

CIF-SS BULLETIN

VOL. 54, NO. 3

SPRING 1992

DEFENDING CIF-SS SINGLES CHAMPION Heath Montgomery of Santa Barbara High School is making a strong comeback after suffering major injuries in a near-fatal automobile accident last year. The talented senior is a key figure in Santa Barbara's growing boys team-tennis dynasty, which entered the current season with five straight major-division championships (six in the past seven years) and 86 consecutive dual-match wins. As a junior, Montgomery defeated Apple Valley's Kenny Cruz (6-1, 6-4), to capture the prestigious Southern Section CIF/Reebok Spring-Sport Playoffs and Championships for 1992 appears on page 3.

COMMISSIONER'S CORNER

**TAPPING
A
VALUABLE
RESOURCE**

By Stan Thomas
Commissioner of Athletics

Ah, retirement. That wonderful pot of gold at the end of the rainbow we're all looking forward to. No more schedules to fill out, no more tests to write, no more term papers to review, no more grades to submit. No more busses to order, fields to line, eligibility checks or fund-raisers. No kids, no parents, no boosters, no game officials and no school-board members to haggle with. Cash in the pension benefits. Hitch the boat to the Winnebago and be sure to bring the golf clubs. Happy days are here again.

But what happens a few months down the road? How many times can you mow the lawn or wash the car to stay active, or more importantly, stay healthy? Some retirees, having worked at a break-neck pace for so many years, may not find it so easy to adapt to a life of leisure.

And what of the skills developed during long and successful working careers? Isn't there some place this wealth of knowledge and experience can be put to good use? Quite emphatically, the CIF Southern Section Council has said yes.

Under a program approved by the Council this past January, retired Executive Committee members will be asked to serve on hearing panels in eligibility cases and other appeals, in order to relieve the workload of current Executive Committee members.

The demand for administrative hearings has escalated to a point where they have become a regularly-scheduled weekly agenda item. For members of the Executive Committee to leave their schools or district offices to be involved in CIF-SS business with such frequency is simply becoming too much to ask. Yet, each case must be carefully reviewed and treated equally.

Tapping the resource of retired Executive Committee personnel is a wonderful solution. These former administrators bring years of experience and credibility, a fresh

see COMMISSIONER'S CORNER page 16

EXECUTIVE COMMITTEE MINUTES January 11, 1992

The January meeting of the CIF-SS Executive Committee was called to order by president Dr. Tom Jacobson at 8:45 a.m. on Saturday, January 11, 1992 in Palm Springs. All members were present with the exception of Andy Patterson.

1. MINUTES - It was moved, seconded and passed to approve the minutes of the CIF-SS Executive Committee meeting of November 26, 1991.

2. PRESIDENT'S UPDATE - Dr. Tom Jacobson discussed with the committee the Superintendent/Board Member Symposium set for mid-January, with a registration of approximately 90 at this time. Additionally, he stressed the importance of principals and leagues taking steps to open good lines of communication with superintendents and board members. It should be noted that the Commissioner is in the process of reviewing recommendations for the formation of a Southern Section superintendent's committee.

The Executive Committee held a discussion relative to the topic, "1992 - A Year of Challenge for Interscholastic Athletics." Items covered were school and section finances, eligibility and its relationship to special educational programs, schools of choice, litigation, travel, year round school, relegating, inter-state relations and competition, marketing and corporate sponsorship, and ethics and sportsmanship. Following discussion, it was moved, seconded and passed to direct the Southern Section representatives to the State CIF to bring to that body at their next meeting for discussion and future direction, with a possibility of action, the impact of open enrollment and schools of choice on the interscholastic athletic programs.

3. COMMISSIONER'S UPDATE - Commissioner Stan Thomas commended the administrative staff for their management of the fall playoffs. Additionally, he updated the committee on the work of officials'

fees committee, the geographical realignment committee, the AAF programs in soccer and track and field, and the National Federation winter meetings held in New Orleans, Louisiana. A discussion was held relative to the role of the team doctor and who is ultimately responsible for medical decisions. The Executive Committee requested that our legal counsel write a letter to the superintendent and school board of Canyon High School (CC), and that the Commissioner consult with our legal counsel relative to the language of any rules of policies that could be reviewed by the Section Blue Book Committee with reference to this issue.

4. GIRLS' A.D. UPDATE - Sheri Ross reported on the National Athletic Directors' meeting held in Orlando, with major topics on ethics and sportsmanship. She stressed the inter-action of athletic directors across the country at this important meeting. Next year the meeting will be held in Indianapolis, Indiana. She reminded the committee of the California Athletic Directors Conference to be held in April in Palm Springs.

5. BOYS' A.D. UPDATE - Rich Ramirez advised the Committee that his school district is currently in receivership, and due to this extreme financial crisis, it is having a devastating impact on the school programs.

6. ORANGE COUNTY SECTION UPDATE - Jim Fleming updated the committee on the position of Orange County relative to forming a new section. Remarks were heard from Bill McKinley, the Private School Representative, expressing opposition to the formation of an Orange County Section and the impact it will have on the private and parochial schools in Orange County. CORPORATE

SUNNY DELIGHT, FORD, HERFF-JONES CONTINUE SPONSORSHIP PROGRAMS

The betterment of interscholastic athletics is the foundation on which the CIF Southern Section has built its relationships with Sunny Delight Citrus Punch, the Ford Motor Company and Herff Jones, manufacturer of scholastic award products. The three organizations continue to support the many activities of the CIF-SS as key members of the section's "Corporate Team" of sponsors.

"What a pleasure it is to continue our relationship with these outstanding companies," points out Stan Thomas, CIF-SS Commissioner of Athletics. "Sunny Delight, Ford and Herff Jones each possess the unique quality of supporting the youth of today as our leaders of tomorrow. The CIF Southern Section urges the personnel of its member schools to patronize these corporations whenever possible."

