4. NON-ACTION ITEMS

DISPOSITION

ITEM

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

1. Proposed Revision Bylaw 207.B.(5) – Sit Out Period Non-Action STATE 552

This standardizes the Sit Out Period to a percentage-based time frame directly related to the specific length of each individual season of sport. In sports that begin early (ie: football or girls' volleyball), the percentage of the season missed, via an SOP period transfer, is high compared to a sport that doesn't have as early of a start date. In other words, the SOP period is the same date for all sports regardless of the start date or length of the season. Support for this proposal will make the SOP specific to EACH sport and be calculated with consideration given to the number days in the season as well as the start date. See the chart provided in the supporting materials for more specific data. Please note, the chart provided reflects information based on SS 551 (the proposed 18-19 sport calendar's passing). The CIF will provide an amended calendar to help illustrate the proposed SOP dates.

2. Proposed Revision Bylaw 1906.B – Football Tie-Breaker Non-Action STATE 553

B. SOUTHERN SECTION NON-ACTION ITEMS

There are no Southern Section Non-Action Items at this time.

5. REPORTS

A. Treasurer's Report

Jeff Jordan

As of today, we are at a net income of approximately \$600k. That amount will decrease based on spring revenue being lighter than fall and winter. The end of the year forecast (conservatively) is a \$50k-\$75k profit; this is a projection based on history. There are still winter sport playoff games outstanding. Investments are up \$57k. Playoff revenue to schools in the form of profit sharing has returned approximately \$768k to CIF members. Friends of golf was given \$47k to distribute to Southern Section golf programs with more than 150 boys' and girls' golf programs realizing the fruits of that donation.

B. President's Report

Carter Paysinger

Carter Paysinger thanked the Southern Section membership and the Section Office for their work and support. A group of administrators met with the leadership of the Los Angeles Rams Football Organization in efforts to gain support in the statewide goal of promoting Athletic Trainer and/or other first responder being brought into all schools throughout the section. The Rams are in support of this effort and talks will continue regarding how to get this necessary goal accomplished.

C. Commissioner's Report

Rob Wigod

Rob Wigod invited Jim Perry (Huntington Beach Unified School District and member of the CIFSS Private/Public Committee) to speak regarding competitive equity. As the CIFSS has moved toward competitive equity models in team sports, the Public/Private issue is not as relevant as the model has exposed. Also through the Public/Private Committee were discussions regarding adjusting the dates a school may have contact with incoming 9th graders helping ALL schools promote viable participation in their summer programs.

Foothill and Northern Areas completed their Relegating plans. The deadline for areas to submit their plan to the CIF-SS Office is June 15th. Fall Playoff Divisions are on the horizon for release (no specific date for release). Schools are encouraged to get ALL games correctly listed in CIFSS Home. May 1st is the deadline for Champions for Character nominations. The golf tournament supporting Champions for Character is getting full and the tournament sells out yearly. Get your foursome registered today by contacting Sharon Hodge in the CIF Office. Nominations for Hall of Fame and Distinguished Service are also due May 1st.

Hurricane Harvey****Proposal Originated: Executive Director****Proposal Summary:**

It is very important that all student-athletes being displaced by Hurricane Harvey are treated compassionately and their athletic eligibility is determined consistently throughout the State.

On August 28, 2017, the Executive Director took action under Bylaw 1108 on the transfer eligibility of students impacted by Hurricane Harvey and relocating to CIF member schools. **This action is subject to the approval of the Federated Council.**

Background:

From past experiences, we have learned that we must take steps to streamline the transfer process as many students and families arrive in CA without school documents and without their full family as a result of the flooding and their forced moves. We have also learned that getting documents from their prior school is NOT a priority in the damaged area during the recovery period which can take years. The CIF has taken similar actions following Hurricane Katrina, Hurricane Matthew and the Valley Fire in Northern California.

This athletic eligibility waiver is extraordinary and applies to students displaced by Hurricane Harvey **ONLY**.

1108. DELEGATED POWERS

- A. In emergency situations, the CIF President or Executive Director or his/her authorized designee may act for the Federated Council in the best interest of the organization. This action will be reviewed by the Executive Committee as soon as possible.
- B. Between meetings of the Federated Council, the Executive Committee shall be empowered to act for the Federated Council when necessary. This action will be subject to the approval of the Federated Council at its next meeting.

RE: Athletic Eligibility Waiver for student-athletes displaced by Hurricane Harvey

After discussion with the CIF Executive Committee, it was very important to them that all student-athletes being displaced by Hurricane Harvey are treated compassionately and their athletic eligibility is determined consistently throughout the State.

Consistent with the authority the CIF Constitution provides in Bylaw 1108, I am directing all CIF member schools to follow the procedures outlined below:

1. All student-athletes displaced from Texas wishing to participate **MUST** fill out the attached form prior to becoming eligible.
2. The school will determine whether a student is eligible based upon the information provided on the form and any other information the school is able to obtain.
3. The school **MUST** forward a copy of the form to their local section office and to the CIF State Office.
4. Schools, in the absence of formal documentation such as transcripts, driver's license, etc., will rely upon the integrity of the information provided to them by the student, parent(s), guardian(s) and/or caregiver(s) and their school personnel in charge of determining eligibility.
5. All student-athletes initially will be ruled academically eligible until at least the first grading period, unless there is information provided on the form that would indicate otherwise. All schools are expected to continue to follow up on these students to ensure academic eligibility and proper grade placement.
6. Schools which rule students eligible based upon the completed and approved form, including their best efforts to determine eligibility, will not have to forfeit any contest played by an athlete who is later ruled ineligible.
7. This athletic eligibility waiver is extraordinary and applies to students displaced by Hurricane Harvey **ONLY**. All other students should be treated like any regular transfer and all section and State CIF Bylaws should be applied.

One would hope that no one would try to take advantage of these students to gain an athletic advantage under these circumstances. However, should the need arise, it is CIF's expectation that the school, section and State will deal with any undue influence swiftly and appropriately.

I realize there are many unanswered questions. The "what ifs" will have to be dealt with as they arise. I know you like to be proactive and not reactive, but this situation is very similar to Hurricane Katrina, Hurricane Mathew, the Valley Fire and we have every confidence that our schools will react and treat these displaced students in a similar manner. The bottom line is supporting students trying to gain back some normalcy in their lives.

Type: Bylaw Revision**Next: 10/07/2017 – Federated Council Action**

Proposal Summary: The proposed bylaw revision would change the Sit Out Period (SOP) to a standardized percentage for all sports as determined by the Sections first allowable competition date through the final regular season completion date. This purposed change would ensure that all students would have the same length of SOP, regardless of the Section and Season of Sport as the SOP would be based on a standardized percentage. The year of implementation would be 2018-2019 to coincide with the State and Sections calendar revisions.

Fiscal Impact: None

Background: The Federated Council approved the SOP in 2011 with implementation in 2012-13 that established a specific week and date for each season of sport for athletic eligibility under the SOP. Individual adjustments have been required over the years in an attempt to ensure equity in the length of the SOP. However, the length of the SOP still varies significantly with a Sit Out Period as high as 68% in one sport while most are close to 50%.

