4. ACTION ITEMS

DISPOSITION

ITEM

A. STATE FEDERATED COUNCIL ACTION ITEMS

1. Proposed 2023-24 CIF State Budget

EC Approved STATE 647
19-0-0

President-Elect Dr. Paula Hart Rodas presented the CIF State Budget for review. The 2023-2024 Proposed Budget projects an income of \$6.68 million and expenses at \$6.61 million. Income sources for the State CIF office are: State Championships, corporate and marketing sponsorships, and membership dues. The expenditures for the CIF State Office are marketing fulfillment agreements, the CIF Home partnership, an increase in legal fees, and an increase in insurance costs. An additional increase would also be incurred if Article 70 were to pass. Article 70 would add four new members to the CIF State Executive Committee. The full proposed budget can be viewed at www.cifstate.org.

There was a motion by the Big VIII League and a second by the Rio Hondo League to approve the proposed 2023-2024 CIF State Budget. There being no discussion, the motion carried.

Motion Carried: 73-0-11

2. CIF State Executive Committee Nominations

EC Uninstructed STATE 648
19-0-0

President-Elect Dr. Paula Hart Rodas presented the nominations for a two-year term on the CIF State Executive Committee. Ms. Kelly Freeland-Sloat, Northern Section, has withdrawn her name for consideration. The candidates are: Ms. Neezer McNab, Los Angeles City Section, Ms. Marybeth Ortiz, California Association of Private School Organizations (CAPSO), Mr. Louie Rocha, North Coast Section and Mr. Jeffrey Taylor, Oakland Section. There being no nominations from the Southern Section, it was proposed to send our delegates to the CIF Federated Council uninstructed.

There was a motion by the Citrus Belt League and a second by the Pacific League to support the delegates to the CIF Federated Council to go uninstructed at the upcoming CIF Federated Council meeting in Burbank on April 28, 2023. There being no discussion, the motion carried.

Motion Carried: 71-0-13

3. Proposed Amendment to Bylaws 212/510 - Amateur Status/Undue Influence

EC Approved STATE 651
19-0-0

President-Elect Dr. Paula Hart Rodas reviewed the proposal. The proposal further defines what activities can take place while still following the guidelines outlined under CIF Bylaw 212. The proposal also includes what penalties will be in place should a student-athlete violate CIF Bylaw 212. State Action item 651 also addresses how Name, Image and Likeness violations would impact a student's eligibility under CIF Bylaw 510. The amendment states that a student would become ineligible for CIF competition for a period of one (1) year for accepting material or financial inducement to retain or attend a CIF member school for the purpose of engaging in CIF competition, regardless of the source. This includes, but is not limited to, student individual endorsements that involve anyone from, or associate with, a school or its athletic programs.

There was a motion by the Sunbelt League and a second by the Channel League. There being no discussion, the motion carried.

Motion Carried: 77-2-5

4. Proposed Amendment to Bylaws 207/504 –
Transfer Eligibility/Season of Sport

EC Approved STATE 652
19-0-0

President-Elect Dr. Paula Hart Rodas reviewed the proposal. The proposal defines athletic participation for a student-athlete who is transferring to a member school who was part of an academy program which competed against a high school or non-school organization during that season of sport, in the 12 calendar months immediately preceding their transfer to the new school. In this case, the student would be limited to the sub-varsity level (limited) eligibility in those sports. In addition, no student would be eligible to participate in the same sport at two (2) different schools in the same school year. For purposes of this Bylaw, an “Academy” is defined as a non-school organization located in or outside the State of California that consists of sports development and/or training programs, consisting of athletic team(s) that compete against other high school or non-school organization athletic programs. There was a motion by the Sunkist League and a second by the Skyline League. There being no discussion, the motion carried.

Motion Carried: 79-2-3

5. Proposed Addition of Bylaw 2901 –
CIF State Tennis Championships

EC Approved STATE 653
19-0-0

President-Elect Dr. Paula Hart Rodas reviewed the proposal. This would add CIF State Championships for Boys and Girls Team Tennis, effective with the 2023-2024 school year. This proposal completes the CIF State Championship schedule that was introduced 10 years ago. Cost of this event is minimal thanks to the support of the USTA.

There was a motion by the Big VIII and a second by the Channel League. There being no discussion, the motion carried.

Motion Carried: 80-0-6

6. Proposed Amendment to Article 70 –
Executive Committee

EC Approved STATE 654
19-0-0

President-Elect Dr. Paula Hart Rodas reviewed the proposal. The proposal would expand the CIF State Executive Committee from the current 9 members to 13, adding 4 At-Large positions, to better represent the Sections, ethnicity, and gender equality across the State. This would be for immediate implantation and nominations will be coming from all CIF Sections. Two of the new members would serve for two-year terms and two would serve one-year terms to establish a cycle where the positions are replaced every two years. The CIF State Executive Committee will vote on the nominations and elect the new positions at their June, 2023, meeting. There was a motion by the Rio Hondo League and a second by the Bay League.

There being no discussion, the motion carried.

Motion Carried: 80-1-5

B. SOUTHERN SECTION ACTION ITEMS

1. Proposed 2023-24 CIF Southern Section Budget

EC Approved SS 649
19-0-0

President Jim Perry presented the budget proposal to the Council. President Perry noted that Chief Financial Officer Mitch Carty has done an outstanding job in submitting a balanced budget to the Council. President Perry also stated we have just completed the section audit. The full 2023-2024 budget can be viewed at www.cifss.org. There was a motion by the San Andreas League and a second by the Pioneer League. There being no discussion, the motion carried.

Motion Carried: 78-0-8

| 3. Proposed Revision of Bylaw 1223.3 – Summertime Rules | EC Not Approved | SS 646 |
| | 1-18-0 | |

President Jim Perry presented the proposal. The proposal requests that all schools can establish a 14 consecutive day Summer Dead Period for each sport on its campus rather than having all sports observe the same 14-day period at the same time.

There was a motion by the Inland Valley League and a second by the Pioneer League. Lisa Ulmer from the Moore League spoke in support of the motion.

Motion Failed: 28-50-7

5. REPORTS

A. Treasurer's Report

Chris Calderwood

Treasurer Chris Calderwood announced that the annual audit was just recently completed, approved by the Executive Committee, and there were no issues from the audit. Mr. Calderwood informed the Council that as of today, the Section has seen an approximate \$375,000 in profit vs. expenses for the 2022-2023 school year. Furthermore, Mr. Calderwood informed the Council that all Winter Sport playoff revenue disbursements will be sent to schools within the coming week.

B. President's Report

Jim Perry

President Jim Perry gave a summary on the search for the new Southern Section Commissioner of Athletics. Mr. Perry introduced Mike West as the 10th Commissioner of Athletics for the CIF Southern Section. President Perry thanked the Council for their service this year.

C. Commissioner's Report

Rob Wigod

CIF Southern Section 2022-2023 Goals Responses

5C1

Commissioner of Athletics Rob Wigod reviewed our 2022-2023 Southern Section Goals with the Council and highlighted the following: Social Media numbers increased, increased exposure with the weekly video program CIFSS This Week, first time for the Girls Beach Volleyball championships, Athletic Trainers Track at the Athletic Administrators Summit was introduced this year and was very successful. Commissioner Wigod continued by asking our member schools to investigate and research the possibility of going to ACH transactions for financial dealings with our office so everything can be done electronically. This next step would go along with our office paying playoff officials directly for revenue sports. Commissioner Wigod also discussed and informed the Council that the Private and Public committee met again and discussed in depth the outcomes of NIL and what it means for our member schools. Furthermore, Commissioner Wigod asked for our member schools to support the NASO Summit in August and the Officiate California Day on Saturday, July 29, 2023. Finally, Commissioner Wigod took a few minutes to mention a few milestones that have recently occurred. Executive Assistant Sharon Hodge just celebrated her 34th year with the Section, Assistant Commissioner Rainer Wulf, who will be retiring in July, for his 15 years of service with the Section, and Program Coordinator Anita Fopma, with 25 years of service with the Section, will be retiring on September 1.

For CIF Southern Section schools fielding Cross Country teams – No financial impact

All Council Proposals must be submitted according to the timelines published in the Blue Book. If they are not received in a timely manner, they will be postponed until the next meeting.

Council Proposals that do not contain the information in the fields provided on both pages will not be considered.

Sport advisory committees are advised to confine their proposals to the sport(s) under their advisement. Any proposals that do not affect Articles 1400 – 3100 must contain a rationale as to why the sport advisory committee is requesting action.

Procedure for Proposed Bylaw Changes:

1. Identify the bylaw, by number, to be changed or eliminated.
2. Type the bylaw, using normal font face, for language that will remain unchanged.
3. Use strikethrough to identify language to be eliminated or changed.
4. Identify proposed language using bold type.

For example, if a league wants to address the color of jerseys in basketball, the proposal may read:

The _____ League proposes the following changes to the basketball bylaws.
(your league name)

Bylaw 1623 Color of Jerseys

Proposed language:

“In all basketball games played between member schools of the CIF Southern Section,
The host team shall wear ~~white~~ **dark** colored jerseys.”

The Trinity League proposes the following changes to the Cross Country bylaws.

Bylaw 1904

Proposed language:

1904. STARTING DATE FOR INDIVIDUAL COMPETITION

Interscholastic competition in cross country may not start until ~~September 4~~ August 19.

Background: The starting date for Cross Country in the Southern Section has traditionally been on or about the first Saturday of September.

Rationale:

1. 7 of the 8 CIF Sections start the Fall Cross Country Season earlier. See 2023 First Contest dates below. Length of season for all State Cross Country will now be fairly consistent with all Sections.

Central	8/14	Central Coast	8/24
Los Angeles	8/11	North Coast	8/7
Sac-Joaquin	8/18	San Diego	8/15
Southern	8/31		

2. Majority of CIF Southern Section Fall Sports start earlier than Cross Country. See 2022 First Contest dates below. Many school districts are starting school prior to the Labor Day weekend. Cross Country will be able to begin competition earlier consistent with other Fall Sports.

Football	8/18	Girls Volleyball	8/12
Boys Water Polo	8/21	Girls Tennis	8/21
Girls Golf	8/21		

3. An earlier start date will not impact the End of Competition date (Bylaw 1906) for Southern Section teams.
4. An earlier start date will not impact the Maximum Contest requirement set by Bylaw 1206.D of 14 total dual, triangular, or invitational meets during the season for Southern Section teams. Member schools will still have to abide to this bylaw.
5. Expanded season will allow early meets to be distributed over 3 weekends instead of only one. In 2022 there were 10 meets in the CIF Southern Section the first weekend of competition.
<https://prepcaltrack.com/cross-country-schedule/>
6. Expanded season will allow schools more meet choices early in the season as well as allow programs to adjust training which will be more beneficial for each individual program.
7. Many high schools start school earlier now either the 2nd or 3rd week of August.
8. An earlier start could open the possibility of prelims/finals a week earlier, so CIF Southern Section could get a week off between Finals and/or State.

3519 PLAYOFF GROUPINGS – COMPETITIVE EQUITY

The following procedures for the creation of playoff groupings will be in effect for the sports listed below:

Fall Sports – **Football, Team Golf (Girls)**, Tennis (Girls), Volleyball (Girls), Water Polo (Boys)
Winter Sports – Basketball (Boys/Girls), Soccer (Boys/Girls), Water Polo (Girls)
Spring Sports – Baseball, **Team Beach Volleyball (Girls), Team Golf (Boys)**, Lacrosse
(Boys/Girls), Softball, Tennis (Boys), Volleyball (Boys)

3519.1 ~~Individual~~ Schools will be evaluated and placed into divisions on a yearly basis for the sports listed above utilizing a formula **based entirely on current regular season results. Final rankings and divisional placements will be determined and released at the end of the current regular season. Seeding in each division will follow the final rankings, regardless of league affiliation or league finish. For example, in a sixteen-team bracket, the #1 seed, determined by the final rankings for that division, will play #16, the #2 seed will play #15, etc. The higher seeded team will host the first-round contest and then CIF Southern Section Bylaw 3504, Host Team After the First Round, will be followed for all subsequent contests.** which includes the following factors: regular season record, strength of schedule and Southern Section playoff performance over a two-year period. (For example, in Baseball and Softball, the data from the 2019 and 2020 seasons will be used to formulate divisions for the 2021 season. After the 2020 season is concluded, the data from the 2019 season will be removed and the data from the 2020 and 2021 seasons will be used to formulate divisions for the 2022 season.) The formula will be applied to each school resulting in the creation of competitive equity power rankings for individual schools, using that school's competitive performance as the only criteria for establishing playoff divisions.

3519.2 Once individual school power rankings for each sport are completed, after the conclusion of each sport season, playoff divisions will be created. Playoff divisions will be published in the Sport Preview for each sport, along with an explanation of the formula utilized in creating playoff divisions for that sport.

3519.3—2 It is MANDATORY that all Southern Section member schools enter the results of ALL regular season contests and Southern Section playoff contests into the CIFSSHome system **immediately following each game.** (www.cifsshome.org) ~~within 2 weeks of your team's last contest~~

3519.4—3 Member schools who fail to accurately enter full and complete regular season results and/or Southern Section playoff results into the CIFSSHome system, **in any of the sports listed above,** will not be placed into a playoff division for the upcoming season and will be ineligible to participate in the Southern Section Championships in that sport **for that year.**

3519.5—4 Leagues are guaranteed their appropriate number of entries into the Southern Section Championships, per current Southern Section Blue Book Rule 3514.

3519.6 ~~Appeals of divisional placements will only be considered regarding inaccurate information provided by member schools. If that is the case, the school must send a request, in writing, to the Assistant Commissioner in charge of the particular sport(s), seeking a reconsideration of their divisional placement based upon corrected information provided by the school.~~

~~**3519.7** In the sport of 8 Man and 11 Man football, individual schools will be evaluated and placed into divisions on a yearly basis utilizing a formula based entirely on current regular season results. Final power rankings, and divisional placements, will be determined and released at the end of the current regular season. Seeding of all playoff brackets in each division will follow the final power rankings in that division, regardless of league affiliation or league finish. For example, in the First Round, the #1 seed, determined by the final power rankings for that division, will play #16, the #2 seed will play #15, etc. The higher seeded team will host the First Round contest and then CIF Southern Section Bylaw 3304, Host Team After the First Round, will be followed for all subsequent contests.~~

~~**3520.2** Boys and Girls Team Golf Individual schools will be placed into divisions on a yearly basis utilizing a formula including the following factors (previous years' performance in the CIF Southern Section Golf Championships as well as league performance in post season play). Data will be used from the previous two (2) years to help formulate divisions. This formula will allow competitive equity to be used in establishing playoff divisions. Each league will receive, at minimum, League Champions for automatic entry, with additional playoff sports available per league and division as warranted.~~

Proposal Summary: As per the CIF Article 70.G.(1), when there is a vacancy on the CIF Executive Committee, that committee member shall be replaced at the next Executive Committee meeting with the individual receiving the next highest vote during the last regularly held election. Since all candidates at the last election are serving on the current Executive Committee, the next step is to conduct an election at the October 2023 Federated Council meeting in order to fill the vacancy. Nominations were sought from eligible Sections and Allied Organizations and the following Federated Council members have volunteered to be candidates to serve the remainder of the two-year term on the CIF Executive Committee.

The following candidates have been nominated and have agreed to place their name for consideration to serve a two-year term on the CIF Executive Committee:

Dr. Paula Hart Rodas, Southern Section

Robert Poyer, Los Angeles City Section

Doug Williams, Northern Section

70.G. Change in Status or in Workplace, Vacancy**(1) Change in Status**

With the exception of the Past-President, the representative from the State Department of Education and representatives of Allied Organizations, any committee member whose status changes so as not to be directly accountable to, or a voting member of, a local board of education or school(s) governing body shall not continue to be a voting member of the Executive Committee. With the exception of the current officers, that committee member shall be replaced at the next Executive Committee meeting by the individual (if eligible) receiving the next highest vote during the last regularly held election, or in the case of an at-large representative, a new representative will be appointed by the Executive Committee at its next regularly scheduled meeting. In the event there is no one eligible, an election will be held to fill the vacancy at the next regularly scheduled Federated Council meeting.

**In the matter of CIF-SS Releagu
Configuration regarding Troy High
School**

**APPEAL – TROY HIGH
SCHOOL, Fullerton, CA**

September 7, 2023

I. INTRODUCTION

Troy High School (“TRHS”), Fullerton, CA, appeals the non-football re-leagu
decision of the Orange County Area Placement (“OCAP”) and California Interscholastic
Federation Southern Section (“CIF-SS”) on May 15, 2023. This appeal is based upon “the re-
leagu
criteria and process” that violated the following Orange County Area Schools
Releagu
Bylaws, 2024-2026 (“Bylaws”) (Attachment “A”):

1. Bylaws 24.0 and 40.0, mandating that the re-leagu
proposals must affect the least
amount of member schools as reasonably possible;
2. Bylaw 40.0, mandating that Principals of schools requesting relief begin the meeting with
a five-minute presentation that may include their school information and one (1) new
2024-2026 re-leagu
proposal;
3. Bylaw 22.0, mandating that all “Releagu
Proposals must be written on the Orange
County Area Releagu
Proposal Form”;
4. The introductory section of the Releagu
Bylaws also states that “Releagu
Proposals
protocols and procedures will not discriminate against one or more member schools”; and
5. Bylaws 23.0 and 40.0, mandating that re-leagu
proposals must provide reasonable and
equal application of the following three criteria: competitive equity (strength of program),
geography (travel time), and enrollment (school population).

Important Note: Bylaw 24.0 states, “*Any reference in this document to the word ‘leagu
’ refers
to a duly constituted league or conference formed in the last Releagu
cycle.”

II. PROCEDURAL VIOLATIONS

Procedural violations were committed during the OCAP re-leagu
process that require
granting this TRHS appeal and nullifying TRHS’s placement with respect to the final non-

football re-leaguings proposal set to commence with the 2024-2025 year. This appeal does not pertain to re-leaguings with respect to “football only” Orange County conferencing decision.

The 2024-2026 CIF Releaguings Cycle consolidated all Orange County area schools’ football teams into one county-wide conference. During the process, member schools were required to vote on football-only re-leaguings proposals before considering the re-leaguings of all other CIF sports. As the push to consolidate all Orange County area school’s football teams into one football-only conference reflected a larger trend, TRHS agreed to the final Football-Only Releaguings Proposal at the May 15, 2023 meeting. TRHS agreed to move the football program into this larger conference because discussion around football placement has always been the driving factor behind any re-leaguings conversations in the past. All other sports receive secondary consideration. TRHS decided that by removing football from the discussions, member schools could focus more clearly on the other sports. The TRHS decision was also a show of goodwill and a way to pilot TRHS’s participation in a larger conference prior to re-leaguings all other sports. Despite this agreement, TRHS made it abundantly clear throughout the process, however, that they did not want to join another league or conference for all other CIF sports.

From the beginning, the 2024-2026 Orange County Area Placement process appeared to be explicitly motivated by factors outside the three criteria allowed for consideration under Bylaw 23.0 and by discrimination toward member schools in violation of the Introduction of the Bylaws against intentional or unintentional discrimination against any member schools. During the February 8 and April 24, 2023 re-leaguings meetings, an athletic director from another member school openly and blatantly campaigned for the Freeway League’s elimination and subsequent placement of TRHS in another league despite no request by TRHS for relief or alternative placement. For example, the athletic director bitterly stated, “The Freeway League has been together 42 years. It’s time for you guys to play ball and join the rest of us.” This athletic director demonstrated other illegitimate reasons in support of the 2024-2026 placement by saying, “[His conference’s] goal is to expand. We have 9 teams and would like to get to 15.” Furthermore, his and others’ supported proposals discriminated against private schools. This was made clear in statements by him and others during the multiple meetings that stated, “We do not want schools without borders.”

This same athletic director also repeatedly advocated to disband the Freeway League schools under the pretense that Buena Park High School needed relief with statements such as, “If I were student or family at Buena Park [High School], I would sue the District for not providing relief.” Buena Park High School, however, never requested relief and competes well within the Freeway League from year to year. His conference representatives and others, who supported the ultimate re-leaguings proposal, demonstrated their complete disregard for the three criteria required in Bylaw 23.0 throughout the series of re-leaguings committees that took place from February to May 2023. Their open discrimination against private schools was a determining factor in the ultimate passage of a proposal that placed TRHS in a different league specifically to create a larger conference that would benefit those schools already in that conference.

On April 24, 2023, the Athletic Directors approved three Athletic Director Releaguings Proposals for non-football sports that were posted in advance of the May 15, 2023 re-leaguings meeting. In violation of Bylaw 22.0, not all of these proposals were submitted on the “Orange County Area Releaguings Proposal Form” (Attachment B is the only form available on the OCAP website). At least three different forms were used for these proposals.

At the May 15, 2023 meeting for Principals, member schools voted on the final 2024-2026 Releaguings Proposal based on incomplete information in violation of Bylaw 40. Per Bylaw 39.0, the purpose of the May 15, 2023 meeting is for Principals (“Orange County Area Representatives”) to “review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal.” At the beginning of this meeting, as required by Bylaw 40, the Principals of schools requesting relief were to receive five minutes to present school information regarding their reasons for requesting relief as well as 2024-2026 Releaguings Proposal. This mandated procedure was entirely neglected as the May 15 meeting agenda (Attachment C) and meeting minutes (Attachment D) exhibit.

Instead of following this procedure in the Bylaws and giving schools requesting relief five minutes to present, the meeting began with a clear focus on solving the Football-Only Conferencing question first. The non-football proposals and counterproposals were addressed only after the Football-Only issue was resolved, and member schools requesting relief were denied time to present. Without this key information, Principals decided on proposals not knowing which schools were requesting relief nor how the proposals would provide relief. As far as TRHS knew, the creation of the football-only conference may have solved these relief questions but there was no way to know.

At the May 15, 2023 meeting, Principals were presented with three additional non-football counterproposals that had been compiled during private, informal meetings leading up to May 15. As stated above, none of the original non-football proposals nor counterproposals indicated which schools were requesting relief nor how that relief was being satisfied. The discussions following each proposal at the May 15 meeting clearly demonstrated that certain existing leagues and conferences supported proposals based on the creation or expansion of conferences to benefit their members, without concern for other impacted schools. However, expanding a conference is not one of the criteria for re-leaguings as required by Bylaw 23.0. The resulting proposed conferences also failed to affect the least number of schools as reasonably possible as required in Bylaws 24.0 and 40.0.

Several member schools also directly expressed during the May 15 meeting that they would not support proposals that added private schools, or “schools without borders” as they referred to them, to their league or conference. This clear discrimination of private schools not only violated the Bylaws, but also severely limited the process of finding the best possible relief proposals that would impact the least schools. The only way to increase conference sizes without

adding private schools and while addressing schools that requested relief was to break up a league whose member schools did not request relief.

For example, one of the new counterproposals, non-Football Proposal 4 (Attachment E), that would ultimately become the final 2024-2026 Placement, affected 100% of member schools across Orange County. The proposal breached Bylaws 24.0 and 40.0, which state that “Releaguings Proposals should affect the least amount of member schools as reasonably possible.” When leagues or conferences affected by any of the proposals could submit new counterproposals, the Freeway League representatives, including TRHS, created and presented an alternate proposal, non-Football Proposal 7 (Attachment F), in an attempt to affect the least schools reasonably possible while also working to satisfy the desire of certain conferences to expand or be created. The Freeway League’s counterproposal not only addressed all schools that requested relief, but also affected a smaller number of member schools. The counterproposal also expanded the conferences that wanted expansion and created conferences for member schools who wanted it. Again, some member schools and leagues spoke out against the Freeway League counterproposal using the plainly discriminatory reasoning that they did not want private schools in their league or conference.

Over the objections of TRHS and other Orange County schools, the non-Football Proposal 4 (Attachments G and H) passed although Proposal 4 was the result of meetings that failed to comply with the required procedures set forth in multiple Bylaws indicated above. Additionally, during the voting process, member schools expressed that they were unable to support non-Football Proposal 7 because they were pressured not to upset schools within their respective school districts. However, Bylaw 23.0 mandates that schools consider only three criteria, one of which does not include a fear of upsetting other schools within their district.

