

2024 – 2025 Girls' Beach Volleyball Rankings Report #2

Athletic Directors and Head Coaches please review the following pages for accuracy.

Rankings will change as the season progresses and schools review, correct and continuously update their individual results.

Do not overreact to the initial report. If you feel that you are ranked too high, please wait, if you feel that you are ranked too low, please wait. Once more data is entered changes will take place.

The information in this report came directly from CIFSSHome and your entered schedule as of Monday, **March 24, 2025**. No other outside source can or will be used to collect the information. If you have only entered information into MaxPreps or another source, you must update/correct that information now. All contests/results should be entered.

There were 795 total matches listed in CIFSSHome between February 10 and March 24. Of the 1056 matches **153 had a missing score or the opponent listed as TBA**. These **MUST** be updated or removed from your official schedule.

The “Rating” column will be the one used to determine your team’s playoff division at the end of the regular season.

The “SoSched” column will be used to break a potential tie between two or more teams that have identical ratings.

If you see a discrepancy on your schedule before calling our office, please confirm all contests on your CIFSSHome Team page. It is possible that you have a contest entered twice due to game date change or you have selected the wrong opponent.

Update all tournament information with the correct opponent, date and results. Remove the “TBA” as the opponent.

Look for any duplicate games or entries that are +/- a day. If your opponent has an incorrect date the contest will appear twice on your schedule.

Check opponents on your schedule to confirm you have selected the correct team from the drop-down menu. Do not select a school from another state or section if you did not compete against them. Details matter!
