SEPTEMBER, 1971

No. 1

REV. DUNPHY OF ST. BERNARD HEADS COUNCIL

Reverend Lawrence Dunphy, a native of the Southland, has taken over duties as president of the CIF, SS, Council, representing the Camino Real League and St. Bernard High school in Playa del Rey.

Reverend Dunphy grew up in the Los Angeles area and following graduation from high school he entered St. John's College and Major Seminary in Camarillo. He was ordained a Catholic priest in 1955.

After a year at a Los Angeles parish, he was appointed to St. Paul High

School in Santa Fe Springs.

In January of 1957 Reverend Dunphy was named assistant principal and athletic director at St. Paul and served in that capacity for 10 years. In 1967, Reverend Dunphy became assistant principal at St. Bernard and was moved up to the principalship two years later.

Along with his duties as CIF council president and council representative for the Camino Real League, he also serves as an officer in the Catholic Athletic Association.

During his time at St. Paul he was active in both the old Parochial League and the Angelus League, having served as president of both leagues for a number of years.

Rev. Dunphy received his M.A. degree from Immaculate Heart College and holds California state credentials for both teaching and administrative duties.

He enjoys most sports, claiming golf as his current special hobby.

Rev. Dunphy succeeds Don Cogswell, Mira Costa HS vice-principal, as council president, the position having rotated according to alphabetical listing of leagues as stipulated in the CIF, SS constitution. He'll preside at the first of the year's three meetings, Saturday Sept. 25 at Arcadia HS.

MAKE ROOM FOR THE LADIES!

The CIF, SS is well on its way toward organizing the girls athletic program in Southland high schools, with the formation of the Girls Interscholastic Advisory Board, (GIAB) chaired by Alex Alexander.

Mr. Alexander, principal of Desert Sands High School in the Indio district, has been a member of the CIF Executive Committee for five years and is also one of four Southern Section representatives to the state federated council, where he serves on the state-level committee on girls interscholastic athletics.

Other members of the GIAB include Phyllis Blatz of Chaffey High School (Ontario), Bobbie Diehl, Rio Mesa High School (Oxnard), Eloise Longwell, South High School (Torrance), and Betty Staley, Lowell High School (La Habra). Male members include Roy Lockwood, Burbank High School, Joe Merlo, Sonora High School (La Habra) and Bill O'Rourke, Rolling Hills High School.

On hand at the June organizational meeting also was Genevieve Dexter of the state department of education.

The GIAB, as outlined by commissioner Ken Fagans, will serve the girls interscholastic program in a similar capacity to the Executive Committee on the boys side. The Girls' Athletic Commission would be made up of a representative from each member league and be similar to the SS Council in function.

Four important points were listed by Administrative Assistant Tom Morgan regarding the formative period for girls interscholastic athletics. Firstly, all schools within the Southern Section, including all-girl schools, will be invited by letter this month to join the Girls Interscholastic Division of the CIF, SS. No cost will be involved for the 1971-72 school year and schools may join either as members of existing leagues or as free lance teams.

Morgan emphasized that there are no plans of any kind to reorganize any existing girls leagues. He also said that there is no anticipation of proposals to structure girls leagues along same alignments as boys leagues.

429 CIF, SS SCHOOLS PREPARE FOR 1971-72 ATHLETIC YEAR KICKOFFS

The CIF, SS will operate in 1971-72 with 429 member schools.

Of these, the 344 senior high school regular members are aligned into 49 leagues. The new league is the Ocean League, located in the South Bay area and made up of teams formerly in the Bay and Sky Leagues. Members of the Ocean loop are Culver City, Hawthorne, Inglewood, Mira Costa, Rolling Hills and West Torrance and the Ocean League will participate in AAA Division of team sports.

Bill O'Rourke, vice-principal at Rolling Hills will serve as Ocean League representative.

Another "new" League begins operation this year, the Northern League. It was formerly known as the Santa Barbara County League and has also two Santa Barbara area schools,

San Marcos and Dos Pueblos to the Channel League.

Other changes have Camarillo and Thousand Oaks moving to the Channel League.

