**PENALTY:** Failure to comply will result in the wrestler being ineligible for that competition.

(Revised May 2006 Federated Council)

- E. The use of laxatives, emetics, excessive food and liquid restriction, self-induced vomiting, hot rooms, hot boxes, saunas, and steam rooms is prohibited for any purpose. The use of diuretics at any time is prohibited. ### 3207. SUMMERTIME RULES/ SUMMER DEAD PERIOD/SPORTS CAMPS

---

3207.1 With the exception of the summer dead period, until the beginning of the first official starting date for fall sports, there shall be no restriction on high school coaches working with high school students registered and/or attending their respective high school or entering them in summer competition, provided approval is received from the school principal.

**QUESTION:** Who may participate in high school summer athletic programs approved by the principal?

**ANSWER:** Only students registered for the upcoming school year in grades 9 through 12. Additionally, it would be a violation to allow elementary students (8th grade and below) to participate with the high school team. For students enrolled in more than one school, all summer practice and competition must be confined to one school.

3207.2 High schools may sponsor sport camps and/or allow non-school sponsored sport camps to use their facilities.

- \* High school students and individuals from the general community can attend.
- \* The high school name, nickname and identifying marks can be used in the title and/or promotion of the camp.
- \* The principal of the high school must give permission for the camp to take place; non-school sponsored camps must secure a facility permit for use of any facilities and equipment.
- \* The camp must comply with all CIF rules, including those pertaining to undue influence and dead period.
- \* Non-school sponsored camps should provide required liability insurance for the use of any school facilities.

<>3207.3 A summer dead period must be declared by the school principal for all sports. The dates of the dead period must be forwarded to the Southern Section Commissioner. The dead period must be the same for all levels and must be three (3) consecutive weeks between the end of school or the last Friday in May, whichever is first, and the last Monday in August. No class could be offered which could circumvent the rule. There are no exceptions to the summer dead period.

During the dead period, weight lifting ONLY would be permitted. No running or other type of conditioning would be allowed. Special nationally recognized programs in various sports that require a national or regional championship format, such as Bobby Sox Softball, American Legion or Mickey Mantle Baseball, etc., would be allowed to continue, until completion, during the dead period.

### **3208. OUTSIDE COMPETITION BY AN INDIVIDUAL**

---

Refer to Article 6 for specific guidelines.

---

### **3209. LEVEL OF COMPETITION**

---

No student shall participate in more than one level of competition in the same sport in the same day.

---

### **3210. MAXIMUM ATHLETIC CONTESTS IN ONE DAY**

---

### **3211. SCHOOL ATTENDANCE**

---

Standards for school attendance are determined by local school governing boards.

---

### **3212. CLASSIFICATION CHANGES**

---

The different wrestling teams at each school (i.e., varsity, JV, frosh-soph or extra teams that may be formed) must retain their team identity with regard to squad roster. When a wrestler moves from one team to the other, it should be by challenge match, and there should be no indiscriminate shuffling of wrestlers from one team to the other by coaches for the purpose of manipulating the makeup of the team in order to meet a certain opponent.

---

### **3213. POST-REGULAR SEASON WORKOUTS**

---

Wrestlers who qualify for CIF post-season championship competition will be permitted to workout following the close of the league season with students from other high schools who have also qualified for this competition.

**QUESTION:** Would it be permissible for a wrestler who has qualified for the CIF Southern Section post-season individual competition to practice with another wrestler who is a member of the high school team but not qualified for post-season individual competition?

**ANSWER:** Wrestlers who qualify for post-season individual championship competition will be permitted to workout following the close of the league season with students from other schools who have also qualified for individual championship competition. This rule is not intended to allow teams that qualify for dual meet championships to workout with another team. Those that qualify for the dual meet championships would be allowed to workout their entire varsity team until their elimination from the dual meet championships. They may not workout with another team or individual prior to elimination.

---

### **3214. ONE-PIECE UNIFORM**

---

Southern Section wrestlers have the option of wearing and competing in a properly cut one-piece uniform to be worn without full-length tights. The uniform must meet all requirements listed for the shirt and must have a minimum of a four-inch inseam with close fitting legs.

