### **DISPOSITION**

### **ITEM**

### **A. STATE FEDERATED COUNCIL NON-ACTION ITEMS**

1. Bylaw 103 – Weighted Voting – Information Only 3A1

President – Elect Dr. Paula Hart-Rodas reviewed the information only item from the CIF State Office regarding Weighted Voting. By rule, the CIF Southern Section must have double the number of Federated Council votes as the next largest section. The CIF Sac-Joaquin Section votes increased to 18 for the 2022-2023 school year which required the CIF Southern Section total to increase to 36 votes for the 2022-2023 school year. This was an increase of 2 votes from the 2021-2022 school year.

2. Proposed Addition of Girls Flag Football Non-Action STATE 643  
(Non-Action if passed by CIF Southern Section)

This proposal has been forwarded from the CIF Southern Section. It will add the sport of Girls Flag Football to the list of CIF-approved sports. The proposal is an Action Item for the Southern Section Council at the September 29, 2022 meeting. If the proposal does not pass, it will be removed from the CIF Federated Council agenda.

3. Proposed Amendment to Article 22 - Non-Action STATE 644  
Membership/Conditions of Membership

The proposal would require CIF member schools to complete the Participation Census each year and identifies sanctions when schools fail to do so. Member schools are required by the first Friday in April of each school year to submit to the CIF State their CIF Participation Census.

Discussion – Matt Maeda asked, “Would the CIF Southern Section follow the same sanction process as the CIF State if a member school did not submit its census report?” Commissioner Wigod responded with “Yes, we would apply the sanctions outlined in the proposal.”

### **B. SOUTHERN SECTION NON-ACTION ITEMS**

1. Proposed Revision Bylaw 1222 – Non-Action SS 641  
Boys Lacrosse Officials Fees

Mr. Rob Dearborn, President of the Officials Fees/Relations Committee, presented the proposal which will increase the allotted time for Boys Lacrosse officials from 2.25 hours to 2.75 hours for each Varsity contest. On average, the cost for a host school would increase approximately \$180.00 for the season.

| 2. Proposed Revision Bylaw 1222 –<br>Beach Volleyball Official Fees | Non-Action | SS 642 |
|---|------------|--------|

Mr. Rob Dearborn, President of the Officials Fees/Relations Committee, presented the proposal. This proposal outlines a basic pay structure for a Beach Volleyball Monitor (official). Beach Volleyball monitors are not required; however, they are encouraged during the regular season as they will be mandatory for the CIF Southern Section Beach Volleyball Team Championships. The proposal establishes a minimum time schedule of two (2) hours at a rate of \$35.00 per hour.

### 4. ACTION ITEMS

#### DISPOSITION

#### ITEM

#### A. STATE FEDERATED COUNCIL ACTION ITEMS

- |  |        |           |
|--|--------|-----------|
| 1. Ratification of Executive Committee Action of Bylaw 210 -<br>Physical Assault of Game Officials | Action | STATE 645 |
|--|--------|-----------|

President Jim Perry presented this proposal to the Council. There was a motion by the Desert Empire League and a second by the Rio Hondo League to support State 645. This proposal revises CIF Bylaw 210 and creates CIF Bylaw 210.C. CIF Bylaw 210.C provides sanctions for spectators who physically assault the person of a game or event official, which would include a lifetime ban from any CIF athletic contest for anyone who does so. There being no discussion, the motion carried.

**Motion Carried: 88-0-1**

#### B. SOUTHERN SECTION ACTION ITEMS

- |   |        |        |
|---|--------|--------|
| 1. Proposed Addition of Girls Flag Football | Action | SS 638 |
|---|--------|--------|

President Jim Perry presented this proposal to the Council. There was a motion by the Golden League and a second by the Liberty League to approve the proposal as written. Discussion followed by Melanie Horn, Athletic Director, Westridge High School. Ms. Horn spoke in support of the proposal and thanked Council members for supporting the advancement of girls' sports in the Southern Section. Don Cayer from the Miramonte League asked: "Why did the sport move from the Spring season of sport to the Fall season of sport?" Commissioner Wigod explained that this is a state-wide proposal and in working with the other CIF Sections they showed support for the sport to take place in the Fall season of sport. If the CIF Southern Section were to simply present this proposal as a Spring sport it would have probably been defeated as the CIF State Federated Council level.

The Miramonte League made an amendment from the floor to change SS 638. The amendment requested to change the sport of Girls Flag Football from the Fall season of sport to a Spring season of sport. The Mid-Cities League seconded the motion to approve.

#### Discussion:

Several leagues spoke against this motion and requested the original proposal move forward. These leagues included the Pacific, Coast Valley, Rio Hondo, and the Sunset Conference. Matt Maeda from the San Andreas League spoke in favor of the amendment and requested the sport be placed in the Spring Season of sport. Randy Bell from the Rio Hondo League stated, "I am here today to vote on the original proposal which placed the sport in the Fall season of sport."

| 1. Proposed Addition of Girls Flag Football (Cont.) | Action | SS 638 |
|---|--------|--------|

President Jim Perry called for the vote. A Roll Call vote was taken. The amendment from the floor to change Girls Flag Football from a Fall season of sport to a Spring season of sport failed.

**Motion Failed: 24-55-10**

President Jim Perry called for a vote on Southern Section action item 638. This proposal will add the sport of Girls Flag Football to the list of CIF-approved sports. If passed, the Girls Flag Football will be placed into the Fall season of sport, beginning in 2023. The CIF Southern Section Executive Committee voted on this item during the August 11, 2022 Executive Committee meeting recommending support for the proposal by a vote of 17-0-0. There was a motion by the Surf League and a second by the Mulholland League to approve the proposal as written. The motion carried.

