# PRESIDENT'S MESSAGE

Our Financial Future

By Paul Breit, President CIF-SS Executive Committee

On behalf of the Executive Committee, I would like to congratulate the CIF-SS fall sport champions for a job well done. I would also like to thank Karen Hellyer, Rob Wigod and Paul Castillo for their outstanding efforts in making our fall playoffs very successful and extremely well run. It was exciting to have had the opportunity to attend these championship events and truly see Victory With Honor in action.

As we are well into the winter sports season, we are all aware that the financial outlook for our school districts is very bleak. It certainly appears that many of our schools are going to have to "cinch up our belts" and continue to operate their athletic program with less funding. Administrators and Coaches have been very successful in the past in looking at innovative ways to maintain their athletic programs at a very high level. I would suggest that if cuts become necessary, that you work collaboratively with your league schools to maximize available dollars.

The CIF-SS is faced with many strategic hurdles over the next five to ten years. While our organization is fiscally strong and our governance and operational policies, we continue to struggle in our role with the CIF State organization. The CIF-SS complexities, diverse geographics, size of our section, and several unique SS governance issues continue to be constant sources of conflict. One of these sources is the "Elimination of the Association Rule" (Blue Book Rule #311 pg. 84) which is an action item for the SS-Council meeting on March 13th. I am not taking a position on this issue; however, I would like to remind principals and athletic administrators that if we continue with this rule, the State CIF has made it very "perfectly clear" that all legal costs will be the responsibility of the Southern Section. As your leagues discuss the association rule please include in your discussion the potential significant litigation costs that could be associated with the retention of

# SPONSORSHIPS SAVE SCHOOLS MONEY (X3)

The support of sponsors, our "business partners", has long been critical source of revenue to operate the high school sports programs of the Southern Section. More than ever before given our state's current financial crisis, the income from sponsorships allows the Southern Section to continue operating the finest championships possible.

We sometimes hear from coaches and athletic directors, "but we don't get any of this sponsorship money so why should we care?" The answer is a simple but often overlooked one:. If we didn't have sponsorships, you'd have to make up the difference.

Sponsorships currently generate over \$430,000 per year in Southern Section operating support. That figure represents 20% of the operating revenue of the Southern Section. That is almost **3-times** the amount generated from school dues. Amongst our sponsorships, the four ball contracts (Spalding, Rawlings, Baden and Wilson Racquet) generate **as much annual revenue as** all the school dues generated annually.

It has long been our goal to tastefully gather support from business partners that produce quality product and provide a positive image for the Southern Section.

We greatly appreciate the support of our schools by positively corresponding and patronizing our business partners. Likewise, your assistance displaying banners, reading the required public address announcements and including our sponsor sheet in your game programs are valuable assets that enable us to maintain this area of support.

It is through your support of all these relationships that we are able to offer the finest athletic administrative and championship support possible without having to impact our schools during this difficult financial period.

Next time you or someone you are speaking with questions the importance of a sponsorship or all the sponsorship support required when hosting a playoff game, remind them what the cost to them would be if we didn't have our business partners. Then remind the x2 and then x3.

Like we say to our business partners, thanks for supporting tomorrow's stars today.

# COMMISSIONER'S CORNER

Tough Times Ahead

By James Staunton, Ed.D. Commissioner of Athletics

I often hear school administrators say, "I wouldn't want your job!" Sometimes I would agree. Now, however, I feel a great deal of sympathy for our principals and athletic directors who must make very difficult decisions this next year. School districts face the most significant budget cuts in recent memory. They are deep and they will last for several years. How tough to have to take away programs and money that have been in place for years.

There has been talk about school districts cutting athletic programs. In its purest sense, the high school experience is about academic achievement. But we all know that it is about so much more than that. School administrators agree that successful athletic programs breed successful schools. September is a critical month for any campus. Why? Because a positive start with some athletic success sets the tone for the rest of the year.

Athletes provide the power and drive to keep schools going from year to year. In his remarks to the Citrus Belt Athletic Directors Association, upon his retirement long time Athletic Director Roger Rupert, told his listeners, "We're here for the kids, and with no disrespect to our hard working academic teachers. We must work to keep our athletic programs intact." In four years as Commissioner, I fought with Roger about a number of things. But on this one I agree.

What can we do? Of course our office is ready to supply data to districts to help decision makers understand the benefits of athletic programs. Statewide, the CIF office is working to help legislators see the benefits of athletics.

On March 12, the Section will sponsor a daylong seminar on coaching education and sportsmanship programs. Our goal is to bring the best practices in the Section to athletic administrators responsible for training and support of coaches and students. We hope this day will be one in which

### STATE CIF OFFERS WINTER SCHOLASTIC AWARDS

Once again the CIF State is offering winter scholastic awards programs for deserving student-athletes and teams.

