2. Proposed Bylaw 126 – Altercation Plan Non-Action SS 617

President Mike West reviewed the proposal for the implementation of a mandatory Altercation Plan that would be for all sports at all levels. This Altercation Plan would be placed into the Blue Book as a new bylaw if adopted. The plan calls for the training of coaches and athletes to listen for key or code words if an altercation were to happen with the intent that an automatic response would de-escalate the situation. The Rio Hondo League asked for clarification regarding the proposal and that this language would be added into the Blue Book as a new bylaw.

5. REPORTS

- A. Treasurer's Report Chris Calderwood

Mr. Calderwood announced that the 2019-2020 Southern Section audit has been completed. As of today, 369 schools have paid their membership dues and a total of 531 member schools have created an invoice to show they are in the process of payment. Membership dues are due today, October 1st.

- B. President's Report Mike West

Mr. West spoke to the roles that each of us have at their respective schools and he wanted to remind the Council that it is important to keep in contact with each other, not just via e-mail, but to also pick up the phone to have a conversation or simply to check-in on each other. The role of the Principal or the Athletic Director is an important one on each campus and that personal interaction is very important during this unique time.

- C. Commissioner's Report Rob Wigod

Commissioner Wigod will continue to send out periodic updates to schools as needed and if you have missed any they may be found on our web site at www.CIFSS.org. Commissioner Wigod reminded the Council that we have begun the Area Placement process this year in advance of Releaguings. Area Placement Requests Forms from each member school are due by October 9, 2020. Commissioner Wigod reminded everyone that our sports calendars are in place and will not be changed. The thought process was that it was set up for a December start so schools could have the maximum amount of time possible to schedule and get organized. Commissioner Wigod concluded by thanking the members of the Council, the Executive Committee members for their service and the Southern Section Office Staff for their continued support.

Type: New CIF Sanctioned Sport; Bylaw Addition and Revision

Proposal Summary: The CIF San Diego Section is proposing the addition of Girls Beach Volleyball as a CIF sanctioned spring sport to begin in 2021-2022 school year. Beach volleyball is currently sanctioned by the NCAA as a scholarship sport for women and is also sanctioned by USA Volleyball, the US Olympic and Paralympic Committee and the International Olympic Committee. The addition of Girls Beach Volleyball would allow for increased participation opportunities for high school girls.

The proposal would add Beach Volleyball to the list of approved sports in CIF Bylaw 1200, revise Article 170 and Bylaw 1700 and would renumber the remaining Articles related to CIF approved sports (see proposal).

The proposal also includes a revision to Bylaw 600.

Fiscal Impact: There is no fiscal impact to the CIF at this time as it is not being proposed as a championship event. There, of course, would be costs involved for CIF member schools choosing to offer this as a sport.

Background: Currently there are club beach volleyball programs at over 100 CIF member schools with over 1,300 girls participating in those programs.

Talking Points: Additional opportunity for girls to participate in education-based athletics; fairly inexpensive sport with respect to equipment and uniforms; can be expensive to build an on-campus facility but there are an increasing number of facilities that offer courts for rent; student-

San Diego High School Beach League

2013 – present

OVERVIEW

The Sand Volleyball Association (aka. San Diego HS Beach League) was formed in 2013 in an effort to bring the sport of girls' beach volleyball to the high school level. In its first year, 8 schools participated. In 2020, over 40 San Diego schools will participate with representation from every major conference in the county.

GOALS

To legitimize the sport of Girl's High School Beach Volleyball by recognizing it as a CIF sanctioned sport at the city, regional, and state levels.