**Motion Carried: 61-26-2**

## **5. REPORTS**

### A. Financial Report

**Mitch Carty**

Chief Financial Officer Mitch Carty reviewed our current financial information including: Profit and Loss statement, revenue for the 2021-2022 school year, a breakdown of playoff ticket sales over the past 7 years, and our assets and liabilities over the current fiscal year (July 1, 2021 to June 30, 2022). Mr. Carty also reviewed the status of our California Department of Education Grant monies and how those align with our mission and our programs. The grant has a “Sunset” date of June 30, 2024. To date, we have used funds from the grant to waive Sport Fees for member schools for the 2022-2023 school year, waive registration fees for attendees at the CIF Southern Section Athletic Administrators Summit, made \$10,000 donations to the active Athletic Director associations in the Southern Section, and waive Boys Golf and Girls Golf entry fees for all CIF Southern Section Boys/Girls Golf Championships in 2022-2023. The complete Financial Report appears at the end of these minutes.

### B. Treasurer's Report

Chris Calderwood

Treasurer Chris Calderwood reviewed the Treasurer's Report, which appears at the end of these minutes, highlighting a couple of items including: the Harrington Group will be in the Southern Section Office to complete the annual audit in December and the Section Office and Arbiter Pay are working to set up an account to pay all officials for playoff contests directly. Mr. Calderwood also requested that schools set up an electronic transaction account with the Southern Section Office so playoff revenues can be sent directly to member schools. As of today, 98% of the member schools have created a Sport Fees invoice. This year as a reminder Southern Section Sport Fees have been waived. The Southern Section Office is currently looking to hire a full-time Receptionist and that position is currently open. Finally, a reminder to the member schools, while it has been great to have the Southern Section waive Sport Fees for this year, member schools need to keep money in reserve so schools can pay Sport Fees in future years.

## **5. REPORTS (Cont.)**

### **C. President's Report**

Jim Perry

President Jim Perry reminded the member schools that representatives from the Los Angeles Rams and Los Angeles Chargers are present here to help support our schools in the efforts to bring Girls Flag Football to their campuses. President Perry followed by discussing his experience at the NFHS Section 7/8 Meeting held last week. Commissioner Rob Wigod and staff put on a phenomenal presentation on competitive equity, and it was interesting to watch the reactions of the other states during that presentation. It appeared the other states are starting to wrap their heads around the concept of creating playoff divisions based on the success level of individual programs. A great update from Diane Marshall-Freeman regarding legal issues going on around the states. Nevada's problem is parents with "Powerful people in their back pocket." Much can be said for talking to the other states in an environment such as this conference. The states of Washington and Oregon presented a piece on diversity, equity, and inclusion.

### **D. Commissioner's Report**

Rob Wigod

#### **1. CIF Southern Section 2022-2023 Goals**

5D1

Commissioner of Athletics Rob Wigod acknowledged how great it is to have everyone back at the CIF Southern Section Council meeting. It was exciting to present our competitive equity model to the NFHS Section 7/8 states last week, and they are continuing to evolve and see what we are doing in that area. Commissioner Wigod expressed appreciation to our staff for a successful presentation and to Mitch Carty for presenting our balanced budget. Commissioner Wigod thanked our office staff for holding the League Coordinator Training this morning. Commissioner Wigod reviewed the 2022-2023 CIF Southern Section Goals and stated in the next several days there are events occurring that we hope you will be involved with. The CIF Southern Section Athletic Administrators Summit is on Monday, October 3, and the CIF Southern Section Hall of Fame/Distinguished Service Awards Luncheon on Wednesday, October 12. Girls Volleyball kicks off the Fall Championships season with the release of brackets on Saturday, October 15.

**Summary:** The committee will be presented with a proposal to amend Bylaw 212 - Amateur Status and Bylaw 510 – Undue Influence with respect to sanctions that may be imposed for violations related to individual endorsements and restrictions on those associated with a school (including 3<sup>rd</sup> parties) from unduly influencing a student.

**Fiscal Impact:** None**Background:**

Given the recent increase in California High School student-athletes engaging in individual endorsements due to rule changes made at the NCAA level, the Commissioners Advisory Committee is proposing changes to the sanctions that may be imposed for violations of this bylaw. This area is new to students and families and it is expected to grow in the future. Also, there is the potential for misinformation to be provided to student-athletes and their families by third parties. Therefore, the Commissioners Advisory Committee proposing a tiered penalty approach as per the attached proposal. It was also clear to the Commissioners Committee that language was needed that clearly restricts those associated with a school (including 3<sup>rd</sup> parties) from unduly influencing a student.

**For Immediate Implementation**

## 212. AMATEUR STATUS

### A. **CIF Sponsored Competition and Individual Endorsements**

A student is governed by CIF amateur rules when the student participates in CIF competition. A student who violates CIF amateur or award rules shall be ~~ineligible for CIF competition in that sport until appeal and reinstatement as an amateur by the Federated Council. A student may apply to the Federated Council for reinstatement when the student can again qualify as an amateur in that sport~~ **penalized according to D. below.**

### B. **Reinstatement of Amateur Status**

A student will become ineligible for CIF competition in a given sport if the student is determined to be a professional by the national sports governing body (NSGB) for the sport in question. A student may apply for reinstatement of his/her amateur status through the Section in which the student competes. Any request for reinstatement must include a statement from the NSGB for the sport in question that the student's amateur status has been reinstated by the appropriate NSGB.

### C. **Violations in CIF Sponsored Competition and Individual Endorsements**

A student ~~shall become ineligible for CIF competition in the respective sport and~~ shall be penalized according to ~~A. and B. above~~ **D. below** for the following violations related to CIF competition **or individual endorsements**:

(\*See caution below)

- (1) Receiving, from any and all sources, athletic awards totaling more than \$250.00 in value for:
  - a. Accomplishments in any regular season CIF high school competition event;

- (2) Receiving, from any and all sources, athletic awards totaling more than \$500.00 in value for any post-regular season CIF high school competition or recognition program;  
**NOTE:** For purposes of this Bylaw only, league, Section, Regional and State Playoff competition is considered to be one (1) continuous event.  
**NOTE:** The dollar value of an award, exclusive of engraving, shall be determined by the following criteria:
  - a. The retail price paid by the last purchaser in the acquisition of the award;
  - b. When the host school or league purchases the award, the retail price paid by the host school or league;
  - c. When the award is donated by another entity, the retail price paid by or cost to that entity.

