ATHLETIC LIABILITY AND LITIGATION

The concept of athletic litigation is a concern that all school principals, athletic directors and coaches should take seriously. We should deal with these issues in a manner that will assure future involvement as prevention rather than court action. The new opponent on our athletic schedule these days is not the aggressive basketball or football player, but sports liability.

Lawsuits were once almost unknown in the athletic world. However, their number has now reached staggering proportions. If you are not aware of the litigation problem, you are very lucky and have been sheltered from an issue that is on everyone's mind in education today.

The purpose of this commentary is to make you aware of your legal responsibilities and suggest ways in which you can be prudent, safety minded and successful if you reach the courtroom.

There are things that every administrator and coach should be doing in their respective schools in order to avoid being named in a lawsuit. This is a "game plan" that can keep every person involved in athletics and out of the witness box.

Of major concern is the teaching of safety in every aspect of athletics. Safety is a key word and should be reviewed daily by coaches in their respective programs. It should be a part of their curriculum and referred to as such. The image of the macho, tough, hard-nosed coach is over. The new image of the 80's is the coach who is humanistic, concerned and recognizes his/her individual responsibility to promote safety.

Let's recognize that there is a greater potential of being sued in your role as a coach than at any time in the history of interscholastic athletics. It doesn't matter whether you think this is unjust or what you might want to call lawyers - litigation in athletics is a fact. Don't be caught up in the syndrome, "none of my players would ever sue me!"

CIF-SS EXECUTIVE COMMITTEE MINUTES August 23, 1986

A meeting of the California Interscholastic Federation, Southern Section, Executive Committee was called to order by Chairman Pat Mauch at 9:00 a.m. in the Meadow Bay Room of the Arrowhead Lodge at Lake Arrowhead on August 23, 1986. WILSON & SOUTHLAND INCREASE SPONSORSHIP AGREEMENTS

Two major sponsors of the CIF Southern Section have signed new contracts to increase their involvement for the 1986-87 school year. The Wilson Sporting Goods Company has signed a new five-year contract, which as in the past, designates it as the "Official Ball of the CIF-SS." The new Wilson agreement also assures the utilization of the Wilson N.F.L. football in the Football Championships, the Wilson let basketball in the Basketball Championships, the Wilson Avanti soccerball in the Soccer Championships, the Wilson A 1010 raised seam baseball in the Baseball Championships and the Wilson industry-leading tennis ball in the Tennis Championships. Wilson will provide each team participating in the championships complimentary ball(s) for use in the title game. Wilson is the official ball for the sports listed above in addition to the girls' and boys' Volleyball Championships and Softball Championships.

"We at Wilson are proud of our association with the CIF-SS over the past few years and look forward to a gratifying relationship over the next five years," said Roger Gunderson, Wilson's Vice President of Team Sports Marketing.

"It has always been the philosophy of Wilson to support athletics from the Little League level through the pro ranks. It is Wilson's hope that during the term of this agreement some current CIF-SS athletes will join our national Advisory Staff and endorse our products as does George Brett (El Segundo High School) of the Kansas City Royals."

Stan Thomas, the Commissioner of Athletics of the CIF-SS, viewed the new agreements as a priority for his administration.

"When an organization such as the Southern Section makes a committment to corporate funding through sponsorships, it is crucial that relationships be conducted with credible firms within each industry. It is true that one is judged by the company he/she keeps, and we are proud to be associated with Wilson as our official ball and the Southland Corporation as sponsors of our football, soccer and 'Shake For Sportsmanship' programs."

TREAT YOUR OFFICIALS WITH COURTESY!

Without a doubt, the job of an athletic official is a tough assignment in anybody's book. It requires a special person to have an in depth knowledge about his or her sport, to project an image of authority to coaches, players and spectators alike, to maintain absolute control regardless of the situation, to be able to take the "heat", and most importantly, to know the rules.

Officials make a tremendous contribution to high school athletics. Without qualified officials, there would be no games, no crowds and no arena for today's exciting young stars to display their talents.

