ALL-CIF SOUTHERN SECTION RECOGNITION

71st historical “tidbit.”
 Dr. John S. Dahlem

Recognition of athletes in Southern California started as early as 1907, when sport writers would name their “All-Star” teams usually representative of the area covered by the local newspaper. Those “All-Southern California” teams would differ depending on what source you were referencing and sometime were contentious. In 1920, when Long Beach Poly was removed from the CIF Southern Section for refusing to participate in the play-offs, the “Long Beach Press Telegram” included Long Beach Poly football players on their All-Southern California Team while the “Santa Monica Outlook” did not.

In 1936, the Helms Athletic Foundation started to sponsor the All-Southern California High School Football Team chosen by the All-Southern California Board of Athletics which included sport writers from throughout Southern California and W.R. Bill Schroeder. They paid for all the certificates, a banquet for the awardees, the Helms Athletic Foundation Gold Medal to the first team and a special award for the player of the year. Initially, there was a Southern California Prep School Football Banquet sponsored by the Kiwanis Clubs of Southern California. Basketball and track followed in 1938 with All-CIF Helms teams. Due to financial considerations, United Savings took over the sponsorship in 1971 still under the Helms Athletic Foundation. In 1973, Citizens Savings took over and in 1982 First Interstate Bank became the sponsor. Sponsorship changed again

in 1990, when the AAF (Amateur Athletic Foundation) funded the awards. The AAF was the organization created with funds generated by the 1984 Los Angeles Olympics. The AAF changed their name to LA84 in 2008, and they are the current presenters of the All CIF Southern Section Teams.

Today, the All CIF Southern Section teams are chosen by sport associations and local advisory groups from each team sport for specific divisions of play. Those groups relay the chosen teams to the CIF-SS office and the office releases the teams to the press. The CIF-SS office staff prints the certificates and sends them to the schools with financial support for printing, postage and compilation from the LA84 Foundation.

It is interesting to note that one of the nominees for the first All-CIF football team in 1936 was tackle Tom Bradley (later the mayor Los Angeles) from Los Angeles Polytechnic High School. The special bulletin announcing the team even gave his address (1413 E, 15th St., Los Angeles, Cal.), the system he played (“Warner named” after Pop Warner), and the following: Senior 6’2” 192 lbs. Hand changing. Very fast.

NATION TOP SCORER

AL POLLARD, the T.N.T. charge of the Cubs offense; who has scored more points this season than any other football player in the nation.

Al was All-C.I.F. last year and a sure bet to repeat this year. He has paced his team in scoring with 22 touchdowns and 22 conversions, for a total of 154 points. Al weighs 193 pounds and is a very hard running back. He probably will see action at Notre Dame in his future years. Good Luck Al!

HELMS ATHLETIC FOUNDATION - Cooperative Organization

ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL SELECTIONS FOR 1938

* * * * On Wednesday afternoon, December 7th, members of ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL met at the offices of Helms Athletic Foundation for the purpose of selecting All-Southern California Junior College and All-Southern California High School football teams for the 1938 season. (This is the second year that ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL has been in operation, the Board having been formed by Helms Athletic Foundation in 1937.) At the meeting of December 7th, the performances of more than 500 outstanding Southern California junior college and high school football players were carefully checked and considered. (Information concerning players had been previously gathered by Helms Athletic Foundation, for presentation to members of the Board.)

Twenty-four junior college players, and fifty-seven high school players were finally chosen as those who had been the most outstanding throughout the season of 1938. (Selections being based on the Board's knowledge of the performances of players, and recommendations by coaches, student newspaper sports editors and sports writers of daily newspapers throughout Southern California. In all but five instances, all players chosen had been seen in action by one or more members of ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL, and in those five instances recommendations were so many and so impressive that members of the Board gave more than ordinary consideration to the players who were so highly recommended.)

ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL's 1938 selections are believed to be truly representative of the best prep school football material in Southern California. The Board has made every attempt to secure complete information concerning all of the outstanding junior college and high school football players of Southern California, and members of the Board have journeyed to many sections of Southern California in order to witness games and thereby watch prospective All-Southern California players in action. Near the close of the 1938 season, Helms Athletic Foundation, the Board's cooperative organization, distributed more than 450 questionnaires to junior college and high school coaches and student newspaper sports editors, as well as to sports writers of daily Southern California newspapers, in quest of recommendations for players. Nothing was left undone to give every outstanding prep school football player in Southern California worthy and deserving consideration.

Members of ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL and Helms Athletic Foundation greatly appreciate the fine cooperation which has been given by Southern California prep school coaches, sports editors of student newspapers and sports writers of daily newspapers. The Board, too, is deeply indebted to the Kiwanis Clubs of Southern California for their cooperation and civic interest in sponsoring the SECOND ANNUAL KIWANIS-SOUTHERN CALIFORNIA PREP SCHOOL FOOTBALL BANQUET, at Elk's Club Temple on December 20th, at which time the Board's 1938 All-Southern California selections are announced.

All Southern California Board of Football has secured the cooperation of sports editors of Southern California junior college and high school student newspapers, in the matter of providing copies of their weekly editions. These copies are on file at the Board's headquarters, 401 W. M. Garland Building, Los Angeles, and will be referred to when the members of the Board meet to make 1938 selections.

On November 20th, the Board will prepare questionnaires (requesting recommendations for players, and remarks concerning their performances) for distribution to prep school coaches, sports editors of Southern California daily newspapers, sports editors of Southern California prep school student newspapers, and to others. (Stamped, self-addressed envelopes will be enclosed with each questionnaire, for reply.)