This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no school team or school affiliation;  
**NOTE:** 212.C.(3) and (4) above also includes advertisement, promotional activity, endorsement or affiliation of league, CIF Section(s), or CIF State (see Q&A below).  
*Q: May a student-athlete participate in an advertisement, promotional activity, or endorsement while affiliated with a league, CIF Section(s), or CIF State?*  
**A: No.**
- (5) Accepting payment for loss of time or wages while participating in CIF competition;
- (6) Receiving payment for coaching a team in CIF competition.  
**\*CAUTION:** Compliance with these Bylaws does not ensure maintenance of eligibility under the eligibility standards of other athletic organizations (e.g. NCAA, NAIA, NJCAA, CCCAA and National Sports Governing Body, etc.). Students desiring information on the amateur rules of other organizations must communicate with the respective organization.

### D. **Penalties for violations in CIF Sponsored Competition and Individual Endorsements**

(Revised May 2004 Executive Committee/Revised May 2009 Federated Council)

**510. UNDUE INFLUENCE, PRE-ENROLLMENT CONTACT, DISCLOSING PRE-ENROLLMENT CONTACT, ATHLETICALLY MOTIVATED TRANSFERS**

- A. The use of undue influence by any person(s) to secure or retain a student or their parent(s)/guardian(s)/caregiver as residents may cause the student to be ineligible for high school athletics for a period of one (1) year and shall jeopardize the standing of that high school in the CIF.  
Undue influence is any act, gesture or communication (including accepting material or financial inducement to attend a CIF member school for the purpose of engaging in CIF competition regardless of the source) which is performed personally, or through another, which may be objectively seen as an inducement, or part of a process of inducing a student, or his or her parent(s)/guardian(s)/caregiver, by or on behalf of, a member school, to enroll in transfer to, or remain in, a particular school for athletic purposes.
- B. A student shall become ineligible for CIF competition ~~for a period of one (1) year and shall be penalized according to Bylaw 212~~ for accepting material or financial inducement to attend a CIF member school for the purpose of engaging in CIF competition, regardless of the source. **This includes, but is not limited to, student individual endorsements that involve anyone from, or associated with [see D.(2) below], a school or its athletic programs.**
- C. Pre-enrollment contact or an athletically motivated transfer may be considered prima facie (sufficient evidence) evidence that the student enrolled in that school in whole or in part for athletic reasons (See Bylaw 200, 206.C. and 207.A) and cause the student to be ineligible for participation those sports in which the student participated at the former school.  
Athletically motivated pre-enrollment contact of any kind by anyone from, or associated with [see D.(2) below], a school or its athletic programs to which a student may transfer or move into the attendance area is not permitted. When a prima facie (sufficient evidence) case of undue influencing/recruiting exists, the student shall be ineligible to represent the new school in interscholastic athletic competition for a period of one (1) calendar year from the date of the student's enrollment in the new school in all sports in which the student participated at any school in the last 12 months and/or the sport with which the coaches referenced herein is associated, unless sufficient proof is presented to the satisfaction of the Section Commissioner that rebuts or disproves the evidence of undue influence/recruiting for athletic reasons.
- D. **Pre-Enrollment Contact**  
Pre-enrollment contact may include, but is not limited to: any communication of any kind, directly or indirectly, with the student, parent(s)/guardian(s)/caregiver, relatives, or friends of the student about the athletic programs at a school; orientation/information programs, shadowing programs; attendance at outside athletic or similar events by anyone associated [see D.(2) below] with the school to observe the student; participation by the student in programs supervised by the school or its associates before enrollment in the school.
- (1) **Requirement to Disclose Pre-Enrollment Contact**  
All transfer students shall submit a completed CIF Pre-Enrollment Contact Affidavit [CIF Form - (please use local CIF Section Form)] with appropriate transfer application(s) as required by their respective Section under Bylaw 207. Any and all pre-enrollment contact of any kind whatsoever that a student or anyone associated with the student, has had with a person associated with the new school must be disclosed by the student, parent(s)/guardian(s)/caregiver and the new school to the Section office on a complete CIF Pre-Enrollment Contact Affidavit [CIF Form - (please use local CIF Section Form)].  
**NOTE:** CIF Form is available through the local CIF Section Office.
- (2) **Definition of Being Associated with a School**  
Persons associated with a school include but are not limited to: current or former coaches, current or former athletes, parent(s)/guardian(s)/caregiver of current or former student/athletes, booster club members, alumni, spouses or relatives of coaches, teachers and other employees, coaches who become employed, active applicants for coaching positions, ~~and~~ persons who are employed by companies or organizations that have donated athletic supplies, equipment or apparel to that school, **any organization or individual that assists or consults with a family/student resulting in enrollment at a specific school for financial or athletic purposes.**
- E. **Athletically Motivated Transfers**  
The CIF, as the governing body of high school athletics, affirms that athletic competition is an important part of the high school experience and that participation in interscholastic athletics is a privilege. The privilege of participation in interscholastic athletics is available to students in public or private schools who meet the democratically established standards of qualification as set forth by the Federated Council. As stated in CIF Bylaw 200.A.(6) the CIF Bylaws shall serve as a deterrent to students who transfer or change schools for athletic reasons and to individuals who attempt to recruit (unduly influence) student-athletes or their parents to enroll in a school because of athletics.  
As stated in CIF Bylaw 200.A.(2) the CIF Bylaws reinforce the principle that students attend school to receive an education first; athletic participation is secondary. CIF Bylaws provide for individual Section Offices to limit eligibility for a student when there is evidence the transfer, or move is made to acquire athletic participation at their new school (School B).  
Students may be determined by their respective CIF/Section Office or the CIF to have made an athletically motivated transfer or change in schools if one (1) or more of the following circumstances are determined to have contributed in any way to the transfer or change in schools:
- (1) **Transferring to a School after Participating on a Non-School Athletic Team, Camp or Clinic Associated with the School**  
The student transfers from his or her current school of attendance, with or without a corresponding change of residence, to any high school where the student participates or participated, during the 24 months immediately prior to the transfer, on a non-school athletic team, (i.e. AAU, American Legion, club team, etc.), camp or clinic that is associated with [See definition in D.(2)] the new school in the sports previously participated in. A team associated with a school is one that is organized by and/or coached by any member of the coaching staff at, or any other person associated with [See definition in D.(2)], that school; and/or, on which the majority of the members of the team (Participants in practice and/or competition are students who attend that school). AND/OR
- (2) **Transferring to a School Where a Former High School Coach Has Relocated**  
The student at any grade level transfers to a new school within one (1) calendar year of the relocation of his/her school or club coach to the student's new school of enrollment with or without a corresponding change in residence; AND/OR