When your school hosts an athletic contest of any type — regardless of the level — please remember the following points of common courtesy:

- Contact officials well in advance of schedule changes.
- Make sure to have paychecks prepared in the proper amount.
- Notify officials in advance of scheduled contests to provide with directions and parking information.
- Provide adequate dressing facilities for the officiating crew, separate from participant's facilities.
- Escort officials to the dressing/pregame facility.
- Discuss half-time procedures (i.e., homecoming, length of halftime, entertainment, etc.).
- Be certain officials' dressing facilities are open at halftime and provide escort.
- Take preventative measures to keep spectators from disrupting officials and their duties. Make crowd control your priority and responsibility.
- At the end of the game, provide escort from field or court. Make sure officials' facilities have hot water, soap and towels available.

If these courtesies are observed, your contest should proceed without incident. Support your local officials by allowing them to perform to the best of their ability. They are the key to the success of your program.

PLEASE TAKE NOTICE

DRUGS AND ATHLETIC PERFORMANCE

When a team's performance is effected by chemical use, friction often arises between the using the non-using members of a squad. Coaches should be encouraged to open a dialogue with all their athletes on alcohol and other drug use. Perhaps such discussion could lead to a total commitment to be chemically free throughout the season as a starting place. Athletes need to know we care what happens to them off as well as on the playing fields. Below is material which may assist your staff's discussions with their athletes. (Please duplicate.)

HOW DRUGS MAY HURT ATHLETIC PERFORMANCE

COCAINE

- · Overstimulates Reflexes
- Hurries Muscle Movement
- Distorts Vision
- · Weakens Breathing

HOW MARLJUANA, COCAINE PRODUCE ATHLETIC INJURIES

- Depletes Energy
- Impairs Visual Perception

CIF-SS/SOUTHLAND FOOTBALL CHAMPIONSHIPS TAKE ON NEW LOOK IN 1986

SENIOR QUARTERBACK Ken Sollom of Canyon/Canyon Country looks to lead the Cowboys to a fourth consecutive CIF-SS grid title in December.

SPLIT SCHEDULE OFFERS MORE TO FANS

With the interest of Central and Southern California prep football fans in mind, the CIF Southern Section has revamped its scheduling for the 1986 championship football weekend (Dec. 12-13), by splitting the nine conference title contests on Friday and Saturday nights. Not since the CIF-SS went to the conference playoff setup in 1977 has the championship-game schedule been set prior to the determination of entrants.

The new prescribed schedule will give fans a greater opportunity to see the championship games involving teams from their geographic region than ever before.

The 1986 CIF-SS Football Championships will be sponsored by the Southland Corporation, whose subsidiaries include 7-11 Stores, Adohr Farms Dairies and Chief Auto Parts Stores.

"The major emphasis for splitting our championship games between Friday and Saturday nights is to provide prep football fans and the covering media with a showcase of our outstanding teams and players," noted CIF-SS Commissioner of Athletics Stan Thomas. "It just makes sense for us to divide the nine conference title games as evenly as possible. It will not only help to increase our crowds, but will allow media outlets a chance to devote more coverage to these most important contests."

Four CIF-SS Conference finals will be played on Friday, Nov. 12, matching the playoff finalists in the Big-Five Conference, Central Conference, Coastal Conference and Southeastern Conference. On Saturday, five championship games will be on tap, including the Desert-Mountain Conference, Eastern Conference, Inland Conference, Northwestern Conference and Southern Conference.

Friday's Big-Five title match will be played at Anaheim Stadium, while the others will be scheduled at sites to be named with considerations for the entrants as well as the availability of facilities.

"We've attempted to make the conference splits according to geographic regions, says Bill Clark, CIF-SS Football Administrator. "Looking at the schedule, its easy to see that the Central and Southern Conferences have been split to accomodate Orange County fans, the Eastern and Southeastern Conferences have been split to accomodate fans in the Foothill-Citrus area and San Gabriel Valley, and the Coastal and Northwestern Conferences have been divided to offer fans in Ventura, Santa Barbara and Northern Los Angeles Counties a chance to see to two games involving teams from their areas."

