive line of scrimmage in

the field of play, during any scrimmage down. (2-19-2).

7. Provides when the scrimmage down ends with the ball in the field of play or out-of-bounds between the goal line, a new series is awarded to the team in possession at the end of the down if there were a change of team possession during the down or if a receiver were first to touch a scrimmage-kick while it was beyond the line, unless there was a foul during a loose ball and the penalty was accepted. (5-1-2c)
8. Define it as encroachment if any player, other than the kicker or the holder for a place-kick, is beyond his free-kick line after the ball is placed ready for play and until it is kicked. (6-1-3)
9. Exempts 6 and 8 man football teams from the numbering requirements at the time of the snap. (7-2-2)
10. Requires each offensive player, in (Continued on Page Eleven)

NO PLACE IN ATHLETICS FOR HATE

There was a call for a return to sportsmanship and a feeling of fellowship among contestants at the weekly luncheon of the Oregon Sports Writers and Sportscasters.

The rash of fights, rhubarbs and uncompleted games—especially at the prep level—caused Lakeridge Coach Tom Smythe to speak out. And Smythe found a lot of support.

"We're going to play our hearts out," said the Pacer coach of Friday night's Wilco League football title game against Lake Oswego. "But when it's over, it's over and hail to the champion."

Smythe was a former assistant to Laker Coach Boyd Crawford before he took the head coaching job when the new school opened at Lakeridge.

"I remember our first game," said Smythe. "It was a great 7-0 game and when it was over the players and fans spent a half-hour on the field talking with each other. We are neighbors and friends."

"There is no place in athletics for hate," said Smythe "What we need is humble winners and losers who respect the people who beat them."

"You win or you lose," said Smythe, who played John Fought even for 27 holes in their 36-hole match for the Oregon Coast championship this summer before losing, 4-3. "Games are not

that important that you have to cry about them when they are over."

Crawford agreed with his former assistant, although he said, "Beating Lakeridge would be like winning the state championship."

Mt. Hood Coach Marv Hiebert backed up Smythe when he talked about last week's "neighborhood battle" between the Saints, the top ranked junior college team in the country and Clackamas.

"We stood on the field for at least 20 minutes after the game and the players talked to each other," said Hiebert. "Many of them had played high school football together."

Smythe's messages was well-received in the sometimes strident area of prep and college athletics.

ARCADIA SITE OF RULES FILM

Arcadia High School has been selected by the National Federation of State High School Associations as the site for the filming of the 1977 Track Field Rules Film.

The National Federation has had thirty years of experience in the production and distribution of educational motion pictures which are designed to provide the athlete, coach, officials and spectator with a better understanding of the playing rules and officiating procedures in several interscholastic sports. Because these films are the only motion pictures produced specifically for this purpose, they are in great demand not only throughout the United States and Canada but all over the world.

The film entitled TRACK AND FIELD TODAY, under the direction of Mr. Tom Frederick of the National Federation staff, takes a totally new analytic view of the total track program.

Filming will involve participants, officials and coaches in fascinating closeup detailing the basics of winning record setting performance by the rules.

Working with the National Federation staff during the filming will be Principal Dr. Richard Cordano and Track Coach Doug Smith, along with the members of the Arcadia High School Track Team.

FACTS ABOUT UMPIRES ARE HARD TO BELIEVE

It is estimated that an umpire, in one nine-inning baseball game:

Calls 288 balls and strikes

Calls 64 players safe or out (all bases)

Calls 56 players safe or out (first base)

Gets hit by a hit or pitched ball once

Spends \$200.00 on personal equipment

And he is not permitted to make one mistake.

An infielder must play 32 games of errorless fielding to have as many opportunities as an umpire has in one game of calling balls and strikes.

A batter must hit safely every time he is at bat in 18 2/3 games to be as good as the umpire is expected to be on his calls at first base in one game.

CIF-SS OFFICE ASKS FOR EXTRA HELP IN PLANNING PROGRAMS

The CIF-SS office needs persons interested in planning and managing girls' sports championships.

With a limited staff the office depends on this extra help in organizing these programs.

The office would also appreciate hearing from persons who know of facilities in which to hold such events.

Contact Margaret Davis at the CIF-SS office for further details.

CONFERENCE TO INTEREST WOMEN

Women coaches and athletic directors should note that several activities at the California State Athletic Director's Association (CSADA) statewide conference will be of interest to them.

The conference will be held April 22 and 23 at the South Coast Plaza Hotel in Costa Mesa.

On Friday at 1 p.m. Barbara MacFarland of the State Department of Education will speak on "Title IX, Make No Mistakes About It."

MacFarland is a noted expert on Title IX.