The Scholastic State Champions program honors varsity teams demonstrating the highest collective grade point averages (non-weighted/4.0 scale) in their respective sport. A first, second, and third place award will be presented. The team with the highest collective GPA will be declared the Scholastic State Champion for that sport and will receive a pennant suitable for display at their school. The first, second and third place team winners will receive certificates and will be featured in the CIF News.

The program applies to state sponsored championships only, which includes girl's/boy's cross-country, girl's volleyball, wrestling, girl's/boy's basketball, and girl's/boy's track and field.

Competition in these sports is all that is required to qualify, not advancement to the state championships. For example, a team that might have a non-winning record could be a scholastic state champion as long as they compete in the sports listed above. For the winter, this program applies to wrestling and girl's/boy's basketball.

Individual student-athletes maintaining a minimum 3.5 GPA (non-weighted/4.0 scale) during their varsity season of sport competition will be honored as Scholastic ALL-CIF award winners. Winners will receive certificates. This portion of the program includes all sports. Like the team competition, athletes need not advance to the state championships to qualify.

The State CIF is also offering their 2003 CIF Scholar-Athlete of the Year program, as well. This program will award two \$2,000.00 scholarships to a deserving female and male student athlete.

Qualifications for this award are that potential honorees be college-bound high school seniors whose academic and athletic careers have been truly exemplary and whose personal standards (i.e., integrity, honesty, etc.) and accomplishments are a positive model for others.

These students must possess no less than an unweighted cumulative (grades 9-12) grade point average of 3.70. They must have demonstrated superior athletic ability in at least two years of varsity play within California (must be participating in athletics as a senior. And they must have portrayed themselves as athletes of character displaying trustworthiness, respect, responsibility, fairness, caring and citizenship.

Any and all qualified teams and athletes may inquire about these programs directly through the State CIF Office by calling, (510) 639-4445. Applications must be received no later than March 24, 2003.

## **COACH PETE CARROLL HOSTS THE** 2002 FOOTBALL PRESS CONFERENCE

University of Southern California Head Football Coach Pete Carroll served as the keynote speaker at the 27th Annual CIF Southern Section-Toyota Football Championship Press Conference and Luncheon held December 9th at The Grand in Long Beach.

Carroll, in his second year at the helm of the Trojans was named USC's head football coach on Dec. 15, 2000 (he signed a 5-year contract). The 50-year-old Carroll has 27 years of NFL and college experience, with 11 of that on the collegiate level. He was 6-6 in his first season at USC. In 2002, Carroll led the Trojans to a firstplace tie in the Pac-10 Conference and a 38-17 victory over (then) No. 3 lowa in the Orange Bowl. USC finished No. 4 in both the AP and the ESPN/USA Today final football polls.

Coach Carroll talked to the Divisional Finalists represented at the luncheon about the importance of their accomplishments in just making the finals. He also told the coaches and players that their winning attitudes should carry over into their schoolwork and their citizenship.

Carroll was the head coach of the NFL's New England Patriots for 3 seasons (1997-99) and New York Jets for 1 year (1994). He guided the Patriots into the playoffs in his first 2 seasons, winning the AFC Eastern Division title at 10-6 in 1997 and advancing to the second round of the playoffs, then posting a 9-7 regular season mark in 1998. His overall record in New England was 27-21 in the regular season (including 8-8 in 1999) and 1-2 in the playoffs. He owns the franchise's second-best winning percentage (54.9%). After serving as the Jets' defensive coordinator for 4 seasons (1990-93), he became the team's head coach the following season. His 1994 Jets went 6-10. Only 3 other Jets head coaches won more games in their rookie campaign.

He spent the next 2 years (1995-96) as the defensive coordinator with the San Francisco 49ers, who won the NFC Western Division title both seasons. The 49ers

were 11-5 in the 1995 regular season when they had the NFL's top-ranked defense and then went 12-4 in 1996.

