The President being absent, it was agreed to call C. B. Moore, Principal of Franklin High, of Central League to the chair.

1. It was moved, seconded, and carried that all motions made at C. I. F. S. S. meeting be handed in to the Secretary in writing.

The Secretary stated that he had called the meeting to consider a letter which he had received from the Sporting Editor of the Examiner. The letter was read and after a very general discussion--

2. It was moved by Mr. Fischer that the committee already appointed to look after the relationship between the C. I. F. and the Press be empowered to confer with the Managing Editor of the Examiner. Carried.

It was reported that San Diego had made full and proper settlement with Van Nuys.

The Secretary then read a telegram from F. A. Russell, Principal of San Diego High School, requesting permission to play Phoenix High School on November 25.

4. It was moved by G. M. 5. It was moved by E. W. Oliver that in order to be eligible for reinstatement, a suspended school must have abided by the rules of the C. I. F. during the time of suspension. Carried. (In other words, a suspended school is still a member of the C. I. F.)

The Secretary then read a supplementary report from the Baseball Manager, B. E. Cannon, enclosing a check of \$6.25 from Grossmont-Calexico game, making the total income \$111.84.

6. It was moved, seconded, and carried that the Baseball Report be accepted with thanks and placed on file.

Attention was called to the fact that a rule had been omitted on Page 9 which should read as follows: "Was he passing in three units of work for the semester immediately preceding the semester of the game?"

See rule G. on Page 6.

9. It was moved by E. W. Fisher that the Secretary have the above rule printed on slips and send slips to each principal and also to have a rubber stamp made with which to stamp all rule books on hand. Carried.

The Chair ruled as follows:

A. Boy enters high school at mid-year and is allowed to take only three regular classes, English--Commercial Arithmetic--General Science, and fails in English. Ruling--He is not eligible.

B. School not playing football. May boys play on American Team, no players being paid? Ruling--Boy may play.

C. If a student receives a prize, such as money, jewelry, order for merchandise, in Fourth of July race, is he a professional? Ruling-- If he receives money, yes. See Rule B, Page 6.

Mr. Squires

Owensmouth, California.

Dear Mr. Squires,- May I herewith enter a protest on the game that we played with the Owensmouth team on our grounds today? Our reasons are as follows:-

3 nine semester men on the eligibility sheet

At least one of these men, William Santa maria, played. This I know because he reported to the ref by name instead of by position. The other men, Raymond Haworth and John Grant, may have played, but I cannot say. Owensmouth did not get on the grounds to start the game until ~~the clock~~ 3:55 or 4:00 P.M. This cut us short some ten or fifteen minutes at the close. The coach, Mr. Squires, said that he was willing that his team should finish the game, but it was not done. Why I cannot say.

Thinking you for the consideration of these matters,

I remain,

respectfully yours,

Signed, F. Stillwell Moore

Dear Sir:- It has been reported to the California Interscholastic Federation, Southern Section, that your high school played two games of baseball July 2d and 4th in San Diego, California.

Did you understand that this game was played for the championship of U. S. ?

Did you understand that you were playing San Diego's High School Team?

Were you told that the team you played was with the Board of Trade's team?

With whom did you correspond before the trip was made?

Was the list of players certified to you as legal, bonafide, high school players? If so, who certified the players?

Is it a fact that you protested several of the San Diego players? If so, on what grounds?

With whom did you arrange for expenses? Was the "Gate" divided?

Hoping that you will give us full information, we are,

In your letter of October 14, 1921, to Mr. J. S. Malcolm, President, you state that your baseball manager "will be glad to give details in regard to time and place of conversation if you desire it." We desire this information very much.

Please have him give the name of the president, the time and place of such conversation.

Hoping that we may hear from him soon, I am

Messrs. J. S. Malcolm, President,  
Geo. M. Green, Secretary,

Committee of Investigation,  
Inglewood, Calif.

Gentlemen:

Your letter of October 7th was sent to East Technical High School where for some reason it was held until it has just now reached my hands. I will answer your questions as follows:

The baseball team of West Technical High School played two games of base ball in San Diego, Calif. July 2nd and 4th.

We understood that we were playing for the championship of the United States.

We understood that we were playing San Diego's High School Team.

After our team arrived our coach was told that some of the players lined up against our team had not played on the San Diego High School Team in any previous games and that these fellows were professionals.

All arrangements were made by telegrams which were signed by Coach Perry and by Manager Kunsel of San Diego High School.

A certified list of players was handed to Mr. Freeman, our coach, by Mr. Perry, coach of the San Diego High School.

The matter of expenses was arranged with Coach Perry and our expenses were guaranteed. The gate receipts were not divided.

Because of numerous protests made to Mr. Freeman by citizens of San Diego, Mr. Freeman called the Superintendent of Schools, Henry C. Johnson of San Diego who put him in touch with the principal who certified to all players who had taken part in the first game. The line up for San Diego High School is as follows:

Several parties from this city who happened to be at San Diego during the game have given us some reports verbally. Also delegates from two of our American Battleships then laying in the harbor took the opportunity of writing the Cleveland Press about the matter and we feel very badly that such a condition existed. We had supposed, of course, that there could be no question as to the reliability of the men with whom communications were carried on and when our team arrived it seemed that protests were useless.

Trusting that you will be able to clear up this matter in such a way as will help in clean wholesome sports, I am

Yours very truly,

Principal.

Mr. George Greene,  
Inglewood High School,

Dear Friend:

I understand that there is some trouble brewing with reference to the game last summer between San Diego high school and East Cleveland Technical high school.

Sofar as I remember, Fred ~~Kunzell~~, who was then manager of base-ball, secured verbal permission of the president of the C. I. A. to hold this game. I am quite sure we were all under the impression this permission was obtained, and there was no thought of doing anything that would not conform to C. I. F. rules.

I do not want to captions but is it not quite possible that someone is trying to raise mischief with the San Diego team in order to be rid of a powerful competitor?

Inasmuch as I am not now connected with the San Diego High school, I suppose my testimony may be considered disinterested.

Sincerely yours,

*A. O. Wise*