207.B.(5) TRANSFER ELIGIBILITY

b. Varsity Eligibility Applications (Non-Hardship Sit Out Period)

Any student who transfers for the first time since their initial enrollment in the 9th grade in any school, or if the first transfer of schools for this student was granted due to an approved CIF hardship [see 207.B.(5).c], or a valid change of residence and whose circumstances causing the transfer do not meet any of the Hardship Exceptions outlined in c.(viii) below, may become eligible for varsity competition for the sport(s) in which they competed in the last 12 months at the former school or any other school, upon submission, review and approval by their respective CIF Section under the following provisions:

- (i) This is the student's first transfer since they first enrolled anywhere in the 9th grade or had their first transfer determined to be a CIF hardship circumstance [207.B.(5).c.]; or a valid change of residence; AND
- (ii) The student was academically eligible at the time of transfer from the former school; AND
- (iii) The principal of the former school attests in writing that the move was not made in violation of Bylaw 510; AND
- (iv) The student is not transferring either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C. (1); AND
- (v) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach with whom they have been associated is coaching, per Bylaw 207.C.(3) or (4); AND
- (vi) The student has not been determined by their respective CIF/Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510; AND
- (vii) No student shall be eligible to participate in the same sport at two (2) different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND
- (viii) The student has not competed at the new school at the sub-varsity level in that sport following the transfer during the current school year; AND
- (ix) The student shall remain out of any competition at any level in each sport in which they competed in the last 12 months at the former school or any other school in accordance with the following Sit Out Periods (SOP):

The Sit-Out Period will be 50% of the total number days in that particular season of sport. The number of days in a season is determined by each Section in accordance with their first allowable competition date through the final regular season competition date. If total number of days in a season is an odd number, then the Sit-Out Period would be 50% plus one additional day.

• ~~Fall Sports:~~ The Monday of the NFHS week 14

2016: October 3

2017: October 2

~~NOTE: In order to promote gender equity and ensure participatory comparability for female athletes with respect to the SOP in the sports of golf and tennis, the CIF Sections shall adjust their SOP eligibility dates in the sports of girls' golf and girls' tennis, if needed.~~

• ~~Winter Sports:~~ The Monday of the NFHS week 27

2017: January 2

2018: January 1

• ~~Spring Sports:~~ The Monday of the NFHS week 40

2017: April 3

2018: April 2

- The student who transfers to a school after School B's first game will have an SOP equivalent in calendar days to the SOP of all other students who transferred before the season started. The respective CIF Section Office will provide the actual date once the proper forms are received, reviewed and approved.

Q: My son was denied the Sit Out Period. May we appeal this ruling?

A: No.

Type: Bylaw Revision

Next: 10/07/2017 – Federated Council Action

Proposal Summary: The proposed bylaw revision would delete Bylaw 1906.B that mandates the 10-yard tie breaking procedure in Regional and State Football Bowl Championships. Tie breaking language for Regional and State Football Bowl games is more appropriately place in the "Blue Pages." If approved in October 2017, this would take effect immediately.

Fiscal Impact: None

Background: With the implementation of the CIF Football Bowl Championships in 2007 Bylaw 1906 was added that mandated the use of the 10-yard tie breaking procedure for the State Bowl Championships. This revision continues to allowed sections to determine their own tie breaking procedure (2006.A) as five sections currently use the 10-yard procedure and five sections used the 25-yard procedure.

Article 3 – 32.B

RELEAGUING APPEALS PROCEDURES

In order to provide protocol, a member school seeking an appeal is directed to forward a copy of the appeal to the CIF Southern Section Office, a copy to the Area Releaguings Chairperson(s) and a copy to the principals of all schools assigned to the respective area(s). This must be completed at least 14 calendar days prior to the scheduled date of the appeal meeting.

1. The Executive Committee will hear all initial appeals with regard to the re-leaguings criteria and process. The Executive Committee may accept the appeal, in which case the Re-leaguings Chair for the respective area will re-convene to consider suggestions from the Committee and possibly make changes to the original (proposal). The Executive Committee shall make no recommendations or approve alternative appeal configurations.
2. If a proposal is remanded back to its area, the area must re-consider and vote on a configuration. The configuration will be forwarded to all member schools in that area. The Executive Committee will review the configuration and move it forward to Council.
3. The original area proposal or any proposals resulting from an appeal by a member school shall be voted upon at the October Council meeting. The procedure for voting will be: (1) the original area proposal will be voted upon first and must secure a majority vote for passage (a tie vote would not be considered as passage); (2) If the original proposal receives the necessary majority vote, appeals may be heard from affected schools in that area (any school that plans to appeal shall submit to the Council representatives an alternate proposal two weeks before scheduled Council meeting, with copies to the CIF-Southern Section Office. If the original proposal fails to secure the necessary majority vote, member school(s) from that area may submit a proposal before the Council for consideration. Only proposals that receive a motion to approve, a second, and majority vote of Council will be heard. Any proposal that reaches the floor of Council must have been previously submitted to all Council representatives. The Council at large will conduct voting on alternate proposals. Any proposal receiving a majority vote of Council is final.

Hi Rob,

We have a new league that was created when we did our Releaguings plan. I found out this evening that they now have a name. They are calling themselves the Citrus Coast League. Their schools are Santa Paula, Fillmore, Carpinteria, Malibu, Nordhoff, Hueneme and Santa Clara (for football only.) The attached Releaguings plan for the Northern Area has that correction.

Thanks,

Dave

Mr. Wigod,

The CIF recommendation and appeal for Laguna Hills High School was not approved today. We had 74 out of 75 schools present. We were missing Calvary Chapel. We needed 60% or 45 votes to approve. The final vote was 41 approved, 33 not approved and 0 abstain. Therefore and again, the CIF recommendation and appeal for Laguna Hills High School was not approved. I believe Laguna Hills High School will be contacting you in the near future to better understand the process of appeal to the CIF council on October 3, 2017.

SUBJECT: 2018-2020 RELEAGUING APPEAL – TUESDAY, OCTOBER 3, 2017

DATE: SEPTEMBER 21, 2017

The following information is designed to help you prepare for your Releaguings Appeal scheduled for the CIF Southern Section Council meeting on Tuesday, October 3, 2017. The agenda and related materials that you submitted for your appeal were already sent to you and to all of our CIF Southern Section Council League Representatives.

In preparation for your appeal hearing, here is some information to help you.

- 1) Your appeal hearing is scheduled for a maximum time of approximately 15 minutes. That will include the presentations, questions from the CIF Southern Section Council, open deliberation by that body and the vote to accept or not accept the appeal.
- 2) In terms of format for the appeal hearings, here are the guidelines...
 - A) As the appellant, you will make your presentation first and will have a maximum of 5 minutes to present the rationale behind your appeal of your area's decision to place your school into the league you have been placed into for the 2018-2020 Releaguings Cycle. Your presentation must focus on the three criteria of competitive equity, school enrollment and geography, as listed in the CIF Southern Section Blue Book on page 48.

NOTE: Schools wishing to appeal their placement into a particular league must confine their appeal to their own school's placement into that particular league. Appeals will not be heard regarding placement of another school into the league the appellant school has been placed into.)

- B) A representative from your area will follow your presentation focusing on the processes followed by your area and the criteria from the Blue Book referenced above.
- C) CIF Southern Section League Representatives from affected leagues (1 person per league) who wish to speak in opposition to your appeal may do so and will be allowed a maximum of 3 minutes to present their arguments.
- D) After all presentations are finished and all questions answered, a member of the CIF Southern Section Council will make a motion to accept the appeal, that motion will be seconded and then discussion will be held.
- E) After discussion is concluded, there will be a vote on the motion. The vote to accept the appeal or not accept the appeal will be taken and the result of that vote will be final.

- F) The entire appeal hearing, from beginning to end, including the deliberation and vote of the CIF Southern Section Council, will be open to you and the decision will be made in your presence.

Here is the task that must be accomplished by the CIF Southern Section Council ...

- October 3, 2017 – CIF Southern Section Council approves Area Releaguings Plans and hears final appeals relative to process. The 2014-2018 Releaguings Process is concluded.

Article 32 – Releaguings Appeals Procedures

I hope this information will be helpful to you as we move forward. If you have any further questions, or I can help you in any way at all, do not hesitate to contact me. I will look forward to seeing you on October 3.