The 2024-2026 OCAP is the unfortunate outcome of a loose process driven by a few outspoken participants rather than the Bylaws’ stated intention of preventing “inconsistent and unequal application of protocol, procedures, and guidelines that would intentionally or unintentionally discriminate against one or more than one member school” while also providing reasonable and equal application of the accepted criteria—competitive equity (strength of program), geography (travel time), and enrollment (school population). Creating conferences and keeping “schools without borders” out of one’s respective conference were prioritized over focusing on the schools that requested relief, making sure proposals affected the least number of schools, and considering of the three accepted criteria.

III. SECONDARY CONSIDERATIONS

Though TRHS never requested relief, TRHS will be adversely impacted by the significant resources it must divert to accommodate the re-leaguings resulting from the 2024-2026 OCAP process to ensure its students can safely participate. For 42 years, TRHS students traveled within a five-mile radius to attend games at schools within their own school district (Fullerton Joint Union High School District or “FJUHS”). As a result of short travel times and ease of coordination among FJUHS schools, TRHS could start their games after class hours

(8:30 AM – 3:30 PM) and share their resources to participate in CIF-SS. Now in a new placement, TRHS student athletes and teachers who coach will potentially have to miss up to three classes during away games. TRHS will have to fund increased transportation, purchase athletic equipment, and build out their athletic facilities at an incredible expense to maintain competitive equity.

Applying the Bylaw's process for developing Orange County area schools re-leaguage requires the reasonable and equal application of three accepted criteria. TRHS finds that the 2024-2026 placement decreases its competitive equity, increases travel time, and affects enrollment. Therefore, TRHS must implement costly changes having been re-leagued without having requested relief for a placement that improves its own competitive equity, geography, or enrollment.

1. Competitive Equity Impacts

There are many examples of competitive equity throughout the 24 sports in the Freeway League including, Baseball, Boys/Girls Basketball, Boys/Girls Soccer, Softball, Boys/Girls Swimming & Diving, Boys/Girls Tennis, Boys/Girls Volleyball, Boys/Girls Water Polo, Boys/Girls Wrestling, Football, Boys/Girls Golf, Boys/Girls Cross Country, Boys/Girls Track & Field.

Troy High School has been very successful with a high percentage of teams making CIF playoffs each year. For the last two years, here are the Troy High School playoff statistics:

2021/22

- Football
- Girls Basketball
- Boys Soccer
- Boys and Girls Golf
- Boys and Girls XC
- Boys and Girls Swim
- Boys Water Polo
- Girls Soccer
- Boys Volleyball

2. Geography/Distance

With the proposed re-leaguage placement, TRHS will now be required to travel longer distances to athletic contests causing unnecessary attendance issues for both student athletes and coaching staff members.

TRHS student athletes and teachers will have less time in the classroom because of earlier game times and because they will have to travel longer distances for the games. With this change that the 2024-2025 Placement imposes on TRHS, TRHS student athletes and teachers will have to miss up to three classes and even lunch, depending on what time the game begins. As of now, student athletes already use their lunch period to ask teachers for assignments and make up quizzes and exams. TRHS students are not on a block schedule, meaning they do not have a free period in the day that can be used for those purposes instead. Both athlete students and non-athlete students will be affected alike by their teachers frequent and prolonged absence from class.

The 2024-2025 Placement will require TRHS to rely on and pay for charter buses to travel to their games. Currently, TRHS requires transportation for athletics from 1pm-10pm and

is part of a high school-only district that does not provide bussing except for special education students. FJUHSd does not own or control a fleet of buses that are available for use after school hours like other unified school districts with large bus fleets. To date, FJUHSd made do with fewer cars because it will “double up” transportation among the Freeway League’s various schools and teams. For example, after an FJUHSd bus drops off Sonora High School’s baseball team at TRHS, the same bus will pick up and transport TRHS’s basketball team to their game. Traveling short distances between schools has also contributed to making TRHS’s participation in the Freeway League possible despite FJUHSd’s shortage on buses. If TRHS competes in the Century Conference, using available FJUHSd transportation will be completely untenable, and there will be no way to participate in CIF without paying for charter buses throughout the year for all teams.

3. Enrollment Impacts

A league/conference’s competitive equity increases with greater similarity among the schools’ size and resources. Larger schools have greater talent pools than smaller schools, and school districts in higher-income areas are more advantaged.

The current CIF-SS Placement will place TRHS in a league that has greater disparities in enrollment size. In the Freeway League, the difference between schools with the most and least students enrolled was 865. In the 2024-2025 Century Conference, however, the range in school enrollment between schools with the most and least students enrolled is 1,861. Even after taking outlier private school, Crean Lutheran, out of the calculation, the difference is still large at 1,384.

Demographic differences between schools must also be considered when taking enrollment into account as overall numbers of students is not a completely accurate indicator of helping to provide competitive equity.

IV. CONCLUSION

Troy High School thanks you for your consideration of its appeal. We would be pleased to respond to any questions you may have.

Respectfully submitted,

Process:

Orange County Area Schools Releaguings Bylaws 2024-2026

The process for developing Orange County Area Schools Releaguings shall:

1. Provide reasonable and equal application of **accepted criteria**:
 - **Competitive Equity (strength of program)**
 - **Geography (travel time)**
 - **Enrollment (student population)**
2. Maintain Brown Act Compliance (“intended to provide public access to meetings”)
3. Follow CIF Southern Section Blue Book rules and policies

Orange County Area Placement is a two-year releguing cycle for all sports. (Approved March 13, 2017).

Releaguings Proposals: All Releaguings Proposals must provide evidence of the above-accepted criteria.

Releaguings Proposals protocols and procedures will not discriminate against one or more member schools. Releaguings Proposal protocols, procedure and guidelines must be inclusive and applied with consistency and equality (same opportunity when policy is applied). We must prevent the inconsistent and unequal application of Releaguings Proposal protocols, procedures and guidelines that would intentionally or unintentionally discriminate against one or more than one member school while creating single sport alignment, leagues or conferences.

Releaguings Proposals must include all member schools.

Blue Book Sections: CIFSS Section Bylaw 32 (pages 37-40) - Area Placement and Releaguings Process/Appeals
CIFSS Section Bylaw 507 (page 109)- Section Alignment of Leagues

Bylaws:

Chairperson, Parliamentarian, Secretary and Dues

1.0 Mr. Michael P. Brennan will preside as Chairperson with the assistance of Dr. John Dahlem (Parliamentarian) and Mr. Joel Hartmann (Secretary).

2.0 Releaguings Dues will be \$50.00 per school. Dues may be used to pay for expenses such as snacks, water, location and parking. Checks should be made out to **“Trinity League” and mailed to Mater Dei High School c/o Mr. Joel Hartmann 1202 West Edinger Ave. Santa Ana, California 92707**. If expenses are greater than revenue, a simple majority vote will increase Releaguings Dues. Dues is to be paid on or before April 3, 2023, for this Releaguings Cycle.

Membership and Voting Privileges

3.0 Orange County Area Representative Principals are committee members and thus have voting privileges.

4.0 Voting is restricted to schools that are members of the organization and in operation with students. This includes new member schools recently approved by the CIF SS for Orange County Placement.

5.0 Schools (not yet opened but have plans to open/no students) assigned through area placement may participate in Releaguings (voting privileges) provided a simple majority of voting members approve.

6.0 If a Principal cannot attend a meeting, he or she must send an Administrative Designee from the same school. The Administrative Designee from the same school will have voting privileges based on written authorization. Therefore, schools must be present to exercise voting privileges (**no proxy votes**).

7.0 If a Principal is unable to attend, the principal must provide written authorization for the Administrative Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting

begins, the Administrative Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letter head, include the Principal’s signature and Administrative Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org).

8.0 At the April 24th Athletic Directors meeting, only Athletic Directors will have voting privileges to determine three (3) Athletic Director proposals. Schools must be present to exercise voting privileges (no proxy voting). If an Athletic Director cannot attend he/she must send an Athletic Director Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting begins, the Athletic Director Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letterhead, include the Athletic Director signature, Athletic Director Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). After this meeting, all voting privileges will return to Principals. This is the only meeting that Athletic Directors have voting privileges.

Media, Brown Act, Roberts Rules of Order, Agendas, Videotape and Minutes/Notes

9.0 Meetings are open to the media. Each media representative must introduce him or herself to the Chairperson, Parliamentarian or Secretary.

10.0 Meetings are subject to the Brown Act and will follow an agenda.

11.0 Meetings will be conducted and based upon Robert's Rules of Order.

12.0 Meeting agendas will be provided five (5) working days before each scheduled meeting.

13.0 Meeting minutes or notes will be distributed to all Principals within seventy-two (72) hours. 14.0 Agendas must be posted at each school site seventy-two (72) hours before scheduled meetings.

Quorum, Voting and Passage of Motion

15.0 A simple majority of Orange County Area Representatives will constitute a quorum for all meetings. Alphabetical Roll Call by member school will be obtained verbally.

16.0 Alphabetical Roll Call (by member school) voting will be verbally stated by each member school. Each member school verbally states their vote so that all member schools have the opportunity to hear the official vote of other member schools. Schools must be present to exercise voting privileges (**no proxy voting**). Minutes or notes will reflect the yeas, nays and abstentions for each vote taken. A record of each Roll Call vote will be attached to the minutes and sent to the CIF SS office. Secret ballots are prohibited. The Chairperson will request that an administrative designee from each member school verbally state their official vote or votes.

17.0 The Releaguings Secretary and the Parliamentarian will tabulate Roll Call voting separately. It is recommended that each member school tabulate Roll Call voting (auditing).

18.0 Voting shall be conducted by a 1) Motion 2) Second 3) Discussion 4) Call for Vote 5) Vote.

19.0 Passage of any motion (not the Final (1) Proposal) to approve requires a majority of those present (50% plus 1 of casted votes) to vote yea. In the case of a tie, the motion will not be approved. Abstentions are considered a casted and official vote.

20.0 Passage of a motion to vote upon the Final (1) Releaguings Proposal requires a majority vote of those member school administrative designees present. Once the motion to vote upon the Final (1) Releaguings Proposal is approved, a motion will be made to approve the Final (1) Releaguings Proposal. The Final (1) Releaguings Proposal must obtain a sixty percent (60%) majority yea vote of those member school administrative designees present. Abstentions are considered a casted vote.

School Profile, Area Placement Questionnaire and Releaguings Proposal

21.0 Schools will digitally send (email) a completed official School Profile Form and their Area Questionnaire to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). This must occur on or before 11:59 p.m. April 3, 2023. The Releaguings Secretary will post the official School Profile Form and Area Placement Questionnaire on the Orange County Area Placement website under resources. Schools must utilize the official School Profile Form and Area Placement Questionnaire provided by the Releaguings Secretary. Schools requesting Orange County Area Placement or Relief must submit a New League Proposal to Joel Hartmann (jhartmann@materdei.org) by April 14, 2023, 11:59 p.m. 22.0 Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form. This form is located on the Orange County Area Placement Website. If a proposal is created at either the Athletic Directors or Principals meetings, the Releaguings Proposal Form must be completely filled out. Upon request, Releaguings Proposal Form(s) will be sent to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). The Releaguings Secretary will post Releaguings Proposal Forms (Orange County Placement Website) for all member schools to view. 23.0 Releaguings Proposals must provide reasonable and equal application of **accepted criteria and must include all member schools:**

- • **Competitive Equity (strength of program)**

- • **Geography (travel time)**
- • **Enrollment (school population)**

See “Process and Releaguining Proposals” page 1 of this document. Athletic Directors Releaguining Proposal Meeting

24.0 Athletic Directors will meet on April 24, 2023 (beginning at 9:00a.m.) Diocese of Orange. At this meeting, Athletic Directors/New Member School Athletic Directors are Orange County Area Representative voting members. The purpose of this meeting is for Athletic Directors to collegially create a maximum of three (3) Releaguining Proposals. The three (3) Releaguining Proposals are based (only) on those schools requesting relief or new member schools requesting a league. *Any reference in this document to the word “league” refers to a duly constituted league or conference formed in the last Releaguining cycle. All conferences are permitted one vote regardless of how many leagues are within said conference. The meeting will begin with (only) member schools Athletic Directors requesting relief and new member schools Athletic Directors having five (5) minutes to present their school information and Releaguining Proposals. Only one representative per school is permitted to speak. Athletic Directors seeking relief will present first, followed by new member school Athletic Directors. Each school may include a maximum of two (2) new 2024-2026 Releaguining Proposals. Releaguining Proposals should affect the least amount of member schools as reasonably possible. Releaguining Proposals must include all member schools. All member schools have voting privileges. Releaguining Proposals must be sent to the Releaguining Secretary, Mr. Joel Hartmann (jhartmann@materdei.org) on or before April 14, 2023, 11:59p.m. The Releaguining Secretary will post Releaguining Proposals on the Orange County Area Placement Website by 12:00p.m. on April 16, 2023.

25.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguining Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguining Proposal(s) per CIF SS. The process, beginning with 24.0, will be used to determine if a Football Only Releaguining Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguining Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguining Proposals can be discussed. Football Only Releaguining Proposal(s) will be kept separate from all other Sports Releaguining Proposals. At the end of the Releaguining Process, two separate Releaguining Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguining Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguining Proposal(s), we will follow the process for both Football Only and other Sports Releaguining Proposals.

26.0 All Leagues/Conferences/Member Schools will have ten (10) minutes to reflect and discuss Releaguining Proposals. Upon request, the Releaguining Chairperson may grant more time (5-minute periods).

27.0 League/Conference Presidents or a League/Conference Designee (must be an Athletic Director) from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguining Proposals. One representative

per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting relief and new member schools will have (3) minutes to speak for or against.

28.0 If member schools requesting relief and new member schools are accepted into league/conference of their choice, a Releaguining Proposal will be created and then voted upon. Passage of a motion to approve will require a simple majority of those member schools or Athletic Directors present. In this case, only one (1) Releaguining Proposal would be created and recommended to principals. Final one (1) Athletic Director proposal will immediately be placed on the Orange County Releaguining Website.

29.0 If one (1) or more than one (1) member school requesting relief or new member school(s) is/are not accepted into the league/conference of their choice, the Chairperson will call for a twenty (20) minute caucus. The purpose is to allow Athletic Directors (from the same league/conference) the opportunity to communicate and develop Releaguining Counterproposals. Releaguining Counterproposals must be aligned to the accepted criteria and must include schools that requested relief or are new members.

30.0 Each league/conference will have the opportunity to create one (1) Releaguining Counterproposal. Upon request, the Releaguining Chairperson may grant more time (5-minute periods). Releaguining Counterproposals must include the league/conference name and league/conference vote in support of the league Releaguining Counterproposal. If a league/conference does not approve a Releaguining Proposal by a simple majority, the Releaguining Counterproposal will not be included and considered obsolete.

31.0 Upon request, Releaguings Counterproposals must be emailed to the Releaguings League Secretary Mr. Joel Hartmann (jhartmann@materdei.org). Releaguings Counterproposals will then be posted on the Orange County Releaguings Website.

32.0 League/Conference Presidents or Athletic Directors from leagues/conferences that created a Releaguings Counterproposal will have three (3) minutes to speak. There will be only one representative per league/conference presenting. Releaguings counterproposals must include member schools requesting relief and new member schools requesting a league.

33.0 New member school Principals, League/Conference Presidents, or a League/Conference Designee (must be an Athletic Director) from impacted leagues, an Athletic Director from schools requesting relief and new member schools Athletic Directors will have three (3) minutes to speak for or against Releaguings Counterproposals. There will only be one representative per impacted league/conference, member schools requesting relief and new member schools speaking. 34.0 Releaguings Counterproposals will have a numbered representation. The Releaguings Secretary will number each Releaguings Proposal beginning with one (1).

35.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school will verbally communicate their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the amount of votes per Releaguings proposal. Each member school will have the opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. Therefore, if there were eight (8) Releaguings Proposals, each member school would have four (4) votes. If there were nine (9) Releaguings Proposals, each member school would have four (4) votes. A member school may use all votes in support of one (1) Releaguings Proposal. The top three (3) Releaguings Proposals will be announced. In the case of a tie, there may be more than three (3) Releaguings Proposals recommended to member school Principals. Both the Releaguings Secretary and the Parliamentarian will tabulate votes. All Athletic Directors are encouraged to tabulate votes (audit).

36.0 Chairperson will call for a vote. Roll call and verbal voting will begin and each member school including new member schools will verbally vote to approve the top three (3) Athletic Director Releaguings Proposals. There is no proxy voting.

37.0 Passage of a motion to approve the top three (3) Athletic Director Releaguings Proposals will require a simple majority of those member schools or Athletic Directors present. Each member school will have one (1) vote to approve the motion.

38.0 Final three (3) Athletic Director proposals will immediately be placed on the Orange County Releaguings Website. Releaguings Proposals will be recommended to member school Principals.

Principals Releaguings Proposal and Final Recommended CIF Orange County Releaguings Placement

39.0 The second and potential final meeting will be May 15, 2023 (9:00 a.m.) Location TBA. At this meeting, Principals are considered Orange County Area Representatives. The purpose of this meeting is to review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal. Principals seeking relief, new member school Principals (only those schools that requested relief or new member schools requesting a league/conference at the April 24, 2023 Athletic Director meeting) and leagues/conferences must send their one (1) new 2024-2026 Releaguings Proposal to the Releaguings Secretary, Joel Hartmann (jhartmann@materdei.org) on or before May 5, 2023 11:59p.m. The Releaguings Secretary will post all new Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. May 7, 2023.

40.0 The meeting will begin with member school Principals requesting relief and new member school Principals having five (5) minutes to present. In their presentation, they may include school information and one (1) new 2024-2026 Releaguings Proposal. Relief and new member schools Releaguings Proposals must affect the least amount of member schools as reasonably possible. Releaguings proposals must include all member schools. Releaguings Proposals must follow accepted criteria. All member schools have voting privileges.

41.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 40.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings

Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

42.0 All leagues/conferences will have ten (10) minutes to discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

43.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

44.0 Individual League/Conference 2024-2026 Releaguings Proposals will be presented. Each League/Conference President or League/Conference Designee will have (5 minutes) to present their 2024-2026 Releaguings Proposal. Releaguings Proposals must be aligned to accepted criteria and must include schools seeking relief and new member schools requesting a league/conference.

45.0 All leagues/conferences will have ten (10) minutes to discuss Individual League Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

46.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

47.0 Athletic Director Releaguings Proposals (April 24, 2023) will be reviewed by the Releaguings Secretary.

48.0 Athletic Director Releaguings Proposals will be numbered as one (1), two (2) and three (3).

49.0 Relief Releaguings Proposals and new member Proposals will begin with the number four (4), unless there were more than three (3) Athletic Director Releaguings Proposals. The new League proposals will begin with the number that immediately follows Relief and new member proposals. Releaguings Secretary Joel Hartmann will number new Proposals under the observation of the parliamentarian (Dr. John Dahlem).

50.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school Principal will verbally state their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the number of votes per Releaguings proposal (no proxy voting). Each member school will have the

opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. For example, if there were six (6) total first round proposals, each school would have three (3) votes. If there were five (5) total first round proposals, each school would have two (2) votes. A member school may use all votes in support of one (1) Releaguings Proposal or may divide their votes and vote for more than one proposal. At the end of the first round, the top three (3) proposals will move forward to round two (2). Round two (2) will move from three (3) to two (2) Releaguings Proposals. During round two and following rounds, each school will have one (1) vote. Round three (3) will move from two (2) Releaguings Proposals to the Final (1) CIF Releaguings Proposal. The Releaguings Secretary and the Parliamentarian will tabulate votes. All member schools are encouraged to tabulate votes (audit).

51.0

Passage of a motion and voting to approve the top three (3) Releaguings Proposals (round 1), final two (2) Releaguings Proposals (round 2) and the final CIF Releaguings Proposal (round 3) will be as follows. If we begin this process with less than four (4) Releaguings Proposals, we will move directly to the final (2) or possibly the final (1) depending on the number of Releaguings Proposals submitted:

The top three (3) Releaguings Proposals will be those proposals that receive the highest amount of votes. Therefore, the highest amount is number one (1); the second highest amount is number two (2), and the third highest amount is number three (3).

The final two (2) Releaguings Proposals will be those proposals which receive the highest amount of votes. Therefore, the highest amount is number (1) and the second highest amount is number two (2).

The final (1) 2022-2024 Releaguings Proposal will be the proposal that receives the highest amount of votes from the final two (2). Therefore, the highest amount (out of the final two) will be the Final (1) 2022-2023 Releaguings Proposal.

Passage of a motion to vote on the Final (1) CIF Proposal will be approved by a majority vote. Once approved, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The final proposal must be approved with a sixty percent (60%) majority vote. If the Final one (1) Releaguings Proposal receives a sixty percent (60%) majority vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

52.0

Releaguings Proposals will be included in the top three (3) or final two (2). For example, if there are two (2)

Releaguings Proposals tied for first when determining the top three (3), the top three (3) Releaguings Proposals will include the two (2) tied for first plus the second place Releaguings Proposal only.

53.0 If the Final Releaguings Proposal does not receive a sixty percent (60%) majority vote, there will be a League representative caucus for twenty (20) minutes. Per request, the Releaguings Chairperson may approve more time (5 minute-periods). League Representatives will meet and prepare a compromise to the Final (1) CIF Proposal. The compromise will create a new counterproposal. This new counterproposal must follow the accepted criteria and must include schools requesting relief and new member schools requesting a league/conference. Passage of a motion to vote on the Final (1) Releaguings Proposal (League Representative Counterproposal) will be approved by a majority vote of League Representatives. Once League Representatives approve, a motion will be made to approve the Final (1) 2024- 2026 Releaguings Proposal. The Final (1) proposal must be approved with a sixty percent (60%) member schools vote. If the Final One Releaguings Proposal receives a sixty percent (60%) majority member school vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

54.0 All appeals must be in accordance with the CIF Blue Book Page 40 "Releaguings Appeal Procedures."

To Whom It May Concern,

INTRODUCTION

Buena Park High School ("BPHS"), Buena Park, CA, is offering a letter of support for the five Fullerton Joint Union High School District (FJUHS) schools who are appealing the "other sports Releaguings" decision of the California Interscholastic Federation Southern Section ("CIF-SS") on May 15, 2023. This letter of support is based upon ensuring "the releguing criteria and process" follows the CIF-SS Purpose and Operating Principles as outlined on pages 21-22 in the Constitution of the California Interscholastic Federation. While many of the outlined principals concern the conduct of student-athletes and all parties who support student-athletes, it is imperative that any process that falls under the purview of CIF-SS ensures all members be afforded the proper processes at all times to ensure their programs are not placed in systems that could adversely affect the development of the programs designed for student-athlete growth and development. The unique and unprecedented nature of the releguing efforts during this current cycle warranted a more in-depth, inclusive processes than what occurred during, and leading up to the May 15th releguing meeting. Because this current cycle involved massive changes to the southern section configuration, it is imperative that all members be afforded the ability to not only advocate, but also have an equal voice in determining the large-scale shifts that resulted from the May 15, 2023 meeting. Trying to utilize bylaws and processes designed to make small-scale releguing shifts, and applying those to the large-scale conferencing configurations, created a scenario where members of our district felt like the process had been done "to them" and not "with them."

FACTUAL BACKGROUND

As outlined in the minutes and agendas from the Athletic Director meeting on April 24, 2023, and during the May 15, 2023 Principal meeting, it was very evident that the CIF Southern Section was on the precipice of major shifts to the configuration of leagues and conferences for its members. The current procedures for the releguing cycles that occurred every two years were designed to accomplish small scale tweaks to a 77-member system, not a wholesale redesign of the system into larger conferences, essentially dissolving up to 5 entire leagues in one cycle. The process can be acceptable if the leagues in question are utilizing the mechanism of "relief" to dissolve their leagues to accomplish conferencing, but when entire leagues not seeking dissolution are affected and placed in conferences, the procedures in place are not adequate to ensure an equitable process for a redesign of that magnitude.

During the releguing meeting on May 15, the elements of time, openness, collegiality, and collaboration were not present, the process was rushed given the magnitude of the changes, and the backdoor deals did not allow for all parties involved to feel like there was an ethical process with the interests of students at the center of the discussion. Unlike the football discussion of the releguing process, which was out in the open and discussed for months, if not

the previous year, the subsequent discussions for relegating, sans football, left schools and leagues feeling attacked, used, and not part of the overall discussion.