- (3) Other factors that may be considered in support of evidence of athletic motivation:
  - a. Evidence the student's transfer or change of schools is because of the student's previous association with an outside agency that uses the facilities or personnel of the student's new school (School B); AND/OR
  - b. Evidence that multiple students have transferred or changed schools to participate in a particular sports program at one (1) school.

**Summary:** The committee will be presented with a proposal to amend Bylaw 207.B.(3) and Bylaws 504.A., 504.K. and 504.L. with respect to students who transfer to CIF member School after participating in an Academy Program.

**Fiscal Impact:** None

**Background:** Due to an increase in non-traditional, sport academy programs, the CIF State and Section Offices have engaged in discussion regarding CIF Bylaws when a student transfers from an academy program (as defined in the attached proposal) to a CIF member school.

**207.B.(3)Transfers to a CIF Member School (described as New School or School B) From Schools (described as Former School or School A) Located in the United States, a U.S. Territory, Canada or a U.S. Military Base (referred herein as Domestic Transfers)**

Such transfer students who meet all other requirements for eligibility outlined in Bylaws will be granted unlimited residential eligibility in all sports at all levels at the new school except:

- a. In any sport(s) in which the transfer student has competed at any level at the former school(s), **or was part of an academy program which competed against a high school or non-school organization during that season of sport**, in the 12 calendar months immediately preceding their transfer to the new school, the student will be limited to sub-varsity (limited) eligibility in those sports;
- b. No student shall be eligible to participate in the same sport at two (2) different schools in the same school year;
- c. If the transfer is determined to be athletically motivated. Athletically motivated transfers may be considered prima facie evidence that the student enrolled in that school in whole or in part for athletic reasons and cause the student to be ineligible for participation in those sports in which the student participated at the former school as outlined in Bylaws 510 and 207.C.;
- d. The transfer is not determined to be based upon a disciplinary situation (See CIF Bylaw 209);
- e. The student meets all other provisions of all CIF Bylaws.

The student shall have unlimited residential eligibility for all sports at all levels under Bylaw 207 after having been enrolled for 12 calendar months from the date of transfer to the new school or in the case where the student returns to the previous school of eligibility as stated below:

When a student eligible in School A transfers to School B or any subsequent school and is residentially not eligible, the student may return to School A and shall be determined to be residentially eligible for unlimited participation in interscholastic sports provided the student did not participate in an interscholastic athletic contest while at School B or any subsequent school.

(Approved April 2018 Federated Council)

**NOTE:** Refer to (5) below for applications for transfer eligibility limitations determinations and exceptions.

**Note:** For purposes of this bylaw, an “Academy” is defined as a non-school organization located in or outside the State of California that consists of a sports development and/or training program, consisting of athletic team(s) that compete against other high school or non-school organization athletic programs.

#### **504. SEASON OF SPORT**

All CIF member school interscholastic activities must be conducted in accordance with the following season of sport Bylaws.

**A. Definition of School and Individual Student-Athlete Season of Sport**

The season of sport for a school is that period of time which elapses between the first interscholastic contest and the final contest for that particular sport. The season of a sport for any individual student is that period of time which elapses between the student's first participation in an interscholastic contest and the student's final participation in a contest for that particular sport in that season.

**This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**

**K. Maximum Number of Seasons**

A student shall not participate in more than four (4) seasons of sanctioned CIF competition in any given sport in a four (4)-year high school or three (3) seasons of sanctioned CIF competition in any given sport in a three (3)-year high school. Activities in the summer are exempt. **This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**

**L. One (1) Season of Sport**

Each student shall be limited to one (1) season of a particular sport for each school year. **This includes participation in an academy program which competed against a high school or non-school organization during that season of sport.**  
(See also Bylaw 504.A.)

**Note:** For purposes of this bylaw, an "Academy" is defined as a non-school organization located in or outside the State of California that consists of a sports development and/or training program, consisting of athletic team(s) that compete against other high school or non-school organization athletic programs.

**Proposal Summary:** The CIF Staff is proposing the implementation of a CIF State Tennis Championship to begin in 2023-2024 school year. This proposal follows the approved State Championships Master Schedule timeline for implementation of new events for consideration. This event would bring the top teams from each region to compete in an even larger scale event than their own section and regional championships. It's another opportunity for both boys and girls to have "state" level competition in the sport of Tennis as other sports currently do (Swim and Dive, Basketball, Cross Country, etc.). The event would allow the Northern Region and Southern Region tennis team champions in the state an opportunity to compete at the State level. This championship event is proposed as one match held one week after the Regional Championship.

**Fiscal Impact:** The expense would be \$2,000 for each of the two events. The staff has conducted an audit of regional tennis events and calculated the possible travel expense for teams to compete. Also, in partnership with the CIF, the USTA will continue with the same regional contribution for the state championship.

