Be advised this is not a complete document; it does not discuss all rules and regulations. Coaches are reminded they need to refer to the CIF Southern Section Blue Book, NFHS Rule Book and to discuss issues with their athletic administration.

2017-18 CIF-SS Boys and Girls Soccer Advisory Committee

The CIF Southern Section is continuing to utilize the concept of coaches' advisory committees for all sports. The role of the advisory committee may or may not include the following:

- Meetings
- Recommendations for playoffs sites
- Recommendations for procedural changes
- Recommendations for rule changes
- Assistance to coaches and/or official's organizations
- Evaluation of sport season
- Communications between coaches and the CIF-SS office
- Event Management at Championship Events

The Coaches Advisory Committee is made up of member coaches and an administrator from the CIF-SS office staff. Coaches selected for the committee provide a cross-section of the organization, based upon geographic, as well as competitive divisions. Should you have suggestions or questions regarding soccer competition, please make use of this excellent channel of communication; it is provided to serve your interests. The committee will meet on a regular basis during the season and your items will become part of our agenda.

BLUE BOOK RULES - SPECIAL POINTS OF INTEREST

ACCOUNTABILITY RULES

RULE 125.1 - COACH EJECTION

Upon the ejection of a coach from any CIF Southern Section contest, it is the responsibility of the principal of said school to file a letter of explanation with the CIF Southern Section office which includes the circumstances surrounding the matter and what action the principal has taken to prevent a recurrence. Said correspondence is to be filed in CIFSSHome within THREE school days of notification of the ejection. Additionally, upon ejection, the ejected coach shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season.

RULE 125.2 - FAILURE TO COMPLETE A CONTEST

When a school fails to complete a contest, due to a coach pulling the team from the floor, court or field, it is MANDATORY that the CIF-SS office be notified by the principal within 24 hours (excluding holidays and weekends). The competing schools and officials will be required to file written reports and, after review of the aforementioned material, the principal of the school involved will be required to respond to the CIF Southern Section office concerning his/her investigation of the incident.

Q & A - How serious is such action? It has been the position of the CIF-SS Executive Committee to expect the building principal of the school concerned to relieve the coach from his/her assignment for the balance of that season or the Executive Committee is empowered to consider recommendations for additional penalties.

RULE 503.H – CONCUSSION PROTOCOL

A student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time for the remainder of the day. A student-athlete who has been removed from play may not return to play unless the athlete is evaluated by a licensed health care provider trained in education and management of concussion and receives written clearance to return to play from that health care provider. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by all athletes and the athlete's parent or guardian before the athlete's initiating practice or competition.

(Revised May 2012 Federated Council)

Q & A: What is meant by "licensed health care provider?" The "scope of practice" for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).

RULE 506 – PRACTICE ALLOWANCE

All teams will be allowed no more than eighteen (18) hours of practice time per week and no more than four (4) hours in any single day. Double day practices shall not be held on consecutive days and must include a minimum of three hours rest between practices. Any competition day would count as three (3) hours toward the allowable weekly and daily practice hours no matter the length of the contest(s). No practice may be held following the conclusion of any contest.

Definition of Practice

- (1) Any school team or individual activity organized by the coach that is intended to maintain or improve a student athlete's skill proficiency in a sport; AND/OR
- (2) Any school team or individual activity that includes skill drills, game situation drills, inter-squad scrimmages or games, weight training, chalk talks, film review, meetings outside of school time (excluding parent meetings) that are implicitly/explicitly required by the coach; AND/OR
- (3) Any other coach-directed or supervised school team or individual activity or instruction for a specific sport (private, small group or positional instruction, etc.) AND/OR
- (4) Any other team or individual instruction for a specific sport organized or supervised by any team member, or anyone else associated with the high school athletic program, team or school; AND
- (5) Outside organization activity (club, etc.), shall not be used to circumvent these Bylaws.