---

### **3215. SUNDAY RESTRICTION**

---

A school may not participate in a wrestling meet nor conduct a wrestling practice of any type on Sunday during the season of sport.

**QUESTION:** May a team be assembled on Sunday for a "skill session" or review a game film?

**ANSWER:** Neither of these activities would be permitted.

QUESTION:	Does a meeting on Sunday of a single student with a coach constitute a violation of Bylaw 3115?
ANSWER:	Yes, the intent of Bylaw 3215 is to allow no contact with student athletes on Sundays.
QUESTION:	What constitutes a scrimmage or practice on Sunday?
ANSWER:	Any preparation of an upcoming wrestling meet in which a player or players meet with the coach(es) on a Sunday is prohibited.

---

### 3216. PLAYER CONDUCT

---

Any player who is ejected for any reason shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest and may not attend. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

Any player whose conduct merits ejection from a game by an official for fighting or assaultive behavior shall be disqualified from participating in the remainder of the game and will be ineligible for the team's next contest. After the suspension from play, the student may only return after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form (post-ejection return to competition form) indicating the completion of the conference must be uploaded to the CIFSSHome misconduct manager for that specific misconduct. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

A second ejection from a game or contest for fighting or assaultive behavior will cause suspension for the remainder of the season.

A player who was ejected from the previous contest, who knowingly, or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of every contest until the suspension is completely served.

Any player who leaves the confines of the bench or team area during a fight that has broken out or may break out will be ineligible for the team's next contest. After the suspension from play, the student may return only after certification by the school principal that the student(s) has completed a conference with a school administrator. The appropriate form indicating the completion of the conference must be filed with the Section office prior to rejoining the team. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.

In the case of any suspension from play, the next contest may not be a forfeited, postponed or canceled game.

QUESTION:	What must be submitted to the Section office before a student can be cleared to rejoin his/her team?
ANSWER:	The Section office will provide a form on their website that must be uploaded to CIFSSHome or directly emailed to the CIF Office. The School must also indicate the date(s) of the contest in which the player will not be in attendance in the "School Action" portion of the misconduct.
QUESTION:	What is meant by attendance at a contest?
ANSWER:	Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.
QUESTION:	What happens when a student engages in Fighting/Assaultive Behavior during an athletic contest that is not observed by game officials?
ANSWER:	In cases when a student engages in Fighting/Assaultive Behavior that is not observed by game officials, it is the expectation of the CIF Southern Section Executive Committee that the building principal of the school involved will impose a minimum one-game suspension for the students who commit such offenses.
QUESTION:	What happens if a student is ejected from the first contest at a tournament when there are two contests on that day?
ANSWER:	When a game ejection of any kind occurs, the student should not be present at the next contest except in situations where supervision is necessary (i.e.: in a tournament). In tournament situations, it is understandable that the student remains in an area where they can be monitored (i.e.: bleachers, stands, etc.) however, they are still ineligible to compete or participate in any way. It is not the expectation that the student leave the facility unsupervised.
QUESTION:	What happens if a student receives a red card, misconduct of any kind, or an ejection during the last game of the season?

**ANSWER:** The game suspension(s) carry over to the first game(s) at the beginning of the subsequent season. For example, a sophomore soccer player receives a red card the last game of the 2017 season. He/she will serve a game suspension the first game of 2018 season. Suspensions carry over and must be served before the athlete becomes eligible to compete in that sport. See next Q&A for answers regarding seniors.

**QUESTION:** What if a senior (12<sup>th</sup> grader) student receives a red card or misconduct during the last game of the season?

**ANSWER:** If a senior (12<sup>th</sup> grade) student receives a red card, misconduct or any kind, or ejection during the last game of the season, he/she must serve the penalty in the NEXT sport in which he/she participates. If the student does not participate in any other sports, the CIF Office WILL need a letter from the principal indicating the corrective action taken with that student. This letter will be uploaded to the ejection report in CIF-SS Home.

---

### 3217. COACH EJECTION

---

Upon ejection, the head or assistant coach shall be disqualified from participating in the remainder of the match and will be ineligible for the team's next contest. The next contest may not be a forfeited, postponed or canceled match. A second ejection will constitute a two contest suspension and a third ejection will cause suspension for the remainder of the season. A coach who was ejected from the previous contest who, knowingly or unknowingly, participates in or is in attendance at the next contest, will result in the forfeiture of that contest.

