(A) Manager Seth F. Van Patten submitted the report on Class "C" Track Meet as follows

The Class C Meet

At the same time and place that the regular Southern California Meet is held there will be what this year we will designate as a Class C Meet. The limitations are those of Class C under the Four point System in use during the past Football season. (See enclosed Circular)

No boy may compete in the Class C Meet who enters any event in the regular meet. No boy who has won the regular letter of his school in track may compete in the Class C Meet. The weight of boys for the Class C Meet must be taken during the month of February 1924.

The events will be:

TRACK:

50 yard run, 100 yard run, 220 yard run, 70 yard high hurdles, (five flights), and a four man 440 yard relay.

FIELD:

Pole vault, broad jump, 8 lb. shot put.

The order of events will be:

The 50 yards before the regular 880.

The 100 yards after the regular 100.

The 70 yards high hurdles after the regular 120 high hurdles.

The 220 yards after the regular 220 yards.

The 440 yards relay before the regular relay.

The field events will take place in connection with the regular field events.

Boys to compete in the Class C Meet events must qualify in their League Meet the same as those in the regular meet except that only three entries for each event may be certified from any league.

The rules regarding the fifty mile limit as applied to the preliminaries will be applied to the Class C Meet also.

Three places will be counted in the Class C events the points being 5, 3, and 1.

Gold, silver, and bronze medals will be given the winners and a suitable pennant will go to the school winning the Class C Meet.

Though run at the same time as the Regular Southern California Meet, the Class C Meet will be an entirely distinct affair so far as points, medals, trophies, etc., are concerned.

(Signed) Seth F. Van Patten,

Manager.

(2) It was moved by Westcott and seconded by Adams and carried "that we accept the report of the Committee in regard to holding a Class C Meet.

(3) It was moved by Oliver and seconded by Hague and carried "that on account of the fact that the Class C Meet is new to the So. Cal. meet and further on account of the fact that in some cases notice of the Class C Meet has failed to reach all schools it is moved that in these few cases boys be allowed to be weighed in not later than April 3rd.

(4) It was moved by Wadsworth and seconded by Hague and carried "that Bishop High School be re-instated in the C. I. F. S. S. and that the difference on financial statements rendered be borne by the Treasury of the C. I. F. S. S. and also that the President and Secretary be authorized to complete negotiations between the Principal of Bishop High School and the C. I. F. S. S.

(B) At this time Capt. Brunton, Principal of Fresno High School, was introduced and gave a very interesting talk.

(C) H. J. Moore then made his report as football manager as follows:

January 7, 1924

To the Members of the So. Council of the C. I. F.:

In connection with my annual football report, I wish to call your attention to the following facts in reference to the past football season:

During the months of October, November and December I appointed officials for 162 football games over a district extending from San Diego on the south to Taft and Santa Maria on the north. Besides this, there were about thirty games played in the Citrus, Imperial, Santa Barbara, Ventura and So. Leagues for which I did not appoint officials.

In order to secure officials for these games, it was necessary to interview 514 men during the season. Of these 122 declined to act for one reason or another and of these 392 appointments were accepted.

At the height of the season it was necessary for me to interview 98 men in order to secure 66 officials necessary for that week.

The work of the season required 52 long distance telephone calls from my office as well as the many calls that came in from the outside.

Not only were officials appointed for high school games but requests were received from several of the junior colleges and from some of the college freshmen teams. In general I feel that the season has been a very successful one and that the officiating has been up to standard. Next year it is hoped to develop a different system for grading officials which will insure a still better type of officiating.

As to the financial result of this season, the 20% of the C. I. F. less the expenses amounted to \$1902.00 which is about \$600.00 larger than any previous year.

Respectfully submitted,

(Signed) H. J. Moore

It was moved, seconded and carried that the Track report be accepted with a vote of thanks.

The question of printing a new edition of rules then came up for discussion and it was moved by Blee, seconded by Oliver and carried that Managers of all sports submit written recommendations of proposed changes in our rules and regulations for the sport under their supervision, and meet with the President and Secretary as a committee to make up a final report to be submitted to this body for action.

It was agreed that the Principals who are members of this body hold a meeting during the Principals' Convention and report back recommendations.

It was moved by Collins and seconded by Oliver and carried that:

A. We request all athletes to appear in clean track suits at the So. Cal. Meet.

B. That in case a man slows down to allow a team mate to tie with him in an event, that only one be given the first place medal.

Redlands High School

February 28, 1924

Mr. George M. Green,
High School
Inglewood, California

My dear Mr. Green:

It has just come to my attention that there is a mistake on our last eligibility list. It is the case of a boy transferred to our school from Arizona in '21. Since that time he has been in and out of school frequently. I checked his record this morning and find that he has been in high school more than eight semesters. This means that we played him in the meet with San Bernardino and also in the A.A.U. Relay Carnival of last Saturday when he was ineligible. We are calling this matter to your attention promptly. We are very anxious to obey all the rules and are very willing to abide by any action that may be taken by the C.I.F.

Respectfully yours,

(Signed) A. Haven Smith

(12) It was ordered that in all events in which ineligibles participate such be forfeited to the teams next below and all cups or medals won by their aid must go to the team next below.

(13) It was moved by Moore and seconded by Oliver and carried that a letter of commendation be sent to Lincoln High School congratulating them on the fine spirit of sportsmanship shown by them in regard to the ineligible men on the track team.

(14) It was moved by Oliver and seconded by Moore that Redlands forfeit only the event or events in which the ineligible boy competed in the meets.

(15) It was moved by Collins and seconded by Oliver that the good sportsmanship of the boys of Lincoln High School in voluntarily reporting two cases of ineligibility in Orange Relay Carnival Feb. 16 and the A.A.U. Relay Carnival Feb. 23 and voluntarily forfeiting points and awards won be commended most heartily and no further penalty be inflicted by the Council.

(16) San Diego was granted permission to play Phoenix Football next fall.

(17) Manager Squires made a partial Basket Ball Report.

(18) It was agreed that the Secretary have printed special blanks for class "B" and "C" teams which will show age, weight, height, and grade.

There being no further business the council adjourned.

Principal of Each High School

Dear Friends:

There are several matters to which I wish to call your attention.

A. Ruling Oct. 29, 1921: Work marked "4" at end of semester by teacher will count as failure, unless teacher specifies that the "4" means that the grade is withheld to change "3" to "2" or "1".

B. Ruling Oct. 15, 1921: School taking part in contests outside the jurisdiction of the C. I. F. must file with the Secretary the eligibility list. Only two schools taking part in the Redlands A. A. U. have filed a list with the Secretary.

C. Two questions were referred to the Several Leagues for consideration:

a. "No pupil shall contest in any game or meet with another school who has reached his twentieth (20th) birthday." See rule A page 6.

b. "In track meets one boy shall not be allowed to take part in more than two of the following events in one meet-- The Mile; The Half-Mile; and The 440."

D. The time draws near for the annual meeting, at which time two very important questions will come up for discussion.

1. The grouping of Schools into Leagues.
 - a. Are the present Leagues satisfactory?
 - b. Should there be "Free Lance" Schools?
 - c. Should there be "passive" Schools?
2. What is the status of the "Private" School?

Each Principal should consider these questions and there should be a very frank discussion in each League.

Yours truly,

G. M. Green, Secretary C. I. F.

P.S. Each League winner in Basket-Ball should notify Mr. R. E. Squires of Huntington Park. Winners of Semi-finals must notify him, stating "winner"--"score"--"officials"--"gate".
