OCTOBER 1987

NATIONAL ACTIVITIES WEEK SET FOR OCT. 18-25

The eighth-annual celebration of National High School Activities Week, scheduled for Oct. 18-25, will salute the importance and values of the many extracurricular programs fostered by the California Interscholastic Federation Southern Section, in conjunction

with the National Federation of State High School Associations.

Merlin Olsen, the popular NBC pro football analyst and former All-Pro defensive lineman with the Los Angeles Rams, will co-chair this year's National High School Activities Week

along with his mother, Mrs. Merle Olsen.

The High School Activities Week has been designated as a vehicle to raise a greater public awareness and support of the broad spectrum of high school sports. *see NATIONAL ACTIVITIES WEEK page 3*

VOLLEYBALL STARS - Returning all-section performers Rachel Norris of San Gabriel (left) and Jenny Evans of Newport Harbor are hoping to lead their respective teams to a CIF-SS championship next month.

Our Seventy-Fifth Year

COMMISSIONER'S CORNER

THE OTHER HALF OF EDUCATION

By Stan Thomas
Commissioner of Athletics

An integral component of the total educational picture in our secondary schools today are the many forms of extracurricular activities. Without question, these programs should be expected to contribute to the general education of those students who participate – and they do.

All too often, extracurricular activities are viewed by the general public, members of the media, governmental agencies and even local and state school boards as simply what the name implies: an extra.

Certainly, it is imperative for those of us in the business of education to keep extracurricular activities in perspective. The basic curriculum of math, science, literature and social studies must continue to be emphasized first and foremost. However, it should also be remembered that student activities are critically important as a means of support to basic learning.

In athletics, the activities teach specific skills to help develop well-rounded youngsters. The thinking that says football teaches nothing more than blocking and tackling or that baseball simply teaches hitting and pitching is wrong. Society does not benefit from schools that produce students who can catch a football or throw a 90-mile-per-hour fastball. But society does benefit from students who have learned determination, patience, goal orientation, teamwork and sportsmanship through athletics.

School activities, including athletics, band, pep and drill teams, journalism and drama, are not a diversion, but rather an extension of a sound educational program. Students who involve

CIF-SS EXECUTIVE COMMITTEE MINUTES

August 22, 1987

The August meeting of the CIF Southern Section Executive Committee was called to order by Chairman Pat Mauch at 9:45 p.m. on Saturday, August 22, 1987 in Solvang. All members were present with the exceptions of Bruce Keuning, Jim Carmichael and Andy Patterson.

1. MINUTES – It was moved, seconded and passed to approve the minutes of the CIF Southern Section Executive Committee meeting of June 20, 1987 as mailed to the Committee.

2. PRESIDENT'S UPDATE – Mr. Pat Mauch welcomed the entire Executive Committee to the first meeting of the 1987-88 school year. Mr. Mauch introduced new Executive Committee member Mike Shanahan, principal of Buena High School, who will serve as the Northern Area Representative to the Executive Committee. Additionally, Mr. Mauch announced that Tony Balsamo had been elected Vice-President of the National Federation at the recent summer meetings held in Denver, Colorado.

3. COMMISSIONER'S UPDATE – Mr. Stan Thomas, Commissioner, updated the Committee on the upcoming inaugural golf tournament which will serve as the first event scheduled to celebrate the 75th year of the CIF Southern Section. Additionally, Commissioner Thomas reviewed with the Committee the 1987-88 edition of the CIF-SS Blue Book, the Sunny Hills summer basketball situation, the involvement of Reebok and Coca Cola as new State CIF corporate sponsors, the Amateur Athletic Foundation walk-on coach in-service program, Orange County officials pilot program, and the game management handbook as developed by the State CIF Commissioners. Further, it was moved, seconded and passed to allow the Commissioner to approve the use of an artificial limb for football by a student athlete from Kennedy High School in LaPalma, as provided for in the National Federation Football Playing Rules.