INFORMATION

- In 2019, more than 400 female athletes participated in high school beach volleyball from San Diego schools. Across the state, more than 1000 girls participated in various high school club leagues.
- Arizona and Florida currently have high school beach volleyball approved as a State Championship sport. Washington is in the process as well.
- Collegiate beach volleyball is the fastest growing sport in the nation. Currently 83 colleges offer beach programs at the Division I, II, and III levels. 16 NAIA colleges and 38 junior colleges nation-wide have programs as well, with more being added each year.
- High school athletes now have the opportunity to earn a college scholarship for beach volleyball
- In addition to the high school league, there are year round tournaments across the nation that cater to high school athletes and culminate in national championships in July. Over 5,000 girls participate in these events each year.
- The demand for the legitimacy of our sport increases each year as the sport continues to gain popularity at all levels.

ADDITIONAL INFORMATION TO CONSIDER

- In San Diego, 7 schools currently have sand courts on campus, and 5 more are in the process of building courts.
- The cost to build 2- 5 courts ranges from \$15,000 - \$150,000 depending on the size of the facility and the type of sand used.
- Most schools currently practice at local beaches and the cost to run their programs is roughly \$3000 - \$4500 for the season. This covers the league fee, insurance, uniforms, equipment, and coaches' stipends.
- The league is run under CIF guidelines, so the transition from a club sport to a sanctioned sport would be seamless.
- Teams from San Diego, Los Angeles, Central California, and Northern California have competed annually in a State Championship match since 2015.

GOAL

Our goal is to legitimize the sport of beach volleyball at the high school level and allow more girls the opportunity to compete for their high schools in a sanctioned sport across the State of California.

Proposal Summary: In January 2020, the Federated Council approved regional championships for the sports of softball and baseball. This proposal sets the allowable number of contacts for these two sports at 28 and also states that tournaments will be counted as one (1) contact for each game. Implementation would be for the 2021-2022 school year.

Fiscal Impact: None

Background: In January 2018, the Federated Council approved the allowable number of contacts for all sports culminating in a regional and/or state championship. Given that the Federated Council, in January 2020, approved softball and baseball as regional championship events, this proposal to add the allowable number of contacts for these two sports is being forwarded to the Federated Council.

Talking Points: Number of contacts equitable to that of basketball, soccer, volleyball and water polo; tournament contacts same as basketball, soccer and water polo

A maximum of two (2) scrimmages per sport are permissible prior to the first interscholastic contest (league or non-league) of the season, except in Football which is limited to one (1) scrimmage. Scrimmages shall not count in the team or individual maximum number of contacts, unless it is held after the team's first interscholastic contest.

D. Allowable Number of Contacts

Sections shall determine the maximum number of allowable contacts. Sections, however, for sports culminating in a Regional or State Championship may not set a limit higher than:

Soccer	28
Softball	28
Swimming	14
Tennis	24
Track and Field	14
Volleyball	28
Water Polo	28
Wrestling	40 (see Bylaw 3201)

The maximum number of allowable contacts is in effect for teams during the regular season. The maximum number of allowable contacts does not include Section Foundation or Scholarship Games, League culminating tournament, Section, Regional or State Championships.

None.

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.

Council Proposals that do not contain the information in the fields provided on both pages will not be considered.

Sport advisory committees are advised to confine their proposals to the sport(s) under their advisement. Any proposals that do not affect Articles 1400 – 3100 must contain a rationale as to why the sport advisory committee is requesting action.

Procedure for Proposed Bylaw Changes:

1. Identify the bylaw, by number, to be changed or eliminated.
2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

For example, if a league wants to address the color of jerseys in basketball, the proposal may read:

The _____ League proposes the following changes to the basketball bylaws.
(your league name)

Bylaw 1623 Color of Jerseys

Proposed language:

“In all basketball games played between member schools of the CIF Southern Section,
The host team shall wear ~~white~~ **dark** colored jerseys.”

CIF Southern Section Bylaw 126 – Mandatory Altercation Plan

Every school in the CIF Southern Section must have an Altercation Plan in case a fight or altercation occurs before, during or after any athletic contest. The Altercation Plan is mandatory and must be implemented for every sport and for every level. Besides the Blue Book, the Altercation Plan will be placed in all Sports Previews.