RULE 514 - TOBACCO PRODUCTS PROHIBITED

The use of tobacco products in conjunction with any CIF Southern Section athletic contest is prohibited. This would include all those involved in the contest including players, coaches and officials.

CONCUSSION RETURN TO PLAY PROTOCOL

CA STATE LAW AB 2127 (Effective 1/1/15) STATES THAT RETURN TO PLAY (I.E., COMPETITION) CANNOT BE SOONER THAN 7 DAYS AFTER EVALUATION BY A PHYSICIAN (MD/DO) WHO HAS MADE THE DIAGNOSIS OF CONCUSSION.

Instructions:

This graduated return to play protocol MUST be completed before a student athlete can return to FULL COMPETITION.

- A certified athletic trainer (AT), physician, and/or identified concussion monitor (e.g., coach, athletic director) must monitor your progression and initial each stage after you have successfully pass it.
- Stages I to II-D take a *minimum* of 6 days to complete
- You must be back to normal academic activities before beginning Stage II, unless otherwise instructed by your physician.
- You must complete one full practice *without restrictions* (Stage III) before competing in first game.

After Stage I you cannot progress more than one stage per day (or longer if instructed by your physician).

If symptoms return at any stage in the progression, IMMEDIATELY STOP any physical activity and follow up with your school's AT, other identified concussion monitor, or your physician. In general, if you are symptom-free the next day, return to the previous stage where symptoms had not occurred.

Seek further medical attention if you cannot pass a stage after 3 attempts due to concussion symptoms, or if you feel uncomfortable at any time during the progression.

You must have written physician (MD/DO) clearance to begin and progress through the following Stages as outlined below (or as otherwise directed by physician)				
Date & Initials	Stage	Activity	Exercise Example	Objective of the Stage
	I	No physical activity for at least 2 full symptom-free days AFTER you have seen a physician	<ul style="list-style-type: none"> • No activities requiring exertion (Weight lifting, jogging, P.E. classes) 	<ul style="list-style-type: none"> • Recovery and elimination of symptoms
	II-A	Light aerobic activity	<ul style="list-style-type: none"> • 10-15 minutes (<i>min</i>) of walking or stationary biking. • Must be performed under direct supervision by designated individual 	<ul style="list-style-type: none"> • Increase heart rate to no more than 50% of perceived maximum (<i>max</i>) exertion (e.g., 100 beats per min) • Monitor for symptom return
	II-B	Moderate aerobic activity (Light resistance training)	<ul style="list-style-type: none"> • 20-30 min jogging or stationary biking • Body weight exercises (squats, planks, push-ups), max 1 set of 10, no more than 10 min total 	<ul style="list-style-type: none"> • Increase heart rate to 50-75% max exertion (e.g., 100-150 bpm) • Monitor for symptom return
	II-C	Strenuous aerobic activity (Moderate resistance training)	<ul style="list-style-type: none"> • 30-45 min running or stationary biking • Weight lifting ≤ 50% of max weight 	<ul style="list-style-type: none"> • Increase heart rate to > 75% max exertion • Monitor for symptom return
	II-D	Non-contact training with sport-specific drills (No restrictions for weightlifting)	<ul style="list-style-type: none"> • Non-contact drills, sport-specific activities (cutting, jumping, sprinting) • No contact with people, padding or the floor/mat 	<ul style="list-style-type: none"> • Add total body movement • Monitor for symptom return
Minimum of 6 days to pass Stages I and II. Prior to beginning Stage III, please make sure that written physician (MD/DO) clearance for return to play, after successful completion of Stages I and II, has been given to your school's concussion monitor				
	III	Limited contact practice	<ul style="list-style-type: none"> • Controlled contact drills allowed (no scrimmaging) 	<ul style="list-style-type: none"> • Increase acceleration, deceleration and rotational forces • Restore confidence, assess readiness for return to play • Monitor for symptom return
		Full contact practice Full unrestricted practice	<ul style="list-style-type: none"> • Return to normal training, with contact • Return to normal unrestricted training 	
MANDATORY: You must complete at least ONE contact practice before return to competition, or if non-contact sport, ONE unrestricted practice (<i>If contact sport, highly recommend that Stage III be divided into 2 contact practice days as outlined above</i>)				
	IV	Return to play (competition)	<ul style="list-style-type: none"> • Normal game play (competitive event) 	<ul style="list-style-type: none"> • Return to full sports activity without restrictions