The 2024-2026 CIF Relegating cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Relegating Proposal before considering the relegating of all other CIF sports. Prior to the meeting, there was ample discussion, time, proposals, and evidence that all schools knew and understood not only the purpose, but the equity-based model being presented as a better design for the southern section. As the push to consolidate all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, BPHS agreed to the Football-Only Relegating Proposal. BPHS understood and agreed that moving the football program into a larger conference was not only in the best interest of BPHS's football program, but also a show of good will and a way to pilot BPHS's participation in a larger conference prior to relegating all other sports. However, once the conversations turned to the elimination of five different leagues and the creation of conferences for all other sports, BPHS voted "no" to join another conference for all other CIF sports.

The "no" vote was due more to the process of how the relegating effort was being conducted, and less of the actual result of the placement for BPHS. While BPHS understands the benefit of conferencing, and its placement into the Golden Empire Conference provides equity across the board for its athletic teams, the process used to accomplish such tasks did not provide the necessary time and collaboration to ensure all parties involved in the moves were part of the decision-making process. It became apparent through the second half of the meeting that the agenda of some in the room was to create larger 15-team conferences, regardless if all schools being moved were on-board, or even privy to the agenda. The goal of relegating in the past had always been to affect the least amount of schools as possible, however, this move was a wholesale overhaul of the southern section into as many large conferences as possible. The feeling among some member schools was that proposals and counter proposals were compiled during private, informal meetings, not involving all parties affected. At no time during the months leading up to the May 15th meeting had BPHS been involved in discussions about dissolving the freeway league in order to accomplish the task of forming larger conferences.

CONCLUSION

In closing, I feel that because the process of, and leading up to, May 15th was not a small-scale relegating effort, but rather a large-scale conferencing effort, CIF-SS officials should not only be present and integral in the conversations and management of the conferencing meeting, but the effort should be a better collaborative effort between CIF-SS and all member schools with an appropriate amount of time given for discussion and solutions. Buena Park High School thanks you for your consideration and would be pleased to respond to any questions you may have.

Respectfully,

**APPEAL – FULLERTON UNION
HIGH SCHOOL, Fullerton, CA**

September 7, 2023

I. INTRODUCTION

Fullerton Union High School (“FUHS”), Fullerton, CA, appeals the non-football releagu
decision of the Orange County Area Placement (“OCAP”) and California Interscholastic Federation Southern Section (“CIF-SS”) on May 15, 2023. This appeal is based upon “the re-leagu
criteria and process” that violated the following Orange County Area Schools Releagu
Bylaws, 2024-2026 (“Bylaws”) (Attachment A):

1. Bylaws 24.0 and 40.0, mandating that the releagu
proposals must affect the least amount of member schools as reasonably possible; and
2. Bylaw 40.0, mandating that Principals of schools requesting relief begin the meeting with a five-minute presentation that may include their school information and one (1) new 2024-2026 releagu
proposal; and
3. Bylaw 22.0, mandating that all “Releagu
Proposals must be written on the Orange County Area Releagu
Proposal Form;” and
4. The introductory section of the Releagu
Bylaws also states that “Releagu
Proposals protocols and procedures will not discriminate against one or more member schools;” and
5. Bylaws 23.0 and 40.0, mandating that releagu
proposals must provide reasonable and equal application of the following three criteria: competitive equity (strength of program), geography (travel time), and enrollment (school population).

Important Note: Bylaw 24.0 states, “*Any reference in this document to the word ‘league’ refers to a duly constituted league or conference formed in the last Releagu
cycle.”

II. PROCEDURAL VIOLATIONS

Procedural violations were committed during the OCAP releagu
process that require granting this FUHS appeal and nullifying FUHS’s placement with respect to the final “non-football” releagu
proposal set to commence with the 2024-2025 year. This appeal does not pertain to releagu
with respect to “football only” Orange County conferencing decision.

The 2024-2026 CIF Releaguings Cycle consolidated all Orange County area schools' football teams into one county-wide conference. During the process, member schools were required to vote on football-only releaguings proposals before considering the releaguings of all other CIF sports. As the push to consolidate all Orange County area school's football teams into one football-only conference reflected a larger trend, FUHS agreed to the final Football-Only Releaguings Proposal at the May 15, 2023 meeting. FUHS agreed to move the football program into this larger conference because discussion around football placement has always been the driving factor behind any releaguings conversations in the past. All other sports receive secondary consideration. FUHS decided that by removing football from the discussions, member schools could focus more clearly on the other sports. The FUHS decision was also a show of goodwill and a way to pilot FUHS's participation in a larger conference prior to releaguings all other sports. Despite this agreement, FUHS made it abundantly clear throughout the process, however, that they did not want to join another league or conference for all other CIF sports.

The 2024-2025 Placement was explicitly motivated by factors outside the three criteria that are required under Bylaw 23 as well as sections of the Introduction of the Bylaws aimed at preventing intentional or unintentional discrimination against any member schools. During the February 8 and April 24, 2023 releaguings meetings, an athletic director in the Century Conference blatantly campaigned for the Freeway League's elimination and, therefore, subsequent placement of FUHS in another league despite no request by FUHS for relief or alternative placement. For example, he bitterly stated, "The Freeway League has been together 42 years. It's time for you guys to play ball and join the rest of us." This athletic director demonstrated other illegitimate reasons in support of the 2024-2025 Placement by saying, "[Century Conference's] goal is to expand. We have 9 teams and would like to get to 15." His proposal additionally discriminated against private schools, which was made clear in his statements like, "We do not want private schools," or "schools without boundaries." Finally, the same athletic director repeatedly advocated to disband the Freeway League schools under the pretense that Buena Park High School needed relief with statements such as, "If I were Buena Park High School, I would sue." Buena Park High School, however, never requested relief and excels within the Freeway League year-to-year. Century Conference representatives, whose releaguings proposal ultimately prevailed, failed to consider competitive equity, geography, and enrollment. The 2024-2025 Placement was proposed by Century Conference representatives who demonstrated their complete disregard for the three criteria throughout the series of releaguings committees that took place from February to May 2023.

On April 24, 2023, the Athletic Directors approved three Athletic Director Releaguings Proposals for non-football sports that were posted in advance of the May 15, 2023 releaguings meeting. In violation of Bylaw 22.0, not all of these proposals were submitted on the "Orange

County Area Releaguings Proposal Form” (Attachment B is the only form available on the OCAP website). At least three different forms were used for these proposals.

At the May 15, 2023 meeting for Principals, member schools voted on the final 2024-2026 Releaguings Proposal based on incomplete information in violation of Bylaw 40. Per Bylaw 39, the purpose of the May 15, 2023 meeting is for Principals (“Orange County Area Representatives”) to “review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal.” At the beginning of this meeting, as required by Bylaw 40, the Principals of schools requesting relief were to receive five minutes to present school information regarding their reasons for requesting relief as well as 2024-2026 Releaguings Proposal. This mandated procedure was entirely neglected as the May 15 meeting agenda (Attachment C) and meeting minutes (Attachment D) exhibit.

Instead of following this procedure in the Bylaws and giving schools requesting relief five minutes to present, the meeting began with a clear focus on solving the Football-Only Conferencing question first. The non-football proposals and counterproposals were addressed only after the Football-Only issue was resolved, and member schools requesting relief were denied time to present. Without this key information, Principals decided on proposals not knowing which schools were requesting relief nor how the proposals would provide relief. As far as FUHS knew, the creation of the football-only conference may have solved these relief questions, but there was no way to know.

At the May 15, 2023 meeting, Principals were presented with three additional non-football counterproposals that had been compiled during private, informal meetings leading up to May 15. As stated above, none of the original non-football proposals nor counterproposals indicated which schools were requesting relief nor how that relief was being satisfied. The discussions following each proposal at the May 15 meeting clearly demonstrated that certain existing leagues and conferences supported proposals based on the creation or expansion of conferences to benefit their members, without concern for other impacted schools. However, expanding a conference is not one of the criteria for re-leaguings as required by Bylaw 23.0. The resulting proposed conferences also failed to affect the least number of schools as reasonably possible as required in Bylaws 24.0 and 40.0.

Several member schools also directly expressed during the May 15 meeting that they would not support proposals that added private schools, or “schools without borders” as they referred to them, to their league or conference. This clear discrimination of private schools not only violated the Bylaws, but also severely limited the process of finding the best possible relief

proposals that would impact the least schools. The only way to increase conference sizes without adding private schools and while addressing schools that requested relief was to break up a league whose member schools did not request relief.

For example, one of the new counterproposals, non-Football Proposal 4 (Attachment E), that would ultimately become the final 2024-2026 Placement, affected 100% of member schools across Orange County. The proposal breached Bylaws 24.0 and 40.0, which state that “Releaguings Proposals should affect the least amount of member schools as reasonably possible.” When leagues or conferences affected by any of the proposals could submit new counterproposals, the Freeway League representatives, including FUHS, created and presented an alternate proposal, non-Football Proposal 7 (Attachment F), in an attempt to affect the least schools reasonably possible while also working to satisfy the desire of certain conferences to expand or be created. The Freeway League’s counterproposal not only addressed all schools that requested relief, but also affected a smaller number of member schools. The counterproposal also expanded the conferences that wanted expansion and created conferences for member schools who wanted it. Again, some member schools/leagues spoke out against the Freeway League counterproposal using the plainly discriminatory reasoning that they did not want private schools in their league/conference.

Over the objections of FUHS and other Orange County schools, the non-Football Proposal 4 (Attachments G and H) passed though it was the result of meetings that failed to comply with the required procedures set forth in multiple Bylaws indicated above. Additionally, during the voting process, member schools expressed that they were unable to support the non-Football Proposal 7 because they were pressured not to upset schools within their respective school districts. However, Bylaw 23.0 mandates that schools consider only three criteria, none of which include a fear of upsetting other schools within their district.

The 2024-2026 OCAP is the unfortunate outcome of a loose process driven by a few outspoken participants rather than the Bylaws’ stated intention of preventing “inconsistent and unequal application of protocol, procedures, and guidelines that would intentionally or unintentionally discriminate against one or more than one member school” while also providing reasonable and equal application of the accepted criteria—competitive equity (strength of program), geography (travel time), and enrollment (school population). Creating conferences and keeping “schools without borders” out of one’s respective conference were prioritized over focusing on the school that requested relief, making sure proposals affected the least number of schools, and considering of the three accepted criteria.

III. SECONDARY CONSIDERATIONS FOR THE IMPACT ON THE THREE CRITERIA

Though FUHS never requested relief, FUHS will be adversely impacted by the significant resources it must divert to accommodate the releguing resulting from the 2024-2026 OCAP process to ensure its students can safely participate. For 42 years, FUHS students traveled within a five-mile, tri-city radius to attend games at schools within their own school district (Fullerton Joint Union High School District or “FJUHS”). As a result of short travel times and ease of coordination among FJUHS schools, FUHS could start their games after class hours (8:30 AM – 3:30 PM) and share their resources to participate in CIF-SS. Now in a new placement, FUHS student athletes and teachers who coach will potentially have to miss up to three classes during away games. FUHS will have to purchase increased transportation, purchase athletic equipment, and build out their athletic facilities at an incredible expense to maintain competitive equity.

Applying the Bylaw’s process for developing Orange County area schools releguing requires the reasonable and equal application of three accepted criteria. FUHS finds that the 2024-2026 placement decreases its competitive equity, increases travel time, and affects enrollment. Therefore, FUHS must implement costly changes having been relegated without having requested relief for a placement that does not improve its own competitive equity, geography, or enrollment.

1. Competitive Equity Impacts

There are many examples of competitive equity throughout the 24 sports in which FUHS participates in the Freeway League including close to consistent playoff participation from the following sports, Baseball, Boys, Boys Soccer, Softball, Boys/Girls Swimming & Diving, Boys/Girls Tennis, Boys/Girls Volleyball, Boys/Girls Water Polo, Boys/Girls Wrestling, Football, Boys/Girls Golf, Boys/Girls Cross Country, Boys/Girls Track & Field. Competitive equity also goes beyond athletic success and needs to be considered with respect to athletic facilities and athletics costs as well.

2. Geography/Distance Impacts

With the proposed league, FUHS will now be required to travel longer distances.

Games will be scheduled earlier, prior to the end of the school academic day. All Freeway League students end class at 3:30 pm. In the Golden Empire Conference, FUHS athletes may miss up to three class periods. FUHS student athletes and teachers will have less instructional time because of earlier game times and because they will have to travel longer distances for the games. With this change that the 2024-2025 Placement imposes on FUHS, student athletes and teachers will have to miss up to two classes and even lunch, depending on what time the game begins. As of now, student athletes already use their lunch period to ask teachers for assignments and make up quizzes and exams. FUHS students are not on a block schedule, meaning they do not have a free period in the day that can be used for those purposes. Some coaches on our staff are also full-time teachers and along with student athletes, non-athlete students will be affected alike by their teachers frequent and prolonged absence from class.

The 2024-2025 Placement will require FUHS to spend a considerable amount more to outsource transportation costs. Currently, FUHS needs athletics transportation from 1pm-10pm and is part of a high school-only district that does not provide bussing except for special education students. FJUHS does not own or control a fleet of buses that are available for use after school hours like other unified school districts with large bus fleets. To date, FJUHS made do with fewer buses because it “doubles up” transportation among the Freeway League’s various schools and teams. For example, after an FJUHS bus drops off Sonora High School’s baseball team at FUHS, the same bus will pick up and transport FUHS’s basketball team to their game. Traveling short distances between schools has also contributed to making FUHS’s participation in the Freeway League possible despite FJUHS’s shortage on buses. If FUHS competes in the Golden Empire Conference, using available FJUHS transportation will be completely untenable, and there will be no way to participate in CIF without paying for higher

fees and having to contract with outside bus companies throughout the year for all teams.

FUHS will need increased security prior to the end of the school day as rival teams and their guests/fans will arrive on FUHS campus for games that begin before the end of the school day. To host events in the Golden Empire Conference, games will have to start earlier than when in the Freeway League.

There are a certain number of campus staff that must be present for every sport, and FUHS must also hire substitute teachers for up to two class periods for each coach who teaches class. The earlier game start times and the additional travel time to Golden Empire Conference schools that are up to 16 miles away, as opposed to Freeway League schools that are a maximum of 5 miles away, will take coaches away from the classrooms they teach.

FUHS is a Title I school. Attending games in the Golden Empire Conference that not only start earlier, but also take place further away, will be prohibitively burdensome for many parents to attend. Having fewer parents, and likely fewer students attend, not only will alter school culture, but will also result in lower gate fees. Currently, within the Freeway League, FJUHS high schools work collaboratively to ensure its Title I high school sports are resourced.

3. Enrollment

A league/conference's competitive equity increases with greater similarity among the schools' size and resources. Larger schools have greater talent pools than smaller schools, and school districts in higher-income areas are more advantaged. The CIF-SS Placement for the 24-25 season, will place FUHS in a conference that has greater disparities in enrollment size. In the Freeway League, the difference between schools with the most and least students enrolled was 865. In the 2024-2025 Century Conference, however, the range in school enrollment between schools with the most and least students enrolled is 1,861. Even after taking outlier private school, Crean Lutheran, out of the calculation, the difference is still large at 1,384.

Process:

Orange County Area Schools Releaguings Bylaws 2024-2026

The process for developing Orange County Area Schools Releaguings shall:

1. Provide reasonable and equal application of **accepted criteria**:
 - **Competitive Equity (strength of program)**
 - **Geography (travel time)**
 - **Enrollment (student population)**
2. Maintain Brown Act Compliance (“intended to provide public access to meetings”)
3. Follow CIF Southern Section Blue Book rules and policies

Orange County Area Placement is a two-year releguing cycle for all sports. (Approved March 13, 2017).

Releaguings Proposals: All Releaguings Proposals must provide evidence of the above-accepted criteria.

Releaguings Proposals protocols and procedures will not discriminate against one or more member schools. Releaguings Proposal protocols, procedure and guidelines must be inclusive and applied with consistency and equality (same opportunity when policy is applied). We must prevent the inconsistent and unequal application of Releaguings Proposal protocols, procedures and guidelines that would intentionally or unintentionally discriminate against one or more than one member school while creating single sport alignment, leagues or conferences.

Releaguings Proposals must include all member schools.

Blue Book Sections: CIFSS Section Bylaw 32 (pages 37-40) - Area Placement and Releaguings Process/Appeals
CIFSS Section Bylaw 507 (page 109)- Section Alignment of Leagues

Bylaws:

Chairperson, Parliamentarian, Secretary and Dues

1.0 Mr. Michael P. Brennan will preside as Chairperson with the assistance of Dr. John Dahlem (Parliamentarian) and Mr. Joel Hartmann (Secretary).

2.0 Releaguings Dues will be \$50.00 per school. Dues may be used to pay for expenses such as snacks, water, location and parking. Checks should be made out to **“Trinity League” and mailed to Mater Dei High School c/o Mr. Joel Hartmann 1202 West Edinger Ave. Santa Ana, California 92707**. If expenses are greater than revenue, a simple majority vote will increase Releaguings Dues. Dues is to be paid on or before April 3, 2023, for this Releaguings Cycle.

Membership and Voting Privileges

3.0 Orange County Area Representative Principals are committee members and thus have voting privileges.

4.0 Voting is restricted to schools that are members of the organization and in operation with students. This includes new member schools recently approved by the CIF SS for Orange County Placement.

5.0 Schools (not yet opened but have plans to open/no students) assigned through area placement may participate in Releaguings (voting privileges) provided a simple majority of voting members approve.

6.0 If a Principal cannot attend a meeting, he or she must send an Administrative Designee from the same school.

The Administrative Designee from the same school will have voting privileges based on written authorization.

Therefore, schools must be present to exercise voting privileges (**no proxy votes**).

7.0 If a Principal is unable to attend, the principal must provide written authorization for the Administrative Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting

begins, the Administrative Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letter head, include the

Principal's signature and Administrative Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org).

8.0 At the April 24th Athletic Directors meeting, only Athletic Directors will have voting privileges to determine three (3) Athletic Director proposals. Schools must be present to exercise voting privileges (no proxy voting). If an Athletic Director cannot attend he/she must send an Athletic Director Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting begins, the Athletic Director Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letterhead, include the Athletic Director signature, Athletic Director Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). After this meeting, all voting privileges will return to Principals. This is the only meeting that Athletic Directors have voting privileges.

Media, Brown Act, Roberts Rules of Order, Agendas, Videotape and Minutes/Notes

9.0 Meetings are open to the media. Each media representative must introduce him or herself to the Chairperson, Parliamentarian or Secretary.

10.0 Meetings are subject to the Brown Act and will follow an agenda.

11.0 Meetings will be conducted and based upon Robert's Rules of Order.

12.0 Meeting agendas will be provided five (5) working days before each scheduled meeting.

13.0 Meeting minutes or notes will be distributed to all Principals within seventy-two (72) hours. 14.0 Agendas must be posted at each school site seventy-two (72) hours before scheduled meetings.

Quorum, Voting and Passage of Motion

15.0 A simple majority of Orange County Area Representatives will constitute a quorum for all meetings.

Alphabetical Roll Call by member school will be obtained verbally.

16.0 Alphabetical Roll Call (by member school) voting will be verbally stated by each member school. Each member school verbally states their vote so that all member schools have the opportunity to hear the official vote of other member schools. Schools must be present to exercise voting privileges (**no proxy voting**). Minutes or notes will reflect the yeas, nays and abstentions for each vote taken. A record of each Roll Call vote will be attached to the minutes and sent to the CIF SS office. Secret ballots are prohibited. The Chairperson will request that an administrative designee from each member school verbally state their official vote or votes.

17.0 The Releaguings Secretary and the Parliamentarian will tabulate Roll Call voting separately. It is recommended that each member school tabulate Roll Call voting (auditing).

18.0 Voting shall be conducted by a 1) Motion 2) Second 3) Discussion 4) Call for Vote 5) Vote.

19.0 Passage of any motion (not the Final (1) Proposal) to approve requires a majority of those present (50% plus 1 of casted votes) to vote yea. In the case of a tie, the motion will not be approved. Abstentions are considered a casted and official vote.

20.0 Passage of a motion to vote upon the Final (1) Releaguings Proposal requires a majority vote of those member school administrative designees present. Once the motion to vote upon the Final (1) Releaguings Proposal is approved, a motion will be made to approve the Final (1) Releaguings Proposal. The Final (1) Releaguings Proposal must obtain a sixty percent (60%) majority yea vote of those member school administrative designees present. Abstentions are considered a casted vote.

School Profile, Area Placement Questionnaire and Releaguings Proposal

21.0 Schools will digitally send (email) a completed official School Profile Form and their Area Questionnaire to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). This must occur on or before 11:59 p.m. April 3, 2023. The Releaguings Secretary will post the official School Profile Form and Area Placement Questionnaire on the Orange County Area Placement website under resources. Schools must utilize the official School Profile Form and Area Placement Questionnaire provided by the Releaguings Secretary. Schools requesting Orange County Area Placement or Relief must submit a New League Proposal to Joel Hartmann (jhartmann@materdei.org) by April 14, 2023, 11:59 p.m. 22.0 Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form. This form is located on the Orange County Area Placement Website. If a proposal is created at either the Athletic

Directors or Principals meetings, the Releaguings Proposal Form must be completely filled out. Upon request, Releaguings Proposal Form(s) will be sent to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). The Releaguings Secretary will post Releaguings Proposal Forms (Orange County Placement Website) for all member schools to view. 23.0 Releaguings Proposals must provide reasonable and equal application of **accepted criteria and must include all member schools**:

- **Competitive Equity (strength of program)**
- **Geography (travel time)**
- **Enrollment (school population)**

See “Process and Releaguings Proposals” page 1 of this document. Athletic Directors Releaguings Proposal Meeting

24.0 Athletic Directors will meet on April 24, 2023 (beginning at 9:00a.m.) Diocese of Orange. At this meeting, Athletic Directors/New Member School Athletic Directors are Orange County Area Representative voting members. The purpose of this meeting is for Athletic Directors to collegially create a maximum of three (3) Releaguings Proposals. The three (3) Releaguings Proposals are based (only) on those schools requesting relief or new member schools requesting a league. *Any reference in this document to the word “league” refers to a duly constituted league or conference formed in the last Releaguings cycle. All conferences are permitted one vote regardless of how many leagues are within said conference. The meeting will begin with (only) member schools Athletic Directors requesting relief and new member schools Athletic Directors having five (5) minutes to present their school information and Releaguings Proposals. Only one representative per school is permitted to speak. Athletic Directors seeking relief will present first, followed by new member school Athletic Directors. Each school may include a maximum of two (2) new 2024-2026 Releaguings Proposals. Releaguings Proposals should affect the least amount of member schools as reasonably possible. Releaguings Proposals must include all member schools. All member schools have voting privileges. Releaguings Proposals must be sent to the Releaguings Secretary, Mr. Joel Hartmann (jhartmann@materdei.org) on or before April 14, 2023, 11:59p.m. The Releaguings Secretary will post Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. on April 16, 2023.

25.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 24.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

26.0 All Leagues/Conferences/Member Schools will have ten (10) minutes to reflect and discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

27.0 League/Conference Presidents or a League/Conference Designee (must be an Athletic Director) from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative

per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting relief and new member schools will have (3) minutes to speak for or against.

28.0 If member schools requesting relief and new member schools are accepted into league/conference of their choice, a Releaguings Proposal will be created and then voted upon. Passage of a motion to approve will require a simple majority of those member schools or Athletic Directors present. In this case, only one (1) Releaguings Proposal would be created and recommended to principals. Final one (1) Athletic Director proposal will immediately be placed on the Orange County Releaguings Website.

29.0 If one (1) or more than one (1) member school requesting relief or new member school(s) is/are not accepted into the league/conference of their choice, the Chairperson will call for a twenty (20) minute caucus. The purpose is to allow Athletic Directors (from the same league/conference) the opportunity to communicate and develop

Releaguings Counterproposals. Releaguings Counterproposals must be aligned to the accepted criteria and must include schools that requested relief or are new members.