A session on tournaments and publicity for girls' sports will take place at one of the break-out sessions between 3:30 and 4:30 p.m.

Barbara Wilson, Executive Commit-

tee Member, Margaret Davis, Administrative Assistant and Elaine Osborn, Publicity Assistant for girls' sports will conduct the seminar.

Saturday's conference on how to set up a weight program will be geared especially toward women coaches and athletic directors.

It will be conducted by Russell Knibb, former Olympic competitor and world record holder.

At 10 a.m. several speakers on "So You Made the Playoffs" will be featured, including Dean Crowley from the CIF-SS office.

For further information on the conference, consult the CSADA newsletter which will be sent to each athletic director.

BASKETBALL TEAMS SHOW WHAT SPIRIT MEANS

Spirit can be displayed in more ways than one.

According to girls' basketball coach Ed Jones of Leroy High School in Kansas, it can even be shown in the form of a personal foul.

With his team leading 83 points to its opposition Quenemo's blank scoreboard, Jones ordered his team to foul with one minute remaining in the game.

And they did foul—several times.

Finally, a Quenemo player did score

when she hit one of two free throws to save the team from a shut-out.

The final score was 83-1.

The same kind of spirit is being displayed in the Southern Section by Orange High School's girls' basketball team.

All 12 varsity players and 11 junior varsity team members carried around their basketballs wherever they went even into the classrooms.

It was their way of alerting the rest of the student body to their upcoming contest against Estancia.

BOOKS AID BUSY ATHLETIC DIRECTOR AND TENNIS COACH

"Administrative Practices in Boys' and Girls' Interscholastic Athletics" by John and William Healey presents a practical approach to dealing with everyday problems encountered by the athletic directory.

Each chapter of the 616-page book gives detailed information relative to a particular area of interscholastic athletics such as policies, staffing eligibility, awards, Legal liability and crowd control.

To purchase the book, send \$27.50 to Charles C. Thomas Publisher, 301-327 E. Lawrence Ave., Springfield, Ill. 62717.

More than 250 forms and illustrations present practical how-to-do-it suggestions.

"Stahre Decisic" by Ted Smith should be of particular interest to the tennis coach.

The 500 page book contains the complete International Lawn Tennis Federation Rules, cases and decisions, 923 questions and answers related to tennis and etiquette tips.

For further information write Lt. Col. Theodore A. Smith, 831 Navajo Dr., Riverside, Ca. 92507.

The CIF-SS girl's basketball finals are slated for Friday, April 29 at Cal State Fullerton. The 3A Contest begins at 6:30 a.m. followed by the 4A finals at 8 p.m. The 2A finals are the same date at a neutral site to be announced.

BADMINTON RULES SWITCH MEANS NO MAJOR DIFFERENCES

Badminton coaches may wish to note that badminton rules used this spring in CIF-SS competition will be those published in the American Badminton Association rather than NAGWS.

Coaches may wish to note that there are no major rule differences.

The state has merely switched to the rules written by the source authority for badminton in the United States, the American Badminton Association.

Copies of the rules for 1977 as published by the association are available through the CIF-SS office.

RULE NOTIFICATION NEEDS CLARIFICATION

The rules modification for girls' basketball which added the 30-second clock for shooting under National Federation Rules for girls in California needs additional clarification.

At no time was it intended that the "held ball" rule be omitted in the girls' game. We advise coaches and officials that the following ruling is in effect during the 1977 girls' season.

"A held ball occurs if a player holds the ball without dribbling more than five seconds while closely guarded. Closely guarded is defined as a distance of six feet or less."

SURVEY RESULTS SHOW COACHES' OPPOSITION TO MORE GAMES IN MATCH

Results of a Jan. 11 CIF-SS coaches' survey on girls' volleyball shows that a majority of coaches do not favor an increase in the number of games played in a match (120-93).

Coaches did favor a rule change allowing the ball to be played off the block three times (141-71).

An overwhelming majority of coaches prefer neutral sites for the CIF-SS semifinals (183-25).

The vast majority of coaches opposed back row players being allowed to participate in the block (183-31).

Most coaches were not in favor of increasing the warm-up time between varsity and junior varsity games (141-65).

The survey also showed that coaches support the present rule regarding reaching over the net.

All survey questions dealing with the National Federation Rule changes have been forwarded to the chairwoman of the National Federation Volleyball

Committee as well as to the National Federation Office.

Plans are also underway to provide neutral sites in semi-final CIF-SS competition beginning in 1977-78.

PUBLICITY SPECIALIST EXTENDS THANK-YOU

Girls' sports publicity specialist Elaine Osborn wishes to thank all league coordinators and basketball coaches for their cooperation in launching the CIF-SS office's first major media drive centered on a girls' sport.