TO: CIF Southern Section

FROM: Laguna Beach High School

Laguna Beach High School is requesting an appeal on our League placement for the 2018-2020 league cycle. We would request the opportunity to present at the October 3rd CIF Southern Section Council meeting.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read "Jason Allemann", is written over a horizontal line.

Jason Allemann, Principal

Mr. Rob Wigod

Dear Mr. Wigod,

Laguna Beach High School is officially appealing its 2018 CIF league placement in the Sunset Conference. We are appealing on all three criteria that member schools were directed to consider when voting on proposals; School size; competitive equity; and geography as members of the greater LBHS community do not believe that these were considered as evidenced in our new placement.

The evidence below indicates that the agreed upon CIF re-leaguage criteria was ignored by placing LBHS in the Sunset Conference:

School Size

1. LBHS is currently the smallest public high school in Orange County by enrollment.
2. LBHS Currently has 1,085 students and enrollment forecasts show a continued decline in the next 5 years.
 - a. 2018-19 estimated enrollment is 1055
 - b. 2019-20 estimated enrollment is 1045
3. **Current Sunset Conference enrollments:**
 - a. Sunset Conference schools average student body size is 2,702 students.
 - b. LBHS is 1,617 students below the Sunset Conference average.

* Two schools 2000 + students on LBHS

** Four more schools 1000 + student on LBHS

This is by far the largest size discrepancy any public school faces in Orange County.

Competitive Equity

1. LBHS has been in the Orange Coast League – Bottom 1/3 of the leagues in OC by rankings
2. LBHS has been placed in Sunset Conference – Top 1/3 of leagues in OC by rankings

* Of the 24 sports LBHS will field, 18 of those 24 would be in the bottom conference according to current power rankings. Current power rankings indicate 25% of our teams would qualify for playoffs. Our football team has been placed in a completely different conference because of competitive equity concerns yet all other sports were not provided this opportunity. See supporting documents for further explanation.

Geography

1. LBHS has been in the Orange Coast League – Longest drive 18 miles
2. LBHS in the Sunset conference – Five drives 20+ miles, Average drive 21 miles
3. LBHS to Los Alamitos – 32 miles and one hour plus drive time in typical traffic conditions.
 - a. No OC school is further from LBHS.
4. LBHS will either have to use the toll road (increased cost) and/or deal with heavy amounts of traffic on the 405 every afternoon for students going and coming from athletic competitions.

The evidence below indicates that the agreed upon CIF re-leaguage criteria was ignored when LBHS was placed in the Sunset Conference rather than Cypress HS.

School Size

1. Cypress HS has an enrollment of 2,750.
2. Cypress HS is expected to increase in size.
3. **Current Sunset Conference enrollments:**
 - a. Sunset Conference schools average student body size is 2,702 students.
 - b. Cypress HS is slightly larger than the current Sunset average.
 1. Fountain Valley – 3,563
 2. Los Alamitos – 3,334
 3. Huntington Beach – 2,957
 4. Edison – 2,532
 5. Marina – 2,410
 6. Newport Harbor – 2,363
 7. Corona Del Mar – 1,755
 8. Cypress – 2,750

Competitive Equity

4. Cypress has been competing in the Empire League and winning significantly more than other league schools
5. The Empire is a upper middle tier league and much more competitive than the Orange Coast. (LBHS current placement)
6. Cypress HS has significantly higher power rankings than LBHS in a majority of sports.

Geography

6. Cypress HS average drive in Sunset Conference - 13 miles. (LBHS average 21)

The data below shows the appropriate placement by school size, competitive equity, and geography in the Pacific Coast Conference:

1. School Size

- LBHS Currently 1085 students

Pacific Coast Conference enrollments: Pacific Coast Conference average school size is 2,200 students. LBHS is 1,135 students below the average. This is still a significant school size difference but much more acceptable than the Sunset Conference placement.

No schools 2000 + students on LBHS

Four schools 1000 + student on LBHS

This is not an easy placement but one that we can convince our stakeholders is fair.

Competitive Equity

- LBHS has been in the Orange Coast League – Bottom 1/3 of the leagues in OC by rankings
- LBHS being placed in Pacific Coast Conference – Middle 1/3 of leagues in OC by rankings
- Moving from a bottom tier league to a middle tier league is an appropriate progression

Of the 24 sports LBHS will field we would be in the bottom conference in 15 according to current power rankings and the top conference in 9 sports. Based on current power rankings it looks like about 50% of our teams would qualify for playoffs. Our football team would be able to compete in the same conference the rest of our sports are in. This is a difficult placement but we feel 50% of our teams qualifying for playoffs does provide appropriate competitive equity for our teams. Supporting documents included.

3. Geography

1. LBHS in the Pacific Coast Conference – Longest drive 15 miles, average 12.5
2. LBHS in the Sunset Conference – Five drives 20+ miles, average 20.5
3. LBHS in the Pacific Coast Conference – Average drive time 25 minutes
4. LBHS in the Sunset Conference – Average drive time 40 minutes

LBHS's academic class schedule has our 5th period ending at 1:30pm and our 6th period ending at 2:35pm. Both of these class periods are academic periods. Our 7th period athletic class starts at 2:45pm. Traveling to the PCC

would allow our students to only miss their 6th period class. Traveling to the SC would have our students missing part of their 5th period class as well.

Pertinent information on re-leaguing process:

1. Of the original sixty plus re-leaguing proposals only two had LBHS going to the Sunset Conference. Schools looking at the criteria knew that it is not a correct placement by criteria.
2. When counter proposals were presented the proposal with LBHS going to the Sunset Conference received significant interest as other schools who were unhappy with their initial placements had their placements changed. LBHS was placed without appropriate criteria being considered to appease other schools concerns. Specifically it left the Pacific Coast League and CVAA with the teams they requested without CIF agreed upon criteria being considered.
3. The final two proposals are included and points made below refer directly to them. Proposal 6 received 33 votes in the final vote and proposal 7 received 42 votes.
 - a. The Irvine schools agreed in a meeting with LHHS and LBHS present that a conference would provide for the best competitive equity. However they were not in favor of it because it was less convenient for them. “It would make scheduling more difficult”. Support #7 for conveniences not criteria.
 - b. The CVAA was pro #7 because they would not consider any proposal that did not leave Laguna Hills with them. Reasoning – “we don’t want to deal with another district”, “we don’t want a private school in our league”. Both have nothing to do with competitive equity, school size, or geography. Supported #7 for conveniences not criteria.
 - c. Nick Cazon, AD Segerstrom HS was asked why his group that developed #7 (Goldenwest League) did not like #6. Answer – we don’t want to be in a conference. Reasoning by preference not criteria.
 - d. The Trinity League that has no political alignments to anyone voted unanimously for proposal #6 because it best fit the criteria.
 - e. When proposals #6 and #7 were re-voted on the vote was 54 to 21 giving proposal #7 the needed 60% to pass. While principals were directed not to change their vote to get the meeting over no further discussion was allowed in the group setting. League reps spoke in a group and then a re-vote was ordered. Circumstances around the criteria had not changed so why had the vote changed so drastically? The answer is that criteria are not being considered.

Laguna Beach High School would suggest the following adjustment to the current league placement. Laguna Beach and Laguna Hills high schools to the Pacific Coast League making it the Pacific Coast Conference.

Corona Del Mar high school replacing Laguna Hills in the CVAA.

Sunset League returning to a six team league.

This does not affect 8 of 11 league alignments. The Sunset league would prefer going back to a six team league as opposed to the current eight team alignment.

This provides Laguna Beach and Laguna Hills with requested and appropriate league placement by criteria.

Corona Del Mar fits with the CVAA with regards to competitive equity. Geographically the CVAA is a little further in miles but shorter on drive time.