WILSON, HERFF JONES IMPACT CIF-SS SPONSORSHIP PROGRAM

Two of the key contributors to the CIF Southern Section athletic program for the 1987-88 school year will be long-time associate Wilson Sporting Goods and the Herff Jones Company.

Balls manufactured by the Wilson Sporting Goods Company are utilized by more CIF-SS schools than any other company, according to a survey of member schools compiled last Spring.

The Wilson NFL Football, official ball of the CIF-SS Championships, was utilized by 62.46% of CIF-SS schools, the Wilson Jet Basketball led all competitors with a 45.42% market-share, and the Wilson tennis ball owned 63.33% of the Southern Section market. The popularity of the Wilson A1011 high seam baseball is rapidly growing as well. The A1011 was utilized in all CIF-SS championship baseball games last year.

"We at Wilson Sporting Goods are proud of our association with the CIF-SS over the past decade and look forward to a gratifying future with Southern Section high schools," said Roger Gundersen, Wilson's Vice President of Team Sports Marketing.

Herff Jones, the CIF-SS' official ring company, recently concluded its first year of offering Southern Section schools the exclusive CIF-SS championship ring. Herff was successful with the promotion and produced rings

for several CIF-SS champions, including Big-Five Football titlist Crespi High School. The company recently extended its sponsorship agreement through 1993 and secured a six-year contract with the CIF-SS to provide all individual and team sport medals for Southern Section championships.

"Herff Jones and its Southern California reps are proud of our association with the CIF Southern Section over the past five years. With each year, our commitment to the CIF-SS and its schools has grown. Award programs such as the CIF-SS' medals and championship rings are what we do best and take the most pride in doing. The CIF-SS joins such prestigious organizations as the New York Athletic Club (Heisman Trophy) and U.S. Congress (Congressional Medal of Honors) as Herff Jones clients," said John DeWitt, Area Sales Manager-Herff Jones Company.

The Wilson Sporting Goods Company and Herff Jones join with the Army National Guard, California Angels, Coca Cola, Conlin Bros. Sporting Goods Company, Ford Motor Company, Gatorade, Jack-in-the-Box, Reebok, 7-Eleven Food Stores, and Sunny Delight in supporting high school athletics throughout the CIF Southern Section.

NATIONAL ACTIVITIES WEEK (Continued from page 1)

school activity programs.

"High school activity programs are an important element of the total educational picture," notes CIF-SS Commissioner of Athletics Stan Thomas.

Echoing the comments of Commissioner Thomas are results of national surveys, which reveal that students who participate in school activities are more likely to have a higher grade point average and a far better attendance record than those who don't.

Further, studies by two national testing services show that active involvement and achievement in high school activities is the surest predictor of success in later life. More important than achieving high grades in high

school or college.

The National Federation has also designated special days of recognition for the 1987 Activities Week observance: "National Officials' Day" – Mon., Oct. 19; "National Speech and Music Day" – Tues., Oct. 20; "National Chemical Health Awareness Day" – Wed., Oct. 21; and "National Coaches Day" – Fri., Oct. 23.

Enhancing public awareness of the value of high school activities – namely, the principles of self-confidence, team work and sportsmanship – is an endeavor of the highest priority.

Along with the National Federation, the CIF-SS asks everyone to do their part during Activities Week.

REVISED STATE SCHOLASTIC ELIGIBILITY

One of the major changes in the CIF-SS Blue Book for the current school year relates to the new State CIF Scholastic Eligibility By-Laws that were re-written this past summer to conform to the recently adopted legislation dealing with the 2.0 standard and participation in athletics. It should be noted that this provision is now applicable to all CIF member schools.

To be scholastically eligible, a student MUST –

- 1) Be currently enrolled in at least 20 semester periods of work;
- 2) Have passed in at least 20 semester periods of work at the completion of the last regular grading period;
- 3) Must be maintaining minimum progress toward meeting the high school graduation requirements as prescribed by the governing board of the particular school and/or school district. It should be noted that this provision is open to the interpretation of the school principal.

