NFHS SPIRIT OF SPORT AWARD:

The NFHS "National High School Spirit of Sport Award," seeks to recognize individuals who exemplify the ideals of the positive spirit of sport that represent the core mission of education-based athletics. The award may be given in recognition of a specific act or for an activity of longer duration.

The award can be given to an individual who has gone beyond the normal everyday expectations of assisting others within the school or community. It could also be given to an individual who has overcome some sort of adversity or challenging circumstances. The recipient can be a coach, athletic administrator, administrator, trainer, student-athlete or any others associated with the school or the school's athletic program.

In the instance of a student, that student must be in good academic standing within his or her respective high school. Among the qualifying criteria that will be used are the student's grade-point average, the activities in which he or she is involved, and community involvement. Candidates should also possess similar positive character traits, such as a high level of integrity and ethics. Please go to the CIF-SS website to find the nomination form. The deadline is February 1, 2012.
