## PLAYING ACTIONS and FAULTS

### **Blocks and play above the net**

- Players must contact the ball within their own playing space (follow-through into the opponents playing space after contact is legal).
- It is always illegal to attack a ball that is completely in the opponents' space.
- Blockers may contact a ball in the opponents' space after the attack hit, or if in the referee's judgment the attackers are not attempting to play the ball.
- "Joust" (simultaneous contact above the net) between opponents is legal. Any player may make the next play, as their team's 1st contact.
- The block contact counts as first team contact; either player may make the 2nd team contact.
- A player may block a ball in any direction.
- "Directional" or "snap" blocks are legal unless the ball is caught or thrown. If the blocker clearly catches or throws the ball, the fault must be whistled.
  - As a guideline: the ball may be blocked quickly in one direction, with one motion.

### **Attacks and Tips**

- "Open hand tipping" is prohibited. Referees use "illegal attack" signal.
- Knuckles may be used to "poke" the ball, provided that the ball rebounds (is not caught or thrown).
- Fingertips (including thumb "not controlled") may be used to "poke" the ball only if those fingertips in contact with the ball are "rigid and together."
- Attacks with finger action (setting over the net) must be made perpendicular to the shoulders - either directly forward or backward.

### **Net Contact**

- It is a fault to contact any part of the net between (and including) the antennas, during the action of playing the ball.
- The action of playing the ball includes (but is not limited to) takeoff, hit (or attempt), and landing safely, ready for a new action.

### **Play under the net, and Interference**

- Players may contact any part of the ball until it has passed completely through the plane below the net.
- There is no centerline. Players may contact any part of the opponents' court as long as they do not interfere with the opponents' next play.
- A player who interferes with an opponents' ability to make their next play must be called for the fault.
  - Interference is a FAULT that results in a point, not a replay.
  - Note that this is sometimes a delayed call (the referee must wait to see if the opponents are truly hampered in their next action).
  - Incidental contact between opponents does not constitute interference (bump knees, briefly step on toes, etc.).
  - Interference can occur without physical contact (ex: fallen player under net prevents defender covering short).
  - Point under the net with your index finger, and say "interference." (This call will generally require explanation.)

# CIF-SS Beach Volleyball Rules 2023-24

## **PLAYING ACTIONS and FAULTS (cont)**

### **Pursuit**

Is legal in beach volleyball. Only balls which pass “over or outside” an antenna are eligible to be pursued.

- A player may pursue the ball by any route, including under the net and/ or through the opponents’ court.
- Opponents may not interfere with legal pursuit.
- The ball must be played back on 2nd team contact “over or outside” the same antenna.
- Third team contact must send the ball legally through the crossing space (between the antennas).

### **Ball Marks**

The ball is “IN” if it lands inside the court, or touches a boundary line. Corner “tie-downs” are not considered boundary lines.

- If the referee is in doubt of a line call, they should immediately initiate a “ball mark protocol”. Players may not insist that a ball mark be reviewed.
  - Players cannot: alter the ball mark (or court boundaries), cross under the net to review a mark, or attempt to influence the decision of the officials.
  - The line-judge(s) may assist as the referee inspects the ball mark.
  - The referee must be careful to inspect the correct ball mark, considering ball trajectory, the effect of raised lines, and possible “splash” of soft sand.
    - If the referee determines that the line was moved significantly during the rally in question, they should fix the line before judging the result.

### **Ball Handling / Hand Setting**

There are two types of ball handling faults: “Caught Balls” and “Double Contact”.

- The ball must be played with one quick motion.
- Balls that significantly move downwards while in the hands, or visibly come to rest, are considered a “Caught Ball” fault (aka: “deep dish,” “held-ball,” or “lift”).
- Clearly distinct and separate contacts of the ball constitute a “Double-Hit.”
  - Spin is not a fault ... but spin may be an indication that a “double-contact” fault has occurred.

### **Simultaneous Contact by Teammates**

If teammates touch the ball simultaneously it counts as 2 team contacts. Either player may make the 3rd contact.

### **Defense**

- It is LEGAL for ANY first-team contact WITHOUT finger action to strike two or more parts of a player during a single attempt to play the ball. Including:
  - Any style of contact: hands or fists together or apart, heels of hands together or apart, tomahawk, etc. (see finger-action below).
  - All plays without finger action, even if the ball is observed to have been clearly double-contacted.

# CIF-SS Beach Volleyball Rules 2023-24

## PLAYING ACTIONS and FAULTS (cont)

### Defense (cont)

- First-team-contact **WITH finger action** should be judged just as any setting contact:
  - The referee should call a double-hit if the player uses finger action and the ball contact is a clear double.
  - **EXCEPTION:** If the double contact was in defense of a “hard-driven attack” then the referee should allow play to continue.
    - In judging an attack as “hard-driven,” the referee must consider the following:
    - Speed and trajectory of the ball, as well as the distance between the attacker and defender.
    - The referee must judge the player’s action: “reactive” (double allowed) or “decision” handset (double-contact called).

If an incorrect server is identified, it must be corrected immediately. There is no penalty for an incorrect server.

### Serve Receive

In serve receive, a double contact is allowed. However, If finger action is used, the referee will judge the contact as a set.

- It is legal to use techniques such as: hands or fists together or apart, heels of hands together or apart, tomahawk, etc.
- **REMINDER:** It is legal to receive serve “open handed with finger action”, but strict hand-setting judgment must be applied to the contact.
