CIF-SS Class B and Class Track Records

Track results for the CIF-SS is a combination of several inputs. The CIF-SS Record Book (on-line at cifss.org) has the “winners” from 1913 to present in each track event and cross-country event. In track, the office has “all the placers” in track and cross country from 1913 to 1997 for all divisions including most of the early B & C divisions...those are located in a white folder entitled Track and Cross-Country results (this includes the early results which have been gleaned from old historical newspapers). The office also has files for each year in track and cross- county from 1984 to present...they are in the steel filing cabinets in the CIF-SS office. Recent results from 1997 to present can be found from the above information and from on-line options to include sites like: Royalresults.com and flashwest.com, etc.

Don Chadez has the All-Time Orange County track marks:
flashwest.com.

To see “Los Angeles Times” sports articles (indexed) from 1884 to 1984 go to Los Angeles Library on the web and click under Catalog, then Databases and scroll down to ProQuest Newsstand. You will need a Los Angeles City Library card number to access.

Scroll down to Los Angeles Times Historical database and start your research, a great resource.

<http://databases.lapl.org/>

Another great resource is the high school yearbook. Check at the schools with the librarian. See also, www.classmates.com or www.e-yearbook.com for subscription to see digitized yearbooks. Another valuable research too is www.Newspapers.com to find names of athletes in local newspapers.

CIFSS moves to Conference/Divisional Football Champions format

The CIFSS office began to produce “one program” that covered all the games in a Conference/Divisional format. All the programs from 1977 to present are located in the CIFSS files in hard copy and on-line (in office) from 2017 to present.
