of the Year for 78*

WILSON'S (HH) JILL STERKEL

MESSAGE FROM THE PRESIDENT

TONY BALSAMO
Principal Apple Valley HS

First let me say that it is an honor and a privilege to be your president. It was the highlight of my professional career when you chose me for this distinguished position. With this honor I also know that many decisions will have to be made I can assure you that they will be made for the betterment of our young men and women in the CIF-SS.

I can probably describe my athletic philosophy by relating to you excerpts from a speech I heard many years ago and which I have used over and over again, and with Proposition 13, I pass it along to you. I want to plead guilty to emphasizing athletics, not only at Apple Valley Senior High School, but wherever my influence may do some good. It is unworthy of a district to have an athletic program and then slight it, belittle it, or treat it as a necessary evil. If a district considers such a program evil, then it has a moral obligation to make an attempt to abolish it. If it is thought to be worthy as part of the overall high school program, then it should be treated with respect and dignity and completely supported. It is completely within the great American tradition to have a burning desire to win. It would approach the ludicrous for us to advise our students majoring in business not to strive for success. They would doubt our genius as educators if we were to say, "It makes no difference whether you go bankrupt; the important thing is to become involved." You men in communications should hammer home to the American public that the good athlete today does not ask for special consideration. He can make his own way. He does so moreover in the face

(Continued on Page Seven)

MINUTES OF THE CIF-SS EXECUTIVE COMMITTEE MEETING June 19, 1978

The Executive Committee meeting of the Southern Section of the California Interscholastic Federation was called to order by Chairman Tony Balsamo at 10 a.m., Monday, June 19, 1978. All members were present with exceptions of Steve Militech, Ted Gossard and Dr. Richard Cordano.

1. APPROVAL OF MINUTES: It was moved, seconded and passed to approve the minutes of the Executive Committee meeting of April 27, 1978 as published in the June issue of the "Monthly Bulletin."

2. GIRLS' ATHLETIC DIRECTOR UPDATE: Mrs. Barbara Wilson, representative to the Executive Committee, highlighted areas dealing with Girls' athletics, noting the increase of men coaching Girls' sports; the successful and just concluded spring play-offs; an increase in spectator participation; and information relative to the proposed State volleyball championships.

3. BOYS' ATHLETIC DIRECTOR UPDATE: Mr. Clyde Francisco, representative to the Executive Committee, highlighted areas dealing with Boys' athletics, noting positive comments relating to the spring play-offs; and the questions arising from the passage of Proposition 13 relative to summer activity and fall programs.

4. ATHLETIC ADMINISTRATORS SYMPOSIUM: Mr. Ray Plutko, administrative assistant, reviewed with the Committee, current plans and the proposed program for the upcoming Athletic Administrators Symposium, scheduled October 10, 1978, under sponsorship of the CIF-Southern Section.

5. TREASURER'S REPORT: Mr. James Faul, treasurer, presented a general overview of the 1978-79 budget and an additional workshop scheduled in August for any final updating, if necessary.

6. STATE REPORT: Mr. Tony Balsamo, representative to the State Federated Council, reviewed with the Committee items from the just concluded State meeting with any further discussion pending receipt of the official minutes.

7. CALENDAR DATES FOR 1978-79: It was moved, seconded and passed to adopt the proposed calendar dates for 1978-79, with an additional meeting of the Executive Committee scheduled for August 21, 1978 at the CIF-SS Office.

8. PERRIS HIGH SCHOOL APPEAL: Discussion was held relative to an appeal by Perris High School for

waiver of the residency rule, Article XI, Section 11a, as it pertains to varsity competition. Following discussion it was moved, seconded and passed to sustain the decision of the Office, denying the appeal.

9. FONTANA UNIFIED SCHOOL DISTRICT REQUEST: It was moved, seconded and passed to approve the annual request of the junior high schools from the Fontana Unified School District to start their 1979 track and field season February 1, 1979 in order to facilitate scheduling in an all junior high school league.

10. EXECUTIVE COMMITTEE AREA REPRESENTATION: It was moved, seconded and passed to adopt the Executive Committee area representation for the 1978-79 school year as presented.

11. STATE FEDERATED COUNCIL REPRESENTATION: It was moved, seconded and passed to approve the appointment of Barbara Wilson as an at-large representative to the State Federated Council, replacing outgoing member Ferren Chrisentsen, effective with the fall term of the 1978-79 school year.

12. SO. CAL. FOOTBALL OFFICIALS ASSOCIATION REQUEST: It was moved, seconded and passed to maintain the present policy with reference to the selection process in the awarding of lifetime passes.

13. FOOTBALL PLAYOFF DATES: It was moved, seconded and passed that the Executive Committee support a concept of conference football playoffs on alternating Friday and Saturday evenings to alleviate a conflict of facility usage and to enable fans in a given area, to see more than one

contest, especially when schools are from the same league or district. It was further moved, seconded and passed that the item be referred to the Council by the commissioner.

14. MELODYLAND HIGH SCHOOL REQUEST: It was moved, seconded and passed to deny the request of Melodyland High School to compete in the area of track and field, tennis, volleyball and basketball outside the season of sport with reference to proposed competition in Texas for the upcoming school year.

15. FOOTBALL CONDITIONING PERIOD: It was moved, seconded and passed to approve an increase in the optional football conditioning period from three (3) to five (5) days for the 1978 season only, with a strong recommendation from the Executive Committee that member schools take advantage of the extra time due to the lack of programs over the current summer months, normally offered by way of summer school classes.

17. OUTSIDE COMPETITION RULE: It was moved, seconded and passed to equalize like and comparable sports with reference to the outside competition rule in the areas of Boys' and Girls' volleyball and in the area of Girls' softball and Boys' basketball. In volleyball, the rule will now read, "A student with remaining eligibility may compete as an individual on a non-school sponsored volleyball team outside the high school season of sport during the school year as long as that team does not have on its roster more than two members who might later represent that player's school in volleyball." In the area of softball and base-

(Continued on Page Five)

NEW TREASURER

JIM FAUL JOINS EXECUTIVE COMMITTEE

JIM FAUL

Jim Faul, Principal at Wilson (Hacienda Heights) High School has been elected to the position of Treasurer of the CIF-SS Executive Committee.