Known as the "Official Citrus Punch of the CIF Southern Section" since 1987, Sunny Delight is currently in its fifth year as a corporate sponsor. Just recently, the company provided 200 cases of its product for the section soccer championships.

"Sunny Delight is proud to be a CIF Southern Section sponsor again in 1992," notes Steve Bishop, brand manager of Sunny Delight and Proctor and Gamble. "We are happy to carry on the tradition of supporting such a worthwhile endeavor (as high school athletics)."

The Ford Motor Company is currently in its eighth year as a member of the CIF-SS Corporate Team. Along with the California Angels baseball club, Ford co-sponsors the CIF-SS Academic Awards Program, which has provided well-deserved recognition for over 1,200 CIF-SS student-athletes each year.

"Ford values its eight-year association

with CIF-SS sports and outstanding student-athletes," says Bob Bierman, Ford's Western Regional Public Affairs Manager. "The most rewarding experience has been the presentation of the Academic Awards each year. Maintaining good scholarship, along with athletic achievement should be the foundation of any program, and we commend the CIF-SS for its efforts along those lines."

Recognized as the "Official Awards Company of the CIF Southern Section," Herff Jones specializes in scholastic products for all occasions (class rings, graduation announcements, caps and gowns, etc.). The company also provides all CIF-SS championship plaques and medals, and holds exclusive rights to utilize the CIF-SS logo on championship rings.

"Recognition, education and motivation are the goals of Herff Jones," says Area Manager Steve Forell. "Our association with the CIF Southern Section provides an avenue to support these goals. Our medals, plaques and championship rings create a sense of pride that the participants of CIF-SS championship events will carry with them all of their lives. Our representatives feel a great deal of pride in being a part of the achievement of these student-athletes. We look forward to many years of sharing those memories through our support of interscholastic athletics in the CIF Southern Section."

Sunny Delight, Ford and Herff Jones join state-wide sponsors Reebok and Pepsi Cola, as well as Gatorade, SportsChannel, Conlin Brothers Sporting Goods, Wilson Sporting Goods, the California Angels, and Jack-In-The-Box as members of the CIF-SS Corporate Team of dedicated supporting sponsors.

RULE REVIEW

**OUTSIDE
COMPETITION,
SUMMER
DEAD
PERIOD**

By Dean Crowley
Associate Commissioner

Recent action by the CIF Southern Section Council calls for administrators, athletic directors and coaches of member schools to take immediate and continuing notice of two key issues regarding their interscholastic athletic programs. The legislation puts into effect a repeal of the out-of-season, outside competition rule in several sports and adoption of the previously-tabled Summer "dead" period.

"40-PERCENT RULE"

In its regularly-scheduled meeting of January 16, the CIF Southern Section Council voted to repeal the out-of-season, outside competition limitations known as the "40-percent rule," in all sports. Heretofore, the series of regulations addressed the number of school team members with continuing eligibility that could legally compete together in an outside team, during the school year, but outside the season of sport.

Repeal of the rule, as pertaining to specific sports in the CIF-SS Blue Book, took effect immediately with the action of the Council. The rules include: 1425.1 (football); 1814.1 (basketball); 1914.1 (softball); 2012.1 (water polo); 2213.1 (volleyball) and 2413.1 (baseball). It should be noted that the State CIF outside competition rule (No. 600 in the Blue Book) has not been changed or affected in any way. Rule 600 prohibits any participation in outside competition by CIF student athletes during their season of sport.

It has come to the attention of this office that some schools and coaches, due to a misinterpretation of the repeal of the 40-percent rule, may be in violation of CIF-SS rules and regulations regarding the organization, sponsorship and coaching of teams in Spring leagues. Be advised, the association rule is still in place: *High school coaches cannot be involved until school is out in June with the organization,*

CIF SOUTHERN SECTION COUNCIL MINUTES

January 16, 1992

The January meeting of the CIF-SS Council was called to order by Dr. Tom Jacobson at 9:10 a.m. on Thursday, January 16, 1992 at the Sequoia Athletic Club in Buena Park. All leagues were present with the exception of the Coast Valley, Horizon and Metro.

1. MINUTES — It was moved, seconded and passed to approve minutes of the CIF-SS Council meeting of September 19, 1991 as mailed; the minutes of the CIF-SS Executive Committee meeting of October 24, 1991, as mailed; minutes of the CIF-SS Executive Committee meeting of November 26, 1991 as distributed; and minutes of the Executive Committee meeting of January 11, 1992 as distributed to the Council.

2. FRIENDS OF GOLF PRESENTATION — Mr. David Diltz, President of the Friends of Golf, and Eddie Merrins, the golf professional of the Bel Air Country Club, presented stipends to 37 Southern Section schools. The total stipend of \$30,000 was distributed in amounts of \$250 to \$1700, and was designed to enhance golf programs in the Section.

3. ORANGE COUNTY SECTION CONSIDERATION — Consultant Barbara Wilson provided background information to the Council on the position of Orange County relative to forming a new section. It should be noted that Orange County representatives have requested that the issue be placed on the 1992 State Federated Council agenda as a non-action item. It was announced that the study is completed and the proposal is being forwarded to the State Federated Council for first reading at that meeting. Comments were heard from the floor. Following discussion, it was moved, seconded and passed to direct the Southern Section to do a study to determine the impact of Orange County leaving the Southern Section.

4. CENTURY LEAGUE 510 REQUEST — Gail Richards, Principal of El Modena High School and President of the Century League, presented the Council with a recommendation that under the provisions of Rule 510 (undue influence) schools be allowed to conduct physicals for eighth graders prior to their graduation and the close of the school year. This will be a non-action item and will be voted on by the Council in March.