SCOPE OF LHHS' APPEAL:

- ENROLLMENT
- COMPETITIVE EQUITY
- APPROPRIATE PLACEMENT

LHHS' APPEAL:

Laguna Hills High School (LHHS) is appealing the 2018-20 placement in the Coast View Athletic Association (CVAA) based on two of the three criteria: school enrollment and competitive equity. LHHS has seen a steady decline in enrollment through the previous two relegating cycles, resulting in issues of competitive equity program-wide. CIF Executive Committee upheld LHHS' appeal on August 17th by a vote of 14-3-4. CIF Executive Committee recommended that Laguna Hills High School be moved from the Coast View Athletic Association to the Pacific Coast League.

CIF EXECUTIVE COMMITTEE APPEAL: AUGUST 17, 2017

- 14 “FOR”, 3 “ABSTAIN”, 4 “AGAINST”
- COMMITTEE RECOMMENDATION THAT ONLY LHHS MOVES FROM CVAA TO PCL
- CREATES 9-TEAM CVAA, 7-TEAM PCL

LHHS' APPEAL:

Orange County then pulled back together on September 11th to vote on the recommendation of CIF Executive Committee. Laguna Hills High School (LHHS) was afforded six minutes to speak to the scenario, and then those opposed had three minutes each to speak. The vote resulted in 41 "FOR" and 33 "AGAINST", the majority of the room, but not the requisite 60%. **Laguna Hills High School requests that CIF Southern Section Council take the CIF Executive Committee recommendation into consideration and evaluate appropriate placement.**

Mr. Rob Wigod
CIF Southern Section
10932 Pine St.
Los Alamitos, CA 90720

Dear Mr. Wigod,

Laguna Hills High School (LHHS) is appealing the 2018 placement in the Coast View Athletic Association (CVAA) based on two of the three criteria: school enrollment and competitive equity. LHHS has seen a steady decline in enrollment through the previous two relegating cycles, which has created issues of competitive equity program-wide. Several proposals placed LHHS in an eight team conference configuration. Unfortunately, the final vote did not grant Laguna Hills High School the relief requested. The following data support LHHS' appeal based on school enrollment and competitive equity:

Enrollment Decline

Laguna Hills High School

LHHS enrollment has dropped from 1773 in 2008-09 to 1585 in 2016-17. This window spans the past two relegating cycles, the duration Laguna Hills High School has been placed in the Coast View Athletic Association. Depth of roster and player safety have become a concern as the number of athletes program-wide have dwindled. Every program has been impacted and in

some cases levels are not offered. All LHHS sports have seen a numerically significant decrease in participation rates.

CVAA School Enrollment

The other Coast View Athletic Association school enrollments range from 2135 to 3078. Laguna Hills High School competes against schools with 500 to 1400 more students enrolled. This is not an appropriate placement based on enrollment, and has been a contributing factor to the decline in LHHS enrollment since placement in the Coast View Athletic Association.

Competitive Equity

Laguna Hills High School fields 24 sports with a potential 120 league championships. Over the last four-year cycle, LHHS accrued a total of nine league championships: wrestling(3), volleyball(1), cross country(2), soccer(1), water polo (1) and swim (1) for a total of 8.8% of possible league championships. LHHS has garnered a few victories from 2012 through 2016, however, from a program-wide perspective, the records depict a troubling scenario. The additional attachment (LHHS_Profile_2017) is the Laguna Hills High School profile from the Orange County Releaguings process. It shows an athletic program that has struggled on almost every front for the duration of the last cycle. The data is compelling, particularly when factored together with enrollment decline and the challenges of a small school setting. Competing against significantly larger schools and athletic programs has been detrimental, and continued placement in the CVAA perpetuates the concern of depth of roster and player safety. Laguna Hills High School needs an alternative placement to the Coast View Athletic Association.

Proposal

Laguna Hills High School would like to propose the following:

- Join Laguna Beach High School and Laguna Hills High School with the Pacific Coast League, creating the Pacific Coast Conference.
- Replace Laguna Hills High School with Corona Del Mar High School in the CVAA.
- The Sunset League returns to a six team league configuration.
- The remaining leagues remain as voted on at the May 8th relegating meeting.

This proposal provides LHHS with the relief requested based on enrollment and competitive equity criteria. Placement in a conference configuration with schools of similar rankings creates a competitive balance for Pacific Coast League schools as well. Over the past four-year cycle many Laguna Hills sports have played Pacific Coast League schools in non-league contests and the record reflects competitive equity. Both Laguna Hills and Laguna Beach High School are placed in a configuration with better enrollment balance.

Thank you for your consideration.

The Commissioners Committee is proposing a revision in Bylaw 207.B.(4) iv. that would further clarify the athletic eligibility of international students who are not in an approved Foreign Exchange Program who transfer without a valid change of residence.

Background:

On January 27-28, 2017 members of the Federated Council were asked to discuss issues and concerns during roundtable discussions focusing on the future of Education Based Athletics and challenges that the CIF may face. The process concluded with the council prioritizing these future challenges and to offer strategies that might be implemented to address these issues.

One of the top prioritize eligibility concerns were “Home School, Foreign and International Students and Alternative School Students.” The Commissions Committee has separated each of these issues into separate items and are bring forward a proposal addressing the Foreign and International students transfer eligibility at this time.

Alternative School Student and Home School Student Bylaws are currently in continued discussion by the Commissioners Committee and sub-committees.

207. **TRANSFER ELIGIBILITY**

A. **Determination of Transfer Student Status-Standards of Enrollment - See also 201.A. (3)**

- (1) A student shall be considered to be a transfer student when:
 - a. The student has attended class at their former school (School A); AND/OR
(Revised April 2016 Federated Council)
 - b. The student has played in an athletic contest for their former school; AND/OR
 - c. The student has tried out for or practiced with a team prior to the beginning of the school year for five (5) days or more; AND
 - d. That student withdraws from School A or has completed the courses in which they were enrolled in at School A, so that student is no longer enrolled in any way at School A; AND
 - e. That student enrolls as a full-time student in a new school (School B).
THEN that student shall be determined to be enrolled in and having transferred to School B if all conditions of 201.A.(1) are met.
- (2) Students may not practice with or participate in an interscholastic athletic contest for the new school prior to establishing enrollment in the new school meeting these enrollment standards except if they are transferring at the beginning of the school year and practice for that season of sport begins prior to the first day that school and classes begin. These conditions must be met even if prior to this such a student has registered for classes and/or paid a non-refundable registration fee to the new school.
 - a. For eligibility purposes, students cannot have dual enrollment in two different schools at the same time. During the time a student is intending to transfer schools, has registered for classes at the new school and/or paid a non-refundable registration fee at the new school, but still remains enrolled in the former school, the student will be considered to be enrolled in the former school. Only at such time as the student has withdrawn from or has completed the courses in which they were enrolled at the former school, and is no longer enrolled in any way at the former school, shall that student be considered as having “transferred” to the new school. This applies to 8th graders matriculating the following school year to 9th grade in a CIF member school.
- (3) No one associated with the athletic program at the new school may perpetrate any violation of Bylaw 510 or have inappropriate pre-enrollment contact as outlined in Bylaw 207.B or 510 prior to their enrollment in the new school as defined above. [See also Bylaw 201.A (4)]

Q: What is meant by an athletically motivated move or transfer?

A: Based on the CIF philosophy that students “attend school to receive an education first; athletic participation is secondary” [Bylaw 200 A. (2)], individual Section Offices may limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at School B. Such evidence of an athletically motivated move may be, but is not limited to:

- A demonstrated move or transfer that is prompted by association with club programs or outside agencies that use the facilities of the new school.
- A demonstrated move or transfer to a school with which the student has had an athletic association.
- A move or transfer to a school by a student who is associated with outside agencies that use the facilities or personnel at the new school of attendance.
- The preponderance of credible evidence the move was not made in good faith to secure greater educational advantage for the student.
- Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one school(510.E).