A native of Rockford, Ill., Jim participated in football, basketball and track during his prep career and was a member of the Illinois State Championship basketball team in his sophomore year.

Moving to California, he attended Santa Ana College, where he played baseball and basketball. He moved on to the University of the Pacific on an athletic scholarship.

At UOP, he majored in physical education with a minor in social studies. He played basketball and football and studied under the legendary Amos Alonzo Stagg for one season.

After receiving his Masters Degree from UOP and doing graduate administrative work at Redlands University, the University of Colorado and Denver University, Jim took his first teaching assignment at Bishop High School in the High Sierras.

While at Bishop, he accepted his first coaching post and during his years at Bishop, he coached B football, varsity football and varsity baseball.

He moved to Banning High School as Director of Athletics, varsity football, basketball and track coach and in 1951 was named Coach of the Year in football.

Jim joined the La Puente Union High School District in 1954 as Dean of boys at La Puente High, coaching varsity football and varsity baseball at the same time. In 1955, his baseball team was runner-up in the CIF-SS playoffs.

He made the move to a full-time administrative position in 1956 when he took over as vice-principal at La Puente, a post which he held for two years until he was named principal.

He remained principal at La Puente until 1965 when Workman opened and he moved there to accept the principalship at Workman High School. After serving as principal at Workman for 8 years he took over the reins as principal of Wilson (Hacienda Heights) in 1973, his present position.

Jim and his wife Marjorie have three sons, David, Donald and Brian. His wife teaches elementary school for orthopedically handicapped children.

FEDERATION'S NEW KANSAS CITY HEADQUARTERS

Ground breaking ceremony for the new headquarters building of the National Federation of State High School Associations at Kansas City, Missouri, was held recently. The new \$1.39 million facility will be erected on four acres of land adjacent to Kansas City International Airport. The 33,000 square foot building will house the Federation's administrative offices, meeting rooms and printing equipment. Construction is scheduled to be completed in ten to twelve months.

The National Federation Executive Committee authorized relocation of the Federation's headquarters from its six year-old facility in Elgin, Illinois to a new facility at Kansas City, Missouri when it was found that a significant savings could be realized by re-building at Kansas City, rather than doubling the present 11,000 square foot headquarters in the Suburban Chicago area where construction costs are much higher. The new Kansas City facility will be three times the size of the Elgin facility, but will be constructed for not

even twice the cost of the sale price of the Elgin Building.

Significant savings in operational costs are expected after the move to Kansas City. The result will mean less expensive services and therefore the possibility of more services to state high school associations and individual schools.

The National Federation now sub-contracts the major portion of its printing, including the more than 2 1/2 million rule related publications it distributes each year. All of these publications will be printed within the new headquarters building.

More than 25 major meetings are held each year at the Federation's headquarters. This includes meetings of the committees which prepare the playing rules for 13 interscholastic sports, as well as national rule interpretation meetings attended by rules clinicians from the states which sponsor state and local rules meetings for high school coaches and officials.

IN MEMORIAM

The CIF-Southern Section sadly reports the death of Orange County Area Commissioner John McDonough. The 62-year-old resident of Santa Ana died July 10th, a victim of cancer.

Mr. McDonough has handled the assigning of Orange County Officials for the CIF for the last 23 years and was a 14-year veteran official in the NFL before retiring in 1974. After officiating for many years in high school athletics he started professional games with the AFL and moved to the NFL in 1966, he retired in 1974 with a leg injury. He also held the post of Commissioner of Officials for the World Football League. Mr. McDonough spent 31 years in Orange County Department of Education, retiring as Assistant Superintendent of Operations.

Serving on many commissions in Orange County, he also found time to be a very popular speaker at civic events.

We mourn the loss of this dedicated and inspiring man.

SCHOOL, COLLEGE ASSOCIATIONS ISSUE JOINT ALL-STAR STATEMENT

The National Federation of State High School Associations (NFSHSA), has joined the National Collegiate Athletic Association (NCAA), the National Junior College Athletic Association (NJCAA) and the National Association of Intercollegiate Athletics (NALA) in issuing a joint statement directed primarily to high school administrators to urge their assistance in discouraging participation in high school all-star games scheduled during the academic school year.

The statement was prepared in the light of the recent increase in high school all-star games and is intended to publicize the concern of each organization for the problems created by these contests.

Following the text of the statement: "The National Federation of State High School Associations, the National Junior College Athletic Association, the National Association of Intercollegiate Athletics, and the National Collegiate Athletic Association have prepared this statement to express the concern of each organization in regard to recent proliferation of high school all-star games scheduled during the academic year."

"Participation in these all-star contests has resulted in significant loss of class time for the student-athletes involved, creating situations in which the student-athlete may not meet reasonable attendance standards during his senior year in high school. As a result, these all-star games may interfere with the academic pursuits of the student-athletes, and could affect their academic eligibility to participate as college freshmen in intercollegiate athletics. Further, in some instances, these all-star games serve primarily to benefit the promoters of the contests."

Therefore, this statement has been adopted to encourage high school administrators to uphold reasonable academic and attendance standards for all students, regardless of their athletic interests.

"The inordinate loss of class time due to participation in high school all-star games is a problem which high school administrators can help to solve by enforcing attendance requirements. Such action is consistent with the objective of maintaining athletics as an integral part of the high school educational program."

"Accordingly, the NFSHA, the NJCAA, the NAIA and the NCAA urge the support of high school administrators to discourage participation in high school all-star games scheduled during the academic school year."
(Continued on Page Seventeen)

MEDICAL ASPECTS OF SPORTS

1977 SURVEY OF CATASTROPHIC HEAD AND NECK FOOTBALL INJURIES

For many years a concerted effort to reduce football injuries and fatalities has been put forth by many individuals and research groups associated with the athletic community. The main area of concern has been the steady increase of catastrophic head and neck injuries since the late 1950's. In order to alleviate this problem, these individuals and research groups have recommended several factors for consideration. These factors are as follows: (1) Improving physical conditioning programs with particular emphasis on the neck, (2) Changing coaching techniques when teaching the fundamentals of blocking and tackling, (3) Changing rules to prohibit use of the helmeted head as the initial point of contact when blocking or tackling (elimination of "butt blocking" and "butt tackling"), and finally (4) improving head protection.