The adding to the Bay League of Centennial (from Coast), Jordan (from Moore) and Torrance (from Sky); the adding of Redondo (from Bay) to Sky and Compton (from Coast) to Moore and the addition of Lynwood and Santa Fe (from San Gabriel Valley) and Montebello from Whitmont to the Coast League; and Paramount from Coast and Pioneer from Whitmont to San Gabriel Valley, completes the bay and southeastern area changes.

El Monte and Rosemead move to the Pacific to Whitmont and Muir and

TOWARD MORE
EFFICIENT SERVICE

Times are changing and the CIF, Southern Section is growing.

With a fulltime office staff of eight, the section office, under commissioner Ken Fagans, has become understandably departmentalized, with the aim, as usual, to provide more complete and efficient service to member schools. In order to further insure that better service, those calling the CIF, SS office should be aware of with whom they should speak in particular cases.

The assignment department, headed by Darol Roundy and including secretary Mrs. Deion Henry, handles all questions and information regarding assignment, rating, etc. of athletic officials.

The public information department handles all questions regarding media needs, records, news items about CIF, etc. It is under the direction of Mike Peck. Mrs. Joyce Lawrence, public information secretary, has the files on schedules and sanctioned events.

Administrative assistant Tom Morgan is the man to talk to for answers to questions usually asked by coaches and athletic directors, on such matters as eligibility, playoffs, sports regulations etc. His secretary, Mrs. Letty Wunderly, is in charge of the CIF film library and of the "Games Wanted" log.

High school administrators (princi-

MINUTES OF MEETING OF CIF, SS, EXECUTIVE COMMITTEE
June 19, 1971

The June meeting of the CIF, Southern Section, Executive Committee was called to order by Chairman Steve Miletich at 9:00 a.m. on Saturday, June 19, 1971, at the Riviera Hotel in Palm Springs, California.

The following members were in attendance: Chairman Miletich, Vice-Principal, Beverly Hills High School; Rev. Lawrence Dunphy, President of Southern Section Council, Principal, St. Bernard High School; Keith Lee, Treasurer of Southern Section Council, Principal, Yucca Valley High School; Alex Alexander, Principal, Desert Sands High School; Tony Balsamo, Principal, Apple Valley High School; Ferren Christensen, Principal, Westminster High School; Richard Cordano, Principal, Arcadia High School; James Faul, Principal, Workman High School; Msgr. Thomas Kiefer, Principal, St. Genevieve High School; J. Kenneth Fagans, Commissioner of Athletics, Thomas Morgan, Administrative Assistant, and Mike Peck, Director of Public Information, CIF, Southern Section, Office.

1. APPROVAL OF MINUTES. It was moved, seconded, and passed to approve the minutes of the Executive Committee meeting of March 27, 1971, as published in the April Monthly Bulletin.

2. APPLICATIONS FOR MEMBERSHIP. It was moved, seconded, and passed to approve applications for regular membership in the CIF, Southern Section, for Mountain View High School of El Monte, and for associate membership for St. Vincent's Seminary of Montebello, effective with the beginning of the 1971-72 school year.

3. EVALUATION OF SCHEDULES, LOS ANGELES BAPTIST HIGH SCHOOL. The 1971-72 football and basketball schedules of Los Angeles Baptist High School were evaluated for possible entry into the CIF, SS, post-season championship playoffs. It was moved, seconded, and passed that the football team must win at least five of its last seven scheduled games and that the basketball team must win at least eight of its last 11 scheduled games in order to qualify for free lance entry into the playoffs.

4. ELIGIBILITY CASES. After careful consideration of each case, it was moved, seconded, and passed to waive the Residence or Transfer Rule to permit the following students to be eligible to participate in interscholastic athletics:

Thomas Jackson,
Yucca Valley High School
Marc Scott, Ontario High School

Page Two

David Stillion,
Palmdale High School
It was moved, seconded, and passed to DENY the requests to waive the Residence or Transfer Rule for the following students:

Tracy Hammon,
Inglewood High School
Donald Nunez,
Bishop High School
Brian Wood,
St. Joseph High School

Inglewood High School was reminded that in the case of Tracy Hammon a CIF, SS, Form 99 may be processed in order to allow him to be eligible to participate in interscholastic athletics at other than the varsity level.