With this fund of data at hand, and with the knowledge of members of the All Southern California Board of Football -- as to the performances of prep school players, through personal observation -- the Board will then turn to the matter of making team selections. With such complete and exacting coverage, there is no doubt but what representative selections will be made.

* * * * ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL'S NEW FEATURES

The ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL will introduce several new features this year --- among them, the Junior College and High School student newspaper S P O R T S E D I T O R award. When the All Southern California Board of Football meets in December, to select All-Southern California prep school teams, it will also select THREE SPORTS EDITORS of student newspapers, one from each of the following ranks: JUNIOR COLLEGE, LOS ANGELES CITY HIGH SCHOOL, and SOUTHERN CALIFORNIA HIGH SCHOOL. Each of the sports editors so chosen, will be honored at the ANNUAL K I W A N I S SOUTHERN CALIFORNIA PREP SCHOOL FOOTBALL BANQUET, which will be given by Southern California's KIWANIS CLUBS, in December. Date to be announced later. The SPORTS EDITOR award is for best coverage of football in 1938.

* * * * ALL SOUTHERN CALIFORNIA BOARD OF FOOTBALL AWARDS FOR 1938

Each player who is chosen on an All Southern California Board of Football Team in 1938, will receive a certificate from the Board, noting the particular selection.

Each player who is chosen on an All-Southern California JUNIOR COLLEGE F I R S T T E A M; an All-Southern California HIGH SCHOOL F I R S T T E A M; and an All-Los Angeles City HIGH SCHOOL F I R S T T E A M, will be presented with the HELMS ATHLETIC FOUNDATION gold medal, in recognition of the honor.

Each of the three SPORTS EDITORS of Southern California prep school student newspapers who are honored by the Board, will be presented with the HELMS ATHLETIC FOUNDATION gold medal, in recognition of the honor.

It is possible that other awards will be made, all of which will be announced in SPECIAL RELEASES from All Southern California Board of Football, as the 1938 season progresses.

All Southern California Board of Football will also select, this year, the prep school coach who has done the most noteworthy bit of coaching this season. (Not particularly the coaching of a championship team.) The coach so honored, will be presented with the Helms Athletic Foundation gold medal.

* * * * SECOND ANNUAL KIWANIS - SOUTHERN CALIFORNIA PREP SCHOOL FOOTBALL BANQUET

The SECOND ANNUAL K I W A N I S - SOUTHERN CALIFORNIA PREP SCHOOL FOOTBALL BANQUET will provide a fitting climax to the 1938 Southern California prep school football season. The banquet will be held, under the auspices of the KIWANIS CLUBS OF SOUTHERN CALIFORNIA, on or about December 16th. Date to be announced later.

COMMENT: The All-Southern California High School Football Team of 1938 is just about the finest mythical all-star high school gridiron unit that was ever created. It's backfield tips the beam at a 180 pound average, will its forward wall bend the scale at a 190 pound average. Despite its weight, the All-Southern California high school pigskin squad has speed to burn.

If there are two finer Ends in Southern California high school ranks than John Ferguson and Richard Gunther, members of All Southern California Board of Football haven't seen them -- or even heard of them. Ferguson is a big 200 pounder who is a bear-cat on defense, is a fine pass receiver, and a splendid signal caller. Gunther is an excellent pass receiver, does a good job of punting, and shines on defense.

At the Tackle spots, Koeller and Schiro are tops. Koeller is a rugged 220 pounder who doesn't back up, while Tony Schiro is being heralded as another "Harry Smith", (Trojan All-American) and was a definite standout at his position this year.

The Guard positions of the All-Southern California squad are well fortified with two strong, aggressive stalwarts -- William Mannon, who played a center position but has been shifted to a Guard spot, and Bill Siexas, a standout running guard and defensive star.

Neal Snipes, of Corona, was given many fine recommendations by opponent coaches and Southern California sports writers, and deserved the compliments. He did everything expected of a fine Center, and played hero by winning two games for Corona with place kicks.

The All-Southern California High School Football Team packs 898 pounds of dynamite and scoring power. . . and, WHAT a backfield! Ray Woods, San Fernando quarterback, runs, passes, kicks and field generals with the best in Los Angeles City High School history. He tallied 91 points during the past season. John Petrovich, just a Junior, was the foremost back of the Coast League this year. He is a real triple threater, and often dented touchdown territory. Santa Barbara's Charles Sylvester was

one of the important factors in the success of the Santa Barbara High School Southern California championship team this year. He runs, passes and kicks in fine style. He is only a Junior. . . . Mel Bleeker is a fast, hard hitting Fullback who really pierces opposing forward walls. In the open-field, Bleeker is a hard man to stop for he has speed and is shifty. He is the Bobby Grayson type. . . . Harry Karns, Pomona's lanky, red-headed Fullback, might be titled SOUTHERN CALIFORNIA'S HIGH SCHOOL PLAYER OF THE YEAR. He is a splendid triple threat, scores touchdowns and BLOCKS! Bill Foote, Santa Ana Coach, said: "Despite his brilliant ball packing against my team, Karns impressed me most with his BLOCKING!" Quite a nice compliment to be paid a triple threat, by an opponent coach. Harry Karns is truly a TEAM PLAYER. He was an important cog in Pomona's Citrus Belt League championship aggregation. Karns made the Board's All-Southern California High School Team in 1937, as Fullback.