In 1976 the football rules committees of the National Collegiate Athletic Association and the National Federation of State High School Associations changed their football rules to prohibit "butt blocking" and "butt tackling." It is an infraction of the rules to use the helmeted head as the initial point of contact when blocking or tackling. In order to determine the effectiveness of the 1976 rule changes, data on all catastrophic head and neck injuries as defined for this report are those injuries that resulted in a permanent paralysis (monoplegia, hemiplegia, paraplegia, quadriplegia) or death.

This report was compiled with the assistance of high school and college coaches, athletic directors, school administrators, physicians, athletic trainers, executive officers of state and national athletic organizations, sporting goods dealers and manufacturers' representatives, newspaper clipping services (one national and one state), and professional associates of the authors.

There were a total of 17 catastrophic head and neck injuries reported during the 1977 football season. Eight of the 17 reported injuries resulted in the death of the injured athlete, out of these eight fatalities six were high school athletes, one a college athlete, and one a sandlot participant. There were two additional fatalities reported, one the result of a ruptured intestine and the other caused by a blow to the chest resulting in a heart tamponade.

The remaining nine injured players were reported with varying degrees of

paralysis, and this group included six high school athletes, one junior high school athlete, and two college athletes. Follow-up continues on these athletes and much improvement in their overall health has been reported. In several cases dramatic reduction of paralysis has occurred with little or no residual paralysis, but in several other cases serious neurological deficit continues.

In reference to position played, it is interesting to note that eight of the nine injured athletes were listed as defensive players when injured. The remaining injured athlete was an offensive back, but he was injured while attempting to tackle an opponent when a pass interception occurred and thus became a defensive player. All nine of the athletes were injured when tackling or attempting to tackle the ball carrier.

Four of six high school players were injured while making or attempting to make a tackle in the open field, as opposed to the line-of-scrimmage, and two of these were on the kick-off team. A most unusual aspect of these four injuries is that three of them occurred when they unintentionally collided with a teammate while pursuing the ball carrier. Two of the athletes were injured after helmet-to-helmet contact with a teammate and the third athlete was bumped by a teammate and "flew through the air and his head struck the ground and hyperflexed his neck".

The preliminary results of this brief report demonstrate that the 1976 rule changes which prohibit use of the helmeted head as the initial point of contact in the execution of blocking and tackling have dramatically reduced the number of fatalities associated with catastrophic head and neck injuries. During the 1977 football season there were eight deaths resulting from head and neck injuries and eight is the lowest number of football head and neck fatalities to occur in the last twenty-five years.

The development of a football helmet standard by the National Operating Committee on Standards for Athletic Equipment (NOCSAE) has been an additional factor in the dramatic reduction of fatalities caused by catastrophic head and neck injuries. During the 1971-1976 period when NOCSAE played the major role in promoting football helmet safety, there was a 55 percent reduction in the annual foot-

(Continued on page Thirteen)

MINUTES

(Continued from Page Three)
ball, the rule will now read, "An individual with remaining eligibility may compete on a non-school sponsored team outside the individual's season of sport during the school year as long as that team does not have on its roster more than four members who might later represent that player's school in softball or baseball as it applies. Additionally, during a student's season of sport a member of a school baseball and/or softball team may not practice, work out, or tryout with an outside baseball or softball team until May 1, at which time the individual may tryout, workout, or practice on the outside team on Saturdays and Sundays only, until the end of the individual's school season of sport."

18. **BOYS' GYMNASTICS:** Discussion was held relative to the number of member schools conducting Boys' gymnastics as a recognized sport, a total which now numbers 25 or less. Following discussion it was moved, seconded and passed to cease Boys' team gymnastic playoffs as now being conducted, but to maintain the aspect of a team championship by awarding a CIF-SS trophy to the school accumulating the highest number of points at the Individual Gymnastics Championship finals.

19. **LEAGUE PLACEMENT:** It was moved, seconded and passed to approve the placement of Trinity Lutheran High School to the Omega League, effective the 1978-79 season as per petition by the school and the Omega League.

20. **STATE VOLLEYBALL CHAMPIONSHIPS:** Discussion was held relative to the recently approved CIF State Girls' Volleyball championships, scheduled for November of 1978. Following discussion it was moved, seconded and passed that no Southern Section representatives participate and that no participation be held in any newly proposed playoffs until the State develops a master plan with a concept of State championships in all Girls' and Boys' sports. It was further moved and seconded to deny Southern Section participation with the Los Angeles City Section relative to a Boys' post-season volleyball championship contest.

21. **SUPERINTENDENTS REPRESENTATIVE:** Discussion was held relative to the filling of the Superintendents' representative on the Executive Committee. Following discussion, it was moved, seconded and passed that a list of candidates be developed for screening and personal interviews to take place at a later date.

22. **NEW MEMBERSHIP:** It was

Servite High School, playing in the first 4A championship baseball game in its 20 year history, defeated Arcadia 6-1 before 7,082 fans at Anaheim Stadium.

The Friars were led by the three hit pitching of Mike Witt, and the hitting of Steve Buechele, Randy Day and Kevin Swift.

An added highlight of the game was Stu Stempniak of Servite who drilled a 1 and 2 pitch over the leftfield wall. The ball easily cleared the 370 foot marker — the first home run hit out of a major league ball park in a title game in the last six years.

In the 3A finale Mike Warren pitched a four-hitter and Dave Torres singled home the only run as the Fullerton Indians won the crown defeating Lynwood 1-0.

NEW MAGAZINE DESIGNED TO PROMOTE BETTER COMMUNICATION BETWEEN OFFICIALS AND COACHES

Have you ever given the officials who work your game a second thought? Do you and your coaches wonder about the calls officials make . . . and don't make?

No doubt you spend countless school dollars to keep your coaches fully informed . . . clinics, seminars, visual aids, etc. Many hours are spent in skull sessions trying to figure out what approach to use in the upcoming big game. But this is only part of the necessary preparation. What about the officials?