5. REQUEST FOR CHANGE IN PLAYOFF GROUPINGS, SKY LEAGUE. The Commissioner informed the Executive Committee that he had received a formal request from the Sky League to be reassigned from the AAA to the AAAA division in playoff groupings for the sports of baseball and basketball for the 1971-72 school year. Since these groupings were originally announced on April 19 and approved by the CIF, SS, Council at its meeting of May 1, 1971, it was the opinion of the Executive Committee that this request for change from the Sky League was received too late and would create inequities in the alignments of leagues for these sports if adjustments were to be made at this time. It was moved, seconded, and passed to deny this request, and to inform the Sky League that the matter would be reconsidered for the following 1972-73 school year if the request were received in time for action by the Council at its May meeting.

6. REQUEST TO PARTICIPATE IN ARKANSAS BASKETBALL TOURNAMENT, LOS ANGELES BAPTIST HIGH SCHOOL. The Executive Committee received a request from Los Angeles Baptist High School for permission to participate in the first annual National Christian High School Holiday Basketball Tournament to be held in January, 1972, at John Brown University, Siloam Springs, Arkansas. At the present time, State CIF rules would prohibit the scheduling of an athletic activity if a school's opponent is located at a distance of greater than 300 miles. Discussion was held concerning the matter, and while it was noted that the State Federated Council is currently considering a change in this travel limitation, the Committee felt that it could not properly authorize the request.

(Continued on Page 3)

COMMITTEE MINUTES

(Continued from Page 2)

recommendation of any waivers until such time as the State CIF modified its rule; it was moved, seconded, and passed to deny the request.

7. REQUEST TO FIELD CLASS B FOOTBALL TEAM, ARROWHEAD LEAGUE. The Arrowhead League, through a letter submitted by its representative, Mr. Russell Reynolds (Principal, Big Bear High School), requested permission to field Class B football teams for league competition during the 1971-72 school year. This would be contrary to the policy adopted by the CIF, SS, Council on May 1, 1971, which stipulated that football teams below the Varsity-JV level must be classified according to grade level on a one-year experimental basis for the 1971 season. The Arrowhead League listed several factors which it felt were unique to its particular situation and would justify such a request. The Executive Committee reviewed the situation in detail, and concluded that the league should comply with the Council's ruling and field a junior varsity or grade level team rather than a Class B team. The Committee recognized the league's problems, but was of the opinion that these could be resolved within the framework of existing rules and regulations. It was further stated that exceptions of this type would not be in the best interests of the intent of the new policy, which was to provide necessary information and experience with the operation of the grade level system for all schools and leagues in order to properly evaluate the matter of exponents in grade level competition.

8. AREA COMMISSIONERS OF OFFICIALS. The Commissioner reported that he had recently conducted his annual meeting with the CIF, SS, Area Commissioners of Officials. From this meeting, the following recommendations were presented for consideration by the Executive Committee:

a) Travel Pay — Problems have developed in some outlying areas where officials have not been reimbursed for excessive travel expense in connection with their assigned games. It was recommended that paragraph 6 of Article XXXIII (Officials' Fees) of the CIF, SS, Blue Book be amended to read as follows: In outlying areas of the CIF, Southern Section, where officials must travel more than 50 miles round-trip, an amount not to exceed 8¢ per mile, round-trip, shall be paid for one car. The Committee moved, seconded, and passed to adopt this amendment.

b) Time Limit, JV and Frosh-

Soph Baseball Games—Baseball officials in all areas have experienced difficulties with JV and Frosh-Soph games lasting an excessively long time because of reasons attributable mainly to the variable calibers of competition at these levels. It was suggested that a two-hour time limit be placed on all baseball games other than varsity, so that no inning shall begin after two hours from the start of the contest has elapsed. The Committee moved, seconded, and passed to refer this matter to the Council with the recommendation that the leagues be encouraged to adopt this rule for their baseball competition at other than the varsity level.