**Background:** The Tennis Regional championships have been successfully conducted in the North since 1998 and in the South since 2012. The State Tennis proposal is slated first in the CIF Master Calendar of Events long-range plan.

South: CS- 1; LACS- 1; SDS- 2; SS-4

## **QUALIFYING TO CIF STATE CHAMPIONSHIPS**

Teams must compete and qualify through the CIF Regional Championships to participate in the CIF State Championships.

## **Financial Criteria and Feasibility for Tennis State Championships Sponsored by the CIF:**

1. **What travel, lodging, and meal reimbursement will be provided to participating schools (please use the CIF Adopted Criteria)?**
  - Reimbursement will follow the CIF's currently adopted criteria for team championships.

**2. Will this event place any CIF Section event at risk financially?**

- This event will not place any CIF Section event at risk financially because it takes place after all section championships have been concluded. This event will possibly generate greater excitement in the sport tennis at the section level and generate additional profit.

**3. Will this event be a burden on any CIF Section budget or the State CIF budget?**

- This event will not place any burden on any CIF Section budget because it takes place after all section finals have been completed. The State CIF will work with interested host communities to keep championship expenses in line with the projections and use additional marketing opportunities to supplement the budget.

**4. Please provide a detailed, specific, feasible cost estimate for the operation of this event. Below are the budget estimates for this event:**

Projected Girls State Tennis Championships based on Regional Championship historical revenue and expense figures			
	Revenue	Expense	Partner Spending
Personnel Expenses		\$325

Total		\$5350	\$4700

**5. Please demonstrate using both costs in #4 above and anticipated event revenue how this event may be sustained economically over many years.**

- This event will run at a deficit that can annually be absorbed by the CIF budget.

**6. Is the current CIF State Office staff capable of managing this event?**

- Yes. The current CIF State Office staff can manage this event.

**7. Is there capable staff available to support the CIF State Office in the operation of this event?**

- Yes. The State office staff currently has adequate resources to staff the event.

**Philosophical Criteria for New Events:**

**1. How does this event contribute to the goals of the CIF (i.e. a new event may enhance gender equity, economic stability and enhance the awareness of values taught through sport)?**

- This event would bring the top teams from each region to compete in an even larger scale event than their own section and regional championships. It's

another opportunity for both boys and girls to have “state” level competition in the sport of Tennis as other sports currently do (Swimming and Diving, Basketball, Volleyball, etc).

**Qualifying Participation Criterion for a Regional Championship:**

**1. Do 50% of all CIF sections participate in the sport in the same season?**

- Yes. For girls, the SFS, NS, OS, CCS, NCS, SJS, CS, SS, SDS, and LACS all participate in the fall. For boys, the SFS, NS, OS, CCS, NCS, SJS, CS, SS, SDS, and LACS all participate in the Spring.

**Other Questions:**

- **How will this event benefit participating schools and students?**
  - This event will give boys and girls the opportunity for post-region championship opportunities not currently available in Tennis.
- **Do the proposed dates conflict with state mandated testing?**
  - The proposed dates are currently used for playoff opportunities in other sports. No conflict with state testing is anticipated.
- **Does the event cause additional loss of instructional time? If so, has any thought been given to mitigating this loss (Saturdays, evenings, vacation time)?**
  - The State event will follow a schedule like many of the other state level events. Depending on travel, there may be some loss of instructional time, but every effort will be made to minimize lost class time.
- **If the proposal is for a sport that is played now in more than one season in the state, what dates are selected and why?**
  - Fall - Girls State Championships (CCS, NCS, SJS, NS, OS/SFS) Spring- Boys State Championships (CCS, NCS, SJS, NS, OS/SFS, SS, SD, LA, CS)  
The proposed dates of the event coincide with the next available weekend after the completion of regional finals. Week 21 for girls and Week 47 for boys.
- **How, specifically, will this event be a demonstration of the values of participation in high school athletics?**
  - In choosing teams or individuals for an event, is there any criterion such as demonstration of respect, sportsmanship, citizenship, achievement through effort and cooperation, full compliance to CIF code of ethics, rules, regulations, guidelines, etc.?
  - All CIF events are conducted with the above in mind. This event can give CIF member schools another opportunity to demonstrate that competition can be

played fairly and with great sportsmanship. It is also an additional avenue for our member schools to promote the best values of educational athletics.

- **Will the proposed event lend itself to a partnership between the State CIF and a CIF Section? If so, the nature of the partnership must be detailed. What are the duties and responsibilities of the State and Section entities?**
  - If there is to be a risk/profit sharing, what are the proposed financial details? If resources, other than financial, are to be used as part of a partnership, what are the anticipated resources?
  - Any proposal that considers a Section/State partnership should consider whether or not an event should be rotated, upon request, among Sections. The state office will assume financial responsibility of profit and/or loss of the event.
- **Will there be any ancillary activities associated with the event to make it more attractive and reflective of the goals and mission of CIF (i.e. training for coaches, sportsmanship activities for schools)?**
  - None anticipated.

Discussion

First Reading

First Reading

**Type:** Constitutional Amendment (Requires a two-thirds vote of the Federated Council)

**Next:** Action Item (April 28, 2023)

**Summary:** The committee will be presented with a proposal to amend Article 70 - Executive Committee which would expand the Executive Committee from nine (9) to thirteen (13) members. The additional four (4) at-large members would reflect both gender and ethnic representation of the state's student population.

**Fiscal Impact:** Additional Meeting Travel Expenses (Approximately \$8,500)

## **Background:**

It is important that the CIF Executive Committee is comprised of members with a variety of experiences and backgrounds when discussing issue that impact all students in California. Our current system of appointing one (1) at-large member does not ensure that the Executive Committee reflects both gender and ethnic representation of the state's student population. **C. Limitations of Membership on the Executive Committee**

- (1) No Section shall have more than one (1) member eligible to be elected to the Executive Committee unless another committee member from the Section is an officer or at-large representative.

