Volleyball Rules Changes - 2023-24

(https://cifss.org/news/2023-volleyball-rules-powerpoint/?_sports=boys-volleyball)

By NFHS on February 03, 2023

2-1-9 (NEW), 12-2-5: Creates a coaching zone defined by the libero replacement zone extending beyond the end line and sideline extended.

Rationale: Defines and clarifies the area in which coaches may stand.

4-1-7: Allows small, secured stud or post jewelry to be worn above the chin.

Rationale: Maintains consistency with current trends of other NFHS and volleyball rules codes.

4-2-4b: Eliminates the use of uniform numbers with a leading zero (01, 02, 03, etc.) beginning in 2028.

Rationale: Clarifies legal numbers and eliminates confusion when signaling while aligning with other rules codes.

10-2-1: Allows requests for substitution by the head coach to be signaled or verbalized.

Rationale: Creates consistency by allowing either a verbal or non-verbal signal for as substitution.

12-2-6: Establishes that one assistant coach may stand within the coaching zone to provide instruction during dead-ball situations **only**.

Rationale: Allows an assistant coach to stand and coach during dead-ball situations in addition to the head coach.

The assistant coach that stands may change throughout the match, but only one can stand at a time.

Volleyball Points of Emphasis - 2023-24

By NFHS on March 01, 2023

Using the Lineup Card Effectively

According to the NFHS Volleyball Case Book and Officials Manual, “The lineup card is a tool to assist the second referee. The lineup card is to be used to record the starting lineup and verify each team’s lineup at the start of the set. If the lineup is recorded in serving order, the second referee must remember that the receiving team’s first server will begin in the right front position.” Early in the season, while checking the lineup for each set, the second referee can ask the receiving team’s Right Front, “You are your team’s first server, correct?”

Information to be kept on the lineup card may include serving order, substitutions, time-outs, captain, player identification (like circling the back-row setter) and yellow/red cards.

Starting the Set:

- Use or create a succinct lineup card for checking the team’s starting positions prior to each set.
- Encourage the scorer to check each team’s lineup as you verify the player’s positions.
- From the sideline, check the lineup of the receiving team, leaving the game ball at the officials’ table. Avoid pointing at each player while verifying their order. Identify the captain for the first referee. If a libero is being used, authorize the libero by using the authorization signal. Repeat the protocol while checking the serving team from their sideline.
- Retrieve the game ball from the officials’ table and toss the ball to the first server.
- Quickly scan both benches to ensure that all practice balls are secure, and the playing surface is safe.
- Place your lineup card and writing utensil in your pocket. Take the ready position on the receiving team’s side, face the court with shoulders parallel, make eye contact with the first referee and signal “ready” by extending the arm farthest from the net toward your partner.

During the Set:

- Some second referees are very quick and smooth recording information, and immediately return their card/pencil to their pocket. This process should not be a distraction.
- Upon contact of the serve, move immediately to the blocking team’s team side of the net and continue to transition as the rally continues.
- If the second referee whistles a fault, step to the side at fault and signal the fault, then mimic the first referee’s point signal. If the first referee ends play, many second referees get to the fault side and mimic their partner’s signals.
- Refrain from signaling with a lineup card and pencil in your hand(s).
- During a substitution, the second referee whistles two short blasts and signals once a substitution has been requested. If you record the substitution on the lineup card, take the card and pencil out of your pocket and allow the substitute to enter. While recording, look over your shoulder to ensure that the scorer has the entry/entries.
- Get to the receiving team’s side, finish recording quickly, put the lineup card/pencil away and give the game back to the first referee.

- Refrain from giving the ready signal to your partner if you are still recording information, and continue recording, as the first referee will authorize the serve and you will not be prepared to observe potential illegal alignment.

The second referee should not hinder the tempo and pace of the match. If using a lineup card between plays, the second referee should be efficient and work to expedite their recordings.

The more knowledgeable a second referee becomes of the game, the less they will be dependent upon the lineup card to recognize infractions such as illegal alignment, improper server, and improper substitutions. Experienced officials who study and understand rotations will be able to anticipate the potential alignment issues based upon a team's offense and use the card to reinforce their understanding. Second referees still learning the complexities of different rotations must use the card to build confidence in recognizing such infractions while continuing to study the nuances of the sport.

Coaching Zone Privileges

It is important for both coaches and officials to understand the privileges coaches have when instructing their teams and what actions could jeopardize such privileges. The expanded coaching zone and assistant coach privileges created an opportunity for the committee to emphasize the rules related to coaching privileges.

One assistant coach may stand within the coaching zone during dead-ball situations. This new rule allows one assistant coach to communicate with players during a dead-ball. The intent of this rule change is to allow specialized coaching between points.

Before the Match

The pre-match conference will provide an opportunity for the officials to meet the head coach from each team participating in the match. Each team may have one or more assistant coaches. If multiple levels are competing on a given night, not only will you see assistant coaches on the bench, but other head coaches from various levels within the program as well. It is important that the referees identify the designated head coach for the current match and remind the head coach that only one assistant at a time may stand during a dead ball.