c) Officials for Sanctioned Events — Attention was called to the fact that many sanctioned events are being conducted without qualified officials being assigned by the Area Commissioner, as required in paragraph 6(A) of Article XXXI (Area Commissioners of Officials) of the Blue Book. Sponsoring schools have instead secured officials on their own for these activities, and in some cases the officials have not been qualified or acceptable according to CIF, SS, standards. The Committee moved, seconded, and passed to make the policy uniform for all CIF, SS, assigning agencies to be responsible for the coordination of assignments of officials for sanctioned events (i.e., all tournaments, and invitational swim and track meets). The Committee further authorized that this policy be included in the Blue Book and placed on the sanctioned event application form when a new form is printed; in the meantime, the CIF, SS, Office should notify all sponsoring schools of this policy at the time their applications are approved.

9. SPORTS SCHEDULES, PIONEER LEAGUE. The Executive Committee was informed of requests made recently by the Pioneer League to the athletic councils of the Ocean and Sky Leagues inquiring about possible inclusion in competition during the 1971-72 school year for the sports of swimming, tennis, water polo, and wrestling. Because of the fact that all member schools in the Pioneer League do not field teams in these four sports, there are at the present time just three schools with swimming and water polo teams and four schools with tennis and wrestling teams. The Ocean and Sky Leagues had denied these requests, however, based on the fact that schedules in these sports had already been adopted for next year and it would create a hardship to adjust them at this time. The Committee discussed

Page Three

the matter, and reaffirmed that it was the responsibility of the CIF, SS, to attempt to provide, whenever possible, league competition for member schools in those sports in which all schools in leagues do not participate; however, it was also felt that since the requests from the Pioneer League were not made until May, that consideration should be given to the schedules which have already been established by the Ocean and Sky Leagues. The Committee then moved, seconded, and passed to make the following recommendations: 1) That the Pioneer League schools free lance in water polo for the 1971 season because of the difficulty of adjusting schedules at this date; 2) That Ocean and Sky League representatives meet during the fall, 1971, and include the Pioneer League schools in their swimming schedules for league competition for the 1972 season; 3) That the Pioneer League conduct its own competition during the 1971-72 school year in the sports of tennis and wrestling since there are four schools which participate in these sports; and 4) That for the 1972-73 school year, the Bay, Ocean, and Sky Leagues would be obligated to provide Pioneer League schools with league opportunities in the sports of swimming, tennis, water polo, and wrestling, according to procedures agreed upon by the four affected leagues.

10. COACHES' CERTIFICATION. A request was made to the Executive Committee to have the position of teacher's aid added to the list of qualified assistant coaches in paragraph 2 of Article XXXVI (Coaches' Certification) of the Blue Book. Following discussion, it was moved, seconded, and passed to table the matter in order to obtain additional information and to review the California Education Code for verification of the positions which are included in each category as itemized in paragraph 2.

11. WRESTLING TAKEDOWN TOURNAMENTS. The Executive Committee was advised of the need for some type of control to be established governing the conduct of wrestling takedown tournaments. These tournaments have received special classification in the past because of their different type of competition format, and as such have not been counted against the allowable number of team wrestling matches. However, because so many of these takedown tournaments are now being conducted, it has become necessary to develop guidelines for participation by member schools. The Committee discussed the matter, and moved, seconded, and passed to limit each school to partici-

(Continued on Page 4)

COMMITTEE MINUTES

(Continued from Page 3)

pation in one wrestling takedown tournament each season. It was further suggested that a committee be formed to study the impact and reaction to this new rule as a basis for making future recommendations regarding these tournaments.

12. SUMMER SCHOOL FOOTBALL ACTIVITY. The Commissioner advised the Executive Committee that the CIF, SS, Office had received numerous requests for interpretations of the recent rule passed by the Council which now permits a unit of football activity, for the purpose of teaching fundamentals, skills, and techniques for the sport, to be included as part of a regular summer school physical education class. Member schools had inquired as to clarification of the intent of this rule as applied to summer school physical education class activities which they had planned. The Committee discussed this matter at length, and issued the following official clarification as a guideline for the conduct of football activity in summer school classes:

"It is the opinion of the Executive Committee that this rule was modified in order to provide an opportunity for the basic skills and techniques of the sport of football to be offered as a unit or part of the instruction during a regular summer school physical education class; it was in no way designed to permit or devise an opportunity for football teams to conduct practice during the summer.

