The California Interscholastic Federation is pleased to announce the signing of a three-year sponsorship package with Pepsi-Cola Enterprises. Pepsi-Cola thus becomes the official soft drink of the CIF Southern Section.

The new contract with Pepsi-Cola will be worth \$600,000 over the next three years to the CIF state-wide. Through the 1992-93 school year, Pepsi will be granted "official sponsor" status in all CIF section, regional and state playoff and championship events.

"The CIF Southern Section welcomes Pepsi-Cola to its family of corporate sponsors in a major supporting role," said CIF/SS Commissioner Stan Thomas. "We are pleased to have the opportunity to promote Pepsi products in association with our program and deeply appreciate the company's financial contribution to interscholastic athletics. We look forward to a very successful and long-lasting relationship."

Further stipulations of the Pepsi contract call for the CIF state-wide to provide: an exclusive within the soft-drink industry; the name Pepsi or Pepsi-Cola be mentioned on all promotional material; the Pepsi logo on all championship program covers; a one-

COMMISSIONER'S CORNER

A NEW MEASURE OF SUCCESS

By Stan Thomas
Commissioner of Athletics

It has become a CIF Southern Section tradition for the Commissioner of Athletics to extend a hearty "welcome back" to all involved in our activities each new school year. The aforementioned phrase, that many will certainly lament (I too would like to see an extension of July) is directed to all of the people who make our organization work: the principals, athletic directors, coaches, and activities directors; the student-athletes themselves, the parents, the members of the media, the assigners, officials, et al.

I trust you have experienced a rewarding break and that you return relaxed, refreshed and eager to accept the challenges ahead. In our collective area of concern — interscholastic athletics — there are many ways to judge success or failure, accomplishment or stagnation. The least important, in my view, will be your won-loss record.

Don't misunderstand. Recognition for outstanding athletic achievement is one of the very hallmarks of this organization. A quick check of our all-time records, lists of champions and alumni athletes will underscore my belief that the finest high school competition on earth is right here in the CIF Southern Section.

But as this association enters its ninth decade, take a moment to reflect upon what we are really all about, what we are working together to accomplish, and what we attempt to promote each and every day; the values of good sportsmanship, fair play, maximum participation and a healthy life style for youngsters. I ask that in the coming school year, to judge your success, achievement and effectiveness based on these principles.

In the CIF-SS Blue Book, the "bible" of our organization, we state right up front — on the inside front cover, to be exact — our most important purposes. These are eloquently outlined in the "Cardinal Athletic Principles" and long-

SEVENTY-SIXTH GRID CAMPAIGN HIGHLIGHTS FALL SPORTS LINE-UP

Interscholastic athletic competition in the 1990-91 school year will get underway for member schools of the CIF Southern Section the weekend of September 6-8, the official opening of the fall season of sport.

Highlighting the fall activities will be the organization's 76th prep football campaign, along with competition in girls volleyball, boys and girls cross-country, water polo and girls tennis.

Competition in all sports figures to be particularly interesting this year, as CIF-SS schools enter a two-year cycle for league alignments and playoff groupings. The effect will be the creation of many new league rivalries and playoff matchups.

Most noticeable this fall will be the addition of a tenth 11-man football division, the sport's first playoff-grouping increase since 1978. Cross country will also have a new look, with the adoption of enrollment-based divisional championship competition, providing eight boys and girls team and individual champions. The intent of the new cross country set-up is to give the Southern Section better representation at the CIF/Reebok Stat Championship Meet.

Volleyball, cross country, tennis, water polo and eight-man football teams will con-

clude regular-season schedules by Nov. 3, with playoffs beginning the following week. Eleven-man football completes its regular season Nov. 10, with playoff contests scheduled to open Nov. 17.

ON THE COVER

Napolean Kaufman of Lompoc High School returns for his senior year as perhaps the CIF Southern Section's premier athlete. The 5-9, 165-pound speedster led the Braves to a 13-1 record and an appearance in the Division VII football finals by rushing for 2,954 all-purpose yards (2,182 rushing) and scoring a state-high 236 points on 39 touchdowns. For his efforts on the gridiron, he was named the division's most outstanding player. Last spring, Kaufman won both the 100 and 200-meter dashes and the long jump, in addition to anchoring the Braves' victorious 400-meter relay team, as Lompoc claimed the 2-A Division track and field title. To top it all off, he was the only boys' competitor to win two events at the CIF/Reebok State Track and Field Championships with another sprint double.

RULE REVIEW

TRANSFER ELIGIBILITY REVISITED

By Dean Crowley
Associate Commissioner

Many administrators and coaches of CIF-SS schools will recall that in this very column a year ago, the crucial subject of transfer eligibility was discussed.

Yet, the CIF-SS experienced several unfortunate incidents over transfer eligibility violations, three of which became major court cases. Where violations (use of an ineligible player) were discovered, contests had to be forfeited and otherwise deserving teams and athletes were left out of playoff activities.