Officials are not just a necessary evil . . . they are an important part of any athletic contest. Your coaches can improve their overall perspective of the game by learning what makes officials tick . . . and that's where **REFEREE** can prove to be invaluable.

All too often players become sidetracked by concerning themselves with the officials and some calls they felt were bad. Coaches and players alike should learn how referees think and why they make the calls they do.

But . . . **REFEREE** doesn't limit itself to just officials. It has provided a

forum for both officials and coaches to discuss mutual concerns.

For example:

Guest editorial on the conduct of coaches, written by an Ohio high school coach.

Feature-length interview with Al McGuire, former coach of National Champion Marquette University.

"Thinking Right" — a definitive treatment of the human relations aspects of coach-official interactions. Over 125,000 reprints of this article were sent to officials and coaches all across the country.

REFEREE is unique . . . the only publication of its kind . . . breaking new ground with each issue. A recent issue carried an in-depth look at the legal liabilities which could confront both coaches and officials at any high school sporting event. Future issues are going to feature a series of columns on this very important topic.

Don't forget **REFEREE** gives up-to-date authoritative rule interpretations and if your school is now offering classes in officiating, **REFEREE** can be a powerful supplement to whatever texts you may be using.

For more information write — **REFEREE MAGAZINE** — P. O. Box 161 — Franksville, Wisconsin 53126.

MESSAGE FROM THE PRESIDENT

(Continued from page Two)

of long periods on the road while other students are back in their homes comfortably studying. I think he has a right to resent teacher-administrator who feels there is no place for the athlete on the campus. We must let our citizens see that we are not a group of prima donnas. We cannot continue to demonize the behavior of youth and the rise of juvenile delinquency when we make no effort to offer assistance in providing wholesome activities through athletic programs. Aggressive athletic programs have a place in every community. There need be no apology for our good athletic programs. The American people welcome them and in their hearts hope the emphasis will increase many times over.

I would be remiss at this time if I did not thank Past President Dr. Lou Joseph, the administrative staff, and all of you who made the 1977-78 school year the most successful in CIF history. Best wishes for a most successful 1978-79 school year.

1978 TRACK AND FIELD CHAMPIONSHIPS

A SUCCESS AS EIGHT CHAMPIONS CROWNED

It came down to the mile relay and Muir had to finish three places ahead of Pasadena to win the Boys' 4A track championship in the first ever CIF-SS all-divisional track and field championships held at Arcadia High School.

Tony Wells of Muir got the baton on the last leg of the relay in fourth place and moved into second place while Pasadena was unable to improve on its sixth place thus giving Muir the title with 54 points. Pasadena finished second with 51.

Other divisional winners were Garey in the 3A, Cajon — 2A and Los Angeles Lutheran a repeat winner in the 1A.

The Girls' 4A crown went to Crescenta Valley, a narrow winner over

Thousand Oaks and Muir. Crescenta Valley finished with 27 points while Thousand Oaks and Muir tied for second with 26.

The Garey girls' won the 3A championship to make it two for the day, while Cajon of Anaheim successfully defended the 2A title they won last year. The 1A Championship went to Orange Lutheran.

It was a day of records and Anthony Curran of Crespi and Greg Ernst of El Dorado both cleared 16-5½ in the pole vault to break the CIF-SS mark at 16-4½ held by Steve Smith of South Torrance in 1969 and Tim Hintnaus of Aviation in 1976.

In girls' competition eight CIF-SS records were set.

Individual State Champions from the Southern Section were Anthony Curran (Crespi) in the pole vault at 17-5; Mike Sanford (Pasadena) 100 yd dash 9.85; and 220 21.42; Jeff Nelson (Burbank) 2-mile 8:59.28; Milan Stewart (West Covina) 120 HH 13.97; Brad Harris (Los Alamitos) High Jump 6-11; and Charles Allen (LB Poly) 330 LH 36.58.

Girls' state titles went to Christy Pyle (Hoover) Discus 149-3; Kerry Swart (Crescenta Valley) shot put 45-11½; Arlise Emerson (Westminster) 440 54.3.

The performances by Curran and Emerson established new state meet records.

THOUSAND OAKS, ROBERT SMITH CAPTURE TOP HONORS IN CIF-SS GOLF

Thousand Oaks paced by Paul Dille's 68 won the CIF-SS team golf title by ten strokes with an overall score of 376 to runner-up San Marcos' 386 in the championship tourney held at Sandpiper Golf Course in Goleta.

Robert Smith of Redlands won the CIF-SS individual championship followed by brother Marty Smith, and Barry Conser of Agoura.

In SCGA-CIF team play, Mike Campagni of La Serna shot a 74-72 — 146 to win the title by one stroke over last year's champion David Games of Bellflower, while the SCGA team title went to Thousand Oaks.

Campagni went on to win the Cali-

fornia State Golf title defeating Chris Mills of Eureka on the final hole. Campagni finished with an 82 and Mills shot an 83 on the tough Pebble Beach Course.

TOP TEAM SCORES

1. Thousand Oaks, 376; 2. San Marcos, 386; 3. Dos Pueblos, 387; 4. Rolling Hills, 389; 5. St. Joseph, 390; 6. Redlands, 392; 7. Dana Hills, 396; 8. Claremont, 397; 9. Riverside Poly, 397; 10. La Canada, 398.

HUNTINGTON BEACH AND TUSTIN WIN GIRLS' GYMNASTIC HONORS

Huntington Beach, the 1977 4A team champion, repeated again in 78 as the Oilers out pointed Fountain Valley to win the 4A title 170.3 to 167.35.

The 3A crown went to Tustin scoring 150.65 points to 149.80 for runner-up Schurr.

The Huntington Beach trio of LeAnn Karasik, Ann McCabe and Lori Wright were all winners of the top three places in the individual finals. Karasik won the All-Around title, and finished second in vaulting and the floor exercise, McCabe was runner-up in the balance beam, and Wright was victorious in vaulting, balance beam, and floor exercise.

Winner of over 300 medals and ribbons LeAnn Karasik was selected as the gymnast of the year for 1978.

INDIVIDUAL FINALS

VAULTING — Lori Wright (Huntington Beach) 9.3; LeAnn Karasik (Huntington Beach) 9.25; Vickie Roach (Rolling Hills) 9.05.