"With this purpose in mind, and with the intent of protecting the concept of the total physical education program during summer school instruction, the following additional points of clarification are outlined to aid member schools in planning and developing their particular programs:

1. A physical education class involving football activity must be held within the schedule of the school's regular summer school program, providing that no class of this type shall begin later than 2:00 p.m. Any class held after 2:00 p.m. may include physical conditioning and/or weight lifting, but it may not include football activity;

2. No equipment other than footballs and football shoes will be allowed at any time;

3. No more than one half of the allotted class time may be spent on football activity (This is based upon the normal physical education sum-

mer school class which has an allotted time of 60 hours for which a maximum of five units of credit are given, which means that only 30 hours of this class may be used for football activity);

4. Because this class is to be taught as part of the summer school curriculum, regular credential rules will apply for all assigned instructors."

Other than the rule for summer school physical education classes explained above, all existing CIF, SS, regulations pertaining to summer football activity remain in effect as listed in paragraph 33 of Article XXXXIII (Football Regulations) on page 69 of the Blue Book.

The Committee further advised that the experience of conducting football activity in summer school classes this year should be considered as an evaluative program to be reviewed and studied for the purpose of making recommendations for the future to the Council at its September meeting. The Commissioner was directed to prepare a questionnaire to be sent to all member schools in order to solicit reaction to this new rule from physical education instructors and administrators.

13. CLARIFICATION OF ACADEMIC REQUIREMENTS. The Executive Committee was asked to interpret the effect of CIF, SS, interscholastic athletic eligibility requirements as applied to an innovative curriculum adopted by the Maricopa Unified School District in which students are allowed to work at their own pace and may complete a course in less than or more than a semester and no grade lower than "C" is ever given for any course. The Committee was of the opinion that interscholastic athletic eligibility standards should be maintained separate from the school's other academic standards in cases such as this, and that it should be the responsibility of the Principal involved to determine whether or not a boy would be declared eligible according to the scholastic requirements defined in Article X of the Blue Book. It was moved, seconded, and passed to request Maricopa to design a method consistent with current CIF, SS, scholastic requirements by which athletic eligibility might be determined for students involved in its curriculum, and to submit this recommendation for approval to the Executive Committee at the earliest possible date.

It was also moved, seconded, and passed to recommend to the Council that a section be added to Article X of the Blue Book to require that all schools employing innovative curriculum patterns or philosophies of grading (i.e., modular, flexible, daily de-

mand) submit suggested requirements for athletic eligibility for their particular systems, based on current established standards, to the Executive Committee for approval. It was further passed that a committee be formed to study this matter for the purpose of revising CIF, SS, eligibility requirements in order to encompass these types of special curriculum patterns.

14. GOLF TOURNAMENTS, RANEY JUNIOR HIGH SCHOOL AND SAN GABRIEL HIGH SCHOOL. Special permission was requested from the Executive Committee to begin the following golf tournaments at earlier than the normal 3:00 p.m. starting time for sanctioned events held on school days:

a) Raney Junior High School Invitational Golf Tournament, April 24 or May 1 (exact date to be determined), 1972, starting time: 12 Noon;

b) Alhambra City Golf Tournament, sponsored by San Gabriel High School, March 1, 2, and 3, 1972, starting time: 2:00 p.m.

It was moved, seconded, and passed to approve these requests in order to assure completion of these tournaments prior to darkness.

15. AUTHORIZATION TO ATTEND MEETINGS. It was moved, seconded, and passed to approve travel expenses for the Commissioner to attend the following meetings as a representative of the CIF, Southern Section: 1) Cal Poly Workshop, August, 1971; 2) National Football Rules Meeting, January, 1972; and 3) National Federation Meeting, July, 1972.

