INNOVATION FOR HANDICAPPED MARKS
STATE TRACK MEET

The CIF Southern Section continues to work on its role as one of the leading organizations in the area of interscholastic athletics throughout the nation and it was even more apparent at this year's Track and Field Championships.

With a sellout crowd of 14,500 looking on, the Southern Section staged two races for handicapped students and each brought a rousing standing ovation from those in attendance.

Recently, the State CIF Federated Council initiated an advisory committee to further the enrichment and participation of the handicapped within our schools and the Southern Section was quick to respond at both its Southern Section championships and as host of the State Track and Field Championships held in Cerritos, as the pictures included will indicate.

PRINCIPALS, ATHLETIC DIRECTORS NOTE:
STATE CIF REVISES TRANSFER RULE

You are advised that effective July 1, 1981, the State CIF and all Sections will be utilizing the new residency transfer rule, which will be commonly referred to as Rule and Form 214.

The Rule was passed at the State CIF Federated Council meeting of June 5-6, 1981 and will now apply in cases of all transfers from private to private, public to public, private to public and/or private to public where a bonafide move has not taken place to a new attendance area.

We ask that you immediately destroy all Forms 99 that you may have on file as they are no longer applicable under the new guidelines and that any future requests for residential eligibility be made on Form 214.

"A student who transfers from school A to school B without a change of residence on the part of the parents or legal guardian from school attendance area A to school attendance area B shall be residentially eligible for all athletic competition, except varsity level competition in sports in which the student has competed in interscholastic competition during the 12 calendar months preceding the date of such transfer, provided the athletic eligibility is approved by both principals of the schools involved (approval must be granted on Form 214 and submitted to the CIF Southern Section Office for final approval).

The student shall be ineligible for all sports for one calendar year in the event that either or both principals decline to approve athletic eligibility. The student shall become eligible under the rule after one calendar year from the date of first attendance at school B. Each CIF Section shall establish rules and procedures to review an individual case in the event that either principal declines to approve such athletic eligibility, upon appeal by the student to the CIF Section. Each CIF Section may waive the ineligibility at varsity level provided the Section establishes rules and procedures regulating same. This rule also applies to students 18 years of age or older. (The above rule pertains to all public to public, private to private, public to private, and/or public to private under State Rule 214 effective July 1, 1981. The Southern Section will utilize its regular appeals procedure as noted in Section 12 and Article XX for consideration of waiver of Rule 214.)"

STATE FEDERATED COUNCIL REPORT

Editor’s Note: The following items are highlighted from the minutes of the June 5-6, 1981 meeting of the State CIF Federated Council in Buena Park and are included in an effort to assure our membership of current and forthcoming items of interest.

NEW VOTING REPRESENTATIVES - Approved by two-thirds vote of the State Federated Council, the following groups have been added as new voting representatives to the State CIF Federated Council: one representative from the California School Boards Association, one representative from the Association for California School Administrators, one from the California Superintendents Liaison Committee, each of the above representatives to have one vote. In addition, two representatives (one male and one female) from the State Athletic Directors Association with one vote and the California Coaches Association vote will now be split between a female representative and a male representative.

GOLF CHAMPIONSHIP PROPOSAL - Sections are asked to consider the elimination of golf as a State playoff activity for Boys and Girls with regional concept only to remain in effect.

MULTIPLE CLASSIFICATION OF SCHOOLS FOR STATE TEAM CHAMPIONSHIPS - Sections are asked to consider a multiple classification system to be established in State and Regional championship events involving team sports.

REGIONAL STATE CHAMPIONSHIPS - Sections will review the question as to whether State tournaments in track, volleyball and wrestling should be preceded by regional tournaments beginning 1982-83.

GIRLS’ STATE VOLLEYBALL TOURNAMENT - The State CIF Federated Council approved the staging of regional tournaments in Girls’ volleyball using a Northern California site and a Southern California site with two divisions of competition. The regionals will be held December 4-5, 1981 and the State Championship on December 12, 1981.

ALL STAR RULE PROPOSAL - Sections are asked to consider a deletion in the present All-Star Rule which would allow students in all CIF sports to participate in All-Star competition between the conclusion of their season of sport and September 1.

