# PRESIDENT'S MESSAGE

CIF-SS Pushes Forward

By Dr. Gary Smidderks, President CIF-SS Executive Committee

Someone has wisely said "the doors of opportunity are marked, push!" Recent events in CIF Southern Section have given rise to the opportunity to make some changes in section operations and the Executive Committee has decided to "PUSH". These efforts are aimed at increasing office efficiencies and creating new lines of communication with the Executive Committee.

The newly appointed Finance Committee, under the leadership of section Treasurer Tom Triggs, has worked with Commissioner Crowley and the other administrators in the formation of these new operational strategies and procedures. The first outcome of their work has been a reorganization of office operations. Administrative and managerial tasks have been realigned to reduce staff. It is believed that, due ti the fine office staff, these changes will not negatively impact section operations and that the same high standards of organization service will continue unabated.

In addition, new guidelines have been established related to operational expenses and reporting. In this area, credit card usage will be closely monitored by the administrative committee. Beyond this, more detailed financial reports will be presented regularly to the Executive Committee. These will enable committee members to be more aware of the financial activities of the section and be responsive to budget issues.

We believe the steps taken will ensure the further stability and growth of Southern Section. Our section has a tradition of leadership in sports management throughout the state, as well as the nation, and we believe these changes will serve to further this reputation.

# PACTEL CELLULAR & CONLIN BROS. SUPPORT CIF ACTIVITIES & EVENTS

Onceagain we would like to welcome PacTel Cellular and Conlin Bros. to the CIF-SS Corporate team. "It is indeed a pleasure to continue the CIF-SS's relationship with PacTel Cellular and Conlin Bros. Sporting Goods," said Dean Crowley, Acting CIF-SS Commissioner of Athletics. "These fine organizations have again shown their commitment to high school athletics. We are grateful for their participation as sponsors and we encourage the personnel of our member schools to utilize these outstanding companies when purchasing goods and services," said Crowley.

PacTel, "The official Cellular Service provider of the CIF-SS," is currently in the second year of a three year agreement. 'PacTel firmly believes in supporting California's secondary schools and their vital extracurricular programs," notes Conley Smith, Manager, Advertising Communications for PacTel Cellular. "We extend our appreciation and praise to the CIF Southern Section an organization that adds true depth experience and valve to the lives of our future leaders." They are recognized throughout our section by way of program advertisements, display of banners, public address/message board announcements, mailouts and additional promotional opportunities relating to playoffs and championship events. "We use the Southern Section as a reference of information and have enjoyed our relationship immensely," said Dick Conlin, President of Conlin Bros. Sporting Goods. ## COMMISSIONER'S CORNER

Sportsmanship A Challenge for Us All

By Dean Crowley
Acting Commissioner of Athletics

To say the least, the CIF Southern Section has come a long way in the last 81 years to become a recognized leader in high school athletics. However, it is my belief that we have our work cut out for us if we are to maintain the true value of high school athletics for our students and the communities we serve.

We must focus our efforts on the principles of good sportsmanship, ethical behavior and integrity. Jack Roberts, Executive Director of the Michigan High School Activities Association said it best when he stated, "Good sportsmanship is the essence of what we are all about in interscholastic athletics."

School administrators must assume the leadership role in establishing the importance of good sportsmanship. There is little doubt the quality of sportsmanship and behavior displayed at athletic events reflects the leadership provided by the administrative staff.

No doubt one of the most difficult tasks for a school administrator is to make sure the coach is providing the necessary leadership for athletes and the student body. The coach has more influence on the sportsmanship of our schools than any other individual. It is important that coaches demonstrate and apply leadership, integrity, responsibility and sportsmanship at all times both on and off the playing field/court.

If we wish to have our athletic programs continue to be an educational tool, all involved must acknowledge the fact that high school sports are not on the same level as collegiate and professional sports. A proper perspective must be maintained if the potential educational values of athletic competition are to be realized. Good sportsmanship is concerned with the behavior of all involved in the game.

The challenge is before us-our athletes are constantly in the public eye. They are our leaders of today. Many look to them as a source of community pride. Many students in our schools look to the athletes as a role model they would like to emulate. This is why a continued effort in setting high

The CIF Southern Section Executive Committee announced at their meeting on November 23, 1993, the appointment of Dean Crowley as Commissioner of Athletics for the remainder of the 1993-94 school year.

Crowley, 59, has been with the Southern Section since 1976. He was named Associate Commissioner five years ago. "I am pleased to be at the helm for the rest of the year," Crowley said. "I look forward to directing the staff, which will continue to be committed to top service to our schools."