Athlete's Name: _____ **Date of Concussion Diagnosis:** _____

RULE 600 – COMPETITION ON AN OUTSIDE TEAM

The following information and explanation effects **ALL** levels of competition. This includes varsity, junior varsity, sophomore and freshman teams.

1. A student on a high school soccer team **CANNOT** compete on an “outside” soccer team during the student’s high school season of sport.
2. The CIF-SS, which your school is a member, further defines that the student’s “season of sport” begins with his/her **FIRST** interscholastic competition which includes non league games, tournament games or league game. **(The earliest date in the Southern Section for the 2016-17 season is November 21)**

Q & A – What exactly does this mean? *No member of a high school soccer team can compete on and “outside soccer team” which has 6 or more players after his/her first game for his/her high school.*

RULE 601 - BYLAW 600 PENALTY

A. INDIVIDUAL

- (1) **FIRST OFFENSE IN HIGH SCHOOL CAREER IN ANY SPORT** - The student becomes immediately ineligible for participation with his/her high school team for a number of contests equal to twice the number of contests of outside competition in which the student participated.
- (2) **ANY SUBSEQUENT OFFENSE IN HIGH SCHOOL CAREER IN ANY SPORT** - The student becomes immediately ineligible for one year (365 days) from the second infraction in all sports.

B. TEAM

- (1) **GAMES FORFEITED** - Games in which a student participated on his/her high school team after violation of CIF Bylaw 600 shall be forfeited.

RULE 2500 - OFFICIAL NATIONAL FEDERATION AUTHENTICATING MARK

Only balls with the National Federation authentication mark shall be used in the sports of baseball, basketball, field hockey, football, soccer, softball, volleyball and water polo. (February 1999 Federated Council; revised to include lacrosse November 2000 Federated Council.)

RULE 2508 – SUMMERTIME RULES

2508.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

Q & A Who may participate in high school summer athletic programs approved by the principal? Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

2508.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- * High school students and individuals from the general community can attend.
- * The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- * The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- * The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- * Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

2508.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting **ONLY** would be permitted. No running or other type of conditioning would be allowed.

Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

RULE 2510 - LEVEL OF COMPETITION

No student shall participate in more the ONE level of competition in the same sport in the same day.

RULE 2513 - SPECIAL RULES FOR SOCCER

2513.1 - The duration of varsity games shall be two equal 40-minute halves. The duration of junior varsity and frosh-soph games shall be two equal 35-minute halves. In the case of a tie game, two extra periods of ten minutes each may be played, by league adoption for league games, or by mutual agreement between coaches in non-league games. A tie at this latter point then stands as official.

2513.2 - A player who receives a red card or two yellow cards in any game (non-league, tournament, league or playoff game) may not play in the team's next game played or be in attendance. (See Rule 2416)

2513.3 - A player who receives a yellow card in any game (non-league, tournament, league or playoff) must leave the field and may be substituted for. The player may re-enter the game at any subsequent time that a legal substitution may be made.

2513.4 - Prior to any game (non-league, tournament, league, playoff) each coach must submit completed line-up cards to the referee and opposing coach.

2513.5 - Any high school soccer team (boys' or girls', Varsity or Non-Varsity) receiving it's fourth red card during the high school season of sport, will immediately be put on probation and will lose four allowable contests the subsequent season.

If a boys' or girls' soccer team that is on probation receives an additional three (3) red cards during their probationary period, the following penalties will apply:

Varsity teams will be removed from the CIF Southern Section Playoffs for a period of one year and continue their probationary status for the following season

OR

Non-Varsity teams will be restricted to playing their league schedule only during the subsequent high school season.

