2. PUBLIC COMMENT

A. Recognition of anyone wishing to address the Executive Committee. Speakers must limit their remarks to three minutes. - There was no one present to address the Executive Committee.

3. ACTION ITEMS

A. STATE FEDERATED COUNCIL ACTION ITEMS

1. Proposed Bylaw Additions 1501 and 2603 - Baseball and Softball State Championships - Mike West reviewed the proposal. There was a motion and second to approve the proposal. Paula Rodas asked how the advisory committees felt regarding this proposal. The Baseball Committee has a mixed reaction with no strong stance in either direction. David Parkes voiced concern that the small schools would struggle as there is a lack of depth in pitching for the smaller schools, questioning how it will look from a pitching standpoint. Rob Wigod spoke for Mike Middlebrook, who was not in attendance, that the Softball Committee is against this proposal because of length of season. The motion failed 3-17-0.

2. Proposed Bylaw Revision 1703 - Traditional Competitive Cheer Regional Championships Mike West reviewed the proposal. There was a motion and second to approve the proposal. Jim Perry asked for the feelings of the Cheer Advisory Committee. Rob Wigod reported that the Southern Section Cheer Advisory Committee is in favor of the proposal. Mike West remarked that other sections have their championships at a different time of year, many in December. There are concerns regarding our championships being so close after Winter Break. The motion carried 19-1-0.

3. Proposed Constitution Revision Article 70.E and 70.F - Executive Committee Nominations/Elections - Mike West reviewed the proposal. There was a motion and a second to approve the proposal. There was no discussion. The motion carried 20-0-0.

B. SOUTHERN SECTION ACTION ITEMS

1. Proposed Bylaw Revision 32.B.4.B - Releaguement Procedures - Monica Colunga reviewed the proposal. There was a motion and a second to approve the proposal. Jill Matyuch voiced concerns with teams moving up and down yearly, stating two years is enough data. Dave Hess asked if this is for every sport in a conference and the response was this proposal does not delineate that information. At this time, conferences must adhere to forming leagues every two years. This proposal would allow those who are in an athletic conference, who wish to form leagues on a yearly basis, to do so if they choose. Chris Calderwood stated that since competitive equity changes year to year, why should a conference not be allowed to change year to year? Jim Perry asked if this change would affect playoff bracketing and the answer was no, since this proposal is not changing the number of leagues or allowable number of entries from each league. Terry Barnum added that it gives leagues more flexibility. Kristine Palle said that in power rankings, the most

recent year is more heavily weighted than the second year. Rob Wigod stated that our current bylaws do not allow new leagues to be formed in the middle of a relegating cycle. Dave Hess voiced concern with changing leagues after one year and having two-year contracts that must be broken for another league game. The motion carried 19-1-0.

2. Proposed Bylaw Revisions Sports Sections - Summer Dead Period - Monica Colunga reviewed proposal. There was a motion and second to approve the proposal. Ed Kearby, co-sponsor of the proposal, reminded the Executive Committee that last year there were many potential proposals regarding this issue. The authors of this proposal took the best of those proposals, and after many compromises, came up with the proposal you see today. Terry Barnum voiced the concerns from his area, including part-time coaches relying on coaching club and working with some of their athletes out of season. There would be consequences if the student interacts with the coach in the club environment during the school dead period. Carter Paysinger said that a standard dead period is tough on all school campuses as someone is missing out on the best timing for their program. Ed Kearby asked, is it the Southern Section's problem if an outside entity wants our student-athletes during the dead period? Terry Barnum wondered if we are taking choice away from coaches on the proper training cycle for a certain sport by mandating a specific dead period. Chris Calderwood stated that you can do this now, without the proposal. Why are we making this mandatory? If everyone is out at the same time, outside entities will find a way to work around that. Ed Kearby brought up the multi-sport athletes that do not get time off and they need a break. Jim Perry stated that this proposal protects our students by giving them a needed break. Paul Lopez stated that all the sports at his school took the same dead period last year. Monica Colunga stated this gives us the flexibility in our communities to give our students the break they need that works best. Terry Barnum recommended specific sport dead periods, where all football programs are dead across the section. For example, if track and football have multi-sport athletes, then football and track would have the same dead period. Chris Calderwood added that the leagues in his area came to that conclusion to have dead periods by sports for leagues and is discussing how to implement such a schedule. Carter Paysinger reminded everyone that this body has to look out for the best interest of all students at all 563 schools in our section. The motion carried 11-9-0.

3. Proposed Bylaw Revision 3320.2 - Playoff Divisions for Golf - Monica Colunga reviewed proposal to form Team Golf divisions by competitive equity. There was a motion and a second to approve this proposal. There was no discussion. The motion carried 20-0-0.