- (5) If there is a break of one (1) year in the service of an Executive Committee member, as a member of the committee, that member may be eligible for nomination, election and service for one (1) additional term of office as an Executive Committee member but no one shall be eligible to serve more than a total of six (6) years. on the committee.
- (6) ~~One (1)~~ **Four (4)** at-large representatives ~~from the Federated Council~~, in an effort to reflect both gender and ethnic representation **of the state's student population**, shall be appointed for a two (2)-year term. **(See Note below)**

- (5) In the event of a tie between/among candidates whereby there is only one (1) seat available and/or remaining, a revote for the remaining position will take place only between/among the candidates that are tied.
- (6) In the event there is still a tie vote after the first revote, one (1) more vote will take place and if the tie is not broken, a flip of a coin will determine the winner.

G. **Change in Status or in Workplace, Vacancy**

- (1) **Change in Status**  
With the exception of the Past-President, the representative from the State Department of Education and representatives of Allied Organizations, any committee member whose status changes so as not to be directly accountable to, or a voting member of, a local board of education or school(s) governing body shall not continue to be a voting member of the Executive Committee. With the exception of the current officers that committee member shall be replaced at the next Executive Committee meeting by the individual (if eligible) receiving the next highest vote during the last regularly held election, or in the case of the ~~an~~ at-large representative, a new representative will be appointed by the Executive Committee at its next regularly scheduled meeting. In the event there is no one eligible, an election will be held to fill the vacancy at the next regularly scheduled Federated Council meeting.
  - a. **President**  
When the status of the President changes, the President-Elect will succeed to the position of President. If there is not a President-Elect eligible, the Past-President shall be asked to serve in the place of the President-Elect until the President-Elect is eligible.
  - b. **President-Elect**  
When the status of the President-Elect changes, the President shall authorize a new nomination and election process to be initiated so that nominations are presented at the next possible Federated Council meeting and elections are held at the meeting following nominations.
  - c. **Past-President**  
In the event the status of the Past-President changes, that person may continue service until the end of the term for which she/he was elected.
- (2) **Change in Workplace, No Change in Status**  
When the workplace of an officer changes after election as President-Elect, but that person is still able to continue as a voting member of the Federated Council (See Article 3-30), that person may complete the terms of office through the term of Past-President. When that change in workplace is a change to another Section, representatives from both Sections will be eligible to be nominated for the office of President-Elect while that officer is still in service.
- (3) **Vacancy**  
When a vacancy on the Executive Committee occurs caused by circumstances other than those listed above in this section, the following shall occur.

  - b. **President**  
The President-Elect will succeed to the position of President. If there is not a President-Elect eligible to serve, the Past-President shall be asked to serve in the place of the President-Elect until the President-Elect is eligible.

- d. **Other Executive Committee Members**  
The position will remain vacant until the next Executive Committee meeting by the individual (if eligible) receiving the next highest vote during the last regularly held election, or in the case of ~~the~~ **an** at-large representative, a new representative will be appointed by the Executive Committee at its next regularly scheduled meeting. In the event there is no one eligible, an election will be held to fill the vacancy at the next regularly scheduled Federated Council meeting.

Note: The Executive Committee will appoint the four (4) at-large representatives at its June 2023 meeting. Two (2) representatives shall serve a two (2)-year term and two (2) shall serve a one (1)-year term. The representatives appointed to a one (1)-year term shall be eligible to serve two (2) additional two (2)-year terms unless they are a current Executive Committee member in which case term limits would apply as per D. above. This will provide for balance in the potential yearly turnover of the Executive Committee. In odd years, there will be three (3) members elected and two (2) at-large members appointed and in even years there will be three (3) members elected and two (2) at-large members appointed in addition to the election of the President-Elect position.

## **Dr. Allan Mucerino**

### **Superintendent Representative**

Allan J. Mucerino started his career in the Long Beach Unified School District as a math teacher at Millikan High School. He soon earned a place in the district's leadership pool and began building his leadership skills as a School Improvement Plan coordinator, math department chairperson, and administrative intern. His first full-time administrative position was for the Newport-Mesa Unified School District. For the next seventeen years he served as a principal. His last principal assignment was at El Toro High School in the Saddleback Unified School District. He is proud of the how successful El Toro HS was while adhering strictly to the highest principles of high school athletics. He is also proud of bringing a stadium to the campus of El Toro HS. Prior to Dr. Mucerino's tenure, the district had been unable to secure funding and support for the project.

He then served as an Assistant Superintendent in the Centinela Valley Union High School District, before becoming the Superintendent of Schools for Duarte Unified School District. Supporting student-athletes and athletics has always been a priority for him as evidenced by the growth of athletics during each of his appointments.

Dr. Mucerino is currently in his fifth year as the Superintendent of Schools for the Alvord Unified School District in Corona, in Riverside County. Alvord serves about 18,000 students in 23 schools in western Riverside, eastern Corona, and unincorporated areas of Riverside County. Alvord has 14 elementary schools, four middle schools, three comprehensive high schools, and two alternative education centers. He has led the effort to increase the presence and profile of athletics in Alvord.

Along his journey, he has served as a leader in three Southern California counties. In all his experiences, he has embraced the concept of education-based athletics. Whether he was serving as a teacher, coach, principal, or district-level leader, he has demonstrated a commitment to expand the opportunities for students to participate in athletic programs. Furthermore, he has prioritized the role and responsibility student-athletes and coaches have to serve as role models and ambassadors for the school's and district's brand. Perhaps most importantly, he always taken his role as a compliance official seriously. Navigating athletics during the COVID era proved to be among the greatest challenges he has faced related to compliance and student-athlete safety.

Dr. Mucerino also serves as a member of the California State University, Fullerton Education Leadership faculty. He teaches leadership classes and chairs dissertations. His love of athletics can be traced back to his own high school playing days growing up in New York. He passed that love on to his own two sons, who competed in multiple sports as student-athletes at San Juan Hills High School in the Capistrano USD.