If a team whose current status is "probationary" then violates the red card policy (again), that level of competition will be suspended from participation in the CIF Southern Section entirely the subsequent season.

Note: All individual penalties shall apply (i.e. 1st red card - individual is removed from the game and must sit out the next contest played by his/her team, 2nd red card - individual must sit out the next two contests, etc.)

Upon written appeal to the Southern Section commissioner, the school may petition the Section for reinstatement of the team to be removed from probationary status.

RULE 2516 - PLAYER CONDUCT RULE –

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed in CIFSSHome prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed in CIFSSHome prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

Q & A: What must be submitted to the Section office before a student can be cleared to rejoin his/her team? The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

Q & A: What is meant by attendance at a contest? Attendance is defined as being present at the location/site of the contest, which includes the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/site of the next contest.

Q & A: What happens when a student engages in Fighting/ Assaultive Behavior during an athletic contest that is not observed by game officials? In cases when a student engages in Fighting or Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.

Q & A: What happens if a student is ejected from the first contest at a tournament when there are two contests on that day? When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.

Q & A: What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season? The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.

Q & A: What if a senior (12th grader) student receives a red card, misconduct of any kind, or ejection during the last game of the season? If a senior (12th grade) student receives a red card, misconduct or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

3210 - FREE LANCE PLAYOFF ENTRY VERIFICATION -- If a school does not have membership in a league or the school belongs to a league which does not offer students, in a given sport, an opportunity to qualify into CIF-SS championships, special conditions exist which must be followed in order to qualify for possible entry into a CIF-SS playoff activity.

3310.1 Team Sports - All free lance schools desiring entry into the playoffs must submit its schedule to the Commissioner for evaluation and approval of conditions under which the team may qualify. Schedules must be submitted prior to the start of each season for evaluation.

Q & A - How can a team qualify for consideration for free lance competition? You must schedule 80% of allowable games per sport, they must be at the varsity level, and in order to be considered, you must have a .500 or better record in all games played. Additionally, teams who win 80% of its contests played will be guaranteed entry. (Except football)

CIF-SS SOCCER GUIDELINES

The Following points of emphasis should be reviewed by coaches, staff and players regarding CIF Southern Section rules and regulations as published in the CIF-SS Blue Book. This list is not all-inclusive; it highlights key areas.

MAXIMUM TEAM CONTESTS

A soccer team is permitted to play no more than twenty (20) games during the season including tournaments but excluding CIF Southern Section playoffs. Games scheduled with alumni and/or faculty will not count toward the allowable number of contests and must be played during the defined season of sport. A team may not be entered in more than three tournaments.

1. For each tournament, a team will be charged two games toward the allowable number of contests.
2. The maximum number of contests allowed any team in a tournament, whether participating in the championship or consolation bracket, shall not exceed 5 contests, while still counting as 2 of your allowable contests.
3. Tournament managers are responsible for notifying participating schools of the number of games and/or teams participating in the tournament.
4. No soccer team may play more than one game in one day except in tournaments where the following rules will apply: a team may play three regular games in one day in a tournament on a non-school day, provided the total minutes played does not exceed 150 minutes for that day.

TOURNAMENTS

For those schools hosting sanctioned events, please review the 700 series. In particular, please be aware of the fact that all sanctioned events are to be administered by the sanctioning school and not outside groups. The interpretation is that all entry fees must be handled through student-body accounts under the administration of the principal of that school.

DURATION OF GAME

The duration of games for soccer games shall be two equal 40 minute equal halves for varsity games, 35 minute halves for junior varsity games and Frosh-Soph games. In the case of a tie game, two extra periods of ten minutes each may be played, by league adoption for league games, or by mutual agreement between coaches in non-league games. A tie at this latter point stands as the official.

