## COMMISSIONER'S CORNER

### COMMITMENT TO SPORTSMANSHIP

By Stan Thomas  
Commissioner of Athletics

Having had the opportunity to attend the 1989 National Federation Convention in Florida, I would like to share with each of you—the coaches and administrators of our member schools—the theme for interscholastic athletics on a national level in the upcoming school year ... Sportsmanship.

The CIF Southern Section has demonstrated, on numerous occasions, sportsmanship at its highest level. Our partnership with the Los Angeles Dodgers and Adohr Farms in the annual "Shake for Sportsmanship" awards program is one of the country's most innovative and successful projects concerning the subject. There are many ways in which to interpret and exhibit the concept of good sportsmanship.

As we all know, the display of good sportsmanship in a winning situation is relatively easy. But the coach who loses, yet graciously demonstrates a cool head, maturity and good sportsmanship to the competitors, the officials and the spectators, is the most valuable asset interscholastic athletics can possess.

The simple ideal of any athletic contest is for all concerned to come away with a feeling that the game has been fairly conducted, providing either team (or individual) with an equal opportunity to win or lose. Taking it a step further, the object should always be to emphasize the positive values and maintain the integrity of sportsmanship.

In the CIF Southern Section, the ideal is quite eloquently spelled out in point No. 1 of the organization's long-standing Code of Ethics — "To emphasize the proper ideals of sportsmanship, ethical conduct and fair play". In the Blue Book, you'll find it right up front, on the inside cover.

As we embark upon another year of

### ON THE COVER

Two of the CIF-SS's most accomplished returning cross country runners in the upcoming 1989 season will be seniors Karen Hecox of South Hills and Bryan Dameworth of Agoura.

A year ago, both were individual winners in their respective divisions (Hecox, Girls Div. II and Dameworth, Boys Div. I) at the CIF/Reebok State Championships held in Fresno.

In track, Hecox has captured three-straight CIF-SS 2-A titles in the 3,200 meters, as well as two consecutive 1,600 meters titles. Dameworth, a two-time state cross country champ, has won the 1-A Division 3,200 meter title three straight years as well.

## REEBOK, COCA-COLA CONTINUE STATE-WIDE SUPPORT OF PREP SPORTS

Devoted to the growth and advancement of interscholastic athletics state-wide, Reebok and Coca-Cola will return for the 1989-90 school year as the CIF Southern Section's major supporting sponsor and major contributing sponsor, respectively.

"Reebok and Coca-Cola have provided the state's interscholastic athletic program with tremendous financial support," points out CIF-SS Commissioner of Athletics Stan Thomas. "Their partnership with the CIF has helped to make the total program of our section and state among the finest in the nation. We salute their dedication, encouragement and commitment to the youth of our country."

Reebok remains as the major sponsor of CIF activities, thus continuing to have its name incorporated into the official titling of all CIF championship events. In the Southern Section, that title may be joined by another sponsor of the section.

"Reebok is looking forward to working closely with the coaches and student-athletes of the CIF Southern Section again this school year," said Angel Martinez, International Vice-President, Business Development —

Reebok International Inc., Ltd. "We wish to extend our appreciation to all of the CIF-SS member schools for their continued support and cooperation."

Continued research and development by Reebok International will soon make the shoe company an integral part of the cleated athletic shoe industry.

"We are extremely excited about the introduction of our new soccer and baseball/softball footwear lines, which are scheduled for availability in retail outlets this coming January," added Martinez.

Coca-Cola has been a loyal Southern Section sponsor throughout the decade, and beginning in 1987, became a major contributor to interscholastic athletics state-wide.

"We at Coca-Cola are very pleased to play a supporting role with CIF Southern Section activities, which have done so much to help thousands of our youth reach their goals and aspirations," points out Al Hernandez, Manager of Marketing and Development, Coca-Cola Bottling Company of Los Angeles.