- 4) The new provision requires that a student must have maintained during the previous grading period, a minimum of passing grades which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

With the new 2.0 GPA in place, students may have continuing eligibility through a probationary period which shall not exceed one semester in length. This probationary period could also be for a shorter period of time. A major part of this new regulation stipulates that a governing board of a school district, private school or parochial school may adopt this provision as part of its policy provisions. It should be noted that school administrators may

see RULE REVIEW page 6

EXECUTIVE COMMITTEE MINUTES - August 22, 1987

(Continued from page 2)

4. SUPERINTENDENT'S UPDATE - Ms. Cynthia Grennan reviewed with the Committee the coaches' certification program and the academic component requirement in physical education that will be required under TITLE V regulations, effective in the fall of 1988.

5. TREASURER'S REPORT - Dr. Gary Smidderks reviewed the recently completed auditors' report and reported to the committee that the findings were excellent, along with a commendation to accountant Shirley Frazier. Additionally, Dr. Smidderks reviewed potential earnings with regard to the Reebok/Coca Cola corporate support program.

6. NATIONAL FEDERATION UPDATE - Dr. Tom Jacobson reported on the National Federation summer meetings held in Denver, Colorado.

7. STATE CIF REPORT - Mr. Tony Balsamo reviewed with the Committee the State Executive Committee minutes, the new State CIF scholastic eligibility requirements, and the meeting held by the the State Executive Committee with the State CIF Commissioners.

8. LEGAL UPDATE - Commissioner Stan Thomas reviewed recent correspondence from the State CIF relative to the Southern Section soccer rule 2712.1 and the Jones eight-semester appeal.

9. SPRING FINANCIAL REPORT REVIEW - Administrative staff members Dean Crowley, Bill Clark and Karen Hellyer reviewed with the Executive Committee financial reports from the spring championship events.

10. T-SHIRT INCOME REPORT - Larry Zucker reviewed income derived from the sale of CIF championship t-shirts during the 1986-87 season.

11. OFFICE FINANCIAL REPORT - Larry Zucker updated the committee on the 1986-87 financial income statement and balance sheet as of June 30, 1987.

12. 75th ANNIVERSARY UPDATE - Dean Crowley, Associate Commissioner, reviewed with the Committee plans for the 75th year anniversary

AN INSPIRATION FOR US ALL

Jeff Murakami
Kennedy HS

Torie Russell
L.B. Poly HS

activities for the 1987-88 school year which will include the use of a 75-year logo, publication of a special 75-year anniversary bulletin, participation by the alumni committee and past and present Council members at championship activities throughout the year, a special 75-year poster, the honoring of former outstanding CIF-SS athletes who have gone on to make a name for themselves in business or athletic endeavors, and a concluding 75-year banquet.

13. NEW SCHOOL MEMBERSHIP - It was moved, seconded and passed to approve the membership of Elsinore Christian High School (Lake Elsinore) and New Life Christian Academy (San Bernardino), effective with the upcoming 1987-88 school year.

14. PROPOSED 1988-89 CALENDAR - Pat Mauch reviewed and updated the Committee on the proposal 1988-89 calendar as recommended by the Season of Sport Committee. Following discussion, it was moved, seconded and passed to present the calendar to the Southern Section council in September for final action in January.

15. SEPTEMBER COUNCIL MEETING RELEAGUING PROTOCOL - Dr. Robert Packer reviewed appeals from the Northern Area and San Gabriel Valley Area with reference to releguing, and reviewing the protocol and procedures that will take place at the September meeting of the CIF-SS Council.

There being no further business to come before the Executive Committee, the meeting was adjourned at 2:15 p.m.