Carroll began his coaching career at the college level, serving as a graduate assistant at his alma mater, Pacific, for 3 years (1974-76), working with the wide receivers and secondary. He then spent a season each as an assistant in charge of the secondary at Arkansas (1977) under Lou Holtz as the Razorbacks won the 1978 Orange Bowl, at Iowa State (1978) under Earle Bruce (the Cyclones played in the 1978 Hall of Fame Bowl) and at Ohio State (1979) under Bruce. That Buckeye squad lost to USC in the 1980 Rose Bowl. He next spent 3 seasons (1980-82) as the defensive coordinator and secondary coach at North Carolina State, then returned to Pacific in 1983 as the assistant head coach and offensive coordinator. He entered the NFL in 1984 as the defensive backs coach of the Buffalo Bills, then held a similar position with the Minnesota Vikings for 5 seasons (1985-89). The Vikings advanced to the playoffs his last 3 years there, getting to the NFC Championship game in 1987. The 1988 team was 11-5 in the regular season and the 1989 squad won the NFC Central Division crown with a 10-6 mark. His secondary averaged 25 interceptions a season and led the NFL in passing defense in 1989. Carroll spent the 2000 season as a consultant for pro and college teams, doing charitable work for the NFL and writing a column about pro football for CNNSI.com. Carroll was a 2-time (1971-72) All-Pacific Coast Conference free safety at Pacific and earned his bachelor's degree in 1973 in business administration. He received his secondary teaching credential and a master's degree in physical education from Pacific in 1976. He was a 3-sport (football, basketball and baseball) standout at Redwood High in Larkspur, Calif., earning the school's Athlete of the Year award as a senior. He played quarterback, wide receiver and defensive back. He then played football at Marin Junior College in Kentfield, Calif., in 1970. He was born on Sept. 15, 1951 in San Francisco.

## RULE **REVIEW**

Dear Mom and Dad

By Karen Hellyer **CIF-SS Assistant Commissioner** 

Over the years many things have crossed my desk with regard to sportsmanship and the behavior of those who participate in, coach and watch athletics. Some of these are long articles written by psychologists, successful coaches or athletic administrators.

It seems that most all agree that one of the main areas in the sometimes disintegrating world of sportsmanship is parental behavior at sporting events.

One piece of literature that I find most compelling appears as an open letter from an athlete to his/her parents. It speaks volumes about the way things are and the way things should be. With thanks from the Michigan High School Athletic Association. here is an open letter to "My Parents" ...

Dear Mom and Dad.

Thank you for spending so much of your time, love and money in your efforts to make a caring, responsible adult out of me. I really appreciate that. You have taught me so many things - love, responsibility, kindness, respect for other's opinions, beliefs, property and feelings. You have taught me the value of good manners. And all through this you have been excellent role models almost.

Why don't the rules seem to apply when you come to watch me play sports? The same people who taught me all of these wonderful things yell at the team for making mistakes, and worse yet, yell out the names or the numbers of the people who made them. They scream at the refs, pound on the bench, shriek at the coach, and crush me with remarks like, "Get your head in the game!"

My head is in the game folks. I want to win more than you want me to. I want you to be proud of me and I want to be proud of you. Why can't you encourage me with remarks like, "That's okay! Good try! You'll get 'em next time!" See RULE REVIEW page 19.

## **PRESIDENT**

## (Continued from page 2)

this rule. The members of the Executive Committee. Commissioner, and Assistant Commissioners are available to meet with leagues or representatives to assist in the discussion of this issue.

In spite of the complexities of our organization and the myriad of obstacles we face almost daily, the CIF-SS continues to do a terrific job. The Principals and Athletic Administrators are the key to that success. Your decisions effect the lives of our student-athletes and provide each of them with experiences that can be paramount to their adult lives.

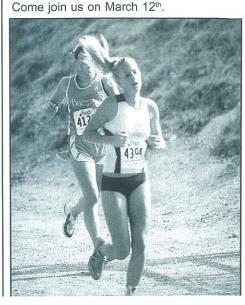

## COMMISSIONER

## (Continued from page 3)

administrators can preview some outstanding programs, share ideas and discuss ways to afford training and support. All free.

With the support of our Ethics in Sports Committee, we will be able to hear about the Josephson Institute's programs on Victory with Honor, the State CIF Coaches Certification Programs, Parenting Programs, and Sportsmanship Activities. The Orange County Human Relations Commission will be there to underscore their efforts to promote greater student understanding and cultural relations. We will hear from the Capistrano Unified School District and others who will be invited to display their wares.

Our purpose is to help promote training programs as cheaply as possible and vet keep up our efforts to improve the quality of coaching and student conduct. We are in hard economic times, but we cannot let that affect our efforts to promote sportsmanship and teach kids proper behavior.

## **RULE REVIEW**

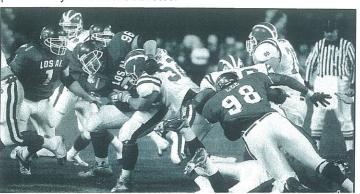

## (Continued from page 7)

Better yet, why don't you say nothing at all? Why don't you sit quietly and clap and cheer when the team does something right? Why do you feel you must cup your hands and screech out orders so loudly that we can't even hear what the coach has to say? Even when you yell praises, you bark them out so loudly it's embarrassing. Do you realize that the other parents don't even want to sit near you? You are not only an embarrassment to me, but to our team, our school, and our fans.

Please remember, you are part of a cheering section - not a jeering section.

Love always, Your Child

Just a little food for thought that you might want to pass on to the parents of your student athletes.