The standard applied to the evidence of “athletic motivation” is that which is associated with a student move or transfer proffered to a hearing officer or Section Commissioner is that which a responsible person acting in a thoughtful manner would judge be with “athletic motivation.”

B. **CIF Transfer Rule**

All students transferring at any time during their enrollment in high school to a CIF member school after their initial enrollment in the 9th grade in any school (referred to as Former School or School A) shall have their eligibility determination made in compliance with the following 207.B. bylaws except:

- Those making a valid change of residence (Bylaw 206); OR
- Those transferring to or from a CIF member school under the auspices of a CIF-approved foreign exchange program (Bylaw 208); OR
- Those transferring as a result of discipline (Bylaw 209).

NOTES:

Emancipated Minors: This bylaw also applies to students 18 years of age or older and emancipated minors.

No Child Left Behind Act: Students transferring to another school under any provision of the federal legislation “No Child Left Behind Act” are not residentially eligible at their new school. However, a student may become eligible under the provisions of the appropriate Section and State CIF Constitution and Bylaws.

Boarding School: A high school student who transfers to or from the status of a full-time resident at a 24-hour boarding school shall be subject to all provisions of Bylaw 207.

(1) **Mandatory Applications for Eligibility Determination**

All such transfer students addressed in 207 must complete the respective CIF Section-required 207/510 Application form. This form must be submitted to the CIF Section for an eligibility determination which the CIF Section Commissioner shall render in writing within twenty (20) business days of receipt unless a shorter timeframe has been so designated. No transfer student is eligible to compete for their new school of enrollment until a determination has been made by their respective CIF Section. (See also Bylaws 501, 510 and 700.)

(Revised January 2016 Federated Council)

(2) **Pre-Enrollment Disclosure Requirements**

[Please see also Bylaws 201.A.(1) & (4) and 510]

Any and all pre-enrollment contact of any kind whatsoever with a student must be disclosed by the student, parent(s)/guardian(s)/caregiver, and the schools involved to their respective CIF Section office on a completed CIF Pre-Enrollment Contact Affidavit (CIF Form 510). Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school per Bylaws 201.A.(1) & (4).

(3) **Transfers to a CIF Member School (described as New School or School B) From Schools (described as Former School or School A) Located in the United States, a U.S. Territory, Canada or a U.S. Military Base (referred herein as Domestic Transfers)**

Such transfer students who meet all other requirements for eligibility outlined in bylaws will be granted unlimited residential eligibility in all sports at all levels at the new school except:

- a. In any sport(s) in which the transfer student has competed at any level at the former school(s) in the 12 calendar months immediately preceding their transfer to the new school, the student will be limited to sub-varsity (limited) eligibility in those sports;
- b. No student shall be eligible to participate in the same sport at two different schools in the same school year;
- c. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for

participation in those sports in which the student participated at the former school as outlined in Bylaws 510 and 207.C. (3) & (4). (See also Bylaw 510);

d. The transfer is not determined to be based upon a disciplinary situation (See CIF Bylaw 209);

e. The student meets all other provisions of all CIF Bylaws.

The student shall have unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school.

NOTE: Refer to (5) below for applications for transfer eligibility limitations determinations and exceptions.

(4) **Foreign International Transfers Not in a CIF-Approved Foreign Exchange Program**
(referred herein as Foreign Transfers)

Students who transfer to a CIF Member school (described as New School or School B) from:

- Any school (described as Former School or School A) which is located outside of the United States, a U.S. Territory, U. S. Military Base or Canada; AND
- Who are not enrolled in the CIF member school under the auspices of a CIF-approved foreign exchange program; AND
- Who meet all other requirements for eligibility in the CIF and Section bylaws.

THEN they *may* be granted unlimited residential eligibility in all sports at all levels at the new school except:

- i. In any sport(s) in which the transfer student has competed at any level for a club or school team, in the 12 calendar months immediately preceding their transfer to the new school. **The student will be limited to sub-varsity (limited) eligibility in those sports.** For the purpose of this bylaw, any and all organized sports programs (e.g. youth teams, community teams, club teams, national teams at any level or individualized instruction for competition in development schools or programs) in which the international student competed on, or participated within the last 12 months, will be considered by the CIF in determining whether the student participated in the equivalent of interscholastic competition; AND
- ii. No student who has participated with a club or school team as described in *i. a.*, shall be eligible to participate in the same sport at the CIF member school within the same 12-month period (See also Bylaw 504.L.); AND
- iii. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for participation in those sports in which the student participated at the former school. (See also Bylaw 510)
- iv. ***International students who are not participating in a CIF approved foreign exchange program are not eligible for the Sit-Out Provision.***

The student may be granted unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school.

In Addition, Such Foreign International Transfers Must:

- Possess a valid visa, allowing them to attend school, issued by the U.S. Immigration and Naturalization Service or be a U.S. citizen who has been attending the equivalent of a United States high school secondary educational program outside of the United States; AND
- Provide to the principal of the school he/she attends an official un-translated transcript and a transcript that is translated into English, by an agency acceptable to the Section

from the National Association of Credential Evaluation Service (NACES) membership, which indicates work taken in all grades in which the student was enrolled; the grade level equivalent in the United States as if the international student had completed all courses attempted satisfactorily; and the California grade-point average equivalent; AND

- If required, the **foreign international** transfer student must pay tuition to the school/school district he/she attends as prescribed in Education Code Section 48052 et seq.; AND
- Be subject to the maximum of eight (8) consecutive semesters Bylaw 204; AND
- Be subject to the age requirement Bylaw 203; AND
- Not have graduated from high school. If they should have graduated, or have completed the equivalent coursework for graduation from high school/secondary school, the student is ineligible to participate in CIF competition; AND
- Not have the school's coaching staff, paid or voluntary, serve as the resident family for the **foreign international** transfer student.

NOTE: CIF Sections may require individual students to have their school records/transcripts from the school from which they are transferring evaluated by an outside agency at the students or school expense.

(5) **Applications for Transfer Eligibility Limitations, Determinations and Exceptions**

The CIF recognizes that, in certain circumstances, students may transfer from one school to another due to a compelling hardship need or situation that is beyond a student's or their family's control. In response to such cases, the CIF allows for the CIF Section to make an exception to the limited eligibility status whenever they transfer and the case meets one of the hardship circumstances outlined in Bylaw 207.B.(5) c.(viii). The first time a student transfers in high school, they may utilize the Sit Out Period exception covered in Bylaw 207.B.(5) b. below if they meet all of the conditions required. Any student whose transfer circumstances do not meet the conditions required by these two options, will have their residential eligibility determined in compliance with 207.B.(5)a. as long as they meet the conditions required in that Bylaw.