In addition to his duties at the Southern Section, Crowley also is very active in NCAA football as an official and Division I women's basketball as the Superv isor of Officials for the West Coast Conference. He will continue to manage the sports of cross country, basketball, and track & field, in addition to his new duties as commissioner.

Due to a hiring freeze, Crowley's position as Associate Commissioner will not be filled. At the end of the school year, the Executive Committee will review the commissioner position along with the structure

of the office and make any necessary changes in accordance with the strategic planning of the entire state.

Congratulations to you Dean and good luck!

August 14, 1993

The August meeting of the CIF-SS Executive Committee was called to order by President Dr. Gary Smidderks at 8:40 a.m. on Saturday, August 14, 1993. All members were present with the exception of Edna Herring, Dr. James Fleming, and Father Robert Gallagher.

It should be noted that Dr. Packer's son, Larry, a graduate of Walnut High School, is currently a pilot with the Navy Blue Angels' Demonstration team.

Dr. Smidderks welcomed new members Dr. Robert Tucker, Superintendent/Principal of Bishop HS, the Desert Area Representative; and Dale Mitchell, Principal of Centennial HS (Corona), Citrus Belt League Representative. Father Robert Gallagher, Principal of St. Paul HS and the Parochial Area Representative, was on vacation and unable to attend the meeting.

It was announced that Frank Cano had accepted a new position with the Alhambra Unified School District, and that Dr. Debra Bradley has been promoted to the position of Assistant Superintendent with the Lompoc Unified School District.

Dr. Smidderks discussed with the Committee, their role as Executive Committee members and the importance of attendance at all meetings to include Executive Committee, Council and participation on hearing panels.

3. COMMISSIONER'S UPDATE -- Commissioner Stan Thomas discussed with the Committee the failure of the Doug Reudlinger Insurance Company and commended CIF Attorney Andy Patterson for his earlier recommendation that the CIF schools not be involved with the Reudlinger program. Additionally, Commissioner Thomas reported that the staff will again be visiting leagues and that a workshop will be held in five geographic areas entitled, "How the Organization Works."

Due to a conflict in facility usage, the CIF-SS Symposium has been moved from October to February 2, 1994, with Dr. Jim Tunney as the keynote speaker.

It was announced that FOG (Friends of Golf) made a substantial donation of golf equipment to schools within the CIF-SS. Plans are being drawn up for distribution to interested schools sometime in September or early October.

Commissioner Thomas advised the Committee regarding the latest marketing strategy and the increase in the price of rule books due to the financial condition of the National Federation. The 1993-94 goals were reviewed and discussed. 4. BOYS ATHLETIC DIRECTOR REPRESEN-TATIVE UPDATE -- AD Representative Donn Clickard commended the State and Southern Section staff on the new formatting of the Blue Book. Having the sport sections in alphabetical order makes it much easier for Athletic Directors on a daily basis. He also explained to the Committee what he felt to be the role of the athletic director representative--to serve as a problem solver-and he noted that he is developing a number of liaisons in specific geographic areas of the Section. He felt that current issues facing the athletic programs were the participation of foreign exchange students, travel allowance for playoffs and the vast differences in spring vacation schedules, which affect game schedules.

5. GIRLS ATHLETIC DIRECTOR REPRESEN-TATIVE UPDATE -- Donna Gunstream, Girls AD Representative, concurred that athletic directors are having a difficult time scheduling around spring vacation schedules, which are different for many schools, even within a league. Additionally, she advised the Committee that she is in communication with the California Association of Health, Physical Education and Recreation.

6. SUPERINTENDENT'S UPDATE -- Dr. Ron Franklin, Superintendent's Representative, stressed the importance of the superintendents' meetings that Commissioner Stan Thomas has been conducting during the spring. Additionally, he announced the formation of a superintendent's advisory committee to be formulated in the fall.

7. TREASURER'S REPORT -- Tom Triggs, Treasurer, reviewed the spring playoff financial reports and due to less corporate support on the horizon and the increasing cost of doing business, a discussion was held with reference to a possible increase in dues for the 1994-95 school year. It should be noted the last increase in dues in the Southern Section took place 9 years ago.

8. STATE CIF REPORT -- Dr. Tom Jacobson, State Federated Council Representative, updated the Executive Committee on current marketing strategy and strategic planning with the next State Federated Council meeting set for October

9. AREA REPRESENTATIVE REPORTS -- Executive Committee area representatives reported that the decrease of state funding impacting school budgets is affecting many school athletic programs and transportation costs continue to be a

14. DIVISION I FOOTBALL PLAYOFF RIGHTS FEE -- Bill Clark announced that the Division I championship football final will be televised live by KCOP. Following discussion, it was moved, seconded and passed that the CIF-SS, in order to benefit all schools within the Section, retain the rights fees for this contest, with schools receiving the normal contest split.