Dr. Mucerino's interest in serving on the CIF Southern Section Executive Committee is to promote and uphold principles that CIFSS values most, including honesty, respect, accountability, justice, compassion, and good citizenship. It is his intention to bring value and experience to the committee in support of the work being done by the Commissioner of Athletics and his team of officers and staff members.

At La Serna, I took an immediate interest in coaching and assisted with the La Serna track and field program. Later I served for four years as the head coach of our girls' volleyball program.

I earned a Master of Arts Degree in Secondary Education from Whittier College. In 2003, I was selected as La Serna's Assistant Principal of Curriculum and Instruction and served in this role until 2012. ### PHILOSOPHY

My philosophy of education based athletics in general is student-oriented, believing everything we do and every activity must have students as its focus, knowing that every student can learn and grow. It is our responsibility as leaders to make certain this happens. I was given opportunities to thrive in my career due to the lessons that I learned on playing fields/courts. I was lucky to participate under leaders that taught high quality life lessons, while also giving me high quality coaching instruction. My appreciation of those coaches (and their lessons) led me to become a high school coach and leader myself. In my 25+ years in education based athletics I have served the CIF Southern Section in a variety of roles, and I continue to do so in my new role as the Principal of Camarillo High School. I have learned a variety of skills in my tenure and I believe these skills are the same ones that will continue to empower our students to keep well balanced when they eventually move on to their further education and careers. I would be honored to serve our area in this advanced capacity.

## **Jamal Adams**

### **Parochial Area Representative**

Jamal Adams is an educational leader with over 25 years of transformational leadership experience across educational and business sectors. He currently serves as the Principal of La Salle High School Preparatory School in Pasadena. In this role, he oversees all academic endeavors to develop and nurture conscientious, relational, innovative, and community-focused students who exhibit Lasallian values in the spirit of St. John Baptist de La Salle. Jamal is committed to stewarding La Salle's resources, professional development, and pedagogical practices such that our educators can provide our students with an education grounded in the splendor of human endeavors and interactions while being grounded in our Catholic faith and values.

Before joining La Salle, Jamal served as the inaugural Director of Equity and Inclusion at Loyola High School of Los Angeles and the Director of Faculty. As the Director of Equity and Inclusion, he oversaw the office's work, designed to cultivate an institutional culture of awareness and understanding of and for others while developing a community-wide sense of belonging. As a member of the Director of the Faculty team, he aimed to help all faculty reach their professional goals through regular observations and professional development while advising the Principal on hiring new faculty. In addition to those duties, at Loyola, he was a teacher in the Social Studies department, teaching Economics and African American Studies, and the Head Varsity Basketball Coach.

During his 17-year stint as the Head Basketball Coach, the Loyola Cubs won 313 games, eight Mission League titles, and the 2009 CIF Southern Section Title. His teams were ranked in the National Top 25 ranking four times while helping over 50+ student-athletes get recruited to compete at the collegiate level. In terms of coaching accolades, Jamal received the prestigious National Double-Goal Coach of the Year from the Positive Coaching Alliance and, in the Spring of 2014, was selected to coach in the Jordan Brand All-American Team.

As a graduate of Loyola High School, he enrolled at Columbia University, where he was a Men's Basketball team member and earned a degree in Economics. Jamal's professional career began with an 11 years stint in Finance in New York and Los Angeles. Upon returning to Loyola as an educator, Jamal earned his Master's in Secondary Education from Loyola Marymount University, graduating with Honors.

#### **Educational Philosophy:**

My educational philosophy is centered around believing that each child is embedded with inherent gifts and the ability to learn. With this principle as a backdrop, I think creating a secure educational environment that allows for risk-taking, displays care for the whole person, and engages each student to grow intellectually, emotionally, and physically socially is imperative. In collaboration with their students, educators must work together to assess their learners' foundational bases of knowledge, tap into their natural curiosities, and chart a path toward building on this foundation with new skills and wisdom to guide each student toward their full potential. Our roles as educators are essential to provide proper guidance for student success, beginning with creating lessons that intrinsically develop students' desire to acquire new understanding and skills.

The dead period must be the same for all sports all levels and must be two consecutive weeks, fourteen (14) days between the end of school in the spring and the first day of school in the Fall.~~ **The summer dead period must be 14 consecutive days, as declared by the high school principal and forwarded to the Southern Section Commissioner.**

**Type:** New CIF Sanctioned Sport; Bylaw Addition and Revision

**Summary:** A proposal has been forwarded from the CIF/Southern Section to add the sport of flag football as a CIF sanctioned sport for girls. The proposal would add Flag Football to the list of approved sports in CIF Bylaw 1200, revise Article 60 and Bylaw 2100.

**Fiscal Impact:** There is no fiscal impact to the CIF at this time as it is not being proposed as a championship event. There, of course, would be costs involved for CIF member schools choosing to offer this as a sport.

**Background:** One of the CIF goals is to increase participation opportunities for girls in order to close the gap between the number of girls and boys participants. Currently there are girls flag football programs at over 100 CIF member schools with over 1,300 girls participating in those programs. In addition, there are five states that offer the sport for girls.

**Type:** Constitutional Amendment (Requires a two-thirds vote of the Federated Council)**Summary:** This Constitutional Amendment would require CIF member schools to complete the participation census each year and identifies sanctions when schools fail to do so.**Fiscal Impact: None****Background:**

Approximately 10-12% of CIF member schools fail to submit the census on a yearly basis. This results in a negative impact on the overall reporting of participation numbers and other data related to member schools of the CIF. It is also California law (Education Code Section 221.9) that schools offering competitive interscholastic athletics report on their school website (or district website if no school site exists) information about boys' and girls' athletic participation by the end of each school year.

**For Immediate Implementation**

## 22. MEMBERSHIP/CONDITIONS OF MEMBERSHIP

- A. Membership in the California Interscholastic Federation shall be open to public, charter and private high schools of the State of California. The CIF Section in which the school is located may grant membership according to the Section's policies and procedures.

