

## CIF- SS Boys Volleyball Power Ranking & Divisional Information 2023-2024

1) This release is only the initial release for the 2023-2024 season. Adjustments can be made until February 17, 2024 when the season begins. After the start of the season teams that are missing information and are listed as “Ineligible” or not listed at all will be ineligible for the post-season.

If you do not see your school listed here please contact our office immediately.

2) Based upon a two-year weighted power point total. 30% value for the 2022 season and 70% value for the 2023 season.

3) Strength of regular season schedule results and playoff performance results v. schools from within the Southern Section. Opponents from outside the Southern Section or any contest played during the CIF State Regional tournament currently carry a power point value of zero.

4) Regular season matches are weighted based upon the strength of opponent and the result against them. Power points are earned regardless of if the match was won or lost. Example: a loss in a match v. a Division 1, tier 1 opponent would earn you 25 power points while a win in a match v. a Division 2, tier 2 opponent would earn you 40 power points.

5) Playoff matches are awarded bonus points for each round you advance.

6) The breaks in each division were set based on the number of schools it takes to find on average 30 automatic playoff qualifiers in each division.

7) The power points each win or loss vs. an opponent will change throughout the season as that opponent’s record improves or decreases.

8) Schools that do not report two years of data are not eligible for entry into the 2024 Boys Volleyball playoffs.

9) Schools have from the date of the original release on January 12, 2024, until the start of the regular season on February 17, 2024, to correct any errors made to the 2023 season schedule. After February 17, 2024, release no more adjustments will be made. Schools who fail to enter the required information prior to the start of the season will **NOT BE ELIGIBLE** for the playoffs regardless of how they finished in league play.

10) At the top of the rankings there will be a DIV 1 / DIV 2 playoff grouping. What playoff division these teams compete in will not be decided until the last seeding meeting at the end of the regular season. Throughout the course of the season results will be collected and reviewed to track and rank the weekly top 10. Using the power ranking system **AND** committee determination the top teams from the combined list will make up the Division 1 playoff bracket. The Division 1 group will be 8 teams and those selected 8 will compete in a “Pool Play” playoff system. The remaining teams will make up Division 2. Division 2 will be a 16-team bracket that may require “wild card” contest. Division 3 – 7 will have a 32-team playoff bracket.

### **Point Formula Information:**

Regular season

There are four levels of point totals for each division based on wins and losses by an individual volleyball team. Each division has a point differential of four (4) points for each tier both for a win and a loss. There is a sliding scale within each tier for a win or loss.
