

2024 – 2025 Boys' Volleyball Rankings Report #4

Athletic Directors and Head Coaches please review the following pages for accuracy.

Rankings will change as the season progresses and schools review, correct and continuously update their individual results.

As a reminder, this information is continuously changing with every match score update both by you and your opponents and their opponents. On Thursday, April 23rdth at 2:00pm the records and scores will be locked and finalized. Any adjustments made after this time will not change or alter the final rankings.

The information in this report came directly from CIFSSHome and your entered schedule as of Sunday, April 6, **2025**. No other outside source can or will be used to collect the information. If you have only entered information into MaxPreps or another source, you must update/correct that information now. All contests/results should be entered.

There were 6904 total entries listed in CIFSSHome between February 15 and April 6. Of the 6904 entries 339 had a missing score or the opponent listed as TBA. These **MUST** be updated or removed from your official schedule. **In addition, over 10 have a match score of 1 – 0 entered. These must be removed. A one set contest is not an official match.**

Next, several of you are selecting an all-girls school (Notre Dame Academy) as the opponent or a middle school (Golden Valley Middle School). Pay attention to the opponent on the drop-down menu. Select the right school and CIF section.

The “Rating” column will be the one used to determine your team’s playoff division at the end of the regular season.

The “SoSched” column will be used to break a potential tie between two or more teams that have identical ratings.

If you see a discrepancy on your schedule before calling our office, please confirm all contests on your CIFSSHome Team page. It is possible that you have a contest entered twice due to game date change or you have selected the wrong opponent.

Update all tournament information with the correct opponent, date and results. Remove the “TBA” as the opponent.

Look for any duplicate games or entries that are +/- a day. If your opponent has an incorrect date the contest will appear twice on your schedule.