### TRANSFER ELIGIBILITY

With the start of a new school year, a number of questions are directed to the office with reference to transfer eligibility ... With this in mind, administrators are reminded of the following points:

- 1) If a student transfers to your school and the student is the only individual moving to a new residence, then chances are the student will not be eligible, and will probably fall under the provisions of Rule 214. The only time a student will be fully eligible is when there has been a bona fide change of address on the part of the student, his parents or guardians, and the change is made from one public school attendance area to another. When the student is the only one

If approved, this would be an appointed position for a two-year term.

interscholastic competition as a federation of member schools, let us all reaffirm the commitment to good sportsmanship. Following are some suggestions on how to make this happen:

Conduct in-service programs by school administrators and/or athletic directors to review: the responsibility of the players to opponents and the officials; the coaches' responsibility to players, student body and fans; how student-athletes can improve the game's atmosphere; crowd control planning; media relations; limitations of the seasons; the role and responsibility of the coaches and officials in the supervision of athletes.

Further suggestions: acts of good sportsmanship can be communicated through school bulletins, news releases, etc.; simple pre-game public address announcements can help to promote good sportsmanship throughout contests; the use of posters and banners to welcome opponents to create good feelings; a follow-up letter to your opponent to congratulate them on their high level of competitiveness and their demonstration of fair play as it relates to the CIF-SS Code of Ethics.

Let's dedicate all 1989-90 CIF Southern Section competition to the process and development of good sportsmanship. Stress this in your school and with all of your teams. High School athletics will benefit beyond any measure.

The beginning of a new school year brings with it the return of high school athletics' greatest annual drawing card, the football season. This fall, the CIF Southern Section celebrates its 75th gridiron campaign, with the official opening to the season set for the week-end of Sept. 7-9.

A total of 354 member schools will field teams that will compete for 58 league titles and 11 CIF-SS Divisional crowns (nine 11-man and two eight-man). The season will culminate with the Southern Section CIF/Reebok/Jack-In-The Box Football Playoffs, slated to open Nov. 17 (Nov. 10 for eight-man) and conclude with the annual championship weekend Dec. 8-9 (the eight-man finals are Nov. 24).

Out to defend their coveted CIF-SS football crowns will be Fountain Valley (Div. I), Antelope Valley (Div. II), Paramount (Div. III), Los Altos (Div. IV), Canyon SINGS (Div. V), Corona del Mar (Div. VI), San Marino (Div. VII),

Trabuco Hills (Div. VIII) and Carpinteria and Tehachapi (Div. IX co-champs). In the eight-man ranks, Brentwood (Large Div.) and Coast Christian (Small Div.) begin the season as CIF-SS title holders.

Of the approximately 34,000 CIF-SS student-athletes who will participate in the sport this season, some key returnees include: Tim Manning (DB), Trabuco Hills; Jeremy Smith (WR), Bishop Amat; Bobby Sylvester (LB), Fontana; Jack Manu (QB), Paramount; Mark Harper (RB), Santa Monica; Chris Sanchez (DE), Santa Barbara; Chris Anderson (OT), Warren; Todd Gragnano (QB), Los Alamitos; Bruce Walker (DT), Dominguez; Eric Zomalt (LB), Canyon Springs; Warren Johnson (DB), Corona del Mar; Tim Gutierrez (QB), Santa Clara; Napoleon Kaufman (RB), Lompoc; Rod Smalley (LB), Santa Ynez; Coley Candaele (QB), Carpinteria and Earl Rhodes (RB), two-time Eight-man Small Division MVP of Coast Christian.

## LIAISONS, NEW ASSIGNMENT PROCESS IN PLACE SECTION-WIDE FOR 1989-90

The process by which sports officials are assigned in the CIF Southern Section, which includes the employment of 10 area "liaisons", will be totally operational on a section-wide basis with the opening of the 1989-90 school year.

The new process, which was initiated in the Orange County area as a pilot program during the 1987-88 school year, was expanded last year to involve approximately half of the CIF-SS membership. The final stage to incorporate the section membership as a whole was completed this past spring.

"After extensive review and modification, the liaison concept for administering the coordination of officials' assignments is working well," notes CIF-SS Commissioner of Athletics Stan Thomas. "We are pleased to announce that it is one-hundred percent in place for the new school year."

The basic concept of the program is for the area liaison to provide a buffer between: member schools and the local officials' associations; the officials' associations and the CIF-SS Office; the schools and the CIF-SS Office where officiating is concerned.

"The key to the program is to provide the schools and officials' associations with a greater ability to conduct their daily business and solve their problems locally," continued Thomas. "The process provides a channel for specific inquiries and/or information dealing with officiating for both parties - a simplified and logical chain of communication."