4. Proposed Bylaw Revisions Article 5, Section 54 - Commissioner Duties - Monica Colunga reviewed the proposal. There was a motion and second to approve the proposal. Jill Matyuch asked for clarification of some of the language. Mike West stated that new evaluation procedures, if this proposal is passed by the Southern Section Council, will come at the next Executive Committee meeting. The motion carried 20-0-0. Monica Colunga gave a break at 10: 50 a.m. for 10 minutes. Monica Colunga reconvened the meeting at 11:05 a.m.

4. NON-ACTION ITEMS

A. STATE FEDERATED COUNCIL NON-ACTION ITEMS

1. Proposed 2020-2021 State Budget - Mike West reviewed the CIF State Proposed Budget for 2020-2021. They are projecting a surplus. Mike West highlighted several items in the budget, and they have proposed a balanced budget. There was a short discussion.

2. CIF State Executive Committee Nomina-

tions - Mike West reviewed the proposal listing the nominees for the CIF State Executive Committee. Past practice is to support the nominees from our section and send our Federated Council delegates uninstructed on all other positions.

3. Proposed Bylaw 503.M Revision - Ejection Policy - Mike West reviewed the proposal. Each section does ejections differently and this is to standardize the process across the state. The written proposal contained in the agenda was read through and discussed. One change for Southern Section would be an ejected player could still attend the next contest in street clothes, sitting on the bench. A second ejection constitutes removal from the next three contests. A third ejection and the player is removed for the rest of the season. David Parkes asked if for soccer, will there be a distinction between double yellow cards as it equates to five fouls in basketball? Discussion went on outlining that the first ejection for combative behavior would lead to the player being suspended for three to six games, which has been the practice in San Diego Section for many years. The three to six game suspension gives flexibility for the various sports since missing six games in football is much more severe than missing six games in basketball or soccer. Jeff Jordan asked if the San Diego Section has seen an increase in litigation? Rob Wigod stated that has not been the case, and when such cases come to us, our attorneys have been able to get them dismissed since our bylaws are clearly stated. In San Diego Section, it is the League Commissioners that deal with appeals of ejections from league contests. In our section, there would need to be a procedure in place if the school involved in the ejection appeal is the same school as the person who is League Commissioner/ League President. There is also a distinction between the student that is involved in a physical altercation in a bench clearing incident and a student that leaves the bench area and does not get involved in a physical altercation. Meetings with students and parents prior to return to play will still be necessary. Coaches ejections follow a similar path in that the first ejection is a one game suspension, a second ejection, three to six games, a third ejection, out for the season. Coaches who are ejected from a contest are prohibited from attending the next contest. Coaches ejected for fighting/assaultive behavior are removed for the rest of the season. Spectators who are ejected from a game are the responsibility of the school and the school must ensure that a spectator ejected from a contest does not attend the next contest. A second ejection of the same spectator would result in that spectator being banned from any further contests for the rest of the season.

4. Proposed Bylaw 303.B.(6)a and b Revision - Multi School Applications - Mike West reviewed the proposal. This proposal revises the current bylaw by clarifying the process for submitting late Multi-School Applications and the fees associated with those applications. There was no discussion.

5. Proposed Bylaw 208.B Revision - CIF Student Study Aboard - Mike West reviewed the proposal. The proposal provided for students who study abroad and are not part of an approved Foreign Exchange program to return to their previous school in the United States and be immediately eligible. There was no discussion.

6. Proposed Bylaw 209.C.(1) Revision - Disciplinary Transfer - Mike West reviewed the proposal. The current bylaw states if a student transfers due to a disciplinary taken or pending, the student is ineligible to compete for one year from the date of that transfer. Rob Wigod stated that we are being challenged on these cases regarding language in the current bylaw that states the disciplinary action take or pending contributes to the student's transfer. We cannot prove that to be true, so this proposal would remove that language. Terry Barnum brought up conversations that have taken place with fami-

(See EXECUTIVE page 6)

EXECUTIVE

(Continued from page 5)

lies mutually agreeing with the school to withdraw their student and does that qualify as a disciplinary transfer? What is the former school's responsibility to report this type of transfer? Rob Wigod explained that the former school has an obligation to respond yes or no on transfer paperwork regarding if the student's transfer was due to a disciplinary action taken or pending, and if they respond yes, they understand the student loses eligibility for all sports for one year.

B. SOUTHERN SECTION NON-ACTION ITEMS

1. Proposed 2020-2021 CIF Southern Section Budget - Monica Colunga asked Mitch Carty to review the handouts that were given to the Executive Committee and appear at the end of these minutes. Monica Colunga thanked Mitch Carty for his hard work and for the transparency of the proposed budget.

2. CIF Southern Section Executive Committee Nominations - Monica Colunga reviewed the nominations that appear in the agenda materials. The next step in the process will be to move the slate of nominees forward to the Southern Section Council for first reading at their upcoming meeting on January 28, 2020.

3. Proposed Bylaw 1212 Revision – Change of Due Date - Monica Colunga reviewed the proposal. This proposal is asking to move the scheduling due date for Winter Sports from July 1 to September 1.