For the benefit of all, administrators are

FORMER COMMISSIONER KEN FAGANS HONORED BY ORANGE COUNTY HALL OF FAME

J. Kenneth "Kenny" Fagans, who served as the third CIF Southern Section Commissioner of Athletics between 1954 and 1975, was inducted into the Orange County Sports Hall of Fame as a Lifetime Achievement Award winner during the organization's 10th anniversary celebration in July.

Fagans joins Gene Autry, Tommy Lasorda and Georgia Frontiere, among others, to receive the Orange County Lifetime Achievement Award. The award is presented to an individual who has demonstrated a life-long commitment to leadership in the sports community.

Fagans, honored this year by the CIF Southern Section in a pictorial salute on the cover of the Blue Book, is credited with bringing the organization of age during his illustrious 21-year career. Under his direction, the CIF-SS expanded from a relatively unknown entity of 218 schools, to an association of strength and respect, with a membership of 458 schools. With Fagans at the helm, the CIF-SS initiated the in-

terscholastic athletic programs for girls; built its present office complex in Cerritos; ushered in competition in several new sports; revised the structure and responsibility of the Executive Committee and Council; reorganized the process for training and assigning contest officials; and established new procedures for the seeding and pairing of championship playoff tournaments.

Prior to succeeding Bill Russell as Commissioner of the Southern Section, Fagans served as assistant principal and athletic director at Centennial High School in Compton. His background in athletic administration included 12 years as Commissioner of the California Collegiate Athletic Association and two years as Commissioner of the Pacific Coast Athletic Association (since renamed the Big West Conference). Fagans also worked for 10 years as a basketball official in the Pacific-Eight Conference (now known as the Pac-10). He officiated football, basketball and baseball for more than 30 years on the

FOUR NEW REPRESENTATIVES BEGIN EXECUTIVE COMMITTEE TERMS IN 1990-91

The CIF Southern Section Executive Committee welcomes four new members with the opening of the 1990-91 school year. The new representatives, appointed by vote of the CIF-SS Council last April, include: Donald R. Hagen, Principal, Canyon Springs High School; Edna D. Herring, Principal, Eisenhower High School; William R. McKinley, Jr., Superintendent, Whittier Christian High School; and Maureen Sanders, Principal, Paramount High School.

Don Hagen, who has been principal at Canyon Springs High since it opened in 1986, has been a high school administrator for nearly 20 years. He begins his second term as a member of the CIF-SS Executive Committee, having served for three years between 1975 and 1978.

After a six-year teaching stint at John Marshall High School in Los Angeles, Hagen accepted the position of vice-principal at Palos Verdes High in 1971. He served as vice-principal at both Palos Verdes and Rolling Hills High Schools until 1981, when he was named principal of La Canada High School.

A 1964 graduate of Occidental College, Hagen, an All-American baseball player, spent five years in the professional ranks with the Chicago White Sox and St. Louis Cardinals organizations. He received his M.A. at Cal State Los Angeles in 1971 and is currently working on his doctorate at United States International University. Hagen's position on the Executive Committee will be as the Citrus Belt Area Representative.

Edna Herring, who last June completed her first year as principal of Eisenhower High School in Rialto, marks her 20th year in education this fall. Prior to accepting her present position, she served as assistant principal at Victor Valley High School (1986-89), and as assistant principal in charge of discipline and attendance with the

Rialto Unified School District (1983-86). Her administrative career also includes spring and summer principalships at Victor Valley Junior High (1983) and Eisenhower High (1986).

Herring began a teaching career that included experience at the junior high, high school and community college levels in 1970. She has been an instructor in English, Spanish, language skills, drama, physical education and health.

A 1970 graduate of Bennett College (Greensboro, North Carolina), Herring received her Masters of Education degree at the University of San Diego in 1976. She has been appointed to fill the Executive Committee's newest position of Representative At-Large.

Bill McKinley has served Whittier Christian High School for 21 years, the past seven as superintendent. His tenure on the La Habra-based campus has also included service as vice principal, teacher and athletic coach.

In between, McKinley held the position of principal at Maranatha High in Sierra Madre for nine years. His career in education began as an instructor at Boone County (Kentucky) High School in 1960.

McKinley graduated from Bryan College (Dayton, Tennessee) in 1959 and completed his masters degree at Cal State Long Beach

in 1973. Throughout his career in Southern California, he has served the CIF-SS, having handled a wide range of assignments on various committees. McKinley will serve as the new Private Area Representative to the Executive Committee.

Maureen Sanders, principal of Paramount High School for the past two years, has long been active in CIF-SS affairs. She has served the organization as a member of the Executive Committee Nominating Committee (1981), on the Softball Playoff Committee (1982) and the Releaguering Committee (1990). She also served a six-year term as the Whitmont League Coordinator beginning in 1974.

