

TO: CIF SOUTHERN SECTION PRINCIPALS/ ATHLETIC DIRECTORS

FROM: ROB WIGOD, COMMISSIONER OF ATHLETICS

SUBJECT: CIF SOUTHERN SECTION UPDATE

DATE: DECEMBER 16, 2020

I hope you and your families are well. Here is the latest update...

1) Return to Play Guidelines – On Monday, December 14, the California Department of Public Health released guidelines related to Outdoor and Indoor Youth and Recreational Adult Sports. This information has been anticipated for months, and for the CIF and our 10 Sections, a response to the plan developed by our CIF Sports Medicine Advisory Committee that we submitted to the CDPH in October. While we all process what this means in the time ahead, the CIF has prepared the following information directly related to high school sports to help clarify this situation and that information is included with this update...

- **CIF COVID-19 Cover Letter** – A summary of several elements contained in the CDPH Guidelines: No athletic competition permitted in California until Monday January 25, 2021, practice within stable team cohorts, limitations on travel between counties, etc.
- **CIF Sports COVID-19 Tiers** – A document related to the four-color tiered system in place for each county in California that includes the current status of each county in our state and the current status of each sport related to that county.
(This document will be updated on a weekly basis by the CIF State Office.)
- **CIF All Sports Guidelines** – Specific health and safety protocols created for each sport.

It is important to note that what was recommended by our CIF Sports Medicine Advisory Committee is not what we see here. We requested that all sports be conducted in the Red Tier and were hopeful that we would be allowed to proceed accordingly. While that is not the case today, I want to assure you that the dialogue will continue between the CIF and the California Department of Public Health to try and advocate for the return of education-based athletics as soon as that can happen in a healthy and safe way.

2) Key Dates – As we move forward, here are some important dates to remember...

- Monday, January 4 – The California Department of Public Health will reassess the January 25, 2021 return to competition date and evaluate the situation at that time.
- Tuesday, January 19 – I will provide an update on the plans for CIF Southern Section Fall Sports Championships.

3) Final Thought – There is no doubt that we have significant challenges ahead of us. We must try and overcome those challenges with every effort we can make in support of our student-athletes. It is too important to them for us to not do everything we can do on their behalf to keep their dreams alive. Now is not the time to lose hope and I know I can count on you to continue to fight for what we all believe in.

I hope this information is useful to you in the time ahead and if you have any questions, or I can help you in any way at all, do not hesitate to contact me. My staff and I are ready, willing and able to assist you in any way we possibly can.

Thank you very much for your help and support, it is truly appreciated.

Be well, stay safe, take care and all the best to you and your families.

CIF Proposed Plan for the Return of Educational-Based Athletics

Everyone in California wants students to be able to return to in-person learning, sports, and all other co-curricular activities that are so important for their physical and mental well-being. As COVID-19 transmission rates are rising significantly in California, communities across the state must continue to take measures to limit the spread of the virus. Therefore, we implore ALL Californians to wear a mask, practice social distancing, limit mixing between households, and practice all basic hygiene. This is the way to ensure the best chance for CIF competition to commence by January 25, as allowed by the guidance from the California Department of Public Health. State agencies will continue to monitor epidemiological trends.

- Physical conditioning, practice, skill-building, and training can be conducted outdoors and within stable team cohorts remain authorized regardless of county tier status. Such activities may be conducted indoors consistent with the Gym & Fitness Center Guidance Capacity.
- Competitions, meets, races, or similar events are authorized only if (a) both teams are located in the same county and the sport is authorized, or (b) teams are located in immediately bordering counties and the sport is authorized in both counties.
- Out of state competition is not allowed at this time.
- The county-based authorizations outlined in this document apply to the locations/counties in which the teams, schools, and leagues are functionally based. (e.g. where the players reside, where facilities are located, etc.).
- Any tournaments or events that involve more than two teams are not currently permitted in California. Exceptions may be made, with authorization from the local health department, for the following sports where individual competitors from multiple teams are routine: track and field; cross-country; golf; skiing and snowboarding; tennis; and swimming/diving.

Schools must still follow all guidelines from their local county and the governing board of their school district or private/parochial school.

This document is not intended as medical or legal advice. Schools and school districts should refer to their local governing bodies and their own legal counsel for assistance.