**QUESTION:** What is meant by attendance at a contest?

**ANSWER:** Attendance is defined as being present at the location/site of the contest, which includes at the team bench/area, in the stands/spectator area, any location where the contest can be observed at any time, inside a gymnasium, stadium or playing area. The intent of this rule is that the ejected person is not present at the location/ site of the next contest.

**QUESTION:** How does the Accountability Rule affect a coach who coaches more than one level of a particular sport?

**ANSWER:** A coach who has been ejected from a contest may not be in attendance at ANY contest prior to serving his/her mandatory suspension at the level in which the coach was ejected. (i.e.: An ejected JV coach who is also a varsity assistant may NOT be in attendance at any contest until his/her mandatory JV suspension has been completed.)

---

### 3218. NOISEMAKERS PROHIBITED

---

No noisemakers (horns, bells, victory bells, sirens, chimes, musical instruments other than those in the band, etc.) will be permitted inside the gymnasium, stadium or playing fields at any CIF Southern Section contest (non-league, league, tournament or playoff). Cheering devices such as wooden blocks, or other similar objects, are prohibited. Megaphones shall be used only by uniformed cheerleaders for the purpose of directing and controlling rooting sections. The improper use of any of the above listed devices by supporters of a team would subject that team to possible forfeiture of the contest.

### 3219. PLAYOFFS

Refer to Article 33 (Playoffs) for details regarding playoff information. (Specific information will be contained in playoff information bulletins.)

<b>111 Pounds</b>	<b>131 Pounds</b>	<b>160 Pounds</b>	
<b>116 Pounds</b>	<b>137 Pounds</b>	<b>170 Pounds</b>	

The establishment of a certified minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high schools. Participation in the CIF Wrestling Weight Management Program will be mandatory and binding for all CIF interscholastic wrestlers. No wrestler may compete until he/she has completed the required body composition assessment.

The CIF will utilize Trackwrestling as the mechanism to calculate the certified minimum weight for each wrestler and as the data reporting and retrieval tool for all member schools sponsoring wrestling.

**A. Establishing Certified Minimum Weights**

- (1) For all initial assessments, Bioelectrical Impedance will be the only method utilized to determine each wrestler's body fat percentage. Refractometers will be utilized to determine hydration levels through analysis of urine. Only measurements taken by persons who have successfully completed the CIF Assessor Certification Workshop will be valid. Schools will receive a list of CIF Certified Assessors. It is the responsibility of the school to contact an assessor from this list and arrange a time to have its wrestling squad assessed or attend a CIF Section sponsored regional testing clinic. No wrestler may compete until the athlete has had a certified minimum wrestling weight determined by Trackwrestling and it appears on the school's Trackwrestling Pre-Match Weigh-In Form. Once a wrestler competes at a weight class allowed by the weight loss plan, the option to appeal is voided.
- (2) **1% Variance:** The formula incorporated by Trackwrestling for assessment data for CIF wrestlers will automatically include a 1% variance of the wrestler's body weight at the certified minimum weight. (Example: If a male wrestler's minimum body weight at 7% is 150, the program will indicate that 148.5 lbs. is the certified minimum for that wrestler).
- (3) The lowest weight class at which a wrestler may compete will be determined as follows:
  - a. If the certified minimum weight, at 7% or 12% body fat, is exactly that of one of the adopted weight classes, that weight shall be the wrestler's minimum weight class;
  - b. If the certified minimum weight, at 7% or 12% body fat, is greater than one of the adopted weight classes but lower than the next higher weight class, the next higher weight class shall be the wrestler's minimum weight class.