STARTING GUN REQUEST - It was requested the National Federation Track and Field Rules Committee consider giving permission for the use of a .22 caliber starting gun whenever a meet does not qualify for National Federation records recognition.

BALANCED SEASONS OF SPORT - The State CIF Federated Council adopted the following recommendation:

“Sections and/or leagues should set seasons of sport so they are balanced in such a way as to provide year-round equal opportunity for Boys and Girls participation. If Boys and Girls seasons are different for like sports and softball and baseball, intersectional competition and championship opportunity for Boys and Girls must also be equal.”

NEW STATE CIF “EXECUTIVE COMMITTEE” - As approved by the membership, the CIF Executive Committee shall consist of seven members from the Federated Council membership. The president, vice-president and past president shall be members of the Executive Committee. The other four members shall be elected at the annual meeting for a one-year term, and shall serve no more than three consecutive terms. No Section may have more than one of its representatives on the Committee. At least four of the members must be superintendents, assistant superintendents, high school principals, or members of a member school administrative staff. The Executive Committee may have such duties as are delegated to it by the Federated Council.

NEW BY-LAW FOR DISABLED - Students attending special schools for disabled may be permitted to compete as representatives of the CIF member school provided:
   (a) permission is secured from the CIF Section; and
   (b) approved by the appropriate Boards of Education; and
   (c) it is agreed that the administrative responsibilities for the student involved in athletics shall rest with the principal of the school for which the student is competing; and
   (d) the student is eligible under all other rules of the California Interscholastic Federation. (Note paragraphs 4, Rule 205, and paragraph (b) of Rule 206).

CIF TO MAKE STUDY OF STATE STRUCTURE - Approval was given to proceed with a study of the CIF structure and organization with possible recommendations for future modifications of voting representation. The Committee is to develop a time line for approval by the Federated Council at the October meeting.

GIRLS’ TRIPLE JUMP - The event was approved for inclusion at the Girls’ State Track Meet for 1982.
OF INTEREST TO JUNIOR HIGH SCHOOLS

During the past ten years the Riverside County Schools Office has initiated several tournaments for the 7th and 8th grade boys, as well as the 7th and 8th grades, in Riverside County. These tournaments lay a strong foundation of skills which can be further developed in the high school physical education and athletic program. Due to Propos.

13 and other cutbacks in recent years, these tournaments fill a void, especially when leagues were eliminated in some districts. The success of our tournaments belongs to the coaches, teachers and principals of the schools involved and their strong motivation and backing.

The goals of the tournaments are:

1. Use tournaments as vehicles to introduce new sports at the 5th and 6th grade levels, such as soccer, hockey, polo-polo and touch rugby.

2. Use tournaments to initiate a particular sport in the beginning of a season or as a culminating activity at its end of the season.

3. Ability grouping of the schools according to size and to their finish in the tournament in the preceding year. (Placing them in either Red, Gold, or Blue divisions.)

4. Use the officials from local colleges who are varsity players or are students from officiating classes.

5. Propose to give recognition to all teams and individuals that are participating with some type of ribbon or award.

6. Provide the individual schools with record boards of their achievements.

One of the areas of emphasis in 1981-82 school year will be the Southwest Dance, Movement and Aerobics Workshop, which will be held on May 7 and 8, 1982, at the new Raincross Square Convention Center in Riverside. The Workshop is aimed toward high school and junior high physical education and dance teachers. Areas emphasized are rock, disco, tap, country dancing, ballet, modern dance, and modern rhythmic gymnastics. This workshop is also for high school and junior high students (separate sessions for students) to contact Tom Edson, P.E. Coordinator, Riverside County Schools, P.O. Box 868, Riverside, California, 92502, for information on tournament set-ups and Southwest Dance Workshops.

SOUTHERN SECTION TO PARTICIPATE IN STATE VOLLEYBALL CHAMPIONSHIPS

For the first time in the three year history of the event, Southern Section schools will be permitted to accept an invitation to participate in the State CIF Girls’ Volleyball Championships.

Schools from the Southern California area have long been a dominant force with nearly 100% of our member schools playing. Girls’ teams in this population have traditionally been invited to the 1981-82 state playoffs in the Southern Section and are conducted in five classifications with single elimination style competition.