5. SEAVIEW LEAGUE PLAYOFF ENTRY REQUEST — Duffy Clark, Principal of Tustin High School and representing the Seaview League, presented an addition to by-law 2940 dealing with the number of entries in the playoffs. If approved, 50% of the teams in each league will be guaranteed representation in the playoffs. Under the proposal, the following would apply:

- 4-team leagues — 2 entries
- 5-team leagues — 3 entries
- 6-team leagues — 3 entries
- 7-team leagues — 4 entries
- 8-team leagues — 4 entries

It should be noted this will be an action item at the March meeting of the CIF-SS Council.

6. SEAVIEW LEAGUE FOOTBALL PLAYOFF PROPOSAL — Duffy Clark, Principal of Tustin High School and representing the Seaview League, reviewed a proposal that schools in the sport of football would compete in the playoffs, based upon CBED enrollment

criteria. This item will be voted on at the March meeting of the CIF-SS Council.

7. RULE 1109.4 — Dr. Tom Jacobson reviewed with the Council a proposal to change Rule 1109.4 in order to allow retirees of the Executive Committee to participate as panel members for hearings as scheduled by the CIF-SS Commissioner's Office. Following discussion, it was moved, seconded and passed to approve the proposal.

8. OUTSIDE COMPETITION RULE CHANGE — Commissioner Stan Thomas reviewed with the Council concerns relative to the outside competition rule, known as the 40% rule which limits the number of team members from one school that could compete on a non-school sponsored team outside the season of sport. Following discussion, it was moved, seconded and passed to delete these rules in all sports where they apply, effective immediately. The affected rules, as found in the current 1991-92 edition of the Blue Book in the respective sports sections are as follows:

Football — 1525.1	Basketball — 1814.1
Softball — 1914.1	Water Polo — 2012.1
Volleyball — 2213.1	Baseball — 2413.1

9. STATE FEDERATED COUNCIL REPORT — Dr. Robert Packer presented the following agenda items for the February State CIF meeting, thus requiring action by the CIF-SS Council in order to give voting delegates direction:

- (a) Modification of By-law 510 — Vote to support
- (b) Modification of By-law 204 — Vote to support
- (c) Modification of By-Law 222 — Vote to support
- (d) State high school association playing rule adoption — Vote to support
- (e) Post-season playoff protocol — Vote NOT to supt.
- (f) State cross country division — Vote to support
- (g) Cross country entry formula — Vote to send delegates uninstructed
- (h) Sex equity issues — Vote to support
- (i) 3-year CBED enrollment — Vote to support
- (j) Football rules recommendation — Vote to recommend this item be tabled

(k) Deletion of State By-law 309 — Vote to support

10. PRESIDENT'S UPDATE — Dr. Tom Jacobson discussed with the Council concerns relative to supervision at athletic events; the direction the State legislature is taking concerning schools of choice and a recommended four-year relegating cycle. Additionally, he commended the office staff for their managing of the fall playoff activities, and congratulated the teams that participated in the playoffs and paid special tribute to those winning Section and State championships.

11. COMMISSIONER'S UPDATE — Commissioner Stan Thomas reviewed with the Council the summer dead period proposal, with a vote scheduled for the March Council meeting, and updated the Council on the first year of wrestling team competition; the process for playoff groupings and concerns relative to coaches allowing youngsters to participate without proper medical releases. Additionally, Commissioner Thomas requested that the Council give serious consideration to the schools representing their leagues in

basketball playoffs in that they adequately represent their league in terms of competition.

12. TREASURER'S REPORT — Treasurer Ken Gunn reviewed with the Committee the 1991-92 working budget to include an initial review of fall playoff revenue. Additionally, he announced that the following schools as of this date were delinquent in payment of their dues, and as of the conclusion of this meeting will be dropped from membership: Calvary Christian Banning; CEDU; Montessori; Newbridge; Stratford Prep; Alta Pas; and Leuzinger.

13. NATIONAL FEDERATION WINTER MEETING — Dr. Robert Packer, President of the State Federated Council, provided an overview of the National Federation Winter Meetings and action taken by the National Federation Council.

14. AAF — Earl Engman, CIF-SS Liaison to AAF, reviewed with the Council the coaching education program in the sports of soccer and track.

15. SUPERINTENDENT/BOARD MEMBER SYMPOSIUM — Associate Commissioner Dean Crowley updated the Council on the upcoming Superintendent/Board Member Symposium to be held at the Cerritos Sheraton, and requested that all principals extend an invitation to their superintendents and board members to attend this important event.

16. OFFICIALS FEE COMMITTEE UPDATE — Mr. Gary Norton, Chairman of CIF-SS Officials Fees Committee, reviewed the ongoing work and negotiations being held with the officials organizations that serve the CIF-SS, with a presentation due to the Council in March, with a final vote in April.

17. GEOGRAPHICAL REALIGNMENT — Ron Barney, Chairperson of the Geographical Realignment Committee, reviewed proposals of that Committee, with hearings set for Thursday, January 30. It should be noted, a proposal will be in the hands of the Council in March, with a vote due in April.

18. STEELE MARKETING PLAN — Executive Committee member Gary Smidderks reviewed with the Council the statewide marketing plan study and the benefits of a statewide marketing plan, as opposed to each Section creating their own marketing strategy. This is an information item only and the proposal will be reviewed by the State Federated Council at their meeting in February.

19. COMMUNICATION WITH SUPERINTENDENTS — Dr. Robert Packer reviewed concerns with the Council relative to the importance of communication at all levels of the CIF. In this day and time of financial crisis, it is important that superintendents and school boards be informed as to the direction and scope of high school athletic programs, and it is the responsibility of the Principal and administrative staff at each member school to see to this.

There being no further business to come before the Council, the meeting was adjourned at 12:50 p.m.