From the officials' point of view, the new process gives the local associations in each sport the authority to "run their own store". The associations will make their own assignments independently, by whatever process they deem workable and efficient. It will also place an emphasis upon each of the associations to develop an improved evaluation process, in order to provide the best possible service for schools in their area.

"Officiating is a major component of any athletic program and it is tremendously important to our organization," said Thomas. "We will constantly be involved in working to improve our relations with the various associations, to help recruit new officials for their memberships, to assist in their instructional programs and to insure that our schools are in concert with their efforts. The bottom line is that we are all

working together with the best interest of our student-athletes in mind."

It is imperative for both the schools and the officials' associations to remember that the liaison is *not* an assinger. Rather, he or she is charged with the responsibility of collecting the athletic schedules of schools in his or her area, along with coordinating, communicating and conducting the business of sports officiating.

"We are pleased with the people who have been selected to this most important position," added Thomas. "We think that each has a strong

background in the combined fields of officiating and sports management, as well as a solid understanding of the policies, procedures and structure of the CIF Southern Section."

Listed below are the CIF Southern Section area officiating liaisons for the 1989-90 school year . . .

### RULE REVIEW

(Continued from page 3)

moving, a form 214 is required before eligibility, either unrestricted or restricted, can be approved. A transfer student falling under the provisions of Rule 214 **IS NOT ELIGIBLE** to participate until the 214 form has been processed by this office.

- At no time should transfer students be allowed to participate until transcripts have been reviewed by the appropriate school administrator. The incoming student could be scholastically ineligible, could have completed 8 semesters of eligibility, or, as in the case of a foreign exchange student, could have graduated or received a certificate of completion from a school in his or her home country. In each of these three cases mentioned, the students are not eligible, and any

contests in which they participated would have to be forfeited.

We strongly recommend that school administrators use the TRANSFER ELIGIBILITY CARDS provided in the fall school packets. We cannot emphasize enough that each and everytime a student transfers into your school, you must take every precaution to insure his or her eligibility. The use of an ineligible player not only affects the school and the team members, but it has an adverse affect on the community.

This office can guarantee that if school administrators will use our current eligibility cards, transfer students will be red flagged when transfer rules and regulations are questionable. A simple phone call to one of our administrative staff members will assist you with any concerns you might have regarding the transfer student in question. DO NOT leave anything to chance! Question each and every transfer student's eligibility!!

## CIF-SS EXECUTIVE COMMITTEE WELCOMES ABOARD FIVE NEW MEMBERS

Fr. William Brelsford

Ken Crow

Ray Monti

Richard Rameriz

Dr. James Fleming

The CIF Southern Section is pleased to announce the appointment of five new members to its Executive Committee, effective with the opening of the 1989-90 school year.

The new representatives include: Father William Brelsford, principal, St. Bernard High School; Ken Crow, principal, Hawthorne High School; Ray Monti, principal, Quartz Hill High School; Richard Rameriz, athletic director, Coachella Valley High School; and Dr. James Fleming, superintendent, Placentia Unified School District.

The Executive Committee is the administrative body of the CIF Southern Section. Its purpose is to enforce all rules and regulations approved by the CIF-SS Council and consider all questions related to violation of such rules and regulations.

Father Brelsford, who became the principal at St. Bernard High of Playa del Rey in 1988, has long been active in the administration of interscholastic athletics with the Catholic Athletic Association. Prior to accepting his current post, he served as principal at St. Monica High of Santa Monica (1980-88), as vice principal at Bishop Alemany High of Mission Hills (1976-79) and Bishop Amat High (1974-76).

A 1962 graduate of Bishop Amat, Brelsford went on to graduate from St. John Seminary College in 1962, was ordained at St. John Seminary in 1970 and received his M.S. in education at Mt. St. Mary's College in 1976. Brelsford will be the Private Area No. 1 Representative.

Ken Crow began teaching in the Los Angeles Unified School District at Olive Vista School in the San Fernando Valley in 1975, where he developed and taught in a creative program called HEART, an acronym for History, English and Art. As a first-year teacher, he was named Student Activities Coordinator and in 1977 was assigned as Grade Center Counselor.