The Mandatory Altercation Plan would include the following:

- “Red Alert, Red Alert”. Coaches will immediately yell these words, so all participating athletes and substitute players are to initiate the protocols and procedures.
- All athletes will immediately get to their team bench or designated safe area.
- Any/All athletes involved should attempt to disengage and get to their team bench/safe area immediately.
- When calm and safety are restored, Game Officials and Head Coaches will meet and discuss how and when to continue the contest or not to continue the contest.
- Game Officials and Head Coaches will assess the situation and decide about players and/or coaches involved in the altercation and the appropriate sanctions on any/all involved.
- School Administrators will be notified about the Game Official’s decisions, and if need be, game films may be submitted to the appropriate administrator at CIF Southern Section Office and/or CIF Southern Section Officials Area Liaison.

SUPPORTING DOCUMENTS

This proposal is to have every CIF-SS school implement an Altercation Plan for all sports and all levels. There are no financial implications for schools.

This proposal is an off-shoot from the Football Advisory Committee's Altercation Plan, which has been in effect for the last three football seasons. After meeting with Commissioner Wigod and Assistant Commissioner Rich Shearon on February 12th, we all agree that when unsportsmanlike events occur during any athletic contest, there should be an immediate response and procedure to alleviate that action and secure safety for the athletes, officials, and all others involved with the game.

Two years ago, I introduced this proposal to the Coastal Canyon League. The Athletic Directors and Principals voted unanimously to implement the Altercation Plan for all sports and all levels.

This Altercation Plan proposal will be a new rule, Bylaw 126, found in Article 10 Southern Section rules- Duties of the Principals and Accountability. I introduced the proposal to the Executive Committee on August 13, 2020.

One thought to remember – HIGH SCHOOL ATHLETICS IS AND ALWAYS SHALL BE AN EDUCATIONAL EXPERIENCE.

Please find the Football Altercation Plan and read through it (Football Preview) and other documents. If this proposal passes the council's vote, it will be entered into the CIF-SS Bluebook and will be mandatory. Each sport's procedure plan will differ slightly, but all plans should use the same word "Red Alert, Red Alert" to immediately set the plan into effect. Each sport's advisory committee should create a thorough plan depending upon the facility being used.

Remember – HIGH SCHOOL ATHLETICS IS AND ALWAYS SHALL BE AN EDUCATIONAL EXPERIENCE.

CIF EXECUTIVE MEETING

Public Comments – 3 minutes

Thank you for this opportunity to discuss my Altercation Plan. I'm still on the Football Advisory Committee, the Public/Private Committee, and a past Executive Committee member. I submitted the Altercation Plan to the Football Advisory Committee in 2017. It passed unanimously and is mandatory, and is in the Football Preview, pages 3 and 4. I met with Rob and Rich in February and we agree the plan should be moved to earlier pages and highlighted.

- The Coastal Canyon League Athletic Directors and Principals unanimously passed the plan for ALL SPORTS ALL LEVELS two years ago.
- HIGH SCHOOL ATHLETICS IS AND ALWAYS SHALL BE AN EDUCATIONAL EXPERIENCE
- I've seen it all – in almost every sport in my 50 years of teaching
 - As a player in high school and college
 - As a coach – 40 years football, 28 years head coach
19 years soccer, 17 years head coach
 - As an Athletic Director – 28 years supervising all sports and all levels
I've seen fights, brawls, taunting, show-boating, unsportsmanlike hits and so on.
- There has been an eventual decline of sportsmanship in all sports from great, to okay, to bad over the last 25 years. This decline started at the pro-level and filtered down to college and high school.
- Over the last 25 years we have so many "Walk-On Coaches" from Club, Travel, Academy and so many young coaches (ages 20-40) that were athletes during this downward cycle of sportsmanship and many lack individual and team discipline.
- Remember, HIGH SCHOOL ATHLETICS IS AND ALWAYS SHALL BE AN EDUCATIONAL EXPERIENCE.
- They may not coach with this philosophy, which leads to more trouble on the fields and courts.
- Most "Walk-Ons" are not educators and they lack a key skill: accessibility. Athletes never see this coach off the field.
- With the new rules on athletes suspensions, the Altercation Plan for ALL SPORTS can reinforce the idea and importance of sportsmanship and possible change the coaching strategies of some/all coaches and reduce the number of suspended athletes.

