By rule, the CIF Southern Section must have double the number of Federated Council votes as the next largest section. The CIF Sac-Joaquin Section votes increased to 18 for the 2022-2023 school year which required the CIF Southern Section total to increase to 36 votes for the 2022-2023 school year. If the proposal does not pass, it will be removed from the CIF Federated Council agenda. Proposed Amendment to Article 22 - Non-Action STATE 644 Mem-

bership/Conditions of Membership The proposal would require CIF member schools to complete the Participation Census each year and identifies sanctions when schools fail to do so. Member schools are required by the first Friday in April of each school year to submit to the CIF State their CIF Participation Census. Discussion

COUNCIL MINUTES

(Continued from previous page)

1. Proposed Addition of Girls Flag Football - President Jim Perry presented this proposal to the Council. There was a motion by the Golden League and a second by the Liberty League to approve the proposal as written. Discussion followed by Melanie Horn, Athletic Director, Westridge High School. Ms. Horn spoke in support of the proposal and thanked Council members for supporting the advancement of girls' sports in the Southern Section. Don Cayer from the Miramonte League asked: "Why did the sport move from the Spring season of sport to the Fall season of sport? Commissioner Wigod explained that this is a state-wide proposal and in working with the other CIF Sections they showed support for the sport to take place in the Fall season of sport. If the CIF Southern Section were to simply present this proposal as a Spring sport it would have probably been defeated as the CIF State Federated Council level. The Miramonte League made an amendment from the floor to change SS 638. The amendment requested to change the sport of Girls Flag Football from the Fall season of sport to a Spring season of sport. The Mid-Cities League seconded the motion to approve. Discussion: Several leagues spoke against this motion and requested the original proposal move forward. These leagues included the Pacific, Coast Valley, Rio Hondo, and the Sunset Conference. Matt Maeda from the San Andreas League spoke in favor of the amendment and requested the sport be placed in the Spring Season of sport. Randy Bell from the Rio Hondo League stated, "I am here today to vote on the original proposal which placed the sport in the Fall season of sport."

President Jim Perry called for the vote. A Roll Call vote was taken. The amendment from the floor to change Girls Flag Football from a Fall season of sport to a Spring season of sport failed. Motion Failed: 24-55-10 President Jim Perry called for a vote on Southern Section action item 638. This proposal will add the sport of Girls Flag Football to the list of CIF-approved sports. If passed, the Girls Flag Football will be placed into the Fall season of sport, beginning in 2023. The CIF Southern Section Executive Committee voted on this item during the August 11, 2022 Executive Committee meeting recommending support for the proposal by a vote of 17-0-0. There was a motion by the Surf League and a second by the Mulholland League to approve the proposal as written. The motion carried. Motion Carried: 61-26-2

5. REPORTS

A. Financial Report - Mitch Carty - Chief Financial Officer Mitch Carty reviewed our current financial information including: Profit and Loss statement, revenue for the 2021-2022 school year, a breakdown of playoff ticket sales over the past 7 years, and our assets and liabilities over the current fiscal year (July 1, 2021 to June 30,

2022). Mr. Carty also reviewed the status of our California Department of Education Grant monies and how those align with our mission and our programs. The grant has a "Sunset" date of June 30, 2024. To date, we have used funds from the grant to waive Sport Fees for member schools for the 2022-2023 school year, waive registration fees for attendees at the CIF Southern Section Athletic Administrators Summit, made \$10,000 donations to the active Athletic Director associations in the Southern Section, and waive Boys Golf and Girls Golf entry fees for all CIF Southern Section Boys/Girls Golf Championships in 2022-2023. The complete Financial Report appears at the end of these minutes.

B. Treasurer's Report - Chris Calderwood - Treasurer Chris Calderwood reviewed the Treasurer's Report, which appears at the end of these minutes, highlighting a couple of items including: the Harrington Group will be in the Southern Section Office to complete the annual audit in December and the Section Office and Arbiter Pay are working to set up an account to pay all officials for playoff contests directly. Mr. Calderwood also requested that schools set up an electronic transaction account with the Southern Section Office so playoff revenues can be sent directly to member schools. As of today, 98% of the member schools have created a Sport Fees invoice. This year as a reminder Southern Section Sport Fees have been waived. The Southern Section Office is currently looking to hire a full-time Receptionist and that position is currently open. Finally, a reminder to the member schools, while it has been great to have the Southern Section waive Sport Fees for this year, member schools need to keep money in reserve so schools can pay Sport Fees in future years.

C. President's Report - Jim Perry - President Jim Perry reminded the member schools that representatives from the Los Angeles Rams and Los Angeles Chargers are present here to help support our schools in the efforts to bring Girls Flag Football to their campuses. President Perry followed by discussing his experience at the NFHS Section 7/8 Meeting held last week. Commissioner Rob Wigod and staff put on a phenomenal presentation on competitive equity, and it was interesting to watch the reactions of the other states during that presentation. It appeared the other states are starting to wrap their heads around the concept of creating playoff divisions based on the success level of individual programs. A great update from Diane Marshall-Freeman regarding legal issues going on around the states. Nevada's problem is parents with "Powerful people in their back pocket." Much can be said for talking to the other states in an environment such as this conference. The states of Washington and Oregon presented a piece on diversity, equity, and inclusion.