30.0 Each league/conference will have the opportunity to create one (1) Releaguings Counterproposal. Upon request, the Releaguings Chairperson may grant more time (5-minute periods). Releaguings Counterproposals must include the league/conference name and league/conference vote in support of the league Releaguings Counterproposal. If a league/conference does not approve a Releaguings Proposal by a simple majority, the Releaguings Counterproposal will not be included and considered obsolete.

31.0 Upon request, Releaguings Counterproposals must be emailed to the Releaguings League Secretary Mr. Joel Hartmann (jhartmann@materdei.org). Releaguings Counterproposals will then be posted on the Orange County Releaguings Website.

32.0 League/Conference Presidents or Athletic Directors from leagues/conferences that created a Releaguings Counterproposal will have three (3) minutes to speak. There will be only one representative per league/conference presenting. Releaguings counterproposals must include member schools requesting relief and new member schools requesting a league.

33.0 New member school Principals, League/Conference Presidents, or a League/Conference Designee (must be an Athletic Director) from impacted leagues, an Athletic Director from schools requesting relief and new member schools Athletic Directors will have three (3) minutes to speak for or against Releaguings Counterproposals. There will only be one representative per impacted league/conference, member schools requesting relief and new member schools speaking. 34.0 Releaguings Counterproposals will have a numbered representation. The Releaguings Secretary will number each Releaguings Proposal beginning with one (1).

35.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school will verbally communicate their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the amount of votes per Releaguings proposal. Each member school will have the opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. Therefore, if there were eight (8) Releaguings Proposals, each member school would have four (4) votes. If there were nine (9) Releaguings Proposals, each member school would have four (4) votes. A member school may use all votes in support of one (1) Releaguings Proposal. The top three (3) Releaguings Proposals will be announced. In the case of a tie, there may be more than three (3) Releaguings Proposals recommended to member school Principals. Both the Releaguings Secretary and the Parliamentarian will tabulate votes. All Athletic Directors are encouraged to tabulate votes (audit).

36.0 Chairperson will call for a vote. Roll call and verbal voting will begin and each member school including new member schools will verbally vote to approve the top three (3) Athletic Director Releaguings Proposals. There is no proxy voting.

37.0 Passage of a motion to approve the top three (3) Athletic Director Releaguings Proposals will require a simple majority of those member schools or Athletic Directors present. Each member school will have one (1) vote to approve the motion.

38.0 Final three (3) Athletic Director proposals will immediately be placed on the Orange County Releaguings Website. Releaguings Proposals will be recommended to member school Principals.

Principals Releaguings Proposal and Final Recommended CIF Orange County Releaguings Placement

39.0 The second and potential final meeting will be May 15, 2023 (9:00 a.m.) Location TBA. At this meeting, Principals are considered Orange County Area Representatives. The purpose of this meeting is to review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal. Principals seeking relief, new member school Principals (only those schools that requested relief or new member schools requesting a league/conference at the April 24, 2023 Athletic Director meeting) and leagues/conferences must send their one (1) new 2024-2026 Releaguings Proposal to the Releaguings Secretary, Joel Hartmann (jhartmann@materdei.org) on or before May 5, 2023 11:59p.m. The Releaguings Secretary will post all new Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. May 7, 2023.

40.0 The meeting will begin with member school Principals requesting relief and new member school Principals having five (5) minutes to present. In their presentation, they may include school information and one (1) new 2024-2026 Releaguings Proposal. Relief and new member schools Releaguings Proposals must affect the least amount of

member schools as reasonably possible. Releaguings proposals must include all member schools. Releaguings Proposals must follow accepted criteria. All member schools have voting privileges.

41.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 40.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

42.0 All leagues/conferences will have ten (10) minutes to discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

43.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

44.0 Individual League/Conference 2024-2026 Releaguings Proposals will be presented. Each League/Conference President or League/Conference Designee will have (5 minutes) to present their 2024-2026 Releaguings Proposal. Releaguings Proposals must be aligned to accepted criteria and must include schools seeking relief and new member schools requesting a league/conference.

45.0 All leagues/conferences will have ten (10) minutes to discuss Individual League Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

46.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

47.0 Athletic Director Releaguings Proposals (April 24, 2023) will be reviewed by the Releaguings Secretary.

48.0 Athletic Director Releaguings Proposals will be numbered as one (1), two (2) and three (3).

49.0 Relief Releaguings Proposals and new member Proposals will begin with the number four (4), unless there were more than three (3) Athletic Director Releaguings Proposals. The new League proposals will begin with the number that immediately follows Relief and new member proposals. Releaguings Secretary Joel Hartmann will number new Proposals under the observation of the parliamentarian (Dr. John Dahlem).

50.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school Principal will verbally state their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the number of votes per Releaguings proposal (no proxy voting). Each member school will have the

opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. For example, if there were six (6) total first round proposals, each school would have three (3) votes. If there were five (5) total first round proposals, each school would have two (2) votes. A member school may use all votes in support of one (1) Releaguings Proposal or may divide their votes and vote for more than one proposal. At the end of the first round, the top three (3) proposals will move forward to round two (2). Round two (2) will move from three (3) to two (2) Releaguings Proposals. During round two and following rounds, each school will have one (1) vote. Round three (3) will move from two (2) Releaguings Proposals to the Final (1) CIF Releaguings Proposal. The Releaguings Secretary and the Parliamentarian will tabulate votes. All member schools are encouraged to tabulate votes (audit).

51.0

Passage of a motion and voting to approve the top three (3) Releaguings Proposals (round 1), final two (2) Releaguings Proposals (round 2) and the final CIF Releaguings Proposal (round 3) will be as follows. If we begin this process with less than four (4) Releaguings Proposals, we will move directly to the final (2) or possibly the final (1) depending on the number of Releaguings Proposals submitted:

The top three (3) Releaguings Proposals will be those proposals that receive the highest amount of votes. Therefore, the highest amount is number one (1); the second highest amount is number two (2), and the third highest amount is number three (3).

The final two (2) Releaguings Proposals will be those proposals which receive the highest amount of votes. Therefore, the highest amount is number (1) and the second highest amount is number two (2).

The final (1) 2022-2024 Releaguings Proposal will be the proposal that receives the highest amount of votes from the final two (2). Therefore, the highest amount (out of the final two) will be the Final (1) 2022-2023 Releaguings Proposal.

Passage of a motion to vote on the Final (1) CIF Proposal will be approved by a majority vote. Once approved, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The final proposal must be approved with a sixty percent (60%) majority vote. If the Final one (1) Releaguings Proposal receives a sixty percent (60%) majority vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

52.0

Releaguings Proposals will be included in the top three (3) or final two (2). For example, if there are two (2) Releaguings Proposals tied for first when determining the top three (3), the top three (3) Releaguings Proposals will include the two (2) tied for first plus the second place Releaguings Proposal only.

53.0 If the Final Releaguings Proposal does not receive a sixty percent (60%) majority vote, there will be a League representative caucus for twenty (20) minutes. Per request, the Releaguings Chairperson may approve more time (5 minute-periods). League Representatives will meet and prepare a compromise to the Final (1) CIF Proposal. The compromise will create a new counterproposal. This new counterproposal must follow the accepted criteria and must include schools requesting relief and new member schools requesting a league/conference. Passage of a motion to vote on the Final (1) Releaguings Proposal (League Representative Counterproposal) will be approved by a majority vote of League Representatives. Once League Representatives approve, a motion will be made to approve the Final (1) 2024- 2026 Releaguings Proposal. The Final (1) proposal must be approved with a sixty percent (60%) member schools vote. If the Final One Releaguings Proposal receives a sixty percent (60%) majority member school vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

54.0 All appeals must be in accordance with the CIF Blue Book Page 40 "Releaguings Appeal Procedures."

INTRODUCTION

Buena Park High School ("BPHS"), Buena Park, CA, is offering a letter of support for the five Fullerton Joint Union High School District (FJUHS) schools who are appealing the "other sports Releaguings" decision of the California Interscholastic Federation Southern Section ("CIF-SS") on May 15, 2023. This letter of support is based upon ensuring "the releaguings criteria and process" follows the CIF-SS Purpose and Operating Principles as outlined on pages 21-22 in the Constitution of the California Interscholastic Federation. While many of the outlined principals concern the conduct of student-athletes and all parties who support student-athletes, it is imperative that any process that falls under the purview of CIF-SS ensures all members be afforded the proper processes at all times to ensure their programs are not placed in systems that could adversely affect the development of the programs designed for student-athlete growth and development. The unique and unprecedented nature of the releaguings efforts during this current cycle warranted a more in-depth, inclusive processes than what occurred during, and leading up to the May 15th releaguings meeting. Because this current cycle involved massive changes to the southern section configuration, it is imperative that all members be afforded the ability to not only advocate, but also have an equal voice in determining the large-scale shifts that resulted from the May 15, 2023 meeting. Trying to utilize bylaws and processes designed to make small-scale releaguings shifts, and applying those to the large-scale conferencing configurations, created a scenario where members of our district felt like the process had been done "to them" and not "with them."

FACTUAL BACKGROUND

As outlined in the minutes and agendas from the Athletic Director meeting on April 24, 2023, and during the May 15, 2023 Principal meeting, it was very evident that the CIF Southern Section was on the precipice of major shifts to the configuration of leagues and conferences for its members. The current procedures for the releaguings cycles that occurred every two years were designed to accomplish small scale tweaks to a 77-member system, not a wholesale redesign of the system into larger conferences, essentially dissolving up to 5 entire leagues in one cycle. The process can be acceptable if the leagues in question are utilizing the mechanism of "relief" to dissolve their leagues to accomplish conferencing, but when entire leagues not seeking dissolution are affected and placed in conferences, the procedures in place are not adequate to ensure an equitable process for a redesign of that magnitude.

During the releaguings meeting on May 15, the elements of time, openness, collegiality, and collaboration were not present, the process was rushed given the magnitude of the changes, and the backdoor deals did not allow for all parties involved to feel like there was an ethical process with the interests of students at the center of the discussion. Unlike the football discussion of the releaguings process, which was out in the open and discussed for months, if not

the previous year, the subsequent discussions for relegating, sans football, left schools and leagues feeling attacked, used, and not part of the overall discussion.

The 2024-2026 CIF Relegating cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Relegating Proposal before considering the relegating of all other CIF sports. Prior to the meeting, there was ample discussion, time, proposals, and evidence that all schools knew and understood not only the purpose, but the equity-based model being presented as a better design for the southern section. As the push to consolidate all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, BPHS agreed to the Football-Only Relegating Proposal. BPHS understood and agreed that moving the football program into a larger conference was not only in the best interest of BPHS's football program, but also a show of good will and a way to pilot BPHS's participation in a larger conference prior to relegating all other sports. However, once the conversations turned to the elimination of five different leagues and the creation of conferences for all other sports, BPHS voted "no" to join another conference for all other CIF sports.

The "no" vote was due more to the process of how the relegating effort was being conducted, and less of the actual result of the placement for BPHS. While BPHS understands the benefit of conferencing, and its placement into the Golden Empire Conference provides equity across the board for its athletic teams, the process used to accomplish such tasks did not provide the necessary time and collaboration to ensure all parties involved in the moves were part of the decision-making process. It became apparent through the second half of the meeting that the agenda of some in the room was to create larger 15-team conferences, regardless if all schools being moved were on-board, or even privy to the agenda. The goal of relegating in the past had always been to affect the least amount of schools as possible, however, this move was a wholesale overhaul of the southern section into as many large conferences as possible. The feeling among some member schools was that proposals and counter proposals were compiled during private, informal meetings, not involving all parties affected. At no time during the months leading up to the May 15th meeting had BPHS been involved in discussions about dissolving the freeway league in order to accomplish the task of forming larger conferences.

CONCLUSION

In closing, I feel that because the process of, and leading up to, May 15th was not a small-scale relegating effort, but rather a large-scale conferencing effort, CIF-SS officials should not only be present and integral in the conversations and management of the conferencing meeting, but the effort should be a better collaborative effort between CIF-SS and all member schools with an appropriate amount of time given for discussion and solutions. Buena Park High School thanks you for your consideration and would be pleased to respond to any questions you may have.

Respectfully,

Sonje Berg, Ed. D., Principal

APPEAL – LA HABRA HIGH
SCHOOL, LA HABRA, CA

September 7, 2023

I. INTRODUCTION

La Habra High School (“LHHS”), La Habra, CA, appeals the non football releaguings decision of the Orange County Area Placement (“OCAP”) and California Interscholastic Federation Southern Section (“CIF-SS”) on May 15, 2023. This appeal is based upon “the releaguings criteria and process” that violated the following Orange County Area Schools Releaguings Bylaws, 2024-2026 (“Bylaws”) (Attachment “A”):

1. Bylaws 24.0 and 40.0, mandating that the releaguings proposals must affect the least amount of member schools as reasonably possible; and
2. Bylaw 40.0, mandating that Principals of schools requesting relief begin the meeting with a five-minute presentation that may include their school information and one (1) new 2024-2026 releaguings proposal; and
3. Bylaw 22.0, mandating that all “Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form;” and
4. The introductory section of the Releaguings Bylaws also states that “Releaguings Proposals protocols and procedures will not discriminate against one or more member schools;” and
5. Bylaws 23.0 and 40.0, mandating that releaguings proposals must provide reasonable and equal application of the following three criteria: competitive equity (strength of program), geography (travel time), and enrollment (school population).

Important Note: Bylaw 24.0 states, “*Any reference in this document to the word ‘league’ refers to a duly constituted league or conference formed in the last Releaguings cycle.”

II. PROCEDURAL VIOLATIONS

Procedural violations were committed during the OCAP releguing process that require granting LHHS this appeal and nullifying LHHS's placement with respect to the final "non-football" releguing proposal set to commence with the 2024-2025 year. This appeal does not pertain to releguing with respect to "football only" Orange County conferencing decision.

The 2024-2026 CIF Releguing Cycle consolidated all Orange County area schools' football teams into one county-wide conference. During the process, member schools were required to vote on football-only releguing proposals before considering the releguing of all other CIF sports. As the push to consolidate all Orange County area school's football teams into one football-only conference reflected a larger trend, LHHS agreed to the final Football-Only Releguing Proposal at the May 15, 2023 meeting. LHHS agreed to move the football program into this larger conference because discussion around football placement has always been the driving factor behind any re-leaguing conversations in the past. All other sports receive secondary consideration. LHHS decided that by removing football from the discussions, member schools could focus more clearly on the other sports. The LHHS decision was also a show of goodwill and a way to pilot LHHS's participation in a larger conference prior to releguing all other sports. Despite this agreement, LHHS made it abundantly clear throughout the process, however, that they did not want to join another league or conference for all other CIF sports.

From the beginning, the 2024-2026 Orange County Area Placement process appeared to be explicitly motivated by factors outside the three criteria that are required under Bylaw 23 and Introduction of the Bylaws aimed at preventing intentional or unintentional discrimination against any member schools. During the February 8 and April 24, 2023 re-leaguing meetings, an athletic director from another member school openly and blatantly campaigned for the Freeway League's elimination and subsequent placement of LHHS in another league despite no request by LHHS for relief or alternative placement. For example, the athletic director bitterly stated, "The Freeway League has been together 42 years. It's time for you guys to play ball and join the rest of us." This athletic director demonstrated other illegitimate reasons in support of the 2024-2026 placement by saying, "[His conference's] goal is to expand. We have 9 teams and would like to get to 15." Furthermore, his and others' supported proposals discriminated against private schools. This was made clear in statements by him and others during the multiple meetings that stated, "We do not want schools without or borders."

This same athletic director also repeatedly advocated to disband the Freeway League schools under the pretense that Buena Park High School needed relief with statements such as,

“If I were student or family at Buena Park [High School], I would sue the District for not providing relief.” Buena Park High School, however, never requested relief and competes well within the Freeway League from year to year. His conference representatives and others, who supported the ultimate re-leaguings proposal, demonstrated their complete disregard for the three criteria required in Bylaw 23 throughout the series of re-leaguings committees that took place from February to May 2023. Their open discrimination against private schools was a determining factor in the ultimate passage of a proposal that placed LHHS in a different league specifically to create a larger conference that would benefit those schools already in that conference.

On April 24, 2023, the Athletic Directors approved three Athletic Director Releaguings Proposals for non-football sports that were posted in advance of the May 15, 2023 releaguings meeting. In violation of Bylaw 22.0, not all of these proposals were submitted on the “Orange County Area Releaguings Proposal Form” (Attachment B is the only form available on the OCAP website). At least three different forms were used for these proposals.

At the May 15, 2023 meeting for Principals, member schools voted on the final 2024-2026 Releaguings Proposal based on incomplete information in violation of Bylaw 40. Per Bylaw 39, the purpose of the May 15, 2023 meeting is for Principals (“Orange County Area Representatives”) to “review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal.” At the beginning of this meeting, as required by Bylaw 40, the Principals of schools requesting relief were to receive five minutes to present school information regarding their reasons for requesting relief as well as 2024-2026 Releaguings Proposal. This mandated procedure was entirely neglected as the May 15 meeting agenda (Attachment C) and meeting minutes (Attachment D) exhibit.

Instead of following this procedure in the Bylaws and giving schools requesting relief five minutes to present, the meeting began with a clear focus on solving the Football-Only Conferencing question first. The non-football proposals and counterproposals were addressed only after the Football-Only issue was resolved, and member schools requesting relief were denied time to present. Without this key information, Principals decided on proposals not knowing which schools were requesting relief nor how the proposals would provide relief. As far as LHHS knew, the creation of the football-only conference may have solved these relief questions but there was no way to know.

LA HABRA HIGH SCHOOL

Steve Garcia, Principal Dr. Steve McLaughlin, Superintendent

At the May 15, 2023 meeting, Principals were presented with three additional non-football counterproposals that had been compiled during private, informal meetings leading up to May 15. As stated above, none of the original non-football proposals nor counterproposals indicated which schools were requesting relief nor how that relief was being satisfied. The discussions following each proposal at the May 15 meeting clearly demonstrated that certain existing leagues and conferences supported proposals based on the creation or expansion of conferences to benefit their members, without concern for other impacted schools. However, expanding a conference is not one of the criteria for re-leaguings as required by Bylaw 23.0. The resulting proposed conferences also failed to affect the least number of schools as reasonably possible as required in Bylaws 24.0 and 40.0.

Several member schools also directly expressed during the May 15 meeting that they would not support proposals that added private schools, or “schools without borders” as they referred to them, to their league or conference. This clear discrimination of private schools not only violated the Bylaws, but also severely limited the process of finding the best possible relief proposals that would impact the least schools. The only way to increase conference sizes without adding private schools and while addressing schools that requested relief was to break up a league whose member schools did not request relief.

For example, one of the new counterproposals, non-Football Proposal 4 (Attachment E) that would ultimately become the final 2024-2026 Placement, affected 100% of member schools across Orange County. This violates Bylaws 24.0 and 40.0, which expressly state that “Releaguings Proposals should affect the least amount of member schools as reasonably possible.” When leagues/conferences affected by any of the proposals could submit new counterproposals, the Freeway League representatives, including LHHS, created and presented an alternate proposal, non-Football Proposal 7 (Attachment F), in an attempt to affect the least schools reasonably possible while also working to satisfy the desire of certain conferences to expand or be created. The Freeway League’s counterproposal not only addressed all schools that requested relief but also affected a smaller number of member schools, which is mandated by Bylaws 24.0 and 40.0. The counterproposal also expanded the conferences that wanted expansion and created conferences for member schools who wanted it. Again, some member schools and leagues spoke out against the Freeway League counterproposal giving the explicit, discriminatory reasoning that they did not want “schools without borders” (i.e. private schools) in their league or conference.

Over the objections of LHHS and other Orange County schools, the non-Football Proposal 4 (Attachments G and H) passed though it was the result of meetings that failed to

comply with the required procedures set forth in multiple Bylaws indicated above. Additionally, during the voting process, member schools expressed that they were unable to support the non-Football Proposal 7 because they were pressured not to upset schools within their respective school districts. However, Bylaw 23.0 mandates that schools consider only three criteria, none of which include a fear of upsetting other schools within their district.

The 2024-2026 OCAP is the unfortunate outcome of a loose process driven by a few outspoken participants rather than the Bylaws' stated intention of preventing "inconsistent and unequal application of protocol, procedures, and guidelines that would intentionally or unintentionally discriminate against one or more than one member school" while also providing reasonable and equal application of the accepted criteria—competitive equity (strength of program), geography (travel time), and enrollment (school population). Creating conferences and keeping "schools without borders" out of one's respective conference were prioritized over focusing on the school that requested relief, making sure proposals affected the least number of schools, and considering of the three accepted criteria.

III. SECONDARY CONSIDERATIONS

Though LHHS never requested relief, LHHS will be adversely impacted by the significant resources it must divert to accommodate the releguing resulting from the 2024-2026 OCAP process to ensure its students can safely participate. For 42 years, LHHS students traveled within a five-mile radius to attend games at schools within their own school district (Fullerton Joint Union High School District or "FJUHSD"). As a result of short travel times and ease of coordination among FJUHSD schools, LHHS could start their games after class hours (8:30 AM – 3:30 PM) and share their resources to participate in CIF-SS. Now in a new placement, LHHS student athletes and teachers who coach will potentially have to miss up to three classes during away games. LHHS will have to purchase increased transportation, purchase athletic equipment, and build out their athletic facilities at an incredible expense to maintain competitive equity.

Applying the Bylaw's process for developing Orange County area schools releguing requires the reasonable and equal application of three accepted criteria. LHHS finds that the 2024-2026 placement decreases its competitive equity, increases travel time, and affects enrollment. Therefore, LHHS must implement costly changes having been relegated without having requested relief for a placement that improves its own competitive equity, geography, or enrollment.

1. Competitive Equity Impacts

There are many examples of competitive equity throughout the 23 non-football sports in the Freeway League as 87% (20 of 23) of our athletic programs (Baseball, Boys/Girls Basketball, Boys/Girls Soccer, Softball, Boys/Girls Swimming & Diving, Girls Volleyball, Boys/Girls Water Polo, Boys/Girls Wrestling, Boys/Girls Golf, Boys/Girls Cross Country, and Boys/Girls Track & Field, Cheer) demonstrated competitive equity in their current league placement as they have qualified or had individuals qualify for the CIF playoffs in the last three years.

Competitive equity also goes beyond athletic success and needs to be considered with respect to athletic facilities and athletics costs as well. Though LHHS does have a District stadium, it does not have an all-weather track nor is it equipped with the field lights necessary for safely hosting non-football/soccer games. Competing intra-district allowed LHHS to use facilities at other schools within the Freeway League when necessary. Under the 2024-2026 Placement, however, the only two Freeway League schools equipped with field lights and all-weather tracks, Buena Park High School and Fullerton High School, are no longer placed in a league with LHHS. Whereas before, LHHS would have used the field lights and all-weather tracks at Buena Park High School or Fullerton High School, now LHHS must purchase and install field lights and all-weather tracks in time for the 2024-2025 year. Otherwise, the events will either take place in the dark or be moved to earlier in the day, which will remove student athletes and coaches from additional classroom time for home games.

2. Geography/Distance Impacts

With the proposed releguing placement, LHHS will now be required to travel longer distances (round trip) to athletic contests causing unnecessary attendance issues for both student athletes and coaching staff members.

LHHS student athletes and teachers will have less time in the classroom because of earlier game times and because they will have to travel longer distances for the games. With this change that the 2024-2026 Placement imposes on LHHS, LHHS student athletes and teachers will have to miss up to two classes and even lunch, depending on what time the game begins. As of now, student athletes already use their lunch period to ask teachers for assignments and make up quizzes and exams. LHHS students are not on a block schedule, meaning they do not have a free period in the day, that can be used for those purposes instead. Both athlete students and non-athlete students will be affected alike by their teachers' frequent and prolonged absence from class.

The 2024-2026 Placement will place stress on LHHS from a transportation perspective as well since it may require LHHS to rely on and pay for charter buses to travel to their games. Currently, LHHS needs athletics transportation from 1pm-10pm and is part of a high school-only district that does not provide bussing except for special education students. FJUHS does not own or control a fleet of buses that are available for use after school hours as a unified school districts with large bus fleets. To date, FJUHS made do with fewer buses because it will "double up" transportation among the Freeway League's various schools and teams. For example, after an FJUHS bus drops off Sonora High School's baseball team at LHHS, the same bus will pick up and transport LHHS's baseball team to their game. Traveling short distances between schools has also contributed to making LHHS's participation in the Freeway League possible despite FJUHS's shortage on buses. If LHHS competes in a new league, using available FJUHS transportation will be completely untenable, and there will be no way to participate in CIF without paying for charter buses throughout the year for all teams.

