The Council of the California Interscholastic Federation

1922. The Meeting was called to order by President Franklin who

Southern League                H. J. Moore                      Long Beach
Valley League                  E. W. Oliver                     Long Angeles
Ventura League                 George M. Green                   Inglewood

(1) It was moved seconded and carried that Hollywood High
School be asked to appoint a manager for Water-Polo and swimming in
the place of Mr. Munsey who is now working in the Junior High School
group and that if Hollywood does not wish to take charge of this
sport that a committee composed of Messrs. Green, Fonda and Wad-
sworth appoint such a manager.

Mr. Moore, football manager reported that the Leagues had not
lived up to the finishing date and had thus complicated the schedule.

Mr. Green reported that he had received a new chart from Dr.
Stolz in re: the four point classification.

(2) It was moved, seconded, and carried that we use the present
system of weight classification (#90, #110, #130 and unlimited) in
basket ball this year, and that each school be requested to check up
each team according to the new chart from Dr. Stolz, and the results
filed with the Secretary.

(Please take weight, height, age, and grade of each man of your
four basket ball teams.)

It was agreed that leagues could weigh in men now for the
league schedule but weights must be taken during the first two weeks
of the second semester for all teams entering the semi-finals.
(3) It was moved, seconded and carried that Basket Ball schedule must begin by the second Saturday in January and that no League would be allowed to present a winning team to enter the semi-finals later than March 3rd.

Attention is called to the fact that no team will be allowed in the play-off which has not won a schedule of at least three games.

The Secretary then called the Council's attention to the fact that he had a protest from Pomona.

A. Haven Smith called for a ruling on the following point of order—"Does a League have control of its own championship?"

The chair ruled "that the League had control but that the right of appeal could not there-by be denied individual or school."

On vote the chair was sustained.

(4) It was moved, seconded and carried that the Protest of Pomona High School in reference to the action of the Citrus League be heard.

PROTEST

Pomona had won 3 games and tied one (1).
Redlands had won 2 games and tied two (2).

Pomona had requested the League to declare a champion, Pomona feeling that she had won first place.

The action of the league was that a tie existed between Pomona and Redlands and there was no champion, and no team would be allowed to enter the semi-finals.

After a very general discussion by Principal Smith, Principal Reynolds, C. P. Holsinger and others:

(5) It was moved, seconded and a roll call had—that Leagues may determine their own champions in any-way they see fit provided their methods are not contrary to the rules of the C. I. F. and the rules of the League. Roll Call. All voted yes, but the Secretary qualified his vote by requesting a C. I. F. rule to cover this point.

(6) It was moved that in computing the standing of any team, the tie game shall count as one half (½) game won and one half (½) game lost.

(7) It was moved, seconded and carried that Motion No. 6 be referred to the several Leagues for action.

(Leagues please take notice and vote on this question early and send vote to secretary)
(8) It was moved, seconded and carried that we request Representative Smith to refer the matter of football championship back to the principals of the Schools of the Citrus League; that we refund to Principal Reynolds his deposit of ten dollars and that the Principals of the Citrus League be informed of the opinion of the Council.

(9) It was moved, seconded and carried that no league may make any rule which prevents a championship team from entering the semi-finals.

The Secretary then called the attention of the Council to the fact that several questions had been referred to the several Leagues. Most leagues reported no action.

LEAGUES ATTENTION

First Question.—That letter man moving from one school to another within our section must be in that school one year before he is eligible unless his parents make a bona fide change of residence.

Second Question.—Van Patton's recommendations. (a) See Page 12, second paragraph under duties of Track Manager—changed to "No school to enter more than eight men unless more than that number have won 1st, 2nd, 3rd, or 4th in league meet and no school to enter more than two men in any event unless more than that number have won places in the League meet.

(b) That in all races where heats are necessary be run on Wednesday preceding the meet.

Third Question.—Motion (6) of these minutes.

Mr. Van Patton request that we send a team of twelve East was refered to the State Council with the recommend that the State Council use its best judgement in this matter.

The Citrus League voted against sending any high school boy out side the state.

The Secretary then called the attention of its council to some rulings compiled from the minutes. It was moved, seconded and carried that the secretary have the same printed in such form as would fit in the little booklet.

There being no further business the Council adjourned.

G. M. Green, Secretary.
