Mr. Squires' Plan

Heavyweights

All leagues must begin their regular weekly schedule not later than the third Friday in January.

All leagues must have representatives ready to play in the first round of the semi-finals on the last Friday in February. If they are not through by that time they forfeit all right to enter the semi-finals. Should any leagues finish their schedules earlier they shall be matched to play as soon as finished.

All teams still in the running for the championship shall be matched to play on the last Friday in February. During this first round the teams will be matched to play against teams in their own districts as far as possible. Teams matched on this Friday may play earlier in the week if both teams agree.

All teams winning in this round will be matched to play on Saturday night the same week at U. S. C. pavilion. (There will not be more than eight teams). Matches for this round will be drawn by lot.

On the following Friday night the four teams remaining will be matched by lot to play at the U. S. C. pavilion and on Saturday night the same week the finals will be played at the same place.

This makes a total of four rounds of play. On the first round the teams playing will follow the usual custom in regard to gate receipts. On the second round, after paying for the officials and the rent of the pavilion, $\frac{1}{3}$ of the receipts shall be set aside to pay traveling expenses of the teams. (Should this be more than necessary the balance shall be returned to the other gate receipt money.) This money shall be divided between teams competing on a basis of the distance each team is from Los Angeles by railroad. Then, after deducting 20% for the C. I. F., the balance shall be split in equal proportions between the teams playing.

On the third round after paying for the use of the pavilion, officials, and traveling expenses of the teams, the money shall be split 20% to the C. I. F. and the balance equally between the competing teams.

On the fourth round, after paying for the use of the pavilion, officials, and traveling expenses of the teams, the money shall be split 20% to the C. I. F. 30% to each heavyweight team competing and 10% to each lightweight team competing.

(Class B)

Class B

Teams are to be matched same as last year up to the final game which shall be played as a preliminary for the final heavyweight game.

Class C