DEAN CROWLEY,
ASSOCIATE COMMISSIONER

Approved by
STAN THOMAS
COMMISSIONER OF ATHLETICS

SIXTH ANNUAL GOLF TOURNEY

JUNE 25

THE PAR-3 NO. 10 HOLE at California Country Club, site of the CIF-SS Invitational Golf Tournament June 25.

FRIENDS OF GOLF, INC. MAKES MAJOR CONTRIBUTION

Once again, the CIF Southern Section was pleased to inform its member schools that the Friends of Golf, Inc. would provide substantial financial assistance for selected programs in the 1991-92 school year. The generous contribution of \$30,000 was presented to section officials at the CIF-SS Council meeting of Jan. 12 by Friends of Golf President David Diltz and Executive Director Eddie Merrins.

The CIF Southern Section administration, in turn, distributed the money to 37 member-school programs on a basis of need. To determine these schools, the CIF-SS developed an application process requesting schools to show a dollar-amount for specific needs, and to match the FOG donation to their golf program with ASB or district funds.

"On behalf of the entire Southern Section membership, our deepest appreciation goes out to the Friends of Golf," said CIF-SS Commissioner of Athletics Stan Thomas. "The contribution made by this most generous and caring organization will provide tremendous assistance in the advancement of interscholastic golf programs."

The Friends of Golf, Inc., now in its 13th year of existence, has hundreds of members world wide with a common interest: to foster the growth and support of golf at its "grass-roots" level. This includes funding for junior golf, caddy programs, high school teams and collegiate programs. Friends of Golf members participate by playing in an annual tournament or by supporting the organization with donations of prizes or cash from individual, corporate or foundation sources.

Member-school golf programs to receive financial assistance from the 1992 Friends of Golf contribution include: Barstow, Big Bear, Bishop Diego, Brea Olinda, Canyon/Canyon Country, Cathedral City, Corona Centennial, Costa Mesa, Covina, El Modena, Estancia, Jordan, Littlerock, Lompoc, Los Altos, Millikan, Montebello, Moorpark, Newbury Park, Nogales, Orange, Oxnard, Pacifica, Paraclete, Peninsula, Quartz Hill, Rubidoux, San Gabriel, Santa Clara, Schurr, Serrano, Thousand Oaks, Twentynine Palms, Westen, Westlake, Long Beach Wilson and Yucca Valley.

FRIENDS OF GOLF, INC. administrators Eddie Merrins (left center) and David Diltz, flanked by Commissioner Stan Thomas (left) and Council President Tom Jacobson.

The CIF Southern Section, in association with the Southern California High School Golf Coaches Association, will sponsor and conduct its sixth annual invitational golf tournament, on Thursday, June 25 at the California Country Club in Whittier.

Proceeds from the tournament will directly benefit interscholastic golf competition among CIF-SS member schools.

The "shotgun-scramble" tournament will get underway at 2 p.m. and will include competitive awards in four levels of competition, based upon the combined scoring index or handicap of four-player teams.

The event will also include a barbeque dinner, tee package, raffle and special contests (longest ball, closest to the pin, etc.). The cost per player, including electric cart is just \$85. Non-players may also join in the fun by attending the dinner for a cost of \$30. Tee sponsorships are available to interested businesses or individuals at \$100 for a full sponsorship, or \$50 for a half sponsorship. Of course, donations of prizes and/or raffle items are most welcome.

So come on out Southern Section golfers; put together a foursome and join us for a day of great fun, food and friends at the beautiful California Country Club on June 25! For further information regarding the sixth annual CIF-SS Invitational Golf Tournament, please contact Kay Larson at the CIF-SS Office: (310) 860-2414 or (714) 826-5390.

#Conditioning - August 24, 25, 26, 1992

MONDAY, MAY 24, 1993 - First day of allowable practice for various sports.

During the specified "R and R" (Rest and Recreation) period, no after school activity is permitted on the high school campus or other facility with the exception of those schools still entered in the post-season playoffs for the just concluded season of sport. This would be interpreted as the varsity level team in that specific sport only. This is to include all activities such as conditioning, ten-day tryout period, weightlifting, chalk talk and/or films, "open gyms," and the opening of practice for any season of sport.

PENINSULA GIRLS HEADLINE SOUTHERN SECTION'S
FOUR CIF/REEBOK STATE BASKETBALL WINNERS

Member schools representing the CIF Southern Section won four of 10 CIF/Reebok State divisional basketball championships for the 1991-92 season, in competition at Sacramento's Arco Arena March 20-21.

From a participation standpoint, Southern Section schools achieved an all-time high with 40 state-tournament entries (20 girls and 20 boys teams) and eight qualifiers for CIF/Reebok State Championship games in the 10 (five girls, five boys) divisions.

Highlighting the 1992 Southern Section effort was Peninsula High School of Rolling Hills Estates, which completed a perfect campaign at 33-0 with a 63-44 drubbing of Cupertino Monta Vista in the Girls Division I title match. Not only did coach Wendell Yoshida's Panthers earn the state major-division title, they were proclaimed the mythical national champion with a consensus season-ending No. 1 ranking. Sophomore Mimi McKinney, the only undergrad of the Panther starting five, paced the champions with a game-high 27 points in the state final. Seniors Kristen Mulligan, Raquel Alotis, Monique Morehouse and Jeffra Gausepohl, who led Yoshida's Palos Verdes team to a Division III State title in 1991, comprised one of the Southern Section's greatest girls cage teams of all time. Peninsula High was created last summer, when Palos Verdes, Rolling Hills and Miraleste were consolidated by the Palos Verdes Peninsula Unified School District.