BALANCE BEAM — Lori Wright (Huntington Beach) 9.0; Ann McCabe (Huntington Beach) 8.95; Kyra Spect (Burroughs) 8.85.

ALL AROUND — LeAnn Karasik (Huntington Beach) 34.95; Lisa Schnieder (Pacifica) 34.50; Judy Lunt (Pacifica) 34.05.

UNEVEN BARS — Teri Thomas (Edison) 8.9; Kyra Specht (Burroughs) 8.55; Judy Lunt (Pacifica) 8.55.

FLOOR EXERCISE — Lori Wright (Huntington Beach) 9.15; LeAnn Karasik (Huntington Beach) 9.05; Vickie Roach (Rolling Hills) 8.95.

BAD TIMES FORGOTTEN

It's more than coincidence that two articles on different subjects appearing in the March 12, 1978 edition of the **Richmond Times Dispatch** took note that interest in high school football preempted interest in the subjects which the articles addressed: city government corruption and the nationwide coal strike.

In an article about allegations of misconduct by city officials and police, Times-Dispatch writer Gary Robertson writes: "For a time last fall, Buena Vista's other problems were put aside as nearly all were caught up in the high school football team's drive toward an undefeated season and a state championship.

"Once the euphoria of football triumphs began to fade, it was back to bickering as usual."

In an article about the effects of the coal strike on the coal-dependent city of Norton, Times-Dispatch writer Bill McKelway writes: "The nationwide coal strike has offered few diversions for residents of this coal-dependent city in Wise County, one of the smallest in Virginia, but among them has been the fate of the Norton High School Black Raiders basketball team.

"As reporters looking into the impact of the strike queried people here last week they often found themselves interrupting conversations dealing with the basketball team."

These are but two examples out of the thousands which exist that document the claim that one of the most important values of the interscholastic program is that it provides communities with a rallying cause, a focal point for persons, interest and spirit, which can be used to make people forget bad times or direct people to support worthy projects.

Interscholastic programs can be the glue which holds a community together or molds and motivates a community toward a common purpose.

NEW FOOTBALL FILM AVAILABLE

"PRECISION FOOTBALL" provides a new dimension to the understanding of the rules. It is destined for coaches, officials, players and fans, and promotes emphasis in the following areas: scrimmage violations, pass interference, encroachment, free kicks, false starts, live and dead ball fouls, butt blocking, face tackling, clipping, batting the ball, running plays and passing situations. Contact Shirley at the CIF-SS Office to arrange a showing date.

1978 Mission Viejo Grils' Swim Team Jan Most Coach

MISSION VIEJO WINS THIRD CONSECUTIVE GIRLS' SWIM CROWN

Dawn Rodighiero set the tempo for the Mission Viejo Diablos with two national high school records (200 individual medley and the 100 yard breaststroke) in the girls' swimming finals held at East Los Angeles College.

Rodighiero's performance paced the Diablos to a one-sided team victory, with 218 points to 78 for South Coast League rival El Toro.

The championship meet saw every CIF-SS swimming record but one (50 free) broken, and in seven of the 11 events national high school marks were also bettered.

SWIMMING RESULTS

200 Medley Relay — Mission Viejo 1:48.62; Estancia 1:49.70; Foothill 1:53.47. CIF-SS Record and National Record.

200 Freestyle — Jill Sterkel (Wilson HH) 1:48.65; Jennifer Hooker (Mission Viejo) 1:48.69; Anne Tweedy (San Marcos) 1:49.30. CIF-SS Record and National Record.

200 Ind. Medley — Dawn Rodighiero (Mission Viejo) 2:05.93; Susan Bird (Miraleste) 2:07.68; Claudia Noakes (Mission Viejo) 2:07.74. CIF-SS Record.

50 Freestyle — Julie Williams (El Toro) 23.94; Denise Odenwald (Estancia) 24.72; L. McCraw (El Toro) 24.80.

Diving — Nancy Brunet (Royal) 437.15; Lucy Wardle (Miraleste) 393.20; Meyer (San Marino) 383.45.

100 Butterfly — Stephanie Hopper (Mission Viejo) 57.00; Stephanie Porter (Mission Viejo) 57.53; Mayomi Yokoyama (Royal Oaks) 57.88. CIF-SS Record.

100 Freestyle — Jill Sterkel (Wilson HH) 50.22; Tracy Cook (Estancia) Julie Williams (El Toro) 51.53. CIF-SS Record and National Record.

500 Freestyle — Jennifer Hooker (Mission Viejo) 4:44.60; Anne Tweedy (San Marcos) 4:51.17; Diane Griebel (Mission Viejo) 4:52.44. CIF-SS Record and National Record.

100 Backstroke — Margaret Browne (Corona del Mar) 58.58; Christine Matulich (Rolling Hills) 59.94; Lauri Bethard (Villa Park) 1:00.39. CIF-SS Record and National Record.

100 Breaststroke — Dawn Rodighiero (Mission Viejo) 1:04.39; Tami LaVelle (Estancia) 1:05.98; Arlene Low (Poly Riv.) 1:07.29. CIF-SS Record and National Record.

400 Freestyle Relay — Mission Valley 3:31.35; El Toro 3:34.37; Wilson (HH) 3:38.48. CIF-SS Record and National Record.

TEAM SCORES

Mission Viejo 213; El Toro 79; Estancia 76; Miraleste 75; Wilson (HH) 65; Poly (Riv) 57; Sunny Hills 51; San Marcos 47; Corona del Mar 43; University 42; San Marino 41; Foothill 36.

CATASTROPHIC HEAD AND NECK FOOTBALL INJURIES

(Continued from page Five)

ball fatality incidence as compared to the previous six-year period (1965-1970) before the establishment of NOCSAE.

Collegiate and high school governing bodies, in cooperation with sports related organizations, continue their efforts to enhance and protect the health and safety of the athlete. When data indicate a dramatic reduction in football fatalities, as well as a reduction in catastrophic injuries, these efforts are rewarded.