**PENALTY:** Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual.

(Revised May 2013 Federated Council)

**B. Time Period for Assessments**

- (1) No wrestler may compete until he/she has participated in an initial assessment and his/her name and data are included on the school Trackwrestling Pre-Match Weigh-In form and Alpha Master Report.
- (2) The specific gravity of the urine, as determined by a refractometer analysis, will determine whether a candidate may participate in an assessment on any date. A specific gravity result of less than or equal to 1.025 is required in order to participate in the body fat assessment. Any wrestler not passing the urine specific gravity test must wait a minimum of 24 hours in order to be retested.
- (3) Assessments may begin on October 15 of each school year. Wrestlers may be measured any time on or following this date and no later than January 15 to establish a minimum wrestling weight. All wrestlers, including those coming out late, must have their minimum wrestling weight established prior to competing.
  - a. **Hardship Exceptions**  
Appeals may be submitted to the CIF Section Office for the following two exceptions only:
    - (i) **Assessment Exception One:** A student under doctor's care may be assessed after January 15 before the student competes or within seven (7) days, whichever comes first, following the student's release from the doctor.
    - (ii) **Assessment Exception Two:** A student who becomes eligible after January 15 may be assessed after January 15 before the student competes or within seven (7) days, whichever comes first, following the student becoming scholastically and/or residentially eligible.
- (4) A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all other appeal options allowed within this policy.

**C. School Responsibilities for the Measurement Process**

- (1) It is the school's responsibility to contact and contract with a CIF Certified Assessor from the list provided by the CIF or attend a CIF Section sponsored regional testing clinic.
- (2) Schools choosing to contract with a CIF Certified Assessor will be required to have available at the time of assessment:
  - a. Bioelectrical Impedance Assessment Data Forms.
  - b. Plastic collection cups to conduct urine specific gravity tests.
  - c. Two adults (teacher, AD, parent, etc.) who will:
    - (i) Assist with measuring height (in feet and inches);
    - (ii) Assist with the recording of data;
    - (iii) Assist with urine specific gravity testing.
- (3) Bioelectrical Impedance assessments shall not be conducted by any active wrestling coach at any level.

**D. Wrestlers Below 7% or 12% Body Fat**

Prior to competition, any male wrestler whose body fat percentage at the time of his initial assessment is below 7% may request a waiver in order to establish a certifiable wrestling weight class if a physician attests that the athlete is naturally at his sub-7% body fat level. In the case of a female wrestler, a waiver may be requested if the athlete is naturally at her sub-12% body fat. A waiver form must be signed by a physician, a parent, the principal and the head wrestling coach. The completed waiver form must be mailed or faxed to the appropriate CIF Section office. Wrestlers may not compete at their waiver weight class until the completed waiver form, with all four (4) required signatures, has been received by the appropriate CIF Section office. The waiver weight class is valid for one (1) season only and expires March 15 of each year. The sub-7% male or sub-12% female, who receives clearance, may not wrestle below their actual weight class at the time of initial assessment.

**PENALTY:** Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual. (Revised May 2013 Federated Council)

**E. Growth Allowance**

- (1) The NFHS Wrestling rules provide a two-pound growth allowance on January 1<sup>st</sup> of each wrestling season.

**F. Weight Loss Per Week**

- (1) An average weight loss limit per week of 1.5% of body weight at the time of initial assessment has been established. A season-long weight loss plan will guide each wrestler's weight loss during the season.
- (2) The weight loss plan shall determine in which weight class(es) a wrestler may compete each week.
- (3) A wrestler is ineligible to compete in a weight class below the lowest eligible weight class defined by the weight loss plan before the proper amount of time has passed to achieve the weight class.
  - a. A wrestler shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh-in, qualifies the competitor (NFHS Rule 4-4-2);
  - b. If a wrestler weighs in one weight class below his/her lowest allowable weight class per his/her Trackwrestling Pre-Match Weigh-in form, he/she is eligible per NFHS Rule 4-4-2 to only wrestle at the lower of the two weight classes listed for that day on his/her Trackwrestling Pre-Match Weigh-In form.
  - c. If a wrestler weighs in two or more weight classes below his/her lowest allowable weight class per his/her Trackwrestling Pre-Match Weigh-in form, he/she is ineligible to wrestle in any weight class at that competition.
  - d. If a wrestler weighs in at a weight class higher than his/her allowable weight classes per his/her Trackwrestling Pre-Match Weigh-in form, he/she may wrestle in compliance with NFHS Rule 4-4-2; a wrestler shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh in, qualifies the competitor.