Brea Olinda collected its second straight CIF/Reebok State Championship in its fourth consecutive title-game appearance, posting a 47-44 win over Healdsburg in the Girls Division III final. Senior Jody Anton

BREA OLINDA'S Jody Anton

PANTHER POWER - Coach Wendell Yoshida's Peninsula High School girls completed a perfect 33-0 season and won the CIF/Reebok State Division I Championship.

netted a game-high 19 points to lead the Lady 'Cats, which finished the season with a 32-2 record under coach Mark Trakh. During her prep career, Anton contributed heavily to Brea's fabulous four year win-loss record of 129-6.

Additional Southern Section girls teams advancing to the State CIF/Reebok finals in Sacramento were Torrance Bishop Montgomery (27-8), which dropped a 73-66 decision to Hayward Moreau in the Division II final, and Santa Ynez, which fell to Santa Rosa Ursuline, 61-59, in the Division IV title game.

CIF-SS girls teams to reach the Southern Regional finals included Lynwood (30-3) in Division I; Mission Hills Alemany (28-5) in Division II; Rancho Alamitos (23-3) in Division III; Morro Bay (25-4) in Division IV; and Rio Hondo Prep (25-2) in Division V. In all, Southern Section teams comprised a record nine of the 10 regional finalists.

In the boys state competition, Artesia High of Lakewood won its second Division II crown in the past three seasons, with a 57-50 win over Danville San Ramon. Led by junior forward Charles O'Bannon, who scored 26 points and hauled down 13 rebounds, coach Wayne Merino's Pioneers finished the season with a 29-4 record. Artesia qualified for the state final with a 59-54 win over previously-unbeaten Glendora in the Southern Regional title match. Just a week earlier, Glendora had rolled to a 66-48 win over the Pioneers in the Southern Section Division II-AA title game.

Morningside High of Inglewood won its first-ever state crown in Division III, as junior Stais Boseman tallied 24 points and grabbed nine rebounds to lead the Monarchs over Monterey Seaside, 79-72. Coached by veteran Carl Franklin, Morningside finished the season with a 25-6

mark, including wins in its final 17 games.

Southern Section boys teams also advancing to the state finals included Santa Ana Mater Dei (34-2), which fell to repeat-winner Alameda St. Joseph Notre Dame, 59-37, in the Division I title game, and Canoga Park Faith Baptist (27-7), which dropped an 80-70 decision to Ripon Christian in the Division V final.

Other Southern Section boys teams appearing in the Southern Regional finals included: Capistrano Valley (30-4) in Division I; Glendora (33-1) in Division II; Estancia (25-8) in Division III; Santa Clara (27-4) in Division IV; and Campbell Hall (23-8) in Division V. Like the girls contingent, nine (of a possible 10) boys regional finalists established a new record for Southern Section representation. Together, 18 of the 20 regional finalists were teams representing the Southern Section, yet another all-time high.

FIVE SOUTHERN SECTION WRESTLERS WIN CIF/REEBOK STATE CHAMPIONSHIPS

Five wrestlers representing Southern Section member schools won state titles in their respective weight classifications at the 1992 CIF/Reebok State Wrestling Championships, held March 6-7 at the University of Pacific's A.G. Spanos Center in Stockton.

The Southern Section champions included junior Jose Enriquez of Norwalk John Glenn (112 pounds); senior Tony Desouza of Ontario Chaffey (119 pounds); senior Daniel Maes of El Monte Arroyo (135 pounds); junior Scott Chapman of Lake Arrowhead Rim of the World (152 pounds) and senior Jeremiah Miller of West Covina South Hills (171 pounds). Miller, who won by pin over previously undefeated John Haas of Poway in the 171-pound final, was named the meet's Most Outstanding Wrestler.

In addition to the five champions, seven CIF-SS wrestlers finished as runners-up in their respective weight divisions, including junior Sean Kim of Montebello Schurr (103); sophomore Shane Valdez of Santa Ana Calvary Chapel (112); senior John Jimenez of Ventura (119); senior Pablo Magana of Indio (130); senior Shane Holloway of Santa Ana Saddleback (135); senior Jack Artman of Thousand Oaks (145); and senior Scott Adams of Ventura (189).

In the final team scoring, four CIF-SS schools finished among the top 10, including Arroyo (5th, 47.0); Ventura (6th,

45.5); Valencia (7th, 45.0) and South Hills (9th, 42.5). Clovis High of the Central Section defeated perennial-power Poway of the San Diego Section by a 95-88 margin to win the state title.

The Southern Section was afforded its

largest contingent ever at this year's CIF/Reebok State Wrestling Meet, with seven representatives in each of 13 weight classifications for a total of 91. In all, the meet featured 416 athletes, with 32 qualifiers competing in each weight class.

Photo by Ervin Olinier

THE MASTERS — The Southern Section's top qualifiers to the 1992 CIF/Reebok State Wrestling Tournament (kneeling left to right): Sean Kim (Schurr); Shane Valdez (Calvary Chapel/S.A.); John Jimenez (Ventura); David Quintero (Valencia); Peter Phe (Rosemead); Daniel Maes (Arroyo); (standing, right to left): Carlos Castellanos (Mountain View); Jack Artman (Thousand Oaks); Scott Chapman (Rim of the World); Matt Padgett (Canyon/A.); Jeremiah Miller (South Hills); Scott Adams (Ventura); and Mike Bolster (Huntington Beach).

ATHLETIC SAFETY: CONCERN OF SPORTS DENTISTRY

by Ray Padilla, D.D.S.