FOUNTAIN VALLEY WINS BOYS' GYMNASTICS TITLE

Thirteen years ago Fountain Valley's gymnastic coach Les Armstrong was an outstanding gymnast at Millikan. Armstrong showed he hasn't forgotten what his former coach, Fred Bellmar, taught him, as his team won the CIF-SS boys gymnastics title beating his alma mater.

Fountain Valley rolled up 150.03 points to beat Millikan (146.73) and Westminster (145.60) in the finals held at Marina High School.

INDIVIDUAL FINALS

FLOOR EXERCISE — Jess Garcia (San Gabriel) 9.105; Steve Rico (Santa Fe Springs) 8.85; Norm St. Jean (Westminster) 8.70.

POMMEL HORSE — Steve Loeffler (Lake-wood) 7.95; Les Yee (Alhambra) 7.70; Andy Valdez (Pasadena) 7.70.

RINGS — Steve Rico (Santa Fe Springs) 8.65; Guy Danner (Rowland Heights) 8.60; Dave Kiepert (Antelope Valley) 8.40 and Richard Byrnes (LB Wilson) 8.40.

VAULTING — Gary Bohay (Fountain Valley) 9.25; Gary Hopkins (Millikan) 9.05; Gil White (Pasadena) 8.85.

PARALLEL BARS — Leonard Gallegos (Montebello) 8.90; Bob Coryell (Millikan) 8.75; Steve Rico (Santa Fe) and Kirby Real (Santa Fe) 8.65.

HORIZONTAL BAR — Jim Watson (Millikan) 9.25; Gary Hopkins (Millikan) 8.75; Tom Bender (South Hills) 8.70.

ALL-AROUND — Steve Rico (Santa Fe) 49.25; Gary Hopkins (Millikan) 46.25; Steve Carlson (Millikan) 46.15.

— COVER PHOTO —

A world-class swimmer since 1976, Jill Sterkel, born in Los Angeles on May 27, 1961, was an Olympic Games medalist at Montreal in 1976, at the age of 15. Jill was a member of the USA 400-meter freestyle relay team which established a world record of 3:44.82.

In 1978, Jill established the CIF-SS records in the 100-yard freestyle (50.22) and the 200-yard freestyle (1:48.65). Additionally, she currently holds the National High School records in the 50 freestyle (22.99), 100 freestyle (50.53) and 200 yard freestyle (1:58.65).

She was cited as CIF girl swimmer of the year for three straight years, 1976-1978.

4A TITLIST EL SEGUNDO

2A HONORS APPLE VALLEY

3A CHAMPION LA QUINTA

1A WINNER ONTARIO CHRISTIAN

SOFTBALL CROWNS FOR 1978 TO EL SEGUNDO LA QUINTA, APPLE VALLEY AND ONTARIO CHRISTIAN

Behind the pitching and hitting of Terri Young, the El Segundo Eagles won the 4A softball title with a 1-0 win over Downey before 1080 spectators at Goldenwest College. Young was 3 for 4 while teammate Jill Dougherty had three hits in three trips to the plate.

El Segundo finished the season with a 18-6.

In the 3A preliminary game La Quinta stopped Garden Grove league rival Los Amigos for the third time this season with a 3-0 victory. With a record of 23-2 the Aztecs finished the season with one of the best overall records.

In the afternoon session at Goldenwest, Apple Valley scored all the runs they needed in the first inning to capture the 2A Crown with a 3-1 win over Royal Oak. Coach Sue Birdsall's squad finished the season with an 18-6 record.

The opening game of the day saw Ontario Christian defeat a young Don Lugo team 2-1 in eleven innings. The Knights scored the winning run on a two out single by Ann Rademaker scoring Helene Haringa who opened the eleventh with a base hit.

The Knights finished the season with a 16-5 over-all record.

SAN MARINO, LA HABRA WIN TITLES

FOURTH CIF-SS TENNIS CROWN FOR CORONA DEL MAR

Corona del Mar won its fourth straight Boys' Tennis championship defeating Rolling Hills 21½-5½.

San Marino won the 3A title for the second year in a row, beating La Quinta 15-9, while last year's 2A runner-up La Habra defeated Hemet 19-9 to gain the crown.

In the individual singles Mike Falberg of Santa Barbara defeated Tim Geiler of La Mirada 6-2, 6-1 in the title match.

The doubles championship was won by Corona del Mar's No. 1 team of Danny Saltz and Craig Thomas who defeated teammates Kevin Forbes and Greg Washer 6-4, 6-2. . .

WHO'S WHO BOOK CAN BELITTLE ACHIEVEMENT

Who's Who Books which have taken the money of ordinary students, athletes, musicians and teachers, have often been criticized by educators as rip-offs. A **Wall Street Journal** staff reporter, Lawrence Wade, joined in that criticism with an article which appeared in the February 27, 1978 **WSJ** under the title "Who's Who Books Give Instant Status to Ordinary People".

There are 450 or 500 biographical reference books on the market according to the Library of Congress and reported by Wade. They list people from the prominent to the obscure. One publisher puts out 27 different Who's Who titles, one of which is a two-volume set selling for \$79.00.

The gimmick is to list anybody and everybody for something or other and then get most of the anybodies and everybodies to buy the book which lists their names. Sometimes the desire for profit cuts into the desire for authenticity, as these two examples by Wade point out:

"About three years ago, for example, Jim Scoggins, the sports editor of

the Yakima Herald-Republic, a newspaper in Washington, grew tired of getting letters from parents accusing the paper of ignoring their children who, they claimed, were star athletes. On checking, Mr. Scoggins found that their claim to star status was that they were listed in a book called "Track and Field Athletes of the Year". To make his point that this inclusion was hardly a mark of success, he sent the names of three decidedly unathletic reporters to the publication. Their names were included in the book's next edition."

"An even more whimsical example is given by Gilbert R. Weldy in his book "What's What With Who's Who," which examines the reference-book industry. Mr. Weldy tells of a Nebraska high school principal who submitted the name of his dog, Judy Craindox, to a book that listed outstanding American secondary educators. The biography also listed the name of the person who had nominated the entry: It was IMA DOG."

The moral: He who's who need not buy who's who to find out who he is.

1978-79 NIAAA MEMBERSHIP DRIVE UNDERWAY

The National Interscholastic Athletic Administrators Association membership drive for 1978-79 is now underway.