There are a certain number of campus staff that must be present for every sport, and LHHS must also hire substitute teachers for up to two class periods for each coach who teaches class. The earlier game start times and the additional travel time to Century Conference schools that are up to 32 miles away, as opposed to Freeway League schools that are a maximum of 5 miles away, will take coaches away from the classrooms they teach.

3. Enrollment Impacts

A league/conference's competitive equity increases with greater similarity among the schools' size and resources. Larger schools have greater talent pools than smaller schools, and school districts in higher-income areas are more advantaged. The new placement will place LHHS in a league that has greater disparities in enrollment size. In the Freeway League, the difference between schools with the most and least students enrolled was 865. In the 2024-2026 placement, however, the range in school enrollment between schools with the most and least students enrolled is 1,861. Even after taking the outlier school, Crean Lutheran, out of the calculation, the difference is still large at 1,384.

Demographic differences between schools must also be considered when taking enrollment into account as overall numbers of students is not a completely accurate indicator of helping to provide competitive equity.

IV. CONCLUSION

La Habra High School thanks you for your consideration of its appeal. We would be pleased to respond to any questions you may have.

Respectfully submitted,

Mr. Steve Garcia
Principal, La Habra High School

Process:

Orange County Area Schools Releaguings Bylaws 2024-2026

The process for developing Orange County Area Schools Releaguings shall:

1. Provide reasonable and equal application of **accepted criteria**:
 - o • **Competitive Equity (strength of program)**
 - o • **Geography (travel time)**
 - o • **Enrollment (student population)**
2. Maintain Brown Act Compliance (“intended to provide public access to meetings”)
3. Follow CIF Southern Section Blue Book rules and policies

Orange County Area Placement is a two-year releguing cycle for all sports. (Approved March 13, 2017).

Releaguings Proposals: All Releaguings Proposals must provide evidence of the above-accepted criteria.

Releaguings Proposals protocols and procedures will not discriminate against one or more member schools. Releaguings Proposal protocols, procedure and guidelines must be inclusive and applied with consistency and equality (same opportunity when policy is applied). We must prevent the inconsistent and unequal application of Releaguings Proposal protocols, procedures and guidelines that would intentionally or unintentionally discriminate against one or more than one member school while creating single sport alignment, leagues or conferences.

Releaguings Proposals must include all member schools.

Blue Book Sections: CIFSS Section Bylaw 32 (pages 37-40) - Area Placement and Releaguings Process/Appeals
CIFSS Section Bylaw 507 (page 109)- Section Alignment of Leagues

Bylaws:

Chairperson, Parliamentarian, Secretary and Dues

1.0 Mr. Michael P. Brennan will preside as Chairperson with the assistance of Dr. John Dahlem (Parliamentarian) and Mr. Joel Hartmann (Secretary).

2.0 Releaguings Dues will be \$50.00 per school. Dues may be used to pay for expenses such as snacks, water, location and parking. Checks should be made out to **“Trinity League” and mailed to Mater Dei High School c/o Mr. Joel Hartmann 1202 West Edinger Ave. Santa Ana, California 92707**. If expenses are greater than revenue, a simple majority vote will increase Releaguings Dues. Dues is to be paid on or before April 3, 2023, for this Releaguings Cycle.

Membership and Voting Privileges

3.0 Orange County Area Representative Principals are committee members and thus have voting privileges.

4.0 Voting is restricted to schools that are members of the organization and in operation with students. This includes new member schools recently approved by the CIF SS for Orange County Placement.

5.0 Schools (not yet opened but have plans to open/no students) assigned through area placement may participate in Releaguings (voting privileges) provided a simple majority of voting members approve.

6.0 If a Principal cannot attend a meeting, he or she must send an Administrative Designee from the same school. The Administrative Designee from the same school will have voting privileges based on written authorization. Therefore, schools must be present to exercise voting privileges (**no proxy votes**).

7.0 If a Principal is unable to attend, the principal must provide written authorization for the Administrative Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization

must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting

begins, the Administrative Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letter head, include the Principal's signature and Administrative Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org).

8.0 At the April 24th Athletic Directors meeting, only Athletic Directors will have voting privileges to determine three (3) Athletic Director proposals. Schools must be present to exercise voting privileges (no proxy voting). If an Athletic Director cannot attend he/she must send an Athletic Director Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting begins, the Athletic Director Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letterhead, include the Athletic Director signature, Athletic Director Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). After this meeting, all voting privileges will return to Principals. This is the only meeting that Athletic Directors have voting privileges.

Media, Brown Act, Roberts Rules of Order, Agendas, Videotape and Minutes/Notes

9.0 Meetings are open to the media. Each media representative must introduce him or herself to the Chairperson, Parliamentarian or Secretary.

10.0 Meetings are subject to the Brown Act and will follow an agenda.

11.0 Meetings will be conducted and based upon Robert's Rules of Order.

12.0 Meeting agendas will be provided five (5) working days before each scheduled meeting.

13.0 Meeting minutes or notes will be distributed to all Principals within seventy-two (72) hours. 14.0 Agendas must be posted at each school site seventy-two (72) hours before scheduled meetings.

Quorum, Voting and Passage of Motion

15.0 A simple majority of Orange County Area Representatives will constitute a quorum for all meetings. Alphabetical Roll Call by member school will be obtained verbally.

16.0 Alphabetical Roll Call (by member school) voting will be verbally stated by each member school. Each member school verbally states their vote so that all member schools have the opportunity to hear the official vote of other member schools. Schools must be present to exercise voting privileges (**no proxy voting**). Minutes or notes will reflect the yeas, nays and abstentions for each vote taken. A record of each Roll Call vote will be attached to the minutes and sent to the CIF SS office. Secret ballots are prohibited. The Chairperson will request that an administrative designee from each member school verbally state their official vote or votes.

17.0 The Releaguings Secretary and the Parliamentarian will tabulate Roll Call voting separately. It is recommended that each member school tabulate Roll Call voting (auditing).

18.0 Voting shall be conducted by a 1) Motion 2) Second 3) Discussion 4) Call for Vote 5) Vote.

19.0 Passage of any motion (not the Final (1) Proposal) to approve requires a majority of those present (50% plus 1 of casted votes) to vote yea. In the case of a tie, the motion will not be approved. Abstentions are considered a casted and official vote.

20.0 Passage of a motion to vote upon the Final (1) Releaguings Proposal requires a majority vote of those member school administrative designees present. Once the motion to vote upon the Final (1) Releaguings Proposal is approved, a motion will be made to approve the Final (1) Releaguings Proposal. The Final (1) Releaguings Proposal must obtain a sixty percent (60%) majority yea vote of those member school administrative designees present. Abstentions are considered a casted vote.

School Profile, Area Placement Questionnaire and Releaguings Proposal

21.0 Schools will digitally send (email) a completed official School Profile Form and their Area Questionnaire to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). This must occur on or before 11:59 p.m. April 3, 2023. The Releaguings Secretary will post the official School Profile Form and Area Placement Questionnaire on the Orange County Area Placement website under resources. Schools must utilize the official School Profile Form and Area Placement Questionnaire provided by the Releaguings Secretary. Schools requesting Orange County Area Placement or Relief must submit a New League Proposal to Joel Hartmann (jhartmann@materdei.org) by April 14, 2023, 11:59 p.m. 22.0 Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form. This form is located on the Orange County Area Placement Website. If a proposal is created at either the Athletic Directors or Principals meetings, the Releaguings Proposal Form must be completely filled out. Upon request, Releaguings Proposal Form(s) will be sent to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). The Releaguings Secretary will post Releaguings Proposal Forms (Orange County Placement Website) for all member schools to view. 23.0 Releaguings Proposals must provide reasonable and equal application of **accepted criteria and must include all member schools:**

- **Competitive Equity (strength of program)**
- **Geography (travel time)**
- **Enrollment (school population)**

See “Process and Releaguings Proposals” page 1 of this document. Athletic Directors Releaguings Proposal Meeting

24.0 Athletic Directors will meet on April 24, 2023 (beginning at 9:00a.m.) Diocese of Orange. At this meeting, Athletic Directors/New Member School Athletic Directors are Orange County Area Representative voting members. The purpose of this meeting is for Athletic Directors to collegially create a maximum of three (3) Releaguings Proposals. The three (3) Releaguings Proposals are based (only) on those schools requesting relief or new member schools requesting a league. *Any reference in this document to the word “league” refers to a duly constituted league or conference formed in the last Releaguings cycle. All conferences are permitted one vote regardless of how many leagues are within said conference. The meeting will begin with (only) member schools Athletic Directors requesting relief and new member schools Athletic Directors having five (5) minutes to present their school information and Releaguings Proposals. Only one representative per school is permitted to speak. Athletic Directors seeking relief will present first, followed by new member school Athletic Directors. Each school may include a maximum of two (2) new 2024-2026 Releaguings Proposals. Releaguings Proposals should affect the least amount of member schools as reasonably possible. Releaguings Proposals must include all member schools. All member schools have voting privileges. Releaguings Proposals must be sent to the Releaguings Secretary, Mr. Joel Hartmann (jhartmann@materdei.org) on or before April 14, 2023, 11:59p.m. The Releaguings Secretary will post Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. on April 16, 2023.

25.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 24.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

26.0 All Leagues/Conferences/Member Schools will have ten (10) minutes to reflect and discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

27.0 League/Conference Presidents or a League/Conference Designee (must be an Athletic Director) from impacted

leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative

per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting relief and new member schools will have (3) minutes to speak for or against.

28.0 If member schools requesting relief and new member schools are accepted into league/conference of their choice, a Releaguings Proposal will be created and then voted upon. Passage of a motion to approve will require a simple majority of those member schools or Athletic Directors present. In this case, only one (1) Releaguings Proposal would be created and recommended to principals. Final one (1) Athletic Director proposal will immediately be placed on the Orange County Releaguings Website.

29.0 If one (1) or more than one (1) member school requesting relief or new member school(s) is/are not accepted into the league/conference of their choice, the Chairperson will call for a twenty (20) minute caucus. The purpose is to allow Athletic Directors (from the same league/conference) the opportunity to communicate and develop Releaguings Counterproposals. Releaguings Counterproposals must be aligned to the accepted criteria and must include schools that requested relief or are new members.

30.0 Each league/conference will have the opportunity to create one (1) Releaguings Counterproposal. Upon request, the Releaguings Chairperson may grant more time (5-minute periods). Releaguings Counterproposals must include the league/conference name and league/conference vote in support of the league Releaguings Counterproposal. If a league/conference does not approve a Releaguings Proposal by a simple majority, the Releaguings Counterproposal will not be included and considered obsolete.

31.0 Upon request, Releaguings Counterproposals must be emailed to the Releaguings League Secretary Mr. Joel Hartmann (jhartmann@materdei.org). Releaguings Counterproposals will then be posted on the Orange County Releaguings Website.

32.0 League/Conference Presidents or Athletic Directors from leagues/conferences that created a Releaguings Counterproposal will have three (3) minutes to speak. There will be only one representative per league/conference presenting. Releaguings counterproposals must include member schools requesting relief and new member schools requesting a league.

33.0 New member school Principals, League/Conference Presidents, or a League/Conference Designee (must be an Athletic Director) from impacted leagues, an Athletic Director from schools requesting relief and new member schools Athletic Directors will have three (3) minutes to speak for or against Releaguings Counterproposals. There will only be one representative per impacted league/conference, member schools requesting relief and new member schools speaking. 34.0 Releaguings Counterproposals will have a numbered representation. The Releaguings Secretary will number each Releaguings Proposal beginning with one (1).

35.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school will verbally communicate their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the amount of votes per Releaguings proposal. Each member school will have the opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. Therefore, if there were eight (8) Releaguings Proposals, each member school would have four (4) votes. If there were nine (9) Releaguings Proposals, each member school would have four (4) votes. A member school may use all votes in support of one (1) Releaguings Proposal. The top three (3) Releaguings Proposals will be announced. In the case of a tie, there may be more than three (3) Releaguings Proposals recommended to member school Principals. Both the Releaguings Secretary and the Parliamentarian will tabulate votes. All Athletic Directors are encouraged to tabulate votes (audit).

36.0 Chairperson will call for a vote. Roll call and verbal voting will begin and each member school including new member schools will verbally vote to approve the top three (3) Athletic Director Releaguings Proposals. There is no proxy voting.

37.0 Passage of a motion to approve the top three (3) Athletic Director Releaguings Proposals will require a simple

majority of those member schools or Athletic Directors present. Each member school will have one (1) vote to approve the motion.

38.0 Final three (3) Athletic Director proposals will immediately be placed on the Orange County Releaguings Website. Releaguings Proposals will be recommended to member school Principals.

Principals Releaguings Proposal and Final Recommended CIF Orange County Releaguings Placement

39.0 The second and potential final meeting will be May 15, 2023 (9:00 a.m.) Location TBA. At this meeting, Principals are considered Orange County Area Representatives. The purpose of this meeting is to review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal. Principals seeking relief, new member school Principals (only those schools that requested relief or new member schools requesting a league/conference at the April 24, 2023 Athletic Director meeting) and leagues/conferences must send their one (1) new 2024-2026 Releaguings Proposal to the Releaguings Secretary, Joel Hartmann (jhartmann@materdei.org) on or before May 5, 2023 11:59p.m. The Releaguings Secretary will post all new Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. May 7, 2023.

40.0 The meeting will begin with member school Principals requesting relief and new member school Principals having five (5) minutes to present. In their presentation, they may include school information and one (1) new 2024-2026 Releaguings Proposal. Relief and new member schools Releaguings Proposals must affect the least amount of member schools as reasonably possible. Releaguings proposals must include all member schools. Releaguings Proposals must follow accepted criteria. All member schools have voting privileges.

41.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 40.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

42.0 All leagues/conferences will have ten (10) minutes to discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

43.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

44.0 Individual League/Conference 2024-2026 Releaguings Proposals will be presented. Each League/Conference President or League/Conference Designee will have (5 minutes) to present their 2024-2026 Releaguings Proposal. Releaguings Proposals must be aligned to accepted criteria and must include schools seeking relief and new member schools requesting a league/conference.

45.0 All leagues/conferences will have ten (10) minutes to discuss Individual League Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

46.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.

47.0 Athletic Director Releaguings Proposals (April 24, 2023) will be reviewed by the Releaguings Secretary.

48.0 Athletic Director Releaguings Proposals will be numbered as one (1), two (2) and three (3).

49.0 Relief Releaguings Proposals and new member Proposals will begin with the number four (4), unless there were more than three (3) Athletic Director Releaguings Proposals. The new League proposals will begin with the number that immediately follows Relief and new member proposals. Releaguings Secretary Joel Hartmann will number new

Proposals under the observation of the parliamentarian (Dr. John Dahlem).

50.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school Principal will verbally state their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the number of votes per Releaguings proposal (no proxy voting). Each member school will have the

opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. For example, if there were six (6) total first round proposals, each school would have three (3) votes. If there were five (5) total first round proposals, each school would have two (2) votes. A member school may use all votes in support of one (1) Releaguings Proposal or may divide their votes and vote for more than one proposal. At the end of the first round, the top three (3) proposals will move forward to round two (2). Round two (2) will move from three (3) to two (2) Releaguings Proposals. During round two and following rounds, each school will have one (1) vote. Round three (3) will move from two (2) Releaguings Proposals to the Final (1) CIF Releaguings Proposal. The Releaguings Secretary and the Parliamentarian will tabulate votes. All member schools are encouraged to tabulate votes (audit).

51.0

Passage of a motion and voting to approve the top three (3) Releaguings Proposals (round 1), final two (2) Releaguings Proposals (round 2) and the final CIF Releaguings Proposal (round 3) will be as follows. If we begin this process with less than four (4) Releaguings Proposals, we will move directly to the final (2) or possibly the final (1) depending on the number of Releaguings Proposals submitted:

The top three (3) Releaguings Proposals will be those proposals that receive the highest amount of votes. Therefore, the highest amount is number one (1); the second highest amount is number two (2), and the third highest amount is number three (3).

The final two (2) Releaguings Proposals will be those proposals which receive the highest amount of votes. Therefore, the highest amount is number (1) and the second highest amount is number two (2).

The final (1) 2022-2024 Releaguings Proposal will be the proposal that receives the highest amount of votes from the final two (2). Therefore, the highest amount (out of the final two) will be the Final (1) 2022-2023 Releaguings Proposal.

Passage of a motion to vote on the Final (1) CIF Proposal will be approved by a majority vote. Once approved, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The final proposal must be approved with a sixty percent (60%) majority vote. If the Final one (1) Releaguings Proposal receives a sixty percent (60%) majority vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

52.0

Releaguings Proposals will be included in the top three (3) or final two (2). For example, if there are two (2) Releaguings Proposals tied for first when determining the top three (3), the top three (3) Releaguings Proposals will include the two (2) tied for first plus the second place Releaguings Proposal only.

53.0 If the Final Releaguings Proposal does not receive a sixty percent (60%) majority vote, there will be a League representative caucus for twenty (20) minutes. Per request, the Releaguings Chairperson may approve more time (5 minute-periods). League Representatives will meet and prepare a compromise to the Final (1) CIF Proposal. The compromise will create a new counterproposal. This new counterproposal must follow the accepted criteria and must include schools requesting relief and new member schools requesting a league/conference. Passage of a motion to vote on the Final (1) Releaguings Proposal (League Representative Counterproposal) will be approved by a majority vote of League Representatives. Once League Representatives approve, a motion will be made to approve the Final (1) 2024- 2026 Releaguings Proposal. The Final (1) proposal must be approved with a sixty percent (60%) member schools vote. If the Final One Releaguings Proposal receives a sixty percent (60%) majority member school vote, voting ceases and

that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

54.0 All appeals must be in accordance with the CIF Blue Book Page 40 "Releaguings Appeal Procedures."

Orange County Area Placement Meeting 2024 - 2026 Releaguings Cycle Minutes
May 15, 2023
9:00 a.m.
Diocese of Orange
13280 Chapman Avenue Garden Grove, California 92840

1.0 Welcome/Call to Order

- Michael Brennan (Chairperson) called the meeting to order at 9:25 a.m.
- Michael Brennan introduced Joel Hartman (secretary) and Sharon Hodge (CIF SS). He stated that Dr. John Dahlem was not feeling well and would not be present.

2.0 Flag Salute

- Michael Brennan led the Pledge of Allegiance

3.0 Moment of Reflection

- "It is never wrong to do the right thing." Mark Twain
- Michael Brennan asked member schools to reflect on the quote (1 minute).

4.0 Purpose of the Meeting

- Michael Brennan stated, "the purpose of the meeting was to review the three Football Only Conference (FOC) proposals and the three All-Sports Proposals recommended by Athletic Directors, as well as listen to potential counter proposals. All proposals will be heard. We will then discuss and vote to reduce the options for FOC and All Other Sports to one proposal each. These proposals will be forwarded to the CIFSS." Michael Brennan thanked athletic directors and principals for attending today's meeting and ensured that all member schools would have an opportunity to be represented in the releaguings process.

5.0 Introduction of Guests/Media

- Joel Hartmann announced that Jim Perry was present to represent CIF SS. Michael Brennan welcomed Mr. Perry to the meeting.

6.0 Public Hearing Session-Members of the Public

- There were no members of the public present.

7.0 Roll Call (simple majority will constitute a quorum)

- See attached Excel Spreadsheet
- There was a quorum present by a simple majority of schools. 76 member schools present; 39 member schools represented a simple majority; and 46 schools equal a 60% threshold.
- Michael Brennan explained the proxy process by stating, "some schools present today are represented by proxy letters signed by the principal of the school."

8.0 Approval of Minutes April 23, 2023 (Athletic Directors Meeting)

INTRODUCTION

Buena Park High School ("BPHS"), Buena Park, CA, is offering a letter of support for the five Fullerton Joint Union High School District (FJUHS) schools who are appealing the "other sports Releaguings" decision of the California Interscholastic Federation Southern Section ("CIF-SS") on May 15, 2023. This letter of support is based upon ensuring "the releaguings criteria and process" follows the CIF-SS Purpose and Operating Principles as outlined on pages 21-22 in the Constitution of the California Interscholastic Federation. While many of the outlined principals concern the conduct of student-athletes and all parties who support student-athletes, it is imperative that any process that falls under the purview of CIF-SS ensures all members be afforded the proper processes at all times to ensure their programs are not placed in systems that could adversely affect the development of the programs designed for student-athlete growth and development. The unique and unprecedented nature of the releaguings efforts during this current cycle warranted a more in-depth, inclusive processes than what occurred during, and leading up to the May 15th releaguings meeting. Because this current cycle involved massive changes to the southern section configuration, it is imperative that all members be afforded the ability to not only advocate, but also have an equal voice in determining the large-scale shifts that resulted from the May 15, 2023 meeting. Trying to utilize bylaws and processes designed to make small-scale releaguings shifts, and applying those to the large-scale conferencing configurations, created a scenario where members of our district felt like the process had been done "to them" and not "with them."

FACTUAL BACKGROUND

As outlined in the minutes and agendas from the Athletic Director meeting on April 24, 2023, and during the May 15, 2023 Principal meeting, it was very evident that the CIF Southern Section was on the precipice of major shifts to the configuration of leagues and conferences for its members. The current procedures for the releaguings cycles that occurred every two years were designed to accomplish small scale tweaks to a 77-member system, not a wholesale redesign of the system into larger conferences, essentially dissolving up to 5 entire leagues in one cycle. The process can be acceptable if the leagues in question are utilizing the mechanism of "relief" to dissolve their leagues to accomplish conferencing, but when entire leagues not seeking dissolution are affected and placed in conferences, the procedures in place are not adequate to ensure an equitable process for a redesign of that magnitude.

During the releaguings meeting on May 15, the elements of time, openness, collegiality, and collaboration were not present, the process was rushed given the magnitude of the changes, and the backdoor deals did not allow for all parties involved to feel like there was an ethical process with the interests of students at the center of the discussion. Unlike the football discussion of the releaguings process, which was out in the open and discussed for months, if not

the previous year, the subsequent discussions for relegating, sans football, left schools and leagues feeling attacked, used, and not part of the overall discussion.

The 2024-2026 CIF Relegating cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Relegating Proposal before considering the relegating of all other CIF sports. Prior to the meeting, there was ample discussion, time, proposals, and evidence that all schools knew and understood not only the purpose, but the equity-based model being presented as a better design for the southern section. As the push to consolidate all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, BPHS agreed to the Football-Only Relegating Proposal. BPHS understood and agreed that moving the football program into a larger conference was not only in the best interest of BPHS's football program, but also a show of good will and a way to pilot BPHS's participation in a larger conference prior to relegating all other sports. However, once the conversations turned to the elimination of five different leagues and the creation of conferences for all other sports, BPHS voted "no" to join another conference for all other CIF sports.

The "no" vote was due more to the process of how the relegating effort was being conducted, and less of the actual result of the placement for BPHS. While BPHS understands the benefit of conferencing, and its placement into the Golden Empire Conference provides equity across the board for its athletic teams, the process used to accomplish such tasks did not provide the necessary time and collaboration to ensure all parties involved in the moves were part of the decision-making process. It became apparent through the second half of the meeting that the agenda of some in the room was to create larger 15-team conferences, regardless if all schools being moved were on-board, or even privy to the agenda. The goal of relegating in the past had always been to affect the least amount of schools as possible, however, this move was a wholesale overhaul of the southern section into as many large conferences as possible. The feeling among some member schools was that proposals and counter proposals were compiled during private, informal meetings, not involving all parties affected. At no time during the months leading up to the May 15th meeting had BPHS been involved in discussions about dissolving the freeway league in order to accomplish the task of forming larger conferences.

CONCLUSION

In closing, I feel that because the process of, and leading up to, May 15th was not a small-scale relegating effort, but rather a large-scale conferencing effort, CIF-SS officials should not only be present and integral in the conversations and management of the conferencing meeting, but the effort should be a better collaborative effort between CIF-SS and all member schools with an appropriate amount of time given for discussion and solutions. Buena Park High School thanks you for your consideration and would be pleased to respond to any questions you may have.