Athletes are constantly being challenged by injury and convalescence. With athletics comes physical contact, and with contact come dental injuries. All athletes, whether male or female, high school or collegiate, professional or occasional weekend warrior, constitute a population that is extremely susceptible to dental trauma. Dental trauma that, for the most part, can be prevented with the proper professional care. Most schools now monitor their athletes prior to their prospective seasons with physicals by physicians mainly because they are required for team sports participation. However, rarely do these examinations include teeth and the soft tissues of the oral cavity. Today's standard of care is quite different than that of only a few years ago. The school's liabilities and responsibilities are high, especially in today's world of litigation. No one wants to become involved in a law suit. Injuries can be prevented with *proper fitting mouthguards*. Teeth which have been knocked out can be saved and reimplanted if the *knocked out tooth is placed in proper solutions* that can be present on the sidelines or at the bench. Preseason examinations can also *detect precancerous lesions from chewing tobacco*. Proper education on the dangers of tobacco use can often keep the young athlete from starting these bad habits. Since dentists may prescribe drugs, they can also educate athletes and coaches on the *adverse effects of anabolic steroid use*.

As you can see, *sports dentistry* involves much more than just mouthguards. However, mouthguards are one of the most important devices we dentists can provide our athletes, at all levels, for prevention of injury. Their evolution and subsequent use has dramatically decreased the amount of injuries in sports such as football, basketball, hockey, wrestling, and soccer, as well as non competitive sports such as rollerblading. There are three types of mouthguards. The simplest one is known as the *stock mouthguard*. Constructed of polyvinyl or rubber material, these can be taken out of its package and popped into a mouth for immediate use. The second and most popular type is the *boil and bite mouthguard*. It is used by more than 90% of the athletic population. This thermoplastic material is immersed in boiling water then quickly dipped into cold water before it is placed into the mouth where the wearer bites down on it providing a dental impression. The third and considered the best type of mouthguard is the *custom made mouthguard*. It is constructed from a cast model of the athlete's teeth. A

vacuum fitted polyvinyl material is formed over this cast model thus providing a perfect fit. This type of mouthguard is made by a dentist.

It is not common knowledge that the main purpose of the mouthguard is to *protect against concussion and cerebral trauma*, as well as the protection of the teeth and surrounding tissues. A proper fitting *custom made mouthguard* that covers all posterior teeth will absorb the forces of a severe blow to the chin decreasing the incidence of cerebral trauma from this source. Why do most athletes cut the "stock" and "boil and bite" mouthguards so they do not cover all of the posterior teeth? Can it be because they are ill-fitting, uncomfortable, bulky, difficult to breathe with, and have little or no retention? By cutting and altering these ill-fitting mouthguards, the athlete is increasing his/her chances of injury, and as we know know, some of these injuries, such as concussion, can be life-threatening. The properly fitted *custom made mouthguard* is comfortable to wear, has the best fit, permits easier speech, and interferes less with breathing. This alone is reason enough to use the *custom made mouthguard*. Imagine the competitive edge you would have against your opponent if your football team could hear the signals from the quarterback or defensive signal caller better resulting in fewer penalties; and if the team as a whole would become less fatigued because they could breathe easier. I have been making *custom made mouthguards* for La Puente Bishop Amat High School for seven years, and we have not sustained any dental injuries during the football season while the athletes have worn their *custom made mouthguards* and the concussions we have experienced were all minor.

Each school should have at its disposal a container of *TPS (Tooth Preserving System)*. This solution provides the athlete with the opportunity of saving his/her tooth in the event it is knocked out during competition. Without this solution, the athlete has approximately 30-60 minutes to get to the dentist for successful replantation of that tooth. Placing the avulsed tooth in a solution of milk or water can be damaging to the tooth. Also, wrapping the tooth in Kleenex or gauze can dry the tooth, further decreasing the chances for a successful replantation. By placing the knocked out tooth in the *TPS solution* the athlete has 8-12 hours to get to the dentist, a more reasonable time. The solution sells for less than \$20 a container. More information on the *TPS solution* can be obtained by calling 1-800-882-0505.

The current trend in smokeless tobacco

in the United States, according to the American Cancer Society, shows that there are over 3 million users under the age of 21. We must educate our young athletes of the risks they are taking when they choose to use smokeless tobacco. Many professional athletes, especially baseball players, are very influential to younger athletes when they chew tobacco. We, as educators, need to show these athletes that smokeless tobacco greatly increases the risk of oral cancer and periodontal (gum) disease as well as containing an addictive drug (nicotine) which makes the blood vessels narrower and speeds up the heart.

Last, but not least, is the importance of educating our youth of the negative effects of *anabolic steroids*. These are basically male hormone drugs which accelerates strength training by increasing muscle mass. Steroids also have psychoactive effects such as increasing confidence and aggressiveness with an elevation of mood swings. Major toxic and adverse effects include increased risk of injury (tendon strength remains the same while muscle mass increases), masculinization of women (increased body hair and baldness), rebound feminization (decreased size of testicles), and liver cancer.

The role of the *dentist* to players and coaches cannot be over-emphasized. If dentists, physicians, and trainers assume the medical responsibilities, coaches and athletic directors are then free to concentrate on team strategies and team decisions.

COMMISSIONER'S CORNER

(Continued from page 2)

approach and open minds to our hearing panels. The format, as adopted by the Council, allows for one retiree to join two current Executive Committee members on three-member panels.

To date, Don Conde, formerly of Victor Valley High School, Mike Shanahan, formerly of Buena High School and Moe Chavez, formerly of Downey High School, have been utilized under the new program. Each has performed the task in a very professional and competent manner.

The CIF Southern Section Office plans to continue utilizing these valuable individuals, based on need. The benefits include an invaluable service to our member schools, as well as a feeling of usefulness, activity and involvement for our retired Executive Committee members willing to serve.

The Council is to be commended for wisely adopting a program of such "win-win" potentialities. I enthusiastically look forward to working with our cadre of retired Executive Committee members.

ATHLETIC TRAINING

FLEXIBILITY: KEY TO ALL ATHLETIC EVENTS

by Guy S. Mohr, A.T., C., C.S.C.S.

