

CIF- SS Girls Volleyball Power Ranking & Divisional Information 2020-2021

- 1) Based upon a two-year weighted power point total. 25% value for the 2018 season and 75% value for the 2019 season.
- 2) Strength of regular season schedule results and playoff performance results v. schools from within the Southern Section. Opponents from outside the Southern Section or any contest played during the CIF State Regional tournament currently carry a power point value of zero.
- 3) Regular season matches are weighted based upon the strength of opponent and the result against them. Power points are earned regardless of if the match was won or lost. Example: a loss in a match v. a Division 1, tier 1 opponent would earn you 25 power points while a win in a match v. a Division 2, tier 2 opponent would earn you 40 power points.
- 4) Playoff matches are awarded bonus points for each round you advance.
- 5) The points each win or loss vs. an opponent will change throughout the season as that opponents record improves or decreases.
- 6) The breaks in each division were set based on the number of schools it takes to find on average 30 automatic playoff qualifiers.
- 7) Schools that did participate but failed to report two years of data in the CIFSSHome system are not eligible for entry into the 2020 Girls Volleyball playoffs.
- 8) Schools have from the date of the original release on June 12, 2020 until the start of the official season to correct any errors made to the 2019 season schedule. After the start of the season no more adjustments will be made. Schools who fail to enter the required information prior to the start of the season will **NOT BE ELIGIBLE** for the playoffs regardless of how they finished in league play.
- 9) At the top of the rankings there will be a DIV 1 / DIV 2 playoff grouping. What playoff division these teams compete in will not be decided until the last seeding meeting at the end of the regular season. Throughout the course of the season results will be collected and reviewed to track and rank the weekly top 10. Using the power ranking system **AND** committee determination the top teams from the combined list will make up the Division 1 playoff bracket. The Division 1 group will be between 8 and 16 teams. The remaining teams will make up Division 2. The size of the Division 1 bracket will be determined once the number of teams have been selected. Division 2 – 9 will have a 32-team playoff bracket.

Point Formula Information:

Regular season

There are four levels of point totals for each division based on wins and losses by an individual volleyball team. Based on the success of the team determining what tier an opponent falls in will not be decided until after the end of the season.