Sanders' administrative career has included an eight-year stint at Santa Fe High. She began her teaching career at Whittier High School in 1971. In nine years at Whittier, she taught health, social problems and physical education, in addition to coaching tennis, basketball, softball and archery. The athletic-minded Sanders, who was an All-American archer in the mid-1960's, also became a state-rated basketball official between 1972 and 1977.

A 1971 graduate of Cal State Los Angeles, she went on to receive her masters degree at CSLA in 1976. She will serve as the new Coast Area Representative on the Executive Committee.

This is to include all activities such as conditioning, ten-day tryout period, weightlifting, chalk talks and/or films, "open gyms" and the opening of practice for any season of sport.

BOOSTER-CLUB ORIENTATIONS TO STRESS SPORTSMANSHIP, UNDERSTANDING

In an effort to improve the level of sportsmanship, crowd control and general understanding of the purpose and function of the administrative body for high school athletics among its member schools, the CIF Southern Section will conduct a series of Principal and Athletic Booster Club Workshops this fall.

The workshops will be held at schools centrally located within seven geographical regions. All CIF-SS members schools are urged to have representatives in attendance—namely, the principal, athletic director and booster-club president—at the workshop to be held in its region (*see following schedule*).

Five major areas of concern will highlight the meeting agendas, including: the growing problems associated with high school athletics and the role of parent-booster clubs; the governance and function of the CIF-SS; litigation and high school athletics; CIF-SS/school/booster club relationships; and a question and answer period.

"The idea of the workshops is for our organization to reach out and improve communications and understanding between ourselves, the schools we serve and their communities," points out CIF-SS Commissioner of Athletics Stan Thomas. "We have initiated these sessions in the interest of improving the quality of our entire athletic program, with specific concern to the areas

of sportsmanship, spectator conduct and safety."

Following is a list of dates and sites for the upcoming Principal/Athletic Booster Club Workshops. For further information, contact Kay Larson at the CIF Southern Section Office, phone (213) 860-2414 or (714) 826-5390.

CIF-SS ADMINISTRATORS, TAIWAN ASSOCIATION IN INTERSCHOLASTIC ATHLETICS CULTURAL EXCHANGE

East met West at the CIF Southern Section Office this past June, with common interest in the business of interscholastic athletics as the topic of discussion. The CIF-SS Administrative staff caucussed with the Republic of China (Taiwan) Interscholastic Observation Group, 12 administrators and instructors representing the fledgling Physical Association of the Senior High Schools in the R.O.C.

The three-hour session included an exchange of ideology and practices among the two organizations. The CIF Southern Section purpose and function was discussed in detail, including its vast membership and geographic expanse, governance, the various sports offered, coordination of officiating, levels of competition, league and playoff structure and funding.

The Physical Association of the Senior High Schools in the Republic of China was founded in 1988, with stated purposes of handling the nation's high school sports activities, improving sports techniques, and promoting friendship among the nation's high schools. At the present time, all 407 senior high schools in the Republic of China are members of the organization, which administers just two sports—basketball and volleyball.

Under the guidance of the Ministry of Education, the Physical Association is organized much like the CIF, with a

General Meeting Council (representative of each member school), an Executive Committee of 25-35 members, a chairman and 1-2 vice-chairman, and a secretariat department headed by the secretary general, who controls three sections, namely, administration, sports arrangement and general affairs.

The group visiting the CIF-SS Office was on a fact-finding mission in the United States, which included visitations with the NCAA and National Federation of State High School Associations, both in Kansas City.

Heading the Taiwan delegation was Mr. David Jin, Specialist, Dept. of Physical Education & Sports, Ministry of Education. Acting as interpreter for the meeting was Mr. Ezra Chen, Special Assistant, R.O.C. Coordination Council for North American Affairs.

The CIF Southern Section wishes to express its appreciation to the Republic of China for its interest in CIF-SS activities. The CIF-SS also sends its best wishes for success to the newly formed Physical Association of the Senior High Schools.

Taiwan administrators during their CIF-SS visitation last June.

CIF/REEBOK STATE TRACK RESULTS

The CIF Southern Section had a banner year at the 1990 CIF/Reebok State Track and Field Championships, conducted at Cerritos College in Norwalk, June 1 and 2.

Of a combined 31 boys and girls events, no fewer than 18 individual champions represented CIF-SS member schools, an even total of nine each in the boys and girls competition.

Leading the CIF-SS in the boys events was junior Napoleon Kaufman of Lompoc, who doubled in the 100 and 200-meter dashes. John Muir High of Pasadena captured the boys team championship, narrowly outscoring Kaufman and runner-up Lompoc, 24-20.