Respectfully,

**APPEAL – SUNNY HILLS HIGH
SCHOOL, Fullerton, CA**

September 7, 2023

I. INTRODUCTION

Sunny Hills High School (“SHHS”), Fullerton, CA, appeals the non football releagu
decision of the Orange County Area Placement (“OCAP”) and California Interscholastic Federal
Southern Section (“CIF-SS”) on May 15, 2023. This appeal is based upon “the re-leagu
criteria and process” that violated the following Orange County Area Schools Releagu
Bylaws, 2024-2026 (“Bylaws”) (Attachment A):

1. Bylaws 24.0 and 40.0, mandating that the releagu
amount of member schools as reasonably possible; and
2. Bylaw 40.0, mandating that Principals of schools requesting relief begin the meeting with
a five-minute presentation that may include their school information and one (1) new
2024-2026 releagu
proposal; and
3. Bylaw 22.0, mandating that all “Releagu
County Area Releagu
Proposal Form;” and
4. The introductory section of the Releagu
Bylaws also states that “Releagu
protocols and procedures will not discriminate against one or more member schools;” and
5. Bylaws 23.0 and 40.0, mandating that releagu
proposals must provide reasonable and
equal application of the following three criteria: competitive equity (strength of program),
geography (travel time), and enrollment (school population).

Important Note: Bylaw 24.0 states, “*Any reference in this document to the word ‘league’ refers
to a duly constituted league or conference formed in the last Releagu
cycle.”

II. PROCEDURAL VIOLATIONS

Procedural violations were committed during the OCAP releguing process that require granting SHHS appeal to nullify SHHS's placement with respect to the final "non-football" releguing proposal set to commence with the 2024-2025 year. This appeal does not pertain to releguing with respect to "football only" Orange County conferencing decision.

The 2024-2026 CIF Releguing Cycle consolidated all Orange County area schools' football teams into one county-wide conference. During the process, member schools were required to vote on football-only releguing proposals before considering the releguing of all other CIF sports. As the push to consolidate all Orange County area school's football teams into one football-only conference reflected a larger trend, SHHS agreed to the final Football-Only Releguing Proposal at the May 15, 2023 meeting. Moving the football program into this larger conference was agreed to by SHHS since discussion around football placement has always been the driving factor behind any releguing conversations in the past with secondary consideration given to all other sports. SHHS decided that by removing football from the discussions, member schools could focus more clearly on the other sports. The SHHS decision was also a show of goodwill and a way to pilot SHHS's participation in a larger conference prior to releguing all other sports. Despite this agreement, SHHS made it abundantly clear throughout the process, however, that they did not want to join another league or conference for all other CIF sports.

From the beginning, the 2024-2026 Orange County Area Placement process appeared to be explicitly motivated by factors outside the three criteria that are required under Bylaw 23 as well as sections of the Introduction of the Bylaws aimed at preventing intentional or unintentional discrimination against any member schools. During the February 8 and April 24, 2023 releguing meetings, an athletic director from another member school openly and blatantly campaigned for the Freeway League's elimination and, therefore, subsequent placement of SHHS in another league despite no request by SHHS for relief or alternative placement. For example, he bitterly stated, "The Freeway League has been together 42 years. It's time for you guys to play ball and join the rest of us." This athletic director demonstrated other illegitimate reasons in support of the 2024-2026 placement by saying, "[His conference's] goal is to expand. We have 9 teams and would like to get to 15." Furthermore, his and other's supported proposals discriminated against private schools. This was made clear in statements by him and others during multiple meetings that stated, "We do not want schools without borders." Finally, the

same athletic director repeatedly advocated to disband the Freeway League schools under the pretense that Buena Park High School needed relief with statements such as, “If I were a student or family at Buena Park [High School], I would sue the District for not providing relief.” Buena Park High School, however, never requested relief and competes well within the Freeway League from year-to-year. His conference representatives and others, who supported the ultimate releguing proposal, demonstrated their complete disregard for the three criteria required in Bylaw 23 throughout the series of releguing committees that took place from February to May 2023. Their open discrimination against private schools was a determining factor in the ultimate passage of a proposal that disregarded SHHS and placed SHHS in a different league expressly to create a larger conference that would benefit those schools already in that conference.

On April 24, 2023, the Athletic Directors approved three Athletic Director Releguing Proposals for non-football sports that were posted in advance of the May 15, 2023 releguing meeting. In violation of Bylaw 22.0, not all of these proposals were submitted on the “Orange County Area Releguing Proposal Form” (Attachment B is the only form available on the OCAP website). At least three different forms were used for these proposals.

At the May 15, 2023 meeting for Principals, member schools voted on the final 2024-2026 Releguing Proposal based on incomplete information in violation of Bylaw 40. Per Bylaw 39, the purpose of the May 15, 2023 meeting is for Principals (“Orange County Area Representatives”) to “review recommended Athletic Director Releguing Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releguing Proposal.” At the beginning of this meeting, as required by Bylaw 40, the Principals of schools requesting relief were to receive five minutes to present school information regarding their reasons for requesting relief, as well as a 2024-2026 Releguing Proposal. This mandated procedure was entirely neglected as can be shown by the May 15 meeting agenda (Attachment C) and meeting minutes (Attachment D). Instead of following this procedure in the Bylaws and giving these schools the opportunity to speak, the meeting began with a clear focus on solving the Football-Only Conferencing question first. The non-football proposals and counterproposals were addressed only after the Football-Only issue was resolved, and member schools requesting relief were denied time to present. Without this key information being presented, there was no clear indication of what schools were requesting relief nor how they proposed achieving this relief for the Principals to consider when deciding on proposals. As far as SHHS knew, the

creation of the football-only conference may have solved these relief questions, but there was no way to know.

At the May 15, 2023 Principals meeting, member schools were presented with three additional non-football counterproposals to consider that had been compiled during private, informal meetings leading up to May 15. Again, none of the original non-football proposals or counterproposals explicitly explained who the schools were that were requesting relief or how that relief was being satisfied with each proposal. The ensuing discussions about each proposal made it clear that certain existing leagues and conferences expressly cared about expanding or creating conferences only to benefit their members without regard to which other member schools were impacted. As discussed previously, expanding a conference is not one of the criteria for relegating as required by Bylaw 23.0 nor do the types of placements proposed affect the least amount of schools as reasonably possible as required in Bylaws 24.0 and 40.0. It was during these discussions that several member schools also directly expressed that they would not support proposals which added private schools, or “schools without borders” as they referred to them, to their league or conference. This clear discrimination of private schools not only violated the Bylaws, but also severely limited the process of finding the best possible relief proposals that would impact the least amount of schools. The only way to increase conference sizes without adding private schools and while addressing schools that requested relief was to break up a league whose member schools did not request relief.

For example, one of the new counterproposals, non-Football Proposal 4 (Attachment E) which would ultimately become the final 2024-2026 Placement, affected 100% of member schools across Orange County. Again, this is a violation of Bylaws 24.0 and 40.0, which expressly state that “Relegating Proposals should affect the least amount of member schools as reasonably possible.” When leagues/conferences affected by any of the proposals could submit new counterproposals, the Freeway League representatives, including SHHS, created and presented an alternate proposal, non-Football Proposal 7 (Attachment F) in an attempt to affect the least amount of schools reasonably possible while also working to satisfy the desire of certain conferences to expand or be created. The Freeway League’s counterproposal not only addressed all schools that requested relief but also affected a smaller number of member schools, which is mandated by Bylaws 24.0 and 40.0. The counterproposal also expanded the conferences that wanted expansion and created conferences for member schools who wanted it. Again, some member schools/leagues spoke out against the Freeway League counterproposal giving the

explicit, discriminatory reasoning that they did not want “schools without borders” (i.e. private schools) in their league or conference.

Over the objections of SHHS and other Orange County schools, the non-Football Proposal 4 passed (Attachments G and H) yet that result does not overcome the failure of the meetings to comply with the required procedures set forth in multiple Bylaws indicated above. Additionally, during the voting process, member schools expressed their inability to support the non-Football Proposal 7 due to being pressured to not upset schools within their respective school districts. However, Bylaw 23.0 mandates that schools consider only three criteria, none of which include a fear of upsetting other schools within their district.

The 2024-2026 OCAP is the unfortunate outcome of a loose process driven by a few outspoken participants rather than the Bylaws’ stated intention of preventing “inconsistent and unequal application of protocol, procedures, and guidelines that would intentionally or unintentionally discriminate against one or more member school” while also providing reasonable and equal application of the accepted criteria—competitive equity (strength of program), geography (travel time), and enrollment (school population). It is clear from above that a focus on conference creation and keeping “schools without borders” out of one’s respective conference took a priority over focusing on the school who requested relief, making sure proposals affected the least number of schools, and proper consideration of the three accepted criteria.

III. SECONDARY CONSIDERATIONS

Though SHHS never requested relief, SHHS will be adversely impacted by the significant resources it must divert to accommodate the relegating resulting from the 2024-2026 OCAP process to ensure its students can safely participate. For 42 years, SHHS students traveled within a five-mile radius to attend games at schools within their own school district (Fullerton Joint Union High School District or “FJUHS”). As a result of short travel times and ease of coordination among FJUHS schools, SHHS could start their games after class hours (8:30 AM – 3:30 PM) and share their resources to participate in CIF-SS. Now in a new placement, SHHS student athletes and teachers who coach will potentially have to miss up to three classes during away games. SHHS will have to purchase increased transportation, purchase athletic equipment, and build out their athletic facilities at an incredible expense to maintain competitive equity.

Applying the Bylaw's process for developing Orange County area schools relegating requires the reasonable and equal application of three accepted criteria decreases. SHHS finds that the 2024-2026 placement decreases its competitive equity, increases travel time, and affects enrollment. Therefore, SHHS must implement costly changes having been relegated without having requested relief for a placement that improves its own competitive equity, geography, or enrollment.

1. Competitive Equity Impacts

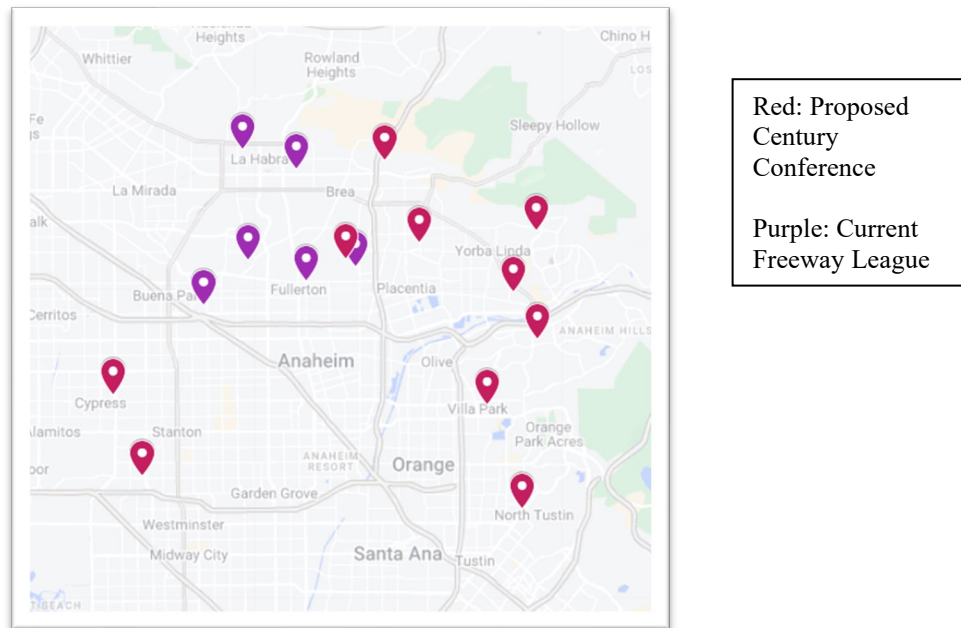

There are many examples of competitive equity throughout the 24 non-football sports in the Freeway League including, Baseball, Boys/Girls Basketball, Boys/Girls Soccer, Softball, Boys/Girls Swimming & Diving, Boys/Girls Tennis, Boys/Girls Volleyball, Boys/Girls Water Polo, Boys/Girls Wrestling, Football, Boys/Girls Golf, Boys/Girls Cross Country, Boys/Girls Track & Field. Over the past three years, SHHS athletics teams demonstrated very solid competitive equity in their current league placement with 47%, 56%, and 60% of their teams making the playoffs in the last three years respectively.

Competitive equity also goes beyond athletic success and needs to be considered with respect to athletic facilities and athletics costs as well. SHHS is not equipped with the field lights or all-weather tracks necessary for safely hosting games. Competing intra-district allowed SHHS to use facilities at other schools within the Freeway League when necessary. Under the 2024-2026 Placement, however, the only two Freeway League schools equipped with field lights and all-weather tracks, Buena Park High School and Fullerton High School, are no longer placed in a league with SHHS. Whereas before, SHHS would have used the field lights and all-weather tracks at Buena Park High School or Fullerton High School, now SHHS must purchase and install field lights and all-weather tracks in time for the 2024-2025 year. Otherwise, the events will either take place in the dark or be moved to earlier in the day, which will remove student athletes and coaches from additional classroom time for home games.

2. Geography/Distance Impacts

With the proposed releguing placement, SHHS will now be required to travel longer distances to athletic contests causing unnecessary attendance issues for both student athletes and coaching staff members.

SHHS student athletes and teachers will have less time in the classroom because of earlier game times and because they will have to travel longer distances for the games. With this change that the 2024-2026 Placement imposes on SHHS, SHHS student athletes and teachers will have to miss up to two classes and even lunch, depending on what time the game begins. As of now, student athletes already use their lunch period to ask teachers for assignments and make up quizzes and exams. SHHS students are not on a block schedule, meaning they do not have a free period in the day that can be used for those purposes instead. Both student athletes and non-student athletes will be affected alike by their teachers' frequent and prolonged absence from class.

The 2024-2026 Placement will place stress on SHHS from a transportation perspective as well, since it may require SHHS to rely on and pay for charter buses to travel to their games. Currently, SHHS needs athletics transportation from 1:00 pm-10:00pm and is part of a high school-only district that does not provide bussing except for special education students. FJUHSD does not own or control a large enough fleet of buses that are available for use after school hours as a other unified school district with large bus fleets. To date, FJUHSD made do with fewer buses because it could "double-up" transportation among the Freeway League's various schools and teams. For example, after an FJUHSD bus drops off Sonora High School's baseball team at SHHS, the same bus will pick up and transport SHHS's baseball team to their game. Traveling short distances between schools has also contributed to making SHHS's participation in the Freeway League possible despite FJUHSD's shortage on buses. If SHHS competes in a new league, using available FJUHSD transportation will be completely untenable, and there will be no way to participate in CIF without paying for charter buses throughout the year for all teams.

There are a certain number of campus staff that must be present for every sport, and SHHS must also hire substitute teachers for up to two class periods for each coach who teaches class. The earlier game start times and the additional travel time to Century Conference schools that are up to 16 miles away, as opposed to Freeway League schools that are a maximum of 5 miles away, will take coaches away from the classes they teach.

3. Enrollment Impacts

A league/conference's competitive equity increases with greater similarity among the schools' size and resources. Larger schools have greater talent pools than smaller schools, and school districts in higher-income areas are more advantaged. The new placement will place SHHS in a league that has greater disparities in enrollment size. In the Freeway League, the difference between schools with the most and least students enrolled was 865. In the 2024-2026 placement, however, the range in school enrollment between schools with the most and least students enrolled is 1,861. Even after taking the outlier school, Crean Lutheran, out of the calculation, the difference is still large at 1,384.

Demographic differences between schools must also be considered when taking enrollment into account, as the overall number of students is not a completely accurate indicator of helping to provide competitive equity.

IV. CONCLUSION

Sunny Hills High School thanks you for your consideration of its appeal. We would be pleased to respond to any questions you may have.

Respectfully submitted,

Mr. Craig Weinreich
Principal, Sunny Hills High School

Releaguings Bylaws**2024-2026**

Process: The process for developing Orange County Area Schools Releaguings shall:

1. Provide reasonable and equal application of **accepted criteria**:
 - **Competitive Equity (strength of program)**
 - **Geography (travel time)**
 - **Enrollment (student population)**
2. Maintain Brown Act Compliance (“intended to provide public access to meetings”)
3. Follow CIF Southern Section Blue Book rules and policies

Orange County Area Placement is a two-year releguing cycle for all sports. (Approved March 13, 2017).

Releaguings Proposals: All Releaguings Proposals must provide evidence of the above-accepted criteria.

Releaguings Proposals protocols and procedures will not discriminate against one or more member schools. Releaguings Proposal protocols, procedure and guidelines must be inclusive and applied with consistency and equality (same opportunity when policy is applied). We must prevent the inconsistent and unequal application of Releaguings Proposal protocols, procedures and guidelines that would intentionally or unintentionally discriminate against one or more than one member school while creating single sport alignment, leagues or conferences.

Releaguings Proposals must include all member schools.

Blue Book Sections: CIFSS Section Bylaw 32 (pages 37-40) - Area Placement and Releaguings Process/Appeals CIFSS Section Bylaw 507 (page 109)- Section Alignment of Leagues

Bylaws:**Chairperson, Parliamentarian, Secretary and Dues**

- 1.0 Mr. Michael P. Brennan will preside as Chairperson with the assistance of Dr. John Dahlem (Parliamentarian) and Mr. Joel Hartmann (Secretary).
- 2.0 Releaguings Dues will be \$50.00 per school. Dues may be used to pay for expenses such as snacks, water, location and parking. Checks should be made out to **“Trinity League” and mailed to Mater Dei High School c/o Mr. Joel Hartmann 1202 West Edinger Ave. Santa Ana, California 92707**. If expenses are greater than revenue, a simple majority vote will increase Releaguings Dues. Dues is to be paid on or before April 3, 2023, for this Releaguings Cycle.

Membership and Voting Privileges

- 3.0 Orange County Area Representative Principals are committee members and thus have voting privileges.
- 4.0 Voting is restricted to schools that are members of the organization and in operation with students. This includes new member schools recently approved by the CIF SS for Orange County Placement.
- 5.0 Schools (not yet opened but have plans to open/no students) assigned through area placement may participate in Releaguings (voting privileges) provided a simple majority of voting members approve.
- 6.0 If a Principal cannot attend a meeting, he or she must send an Administrative Designee from the same school. The Administrative Designee from the same school will have voting privileges based on written authorization. Therefore, schools must be present to exercise voting privileges (**no proxy votes**).
- 7.0 If a Principal is unable to attend, the principal must provide written authorization for the Administrative Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting

begins, the Administrative Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letter head, include the Principal's signature and Administrative Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org).

8.0 At the April 24th Athletic Directors meeting, only Athletic Directors will have voting privileges to determine three (3) Athletic Director proposals. Schools must be present to exercise voting privileges (no proxy voting). If an Athletic Director cannot attend he/she must send an Athletic Director Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting begins, the Athletic Director Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letterhead, include the Athletic Director signature, Athletic Director Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). After this meeting, all voting privileges will return to Principals. This is the only meeting that Athletic Directors have voting privileges.

Media, Brown Act, Roberts Rules of Order, Agendas, Videotape and Minutes/Notes

9.0 Meetings are open to the media. Each media representative must introduce him or herself to the Chairperson, Parliamentarian or Secretary.

10.0 Meetings are subject to the Brown Act and will follow an agenda.

11.0 Meetings will be conducted and based upon Robert's Rules of Order.

12.0 Meeting agendas will be provided five (5) working days before each scheduled meeting.

13.0 Meeting minutes or notes will be distributed to all Principals within seventy-two (72) hours.

14.0 Agendas must be posted at each school site seventy-two (72) hours before scheduled meetings.

Quorum, Voting and Passage of Motion

15.0 A simple majority of Orange County Area Representatives will constitute a quorum for all meetings. Alphabetical Roll Call by member school will be obtained verbally.

16.0 Alphabetical Roll Call (by member school) voting will be verbally stated by each member school. Each member school verbally states their vote so that all member schools have the opportunity to hear the official vote of other member schools. Schools must be present to exercise voting privileges (**no proxy voting**). Minutes or notes will reflect the yeas, nays and abstentions for each vote taken. A record of each Roll Call vote will be attached to the minutes and sent to the CIF SS office. Secret ballots are prohibited. The Chairperson will request that an administrative designee from each member school verbally state their official vote or votes.

17.0 The Releaguings Secretary and the Parliamentarian will tabulate Roll Call voting separately. It is recommended that each member school tabulate Roll Call voting (auditing).

18.0 Voting shall be conducted by a 1) Motion 2) Second 3) Discussion 4) Call for Vote 5) Vote.

19.0 Passage of any motion (not the Final (1) Proposal) to approve requires a majority of those present (50% plus 1 of casted votes) to vote yea. In the case of a tie, the motion will not be approved. Abstentions are considered a casted and official vote.

20.0 Passage of a motion to vote upon the Final (1) Releaguings Proposal requires a majority vote of those member school administrative designees present. Once the motion to vote upon the Final (1) Releaguings Proposal is approved, a motion will be made to approve the Final (1) Releaguings Proposal. The Final (1) Releaguings Proposal must obtain a sixty percent (60%) majority yea vote of those member school administrative designees present. Abstentions are considered a casted vote.

School Profile, Area Placement Questionnaire and Releaguings Proposal

21.0 Schools will digitally send (email) a completed official School Profile Form and their Area Questionnaire to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). This must occur on or before 11:59 p.m. April 3, 2023. The Releaguings Secretary will post the official School Profile Form and Area Placement Questionnaire on the Orange County Area Placement website under resources. Schools must utilize the official School Profile Form and Area Placement Questionnaire provided by the Releaguings Secretary. Schools requesting Orange County Area Placement or Relief must submit a New League Proposal to Joel Hartmann (jhartmann@materdei.org) by April 14, 2023, 11:59 p.m.

22.0 Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form. This form is located on the Orange County Area Placement Website. If a proposal is created at either the Athletic Directors or Principals meetings, the Releaguings Proposal Form must be completely filled out. Upon request, Releaguings Proposal Form(s) will be sent to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). The Releaguings Secretary will post Releaguings Proposal Forms (Orange County Placement Website) for all member schools to view.

23.0 Releaguings Proposals must provide reasonable and equal application of **accepted criteria and must include all member schools:**

- **Competitive Equity (strength of program)**
- **Geography (travel time)**
- **Enrollment (school population)**

See “Process and Releaguings Proposals” page 1 of this document.

Athletic Directors Releaguings Proposal Meeting

24.0 Athletic Directors will meet on April 24, 2023 (beginning at 9:00a.m.) Diocese of Orange. At this meeting, Athletic Directors/New Member School Athletic Directors are Orange County Area Representative voting members. The purpose of this meeting is for Athletic Directors to collegially create a maximum of three (3) Releaguings Proposals. The three (3) Releaguings Proposals are based (only) on those schools requesting relief or new member schools requesting a league. *Any reference in this document to the word “league” refers to a duly constituted league or conference formed in the last Releaguings cycle. All conferences are permitted one vote regardless of how many leagues are within said conference. The meeting will begin with (only) member schools Athletic Directors requesting relief and new member schools Athletic Directors having five (5) minutes to present their school information and Releaguings Proposals. Only one representative per school is permitted to speak. Athletic Directors seeking relief will present first, followed by new member school Athletic Directors. Each school may include a maximum of two (2) new 2024-2026 Releaguings Proposals. Releaguings Proposals should affect the least amount of member schools as reasonably possible. Releaguings Proposals must include all member schools. All member schools have voting privileges. Releaguings Proposals must be sent to the Releaguings Secretary, Mr. Joel Hartmann (jhartmann@materdei.org) on or before April 14, 2023, 11:59p.m. The Releaguings Secretary will post Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. on April 16, 2023.

25.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 24.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

26.0 All Leagues/Conferences/Member Schools will have ten (10) minutes to reflect and discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

27.0 League/Conference Presidents or a League/Conference Designee (must be an Athletic Director) from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative

per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting relief and new member schools will have (3) minutes to speak for or against.

28.0 If member schools requesting relief and new member schools are accepted into league/conference of their choice, a Releaguings Proposal will be created and then voted upon. Passage of a motion to approve will require a simple majority of those member schools or Athletic Directors present. In this case, only one (1) Releaguings Proposal would be created and recommended to principals. Final one (1) Athletic Director proposal will immediately be placed on the Orange County Releaguings Website.