During the Match

Only the head coach for the match is allowed to stand in the coaching zone. The new allowance permits the head coach to stand and coach beyond the libero replacement zone, past the end line, not to cross the sideline extended. One assistant coach can stand with the head coach to coach players but only during a dead-ball situation.

Once the first referee extends an arm for the authorization of serve, the assistant coach must return to the bench and may not stand again until the next dead ball. Assistant coaches may not address officials, except to review the score, verify the number of time-outs and/or substitutions used by their team, request serving order of their team, or verify the proper server for the opponent.

If this privilege is abused by multiple assistant coaches standing to coach players or by one or more assistant coaches standing to communicate with officials, a yellow card will be assessed. Continued unsporting behavior will result in a red card and all coaches must remain seated for the remainder of the match.

PHYSICAL EXAMINATION

An annual physical examination, or a statement by a medical practitioner, is required for a student to take part in any authorized school practice session and/or pre-season conditioning period. This physical examination will be valid for a period of one year from the date of the examination. A student will be excused from this physical examination only if there is compliance with the Education Code (parent's refusal to consent). CIF Health and Safety Committee strongly recommends schools use the Pre-Participation Examination form that is endorsed by five major medical societies; American Academy of Family Physicians, American Academy of Pediatrics, American Medical Society for Sports Medicine, American orthopedic Sports Medicine and the American osteopathic Academy of Sports Medicine. All CIF schools must have school board approved forms.

CONCUSSION PROTOCOL

A student athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at the time for the remainder of the day. A student-athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in education and management of concussion and receives written clearance to return to play from that health care provider. If a licensed health care provider, trained in education and management of concussion determines that the athlete sustained a concussion or a head injury, the athlete is required to complete a graduated return to play protocol of no less than seven (7) full days from the time of diagnosis under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by all athletes and the athlete's parent/guardian/caregiver before the athlete's initial practice or competition. (Approved May 2010 Federated Council/Revised January 2015 Federated Council)

Question: What is meant by “licensed health care provider?”

Answer: the “scope of practice” for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).

STEROID PROHIBITION

All schools shall adopt policies prohibiting the use and abuse of androgenic/anabolic steroids. All member schools shall have participating students and their parent(s)/guardian(s)/caregiver agree that the athlete will not use steroids without the written prescription of a fully licensed physician (as recognized by the AMA) to treat a medical condition.

NOTE: Article 1-12.N. (Revised May 2005 Federated Council)

SUDDEN CARDIAC ARREST PROTOCOL

A student-athlete who passes out or faints while participating in, or immediately following, an athletic activity or who is known to have passed out or fainted while participating in or immediately following an athletic activity, must be removed immediately from participating in a practice or game for the remainder of the day. A student-athlete who has been removed from play after displaying signs and symptoms associated with sudden cardiac arrest may not return to play until the athlete is evaluated by a licensed health care provider and receives written clearance to return to play from that health care provider. On a yearly basis, a Sudden Cardiac Arrest information sheet shall be signed and returned by all athletes and the athlete's parent/guardian/caregiver before the athlete's initial practice or competition.

Question: What is meant by "licensed health care provider?"

Answer: the "scope of practice" for licensed health care providers and medical professionals is defined by California state statutes. This scope of practice will limit the evaluation to a medical doctor (MD) or doctor of osteopathy (DO).

SOUTHERN SECTION CRITERIA FOR ENTRY INTO CIF REGIONAL VOLLEYBALL CHAMPIONSHIPS 2023-2024

The CIF Southern Section is allotted 14 entries into the State CIF Regional Boys Volleyball Tournament. The breakdown of those 14 entries are as follows:

Division 1: (6) Total Entries

The top two (2) teams that reach the finals of the Southern Section Division 1 playoffs will automatically qualify for the State CIF Regional Volleyball Tournament. The next four (4) teams selected will be the teams with the best pool play record (regardless of what pool they participated in) that did not reach the Southern Section final. More information will be available in the Playoff Bulletin later in the year.

Division 2 & 3: (4) Total Entries

Teams that reach the championship final will automatically advance to the State Regional Volleyball Tournament. If one of the finalists elects not to compete in the Regional event a school will be selected from the previous rounds. The highest seeded team that did not advance to the championship final will be asked followed by the next highest seeded team followed by the next, etc. until the entries are filled.

Division 4 – 7: (4) Total Entries

Only the Division Champion will automatically advance to the State Regional Volleyball Tournament. If the championship team elects not to compete in the Regional event the runner-up will be offered the entry.

If a team does wish to compete in the event, they must notify Mike Middlebrook via e-mail no later than Monday, May 8, 2024. mikem@cifss.org

The 14 teams that are submitted to the State Regional event will be listed and entered based on the division in which they competed in during the Southern Section Championships. For example, the Division 3 Runner-up will be submitted and entered for the Regional before the Division 5 Champion. Teams may be moved to a different State Regional Division than the one in which they competed in during the Southern Section playoffs. There are no enrollment parameters in any division. The State CIF Seeding Committee has the authority to adjust when necessary due to travel considerations or when a repeat match-up of a final or semi-final occurs, but every effort is made to keep the schools in the order they are submitted.

For seeding information and other potential adjustments please review the CIF State Boys Volleyball Handbook https://www.cifstate.org/sports/boys_volleyball/index