16. SUMMER COACHING ACTIVITIES. The Commissioner informed the Executive Committee of problems which have developed because of unofficial scrimmages and other activities being conducted by member schools in sports other than football between June 1 and the close of school. Current CIF, SS, rules state that from June 1 until the opening day of school in the fall semester, there shall be no restriction on high school coaches working with high school boys in these sports. However, because activities such as inter-school scrimmages are being held prior to the close of school, questions are raised with regard to the liability and responsibility of the schools involved. Member schools may not, according to CIF, SS, regulations, be responsible for teams entering or competing in summer competition such as this outside of the season of the sport. This includes payment of entry fees, use of equipment, transportation, insurance, etc. In order to attempt to avoid the recurrence of

(Continued on Page 5)

COMMITTEE MINUTES

(Continued from Page 4)

the problems related to these types of incidents, the Committee moved, seconded, and passed to change the allowable starting date from June 1 to the close of school" for unofficial summer activities in all CIF, SS, sponsored sports (except football).

17. COMMITTEE REPORTS.

a. **Girls' Athletics** — Alex Alexander, Chairman, Girls' Interscholastic Athletics Advisory Board, reported to the Executive Committee concerning the progress of the organization of the girls' division of the CIF, SS. Invitations will be sent to all secondary schools in the CIF, SS, in September to invite them to join as charter members of the girls' division for competition in the following sports: badminton, basketball, field hockey, gymnastics, softball, swimming, tennis, track and field, and volleyball. Membership would be on a voluntary participation basis, and schools could join either as members of existing girls' leagues or as free lance teams. Regulations will be developed for the nine approved sports, and invitational championship tournaments will be scheduled for some of the individual sports (tennis, swimming, gymnastics) during the 1971-72 school year. The Executive Committee was requested to budget an appropriate amount to underwrite the organizational costs of the girls' program for next year in order to avoid any increase in membership dues until such time as the program becomes more effectively established.

b. **Releaguing** — The Commissioner informed the Executive Committee of the status of releaguing for the 1972-73 school year. He indicated that a new system had been adopted for the first time whereby separate bulletins were prepared for each geographical area of concern for releaguing purposes and sent to all affected schools in order to provide them with necessary information. An open meeting will be held on Monday, September 20, 1971, at 3:00 p.m. at the CIF, SS, Office to allow all concerned parties to express their views to the Releaguing Committee prior to presentation of recommendations for final approval to the CIF, SS, Council at its meeting of September 25, 1971.

c. **Crowd Control.** Richard Cordano, Chairman, Crowd Control Committee, discussed with the Executive Committee the program format for the crowd control clinics scheduled for CIF, SS, member schools on September 2 and 7, 1971.

He also informed the Committee that Southern Section representatives had been requested by the State CIF Federated Council to conduct this clinic in Modesto, San Diego, and San Francisco in the fall for the benefit of other CIF sections.

18. FINANCIAL REPORT AND PROPOSED BUDGET.

Treasurer Lee presented a preliminary financial report for the 1970-71 fiscal year indicating income and expenditures for the period. Although all bills had not yet been processed, expenses were as anticipated; however, revenue had been markedly improved due to the success of football and basketball playoffs, and the final report will show a slight net gain in addition to covering the cost of the recently-completed addition to the CIF, SS, office building and the net loss incurred from the office burglary of September, 1970. The Treasurer then presented a proposed budget for the 1971-72 fiscal year. Following discussion of each item of expense, it was moved, seconded, and passed to approve the financial report and adopt the proposed budget. Upon completion of the auditor's report, the Commissioner will prepare copies of the financial report for distribution to principals of all member schools.

FOOTBALL RULES CHANGES NOTED

Two rules changes involving the goalposts highlight the list of 13 rule differences from the 1970 football rules listed in the 1971 National Federation rule book.

The decorating of crossbars or uprights above the crossbar with any material is prohibited. Also the goal is near five and a half feet wider (23 feet, 4 inches) at the crossbar, with the distance between the outside edges of the uprights not to exceed 24 feet.