NOTE: Foreign Transfers as described in 207.B.(4) above are subject to all provisions of 207.B.(5) that follows except that whenever there is a reference to "sports in which the student has participated at their previous school" foreign students shall read "sports in which the student has participated at their previous school or on any club team."

a. **Limited Eligibility Applications**

Any student who submits a limited eligibility application to their respective CIF Section may be made eligible to play at the sub-varsity level in any sports in which they have participated at any previous school in the 12 months prior to this transfer under the following conditions:

- (i) The student was academically eligible at the time of transfer from the former school. Students who are academically ineligible at their previous school will not be eligible to compete at their new school until the requirements in Bylaw 205 are met and the new school has completed a grading period to verify that the student has met the CIF and school district academic eligibility requirements. A student cannot "gain" academic probation at the new school to fulfill this requirement if not available at prior school; AND
- (ii) The principal of the former school attests in writing that the move was not made in violation of Bylaw 510; AND
- (iii) The student is not transferring either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C. (1); AND

- (iv) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach, with whom they have been associated, is coaching per Bylaw 207.C.(3) or (4); AND
- (v) No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND
- (vi) A completed 207/510 Limited Transfer Application is received by the respective CIF Section office and has been processed and approved; AND
- (vii) The student who is approved by their respective CIF Section office and competes in a contest at the sub-varsity level following such approval and before the Sit Out Period (SOP) dates described in B.(5)b.(ix) below, is ineligible for and may not compete at the varsity level in that sport for the remainder of that school year. This applies through the end of any Section, Regional or State championship finals in that sport; AND
- (viii) The student has not been determined by their respective CIF/Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510.

b. Varsity Eligibility Applications (Non-Hardship Sit Out Period)

Any student who transfers for the first time since their initial enrollment in the 9th grade in any school, or if the first transfer of schools for this student was granted due to an approved CIF hardship [see 207.B.(5).c], or a valid change of residence and whose circumstances causing the transfer do not meet any of the Hardship Exceptions outlined in c.(viii) below, may become eligible for varsity competition for the sport(s) in which they competed in the last 12 months at the former school or any other school, upon submission, review and approval by their respective CIF Section under the following provisions:

- (i) This is the student's first transfer since they first enrolled anywhere in the 9th grade or had their first transfer determined to be a CIF hardship circumstance [207.B.(5).c.]; or a valid change of residence AND
- (ii) The student was academically eligible at the time of transfer from the former school; AND
- (iii) The principal of the former school attests in writing that the move was not made in violation of Bylaw 510; AND
- (iv) The student is not transferring either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C. (1); AND
- (v) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach with whom they have been associated is coaching, per Bylaw 207.C.(3) or (4); AND
- (vi) The student has not been determined by their respective CIF/Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510; AND
- (vii) No student shall be eligible to participate in the same sport at two different schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND
- (viii) The student has not competed at the new school at the sub-varsity level in that sport following the transfer during the current school year; AND
- (ix) The student shall remain out of any competition at any level in each sport in which they competed in the last 12 months at the former school or any other school in accordance with the following Sit Out Periods (SOP):

- **Fall Sports:** The Monday of the NFHS week 14
2015: October 5
2016: October 3
NOTE: In order to promote gender equity and ensure participatory comparability for female athletes with respect to the SOP in the sports of golf and tennis, the CIF Sections shall adjust their SOP eligibility dates in the sports of girls' golf and girls' tennis, if needed.
- **Winter Sports:** The Monday of the NFHS week 27
2016: January 4
2017: January 2
- **Spring Sports:** The Monday of the NFHS week 40
2016: April 4
2017: April 3
- The student who transfers to a school after School B's first game will have an SOP equivalent in calendar days to the SOP of all other students who transferred before the season started. The respective CIF Section Office will provide the actual date once the proper forms are received, reviewed and approved.

Q: My son was denied the Sit-Out Period. May we appeal this ruling?

A: No.

c. Unlimited Eligibility Applications

Exceptions to the determination of limited eligibility under 207.B. (application for unlimited residential eligibility in all sports) may be applied for by the new school (CIF Form 207/510) on behalf of the student. Consideration for unlimited residential eligibility will be given by the respective CIF Section upon review of the application only under the following provisions.

- (i) The student was scholastically eligible at the time of transfer from the former school. Students who are scholastically ineligible at their previous school will not be eligible to compete at their new school until the requirements in Bylaw 205 are met and the new school has completed a grading period to verify that the student has met the CIF and school district scholastic eligibility requirements. A student cannot "gain" academic probation at the new school to fulfill this requirement if not available at prior school; AND
- (ii) The student is NOT transferring, either voluntarily or because their former school has determined they must withdraw, because of a disciplinary infraction at the former school as defined in Bylaw 209.C.(1); AND
- (iii) The student is not found by the CIF Section to have transferred to a school where their former high school coach has relocated or where a club coach, with whom they have been associated, is coaching per Bylaw 207.C.(3) or (4) & 510.E; AND
- (iv) The student has not been determined by their respective CIF/Section Office or the CIF to have made a transfer or change in schools in violation of Bylaw 510 AND
- (v) The student has not competed at the new school at the sub-varsity level in that sport at any time following the transfer to the new school; students who chose to play at the sub-varsity level under the provisions outlined in (5)a. (Limited Eligibility Applications) above may not subsequently be granted unlimited eligibility for that same sport during the same season at the new school; AND
- (vi) No student shall be eligible to participate in the same sport at two different

schools in the same school year unless the student changed schools as a result of a valid change of residence or pursuant to a hardship approved by their respective CIF Section; AND

(vii) A completed 207 Unlimited Transfer Application and documentation required by the CIF Section is received by the respective CIF Section office and has been processed, reviewed and approved; AND

(viii) One of the following hardship circumstances is documented to the satisfaction of the respective CIF Section:

(a) **Court-Ordered Transfers**

Unlimited eligibility may be granted by the CIF Section in which the student's new school is located in cases where a student is residentially placed from one school attendance area to the attendance area of the new school by a court order or a child protection order and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the 207/510 application and sufficient documentation (including but not limited to a copy of the court order) to satisfy that CIF Section Commissioner that the circumstances meet this criteria. The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

(b) **Children of Divorced Parents**

Unlimited eligibility may be granted by the CIF Section in which the student's new school is located when a student changes residence from one parent's domicile to the other parent's domicile as a result of a court-ordered custody change, or court ordered or approved joint custody agreements and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the 207/510 application and sufficient documentation (including but not limited to a copy of the divorce papers and custody agreements) to satisfy that CIF Section Commissioner that the circumstances meet this criteria. The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

(c) **Individual Student Safety Incidents**

Unlimited eligibility may be granted by the CIF Section in which the student's new school is located when a student is transferring as a result of a specific, documented safety incident in which the student was involved and all provisions listed above in c.(i-vii) are met. The student may be determined to have unlimited residential eligibility upon receipt of the 207/510 application and sufficient documentation is submitted to satisfy that CIF Section Commissioner that the circumstances meet this criteria. Required documentation may include, but is not limited to, administrative records and documentation from the former school about the specific safety incident that occurred at the former school and/or police records (if any). The student will become eligible for varsity competition upon notification to the new school of the approval of such an application by the CIF Section.

(d) **Discontinued Program**

When the former school, in which a student has been enrolled, discontinues a particular program in which the student had previously been enrolled or participated, and that student transfers to another

school because of these circumstances, the student shall be determined to be residentially eligible for unlimited participation in the new school provided that new school offers a continuation of that same program and the student can show documentation that they were enrolled in or participated in that program at the former school and are currently enrolled or participating in that same program at the new school.

(e) **Return to Previous School**

When a student eligible in School A transfers to School B and is residentially not eligible, the student may return to School A and shall be determined to be residentially eligible for unlimited participation in interscholastic sports provided the student did not participate in an interscholastic athletic contest while at School B and provided the student's parent(s)/guardian(s)/caregiver still reside in School A's attendance area.

(f) **Foster Children**

A student who: (1) is under the court-ordered supervision of the California Foster Care System who has changed residences pursuant to a court order and as a result, has transferred schools, OR (2) is homeless as defined by 42 U.S.C. § 11302; shall be determined to be residentially eligible for unlimited participation in interscholastic athletics provided all other CIF rules and regulations are met. Under circumstance (1), a change of residence ordered by a social worker of the California Foster Care System shall be acceptable, provided all other CIF rules and regulations are met. Under circumstance (2), a determination by a Local Education Agency that the student meets the definition of homeless shall be acceptable, provided all other CIF rules and regulations are met. A subsequent transfer of schools by a homeless student while continuing to reside in the same residence/locale where the LEA declared the student "homeless" is subject to the transfer provisions of Bylaw 207. Section Commissioners shall render eligibility determinations for foster children and homeless children within fifteen (15) business days of receipt.

