Assistant Commissioner Thom Simmons invited CIF Southern Section Historian Dr. John S. Dahlem to briefly join the meeting as he had a special announcement. The CIF Southern Section has been working hard over the past several months, creating a digital library that is live on our website and completely searchable. Because Dr. Dahlem has been so instrumental in gathering much of the history of the organization, Mr. Simmons announced that the digital library was being named the "Dr. John S. Dahlem Digital Library." After a standing ovation, Dr. Dahlem gave a few words of gratitude to the Committee and the Section for this honor.

### **3. NON-ACTION ITEMS**

#### **A. STATE FEDERATED COUNCIL NON-ACTION ITEMS**

There are no State Federated Council non-action items at this time.

#### **B. SOUTHERN SECTION NON-ACTION ITEMS**

1. Proposed Bylaw Revision – 3400.2  
Badminton Playoffs Non-Action SS 670

President Jim Perry reviewed the proposal regarding playoffs for Badminton. Since there is a State CIF championship in the sport of badminton, there should be a Southern Section championship. However, the Southern Section is the only Section in the State that requires at least 20% of the overall membership to field the sport before a viable championship can be held. Badminton only has 51 of the 560 schools that field Badminton. 112 are needed to hold championships in the sport. Only six of the ten sections in the state hold Badminton championships. It was asked that more data regarding the sport, such as the number of schools that have fielded the sport over the past five to ten years be made available. The Committee was reminded that Badminton was a championship sport until around 2002 when the sport had been under the 20% threshold for several years.

2. Proposed Bylaw Addition – 1222.7  
Officials Fees Non-Action SS 671

President Jim Perry reviewed the proposal regarding officials' fees. This proposal adds the language forbidding donations to the officials' associations. Schools have been making donations to some area soccer units in exchange for getting officials assigned. Are there any plans for the future to help keep this soccer situation from arising again? The process in place will continue as it stands with the addition of an additional meeting with the officials' groups once the committee recommendations have been made so that the officials' groups have one last opportunity to weigh in before the recommendations go to a Council vote. What will be the penalty if a school violates the new bylaw? There are consequences in the Blue Book regarding institutional oversight.