A common goal of any coach's strength and conditioning program is to increase athletic performance and reduce injuries of their athletes. Increasing an individual's flexibility is a great place to start. Flexibility is quickly defined as the range of motion that a joint, or a series of joints, moves through space. Limiting a joint's range of motion would come when muscles, tendons, ligaments, and other soft tissues become tight from the stresses of activity. An increase in joint flexibility can greatly increase performance and decrease joint injuries.

To be more specific, throwing athletes need to maintain shoulder flexibility to decrease stresses on the joint capsule. External rotation of the shoulder in throwers, as well as hitters in volleyball, is necessary to increase power. The further the arm can "pull" the ball through space, the more arm speed the athlete can generate, thus producing greater ball speed. When stretching the shoulder, don't forget to include the pectoral muscles as well as the triceps and latissimus dorsi, all of which can inhibit shoulder motion.

The hamstrings are probably the most frequently stretched muscle group of all

athletes, but usually for the wrong reason. Few studies have been able to show a direct relationship between hamstring tightness and muscle pulls. Hamstring strains are usually due to an imbalance between the quadriceps and hamstrings. Nevertheless, hamstring flexibility has a direct correlation on low back tightness. Tight hamstrings limit torso stability when performing such lifts as squats and power cleans, lifts that are essential to efficient strengthening of any athlete.

Ankle flexibility is an often overlooked aspect in conditioning. Ankle sprains can be reduced by stretching the Achilles tendon. Due to the shape and structure of the ankle it is more stable when it is dorsiflexed. The more flexible the Achilles tendon, the further the ankle can be flexed to this position. Some theorize that this ankle flexibility can also decrease the occurrence of "shin splints." A good way to stretch the Achilles tendon is with the use of an in-

cline board. This incline board has a slope of 30 degrees on which you can stand for 3-5 minutes at a time. When this board is placed against a wall, the athlete can stand quite comfortably for the duration of the exercise.

Whenever you are stretching, there are some basic guidelines that always apply, no matter what body part you are stretching.

- 1) Always warm up the body before stretching. Muscles and tendons are more easily stretched with the presence of an increased blood supply. A proper warm-up is easily indicated by the presence of sweating.
- 2) Only stretch to the point of tightness, not pain. If you feel pain back off on the stretch. Pain elicits muscle contraction in self-defense.
- 3) Never bounce when stretching. This also initiates a reflex contraction in the muscles.
- 4) Hold each stretch for at least 30 seconds. It is around 30 seconds that the stretch reflex is released.
- 5) Stretch before and after each workout or practice as part of the warm-up and cool-down process.

Another 10-15 minutes of stretching every day may mean the difference between a great season or a season-ending injury.

OFFICE OPERATION

WORKING WITH THE "WALK-ON" COACH

In an effort to assist CIF Athletic Secretaries to operate successfully with "walk-on" coaches, the following suggestions are given.

There are two major areas to work on in order to make dealing with walk-on coaches more successful. First of all, the secretary should encourage the Athletic Director to set up a system whereby the coaches are orientated to the athletic department. Secondly, the secretary herself must orientate the coach to athletic department procedures for which *she* is responsible.

In tackling the first area, there are several key points which must be made in order to enhance the procedure. Each coach should be given a copy of the Blue Book/Directory and shown the relevant sections relating to the specific sport he or she is coaching. Also, the A.D. should make the coach aware of eligibility rules and school procedures for checking eligibility of athletes. The athletic director should review any district or school rules

that the coach should be aware of with regard to their coaching position and also the "mechanics" of the job (i.e. playing rules, officiating process, equipment, etc.). Utilization of athletic contracts as well as scheduling procedures (dates, times, place of contests) should also be reviewed for that particular sport.

Concerning the secretary and her part in the orientation process, the following should be kept in mind. The importance of cooperation and working together should be stressed so as to result in a smooth progression of information and paper processing.

Phone numbers and times when the walk-on coach can be reached at work and at home should be secured and kept posted at the school and with the A.D. for easy access. Walk-on coaches should be given a schedule of when the athletic office and/or Athletic Secretary and Athletic Director will be available. Appropriate phone numbers and extensions for the athletic department, other school person-

nel and local media outlets, should be provided the coach, including home phone numbers when appropriate.

The "paper shuffle" method each secretary has established to get forms, etc. returned should be explained to the coach. The importance of following procedures and time lines should be emphasized. The secretary should set up a "tracking" method to keep in touch and follow up on outstanding or late items. She should make sure all pertinent material from the CIF-SS office and the school and/or district is distributed to walk-ons *as soon as possible*. If dated material is mailed to the coach, the secretary should call and check to make sure it has been received and if there are any questions regarding it.

Above all, the secretary must remember to work with the coach and offer assistance as often as possible. In most cases, it is a new experience for the walk-on and the assurance of a willing and friendly hand can make it a much easier and happier experience for everyone involved.

EXECUTIVE MINUTES (Continued from page 2)

Gary Smidderks expressed his feeling that representatives of the Southern Section and of Orange County should be discussing issues or concerns of mutual interest to both parties. It should be noted that Orange County representatives have requested that the Orange County issue be placed on the January, 1992 Council agenda as a non-action item, and additionally, they have requested that the same process take place in February at the State Federated Council meeting.

Following discussion, it was moved, seconded and passed to direct Gary Smidderks to make a statement to the CIF-SS Council expressing feelings of the CIF-SS Executive Committee, and make known to Orange County representatives that the Commissioner's Office is available to assist and help in clarifying any issues that are of concern to both parties in order that all parties reach a sound decision, based on all of the facts as required in the rules and regulations for formation of a new section, as set down by the State CIF.

7. SUPERINTENDENT'S UPDATE - Cynthia Grennan reported on Governor Wilson's support of education, a real plus at this time, and a children's summit which will be a focal point during February, March and April. It is important to note that children's advocacy at this time in our society is important with reference to the welfare of children. Additionally, she requested that the Office again review supervision and crowd control and the importance of faculty and staff

visibility at all athletic contests. Additionally, leagues need to re-examine the plans they have in place for game supervision and crowd control.