- This can also re-emphasize the Athletes Code of Ethics stating:
Win with Character – Lose with Dignity
- I would hope this discussion and your reading of the materials will result in a formal proposal from the Football Advisory Committee and the Executive Committee – All CIF-SS Schools for all sports and all levels.

Thank you for your time and any questions.

Proposal Summary: The 2021-2022 proposed budget projects income of \$6.62 million and expenses at \$6.59 million. Additionally, this budget includes two unfilled administrative assistant staff positions in the burden and salary figures. Given the likelihood that only one of these positions may be filled in the 2021-2022 school year, an additional surplus of \$80,000 may be realized. More information, including details of the proposed changes, can be found in the 2021-2022 proposed budget notes page.

Proposed Budget Summary 2021-2022

This proposed budget for your consideration recommends changes in income and expenses in several categories which include the addition of baseball and softball, changes in marketing dollars due to contracts, and a projected 20% increase in general liability insurance costs for the organization. For the 2021-2022 year, we are estimating on the high end for general liability insurance due to potential increases nationwide for insurance from the pandemic and the unknown losses insurance carriers are facing from it. These losses may likely be passed on to policyholders through increased premium costs. The budget indicates nearly a \$30,000 end-of-year surplus and the recommended changes are detailed in the budget notes.

Additionally, this budget includes two unfilled administrative assistant staff positions in the burden and salary figures. Given the likelihood that only one of these positions may be filled in the 2021-2022 school year, an additional surplus of \$80,000 may be realized.

Income Overview

Income projections are based using a conservative approach forecasting an increase (2.4%) in revenue streams to the organization, from \$6.47 million to \$6.62 million. Keeping consistent with past practice, the projected figures are based on conservative income numbers.

The major sources of income for the CIF are 1) championship events (36%), 2) marketing and corporate support (35%) and 3) legal assessment to schools (18%).

Expenses Overview

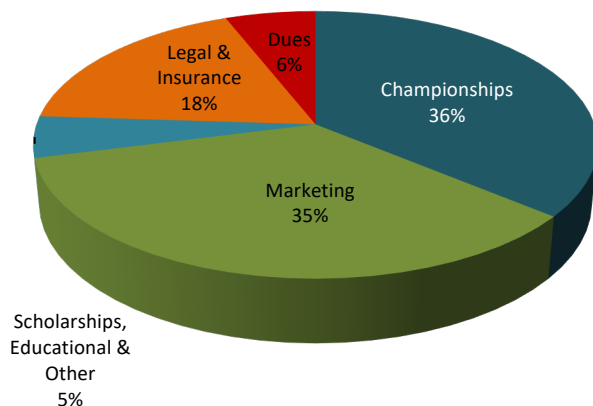

Expenses to the organization are projected to increase (2.9%) based on the figures in the proposed budget, from \$6.4 million to \$6.59 million. Our projected expenses show increases in championship events, in governance for rising meeting and travel costs, for outside legal counsel and investigative costs, and PERS contribution.

The major expenses of the organization are 1) championship events (26%) with the vast majority of those funds being returned to schools to reimburse expenses for team travel and hosting fees, 2) marketing (21%) with most of these funds given directly to CIF Sections for their distribution share in state-wide marketing income, 3) salary and benefits for employees and retirees (21%), and 4) legal, liability, and insurance costs (19%).

Proposal Summary: The Southern Section is proposing an exception to CIF Bylaw 504.M. to allow Traditional Competitive Cheer teams to compete on Sunday at the NHSCC event. This exception may be used one-time per school year for the above event only.