The NIAAA Membership Committee, chaired by Jim Dutcher of Billings, Montana, and various state athletic director associations have been actively encouraging new members. Their efforts have been reflected by the growing tally of early registrations.

New memberships represent fifty percent of the membership applications received thus far by the NIAAA.

Over 1,000 members joined the NIAAA in its initial year in 1977-78. If the ratio of new memberships and renewals remains constant, over 2,000 athletic directors will become members of NIAAA during 1978-79.

Regular membership is open to anyone employed by a school or school district in the United States and who is responsible for the administration of interscholastic athletics.

Associate membership is open to any individual employed by a school or is a member of an organization which is involved in some phase of school administration, is an athletic director in a school in a foreign country, or is a student or instructor in the athletic administration curriculum of an institution of higher education.

The annual meeting of the NIAAA is held in conjunction with the Nation-

al Conference of High School Directors of Athletics sponsored by the National Federation of State High School Associations. The 1978 Conference will be held in Louisville, Ken., December 10-13.

Those interested in receiving further information on NIAAA membership should contact: National Interscholastic Athletic Administrators Association, P.O. Box 98, Federation Place, Elgin, Illinois 60120 or phone 312-697-4105.

moved, seconded and passed to grant regular full membership to Calvary Christian High School (Compton) and Bishop Conaty High School (Los Angeles) effective the 1978-79 school year. It was moved, seconded and passed to take no further action on the application of Heritage Christian High School (Glendale), pending further information.

23. FOOTBALL TIEBREAKER:

Discussion was held relative to the use of the tie-breaker system in football for league entry, not designation, into the post-season playoffs. Following discussion it was moved, seconded and passed that leagues may continue the option of utilizing the tiebreaker system for entry into the playoffs, but use of the system must be concluded by Saturday evenings of the last allowable regular season playing date in order that pairings may be conducted the following day with all information available.

24. JARVIS INITIATIVE PRO-

POSALS: Discussion was held relative to the recent passage of Proposition 13 and its possible effects on the membership at-large. Following discussion it was moved, seconded and passed to implement the following items so as to assist member schools financially during the upcoming 1978-79 school year:

A. VARSITY VS. ALUMNI BASKETBALL GAME: The CIF Southern Section Executive Committee has waived that part of Article XXXVIII, Section 6, Item B, which mandates that schools will be limited to 20 games, with Alumni Games mandated to count as one of the allowable contests. Thus, the Committee is approving, on a one year basis, a 21st game for both Boys' and Girls' basketball during the regular season (Dec. 1st on) for a **VARSIITY VS. ALUMNI GAME ONLY.** It is hoped that this Alumni Game would enable member schools to raise additional funds in support of their program.

B. CHARGING FOR FOOTBALL SCRIMMAGES: The Executive Committee has also waived, on a one year basis, Article XXI, Section 3, Part 6, which indicates that no admission be charged or donations accepted in order to solicit funds for interschool football scrimmages. Hopefully this will also enable member schools to benefit financially. It should be understood however, in order to use such an option, it must be agreeable to both principals, and since money is involved, a contractual agreement should be entered.

(Continued on page Seventeen)

FEDERATION ENDORSEMENT

The National Federation of State High School Associations, which for nearly 60 years has provided services for interscholastic activities programs with funds generated primarily by dues and rule book sales, has opened up a new avenue of funding — product licensing and endorsement — in order to expand its services for the ever-expanding activity programs of schools.

Masterplan Associates, Inc., has been designated the National Federation's exclusive licensor of quality athletic products and services.

Manufacturers are being encouraged to submit their products for the National Federation's consideration as either an "official" or "approved" product. All such products must meet National Federation rule specifications before licensing or endorsement fees will be accepted. They must also meet certain standards of quality, safety, economy, durability and other criteria.

"Official" National Federation Products will be authorized to carry the National Federation logo. National Federation Rule Publications will list the products which have been accepted by the National Federation.

Brice B. Durbin, Executive Director of the National Federation, stated in announcing the new policy in March: "We hope manufacturers will view this

as an opportunity to support the massive interscholastic community from which they have benefitted, and we believe schools will welcome the National Federation's effort to identify high quality, low cost products.

"We are putting a lot of energy into the licensing and endorsement program because we believe it will become a principal source with which to fund the increasing services which state high school associations and individual schools are requesting."

Two trademarks have been registered by the National Federation. One overlaps the National Federation's old logo — which remains in use — on a new circular logo which consists of a torch on top of the initials "NF" in bold red on a blue field inside concentric white, red and blue circles. The other trademark is the new logo with the "National Federation of State High School Associations" placed on the white circle.

The new trademarks may be used by advertisers and manufacturers only when authorized by the National Federation. The old logo of the National Federation may not be used by any advertisers and manufacturers, but will remain in use by the National Federation and its membership.

ed into in much the same manner as a practice game.

C. \$20.00 AWARD RULE: Recently, the State Federated Council approved an adjustment from \$10 to \$20 the limit for individual high school awards. Normally, all Sections would now make this adjustment. However, the Southern Section Executive Committee approved continuing the \$10 limitation in the Section for another year, in order to assist member schools maintain minimal costs in awards.

D. MEMBERSHIP DUES: Additionally, the Executive Committee has approved the deletion of the 8¢ per student dues for the 1978-79 school year, although retaining the \$10 sport

fee. This will have the effect of saving member schools close to \$50,000 next October when CIF-SS dues are to be paid. It is hoped this additional money can be put to other constructive use within the high school athletic program. The Section will attempt to make up the difference from present reserves in order to meet the 1978-79 budget.

E. OPTIONAL FOOTBALL CONDITIONING PERIOD: Additionally, although not a direct financial consideration, the Executive Committee has increased from three to five days (August 28, 29, 30, 31 and September 1), the **OPTIONAL** physical conditioning period prior to fall football practice. This has been done due to the wide-

MEETING DATES FOR 1978-79

The CIF Southern Section has adopted its working calendar for the upcoming 1978-79 school year and has arranged its sequence so that each Executive Committee meeting will precede all CIF-SS Council and State Federated dates.