**PENALTY:** Failure to adhere to these bylaws will result in the wrestler being declared ineligible for that competition and for the next regularly scheduled competition. If this occurred during a tournament, then the athlete would be ineligible for the duration of that tournament and for the next regularly scheduled match/ competition for that team or individual.

(Revised May 2013 Federated Council)

**G. Appeal of Assessment Results**

- (1) Any athlete may Appeal his/her initial assessment results one time by reassessment. In order to utilize the results of an appeal, the school must receive notification from the CIF Section Office prior to allowing the challenging athlete to compete.
- (2) The steps of the appeal process are as follows (Step 1 may be bypassed and only Step 2 utilized):

**STEP 1:** The athlete shall repeat the assessment as described in the regulation.

- a. The reassessment shall occur within 14 calendar days of the initial assessment date unless a written extension is granted by the CIF Section before the expiration of the 14-day period. The 14-day appeal period shall start on the day following the date of the initial assessment. Day one through seven does not permit any loss of weight for an appeal to be valid. During the second week, days 8-14, a wrestler may weigh no less than 1.5% (rounded down) of the body weight measured at the initial assessment. Failure to meet these conditions or timelines is cause for denial.
- b. Data shall be recorded on the Bioelectrical Impedance Assessment Data Form.
- c. Reassessment includes hydration and Bioelectrical Impedance assessment.
- d. **PENALTY:** A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all challenge options allowed within this policy.

**STEP 2:** If dissatisfaction with the results remains, the wrestler may choose Bod Pod assessment to determine body fat percentage. Results obtained at this step are final: the athlete, family, school or coach may not appeal further.

- a. The Bod Pod assessment shall occur within 14 calendar days of the initial assessment date unless a written extension is granted by the CIF Section before the expiration of the 14-day period. The 14-day appeal period shall start on the day following the date of initial assessment. Day one through seven does not permit any loss of weight for an appeal to be valid. During the second week, days 8-14, a wrestler may weigh no less than 1.5% (rounded down) of the body weight measured at the initial assessment. Failure to meet these conditions or timelines is cause for denial.
- b. Bod Pod facilities must be approved by the CIF State Office; the proper form shall be filed with the CIF Section Office.
- c. Bod Pod assessment must be conducted before the wrestler participates in interscholastic competition.
- d. **PENALTY:** A wrestler who competes at a weight class allowed by his/her weight loss plan before or during an appeal has accepted his/her most recent assessment and voids all appeal options allowed within this policy.

**H. Costs**

- (1) All costs incurred for initial assessment, appeal process, nutrition education program, and NWCA Optimal Performance Calculator are the responsibility of the school or parent.
- (2) Charges for Bioelectrical Impedance assessment conducted by a CIF Certified Assessor may not exceed \$10 per wrestler.
- (3) CIF Certified Assessors are permitted to charge mileage at the CIF adopted rate or a minimum service fee of \$50 whenever travel is required to a location at which fewer than six (6) subjects are to be assessed on any given date.

**I. Training the Assessor**

- (1) Persons eligible to be trained as CIF Certified Assessors shall be medical practitioners (e.g., physicians, registered nurses, licensed practical nurses, certified athletic trainers, physical therapists, physician's assistants, nutritionists, health educators, exercise physiologists) or other persons approved by the CIF. Under no circumstances may an active wrestling coach be a certified assessor.
- (2) Training and certification of CIF Certified Assessors will be conducted by CIF Master Assessors under the direction of the State CIF.
- (3) The assessor will attend a training session and annual update certification.
- (4) The assessor will participate in a random sample test to substantiate the quality and accuracy of his/her measurements.

- (6) A certification training fee will be charged to each assessor candidate attending the training program.
- (7) Recertification

  - b. CIF Master Assessors will conduct all recertification training programs for CIF Certified Assessors.
  - c. Recertification of CIF Certified Assessors will require a minimum of one (1)-hour training.
- (8) Data Collection
  - a. The CIF will provide the reporting forms.
  - b. The assessor will conduct all Bioelectrical Impedance measurements.
  - c. The assessor will provide the supplies to conduct the urine specific gravity test.
  - d. The assessor will be responsible for posting all wrestler data to the NWCA web site within 72 hours after the initial assessment is made.
  - e. Failed urine tests will not be reported to the CIF.