TIE BREAKING PROCEDURE

With the potential for advancement to CIF-SS Soccer Regional Championships, a champion will need to be declared in each of the seven divisional finals.

The tie breaking procedure adopted by the soccer advisory committee will apply to ALL CIF-SS playoff rounds is as follows:

- After regulation time there will be 5 minutes prior to the start of overtime.
- Two, ten minute "Golden Goal" (or sudden victory) periods will be played with 2 minutes between each half.
- If a tie score still exists, the game will be decided by kicks from the mark.

GAME BALL

The game ball for ALL CIF-SS playoff rounds are the **Spalding TF5000 NFHS, Spalding TF-SC3 NFHS or Spalding TF-SC5 NFHS for both boys and girls use.**

OUTSIDE COMPETITION BY AN INDIVIDUAL DURING THE SEASON OF SPORT

A member of a high school soccer team may not compete for an outside team in the sport of soccer during the season of sport. A season of sport (as outlined in CIF-SS Blue Book Rule 504) is defined as that period which begins with a student's first interscholastic competition (non-league, tournament or league game) and ends with that student's last interscholastic contest (tournament, non-league or CIF-SS playoff game).

SCOUTING PROHIBITION - PRACTICE SESSION

Scouting of any type that would include personal viewing, written notes, audio tape, motion pictures, video reproduction and/or any other type of reproduction such as still pictures, etc., shall not be taken in any sport of a member school's practice sessions by anyone without written consent of the participating school(s). An interscholastic scrimmage is not subject to this rule.

Q & A - What is allowed with regard to scouting a contest? There will be NO restrictions on the part of member schools regarding the filming/video-taping of any contest. Host schools will maintain game management rights and responsibilities.

OFFICIALS

It is required that:

1. When contacted by the official at least 24 hours in advanced, the host school will have available someone who will handle the needs of the officials assigned to the contest.
2. The home school will have available someone to handle the needs of the officials assigned to the contest. This should include but not be limited to facility orientation, locker room assignment and parking.
3. The officials' locker rooms are open at half-time and immediately after the game.
4. At the completion of the contest, the officials' locker and dressing facilities remain secured for at least 20 minutes. Coaches and other school officials should not enter an officials' dressing area for the purpose of complaints.
5. Coaches should not approach or confront the officials at the completion of a contest.
6. Coaches and school officials should not make public statements to the news media criticizing officials.
7. School officials be alert to potential problem situations and provide security for officials to and from their dressing facilities and to the parking area after the contest when necessary.
8. Athletic administrators convey to the coaching staff that any problems regarding officiating be handled first through the Area Officials' Liaison and second by the CIF-Southern Section Office, if it is serious in nature.
9. A representative from the host school shall handle financial matters prior to the start of the contest. This task should not be handled by the coach.
10. The participating schools should enforce the principles of Pursuing Victory with Honor and the education code with regards to fan and spectator behavior. Schools are strongly encouraged to remove and sanction any spectator who engages in abusive verbal or physical behavior or who uses profanity.
11. Schools not in compliance with numbers 1-10 will be reported to their Area Liaison by the officials association within five (5) school days. Regardless of the infraction, the contest will be played.