D. Commissioner's Report - Rob Wigod
- 1. CIF Southern Section 2022-2023

Commissioner Wigod expressed appreciation to our staff for a successful presentation and to Mitch Carty for presenting our balanced budget. Commissioner Wigod thanked our office staff for holding the League Coordinator Training this morning. Commissioner Wigod reviewed the 2022-2023 CIF Southern Section Goals and stated in the next several days there are events occurring that we hope you will be involved with. 8. REPORTS

A. NFHS Summer Meeting Reports - Monica Colunga; Jim Perry; Mike West; Jeff Williams - Past President Monica Colunga gave a very detailed report from the NFHS Summer Meeting, highlighting many of the workshops she attended. First was Focus on Title IX as it is 50th Anniversary. She attended the Water Polo breakfast which Assistant Commissioner Kristine Palle, ran and did a fantastic job. There was a workshop on Title IX, the Next 50 Years. Although girls' sports participation has grown to 43% today from the 3% it was in 1972, have the coaching staffs and administrations grown at that same rate? The first General Session was regarding communication. One thing that was brought up was word choice and to be sure your words are true, necessary, and kind. We need to be cognizant that our young people are growing up in a changing world. The second General Session was the NFHS Report. Immediate Past President Mike West reported on his experiences at the conference. Transgender inclusion in sports needs to continue to be discussed, including the difference between transgender and sexual orientation. Overall, there are 16 states with legislation against participation. California appears to be the most liberal on the subject and studies are finding that transgender athletes are healthier when participating in sports. Regarding Non-Binary athletes, in Washington the athletes must choose to participate in the male or female sport for each season of sport but can change for the next season of sport. Desert Area Representative Jeff Williams reported on his experiences. Texas was an outstanding host. When the representatives from California walk into a room, they are acknowledged, recognized as leaders in the industry. Jeff attended the same workshops as his colleagues. Stated that we owe a debt of gratitude to those that have gone before to blaze the trail for today's female athletes. We also need to acknowledge the men that advocate for these women. Football in many other states still has the old-fashioned look at the sport where the entire town closes down for the high school games. The NFL teams are reaching out to high school programs to help support these programs in any way they can. Other states could not understand the idea of an officials shortage. President Jim Perry concluded the

This proposal is asking for an increase of 30 minutes from 2.25 hours to 2.75 hours per game. 2. Proposed Revision Bylaw 1222 – Beach Volleyball Official Fees - President Jim Perry reviewed the proposed addition of official's fees for Beach Volleyball to CIF Southern Section Bylaw 1222. This bylaw gives schools and administrators the ability to be proactive when it comes to the physical assault of game officials and empowers schools to file reports if situations like this arise. Spectators can now be banned for life from attending any further CIF athletic events if such a situation occurs. Immediate Past President Mike West emphasized that the rule states that the intent of physical assault is all that is required for this bylaw to take effect. EXECUTIVE

(Continued from page 4)

reports with a summary of his attendance at the Board Member workshop. He also attended a session on transfers and expressed that other states are surprised at the way California handles transfers. As for summertime rules, some states lock down completely all summer with no activity at all. It is interesting how the other states handle high school athletics. There is a lot of interest and discussion regarding how California does playoff groupings. Rob Wigod and staff will be hosting a workshop on this subject at the NFHS Section 7/8 Meeting.

A. President's Report - Jim Perry
- President Jim Perry talked about the importance of getting athletic trainers full time on all high school campuses. He is committed to getting our section schools back to state of civility and sportsmanship. Our administrators must take a stand regarding fan behavior and decorum. Students and fans need to relearn to respect yourself, your school, your community, your parents as you are representatives of each of these areas.

B. Treasurer's Report - Chris Calderwood
- Treasurer Chris Calderwood reported the audit will be in September/October. Mitch Carty does a great job during audit time preparing all the reports requested by the auditors. It is a daunting task. Through GoFan during the 2019-20 school year, only 33,000 tickets were sold. In the 2021-22 school year, over 522,000 tickets were sold online for our events with \$209,000 going back to schools in revenue share. GoFan has changed how we do business and the office is working to bring electronic payments to all forms of revenue collection. Sports Fees have been waived this year thanks to the grant from the California Department of Education, but schools still need to sign into cifsshome.org and create an invoice in order to register their sports teams. The Athletic Administrators Summit is coming up in October and will be free of charge this year. Finally, Chris announced he is retiring on January 1, 2022, but will remain in his position through the rest of the school year.

D. Commissioner's Report - Rob Wigod
- Commissioner Rob Wigod welcomed the Executive Committee and thanked them for their attendance at today's meeting. This has been such a great way to start the new year being here at the Rose Bowl. Be sure to review the Message from the Commissioner, if you haven't yet, with a preview of the 2022-2023 school year. Fall Eligibility Workshops are in full swing and we have two New Principal/Athletic Director

Workshops coming up in September and we encourage you to recommend to your new administrators the importance of attending these events. The Athletic Administrators Summit is in October, free of charge, and as area representatives, please reach out to your constituents and encourage them to attend, along with updating them on what has taken place here. Fall Sports start tomorrow and Saturday. This is the time to build on the tremendous work and momentum that was established in 2021-2022.

E. Executive Committee Member Reports