Basketball league standings and media information sheets proved to be useful resources which aided the media to give girls' basketball the best coverage it has received in the Southern Section.

The Top 10 polls also received tremendous response from the media.

Once again, thank-you for your support.

SAN GABRIEL TEAMS

(Continued from Page Fifteen) the journalism department at your school.

You will win since you will get the student best trained to deal with the media. He or she will benefit from the experience that can be applied to a future job in communications.

The consequences of the San Gabriel girls' sports department's efforts have not only been to gain exposure for its teams as a whole but several individual players have also benefitted.

One of Bria's players has been contacted for a scholarship by Immaculata College, one of the perennial women's basketball champions in the East.

Another player who may not have been financially able to attend college also was contacted by a local school for a scholarship.

Bria theorized these players were spotted through write-ups in local papers.

The Matadores are now enjoying the coverage of half a dozen newspapers and perhaps by following some of their strategy, so can you.

ADMINISTRATOR CITES LACK OF RESPECT FOR OFFICIALS

Note: The following article is by Charlie Adams, assistant executive secretary of the North Carolina High School Athletic Association. Mr. Adams is supervisor of officials for the North Carolina Athletic Officials Association in whose "1976-77 Basketball Handbook" this article appeared.

Incidents of player misconduct, lack of ethics by coaches, poor sportsmanship and incompetent, inconsistent officiating have become more frequent and more intense. Why?

One reason may be the lack-of-respect syndrome and the "scapegoat" type of philosophy. It has been shown in the pros and colleges and now has reached the high school level as well. The role of the official is rapidly changing-largely because of the attitude of the coaches and administrators. The officials have traditionally been the scapegoat and sadly so; however, it is more today than ever before.

Too little respect is shown for the official by the coach, and the official no longer seems to have the confidence in the coach and administrator that they once did. Coaches and administrators are becoming so negative re-

garding the officiating, and yet more and more is expected of the official and rightfully so. However, it's time to also focus upon the responsibilities of the coaches and, in some cases, the administrators.

Coaches and officials used to give each other the benefit of the doubt. Now it seems that they have already pre-judged each other. Respect has apparently been forgotten by both parties.

Some coaches are making a farce out of the game, with the support of the administrators, principals and, in some cases, the superintendents. Then what can be expected from the players and spectators? This lack of respect could stem from the coach and administrator's never having officiated, and, by the same token, the official's never having coached. Neither one has an easy job, and this is what we must remember.

The coach and the officials are basic parts of each contest. The team can't play without the coach, and the game can't be played without the officials. Then why don't they respect each other? Perhaps it is because each does not really understand how hard the job

is that the other is doing.

What's the answer? Get basketball back into the proper perspective. Remember that it's still just a game and that there will be a winner and a loser. The school administrators must also take an active role and demand that their coaches insist upon respect for the authority the official represents. Coaches must instill a code of proper conduct in their players. Parents can help by demanding that their children conduct themselves properly. Fans must accept the responsibility that is required of a gracious host. Finally, we must weed out the incompetent, inconsistent officials. With proper influence and control, undesirable antics can be eliminated. However, all of us must remember our obligations as they relate to our roles in the athletic program.

Finally, let's face reality. Each of us has a job to do, each of us feels pressure, and how we handle the pressure determines how good we are. But in the final analysis, we need to respect each other and the job the other is trying to do. It will make everyone's job so much easier.

SAN GABRIEL TEAMS ABOUND IN MEDIA COVERAGE

Though the school year is more than half way over, it is never too early to start planning for next year. This is especially true in terms of a successful media drive for all your girls' sports programs.

It was this jump on the gun which has afforded San Gabriel High School's girls' programs, particularly its basketball team, the attention of several local newspapers.

Last September, several athletes under the guidance of Girls' Athletic Director Paula Fennych and Basketball Coach Bob Bria, planned a girls' sports directory.

A team picture taken and processed by student photographers, accompanied a roster and small story on each sport. Each team's calendar and a letter from the coach were also included.

In the centerfold of the 19-page booklet were action shots of star senior athletes.

Ads sold to local merchants took

care of the major portion of materials and printing costs.

Each girl participating in a sports program was asked to sell 20 copies of the directory at \$1 each.

Though no money was made from the project, it served as an impressive instrument by which to gain exposure for all of San Gabriel's teams.

And the most important faction of the community to which these teams were exposed was the local press.

Another device which the school's basketball team used to get more exposure for itself was a stringer.

A stringer is usually a student. He or she is in charge of contacting all the local newspapers in a school's area with each game's score, stats and star players in the form of a short story.

Newspapers will sometimes pay a stringer \$1 to \$1.50 per game.

The best place to engage a stringer, as did San Gabriel's team, is through