8. TREASURER'S REPORT - Ken Gunn, Treasurer, reviewed with the committee the fall playoff income. Additionally, he reported that not all school dues have been received as of this date, and that the following schools would have their membership dropped on Friday, January 17, 1992, after notification at the Council meeting on Thursday, January 16, 1992, and that schools that are to be dropped will have to re-apply for membership: Calvary Christian, Banning; CEDU; Glendale Adventist Academy; Landmark West; Montessori Academy; Newbridge; Stratford Prep; Alta Pas; and Leuzinger H.S. Following discussion, it was moved, seconded and passed to approve three new budget categories of "General Office," "Press and Media," and "Symposium and Workshops."

9. STATE CIF REPORT - Dr. Robert Packer, State CIF President, provided an overview of the National Federation Winter Meetings and amendments that were adopted relative to representation to the National Federation Council and the adoption of the 1992 National Federation football rules.

10. LEGAL UPDATE - Commissioner Stan Thomas updated the committee on the Canyon HS appeal and the Montclair Prep appeal hearing set for January 27, 1992 at 9:00 a.m. Additionally, the Commissioner reviewed the Santa Barbara volleyball outside competition litigation which will be presented to the Council for their action at the meeting of January 16, 1992.

11. YUMA UNIFIED SCHOOL DISTRICT - Superintendent Perry Hill made a presentation to the Executive Committee relative to a new configuration of river schools, both on the Arizona and California sides, that will benefit students in terms of instructional time and travel. Speaking for Cibola, Kofa and Yuma High Schools, he requested that the Section continue on-going dialogue with schools in Arizona. Following discussion, it was moved, seconded and passed to continue with discussions and a formal study to determine the feasibility of the Yuma High Schools joining the Southern Section.

12. STEEL MARKETING - Commissioner Stan Thomas advised the committee that discussions are currently being held with Steel Marketing of San Diego relative to the possible exploration of a state marketing package which will include a defined process and plan for the marketing of the State CIF through the involvement of corporate sponsorships.

There being no further business to come before the Committee, the meeting was adjourned at 2:40 p.m.

EARL ENGMAN TO BE HONORED BY NATIONAL OFFICIALS' ASSOCIATION

Very few people — if any — involved in secondary education and interscholastic athletics, have enjoyed as rich and diverse career as Earl Engman, who has been named to receive the National Federation of Interscholastic Officials Association Distinguished Service Award for Section 7 (Arizona, California, Hawaii, Nevada and Utah) this summer in Cincinnati.

Engman, who concluded a 39-year coaching, teaching and administrative career with the Santa Ana Unified School District in 1989, continues to be recognized as one of the most successful and well-respected sports officials in Southern California. His officiating career has spanned 45 years in football and track and field and 41 years in basketball. Four years ago, he added volleyball to the list and he currently serves as a swimming starter as well. He has served as President of both the Orange County Football and Basketball Officials' Associations, in addition to the position of Secretary-Treasurer of the O.C.

Track and Field Association. Engman also serves as assigner for track starters in Orange County.

Along with his contributions as a contest official, Engman has been tremendously active in helping to administrate CIF activities. In track and field, he has assisted Associate Commissioner Dean Crowley with state the championship meet, as well as the Southern Section divisional prelims and finals. Engman has also lent support in staging football, basketball and water polo championship events.

Without question, Engman's career high point as a track and field official came in 1984, when he served as manager for all running events at the 23rd Olympiad in Los Angeles.

A graduate of UC Santa Barbara, where he is a member of the school's athletic hall of fame, Engman's coaching experience includes 14 years as the head track coach and 17 as assistant and head football coach at Santa Ana High.

RULE REVIEW

(Continued from page 3)

administration, supervision and/or coaching of teams or in leagues where athletes from their respective schools are participating.

Any type of organization by school personnel with reference to Spring leagues would be a clear-cut violation of CIF-SS rules and regulations. Please note that Rule 310 is quite clear: *The only contact coaches — including "walk-on" coaches, lower-level coaches or anyone else directly or indirectly associated with the high school — may have with student athletes in the off season during the school year is one regularly scheduled physical education class. Schools and/or school personnel cannot be involved in the organization of off-season club programs, including the use of facilities.* Schools may, however, lease or rent their facilities to outside groups for this type of activity, but members of the coaching staff may not be involved in opening, closing or supervising the facility.

We are alerting all CIF-SS member-school personnel of these regulations, as we have received numerous phone calls, which lead us to believe a cause for concern exists.

SUMMER DEAD PERIOD

At the March 26 meeting of the CIF-SS Council, representatives adopted legislation to initiate a Summer Dead Period, which will take effect this August. The Summer

Dead Period for 1992 will begin Monday, August 3 and extend to the first official starting date for the fall-sport preseason practice session (August 24, 1992).

The following recommendations were approved by the Council:

1) *A Summer dead period for CIF-SS member school teams and student athletes from Monday, August 3, 1992 until the beginning of the first official starting date for fall practice, set for Monday, August 24. An exception to this rule would permit water polo and cross country teams the choice of a three-week time period (from June 29 - July 19 or August 3 - August 24) as a dead period.*

2) *Should a summer school program be conducted through the June 29 - July 19 period and should the water polo or cross country teams select that period of time for no contact, no class could be offered in the summer school program that could circumvent the rule.*

3) *During the time period, weight lifting only would be permitted for all sports. No running or other type of conditioning would be allowed during the dead period.*

4) *Special programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, etc., would be allowed.*

Should member-school administrators, athletic directors or coaches have any questions regarding interpretation of these important CIF-SS rule revisions, please don't hesitate to contact a member of the CIF-SS Administrative Staff.
