

2024 – 2025 Baseball Rankings Report – May 6

Athletic Directors and Head Coaches please review the following pages for accuracy.

This is the final regular season ranking report that will be posted. The rankings in this report came from games entered into CIFSSHOME through Saturday, May 3, 2025. No other outside source can or will be used to collect the information. If you have only entered information into MaxPreps or another source, you must update/correct that information now. All contests/results should be entered.

Schools who fail to accurately enter complete regular season results into the CIFSSHome (www.cifsshome.org) system will not be placed into a playoff division and will be INELIGIBLE to participate in the Southern Section Championship playoffs for violating CIF Southern Section Bylaw 3519.2 and Bylaw 3519.3.

As a reminder, this information is continuously changing with every score update by both you and your opponents and their opponents. On Thursday, May 8th the records and scores will be locked and finalized. Any adjustments made after this time will not change or alter the final rankings.

Please ensure all schedules & scores are complete in CIFSSHome no later than 10:00 p.m. on Wednesday, May 7.

There are **10,254** total contests listed in CIFSSHome between February 17 and May 3. Of the **10,254** contests, **250 contests** have a missing score. These **MUST** be updated or removed from your official schedule.

The “**Rank**” column will be the one used to determine your team’s playoff division at the end of the regular season. In the final season rankings, automatic qualifiers, and at-large teams where there is room in the bracket, will be averaged into 9 divisions in the rank order they appear.

If you see a discrepancy on your schedule (overall record) before calling our office, please confirm the following for all contests on your CIFSSHome Team page.

- It is possible that you have entered a contest twice due to game date change, incorrect game time, or you have selected the wrong opponent. Look for any duplicate games or entries that are +/- a day. **If your opponent has an incorrect date and/or score the contest will appear twice on your schedule and count as 2 contests on the rankings.**
- Update all tournament information with the correct opponent (TBA is not an opponent), date and results.