4. Proposed Bylaws 3319, 3319.5, 3319.7 and 3314.1 - Revision - Football Playoff Groupings - Monica Colunga reviewed the proposal. This proposal would change the current football playoff groupings system to only use current regular season data to formulate divisions at the end of the regular season. Monica Colunga yielded the floor to Rob Wigod and he explained the process, highlighting some of the information contained in the agenda backup paperwork. Thank you to Rich Shearer and the Football Coaches Advisory Committee for putting the system together. At the end of the regular season, leagues will need to break all ties and designate a first, second, third place in league. There would be a true #1-#16 seeding in each division based on current regular season power rankings. Higher seeds would host first round contests and then the current system utilized to designate home teams after the first round will be followed. Rich Shearer reviewed what this proposed system would have looked like at the end of the 2019 regular season, if it was utilized at the end of last season, which appears in the agenda back up materials. This will require a culture change as a school's division would not be known until the end of the regular season, but as weekly power rankings are released, schools can follow the progress of those rankings.

Monica Colunga adjourned the meeting for Lunch at 12:06.

Monica Colunga reconvened the meeting at 1:04 p.m.

5. Proposed Bylaw 504.M Revision – Sunday Cheer Competition - Monica Colunga reviewed the proposal, which would be to add language to our current bylaw to make an exception for a national event in the sport of Traditional Competitive Cheer. Ann Fitzgerald added that her school's cheer coach brought this proposal forward to the Del Rio League. Most other states have put in this exception for this specific competition in Florida. This year, those that would have been in a division that competes in finals on Sunday switched divisions in order to avoid Sunday. This puts the California teams at a disadvantage as they can't compete where they belong. This bylaw affects a small number of teams. Jill Matyuch added that if this does not pass, we can take this matter to the CIF State which has many sports with exceptions for one or two events. Mike West was not in support of this proposal the last time because they could pick any event. This time it is for an NFHS recognized national event and our students should have the full opportunity to attend. Jim Perry brought up that he has received many requests since returning from Winter Break asking to play on a Sunday. If this proposal passes, it will open the door to every sport wanting their one exception too. Monica

Colunga reminded the Executive Committee that Cheer did not ask to be part of CIF and we have had to look at giving them the things they have always done while working within our established bylaws. Cheer is different than the other sports, as they do not currently have league play, nor a true season of sport. This event is endorsed by the NFHS and it is only the one event. Carter Paysinger asked, are you willing to support this request and not support the other sports who might come forward with the same request? Kristine Palle added that we give this type of dispensation over the summer dead period for national events. This is not a Sunday dispensation; this is a single event dispensation.

6. Proposed Bylaw 3320.4 Revision - Swim Playoff Divisions – Proposal A - Monica Colunga stated that 611 and 612 are similar, with two options being presented for playoff groupings for swimming. SS 611 requires boys teams and girls teams to be placed into the same division, in the higher division in which the boys and/or girls team was placed, and SS 612 would allow for boys and girls of the same school to compete in different divisions based on competitive equity. Kristine Palle continued to explain how these proposals are to align an individual sport with the competitive equity model. If a school has their boys and girls in different divisions, it could result in schools competing on different days instead of everyone being in the same sessions.

7. Proposed Bylaw 3320.4 Revision - Swim Playoff Divisions – Proposal B - -See SS 611.

5. NEW BUSINESS

A. Financial Report - Mitch Carty –

Mike West spoke about the Audit Committee meeting and stated that there were minor suggestions from the auditors, but overall the accounting practices are acceptable and transparent. Motion carried 20-0-0.

D. Executive Committee Member Reports - Activities Directors Representative, Todd Arrowsmith – On behalf of the Santa Clarita community and Saugus High School, the CIF Southern Section played a very important part in the healing process of the community. From allowing the Saugus Cross Country teams to run in the Finals without having to run in the Prelims two days after the tragedy, to the West Ranch football game where the school was invited to attend and take a break from the tragedy. It was a great game that was won in last ten seconds and it was a healing moment for the community. Saugus won their division in Cheer and did a great job, setting the bar high for other programs. CAPSO Representative, Terry Barnum – Ron Nocetti will be visiting the upcoming CAPSO meeting being held at St. Bernard High School. Desert Area Representative, Jeff Williams – Enjoyed presenting the Division 9 Football championship awards. Competitive equity is working. The game was very exciting, even in the snow. CIF State Federated Council President, Jim Perry – Saugus Cheerleading had the respect of the site as soon as they entered the facility and then they stuck their routine. They set the bar high. CSDR performed later in the day. The music started and they were performing, clapping, singing, then one of the guys picked up a sign that said, "We Can't Hear You!" and the place went wild. It was great, very electric. CADA Representative, Geniel Moon – Please register for the CADA Conference in Reno March 3-7, 2020.