SOCCER FIELD

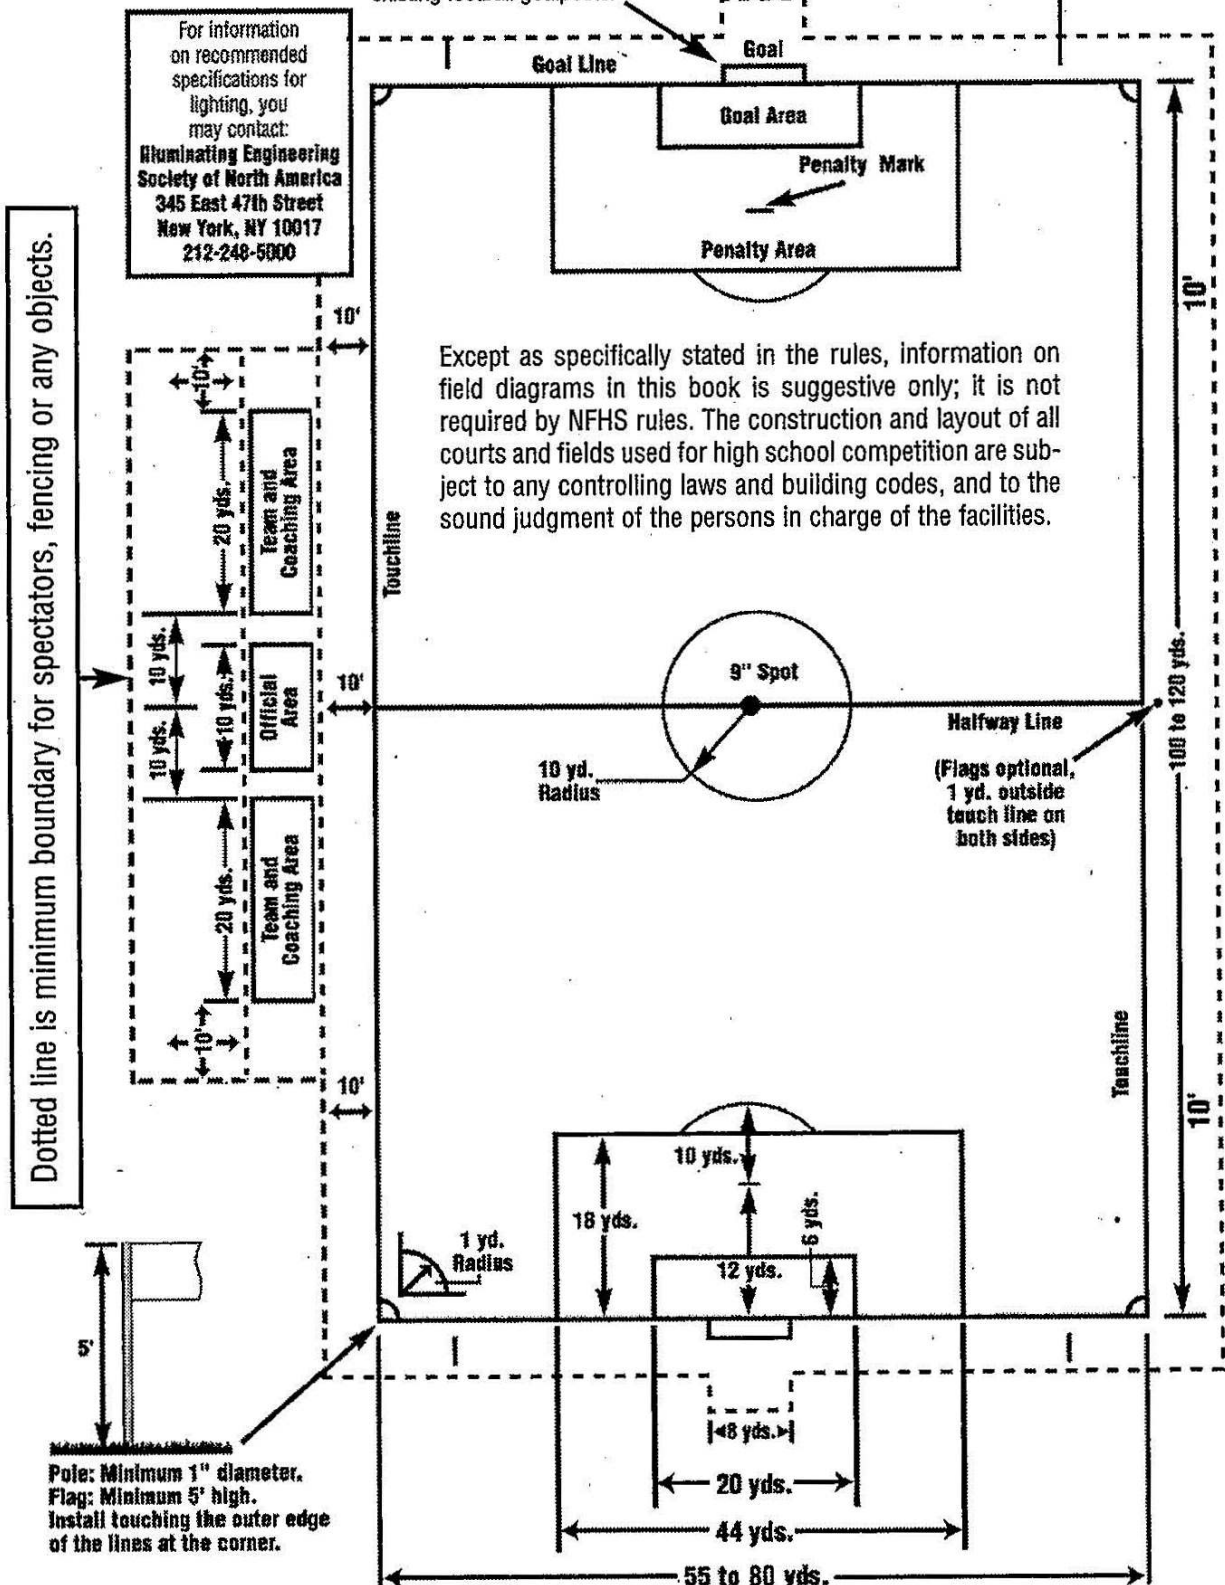

***MEASUREMENTS** are taken from outside to outside of the line.

HASH MARK (optional)
(1 yd. in length beyond goal line;
11 yds. from touch line;
located at each corner of field)

If used on a football field, portable goals should be anchored at least 2 yards in front of the base of the existing football goalposts.

National Federation State High School Associations Soccer Rules Changes - 2017-18

4-1-1d: If visible apparel is worn under the jersey and/or shorts, it shall be a single solid color matching the predominant color of the respective garment. Visible arm compression sleeves shall be a similar length, all alike and of a solid color matching the predominant color of the jersey. Visible leg compression sleeves shall be of a similar length, all alike and of a solid color matching the predominant color of the shorts.

Rationale: Players often wear compression shorts which are longer than the short or jersey. They should be of the same color. This rule addition is needed to maintain consistency with current uniform rule requirements and color restrictions.

4-2-1 Exception 1: Deleted

Rationale: With the adoption of the change related to the use of headgear as opposed to only headbands, this exception is no longer necessary.

4-2-9: A soft padded headgear that meets the ASTM standard is permitted.

Rationale: This allows for the newer headgear styles that are currently in the market to be used that are not just headbands.

5-1-3f: Unless otherwise prohibited by the state association, electronic communication devices may be used to communicate with crew members.

Rationale: This rule allows, but does not require, the use of common communication devices that are currently available and affordable. This will permit officials to utilize such equipment and improve communication allowing for a better officiated game, if permitted by the state association.

8-1-3: The ball shall be kicked while it is stationary on the ground in the center of the field of play and may clearly move in any direction.

Rationale: Requiring that the ball move forward on the kickoff is meaningless in the modern game.

10-1-3f: A goal may not be scored directly from a kickoff into the kicking team's own goal.

Rationale: This change retains consistency with the concept that a team cannot score against themselves from a free kick, as provided in 10.1.3 c, d and e.

13-1-2: All free kicks, with the exception of penalty kicks, may be taken in any direction. Free kicks are taken from the spot of the foul except for the reasons listed in 13-2-3, which are taken from the location of the ball when the referee stopped play. Free kicks resulting from fouls committed in the goal area are taken as described in 13-1-3 or 13-1-4. Indirect free kicks for offside (13-2-2b) are taken from the spot where the offending player interfered with play, interfered with an opponent or gained an advantage by being in that position.