(Revised January 2016 Federated Council)

(g) **Military Service**

A student shall be determined to be residentially eligible for unlimited participation interscholastic athletics when returning from military service provided:

- The student was eligible when the student entered into the Armed Forces; AND
- The student enrolls in the same school which the student attended before leaving for the service, or enrolls in the school in the district in which the student's parent(s)/guardian(s)/caregiver reside; AND
- The student enrolls in the school no later than the succeeding semester after being discharged; AND
- Provided student did not receive a dishonorable discharge; AND
- The student is fully eligible under all other rules of the CIF.

(h) **Married Status**

A student who marries and lives with the student's spouse shall be

determined to be residentially eligible for unlimited participation in interscholastic athletics in the school in the attendance area in which the student and their spouse resides.

(i) **Board of Education Ruling**

A student, or group of students, who transfer as a direct result of a ruling by the Board of Education of a school district that has two or more high schools and which mandates a change of school attendance boundaries shall be determined to be residentially eligible for unlimited participation in interscholastic athletics in the school in the attendance area in which the student(s) are required to attend, provided the Board of Education Ruling is not a result of a disciplinary situation.

(j) **Open Enrollment Act Schools/Low Achieving Schools**

A student at any grade level may transfer from an open enrollment act school/low achieving school, as defined by the State Department of Education and on the annual published list, without limitation upon receipt of a valid CIF Form 207. Any student transferring under the provisions of this bylaw must meet all other applicable eligibility guidelines [see Bylaws 203, 204, 205, 207.B(1), 210]. Students may not receive unlimited eligibility if there is evidence that the transfer is athletically motivated, or there is undue influence or pre-enrollment contact (see Bylaw 207.C). All requests for athletic transfer eligibility (Bylaw 207) must be accompanied by a copy of their district-approved transfer documentation/form under the applicable district guidelines. Students transferring under the provisions of this Bylaw may transfer to a public school, including a charter school (that is or is not on the list of open enrollment act schools/low achieving schools) as long as the school to which a student transfers has a higher API than the student's current school. The school to which the student transfers must be to either the geographically closest public school or the geographically closest charter school to the residence of the student and to the parent(s)/guardians(s)/caregiver(s) with whom the student was living when the student established residential eligibility at the open enrollment act school/low achieving school. To obtain athletic eligibility at a school other than the closest public or charter school, a student must apply for, and be granted, a hardship waiver pursuant to other CIF eligibility rules.

Q: Why are charter schools included?

A: Charter schools are considered public schools and are included on the list of Low Performing Schools and are subject to this bylaw.

Q: Does this bylaw apply to private schools?

A: No. Private schools do not have an API score and therefore there is no score to measure where they stand.

Q: My school is on the open enrollment act school/low achieving school list. I want to go to a school that is not the geographically closest higher performing school. Am I eligible?

A: No. This bylaw indicates you are eligible at the next geographically closest higher performing school.

Q: What if the next geographically closest school is impacted and closed to new

students?

A: You would be eligible at the next geographically closest school as long as that school is a higher performing school.

d. **Appeals**

All eligibility determinations made by the respective CIF Section office under the provisions of 207.B.(5)c. are final as all of these hardship circumstances are factual in nature and can be documented. Students whose eligibility determinations are made because they do not meet one of the criteria outlined below in 207.C. or in 510 may appeal that portion of their eligibility determination in accordance with Bylaw 1100. Students may appeal a determination by their respective CIF Section if they have been found to not meet the following criteria:

- (i) 207.B.(5)a.(ii) or b.(iii)-Conflict with Coach at former school
- (ii) 207.B.(5)a.(iv) or b.(v) or c.(iii)-Following Coach

C. **Pre-Enrollment Communication or Contact (Domestic and Foreign International Transfers)**

A student who transfers from School A to School B, as described in Bylaws 207.A. and 207.B. above, shall not be eligible for interscholastic athletics at School B until application under the appropriate CIF Section procedures is completed, including the following:

(1) **Mandatory Parent/Student Certification**

[Please see also Bylaws 201.A.(1) & (4), 207.B.(2) and 510]

Any and all pre-enrollment contact of any kind whatsoever with a student must be disclosed by the student, parent(s)/ guardian(s)/caregiver, and the schools involved to their respective CIF Section office on a completed CIF Pre-Enrollment Contact Affidavit (CIF Form 510). Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/ information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school per Bylaws 201.A.(1) and (4).

(2) **Mandatory Former School Certification**

The principal and athletic director of School A shall attest that to the best of their knowledge they have no credible evidence* of any person: who is connected with the athletic department of School B; who is part of the booster club of School B; or who is acting on their behalf, having communication, directly or indirectly, through intermediaries or otherwise, with the transfer student, student's parent(s)/guardian(s)/caregiver, or anyone acting on behalf of the student, prior to the completion of the enrollment process.

Definition of Credible Evidence

*Credible evidence is considered as evidence which proceeds from a trustworthy source; evidence which is so natural, reasonable and probable as to make it easy to believe; information which is obtained from authentic sources or from the statements of persons who are not only trustworthy, but also informed as to the particular matter; that which is not mere speculation, or rumor.

(3) **Mandatory New School Certification**

The principal, athletic director and head coach of School B shall certify that to the best of their knowledge, no person: who is connected with the athletic department of School B; who is part of the booster club of School B; or who is acting on their behalf, has had communication, directly or indirectly, through intermediaries or otherwise, with the transfer student, student's parent(s)/guardian(s)/caregiver, or anyone acting on behalf of the student, prior to the completion of the enrollment process.

(4) **Club Coach Association with new School (student transfers to a new school which a coach from the student's non-CIF sports participation experience is associated)**

The transfer of a student from his or her current school of attendance with or without a valid change of residence (Bylaw 206) to any CIF member high school where the student participated

or participated, during the previous 24 months, on a non-school athletic team, (i.e. AAU, American Legion, club team, etc.) that is associated with the new school in the sports previously participated in shall be considered prima facie evidence (sufficient evidence) of undue influence/recruiting by the school to which the student transfers. Such transfer may be considered prima facie evidence (sufficient evidence) that the student enrolled in that school in whole or part for athletic reasons. A team associated with the school is one that is organized by and/or coached by any member of the coaching staff at, or any other person associated** with, that school and/or on which the majority of the members of the team (Participants in practice and/or competition) are students who attend that school. When a prima facie case (sufficient evidence) of undue influencing/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last 12 months and/or the sport with which the coach referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

Definition of Persons Associated With School

**Defined as: Persons associated with a school include, but are not limited to; current or former coaches, current or former athletes, parent(s)/guardian(s)/caregiver of current or former student/athletes, booster club members, alumni, spouses or relatives of coaches, teachers and other employees, coaches who become employed, active applicants for coaching positions, and persons who are employed by companies or organizations that have donated athletic supplies, equipment or apparel to that school.

(5) Relocation of Former High School Coach (Domestic and Foreign International Transfers)

A student at any grade level who transfers to a new school within one calendar year of the relocation of his/her former high school coach to that school with or without a corresponding valid change in residence shall be considered prima facie evidence (sufficient evidence) of undue influence/recruiting by the school to which the student transfers or may be considered prima facie evidence (sufficient evidence) that the student enrolled in that school in whole or in part for athletic reasons (See Bylaw 510). When a prima facie case (sufficient evidence) of undue influence/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last 12 months and/or the sport with which the coach referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.

(6) Athletically Motivated Transfers (Copied from Bylaw 510.E.)

The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the CIF Federated Council. As stated in CIF Bylaw 200.A.(6) the CIF Bylaws shall serve as a deterrent to students who transfer or change schools for athletic reasons and to individuals who attempt to recruit (unduly influence) student-athletes or their parents to enroll in a school because of athletics. As stated in CIF Bylaw 200.A.(2) the CIF Bylaws reinforce the principle that students attend school to receive an education first; athletic participation is secondary. CIF Bylaws provide for individual Section Offices to limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at their new school (School B). Students may be determined by their respective CIF/Section Office or the CIF to have made an athletically motivated transfer or change in schools under any of the basis listed in CIF Bylaw 510.E.(1)-(4).