Submitted by:

DEAN CROWLEY, ASSOCIATE
COMMISSIONER OF ATHLETICS

Approved by:

STAN THOMAS, COMMISSIONER
OF ATHLETICS

Jeff Murakami of Kennedy High in La Palma and Torie Russell of Long Beach Poly are two of the more special football players in the CIF Southern Section. But if they had their way, no one would make a big deal of it.

Murakami, who was born without a left arm, and Russell, who lost his right leg below the knee at the age of two, have shown uncommon courage and an inspirational love of the game to warrant special attention.

A 5-6, 155-pound senior, Murakami plays fullback and defensive corner for first-year Head Coach Mitch Olsen at Kennedy.

"Having one arm has never been a factor for Jeff as an athlete," says Olsen. "Out here, he's handicapped only by his size. He played basketball for me, and when I took over the football program last spring, he was one of the first guys I wanted to sign up."

Murakami is in his first year on the gridiron, but has played baseball and basketball from an early age. He was a full-time starter on Olsen's JV basketball team last winter and earned Most Valuable Defensive Player honors. However, Jeff considers baseball as his best sport and hopes to start in the outfield for the Irish varsity next spring.

Russell, who plays center for Co-Head Coaches Jerry Jaso and Thomas Whiting at Poly, has participated in football for the past six years on the pop-warner and sophomore levels.

"Torie is our back-up varsity center and the starter on our JV team," noted Jaso. "He's just a great kid- I wish we had an entire team of players with his attitude. Torie is always one of the first out to practice and he does all of the running and conditioning with no complaints."

A 6-0, 170 junior, Russell's No. 1 priority is a college education, in which he would like to study business law.

Each of the players has been fitted with a special prosthesis, and in compliance with the National Federation rule, have been granted a waiver of safety from their school's state association, the CIF Southern Section.

CHAMPIONSHIP WEEKEND, DEC. 11-12

FOOTBALL FINALS TO FEATURE SPLIT SCHEDULE AGAIN THIS YEAR

Following the success it achieved last year, the nine CIF Southern Section 11-man football conference championship games will again be featured in a two-day split schedule.

The "championship weekend" is slated for Friday and Saturday Dec. 11-12, with five title games on Friday and four on Saturday. The split scheduled offers prep grid fans and the covering media an opportunity to attend more than one of the championship games involving schools of their geographic region.

CIF-SS 1987 FOOTBALL CHAMPIONSHIP SCHEDULE

FRIDAY, DEC. 11

Big-Five Conference
(At Anaheim Stadium)
Central Conference
Coastal Conference
Desert-Mountain Conference
Southeastern Conference

SATURDAY, DEC. 12

Eastern Conference
Inland Conference
Northwestern Conference
Southern Conference

"The original idea for determining pre-set game dates and splitting the schedule was to provide the fans and media with a greater opportunity to see our outstanding teams and talented players on the championship weekend," noted CIF-SS Commissioner of Athletics Stan Thomas. "As a result, our attendance figures were raised substantially. We are extremely pleased with the new schedule and expect an even better response this year."

The Friday night line-up will include the Big-Five title match at Anaheim Stadium (weather permitting), along with the Central, Coastal, Desert-Mountain and Southeastern Conference championship games. Saturday will feature the Eastern, Inland, Northwestern and Southern Conference championships.

"The split schedule takes the geogra-

Muir runningback Tim Milton (32) hopes to lead the Mustangs to a third-consecutive Coastal Conference title.

phic regions into account wherever possible," points out Bill Clark, CIF-SS Administrator in charge of football. "We've split the Big-Five with the Southern and the Central with the Southern to accomodate the Orange County fans; the Coastal with the Northwestern and the Desert-Mountain with the Northwestern for those in Northern Los Angeles, Ventura and Santa Barbara Counties; and the Southeastern with the Eastern for fans in the San Gabriel Valley, San Bernardino and Riverside Counties.

Clark is also enthusiastic about the prospects of this year's gridiron competition.