Rationale: The current rule also does not clearly identify where indirect free kicks for offside are taken. This change makes it clear.

14-1-4: The ball shall be kicked while it is stationary on the ground from the spot or any place on the penalty mark. To be in play, the ball shall be moved forward. The player taking the penalty kick is permitted to use a stutter step or a hesitation move provided there is no stopping and there is continuous movement toward the ball. Failure to kick the ball as specified shall be considered a violation by the attacking team and the appropriate penalties shall apply. Stutter-stepping is not an interruption in movement.

Rationale: This addition of these sentences clarifies that the stutter step is allowed.

CROWD CONTROL

With the soccer season about to begin, administrators should review supervisory and crowd control procedures for the winter soccer season. Coaches, please review with your principal and athletic director the National Federation minimum requirements for crowd control.

As a review:

NATIONAL FEDERATION RULES

REQUIRE THAT SPECTATORS BE CONFINED TO AN AREA AT LEAST 10 FEET FROM THE TOUCH LINE, TEAMS, OFFICIALS AND GOAL LINE. NO ONE SHALL BE PERMITTED DIRECTLY BEHIND EITHER GOAL UNLESS SEATED IN BLEACHERS.

Home School Supervision – Faculty supervisors should be individuals who are as familiar as possible with the members of the student body in order to facilitate identification of students whenever necessary.

Visiting School Supervision – The visiting school should assign a sufficient number of supervisors in order that adequate crowd control can be accomplished.

UNIFORMS

The home team shall wear **solid** white jerseys and **solid** white socks, and the visiting team shall wear dark jerseys and socks. (Reference NFHS Soccer Rule 4, Section 1, page 21 of the 2016-17 NFHS Soccer Rules Book).

RE: CIF SOUTHERN SECTION BOYS & GIRLS SOCCER SEASON UNIFORM SPECIFICATIONS

As a reminder to all, the NFHS implemented soccer uniform specifications as of November 2013. For a few years leading up to this change, memorandums went out anticipating this change in hopes of helping teams prepare for the implementation and enforcement of the uniform expectation. Given the fair warning schools have received (through the NFHS Soccer Rules Publications and CIFSS Memorandum and through the Soccer Coaches' Association) and the full year that has passed since the compliance expectation, we thank you in advance for your team's full adherence to the uniform guidelines provided.

Should your team be out of compliance, we've asked that an incident report be filed by the overseeing official/s. Your school will also receive notification through CIFSS Home that an incident report has been filed for your school with the specific uniform compliance issue listed. Any schools that are not in uniform compliance after January 1, 2015 will lose home playoff hosting opportunity.

CIF is hopeful we will have 100% uniform compliance this season. Thank you for your attention to this matter. Good luck!

What are the advantages of joining the association?

- This association **represents the interests** of over 800 boys and girls coaches in the sport of soccer.
- Since 1985, the Coaches' Association has played an important role in **keeping the membership informed** about what is happening at the CIF Southern Section at the sectional, divisional, and league levels. This is important with the new divisional playoff groupings changing every year.

- Our association has input into the **weekly top 10 polls**, playoff seeding, and selection of the All-CIF teams. Members are able and encouraged to vote each week for their division's top ten polls.
- The association sponsors the annual **Senior All-Star Showcase** for players of member coaches, who deserve that honor due to their outstanding performances for their schools or have been selected to the All-CIF teams. This is done at **no cost to the All-Stars or the coaches**.
- Each year the association **offers scholarships** to deserving male and female student-athletes who have competed in the sport of soccer for their respective high schools.
- The association serves its members as a **strong voice in support of the game we love and for the athletes we coach** when issues arise concerning our sport.

To view our current Executive Board and the Divisional Coordinators, go to our site for information at www.socalsoccer.org/contacts. Your association is always looking for enthusiastic, positive coaches to serve on our board or as coordinators and we invite you to become involved.