Rule differences:

1-2-7: Specifies the length of the crossbar and where height is to be measured.

1-2-8: Prohibits the use of decorative material on the crossbar and uprights above the crossbar.

2-1-2: Correlates definition of player possession with definition of catch.

2-3-1: Defines a catch as the act of establishing player possession of a live ball in flight and includes definitions of interception and recovery.

2-3-2: Specifies that a fair catch must be made beyond K's line and between the goal lines.

2-3-4: Defines a simultaneous catch or recovery as one in which there is joint control of a live ball by opposing players inbound.

2-28: Defines spearing as deliberately and maliciously driving the helmet into a player after his forward progress has been stopped.

3-1-2: Provides for shortening a period or periods in any emergency at any time by agreement of the opposing captains and the referee.

3-1-4: Authorizes the crew of officials to suspend a game when weather conditions are construed to be hazardous to life or limb of the participants.

9-1-3: Prohibits a defensive player from adding momentum to the charge of a teammate who is on the line of scrimmage by shoving him.

9-3-1i: Provides that whenever the ball becomes dead in possession of a runner, it is unsportsmanlike conduct for him to intentionally kick it, spike it into the ground, or throw it into the air or from the field of play, or fail to place the ball on the ground or return it to a nearby official.

9-6-1b: Permits coach-player conferences during the intermission between the 1st and 2nd, and 3rd and 4th periods.

10-2-4: Provides that when a dead ball foul follows a down during which there was a double foul, penalty for dead ball foul is separately administered.

19. COMMENDATION, STATE TRACK MEET. The Executive Committee commended the Commissioner and the other members of the CIF, SS, staff for their outstanding management and the success of the recent State CIF Track and Field Meet hosted by the Southern Section at UCLA on June 4-5, 1971.

20. DATES AND SITES FOR EXECUTIVE COMMITTEE AND COUNCIL MEETINGS. The September meeting of the Executive Committee will be held on Thursday, September 16, 1971, at 3:00 p.m. at the CIF, SS, Office, and the fall meeting of the CIF, SS, Council will be held on Saturday, September 25, 1971, at Arcadia High School.

21. ELECTION OF CHAIRMAN. It was moved, seconded, and unanimously passed to re-elect Steve Milechich as Chairman of the Executive Committee for the 1971-72 school year.

There being no further business to come before the Committee, the meeting was adjourned at 4:00 p.m.

Respectfully submitted,
Thomas A. Morgan
Administrative Assistant

Approved:
J. Kenneth Fagans

SERVICE

(Continued from Page 2)

pals and vice-principals) and district superintendents who have questions regarding eligibility, relegating, play-off divisions, policy matters, etc. should call commissioner Fagans. His secretary is Mrs. Royce Wild.

When making a call, the services the CIF, SS is ready to provide, will be obtained much more efficiently if one's call is directed properly. Normal business hours run from approximately 7:45 a.m. until 4:45 p.m. The staff takes staggered lunch hours which run generally from noon until about 1:30 p.m.

LADIES

(Continued from Page 1)

"The intent of the CIF, SS-sponsored girls program is to take advantage of all existing leagues' experience and provide for them an administrative organization which would offer overall coordination of girls interscholastic athletics in the Southern Section commissioner Fagans commented.

Initially accepted were nine sports: badminton, basketball, field hockey, gymnastics, softball, swimming, tennis, track and field, and volleyball; whose approval was based on results of a participation survey taken.

It is probable that competition in individual sports of swimming, tennis and gymnastics could take place during the current school year, although this season is an organizational one, chairman Alexander pointed out.

Present state CIF by-laws and Division of Girls and Women's Sports regulations will apply and be incorporated into CIF, SS by-laws.

KICKOFF

(Continued from Page 1)

Pasadena move from Foothill to Pacific.

For football, the only divisional change (other than the addition to the Ocean in AAA) is the move of the Irvine League to AAAA play. Cross Country will be divided again, basically by league enrollment (although AAA defending champion Lompoc has requested to move to AAAA).

The water polo bracket will be increased from 24 to 32 teams this season, allowing for a full first round set with no byes.