Freshman-sensation Marion Jones of Oxnard Rio Mesa, senior Felice Lipscomb of Santa Monica and senior Juliana Yendork of Walnut were tops among the Southern Section girls, each posting double event victories. Bakersfield High was a run-away winner in the girls team scoring, while Inglewood Morningside of the CIF-SS finished second.

(1959) and Football Officials (1960) Associations.

An outstanding athlete at Huntington Park High School, Fagans captained his high school team to back-to-back CIF-SS basketball titles in 1926 and 1927. He went on to star on the hardwood at Oregon State University, where he earned All-Pacific Coast League honors. But Fagans gained even greater notoriety in his coaching career, guiding junior college and high school teams to seven-year win-loss record of 248-23 (a .915 winning percentage). In 1949, he guided Compton College to a No. 3 final nation ranking and between 1950-53, his Compton High teams set a CIF-SS record with 53-straight wins. His 1951-52 club was a perfect 32-0 and was the second of Fagans' consecutive CIF-SS major-division champions.

Fagans was also a noted Olympic Games contributor, serving on the United States Water Polo Committee from 1970-78. In 1960, he initiated the concept and was in charge of the 500-mile Olympic torch run from the Los Angeles Coliseum to Squaw Valley, California, for the opening ceremonies of the Winter Games.

Today, at the age of 80, Fagans still conducts meetings of the CIF Southern Section Alumni Association, which is composed of former CIF-SS Executive Committee and Council members.

CIF-SS ACTIVITIES OFFER IMMEDIATE OFFICIATING OPPORTUNITIES

Officials' associations in all sports are — as always — in need of sports-minded men and women to fill their membership ranks for the 1990-91 school year. Immediate openings for officials are now available, so that local associations may fill the tremendous number of contest assignments at the varsity and lower competitive levels.

The only requirement of new officials is that they be at least age 18 and out of high school. Compensation for CIF Southern Section officiating assignments range from \$20 to \$76, depending upon the sport, level

of competition and scheduled starting time.

The upcoming fall season of sport, which offers officiating opportunities in football, volleyball and water polo, will officially open on Sept. 6. Winter activities (Nov. 28-Feb. 9) will include basketball, soccer and wrestling, while the Spring season (Mar. 1-May 11) includes baseball, softball, volleyball, swimming and diving, and track and field.

The CIF Southern Section, which spans a geographical area from the Mexican border to Paso Robles on the coast and as far north as Lee Vining in the Eastern Sierra (not including San Diego County or the Los Angeles Unified School District) is broken into 10 local assignment areas.

For further information, interested persons should contact their local CIF-SS Area Liaison: Long Beach/Whittier - Les Billinger (213) 431-1836; Coachella/Imperial Valleys - John Standish (619) 773-3014 or 773-0055; Orange County - E.M. standing "Code of Ethics." I suggest a thorough review of this material, as well as continued referencing throughout the school year. If all of our school administrators, coaches and student-athletes took these simple ideas to heart, think of the positive impact it would have upon our entire program.

A year ago, we promoted a section-wide theme of improved sportsmanship and ethical conduct. Here and now, the CIF Southern Section reiterates that theme for the 1990-91 school year, with increased emphasis and resolution. Without question, further effort is called for in this most important area.

In closing, I call upon representatives of all member schools to become involved in the function and operation of the CIF Southern Section. Keep in mind that the CIF-SS is the schools. It's an organization of voluntary membership and mutual governance, with an office staff prepared to serve the athletic interests of those member schools.

Best of luck to each of you personally, and to all of our member schools, for an enjoyable and successful year.

RULE REVIEW

(Continued from page 3)

again reminded of the following important points concerning transfer eligibility:

1) If a student transfers to your school and the student is the only individual moving to a new residence, then chances are the student will not be eligible, and will probably fall under the provisions of Rule 214. The only time a student will be fully eligible is when there has been a bona fide change of address on the part of the student, his parents or guardians, and the change is made from one public school attendance to another. When the student is the only one moving, a form 214 is required

before eligibility, either unrestricted or restricted, can be approved. A transfer student falling under the provisions of Rule 214 IS NOT ELIGIBLE to participate until the 214 form has been processed by this office.

2) At no time should transfer students be allowed to participate until transcripts have been reviewed by the appropriate school administrator. The incoming student could be scholastically ineligible, could have completed 8 semesters of eligibility, or, as in the case of a foreign exchange student, could have graduated or received a certificate of completion from a school in his or her home country. In each of these

three cases mentioned, the students are not eligible, and any contests in which they participated would have to be forfeited.

We strongly recommend that school administrators use the TRANSFER ELIGIBILITY CARDS provided in the fall school packets. We cannot emphasize enough that each and everytime a student transfers into your school, you must take every precaution to insure his or her eligibility.

This office can guarantee that if school administrators will use our current eligibility cards, transfer students will be red flagged when transfer rules and regulations are questionable.