29.0 If one (1) or more than one (1) member school requesting relief or new member school(s) is/are not accepted into the league/conference of their choice, the Chairperson will call for a twenty (20) minute caucus. The purpose is to allow Athletic Directors (from the same league/conference) the opportunity to communicate and develop Releaguings Counterproposals. Releaguings Counterproposals must be aligned to the accepted criteria and must include schools that requested relief or are new members.

30.0 Each league/conference will have the opportunity to create one (1) Releaguings Counterproposal. Upon request, the Releaguings Chairperson may grant more time (5-minute periods). Releaguings Counterproposals must include the league/conference name and league/conference vote in support of the league Releaguings Counterproposal. If a league/conference does not approve a Releaguings Proposal by a simple majority, the Releaguings Counterproposal will not be included and considered obsolete.

31.0 Upon request, Releaguings Counterproposals must be emailed to the Releaguings League Secretary Mr. Joel Hartmann (jhartmann@materdei.org). Releaguings Counterproposals will then be posted on the Orange County Releaguings Website.

32.0 League/Conference Presidents or Athletic Directors from leagues/conferences that created a Releaguings Counterproposal will have three (3) minutes to speak. There will be only one representative per league/conference presenting. Releaguings counterproposals must include member schools requesting relief and new member schools requesting a league.

33.0 New member school Principals, League/Conference Presidents, or a League/Conference Designee (must be an Athletic Director) from impacted leagues, an Athletic Director from schools requesting relief and new member schools Athletic Directors will have three (3) minutes to speak for or against Releaguings Counterproposals. There will only be one representative per impacted league/conference, member schools requesting relief and new member schools speaking.

34.0 Releaguings Counterproposals will have a numbered representation. The Releaguings Secretary will number each Releaguings Proposal beginning with one (1).

35.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school will verbally communicate their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the amount of votes per Releaguings proposal. Each member school will have the opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. Therefore, if there were eight (8) Releaguings Proposals, each member school would have four (4) votes. If there were nine (9) Releaguings Proposals, each member school would have four (4) votes. A member school may use all votes in support of one (1) Releaguings Proposal. The top three (3) Releaguings Proposals will be announced. In the case of a tie, there may be more than three (3) Releaguings Proposals recommended to member school Principals. Both the Releaguings Secretary and the Parliamentarian will tabulate votes. All Athletic Directors are encouraged to tabulate votes (audit).

36.0 Chairperson will call for a vote. Roll call and verbal voting will begin and each member school including new member schools will verbally vote to approve the top three (3) Athletic Director Releaguings Proposals. There is no proxy voting.

37.0 Passage of a motion to approve the top three (3) Athletic Director Releaguings Proposals will require a simple majority of those member schools or Athletic Directors present. Each member school will have one (1) vote to approve the motion.

38.0 Final three (3) Athletic Director proposals will immediately be placed on the Orange County Releaguings Website. Releaguings Proposals will be recommended to member school Principals.

- 39.0 The second and potential final meeting will be May 15, 2023 (9:00 a.m.) Location TBA. At this meeting, Principals are considered Orange County Area Representatives. The purpose of this meeting is to review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal. Principals seeking relief, new member school Principals (only those schools that requested relief or new member schools requesting a league/conference at the April 24, 2023 Athletic Director meeting) and leagues/conferences must send their one (1) new 2024-2026 Releaguings Proposal to the Releaguings Secretary, Joel Hartmann (jhartmann@materdei.org) on or before May 5, 2023 11:59p.m. The Releaguings Secretary will post all new Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. May 7, 2023.
- 40.0 The meeting will begin with member school Principals requesting relief and new member school Principals having five (5) minutes to present. In their presentation, they may include school information and one (1) new 2024-2026 Releaguings Proposal. Relief and new member schools Releaguings Proposals must affect the least amount of member schools as reasonably possible. Releaguings proposals must include all member schools. Releaguings Proposals must follow accepted criteria. All member schools have voting privileges.
- 41.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 40.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.
- 42.0 All leagues/conferences will have ten (10) minutes to discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).
- 43.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.
- 44.0 Individual League/Conference 2024-2026 Releaguings Proposals will be presented. Each League/Conference President or League/Conference Designee will have (5 minutes) to present their 2024-2026 Releaguings Proposal. Releaguings Proposals must be aligned to accepted criteria and must include schools seeking relief and new member schools requesting a league/conference.
- 45.0 All leagues/conferences will have ten (10) minutes to discuss Individual League Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).
- 46.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.
- 47.0 Athletic Director Releaguings Proposals (April 24, 2023) will be reviewed by the Releaguings Secretary.
- 48.0 Athletic Director Releaguings Proposals will be numbered as one (1), two (2) and three (3).
- 49.0 Relief Releaguings Proposals and new member Proposals will begin with the number four (4), unless there were more than three (3) Athletic Director Releaguings Proposals. The new League proposals will begin with the number that immediately follows Relief and new member proposals. Releaguings Secretary Joel Hartmann will number new Proposals under the observation of the parliamentarian (Dr. John Dahlem).
- 50.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school Principal will verbally state their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the number of votes per Releaguings proposal (no proxy voting). Each member school will have the

opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. For example, if there were six (6) total first round proposals, each school would have three (3) votes. If there were five (5) total first round proposals, each school would have two (2) votes. A member school may use all votes in support of one (1) Releaguings Proposal or may divide their votes and vote for more than one proposal. At the end of the first round, the top three (3) proposals will move forward to round two (2). Round two (2) will move from three (3) to two (2) Releaguings Proposals. During round two and following rounds, each school will have one (1) vote. Round three (3) will move from two (2) Releaguings Proposals to the Final (1) CIF Releaguings Proposal. The Releaguings Secretary and the Parliamentarian will tabulate votes. All member schools are encouraged to tabulate votes (audit).

- 51.0 Passage of a motion and voting to approve the top three (3) Releaguings Proposals (round 1), final two (2) Releaguings Proposals (round 2) and the final CIF Releaguings Proposal (round 3) will be as follows. If we begin this process with less than four (4) Releaguings Proposals, we will move directly to the final (2) or possibly the final (1) depending on the number of Releaguings Proposals submitted:

The top three (3) Releaguings Proposals will be those proposals that receive the highest amount of votes. Therefore, the highest amount is number one (1); the second highest amount is number two (2), and the third highest amount is number three (3).

The final two (2) Releaguings Proposals will be those proposals which receive the highest amount of votes. Therefore, the highest amount is number (1) and the second highest amount is number two (2).

The final (1) 2022-2024 Releaguings Proposal will be the proposal that receives the highest amount of votes from the final two (2). Therefore, the highest amount (out of the final two) will be the Final (1) 2022-2023 Releaguings Proposal.

Passage of a motion to vote on the Final (1) CIF Proposal will be approved by a majority vote. Once approved, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The final proposal must be approved with a sixty percent (60%) majority vote. If the Final one (1) Releaguings Proposal receives a sixty percent (60%) majority vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

- 52.0 If there is a tie when determining the top three (3) or the final two (2) Releaguings Proposals, all tied Releaguings Proposals will be included in the top three (3) or final two (2). For example, if there are two (2) Releaguings Proposals tied for first when determining the top three (3), the top three (3) Releaguings Proposals will include the two (2) tied for first plus the second place Releaguings Proposal only.

- 53.0 If the Final Releaguings Proposal does not receive a sixty percent (60%) majority vote, there will be a League representative caucus for twenty (20) minutes. Per request, the Releaguings Chairperson may approve more time (5 minute-periods). League Representatives will meet and prepare a compromise to the Final (1) CIF Proposal. The compromise will create a new counterproposal. This new counterproposal must follow the accepted criteria and must include schools requesting relief and new member schools requesting a league/conference. Passage of a motion to vote on the Final (1) Releaguings Proposal (League Representative Counterproposal) will be approved by a majority vote of League Representatives. Once League Representatives approve, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The Final (1) proposal must be approved with a sixty percent (60%) member schools vote. If the Final One Releaguings Proposal receives a sixty percent (60%) majority member school vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

- 54.0 All appeals must be in accordance with the CIF Blue Book Page 40 "Releaguings Appeal Procedures."

To Whom It May Concern,

INTRODUCTION

Buena Park High School ("BPHS"), Buena Park, CA, is offering a letter of support for the five Fullerton Joint Union High School District (FJUHS) schools who are appealing the "other sports Releaguings" decision of the California Interscholastic Federation Southern Section ("CIF-SS") on May 15, 2023. This letter of support is based upon ensuring "the releaguings criteria and process" follows the CIF-SS Purpose and Operating Principles as outlined on pages 21-22 in the Constitution of the California Interscholastic Federation. While many of the outlined principals concern the conduct of student-athletes and all parties who support student-athletes, it is imperative that any process that falls under the purview of CIF-SS ensures all members be afforded the proper processes at all times to ensure their programs are not placed in systems that could adversely affect the development of the programs designed for student-athlete growth and development. The unique and unprecedented nature of the releaguings efforts during this current cycle warranted a more in-depth, inclusive processes than what occurred during, and leading up to the May 15th releaguings meeting. Because this current cycle involved massive changes to the southern section configuration, it is imperative that all members be afforded the ability to not only advocate, but also have an equal voice in determining the large-scale shifts that resulted from the May 15, 2023 meeting. Trying to utilize bylaws and processes designed to make small-scale releaguings shifts, and applying those to the large-scale conferencing configurations, created a scenario where members of our district felt like the process had been done "to them" and not "with them."

FACTUAL BACKGROUND

As outlined in the minutes and agendas from the Athletic Director meeting on April 24, 2023, and during the May 15, 2023 Principal meeting, it was very evident that the CIF Southern Section was on the precipice of major shifts to the configuration of leagues and conferences for its members. The current procedures for the releaguings cycles that occurred every two years were designed to accomplish small scale tweaks to a 77-member system, not a wholesale redesign of the system into larger conferences, essentially dissolving up to 5 entire leagues in one cycle. The process can be acceptable if the leagues in question are utilizing the mechanism of "relief" to dissolve their leagues to accomplish conferencing, but when entire leagues not seeking dissolution are affected and placed in conferences, the procedures in place are not adequate to ensure an equitable process for a redesign of that magnitude.

During the releaguings meeting on May 15, the elements of time, openness, collegiality, and collaboration were not present, the process was rushed given the magnitude of the changes, and the backdoor deals did not allow for all parties involved to feel like there was an ethical process with the interests of students at the center of the discussion. Unlike the football discussion of the releaguings process, which was out in the open and discussed for months, if not

the previous year, the subsequent discussions for relegating, sans football, left schools and leagues feeling attacked, used, and not part of the overall discussion.

The 2024-2026 CIF Relegating cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Relegating Proposal before considering the relegating of all other CIF sports. Prior to the meeting, there was ample discussion, time, proposals, and evidence that all schools knew and understood not only the purpose, but the equity-based model being presented as a better design for the southern section. As the push to consolidate all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, BPHS agreed to the Football-Only Relegating Proposal. BPHS understood and agreed that moving the football program into a larger conference was not only in the best interest of BPHS's football program, but also a show of good will and a way to pilot BPHS's participation in a larger conference prior to relegating all other sports. However, once the conversations turned to the elimination of five different leagues and the creation of conferences for all other sports, BPHS voted "no" to join another conference for all other CIF sports.

The "no" vote was due more to the process of how the relegating effort was being conducted, and less of the actual result of the placement for BPHS. While BPHS understands the benefit of conferencing, and its placement into the Golden Empire Conference provides equity across the board for its athletic teams, the process used to accomplish such tasks did not provide the necessary time and collaboration to ensure all parties involved in the moves were part of the decision-making process. It became apparent through the second half of the meeting that the agenda of some in the room was to create larger 15-team conferences, regardless if all schools being moved were on-board, or even privy to the agenda. The goal of relegating in the past had always been to affect the least amount of schools as possible, however, this move was a wholesale overhaul of the southern section into as many large conferences as possible. The feeling among some member schools was that proposals and counter proposals were compiled during private, informal meetings, not involving all parties affected. At no time during the months leading up to the May 15th meeting had BPHS been involved in discussions about dissolving the freeway league in order to accomplish the task of forming larger conferences.

CONCLUSION

In closing, I feel that because the process of, and leading up to, May 15th was not a small-scale relegating effort, but rather a large-scale conferencing effort, CIF-SS officials should not only be present and integral in the conversations and management of the conferencing meeting, but the effort should be a better collaborative effort between CIF-SS and all member schools with an appropriate amount of time given for discussion and solutions. Buena Park High School thanks you for your consideration and would be pleased to respond to any questions you may have.

Respectfully,

**APPEAL – SONORA HIGH
SCHOOL, La Habra, CA**

September 7, 2023

I. INTRODUCTION

Sonora High School (“SOHS”), La Habra, CA, appeals the “other sports releguing” decision of the Orange County Area Placement (“OCAP”) and California Interscholastic Federation Southern Section (“CIF-SS”) on May 15, 2023. This appeal is based upon “the releguing criteria and process” that violated the following Orange County Area Schools Releagu Bylaws, 2024-2026 (“Bylaws”) (Attachment A):

1. Bylaws 24.0 and 40.0, mandating that the releguing proposals must affect the least amount of member schools as reasonably as possible;
2. Bylaws 24.0 and 40.0, mandating that Principals of schools requesting relief begin the meeting with a five-minute presentation that may include their school information and one (1) new 2024-2026 releguing proposal;
3. Bylaws 23.0 and 40.0, mandating that releguing proposals must provide reasonable and equal application of the following three criteria: competitive equity (strength of program), geography (travel time), and enrollment (school population);
4. Bylaw 22.0, mandating that all “Releagu Proposals must be written on the Orange County Area Releagu Proposal Form;” and
5. The introductory section of the Releagu Bylaws also states that “Releagu Proposals protocols and procedures will not discriminate against one or more member schools.”

Important Note: Bylaw 24.0 states, “*Any reference in this document to the word ‘league’ refers to a duly constituted league or conference formed in the last Releagu cycle.”

II. PROCEDURAL VIOLATIONS

Significant procedural violations were committed during the releguing process that require granting this appeal and nullifying SOHS’s placement in the Century Conference with respect to “other sports” commencing with the 2024-2025 year.

The 2024-2026 CIF Releaguings cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Releaguings Proposal before considering the releaguings of all other CIF sports. As the push to consolidating all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, SOHS agreed to the Football-Only Releaguings Proposal. Moving the football program into a larger conference was SOHS's show of good will and a way to pilot SOHS's participation in a larger conference prior to releaguings all other sports. SOHS refused, however, to join another conference for all other CIF sports. SOHS never formally requested relief, yet, along with the other members of the Freeway League, was moved in order to create a conference. Throughout the process, SOHS has maintained it does not want to join another league or conference for all other CIF sports.

The 2024-2026 Orange County Area Placement process was explicitly motivated by factors outside the three criteria allowed for consideration under Bylaw 23.0 as well as by discrimination toward member schools in violation of the Introduction of the Bylaws against intentional or unintentional discrimination against any member schools. During the February 8 and April 24, 2023 releaguings meetings, an athletic director in the Century Conference blatantly campaigned for the Freeway League's elimination. For example, he bitterly stated, "The Freeway League has been together 42 years. It's time for you guys to play ball and join the rest of us." This athletic director demonstrated other illegitimate reasons in support of the 2024-2025 Placement by saying, "[Century Conference's] goal is to expand. We have 9 teams and would like to get to 15." Furthermore, his and others' supported proposals discriminated against private schools. This was made clear by him and others during multiple meetings in which they stated, "We do not want schools without boundaries [or borders]." Finally, the same athletic director repeatedly advocated to disband the Freeway League schools under the pretense that Buena Park High School needed relief with statements like, "If I were student or family at Buena Park [High School], I would sue the District for not providing relief." Buena Park High School, however, never requested relief and excels within the Freeway League year-to-year. Century Conference representatives, who supported the ultimate releaguings proposal, demonstrated their complete disregard for the three criteria throughout the series of releaguings committees that took place from February to May 2023.

On April 24, 2023, the Athletic Directors approved three Athletic Director Releaguings Proposals for non-football sports that were posted in advance of the May 15, 2023 releaguings meeting. In violation of Bylaw 22.0, not all of these proposals were submitted on the Orange County Area Releaguings Proposal Form. (Attachment B is the only form available on the OCAP website). According to Bylaw 24.0, these proposals should also have affected "the least amount of member schools as reasonably possible." Yet, the ultimate releaguings proposal in fact impacted all schools in Orange County.

At the May 15, 2023 meeting for Principals, member schools voted on the final 2024-2026 Releaguings Proposal based on incomplete information in violation of Bylaw 40.0. Per Bylaw 39.0, the purpose of the May 15, 2023 meeting was for Principals (“Orange County Area Representatives”) to “review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal.” At the beginning of this meeting, as required by Bylaw 40, the Principals of schools requesting relief were to receive five minutes to present school information regarding their reasons for requesting relief as well as 2024-2026 Releaguings Proposal. This mandated procedure was entirely neglected as the May 15 meeting agenda (Attachment C) and meeting minutes (Attachment D) exhibit.

Instead of following this procedure in the Bylaws and giving schools requesting relief five minutes to present, the meeting began with a clear focus on solving the Football-Only Conferencing question first. The non-football proposals and counterproposals were addressed only after the Football-Only issue was resolved, and member schools requesting relief were denied time to present. Without this key information, Principals decided on proposals not knowing which schools were requesting relief nor how the proposals would provide relief.

At the May 15, 2023 meeting, Principals were presented with three additional non-football counterproposals that had been compiled during private, informal meetings leading up to May 15. As stated above, none of the original non-football proposals nor counterproposals indicated which schools were requesting relief nor how that relief was being satisfied. The discussions following each proposal at the May 15 meeting clearly demonstrated that certain existing leagues and conferences supported proposals based on the creation or expansion of conferences to benefit their members, without concern for other impacted schools. However, expanding a conference is not one of the criteria for re-leaguings as required by Bylaw 23.0. The resulting proposed conferences also failed to affect the least number of schools as reasonably possible as required in Bylaws 24.0 and 40.0.

Several member schools also directly expressed that they would not support proposals which added private schools, or “schools without borders” as they referred to them, to their league or conference. This expressed discrimination of private schools not only violated the Bylaws but also severely limited the process of finding the best possible relief proposals. The only way to increase conference sizes without adding private schools and while addressing schools that requested relief was to break up a league whose member schools did not request relief.

For example, one of the new counterproposals, non-Football Proposal 4 (Attachment E) that ultimately became the final 2024-2026 Placement, affected 100% of member schools across

Orange County. The proposal breached Bylaws 24.0 and 40.0, which state that “Releaguings Proposals should affect the least amount of member schools as reasonably possible.” When leagues or conferences affected by any of the proposals could submit new counterproposals, the Freeway League representatives, including SOHS, created and presented an alternate proposal, non-Football Proposal 7 (Attachment F), to affect the least schools reasonably possible while also working to satisfy the desire of certain conferences to expand or be created. The Freeway League’s counterproposal not only addressed all schools that requested relief, but also affected a smaller number of member schools. The counterproposal also expanded the conferences that wanted expansion and created conferences for member schools who wanted it. Again, some member schools or leagues spoke out against the Freeway League counterproposal giving the explicit, discriminatory reasoning that they did not want “schools without borders” (i.e. private schools) in their league or conference.

The 2024-2026 OCAP is the unfortunate outcome of a free-wheeling process driven by a few outspoken participants rather than the Bylaws’ process of providing reasonable and equal application of the accepted criteria—competitive equity (strength of program), geography (travel time), and enrollment (school population). Though SOHS never requested relief, SOHS will be adversely impacted by the significant resources it must divert to accommodate the releaguings 2024-2026 OCAP process to ensure its students can safely participate. For 42 years, SOHS students traveled within a five-mile radius to attend games at schools within their own school district (Fullerton Joint Union High School District or “FJUHS”). As a result of short travel times and ease of coordination among FJUHS schools, SOHS could start their games after class hours (8:30 AM – 3:30 PM) and share their resources to participate in CIF-SS. Now in the Century Conference, SOHS student athletes will have to miss up to three classes during away games. SOHS will have to purchase increased transportation, purchase athletic equipment, and build out their athletic facilities at an incredible expense to maintain competitive equity.

III. THREE CRITERIA

Applying the Bylaw’s process for developing Orange County Area Schools Releaguings requires the reasonable and equal application of three accepted criteria. SOHS finds that the 2024-2026 OCAP decreases its competitive equity, increases travel time, and affects enrollment.

1. Competitive Equity

There are many examples of competitive equity throughout the 24 sports in the Freeway League including, Baseball, Boys/Girls Basketball, Boys/Girls Soccer, Softball, Boys/Girls Swimming & Diving, Boys/Girls Tennis, Boys/Girls Volleyball, Boys/Girls Water Polo, Boys/Girls Wrestling, Football, Boys/Girls Golf, Boys/Girls Cross Country, Boys/Girls Track &

Field. Over the past two years, SOHS athletic teams have demonstrated a fair competitive equity in the current league placement with 43% and 39% have qualified or had individuals qualify for the CIF playoffs respectively.

Competitive equity also goes beyond athletic success and needs to be considered with respect to athletic facilities and athletics costs as well. SOHS is not equipped with the field lights or all-weather tracks necessary for safely hosting games. Those were the only schools in the Freeway League that had all-weather tracks and field lights. Competing intra-district allowed SOHS to use facilities at other schools within the Freeway League when necessary. Under the 2024-2026 Placement, however, the only two Freeway League schools equipped with field lights and all-weather tracks, Buena Park High School and Fullerton High School, are no longer placed in a league with SOHS. Whereas before, SOHS would have used the field lights and all-weather tracks at Buena Park High School or Fullerton High School, now SOHS must purchase and install field lights and all-weather tracks in time for the 2024-2025 year. Otherwise, the events will either take place in the dark or be moved to earlier in the day, which will remove student athletes and coaches from additional classroom time for home games.

2. Geography/Distance

With the proposed relegating placement, SOHS will now be required to travel longer distances to athletic contests causing unnecessary issues for both student athletes and coaching staff members.

SOHS student athletes and teachers will have less time in the classroom because of earlier game times and because they will have to travel longer distances for the games. With this change that the 2024-2026 Placement imposes on SOHS, SOHS student athletes and teachers will have to miss up to two classes and even lunch, depending on what time the game begins. As of now, student athletes already use their lunch period to ask teachers for assignments and make up quizzes and exams. SOHS students are not on a block schedule, meaning they do not have a free period in the day that can be used for those purposes instead. Both athlete students and non-athlete students will be affected alike by their teachers' frequent and prolonged absence from class.

The 2024-2026 Placement will place stress on SOHS from a transportation perspective as well since it may require SOHS to rely on and pay for charter buses to travel to their games. Currently, SOHS needs athletics transportation from 1pm-10pm and is part of a high school-only district that does not provide bussing except for special education students. FJUHSd does not own or control a fleet of buses that are available for use after school hours as a unified school districts with large bus fleets. To date, FJUHSd made do with fewer cars because it will "double up" transportation among the Freeway League's various schools and teams. For example, after an FJUHSd bus drops off Sonora High School's baseball team at SOHS, the same bus will pick up and transport SOHS's baseball team to their game. Traveling short distances between schools has also contributed to making SOHS's participation in the Freeway League possible despite FJUHSd's shortage on buses. If SOHS competes in a new league, using available FJUHSd transportation will be completely untenable, and there will be no way to participate in CIF without paying for charter buses throughout the year for all teams.

There are a certain number of campus staff that must be present for every sport, and SOHS must also hire substitute teachers for up to two class periods for each coach who teaches class. The earlier game start times and the additional travel time to Century Conference schools

that are up to 16 miles away, as opposed to Freeway League schools that are a maximum of 5 miles away, will take coaches away from the classrooms they teach.

3. Enrollment

A league/conference's competitive equity increases with greater similarity among the schools' size and resources. Larger schools have greater talent pools than smaller schools, and school districts in higher-income areas are more advantaged. The current CIF-SS Placement will place SOHS in a league that has greater disparities in enrollment size. In the Freeway League, the difference between schools with the most and least students enrolled was 865. In the 2024-2025 Century Conference, however, the range in school enrollment between schools with the most and least students enrolled is 1,861. Even after taking outlier private school, Crean Lutheran, out of the calculation, the difference is still large at 1,384.