MR. BLINN TENNEY

NEW EXECUTIVE COMMITTEE MEMBERS

Mr. Blinn Tenney, principal of Central Union High School in Imperial Valley and Mr. Karen Hellyer, assistant principal at University High School (Irvine) are new additions to the roster of the Southern Section Executive Committee members.

The CIF-SS Executive Committee is the administrative body of the Southern Section. Responsibilities of the Executive Committee include enforcing all rules and regulations approved by the council of the CIF Southern Section, and the consideration of all questions related to a violation of such rules and regulations.

Blinn Tenney replaces retiring Don Conde on the Executive Committee and will represent the Desert Area. Tenney has had much experience with the CIF Southern Section coaching, football and track, as well as administration of the athletic program at Central HS as assistant principal. In 1978 Tenney was named principal at Central HS and has since served as his league’s representative to the CIF-SS Council. Tenney is married and has four grown children.

Karen Hellyer will replace Barbara Wilson as Girls’ Athletic Director Representative. Hellyer, currently girls’ athletic director at University High, began her career at Woodruff and later at Griffiths Junior High Schools in Downey then transferred to University High in 1973 as girls’ athletic director where she guided the girls program into CIF competition. Through her efforts, University girls’ sports have been recognized for its outstanding program, culminating this year with no less than three CIF championships (softball, cross-country and track field hockey).

Hellyer has been a member of the CIF Southern Section Combined Seasons of Sports Committee and the Officers Fees Committee. She has a masters degree and is currently completing work on her administrative credential.

714 LINE

In its continuing efforts to increase services to member schools, the CIF Southern Section Office has added a 714 telephone line, effective with the start of the 1981-82 school term.

The telephone number is: (714) 826-5930, which will complement the existing exchange of (213) 860-2414.

The addition will save an estimated $1,000 on the annual telephone budget for the CIF Southern Section, not to mention the individual school’s savings which will be accrued by calling on the 714 exchange.

We would encourage you to orient yourself in utilizing the proper area code for your specific school.

This is yet another aspect of the efficiency and services being served by the staff at your CIF Southern Section Office.

Athletic Directors Please Note:

COMPETITION OF CIF LOS ANGELES/SAN DIEGO SECTIONS

Southern Section schools are reminded that throughout the 1981-82 school year, competition against Los Angeles in Boys’ basketball and Boys’ volleyball is PROHIBITED, as well as competition against San Diego teams in Boys’ basketball and volleyball.

If your school has previously scheduled a game with these Sections in the above noted sports, you are urged to write your notice of cancellation. This ruling also pertains to any tournament outside of a Southern Section or any Southern Section traveling to a tournament in the Los Angeles or San Diego sections. All contracts previously agreed upon are by action of the State Federated Council to be considered null and void.

We recommend Southern Section schools utilize the games wanted service here at the CIF Southern Section Office to fill any voids in your schedule.

GIRLS’ VOLLEYBALL OPTION FOR 3 OUT OF 5 APPROVED

By CIF-SS Council action at the May meeting, Girls’ volleyball leagues may now opt to compete 3 out of 5 games in a tournament rather than 2 out of 3 as was previously the case. The 3 out of 5 game option is restricted to varsity only level with intermediate and junior varsity levels totaling 5 out of 9 of games. The 1981 CIF Volleyball Championships for Girls’ will be conducted using the new 3 out of 5 format.

SUPERINTENDENT-SCHOOL BOARD
SYMPOSIUM

The CIF-Southern Section announces a new three-year program with the National Athletic Health Institute, one which will be the foremost of its kind in the area of sports injury prevention throughout the United States. The Institute will be providing educational materials on the care and prevention of athletic injuries for all sports in each CIF-SS Sports Preview. The NAHI also plans to work closely with the CIF-SS to conduct regional sports medicine seminars. Topics, such as emergency care of fractures, lacerations, head and neck injuries, heat exhaustion, sprains, strains, taping, nutrition and drugs, will be covered.

“Of the most important aspects in the prevention of sports injuries is education of the individuals who are taking part in and supervising the activity,” says Dr. Robert K Kerlan (Co-Founder of NAHI along with Dr. Frank W. Jobe).