  - (3) To ensure that the local school board or board of directors will adopt the 16 Principles of Pursuing Victory with Honor<sub>sm</sub> by a board resolution;
  - (4) Accept as a member school the responsibility to educate student-athletes, coaches, parent(s)/guardian(s)/caregiver and other appropriate persons on the CIF State and CIF Section Constitution and Bylaws, Policies and Procedures adopted by the governing body;
  - (5) Ensure that the administrative decisions of the Federated Council, Executive Committee, Executive Director, Section Board of Managers, Section Commissioner and all state and sectional appeal decisions shall be accepted in good faith by all member schools. The principal of any member school, who, by any act or attitude, shall refuse to accept, or shall hold in contempt or derision, or shall permit or acquiesce in such contempt or derision on the part of any group of individuals associated with his/her school, shall subject his/her school to possible sanctions, suspension and/or expulsion from the Section and/or State membership. These provisions are not to be construed as preventing the principal of a member school from exercising his/her school's right to due process;
  - (6) Abide by all decisions made by the CIF governing body having jurisdiction in the matter. If a member school, or that school's governing body files suit in a court of law against the CIF and/or one of its Sections and the CIF and/or its Section prevails, the member school shall reimburse the CIF and/or its Section for all legal fees and reasonable expenses incurred by the CIF and/or its Section in connection with the suit to remain a member in good standing;
  - (7) Ensure that CIF member schools will not accept monies, equipment or apparel specific to, or distributed to, individual athlete(s) within that program.   - (8) Monitor its athletic program and to self-report to the appropriate governing body any violations of State and Section Bylaws as soon as the school is aware of possible violations. This responsibility extends to all administrators and coaches at the school. Each member school is responsible for the conduct of its administrators, coaches, athletes, students and parent(s)/guardian(s)/caregiver and for any knowledge possessed by its administrators;
  - (9) Ensure that all coaches, paid and unpaid, will have completed a coaching education program that emphasizes the following components:
    - a. Development of coaching philosophies consistent with school, school district and school board goals;
    - b. Sport psychology: emphasizing communication; reinforcement of young people's efforts; effective delivery of coaching regarding technique and motivation of the student-athlete;
    - c. Sport pedagogy: how young athletes learn and how to teach sport skills;
    - d. Sport physiology: principles of training; fitness for sport; development of a training program; nutrition for athletes; and the harmful effects associated with the use of steroids and performance-enhancing dietary supplements by adolescents;
    - e. Sport management: team management; risk management; and working within the context of an entire school program;
    - f. Training: certification in CPR and First Aid, that includes training in signs and symptoms of concussions, sudden cardiac arrest (SCA), and heat illness;  
(Revised January 2015 Federated Council/Revised February 2019 Federated Council)
- Q: When does the training certifications in the items listed in 22.B (9).f. need to be renewed?*  
A: Certification needs to be updated each time CPR and First Aid training is renewed.  
(Editorial May 2019)
- g. Knowledge of, and adherence to, statewide rules and regulations; as well as school regulations including, but not necessarily limited to, eligibility, gender equity and discrimination;
  - h. Sound planning and goal setting; AND
  - i. A school/district may use a coach that does not meet these standards for one (1) sports season in an emergency. The coach must still hold a CPR, First Aid, Concussion, Sudden

Cardiac Arrest, and Heat Illness certification as required under Title V. However, that person may not coach another season of sport without fulfilling this coaching education requirement. Any currently employed coach who has completed and passed a prior version of a coaching education program that meets the above listed criteria, as determined by the local administration, is exempt from this provision. The above certification is transferable between/among CIF member schools. Coaches may need to complete additional local school or school district requirements.

2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

For example, if a league wants to address the color of jerseys in basketball, the proposal may read:

The \_\_\_\_\_ League proposes the following changes to the basketball bylaws.  
(your league name)

Bylaw 1623 Color of Jerseys

Proposed language:

“In all basketball games played between member schools of the CIF Southern Section,  
The host team shall wear ~~white~~ **dark** colored jerseys.”

The Official's Fees/Relations Committee and the CIF Southern Section Council approved a comprehensive Officials Fees package for the 2022-23, 2023-24 and 2024-25 school years in April, 2022. In that package, Varsity officials in all sports will be paid \$35.00 an hour. This proposal adds the sport of Beach Volleyball to that package. For the sport of Beach Volleyball, the match official will be referred to as a "monitor".

The minimum amount of time a monitor could be requested for a dual head-to-head competition is 2 hours. This would cover 1 hour of pre-match time and 1 hour of match time if the schools have access to 5 courts and played all 5 pairs at one time, then that match should take 1 hour. If a more realistic time is 2.5 hours, then the rate would be \$87.50. The rate then goes up an additional \$17.50 for each 30 minutes after that. This should help the officials for those matches that only use 2 courts or 3 courts at a time.

An Athletic Director, when they request a monitor, simply needs to inform their assignor that they are using X number of courts and the anticipated amount of time will be X hours. The assignor then assigns the monitor at the hours requested by the host school Athletic Director.

If the monitor for the Varsity match is also assigned to the Junior Varsity match on the same date, time and location, then the opportunity to receive both amounts would be standard. This would bring the base rate for both levels to a total of \$130.00 minimum. For example...

- Varsity – 2 hours at \$35.00 an hour = \$70.00
- Junior Varsity – 2 hours at \$30.00 an hour = \$60.00
- Total for both matches on the same date, time and location = \$130.00

Finally, once we get to the end of the regular season and enter the CIF Southern Section Beach Volleyball Team Championships, playoff rates will be \$40.00 an hour with the 2-hour minimum requirement for a total of \$80.00 for the playoff match. If more time is needed, then each additional 30 minutes will increase the rate by \$20.00.

During the CIF Southern Section Beach Volleyball Team Championships, a monitor will be required for all matches in all rounds.