Demographic differences between schools must also be considered when taking enrollment into account as overall numbers of students is not a completely accurate indicator of helping to provide competitive equity.

IV. CONCLUSION

Sonora High School thanks you for your consideration of its appeal. We would be pleased to respond any questions you may have.

Orange County Area Schools

Releaguings Bylaws

2024-2026

Process: The process for developing Orange County Area Schools Releaguings shall:

1. Provide reasonable and equal application of **accepted criteria**:
 - **Competitive Equity (strength of program)**
 - **Geography (travel time)**
 - **Enrollment (student population)**
2. Maintain Brown Act Compliance (“intended to provide public access to meetings”)
3. Follow CIF Southern Section Blue Book rules and policies

Orange County Area Placement is a two-year releguing cycle for all sports. (Approved March 13, 2017).

Releaguings Proposals: All Releaguings Proposals must provide evidence of the above-accepted criteria.

Releaguings Proposals protocols and procedures will not discriminate against one or more member schools. Releaguings Proposal protocols, procedure and guidelines must be inclusive and applied with consistency and equality (same opportunity when policy is applied). We must prevent the inconsistent and unequal application of Releaguings Proposal protocols, procedures and guidelines that would intentionally or unintentionally discriminate against one or more than one member school while creating single sport alignment, leagues or conferences.

Releaguings Proposals must include all member schools.

Blue Book Sections: CIFSS Section Bylaw 32 (pages 37-40) - Area Placement and Releaguings Process/Appeals CIFSS Section Bylaw 507 (page 109)- Section Alignment of Leagues

Bylaws:

Chairperson, Parliamentarian, Secretary and Dues

- 1.0 Mr. Michael P. Brennan will preside as Chairperson with the assistance of Dr. John Dahlem (Parliamentarian) and Mr. Joel Hartmann (Secretary).
- 2.0 Releaguings Dues will be \$50.00 per school. Dues may be used to pay for expenses such as snacks, water, location and parking. Checks should be made out to **“Trinity League” and mailed to Mater Dei High School c/o Mr. Joel Hartmann 1202 West Edinger Ave. Santa Ana, California 92707**. If expenses are greater than revenue, a simple majority vote will increase Releaguings Dues. Dues is to be paid on or before April 3, 2023, for this Releaguings Cycle.

Membership and Voting Privileges

- 3.0 Orange County Area Representative Principals are committee members and thus have voting privileges.
- 4.0 Voting is restricted to schools that are members of the organization and in operation with students. This includes new member schools recently approved by the CIF SS for Orange County Placement.
- 5.0 Schools (not yet opened but have plans to open/no students) assigned through area placement may participate in Releaguings (voting privileges) provided a simple majority of voting members approve.
- 6.0 If a Principal cannot attend a meeting, he or she must send an Administrative Designee from the same school. The Administrative Designee from the same school will have voting privileges based on written authorization. Therefore, schools must be present to exercise voting privileges (**no proxy votes**).
- 7.0 If a Principal is unable to attend, the principal must provide written authorization for the Administrative Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting

SS 655 E

begins, the Administrative Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letter head, include the Principal's signature and Administrative Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org).

8.0 At the April 24th Athletic Directors meeting, only Athletic Directors will have voting privileges to determine three (3) Athletic Director proposals. Schools must be present to exercise voting privileges (no proxy voting). If an Athletic Director cannot attend he/she must send an Athletic Director Designee (from the same school) to have voting privileges. For voting privileges to occur, written authorization must be received in advance of the scheduled meeting start time. If written authorization arrives after the scheduled meeting begins, the Athletic Director Designee will forfeit voting privileges for that meeting only, unless a simple majority of voting members vote to reinstate voting privileges. Written authorization must be on school letterhead, include the Athletic Director signature, Athletic Director Designees name and position. Written authorization must be emailed to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). After this meeting, all voting privileges will return to Principals. This is the only meeting that Athletic Directors have voting privileges.

Media, Brown Act, Roberts Rules of Order, Agendas, Videotape and Minutes/Notes

9.0 Meetings are open to the media. Each media representative must introduce him or herself to the Chairperson, Parliamentarian or Secretary.

10.0 Meetings are subject to the Brown Act and will follow an agenda.

11.0 Meetings will be conducted and based upon Robert's Rules of Order.

12.0 Meeting agendas will be provided five (5) working days before each scheduled meeting.

13.0 Meeting minutes or notes will be distributed to all Principals within seventy-two (72) hours.

14.0 Agendas must be posted at each school site seventy-two (72) hours before scheduled meetings.

Quorum, Voting and Passage of Motion

15.0 A simple majority of Orange County Area Representatives will constitute a quorum for all meetings. Alphabetical Roll Call by member school will be obtained verbally.

16.0 Alphabetical Roll Call (by member school) voting will be verbally stated by each member school. Each member school verbally states their vote so that all member schools have the opportunity to hear the official vote of other member schools. Schools must be present to exercise voting privileges (**no proxy voting**). Minutes or notes will reflect the yeas, nays and abstentions for each vote taken. A record of each Roll Call vote will be attached to the minutes and sent to the CIF SS office. Secret ballots are prohibited. The Chairperson will request that an administrative designee from each member school verbally state their official vote or votes.

17.0 The Releaguings Secretary and the Parliamentarian will tabulate Roll Call voting separately. It is recommended that each member school tabulate Roll Call voting (auditing).

18.0 Voting shall be conducted by a 1) Motion 2) Second 3) Discussion 4) Call for Vote 5) Vote.

19.0 Passage of any motion (not the Final (1) Proposal) to approve requires a majority of those present (50% plus 1 of casted votes) to vote yea. In the case of a tie, the motion will not be approved. Abstentions are considered a casted and official vote.

20.0 Passage of a motion to vote upon the Final (1) Releaguings Proposal requires a majority vote of those member school administrative designees present. Once the motion to vote upon the Final (1) Releaguings Proposal is approved, a motion will be made to approve the Final (1) Releaguings Proposal. The Final (1) Releaguings Proposal must obtain a sixty percent (60%) majority yea vote of those member school administrative designees present. Abstentions are considered a casted vote.

School Profile, Area Placement Questionnaire and Releaguings Proposal

21.0 Schools will digitally send (email) a completed official School Profile Form and their Area Questionnaire to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). This must occur on or before 11:59 p.m. April 3, 2023. The Releaguings Secretary will post the official School Profile Form and Area Placement Questionnaire on the Orange County Area Placement website under resources. Schools must utilize the official School Profile Form and Area Placement Questionnaire provided by the Releaguings Secretary. Schools requesting Orange County Area Placement or Relief must submit a New League Proposal to Joel Hartmann (jhartmann@materdei.org) by April 14, 2023, 11:59 p.m.

22.0 Releaguings Proposals must be written on the Orange County Area Releaguings Proposal Form. This form is located on the Orange County Area Placement Website. If a proposal is created at either the Athletic Directors or Principals meetings, the Releaguings Proposal Form must be completely filled out. Upon request, Releaguings Proposal Form(s) will be sent to the Releaguings Secretary Mr. Joel Hartmann (jhartmann@materdei.org). The Releaguings Secretary will post Releaguings Proposal Forms (Orange County Placement Website) for all member schools to view.

23.0 Releaguings Proposals must provide reasonable and equal application of **accepted criteria and must include all member schools:**

- **Competitive Equity (strength of program)**
- **Geography (travel time)**
- **Enrollment (school population)**

See “Process and Releaguings Proposals” page 1 of this document.

Athletic Directors Releaguings Proposal Meeting

24.0 Athletic Directors will meet on April 24, 2023 (beginning at 9:00a.m.) Diocese of Orange. At this meeting, Athletic Directors/New Member School Athletic Directors are Orange County Area Representative voting members. The purpose of this meeting is for Athletic Directors to collegially create a maximum of three (3) Releaguings Proposals. The three (3) Releaguings Proposals are based (only) on those schools requesting relief or new member schools requesting a league. *Any reference in this document to the word “league” refers to a duly constituted league or conference formed in the last Releaguings cycle. All conferences are permitted one vote regardless of how many leagues are within said conference. The meeting will begin with (only) member schools Athletic Directors requesting relief and new member schools Athletic Directors having five (5) minutes to present their school information and Releaguings Proposals. Only one representative per school is permitted to speak. Athletic Directors seeking relief will present first, followed by new member school Athletic Directors. Each school may include a maximum of two (2) new 2024-2026 Releaguings Proposals. Releaguings Proposals should affect the least amount of member schools as reasonably possible. Releaguings Proposals must include all member schools. All member schools have voting privileges. Releaguings Proposals must be sent to the Releaguings Secretary, Mr. Joel Hartmann (jhartmann@materdei.org) on or before April 14, 2023, 11:59p.m. The Releaguings Secretary will post Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. on April 16, 2023.

25.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 24.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.

26.0 All Leagues/Conferences/Member Schools will have ten (10) minutes to reflect and discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).

27.0 League/Conference Presidents or a League/Conference Designee (must be an Athletic Director) from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative

per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting relief and new member schools will have (3) minutes to speak for or against.

28.0 If member schools requesting relief and new member schools are accepted into league/conference of their choice, a Releaguings Proposal will be created and then voted upon. Passage of a motion to approve will require a simple majority of those member schools or Athletic Directors present. In this case, only one (1) Releaguings Proposal would be created and recommended to principals. Final one (1) Athletic Director proposal will immediately be placed on the Orange County Releaguings Website.

29.0 If one (1) or more than one (1) member school requesting relief or new member school(s) is/are not accepted into the league/conference of their choice, the Chairperson will call for a twenty (20) minute caucus. The purpose is to allow Athletic Directors (from the same league/conference) the opportunity to communicate and develop Releaguings Counterproposals. Releaguings Counterproposals must be aligned to the accepted criteria and must include schools that requested relief or are new members.

30.0 Each league/conference will have the opportunity to create one (1) Releaguings Counterproposal. Upon request, the Releaguings Chairperson may grant more time (5-minute periods). Releaguings Counterproposals must include the league/conference name and league/conference vote in support of the league Releaguings Counterproposal. If a league/conference does not approve a Releaguings Proposal by a simple majority, the Releaguings Counterproposal will not be included and considered obsolete.

31.0 Upon request, Releaguings Counterproposals must be emailed to the Releaguings League Secretary Mr. Joel Hartmann (jhartmann@materdei.org). Releaguings Counterproposals will then be posted on the Orange County Releaguings Website.

32.0 League/Conference Presidents or Athletic Directors from leagues/conferences that created a Releaguings Counterproposal will have three (3) minutes to speak. There will be only one representative per league/conference presenting. Releaguings counterproposals must include member schools requesting relief and new member schools requesting a league.

33.0 New member school Principals, League/Conference Presidents, or a League/Conference Designee (must be an Athletic Director) from impacted leagues, an Athletic Director from schools requesting relief and new member schools Athletic Directors will have three (3) minutes to speak for or against Releaguings Counterproposals. There will only be one representative per impacted league/conference, member schools requesting relief and new member schools speaking.

34.0 Releaguings Counterproposals will have a numbered representation. The Releaguings Secretary will number each Releaguings Proposal beginning with one (1).

35.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school will verbally communicate their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the amount of votes per Releaguings proposal. Each member school will have the opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. Therefore, if there were eight (8) Releaguings Proposals, each member school would have four (4) votes. If there were nine (9) Releaguings Proposals, each member school would have four (4) votes. A member school may use all votes in support of one (1) Releaguings Proposal. The top three (3) Releaguings Proposals will be announced. In the case of a tie, there may be more than three (3) Releaguings Proposals recommended to member school Principals. Both the Releaguings Secretary and the Parliamentarian will tabulate votes. All Athletic Directors are encouraged to tabulate votes (audit).

36.0 Chairperson will call for a vote. Roll call and verbal voting will begin and each member school including new member schools will verbally vote to approve the top three (3) Athletic Director Releaguings Proposals. There is no proxy voting.

37.0 Passage of a motion to approve the top three (3) Athletic Director Releaguings Proposals will require a simple majority of those member schools or Athletic Directors present. Each member school will have one (1) vote to approve the motion.

38.0 Final three (3) Athletic Director proposals will immediately be placed on the Orange County Releaguings Website. Releaguings Proposals will be recommended to member school Principals.

Principals Releaguings Proposal and Final Recommended CIF Orange County Releaguings Placement

- 39.0 The second and potential final meeting will be May 15, 2023 (9:00 a.m.) Location TBA. At this meeting, Principals are considered Orange County Area Representatives. The purpose of this meeting is to review recommended Athletic Director Releaguings Proposals (from April 24, 2023) and provide time for member school Principals seeking relief, new member school Principals, and each league/conference an opportunity to present one (1) new Relief Releaguings Proposal. Principals seeking relief, new member school Principals (only those schools that requested relief or new member schools requesting a league/conference at the April 24, 2023 Athletic Director meeting) and leagues/conferences must send their one (1) new 2024-2026 Releaguings Proposal to the Releaguings Secretary, Joel Hartmann (jhartmann@materdei.org) on or before May 5, 2023 11:59p.m. The Releaguings Secretary will post all new Releaguings Proposals on the Orange County Area Placement Website by 12:00p.m. May 7, 2023.
- 40.0 The meeting will begin with member school Principals requesting relief and new member school Principals having five (5) minutes to present. In their presentation, they may include school information and one (1) new 2024-2026 Releaguings Proposal. Relief and new member schools Releaguings Proposals must affect the least amount of member schools as reasonably possible. Releaguings proposals must include all member schools. Releaguings Proposals must follow accepted criteria. All member schools have voting privileges.
- 41.0 If a school seeking relief or a new member school creates a proposal for Football Only, all member schools must be included within a Football Only Releaguings Proposal(s). All CIF criteria will be followed. All member schools will be treated consistently and with equality (same opportunity when policy is applied). All member schools are permitted to vote for or against a Football Only Releaguings Proposal(s) per CIF SS. The process, beginning with 40.0, will be used to determine if a Football Only Releaguings Proposal(s) is/are approved or not approved by member schools. It must be noted that a Football Only Releaguings Proposal(s) will be voted upon and approved/not approved before all other Sports Releaguings Proposals can be discussed. Football Only Releaguings Proposal(s) will be kept separate from all other Sports Releaguings Proposals. At the end of the Releaguings Process, two separate Releaguings Proposals must obtain 60 percent (60%) member school approval to be sent to CIF SS as our Final Releaguings Proposals (Football Only and all other Sports). Again, if there is a Football Only Releaguings Proposal(s), we will follow the process for both Football Only and other Sports Releaguings Proposals.
- 42.0 All leagues/conferences will have ten (10) minutes to discuss Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).
- 43.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.
- 44.0 Individual League/Conference 2024-2026 Releaguings Proposals will be presented. Each League/Conference President or League/Conference Designee will have (5 minutes) to present their 2024-2026 Releaguings Proposal. Releaguings Proposals must be aligned to accepted criteria and must include schools seeking relief and new member schools requesting a league/conference.
- 45.0 All leagues/conferences will have ten (10) minutes to discuss Individual League Releaguings Proposals. Upon request, the Releaguings Chairperson may grant more time (5-minute periods).
- 46.0 League/Conference Presidents or a League/Conference Designee from impacted leagues/conferences have three (3) minutes to speak for or against presented Releaguings Proposals. One representative per league/conference may present. At the conclusion of League/Conference Presidents or League/Conference Designees speaking, one representative from schools requesting reliefs and new member schools will have (3) minutes to speak for or against.
- 47.0 Athletic Director Releaguings Proposals (April 24, 2023) will be reviewed by the Releaguings Secretary.
- 48.0 Athletic Director Releaguings Proposals will be numbered as one (1), two (2) and three (3).
- 49.0 Relief Releaguings Proposals and new member Proposals will begin with the number four (4), unless there were more than three (3) Athletic Director Releaguings Proposals. The new League proposals will begin with the number that immediately follows Relief and new member proposals. Releaguings Secretary Joel Hartmann will number new Proposals under the observation of the parliamentarian (Dr. John Dahlem).
- 50.0 Chairperson will call for a vote. Alphabetical Roll Call voting will begin. Each member school Principal will verbally state their official vote by stating the school they represent, the numbered Releaguings proposal(s) they are supporting and the number of votes per Releaguings proposal (no proxy voting). Each member school will have the

opportunity to vote for one half (50% rounding down) of total Releaguings Proposals. For example, if there were six (6) total first round proposals, each school would have three (3) votes. If there were five (5) total first round proposals, each school would have two (2) votes. A member school may use all votes in support of one (1) Releaguings Proposal or may divide their votes and vote for more than one proposal. At the end of the first round, the top three (3) proposals will move forward to round two (2). Round two (2) will move from three (3) to two (2) Releaguings Proposals. During round two and following rounds, each school will have one (1) vote. Round three (3) will move from two (2) Releaguings Proposals to the Final (1) CIF Releaguings Proposal. The Releaguings Secretary and the Parliamentarian will tabulate votes. All member schools are encouraged to tabulate votes (audit).

- 51.0 Passage of a motion and voting to approve the top three (3) Releaguings Proposals (round 1), final two (2) Releaguings Proposals (round 2) and the final CIF Releaguings Proposal (round 3) will be as follows. If we begin this process with less than four (4) Releaguings Proposals, we will move directly to the final (2) or possibly the final (1) depending on the number of Releaguings Proposals submitted:

The top three (3) Releaguings Proposals will be those proposals that receive the highest amount of votes. Therefore, the highest amount is number one (1); the second highest amount is number two (2), and the third highest amount is number three (3).

The final two (2) Releaguings Proposals will be those proposals which receive the highest amount of votes. Therefore, the highest amount is number (1) and the second highest amount is number two (2).

The final (1) 2022-2024 Releaguings Proposal will be the proposal that receives the highest amount of votes from the final two (2). Therefore, the highest amount (out of the final two) will be the Final (1) 2022-2023 Releaguings Proposal.

Passage of a motion to vote on the Final (1) CIF Proposal will be approved by a majority vote. Once approved, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The final proposal must be approved with a sixty percent (60%) majority vote. If the Final one (1) Releaguings Proposal receives a sixty percent (60%) majority vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

- 52.0 If there is a tie when determining the top three (3) or the final two (2) Releaguings Proposals, all tied Releaguings Proposals will be included in the top three (3) or final two (2). For example, if there are two (2) Releaguings Proposals tied for first when determining the top three (3), the top three (3) Releaguings Proposals will include the two (2) tied for first plus the second place Releaguings Proposal only.

- 53.0 If the Final Releaguings Proposal does not receive a sixty percent (60%) majority vote, there will be a League representative caucus for twenty (20) minutes. Per request, the Releaguings Chairperson may approve more time (5 minute-periods). League Representatives will meet and prepare a compromise to the Final (1) CIF Proposal. The compromise will create a new counterproposal. This new counterproposal must follow the accepted criteria and must include schools requesting relief and new member schools requesting a league/conference. Passage of a motion to vote on the Final (1) Releaguings Proposal (League Representative Counterproposal) will be approved by a majority vote of League Representatives. Once League Representatives approve, a motion will be made to approve the Final (1) 2024-2026 Releaguings Proposal. The Final (1) proposal must be approved with a sixty percent (60%) member schools vote. If the Final One Releaguings Proposal receives a sixty percent (60%) majority member school vote, voting ceases and that proposal will represent the area as its selection and will be immediately forwarded to the CIF Southern Section office.

- 54.0 All appeals must be in accordance with the CIF Blue Book Page 40 "Releaguings Appeal Procedures."

To Whom It May Concern,

INTRODUCTION

Buena Park High School ("BPHS"), Buena Park, CA, is offering a letter of support for the five Fullerton Joint Union High School District (FJUHS) schools who are appealing the "other sports Releaguings" decision of the California Interscholastic Federation Southern Section ("CIF-SS") on May 15, 2023. This letter of support is based upon ensuring "the releaguings criteria and process" follows the CIF-SS Purpose and Operating Principles as outlined on pages 21-22 in the Constitution of the California Interscholastic Federation. While many of the outlined principals concern the conduct of student-athletes and all parties who support student-athletes, it is imperative that any process that falls under the purview of CIF-SS ensures all members be afforded the proper processes at all times to ensure their programs are not placed in systems that could adversely affect the development of the programs designed for student-athlete growth and development. The unique and unprecedented nature of the releaguings efforts during this current cycle warranted a more in-depth, inclusive processes than what occurred during, and leading up to the May 15th releaguings meeting. Because this current cycle involved massive changes to the southern section configuration, it is imperative that all members be afforded the ability to not only advocate, but also have an equal voice in determining the large-scale shifts that resulted from the May 15, 2023 meeting. Trying to utilize bylaws and processes designed to make small-scale releaguings shifts, and applying those to the large-scale conferencing configurations, created a scenario where members of our district felt like the process had been done "to them" and not "with them."

FACTUAL BACKGROUND

As outlined in the minutes and agendas from the Athletic Director meeting on April 24, 2023, and during the May 15, 2023 Principal meeting, it was very evident that the CIF Southern Section was on the precipice of major shifts to the configuration of leagues and conferences for its members. The current procedures for the releaguings cycles that occurred every two years were designed to accomplish small scale tweaks to a 77-member system, not a wholesale redesign of the system into larger conferences, essentially dissolving up to 5 entire leagues in one cycle. The process can be acceptable if the leagues in question are utilizing the mechanism of "relief" to dissolve their leagues to accomplish conferencing, but when entire leagues not seeking dissolution are affected and placed in conferences, the procedures in place are not adequate to ensure an equitable process for a redesign of that magnitude.

During the releaguings meeting on May 15, the elements of time, openness, collegiality, and collaboration were not present, the process was rushed given the magnitude of the changes, and the backdoor deals did not allow for all parties involved to feel like there was an ethical process with the interests of students at the center of the discussion. Unlike the football discussion of the releaguings process, which was out in the open and discussed for months, if not

the previous year, the subsequent discussions for relegating, sans football, left schools and leagues feeling attacked, used, and not part of the overall discussion.

The 2024-2026 CIF Relegating cycle consolidated all Orange County Area Schools' football teams into one conference. Member schools were required to vote on the Football-Only Relegating Proposal before considering the relegating of all other CIF sports. Prior to the meeting, there was ample discussion, time, proposals, and evidence that all schools knew and understood not only the purpose, but the equity-based model being presented as a better design for the southern section. As the push to consolidate all Orange County Area Schools football teams into one football conference reflected a larger CIF trend, BPHS agreed to the Football-Only Relegating Proposal. BPHS understood and agreed that moving the football program into a larger conference was not only in the best interest of BPHS's football program, but also a show of good will and a way to pilot BPHS's participation in a larger conference prior to relegating all other sports. However, once the conversations turned to the elimination of five different leagues and the creation of conferences for all other sports, BPHS voted "no" to join another conference for all other CIF sports.

The "no" vote was due more to the process of how the relegating effort was being conducted, and less of the actual result of the placement for BPHS. While BPHS understands the benefit of conferencing, and its placement into the Golden Empire Conference provides equity across the board for its athletic teams, the process used to accomplish such tasks did not provide the necessary time and collaboration to ensure all parties involved in the moves were part of the decision-making process. It became apparent through the second half of the meeting that the agenda of some in the room was to create larger 15-team conferences, regardless if all schools being moved were on-board, or even privy to the agenda. The goal of relegating in the past had always been to affect the least amount of schools as possible, however, this move was a wholesale overhaul of the southern section into as many large conferences as possible. The feeling among some member schools was that proposals and counter proposals were compiled during private, informal meetings, not involving all parties affected. At no time during the months leading up to the May 15th meeting had BPHS been involved in discussions about dissolving the freeway league in order to accomplish the task of forming larger conferences.

CONCLUSION

In closing, I feel that because the process of, and leading up to, May 15th was not a small-scale relegating effort, but rather a large-scale conferencing effort, CIF-SS officials should not only be present and integral in the conversations and management of the conferencing meeting, but the effort should be a better collaborative effort between CIF-SS and all member schools with an appropriate amount of time given for discussion and solutions. Buena Park High School thanks you for your consideration and would be pleased to respond to any questions you may have.

Respectfully,

Sonje Berg, Ed. D., Principal