Fiscal Impact: There is no fiscal impact to the CIF at this time as the proposal does not impact a championship event. There, of course, would be costs involved for CIF member schools choosing to attend this event.

Background: In TCC, the season of sport is much longer than that of any other sport. Cheerleaders also do not participate in traditional head-to-head competition in their leagues like other sports do. National-level competitions have provided opportunities for high school athletes to compete and be seen by college recruiters. These athletes will miss the important opportunities that they have had prior to CIF inclusion. Asking these competitions to move away from their Sunday spot is difficult as they require large venues.

This proposal is being brought back as a continued first reading from the October Federated Council meeting due to the following new information. It has come to our attention that the sport of skiing/snowboarding has been allowed to practice and compete on Sundays given the unique nature of the sport and the fact that there is competition with Nevada schools which allow for Sunday competition in that sport. This provides some context to the concern that we would be allowing an exception for cheer that has not been allowed for any other sport.

CIF STATE OFFICE • 4658 DUCKHORN DRIVE • SACRAMENTO, CA 95834 • (916) 239-4477 • CIFSTATE.ORG

Talking Points: TCC does not currently have a season of sport; This exemption would enable school teams to compete at the national level event; Can only be used at the NHSCC and no other “National Championship;” Adding a second exception to the Sunday rule could lead to additional requests from other sports to be permitted an opportunity to compete on Sundays.

Sundays

In order to provide at least one (1) day of respite from involvement in interscholastic athletics each week, no interscholastic games or practices of any kind are to be held on Sunday.

Exception #1. Those schools founded upon religious tenets that observe a Sabbath rest from Friday sundown until Saturday sundown may practice or play on Sundays. These schools must register each year by August 1 for the following year with their Section office and observe a day of respite from sundown Friday to sundown Saturday. No school requesting a religious exception may participate in interscholastic participation (practice and/or games) on seven (7) consecutive 24-hour days.

- Schools requesting an exception must provide documentation, if requested, of religious belief adhering to the basis of the exception.
- Schools requesting an exception must provide documentation, if requested, of adherence to the rule of no interscholastic participation (practice and/or contest) within seven (7) consecutive 24-hour days.

NOTE: Declaration of Alternate Day of Respite Form is available through your local CIF Section office.

Exception #2. Traditional Competitive Cheer teams competing in the annual National High School Competitive Cheer event. This exception may be used one-time per school year for the above event only. Schools seeking an exception for the NHSCC event should contact their local CIF Section office.

- Schools requesting an exception must provide documentation, if requested, of adherence to the rule of no interscholastic participation (practice and/or contest) within seven (7) consecutive 24-hour days.
- (1) Violation of Bylaw 504.M. will result in the following sanctions:
 - a. **Practice:** For every practice conducted during the declared respite time, the violating school will be prohibited from conducting twice as many regularly scheduled practices (2 for 1);
 - b. **Game:** A game played during the declared respite time will result in forfeiture of the game.
 - (2) In addition to the above sanctions, the Section may impose any of the following additional sanctions:
 - a. The final season record will be reduced by at least one (1) win at the conclusion of the season;
 - b. The school will be placed on probation;
 - c. The team/individual will be ineligible to advance to or in Section, Regional or State Championships;
 - d. Reduction of maximum number of contests allowed for the following year in that sport;
 - e. Repeated violation may result in suspension of membership in the CIF.

Bylaw 504. M. Sundays

Proposed language:

In order to provide at least one day of respite from involvement in interscholastic athletics each week, no interscholastic games or practices are to be held on Sunday.

ADD: Exception: In the sport of Traditional Competitive Cheer –Only those schools that participate in NHSCC may have a one-time exemption for that event once per year, provided approval from the CIF-SS office is granted.