"We anticipate an outstanding football showcase in our championship weekend," added Clark. "A national comparison would indicate that our football program is stronger than it has been in recent years. In USA Today's preseason Top 25, which usually considers only our Big-Five teams, we were represented by Crespi (No. 2), Loyola (No. 13) and Fontana (among others). But this year I would stack schools such as Eisenhower, El Toro, Capistrano Valley, Antelope Valley, John Muir, Hart, Ramona, Arroyo and a few others against anybody."

Craig Whitten of defending Northwestern Conference champion Hart High of Newhall.

CIF-SS GOLF TOURNEY A BIG HIT

It was a day of relaxation and refreshment, where old friends were reunited and new acquaintances were made. It was slap-stick comedy and spirited competition, but most of all, it was a whole lot of fun.

It was the inaugural CIF-SS Invitational Golf Tournament, held at California Country Club in Whittier August 27.

"I am convinced we laid in the ground-work to make this a highly successful event in the years to come," noted CIF-SS Commissioner of Athletics Stan Thomas. We are so encouraged that we have already secured the course for next year."

Next year's tournament is scheduled for Saturday, June 30 at California Country Club.

A total of 96 golfers played in the tournament, which included a post-round barbeque dinner, raffle and auction. Generous sponsors for the event included Imperial Press of Long Beach, Centinela Hospital of Los Angeles, the W.R. Moody Co. of North Hollywood, Coca-Cola Bottling Co. of Los Angeles,

Pure Golf, Inc. of Anaheim, Wilson Sporting Goods Co. of Los Angeles, Golden State Golf Tours of Fallbrook, and Yary Photography. Additionally, City Ford of Los Angeles and Hoffman Chevrolet of La Puente provided automobiles as hole-in-one prizes.

The winning foursome in the shotgun scramble included long-time CIF-SS supporter Charlie Seaver of Coca-Cola, Dave DiPinto of Coca-Cola, Activities Director Jerry McIlvaine of South Torrance High School and Ralph DePalma. The team carded a nine-under-par total of 63.

Honored guests included former CIF-SS athletic greats Jamaal Wilkes of UCLA and the Los Angeles Lakers and Sam Cunningham of USC and the New England Patriots. Special CIF-SS golf achievement awards were presented to Mr. Sam Dimas, a highly successful player and coach at Long Beach Poly High School; and Mr. Pat Chartrand, the 1951 CIF-SS Individual Champion from Mt. Carmel High School.

Charlie Seaver of the winning foursome (left), Dr. Gary Smidderks, Stan Thomas, and Moe Chavez with Sam Cunningham.

RULE REVIEW (Continued from page 3) not arbitrarily adopt a probationary program. This must be done by the governing board which sets the policies for the school and/or school district.

Students not enrolled in at least 20 semester periods of work, or those who have not passed in at least 20 semester periods of work the previous grading period, are not subject to probation and are not eligible under current CIF

rules.

All administrators are encouraged to thoroughly review by-laws 204, 205 and 223. School administrators and athletic directors with questions regarding the new scholastic eligibility requirements are encouraged to contact the CIF-SS Office with their questions. Within the current school year we want to develop a number of questions and answers that would be appro-

COMMISSIONER'S CORNER

(Continued from page 2)

themselves in these programs tend to have higher grade point averages, better attendance records, lower dropout rates and fewer discipline problems than students in general. Further, participation in high school activities is often a predictor of later success—in college, career and becoming a contributing member of society. These vital points have been verified by national surveys time and again.

Activity programs provide a valuable lesson in the cornerstone of American life: by accentuating the work ethic. Activities provide students with the opportunity to excel in something of their own choosing. They help students to develop confidence, poise, self-discipline and recognition among their peers.

Students are not the sole beneficiaries of the interscholastic program, either. These activities perform certain functions for the school, community and society as a whole. The program provides a rallying point for students, educators and people of varying backgrounds and interests. A Friday night football game is the obvious example, bringing together students, faculty, parents and booster groups in a common effort of support for the programs associated with the evening's contest.