The split will also give the CIF-SS Office an improved management position for the nine conference championship games. "We plan to have someone from our office staff in attendance at each of the championship games," added Commissioner Thomas. "We'll provide each of the sites with an official championship program, including the rosters of all the finalists, which we feel will add a polished, consistent atmosphere to each of the championship sites."

"SHAKE FOR SPORTSMANSHIP" AWARDS BEGIN FIFTH YEAR

A program which has generated an enthusiastic response from member schools of the CIF Southern Section in the interests of fair play and good sportsmanship, the CIF-SS Dodger/Adohr Farms "Shake for

Sportsmanship' program enters its fifth year this fall.

Originated to single out high schools that have distinguished themselves in the principles of positive sportsmanship, the popular program first honored schools representing the 62 leagues of the CIF

Southern Section in the 1982-83 school year. It was expanded to include the seven leagues of the Los Angeles City Section in 1984. "Shake for Sportsmanship" now encompasses some 520 high schools throughout Central and Southern California.

Athletic administrators will determine winning schools for each league at independent meetings next May. The criteria

behavior at interscholastic athletic events.

The Los Angeles Dodgers, who have assisted with the design and printing of the official "Shake for Sportsmanship" logo and poster, will again organize the awards ceremony. Adohr Farms will again

underwrite the cost of the awards for each of the winning schools along with two large perpetual plaques for the CIF-SS and CIF-L.A. City Section offices.

Other aspects of the promotion include mention of each winning school in "Dodger Blue", the official monthly publication of the Los Angeles Dodgers and a "Shake for Sportsmanship" endorsement in Dodger game programs.

SPONSORSHIPS ment in 1981 has increased to its present continued from page 3 level in 1986. These past five years have

been a positive experience and we look forward to the future with the CIF-SS," so stated Gary San Filippo, Adohr Farms'

Division Manager.

Kenny Cason, the Advertising Manager of Chief Auto Parts is the newcomer to CIF-SS sponsorship.

"We first learned of the CIF-SS through our Regional Office located in Cerritos. Conversations with this office, 7-11 Food Stores and Adohr Farms have all painted a positive picture suggesting involvement with the CIF-SS. We are proud to have been selected the CIF-SS' 'Official Auto Parts Dealer' and trust that our sponsorship will assure the continued high quality evident in Southern California's proud high school athletics."

The Wilson Sporting Goods Company and The Southland Corporation are joined by: the Army National Guard, California Angels, Coca Cola Bottling Company of Los Angeles, Conlin Bros. Sporting Goods Company, David & Sons Sunflower Seeds, Ford Motor Company, Gatorade, Herff Jones, Los Angeles Dodgers, Maxell, Saucony/Spot-bilt, Sunny Delight, The Finals Swimwear Company and Wienerschnitzel on the CIF-SS Corporate Supprt Foundation.

"The member schools of CIF-Southern Section are gratified to have a positive relationship with the Dodgers and Adohr Farms," said CIF-SS Commissioner of Athletics Stan Thomas. "These fine organizations realize that the importance of creating a unified public awareness of high school activity programs is an obligation of the highest priority."

negative aspects of participation, namely injuries.

- (2) A coach must supervise. Can you imagine the liability incurred if you were not on the field/court and a serious injury took place between two players? Being present however, makes a great deal of difference in a court of law. Supervision is tied into the term, "foreseeable". Is it "foreseeable" that there is a greater danger on a football field without a qualified coach?
- (3) A coach must properly prepare and condition the athletes. Teach fundamentals in a manner that promotes safety. It could never be justified to recommend or even imply that spearing in football is acceptable. Start slow and progress to more intense work, being certain to include a warmup period before full drill.
- (4) The coach must offer proper and safe facilities and equipment. Check and re-check everything that will be used by your players. If there is an area in which you should never cut costs, it is protective equipment. Do not cut back on high quality products that promote safety.