15. DETERMINATION OF PLAYOFF SITES -- Bill Clark reviewed new playoff handbook language with reference to determination of playoff sites. It should be noted that schools will no longer be designated as "home teams" but as "host" teams. The designation of "host" will not guarantee that the game be played at the school's facility. It does designate the responsibility for management of the contest, including the designation of a site that will handle the anticipated

## BASKETBALL CHAMPIONSHIPS TO BE HELD AT ANAHEIM ARENA

The CIF Southern Section office is proud to announce that the 1993-94 Boys Basketball Championships will be held at the new Anaheim Arena, home of The Mighty Ducks.

How exciting it will be for our studentathetes to have the opportunity to play in a brand new facility. The Arena is easily accessible from five major freeways and is close to Anaheim Stadium.

We will be holding the boys Divisions I through III at The Pond (the Ducks name for the Arena) on Saturday, March 5, 1994. Boys Division IV will be held at the Bren Center at UCI on Friday, March 4, 1994 with Division V playing at an alternate site. For the girls, Divisions I through III are scheduled for Cal Poly Pomona on Saturday, March 5, 1994. All other division will be at alternate sites. Please keep in mind that all dates and sites are subject to change.

Also, the divisional breakdowns are as follows: IAA - 1,775 and up; IA - 1,500 to 1,774; IIAA - 1,301 to 1,499; IIA - 1,125 to 1,300; IIIAA - 980 to 1,124; IIIA - 750 to 979; IVAA - 460 to 749; IVA - 301 to 459; VAA - 85 to 300; and VA - 1 to 86. Remember that enrollments are based on grades 10, 11 and 12 and single gender schools are doubled.

We look forward to working with the Arena and the participating schools. A fun time should be had by all.

## RULE REVIEW

By Bill Clark CIF-SS Administrator

Over the past few years we have seen an increase in potential abuses of football players by allowing them to compete in more than one level of competition during a week. CIF Southern Section rules state that a team may not compete in more than two contests in an 8-day period and an individual may not participate in more than one level of competition in a day.

These rules were written in such a way so schools could, for example, play a varsity game on Friday night and those athletes that did not play very much would be able to play in a junior varsity contest the next day. We are finding now that many schools are scheduling their JV games on Thursdays prior to the varsity contest. It seems that where some schools are experiencing a decrease in the number of athletes coming out for football, they are finding themselves using some players in both JV and varsity contests in the same week.

It was not the intent of the rule to allow a student-athlete to be able to start or play a great deal in both contests. The intent was to give schools some flexibility for athletes that are on special teams or play sparingly to come back and play in another game. If a school does not have enough athletes to field more than one team, they probably should consider dropping one of those teams.

Additionally, it would be the hope of the Southern Section office that leagues would look into rules relating to athletes moving from one team to the other. Many leagues have rules in all sports stating that once a student plays a varsity game, they cannot move down for the rest of the year or viceversa. There is some real potential for injury if schools allow athletes to compete in more than one contest in a week, particularly if they are playing a lot in each contest. Hopefully, principals will review this matter at their school and also discuss it at their league level.

## TONY HERNANDEZ/BRET LEWIS EMCEE 1993 FOOTBALL PRESS CONFERENCE

It was both an honor and a pleasure to have  $BretLewis from KNBC and \^{T}ony Hernandez$ from KCOP on hand to emcee the 18th annual CIF Southern Section Football Championship Press Conference Luncheon held at the Seguoia Athletic Club on December 6, 1993. It was a great success for all in attendance.

The conference is intended to bring together the coaches and players who will be participating in the championship finals later, in the week, with local media representatives. This gives the media an excellent opportunity for advance interviews. It is also a great way to promote sportsmanship between the competing teams.

"The values learned here will be carried with you throughout your lives," said Tony Hernandez. "Congratulations to you all." It

is important the student-athletes remember that even if they lose on the playing field, they are winners for being there and should be proud.

Bret and Tony really enjoyed being with us and even commented on the opportunity to be working together. Their enthusiasm seemed to be contagious.

Also on hand were Dr. Gary Smidderks, President of the Executive Committee; Frank Cano, Executive Committee board member; Dean Crowley, Acting Commissioner of Athletics; Bill Clark, CIF-SS Administrator and a variety of Southern Section corporate spon-

A big Southern Section thank you to Bret Lewis and Tony Hernandez for a job well done.