The National Federation has proclaimed the week of Oct. 18-25 as "National High School Activities Week". The intent of this most worthy observance is to heighten public awareness and support for the varied extracurricular programs conducted on our campuses.

The CIF Southern Section encourages all involved with the interscholastic program—administrators, coaches, faculty advisors, boosters and support groups and the student participants themselves—to make a concerted effort to get involved in this most important endeavor.

priate for the next edition of the CIF-SS Blue Book.

These scholastic eligibility regulations also apply to any student entering from the 8th grade into a 4-year high school or from a junior high school with initial entry into the 10th grade.

75-YEARS OF PREP ATHLETICS

CIF SOUTHERN SECTION THROUGH THE YEARS

As the CIF Southern Section marks its 75th year of operation, a look back at its sometimes bumpy but steady road of progress is in order.

75 YEARS AGO

Excerpts of the Oct. 11, 1913 Southern California Interscholastic Athletic Council meeting, held at Los Angeles High School...

The Council recommends that football schedules for next year, 1914-15, for the various leagues be made not to end later than the second Saturday before Thanksgiving so that the Southern California Championship games

can be played on the Saturday preceding Thanksgiving and the state championship can be played during the Thanksgiving vacation.

Eligibility rule adopted:

No one shall represent his school in any championship event or contest between any of the leagues—

1) Who is not passing in 15 hours work per week.

2) Or who has taken part in any athletic contest of higher grade than secondary schools.

3) Or is a post-graduate of any four year course in any secondary school.

4) Or is 21 years of age or over.

5) Or after the first eight semesters (four years) residence in any secondary school. Ten weeks or over of participation in one or more athletic contests between teams of different schools or organizations shall count as a semester's residence. (Practice games shall count the same as league games.)

50 YEARS AGO

Excerpts of the Oct. 2, 1937 CIF Southern Section Executive Committee meeting, conducted at the CIF-SS Office, located on the campus of South Pasadena High School...

Moved by Mr. John E. Alman, and Mr. Kinter Hamilton, that Mr. Harry J. Moore, Principal of Long Beach Wilson High School, be named President of the Executive Committee for the current school year. Carried.

President Moore called on the Commissioner of Athletics for a report on spring football practice at Alhambra High School. Commissioner Seth F. Van Patten read correspondence he had had with Mr. Werre, Principal of Alhambra High School, in which Mr. Werre had stated that in a Physical Education class at Alhambra, football suits had been issued and some scrimmage had taken place during the last spring semester. Mr. Werre in his letter questioned whether such activity in a regular physical education class constituted a violation of the intent and purpose of CIF-SS rules.

After statements from both sides, it was carried unanimously that: a) The Coast League assure the CIF that it will see that all its members abide by the letter and intent of the CIF rules; b) Alhambra School authorities file a statement with the CIF Office giving assurance of their intention to follow CIF rules so long as Alhambra High School is a member of the CIF; and c) Should Alhambra win the championship in football in the Coast League this season, that it not be allowed to go into the play-off, but the Coast League be allowed to name another team for the finals.

FIRST-EVER STATE CROSS COUNTRY CHAMPIONSHIPS SET FOR FRESNO NOV. 28

Who are the best team and individual cross country runners in the state of California? Until this year, that question could only be addressed by claims and counter claims.

But this fall, any dispute will be settled in actual competition, as the California Interscholastic Federation will conduct a first-ever state cross country championship meet, scheduled for Saturday, Nov. 28 at Woodward Park in Fresno.

"We anticipate this meet to be the largest annual cross country event in the state," pointed out Margaret Davis, Associate State Commissioner of Athletics. "The meet will feature over a thousand athletes in three divisions."