(7) Disclosure

Any pre-enrollment communication as described above must be disclosed in full, and in

writing, to the appropriate Section. The Section Commissioner shall determine if the pre-enrollment communication is a violation of Bylaw 510.

(8) **Clearance of Pre-Enrollment Contact**

A student with whom contact or communication has occurred, as described in C.(1) above, and who meets all other CIF Section transfer waiver requirements, may become eligible upon determination that:

- The communication was completely unrelated to any aspect of School B; AND
- Was of a type that, from the objective point of view of a reasonable person disinterested in the win/loss record of School B, does not have an effect upon the integrity of interscholastic athletics at School A or School B.

(9) **Penalties**

Failure to disclose pre-enrollment communication with School B persons, identified in C.(2) above, to disclose any pre enrollment contact, or communicate in writing to the appropriate Section as described in C.(3) above may result in:

- a. A forfeiture of all games in which the student participated; AND/OR
- b. Disqualification from playoff and championship competition for all seasons in which the student is a member of the school's team. (A student shall be considered a member of the school's team if he or she participated in any aspect of an interscholastic contest, no matter how brief such participation may have been; AND/OR
- c. Divestment from the school of all trophies, banners and other indicia of athletic success obtained while the student was a member of the school's team.

(10) **Appeals**

Students whose eligibility determination is made by the Section Commissioner that the prima facie evidence has not been successfully rebutted by sufficient proof to satisfy said Commissioner under the provisions of 207.C.(4), (5), or (6) and/or 510 may appeal that portion of their eligibility determination in accordance with Bylaw 1100.

Question: May a coach in a practice swim or track meet permit an ineligible student to compete if he/she places the student in an outside lane and does not count that athlete's point(s)?

Answer: No. An ineligible student may practice with their high school squad (if allowed by the school and league) but may not participate in any capacity in an interscholastic athletic contest.

Question: May an ineligible student play on a second team in a game against another high school?

Answer: No.

Question: May a JV or freshman team be comprised of one or more ineligible players when competing against another school?

Answer: No

DEFINITION OF TERMS

Immediate Family — Includes parent(s)/guardian(s)/caregiver, stepparents and minor siblings with whom the student resided when "Initial Residential Eligibility" was established.

Initial Residential Eligibility — Under CIF rules and regulations, students establish their "Initial Residential Eligibility" at their school of choice entering the 9th grade or the 10th grade of a three (3)-year high school.

Limited Eligibility — Students granted limited eligibility are limited for one (1)-year (from the date of transfer) to non-varsity competition in the CIF sports they participated in during the previous 12 calendar months but may participate in varsity competition in all other CIF sports.

Prima Facie — A legal term that means at first sight; on the first appearance; on the face of it; a fact presumed to be true unless disproved by some evidence to the contrary. A prima facie case is one in which the evidence presented is sufficient proof for the plaintiff (Section) to win its case of undue influence. In such a case, the defendant (school) must successfully refute the evidence for the student to gain eligibility.

1st Reading

Type: Bylaw Deletion

Next: 02/02/2018 – Federated Council

Proposal Summary:

The Editorial Committee and the Commissioners Committee are proposing the elimination of Bylaw 1605, Length of Basketball Coaching Box, as the rule is enforced by Bylaw 1201 and the NFHS Basketball Rule Book.

Background:

CIF Bylaw 1201 states that "In all team sports, where rules are written by the NFHS, the NFHS Rules Book shall be official."

In 2001 and again in 2007, the CIF passed and revised our Bylaw mandating the length of the "Coaches Box" in the sport of Basketball. This mandate and revision was due to the protracted actions of the NFHS Basketball Rules Committee to come to consensus and forward a proposal to the NFHS Board of Directors so as the request of the Commissioners Committee in 2001, the CIF implemented its own rule.

The Editorial Committee feels our Bylaw is redundant and is enforced and under Bylaw 1201.

**ARTICLE 160

1603. THREE (3)-PERSON OFFICIATING

(Approved October 2000 Federated Council)

1604. OFFICIAL NATIONAL FEDERATION AUTHENTICATION MARK

Only balls with the National Federation authentication mark shall be used in the sports of baseball, basketball, field hockey, football, lacrosse, soccer, softball, volleyball and water polo.
(Revised to include lacrosse November 2000 Federated Council)

~~**1605. COACHES' BOX**~~

(Approved May 2001 Federated Council/Revised 2002 Executive Committee/Revised February 2005 Federated Council/ Revised May 2008 Federated Council/Revised May 2012 Federated Council/Revised May 2011 Federate Council/Revised October 2015 Federated Council/Revised April 2017 Federated Council)

~~**1607. MERCY RULE**~~

At the conclusion of the third quarter or any point thereafter, if there is a point differential of 40 or more points, a running clock shall be instituted for the remainder of the game regardless of the score. This Bylaw applies to all levels of play.

**SUBJECT: CIF SOUTHERN SECTION SPORTS CALENDARS FOR 2018-2019:
BASEBALL, SOFTBALL, GIRLS TENNIS, BOYS VOLLEYBALL**

As you know, at the most recent meeting of the CIF Southern Section Council on April 5, 2017, CIFSS 551, the proposal to adjust the CIF Southern Section Sports Calendars for the 2018-2019 school year in the sports of Baseball, Softball, Girls Tennis and Boys Volleyball, was narrowly defeated by one vote, 36-37-3. As representatives of some of the 36 leagues who voted Yes on CIFSS 551, we believe this issue needs to be revisited again and we are asking for your serious consideration in doing so.

As your league considers your position on this proposal, we offer the following talking points in the hope that they are useful to you in the discussions to follow.

- 1) Schools are starting earlier and ending earlier and that trend is only going to continue in the years ahead. The sports calendars we adopt need to be reflective of that trend.
- 2) It is never a good thing to have student-athletes competing in championship competition after they have completed their school year. It could be argued that a competitive advantage exists when schools who are still in session, with final examinations, graduations, end of the year activities, etc., are competing against schools who have already completed their school year.
- 3) Virtually every sport has had their calendars adjusted for 2018-2019, except for the ones listed in this proposal. Without adjusting Baseball, Softball and Boys Volleyball in the Spring, the gap between the end of Spring Sports Championships for the sports who have already had their calendars adjusted and whose championships end in May, and the ones listed in this proposal, whose championships will not be over until June, will be several weeks. If this proposal passes, every CIF Southern Section Championship, in every sport offered, will be concluded on the weekend before Memorial Day Weekend and would go a long way toward removing the scheduling conflicts that currently exist.

We hope this information is helpful to you in considering a Yes vote on this proposal.

Proposal Summary: with the passage of the new CIF/SS calendar which effectively has reduced the number of available weeks during the summer that teams can prepare to the absolute minimum, this coupled with a MANDATORY 21-day dead period has impacted the number of available practices for all sports during the summer. Those teams (all sports), who participate in Spring Sports practices, especially those sports that start in the fall (football, volleyball, cross-country, girls golf, girls tennis), have had weeks, taken off their preparation, conditioning and technique instruction.

We are proposing that **ALL SPORTS** with a summertime rules/summer dead period have that bylaw amended from:

Current Language: Football Only

2021.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and prior to start of fall practice (Week 0 games – August 1, 2017, week 1 games August 8, 2017) No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

PROPOSED Language: Football Only

2021.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the last Friday in May, whichever is first, and prior to start of fall practice (Week 0 games – July 30, 2018, week 1 games August 6, 2018) No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

Current Language: All Other Sports

A Summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the first Friday in June, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.