RATIONALE: In TCC, the season of sport is much longer than that of any other sport. Cheerleaders also do not participate in traditional head-to-head competition in their leagues like other sports do. National-level competitions have provided wonderful opportunities for these high school athletes to compete and be seen by college recruiters. These athletes will miss the important opportunities that they have had prior to CIF inclusion. (Asking these competitions to move away from their Sunday spot is difficult as they require large venues.)

*The National High School Cheerleading Championship (NHSCC) is considered by most to be the most prestigious cheerleading championship in the country. It is also the only cheerleading championship endorsed by the NFHS. An estimated eight hundred of the most advanced teams, representing about 31 states will compete at the Walt Disney Resort in Orlando, Florida. ESPN and ESPN2 are expected to televise the event in 32 countries and is expected to reach 100 million homes.

**Paul Lopez, Executive Director
Glendora Unified School District**

I have been working in education for 31 years all at Glendora High School in the Glendora Unified School district. I started as a Special Education teacher, Counselor, Dean of Students, Athletic Director, Assistant Principal, Principal and am now the Executive Director of Special Education/Health/Homeless and Foster Youth. Previously, I was the Principal at GHS for 10 years. As the Principal at Glendora I have served as the President of the Baseline League and the President of the Palomares League. I was the President of the Palomares League for six years. I served on the MSAC Releaguings Ad Hoc committee two different times and ran the releaguings process three different times. I have been involved in athletics all of my life as a player, a coach, an athletic director and an administrator. I believe in education based athletics and that student athletes build character and integrity by participating in athletics. They understand teamwork which is the foundation of everything we do in our adult lives. Although I have transitioned to the district office I am still connected to the programs at Glendora High School. My son is the Head Football Coach and my daughter coaches in the girls' basketball program. Our family is entrenched in athletics. I have served as the MSAC Area rep for the past five years and would like to continue in this role. Thank you for your consideration.

Mt. SAC Area Representative

Monica Principe

Monica is a lifelong athlete, sports enthusiast, and dedicated educator. She started playing organized sports at the age of 6, competed through college at UCLA, and still competes in recreational leagues to this day. For the last 10 years, she has been the Director of Secondary Education for Pomona Unified School District, the second largest school district in Southern California, just behind Los Angeles Unified. She oversees 14 secondary schools and their multiplicity of Athletics which have thrived under her leadership.

Monica truly understands the importance of Athletics in Education and embodies the Leadership qualities it cultivates in its participants. She earned her bachelor's degree from UCLA on a softball scholarship and played under the legendary Hall of Fame coach Sharron Backus. She was part of two UCLA NCAA National Championship teams in 1988 and 1989.

Before that, at St. Paul High School, she was a standout three-sport athlete competing in Girls Basketball, Softball, and Volleyball at the varsity level. From 1981 to 1985 she accumulated numerous honors for her performance on the court and field including being awarded MPV for all three sports multiple times by her coaches and teammates. Many All League and All-Area honors and recognitions soon followed. She is the first female athlete in St. Paul's history to be named St. Paul's High School Athlete of the Year for two years in a row. All of these honors culminated into her being one of the five outstanding athletes of the inaugural class of inductees to the St. Paul's Hall of Fame.

Monica went into Education after playing softball for the Hollywood Starlets, softball's version of the Harlem Globetrotters in her years graduating from college. She went back to St. Paul where she coached Varsity Girls Volleyball, Varsity Girls Basketball and Varsity Boys Volleyball. She later took a teaching job at Diamond Ranch High School where she coached Junior Varsity Girls Volleyball and Varsity Girls Softball.

She continued to develop herself as an Educator and Leader by getting her Master's in Education from Azusa Pacific University in 1997 and her Administrative Credential from Chapman University in 2001. She was principal of Diamond Ranch High School by 2004. In her tenure there, through 2010, Diamond Ranch High School distinguished itself as both an academic authority as well as an athletic juggernaut in their league. Her legacy of excellence, perseverance, positivity, and commitment to personal growth continues throughout Pomona Unified's middle and high school programs where she daily dedicates the best parts of herself to her students and community.