The state meet divisional breakdown will be based upon enrollments: Division I (large schools), 1,601-and up; Division II (medium schools), 801-1,600; and Division III (small schools), 0-800. The meet schedule is as follows: Boys Div. I—11 a.m.; Girls Div. I—11:40 a.m.; Boys Div. II—12:20 p.m.; Girls Div. II—1:00 p.m.; Boys Div. III—1:40 p.m.; and Girls Div. III—2:20 p.m. Awards presentations will follow the girls race in each division.

The Southern Section will be allowed five team entries per state division, for a total of 15 boys and 15 girls teams. The qualifying formula calls for each of the four (4-A, 3-A, 2-A and 1-A) CIF-SS divisional team champions to receive an automatic bid per

state enrollment designation. The next four positions in the respective enrollment designations will be determined by the best team times at the Southern Section finals. All entries will be by enrollment into the state finals.

Should a team in a Southern Section Divisional Finals race have a better team score (but slower team time) than another team in the same division, the team that places higher in the competition will advance to the state meet. In case of a team time tie for the final qualifying position in a state meet enrollment division from Southern Section teams that competed in different divisional races, the time of the sixth runner shall be the determining factor to break the tie for entry into the state finals.

Additionally, the first five individuals from teams that do not qualify for state competition within the appropriate enrollment divisions will advance. Should there be a tie in time for the final individual qualifier, times from the prelims will be used to break the tie to determine advancement to the state meet.

"We're excited about the prospects for the inaugural state cross country meet," noted Dean Crowley, CIF-SS Associate Commissioner of Athletics and the CIF-SS Administrator in charge of the sport. "I'm sure our schools will represent the Southern Section very well."

75-YEARS OF PREP ATHLETICS

(Continued from page 7)

25 YEARS AGO

Excerpts of the Oct. 30, 1962 CIF-SS Executive Committee meeting, conducted at the Los Angeles Athletic Club...

In accordance with action taken by the Council last May to have the CIF-SS furnish chanille patches for all members of section championship teams, the Commissioner presented sample patches for consideration. It was moved, seconded and carried to adopt the patch submitted by the Whiting Company as the official patch for CIF-SS champions. An oval style will be used for football and a round style for all other sports.

Dr. Carl Heinz, principal of Santiago HS, requested an interpretation relative to the use of non-certificated persons as coaches of high school teams during the practice period prior to any interscholastic athletic contest. Article XXVI of our By-laws indicates that all teams must be coached by a certificated

teacher. It has been interpreted, however, that a non-certificated person might be assigned to assist the regular coach, provided this non-certificated person work only under the direct supervision of the regular coach and was not at any time given sole responsibility for the coaching or handling of the squad.

10 YEARS AGO

Excerpts of the Oct. 15, 1977 CIF-SS Executive Committee Meeting, conducted at the Los Angeles University Hilton Hotel...

Dr. Hanford Rants, Chairman of the Foreign Exchange Program, reviewed with the Executive Committee results of a recent survey relative to the overall acceptance of various programs. Following discussion, it was moved seconded and passed to maintain present procedures of reviewing each program not recognized in the CIF-SS Blue Book. The results of the survey to be passed along to members of the CIF-SS Council. It was further moved seconded and passed to add the World

Experience Program to the list of recognized programs, and to delete the International Exchange Program from those approved by the CIF-SS.

WATER POLO FINALS MOVE TO SATURDAY

In order to avoid conflict with first round football playoff games, the 1987 CIF Southern Section Water Polo Championships have been scheduled for Saturday, Nov. 21 at Belmont Plaza Olympic Pool in Long Beach.

"Not only are we avoiding the possibility of a conflict with the football playoffs, we are providing schools from the outlying areas a more convenient travel opportunity by moving to Saturday," said Bill Clark, CIF-SS Administrator in charge of water polo.

The championship line-up opens with the 2-A match at 4 p.m., followed by the 3-A at 5:30 p.m. and the 4-A at 8:45 p.m.