In 1979, he was sent to Los Angeles Washington High under the Urban Classroom Teacher Program, where he taught social studies to grades 10-12. He assisted teachers with instructional techniques and was assigned the positions of Director of Activities and Administrative Assistant. Crow received the prestigious Los Angeles Unified School District Teacher of the Year Award in 1981. In 1983, he was promoted to an administrative position as Director of Activities in the Lynwood Unified School District, and in 1985 became the Dean of Students at Hawthorne High School, where he also served as summer school principal. He was elevated to his current position in February of 1988.

Crow attended the University of California at San Diego, where he played collegiate baseball. Following his graduation in 1974, he attended UCLA Law School before enrolling at Pepperdine University, where he received his Masters of Science Degree in 1979. Crow will become the new Bay Area Representative to the CIF-SS Executive Committee.

Ray Monti, who this past summer moved from Antelope Valley High to Quartz Hill High in Lancaster, has been active as a CIF Southern Section Council Representative since the opening of the 1987-88 school year. His career in education began at Paraclete High School of Lancaster in 1968, where he served as a teacher, coach and assistant principal.

In 1973, he moved to Palmdale High School as Director of Athletics. In 1977, he was appointed vice principal at Palmdale, a position he held until 1980, when he was named principal of Desert Winds Continuation School. In 1986, Monti accepted the position of principal at Antelope Valley.

Monti received his B.A. in political science at Occidental College in 1965 and his masters degree in education

administration from California State University, Northridge. He will serve the Executive Committee as the Desert Area Representative.

Ramirez has had extensive experience as both a coach and administrator. He began his teaching and coaching career 24 years ago at Coachella Valley High School, where he remains today.

His administrative experience at CVHS has included stints as Supervisor of Child Welfare and Attendance, Dean of Students, Director of Activities and Director of Athletics. Between 1978 and 1989, he served as the CIF Girls Coordinator for the Desert Valleys League.

A 1959 graduate of Coachella Valley High, Ramirez attended Riverside City College, where he played football for two years, and went on to Long Beach State, where he was a member of the 49ers' championship baseball team of 1964. He replaces Santa Barbara's Mike Moropoulos as the Boys Athletic Director's Representative.

Dr. Fleming joins the Southern Section Executive Committee as a result of being named the state superintendent representative on the CIF State Federated Council. He has served as superintendent of the Placentia Unified School District for the past two years.

During his career as an educator, he has served as superintendent of the Hemet Unified School District, assistant superintendent of the Tustin Unified School District, school principal in the Norwalk-La Mirada and Orange Unified Districts; and teacher in the Anaheim Union and Compton Union High School Districts.

Fleming holds a doctorate in school management from the University of Southern California, with an emphasis in administration, curriculum and instruction. A 1960 graduate of Pepperdine College, he received his Masters of Arts degree at Pepperdine in 1968.

The CIF Southern Section has once again joined forces with the Amateur Athletic Foundation of Los Angeles, to provide its member schools and their student-athletes with educational materials warning of the potential dangers of steroid abuse.

In each of the CIF-SS member schools' fall packets, the CIF-SS has included five copies of "Sports Devastated", a 16-page full-color brochure published by the AAF for the benefit of young athletes. Member schools have been instructed to distribute one copy each to the principal and boys and girls athletic directors, and two to the school library or another suitable place for student access.

The booklet contains information about anabolic steroids, whose short-term effects have tempted and destroyed so many ambitious and talented athletes. Along with the CIF-SS, the Amateur Athletic Foundation hopes a deeper understanding of the dangerous side effects of these drugs will help young athletes to make intelligent choices about their lives and their futures.

Featured in the booklet are the insights and comments of world-class athletes Evelyn Ashford, Dr. Terry Schroeder, Edwin Moses, Howie Long and Kareem Abdul-Jabbar. To a person, their message is clear to aspiring young athletes: stay away from steroids.

The Amateur Athletic Foundation of Los Angeles is the non-profit institution endowed with Southern California's share of the surplus from the 1984 Olympic Games. The Foundation awards grants to youth sports organizations, initiates its own regional youth sports programs and manages the Paul Ziffren Sports Resource Center, an extensive collection of films, videos, photographs, books, periodicals and other documents about sport.

In cooperation with First Interstate Bank, the AAF serves the Southern Section in organizing, selecting and honoring the annual All-CIF-SS teams in football, boys and girls basketball and baseball. The AAF has also joined forces with the CIF-SS in an exciting new coaching education program, which will conduct its first sessions this fall.