To provide proper input, leagues are encouraged to schedule their meetings just prior to each Executive Committee date in order that the league may discuss current agenda items and be prepared to vote accordingly.

League secretaries are reminded they are to file a copy of their minutes with the CIF-SS office.

September 21, Executive Committee
September 28, Council
October 6-7, State Fed. Council
October 10, Athletic Dir. Symposium
October 28, Executive Committee
December 7, Executive Committee
January 13, Executive Committee (Releaguing)
January 18, Council
January 26-27, State Fed. Council
February 8, Executive Committee
March 15, Council
April 12, Executive Committee
May 3, Council
June 1-2, State Fed. Council
June 25, Executive Committee

ATHLETIC ADMINISTRATORS PLEASE NOTE . . .

In keeping with its philosophy of promoting professional growth for its membership, the CIF-Southern Section Office will conduct an **ATHLETIC ADMINISTRATORS SYMPOSIUM** as its major project for the 1978-79 school year.

The Symposium is scheduled for **October 10, 1978** at the Buena Park Convention Center and will feature a series of professional growth seminars, in addition to the keynote speaker, Dr. James Tunney.

There will be no cost to member schools, with boys and girls athletic administrators at each school strongly urged to participate.

Further information is being directed to the building principal.

ALL-STAR STATEMENT

NATIONAL
COACHES DAY
OCTOBER 6

COMPETITION:
AN EDUCATIONAL ASSET

The very lifeblood of our free enterprise system and our democratic way of life is the spirit of competition. Where else is competition taught in a more dynamic and realistic way than in the field of athletics?

Here the people who sit in the stands and the participants learn the real meaning of competition under stress and strain of emotional situations.

If we are to have quality education we must have excellence in the field of competitive athletics. The real exciting thing about the world of sports is its infinite potential for every competitive game, and in fact, every practice to teach values. When a student is competing in athletics, the student is taking part in an activity that is dynamic. Where else can we train the emotions of our young people as well as we can in a competitive activity?

Sports serve as a proving ground where our youth are tested and tempered under the intense heat and strain of fierce competition. Many of the values and character traits that are good can be instilled in a very meaningful way in each participant and, yes, even in the spectators.

Competitive athletics, just as many other areas of our democratic way of life, is highly dependent upon the integrity of the coach and the administration. Let us not forget, however, that just as competitive athletics are a powerful force for good when properly directed, competitive athletics may be a powerful force for evil when they are handled improperly. An important point is the attitude and leadership of the coach; and this is more often than not, dependent upon the leadership of the local administrator.

THE PROBLEM ATHLETE

In **ATHLETICS AND THE LAW** Guilford College Director of Athletics, Dr. Herb Appenzeller, describes "A new day in athletics," one in which "interest in athletics at levels, from little league to professional play, has reached unprecedented proportions."

"On the other hand," continues Dr. Appenzeller, "law and athletics are becoming synonymous as lawsuits are filed in alarming and record-breaking numbers. Athletes in locker rooms discuss such things as personal rights, due process, equal protection and the guarantees of the First, Fourth, Fifth, Ninth and Fourteenth Amendments."

It may not yet be true that high school athletes discuss legal matters in the locker room; but there is little doubt such discussions exist among collegiate and professional athletes and that legal awareness has precipitated to the interscholastic level.

High school athletes have read about Curt Flood, Andy Messersmith and others who sued Major League Baseball and about Oscar Robertson who sued the National Basketball Association. They've read about the National Football League Players Association's demands for better conditions and higher wages. Can we expect that high school athletes not be influenced by the actions of their idols?

But high school athletes are not under contract and do not belong to unions; so the rebellion is more subtle. They begin to challenge rules: first, perhaps, the dress code; then grooming rules; then sportsmanship standards.

Coaches may not even perceive the initial stages of rebellion. Then, perhaps, they see it, but ignore it. Finally, the situation is uncontrollable. The coach who did not demand adherence to the dress code is unable to demand prompt attendance at practice sessions. The coach who ignored tardy attendance finds he must ignore missed practice. And so on.

The kid is called a "problem athlete." But, really, is the athlete the problem? Perhaps there are problems surrounding the athlete which condition behavior which we call problem-some. Perhaps the athlete deserves little or none of the blame — at least until we correct the circumstances which create the problem athlete.

To begin with, we might remember that athletes learn character as they observe it in those who have authority over their lives; their parents, school administrators, teachers, coaches and officials. "Children do" to quote Joubert, "have more need of models than of critics."

Therefore, if we desire athletes to have respect for authority, then those who are in positions of authority must themselves display respect for authority for superiors, rules and the law.

Parents who speak disparagingly of their bosses, government officials, law enforcement officers and judges develop similar attitudes in their children.

School administrators who do not adequately supervise the conduct of teachers and coaches set the example for teachers' supervision of students and coaches' supervision of athletes.

Teachers who are lax in enforcement of school policies and procedures in the classroom, pave the way for lack of discipline on the athletic floor or field.

Coaches who circumvent rules and bait officials invite similar behavior from their athletes.

Game officials who fail to enforce the rules for some coaches and athletes encourage challenges to rules by all coaches and athletes, as well as spectators.

A revitalization of commitment by parents, school administrators, teachers, coaches and officials to display and demand respect for authority, would establish an environment at home, in the school and on the athletic field or floor which could combat the assault on authority to which young people are exposed during the remainder of the day. Then, with our own backyard clean, we can justifiably complain about the examples being set by some collegiate and professional athletes, coaches, and officials. Let us look in the mirror before casting the stone.

MINUTES

(Continued from page Seventeen)
spread deletion of summer school conditioning programs which heretofore had provided a proper conditioning base for young athletes before football practice in pads, and the Committee is strongly recommending the use of all five days. It is hoped that the additional two days will at least in part, be able to limit potential injuries. This will mean that these two days will be conducted under the same conditions (with the exception of the dates), as outlined in Article XLI, Section 9, of our rules.

There being no further business to come before the Executive Committee, the meeting was adjourned at 3 p.m.

Respectfully Submitted,
Ray Plutko
Administrative Assistant

APPROVED BY:
THOMAS E. BYRNES
COMMISSIONER OF ATHLETICS
