2024 Girls Volleyball Initial Playoff Rankings Report

Athletic Directors and Head Coaches please review the following pages for accuracy. This report is strictly for information only at this point in the season.

Rankings will change as the season progresses and school review, correct and continuously update their individual results.

The information in this report came directly from CIFSSHome and your entered schedule as of Sunday, September 15, 2024. No other outside source can or will be used to collect the information. If you have only entered information into MaxPreps or another source, you must correct that information now. All matches/results except for one set contest should be entered.

The “Rating” column will be the one used to determine your team’s playoff division at the end of the regular season.

The “SoSched” column will be used to break a potential tie between two or more teams that have identical ratings.
